Antelope Basketball

(By Sammy Hunley)

The non-district part of the season is over and the same old question asked of every championship team will begin to take shape in the minds of the local fans-- "Can they do it again?" The question is thus far unanswered and probably won't be until the final game of the league schedule.

The Antelopes, who are 10-8 for the season, have had the usual problems that plague a young team with only one returning starter and two players with any varsity competition at all. Nevertheless, the Antelopes have been subjected to every test available to prepare them for the upcoming district campaign. At least five of their losses have come at the hands of larger schools, and the rest chalked up to experience.

It's not easy to repeat as a district champion or to follow in the footsteps of a championship team; but the question is not, "Which team is better -- this one or the one last year?" The main point is this team, regardless of its reputation or win/loss record, has what it takes to get the job done.

LADY LOPES
The Lady Lopes will also have their work cut out for them as they try for a district championship. They, too, are a young team with only a couple of girls returning from last year's roster. The Lady Lopes have improved with every game and should be a strong contender for the title. The lack of consistency on both ends of the court has been one of the big problems for the girls this year. Hustle has always been a dominant factor for the Lady Lopes and, regardless of the outcome of the score, they have never given up until the final buzzer. They will definitely put it all together when the district campaign gets under way. I wouldn't be surprised at all to see the league trophy come to Abernathy.

GAME RESULTS
The Antelopes were defeated Friday night by a score of 70-58 by the Levelland Lobos. It was not until the final quarter that the Antelopes actually lost control of the game. Ray Martin had 18 points to lead the Antelope scoring.

The girls played their first district game of the year in Idalou Friday night losing to the Wildcats by four points, 57-53.

GRAND CHAMPION STEER NAMED

ODESSA (Special) -- Max Riley, son of Mr. and Mrs. Bill Riley of Abernathy, exhibited the grand champion steer at the Sand Hills Hereford and Quarter Horse Show Thursday.

This was the first calf fed by a 9-year-old member of the Abernathy 4-H Club of Hale County.

George Strathearn, Redwood City, Calif., judged the 300 steers entered in the show, considered one of the toughest in Texas.

Max's steer weighed in at 945 pounds as a medium heavyweight and will go for sale.

Cathy Knox, Midland County 4-H Club, showed the reserve champion steer.

New Directors Named to Board of SW Textiles

Three local men were elected to serve on the board of directors of Southwest Textiles during a stockholders meeting held last Thursday morning. Those elected were Billie Harrison, Joe Lovelace and David Pinson. They will serve with R. R. Struve, A. B. Reid, W. F. Wolf and Joe Thompson until the annual stockholders meeting in June.

Southwest Textiles recently launched into a modernization program by purchasing new open end spinning machinery invented in Europe. The first installation in the United States of this new revolutionary spinning equipment was made during 1972. Southwest Textiles is the first mill in Texas to install open end spinning. This new method of spinning fibers into yarn is totally unrelated to the conventional method which has been in use for two hundred years and longer. The Abernathy mill presently has two of these new frames in operation with a third one due shortly and four more to be installed in the spring of 1974.

Tests made on yarn produced on the open end spinning is superior to yarn produced on the older system.

The machinery companies who make and sell open end spinning state that they are now from one to three years behind on deliveries. The spinning speed of these new frames is from three to five times faster than ring spinning. Less labor is required due to the elimination of certain processes that are necessary with the old method.

Southwest Textiles will continue to use ring spinning until all open end frames are installed. Joe Thompson, general manager, reports that he has signed a contract with the Cambodian government to export yarn to Phnom Penh.

Ed Lutrick was returned home from a Lubbock hospital.

County Judge Will Run Again

JUDGE HENRY HECK

I want to express again my appreciation for the opportunity that you have afforded me to serve as your county judge. Any measure of success that may be given my tenure of office is through your help and cooperation.

As we look back over the three years that I have served you several things come to mind. Our Hale County probation department, funded in large measure through the Texas Criminal Justice Council, is helping in areas of rehabilitation that were not available to us before.

Others in which I had no special part except as Executive Officer of the county are: The running water draw project that seems now to be on the way to completion. The prospect of a growing cooperation between Hale County and other local governments within the county. The sale of school lands, making a direct contribution to the schools. Jail addition; it is reasonably certain that a new addition to the present jail plus a general renovation that will bring our jail facility into compliance with present standards will be completed in 1974. Redistricting the county, bringing the four Commissioner's precincts more in line with the one man one vote concept of the law. Highway 70 west; it is very likely that this project will become active very soon.

I am enjoying working for Hale County and ask your support in my request to serve you for a second term.

Judge Heck and his wife, Grace, reside at 1309 Ennis in Plainview. They moved from Idalou to Hale County 16 years ago. Their son, Rod, and family reside at 1302 Borger in Plainview. Their daughter, Mrs. J. N. Marks, Jr., and family reside at 1104 Garland, Plainview. Judge Heck is a Deacon of

Meeting of School Trustees Is Held

School Adopts Quarter Unit Plan; Classes 9 to 4 p. m.

In regular January 7th meeting of the Abernathy Independent School District Board of Education, the board voted unanimously to comply with the Texas Education Agency regulations on the Quarter Unit Plan for classes beginning with the 1974-75 school year. This plan has been optional for two years but is now compulsory for present schools with limitations as set by the Texas Education Agency.

The credit system that has been in effect for half a century will be changed beginning with the 1974 school year. Semesters will no longer be used. Instead of semesters, the 1974 school year will see the initiation of the Quarter Unit System replacing the 22 credits required for graduation. Seniors graduating next year will have quarter units recorded on their transcripts.

A quarter unit may be earned by attendance in class for 55 hours during a 60 day period per school year. In Abernathy, this will consist of three 60-day quarters for a total of 180 days of instruction. The recommendations for graduation will include 72 quarter units that may be in a 4 year period. Sixty of these units will be graded classes and will meet standards for entrance into any state supported college in the state of Texas. Twelve of these units will be non-graded enrichment electives. Workshops will be held with students and faculty for clarification in adopting the new method of counting units for graduation. Where credits to the present system have been given, one credit will become three credits on the transcript.

Other items on the agenda included approval of the bills, a budget progress report, a tax collection report showing 93.84% of the taxes as having been collected, enrollment report which revealed an increase of 8 students from the previous month for a total of 1101 excluding kindergarten, health report, cafeteria report which indicated that an average of 800 students per day are eating in the cafeteria and a financial statement on the receipts for athletics up to this point for the year.

The board reviewed correspondence from the Texas Education Agency concerning bus driver penalty codes, field audits on the federal programs, and teacher education certification requirements.

The board set the official school hours as 9:00 a. m. to 4:00 p. m. with no change for the remainder of the school year. Also discussed was the energy crisis and conservation measures that might be taken to conserve energy.

The next meeting of the board will be February 4th, 7:30 p. m. in the board room of the high school. Those in attendance at this meeting were: L. J. West, president; Billie Harrison, vice-president; Joe Lovelace, secretary; David Pinson; Lon Carmickle; Joe Oswalt; Bob Riley; Earl Carter, business manager and Dr. Delwin Webb, Superintendent.
