Thanksgiving, November's foremost holiday, was first held on July 30, 1623. It wasn't until 1789 that George Washington issued the proclamation for a general day of thanks in November ... and that was for one year only!

For many years there was no regular Thanksgiving; the various states celebrated individually. Finally, in 1863, President Lincoln's proclamation that the last Thursday in November be set aside as a day of Thanksgiving took hold, and each year afterward, for 75 years, the President of the United States issued a similar proclamation.

Then during the years 1939-1941, President Roosevelt issued the proclamation a week early to lengthen the shopping days before Christmas. In 1941, however, Congress ruled that the last Thursday be observed in the future, and Thanksgiving became a legal holiday.

Today, nearly 350 years later we still observe this day of prayer. On this Thanksgiving let us give thanks for the many blessing; we have and pray for peace everywhere.

Good cooks like Mrs. Simpson and nine out of 10 professional chefs agree that precise temperature control makes the difference in good cooking, and with gas you get exactly that. Gas also gives immediate response and constant temperature, so important in oven cooking.

So, give yourself every advantage and cook with gas. Remember, people who cook with pride cook with gas.

Here's one of Mrs. Simpson's favorite recipes.

WALNUT ROLL

Mrs. Rolan Simpson, 3213 56th St., Lubbock

Separate 7 eggs. Beat the yolks with 3/4 cup sugar until the mixture is pale in color and thick enough to "ribbon." Beat in 11/2 cups ground walnuts and 1 teaspoon baking powder. Fold in egg whites, stiffly beaten. Spread the batter in the prepared pan and bake the cake in a moderate oven (350 degrees) 15 or 20 minutes or until it is golden. Cool the cake in the pan, cover

it with a damp towel and chill it. Dust the cold cake generously with sifted confectioner sugar and turn it out on a board covered with two overlapping sheets of wax paper. Carefully strip the paper from bottom of cake. Spread cake with 1 cup heavy cream, whipped and flavored to taste with sugar and vanilla. Roll up the cake, using the paper as an aid, slide the roll onto a flat serving platter. Sprinkle with more confectioner sugar. (Rum or almond flavoring is also good.)
