

You've been **spending too much on weeds in cotton!**

If you've been just cultivating, or using a chemical weed killer and not getting the control you need — either way you've been spending too much.

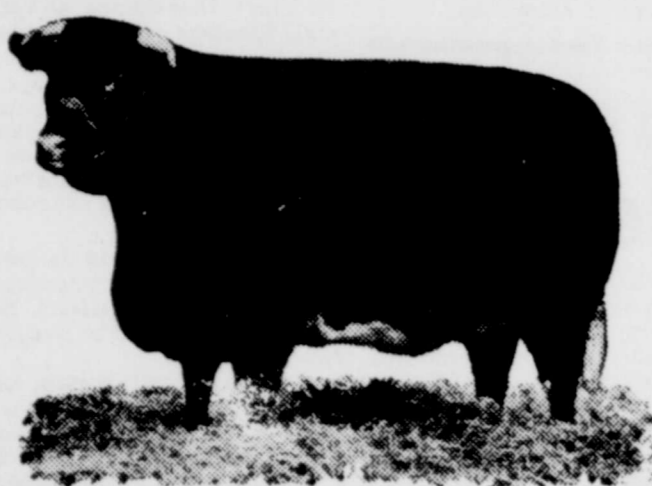

There's a better way to get good weed control, and spend less.

It's with Caparol® 80W — your partner, the weed-killer — band applied, at planting.

In just one trip across the field, you plant your crop and put Caparol on in a band. This keeps the weeds out of the rows. Then, all you do is cultivate the middles.

Don't spend too much on weeds in cotton again this year. Apply Caparol, in a band, at planting.

Choosing crop chemicals can be confusing. There are any number with look-alike labels... similar claims... but different results. Let CFS give you a hand. We compare the leading chemicals point by point, and observe them in actual field use. The ones that do the best job are marked "CFS Approved". Then we go a step farther. We test your soil for organic matter, texture and pH, because all of these can affect herbicide performance. The "CFS Approved" chemicals we recommend will give the best control... at the lowest cost... on your land. CFS is the only retail supplier to balance all these factors in recommending a chemical protection program. Before you buy, be sure to look for the "CFS Approved" seal. Call or stop in today.

Terraclor Super-X in-furrow... that's how W.E. Lindamood plants his cotton, and

ONCE IS ENOUGH.

Terraclor Super-X Fungicide in the furrow is the only way to start a crop, says the 1970 Cotton Farmer of the Year, W. E. Lindamood of Tiptonville, Tennessee.

He uses the formulation with *DiSystem Systemic Insecticide impregnated in the granules. It saves time and labor.

In his own words: "We keep getting the best results from in-furrow application. We get more production. We're pretty far north and we have some real cool weather after planting. We have a bad damping-off problem and we have to get maximum results from such materials."

We couldn't have said it better.

Get all the details on Terraclor Super-X from your Olin dealer or distributor. He has all the information you should need to decide that once is enough. Which is another good reason why we say...

MURRAY COMPLETES WORK FOR DEGREE
DENTON, --Clarence Murray of Abernathy was among 822 candidates receiving degrees at North Texas State University this winter. Because of a change in the academic calendar which would have placed commencement on Christmas Eve, NTSU officials voted last fall to forego formal graduation exercises for the winter class. However, Dec. 22 is listed as the official graduation date for the 659 bachelor's, 143 master's and 20 doctor's degree recipients. All students who are listed as winter graduates will be invited to join the spring graduating class in formal commencement exercises May 18 at the university. Another change in NTSU's graduation procedures was the replacement this winter of the customary "honors" and "high honors" designations with "summa cum laude, magna cum laude and cum laude." Murray, son of Mr. and Mrs. Clarence L. Murray received the bachelor of science in physical education degree.

Re: Amendment #1
Texas Republicans believe that no political party has a monopoly either on vice or virtue and, therefore, ethics is not a partisan matter. We are working to defeat the proposed "ethics" Amendment because we believe it is deceptive and misleading, and because we feel its adoption would not accomplish what we think is needed in the way of meaningful ethics standards for our elected officials.

Kay Kurklin, daughter of Mr. and Mrs. Leslie O. Kurklin of this community was one of the contestants for the title of "Miss South Plains Electric" contest held at 7:30 p.m. Monday March 1 in Estacado High School Auditorium.

George Sneed returned early this week from Rosenberg where he spent several days visiting his brother and family, Mr. and Mrs. Vernon Sneed.

Roads were closed here for awhile following the snow storm Feb. 21 and Idalou School was closed Monday. For several days the pavement from the store to the highway here at Becton was one way traffic with the exception of one or two places. Cattlemen lost cows and calves and there was quite a bit of activity Monday and Tuesday as horses were used to round up strays and pen other cattle than the farmers own to help others. One farmer lost 26 shoats and quite a few baby pigs. Several farmers ended up the two day search short of cattle. The storm was definitely hard on livestock but beneficial to the farming land.

Dan Bell of Heckville entered West Texas Hospital Friday for a tonsilectomy.

Mrs. Jerry Stanton was hospitalized this week. She is a patient at St. Mary's of Lubbock.

Mrs. Flom Dean returned home this week from Plainview where she spent three weeks with her grandchildren, Mr. and Mrs. Bobby McEver. While there, Mrs. Dean had additional trouble with her knee and stayed over for medical treatment.

NOTICE
Burrell Gonaway and family reside at 1211 Ave. H in Abernathy, the address they have had the past three years.

Mrs. S. L. Wood, wife of a former pastor of Abernathy First Church of the Nazarene, recently passed away at Stephenville.

NEW HOME
Pictured above is the new home of Mr. and Mrs. Rueben Britton. It is located on the east service road on 6th Street. The Brittons were able to acquire this nice and comfort-

able home through a loan from Farmers Home Administration under the interest subsidy program. This program is designed to help low income families in rural towns upgrade their living standards.

Their new home, which was built by T. H. Carter, contractor from Plainview has three bedrooms, kitchen, dining area and living room. It has one and a half baths, central heat and evaporative cooler. The backyard is fenced for privacy. The Brittons when asked how they felt about the new house stated

that they never dreamed of having a home like this and would do their best to keep it up and with God's help they would pay for it someday. They formerly lived in an old three room house paying rent. They have five children, so they will have no trouble putting the three bedrooms to use.

They held open house last Friday, Feb. 19, at 7:30 and a large crowd of friends turned out to see their new home. My congratulations to the Brittons and all the rest who have acquired new homes. I believe that Governor Preston Smith made a statement in his inaugural address that we could dwell on and I quote, "Those who are compelled by circumstances or tradition to be poor, deserve the opportunity to better their lives in this, the wealthiest nation on earth." He also said, "The poor indeed deserve the chance not to be poor, and we must commit ourselves to insuring that the chance is theirs."

Neighborhood Aide.
