EDDIE SEPEDA

DAVID THOMAS

GARY LAMBERT

(By Sammy Hunley)

The Abernathy Antelopes jaunted down to Brownfield Friday night on a little hunting trip in hopes of improving their 1973 season record. The Antelopes found bear aplenty, but not the cub variety. In fact, the bear situation in was the full grown grizzly type, and the Antelopes came out on the losing side 47 to 0.

The Antelopes won the toss and elected to receive the ball. The kick was a long one, and the Antelopes opened with the ball on their 17 yard line. The hunt began on a sour note from the beginning. The 'Lopes fumbled the football on their second play from scrimmage. Brownfield took the opportunity into the end zone and led 6-0 with 11:47 left in the first quarter.

The Antelope offense was unable to move the ball during the first quarter and left things up to the defense to stop the Cubs. They did just that by shutting off Brownfield on downs inside their fifteen yard line. The first quarter ended with momentum in the hands of the 'Lopes.

The Cubs proved their power in the opening minutes of the second quarter by scoring their second touchdown from 10 yards out. The score was 13-0.

The Antelopes were given a great opportunity to get on the scoreboard when David Thomas pounced on a Cub fumble. Things just weren't right as Brownfield picked off a pass on the very next play. Brownfield was in the offense again. The Antelope defense was doing an excellent job containing the Cubs offense attack. Brownfield punted and the 'Lopes were once again given the ball.

Interception was again the secret word and Brownfield scored to end the first half leading 20-0.

SECOND HALF
The second half was no different for the gallant Antelopes. The Cubs scored again with 9:02 left in the third quarter to lead 27-0.

A bad snap on an Antelope punt gave Brownfield the ball on the 10 yard line and they scored again to lead 33-0 with 7:21 in the third quarter. The Antelope defense did give up as they continued to give the ball back to the offense, this time on a fumble recovery. The offense was not able to generate on these opportunities and interception became the factor again.

The fourth quarter was totally Brownfield, as they scored twice to end the game 47-0. The Antelopes had a number of opportunities to move the ball but were not able to capitalize on any of these to put points on the scoreboard. They were definitely outclassed, but never out hustled.

PLAY OLTON
Friday night the 'Lopes will meet another tough team, the Olton Mustangs, who will be coming off a great victory at the hands of the Floydada Whirlwinds. Abernathy's test for survival will continue to be one of difficulty. If they get it all together, Watch out, Olton.

Project Plans For Hale Museum At Wayland College

Pride in one's own country, own state, own region and even one's own county is a natural and commendable feeling. Our own rich area has its outstanding characteristics both in its present status and its cultural heritage. Today's hum of commerce has been made possible by those who came, and through hard work and good citizenship, converted a barren land into a prosperous community. It is altogether fitting that we honor those who came and developed what we have today.

To accomplish this remembrance of those who preceded us the Hale County Historical Society has set out, with the help of Wayland College, to establish a first class museum near the present campus of Wayland. Wayland will accomplish its maintenance and continuity, something that would have been too much for a small historical group.

This project will be called a heritage center and will include not only the primary function of focusing on the history of Hale County but also on the broader aspects of the history of our state and country.

It is planned to be finished before the bi-centennial of the founding of the United States and the Heritage Center will be the main element in our local celebration of the bi-centennial, the two hundredth birthday of the U.S.A.

Some of the great educational foundations are expected to help in the funding of the heritage center, but only on a "challenge" basis. In other words, they will give us half the \$600,000 needed, provided we raise \$300,000 ourselves. A fund-raising campaign is planned for this month of October. It is hoped that Abernathy will respond to the call and help make this memorial a reality.
