### Rural Area Patrol Set By Deputy

On the afternoon of December 5, The Tommy Jones residence was burglarized. This burglary occurred sometime during the afternoon between 1 p. m. and 4 p. m. Subject or subjects entered the home by kicking the back door in, somewhere in the neighborhood of \$1000.00 worth of household items were taken and evidence indicates that more would have been taken but that someone had spooked the burglars before they had the opportunity to remove more property.

This time of year seems particularly tempting to burglars. In the past this has been proven true and there seems to be no reason to believe that this year will be an exception. If you are going to be away from home you should take extra precautions to protect your home from burglars. Some precautions that can be used are leaving the lights on, especially yard lights, or leaving a radio playing or anything that might lead a person believe that someone is home.

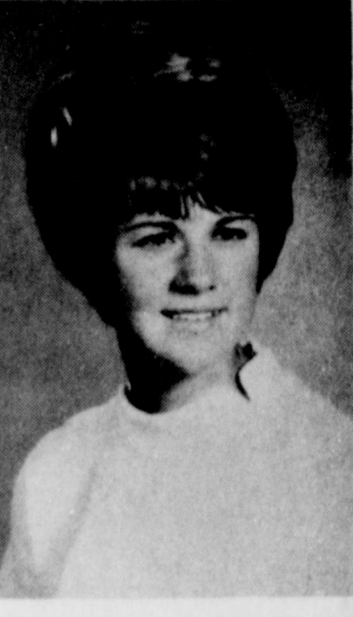

As of December 5, 1970 routine patrols will be made around the country side by Dep. Sheriff Frank D. Russell. There will be no set pattern or time for these patrols since the object will be to prevent burglaries or to apprehend those who have committed such. If you are going to be away from home overnight or over a weekend you might contact Russell and advise him of this. This patrol will last until after Christmas, and if necessary for a longer period.

### Constructing Lift Station

There has been some activity around the Service Lift Station north of the football field. Questions have been asked that need to be answered. Our present lift station installed over fifteen years ago has served its usefulness. The repair and maintenance is impractical. We have had trouble with this system in the past it has been a continuous repair bill. The Council has been working on the project since June along with our city engineers. After careful study of the possible repair, our engineer recommended the complete change over to a Package unit pumping station. This new unit will operate with two 15 H.P. motors. The operating expense will not be as great. The maintenance will be cut down and we hope the service will be better. The new Sewer Lift station was purchased from Can-Tex Industries manufactured at Mineral Well, Texas.

## 7th & 8th grade Basketball

The 7th graders won their second game in as many outings by blasting the Wildcats 47-25. ## They're bound to cause talk.

And not just among the neighbors. This is the kind of conversation people make over phones like these: "Ah, mon chérie je t'aime, je t'adore..."  
Or maybe: "Tell Schafhausen to call me from Beirut. In three days or the deal's off."

Call your General Telephone business office to order one of these glamorous new Decorator Telephones.

And if you only order the groceries over it, it'll still make peanut butter and milk sound like caviar and champagne.

**People who cook with pride cook with GAS. Mrs. S.M. Smith does.**  
Some of the world's best cooks are found in the kitchens of America, and they give themselves every cooking advantage, like gas range cooking. Good cooks like Mrs. Smith and nine out of 10 professional cooks agree that precise temperature control makes the difference in good cooking, and with gas you get exactly that. Gas also gives immediate response and constant temperature, so important in oven cooking.  
So, give yourself every advantage and cook with gas. Remember, people who cook with pride cook with gas.  
Here's one of Mrs. Smith's favorite recipes.  
**RICE WITH QUAIL OR DOVE CASSEROLE**  
Mrs. S. M. Smith, 1300 Runnels, Big Spring  
5 cups cooked rice (as directed on package)  
4 sticks celery diced  
4 diced pimientos  
2 cans mushroom soup (undiluted)  
1 small onion--grated  
1 cup grated cheese  
1 green pepper cut very fine  
4 or 5 cups cooked quail or dove (cut in cubes)  
Place 6 or 7 birds in a baking pan. Cover with water, add 2 sticks of butter, salt, pepper, 1 bay leaf, a sprinkle of rosemary. Cover. Place in oven and bake at 350 degrees for about an hour and a half or until tender. Cool and cube. Place in buttered casserole--rice, quail, pepper, onion, and pimento. Pour two cans of undiluted mushroom soup over mixture. Top with grated cheese. Cook in uncovered dish for about 45 minutes at 300 degrees. Serves 12 people. (chicken or turkey may be used)
