G. G. Gilliland, a member of Abernathy school board, favors publishing a quarterly statement of the school district's financial condition. He says operation of a school system requires a vast amount of money and taxpayers should be informed of this fact through the periodical statements.

A mistake in Roberts Drug Store ad recently had "15c Putnam Dye 15c" in the list of specials. It should have read "15c Putnam Dye 5c."

Second crop of alfalfa has been cut on J. L. Snider's farm. First was a seed crop and hay was stacked. This crop from the irrigated 50-acre patch has been baled. Another "grazing crop" will follow this one, says Odie Parks.

Mr. and Mrs. Floyd Prather and Mrs. Robbie Heath served about 210 cups of free coffee October 21 to visitors to Prather's new, white cafe. The Prathers were well pleased with the opening day business and the fine patronage they have had since then.

Pete Thompson, who is aiding the Review as editor-in-chief of its school section, Abernathy Antelope, is president of the senior class and was president of the junior class last year. His brother, Fred, was president of his freshman, sophomore and senior classes when he was in high school here. Pete's oldest brother (he has six), O'Brien, was president of his senior class at Tech.

His brother, O'Brien, was president of his sophomore and junior classes and vice president of his senior class in Abernathy High school. O'Brien was president of the August class of 1931 at Tech.

Her nose was still a bright red with medication when she reported for classes Monday.

"I could have sold twice as many pullets as a result of that ad," W. R. (Bill) Hall told me when he paid \$25 for a want-ad in the Review. It sold 227 White Leghorns for him.

A second warning to boys to refrain from shooting in or near the city limits. Boys banging away with a .22 near stock pens hit a corner of a residence in the southwest part of town. Adventures of a handsome law officer during colorful days of the old west—and the astonishing schemes by which he keeps bandits and outlaws in a state of perpetual bewilderment, are found in "Desperate Trails," Universal action drama.

Johnny Mack Brown has the starring role in the story which is said to blend comedy, romance and unexpected thrills. Featured in the supporting cast are Bob Baker, singing star; Fuzzy Knight, cowboy comedian; Frances Robinson and young Bill Cody, Jr.

Local merchants provide this free program as a trades day attraction. Three programs, to which everybody is invited, will be given. The first show is at 1:00 p. m., the second at 3:20 and the third at about 3:40.

which they are interested, for they shall have a better news-paper in the town. Blessed are they who get their copy in early for they shall occupy a warm spot in the heart of the editor. Blessed are they who do not think that they could run a paper better than the editor—yep, thrice blessed are they, because there are so few of them in the community.—Times-Record, Spencer, W. Va.

Fred Haynes, local Santa Fe depot agent, said in his 32 years of work for railroads he has never been off duty on Thanksgiving, Christmas, New Year, or his birthday.

Douglas Vineyard easily took the prize for the best costume at the Rita theatre Hallowe'en party Tuesday night. He was required to remove his mask after the audience, by applause, selected his as the best Hallowe'en get-up. Only a few, if any, recognized him in the costume. Costumes worn by other contestants drew compliments.

It was pleasing to note the spirit of co-operation in the recent clean-up campaign.—What probably are the first furrows for the 1940 row crop were plowed by Henry Vineyard this week on W. R. Evans' farm south of town.—Schools here and at County Line will be dismissed on the traditional last Thursday for Thanksgiving holiday, said Supt. Frank Andrews.—Have you paid your subscription to the Review this year?—Lamb county's great mathematical problem is DIVISION.—Olton has it and Littlefield wants it.—The best way to settle the problem is to find the exact center of the county and build a court house at that point having it as the permanent seat of the county.—Send your tough problems to me.—I'm Mr. Fixall.—Will Abernathy have a community Christmas program this year?

Rudolph Richter received the six-months free pass to see shows at the local theatre. The pass was given Friday night during Rita theatre's third anniversary celebration.

The new seats recently installed by Manager J. C. Hurst proved too comfortable for some Rita patrons who find it easy to fall asleep while resting in the cushioned chairs.

Marker at the roadside park near Iowa Avenue has the following inscription: "This site was donated for park purposes to the State Highway Department of Texas by Lee Thomason in memory of his father and mother, W. C. and Ida E. Thomason, Pioneers in Hale County 1890."

Local pastors are pondering the question of which Thursday to have Abernathy's Thanksgiving service. Will it be on the traditional last Thursday in November, or will it be held on the week earlier date set by FDR? The ministers, who are to conduct the service, promise a decision soon.

Letter To The Editor

Editor of Abernathy Review:

In your "All About Nothin'" Column a few weeks ago you mentioned almost all schools around Abernathy were having football teams this season. Why can't Abernathy boys play football? Everyone around here says they could if it wasn't so expensive to get started. The tax rate is as high as any of these others who play, the folks are as progressive, able to pay them, aren't they? The community and city backed the folks up in buying fire fighting equipment, didn't they? And something everyone is proud of because we all value our property and don't want it burned, yet we allow our boys to "burn up", so to speak, when the neighbor boys say Abernathy boys have to "Cook & Sew" while the other boys play a boys game. Our boys aren't "sissies" but from some reason they are surely made to look like they are to boys in other schools.

A Reader.

The Board of Stewards met at the Church last Monday night, and made plans to complete the work this week. The annual conference does not meet until Nov. 15. The Stewards felt that it would be a great victory for the church, if all obligations of the church could be met in a few days before conference. Then the last few days of the conference year will be spent in getting ready for the new year. Those present at the Board of Stewards meeting last Monday night besides the Pastor were George A. Branscum, chairman, A. M. Medlin, secretary and treasurer, E. B. Lindsey, R. A. McAlister, J. D. Norman, Shelton Hardin, Jack Barton, J. P. Nystel, Ted Watts and N. C. Hix. "SECOND FIDDLE"
Rita—Thursday-Friday.

One of the greatest combinations of talent ever gathered for one show makes Irving Berlin's "Second Fiddle" a production to which all have been looking forward.

Just imagine, screen fans, Sonja Henie romancing with Tyrone Power to the melodies of Irving Berlin's six new songs with singing Rudy Vallee cutting in and Edna May Oliver cutting up and new-star Mary Ealey and Lyle Talbot and Alan Dinehart all in it too, and Sonja skating her sensational ice tango for the first time on the screen—no, never mind your imagination, for that's the "what's-what" of "Second Fiddle," 20th Century-Fox production.

Abounding with the entertainment surprises typical of Darryl F. Zanuck's musicals, "Second Fiddle" shows Sonja with her first screen skating partner and introduces a new ballroom dance craze, the "Back to Back." This step was evolved by Harry Losee, who staged Sonja's skating ensembles, from the tune hit by Irving Berlin. Other Berlin hits in the film are: "I'm Sorry for Myself," "An Old Fashioned Tune Always Is New," "When Winter Comes," "Song of the Metronome" and "I Poured My Heart Into a Song."

★ Pete Says...

If they work the girls will have the best basketball club this year that they have had in several years. At least, they have good prospects. It's just a case of inexperience on the girls part.

We need about two more coaches, one for the boys and one for the girls. We have two good coaches already, but one man and one lady cannot coach the whole high school. A player cannot be good unless he is told and shown many times how to play. If a boy or girl does not make the team, ordinarily the coach doesn't have time to work with them. He has to spend his time with the traveling squad.

The girls get practically the same club for three years. Most of those players are gone now, and the present lineup should improve one hundred percent.

The boys are training hard now and are showing some improvement as the season goes along. The school is expecting two good ball clubs this year.

Inquiring Reporter

Question the Inquiring Reporter asked students this week was: "What Do You Think About Abernathy Having a Football Team in the Future?" Here are the answers:

Leroy Land, freshman: It would add variety and interest to school sports. He doesn't think it would be too expensive because other schools have football teams.

Marvin Floyd, sophomore: Football would give the school more publicity. Curtis Lebw, senior: Football would

SENIORS CELEBRATE HALLOWE'EN WITH PARTY TUESDAY NITE

(By Maxine Jones)

The Seniors got together with the ghosts, cats, goblins, or what have you, Tuesday night and celebrated Hallowe'en with a party in the home economics.

The party started with a wedding being performed by Roy Williams, our honorable preacher for the night. As the ceremony was closed, the rejected suitor "murdered" the bride, Merle Goebel, and the groom, Charles Lutrick, carried her away.

A trial followed with George Doubit as presiding judge. Jury was selected and the attorneys for the state and defense presented evidence. Verdict of the jury was "not guilty."

A scavenger hunt was planned and those attending were divided into six groups headed by Troy Williams, Beth Stephens, Jack Reader, Roy Williams, Ruth Tarver and Charles Lutrick. Troy's group won, having been sent for ginned cotton, hair from a horse tail, and a dress from the Heggen residence and returning first. Prize was a ball and some jacks.

Others attending were Garnette Heggen, Wilma Richter, Maxine Jones, Idaleene Anderson, Ruth Lutrick, Billie Sue Harris, Yvette Lynch, Vida Faye, Wilene Crow, Charlotte Price, Elayne Halford, Wilma Toler, Darlene Stambaugh, Marie Reagan, Louise Hazelwood, Christine Havenhill, Pete Thompson, Max Pettit, Rex Parish, Curtis Lebow, Noel Johnson, J. W. Brooks, Jack Parsons, J. H. Webb, Robert DeLaney, M. Lroy, Gid Adkisson, Charles Ray Owens, Artie Nivens, Ralph Reagan, J. B. Jones, Ray Vetotow, Mr. and Mrs. M. O. Hood, Mr. and Mrs. Seth Lindsey.

be a source of inspiration to students and an attraction for others to attend our school.

Noel Johnson, junior: We have the material for a team and a little work would raise funds for the equipment.

Sidney Knox, sophomore: We shouldn't organize a football team unless we can afford good equipment. Poor equipment is too dangerous to the players.

Charleen Kesler, junior: Football would build a reputation for Abernathy and admission charges to the games would gradually pay back the money needed to buy equipment.

Ruth Tarver, senior: Football would promote better sportsmanship, and better acquaint us with surrounding towns.

Janelle Brown, freshman: Abernathy should take up football so that it would not be left out of early fall sports.

Marie Reagan, sophomore: She enjoys football, and would like to be able to go to games here instead of at Lubbock.

STUDENT COUNCIL UNDERWAY

A committee from the entire high school met and set up a constitution for the Student Council. They decided that a Student Council would benefit the entire student body in that it would promote a better spirit of cooperation between the classes of high school and between the student body and the faculty. This instrument for helping solve student problems would assist in planning their own education. This committee decided that two representatives from each class and then one representative from the whole high school would make a workable committee to carry out the standards of the Student Council.

Petitions are already circulating for nominations for class representatives and for the high school representative. Twenty-five percent of a class must sign a petition for a class representative to become a nominee, and twenty-five percent of the high school must sign a petition for a name to be placed on the ballot for high school representative. If the petitions are handed to Mr. Lindsey before 3:30 Monday, the name will appear on the ballot the following Friday.

The election for student council members will be held in the library Friday, November 3, 1939, between the hours of 8:00 and 3:30. According to regulations secret agents will report any electioneering in the library and the upper hall on the day of the election and the electioneer's vote will not be counted. Each student will be presented with a ballot, and if he does not understand the ballot he will be instructed by Charles Lutrick, Jack Homesley and Ruth Lutrick.

Candidates for the student body are Noel Johnson, Sidney Knox and Pete Thompson.
