tal throughout, with an entirely Chinese staff. Moving into a new and

larger home, the restaurant is now able to expand its menu, and many more Chinese dishes are offered, including some delicacies which take much time to prepare, so advance notice is advisable on special orders. From a modest beginning

two years ago, Hong Lou Restaurant now is an establishment that the South Plains may point to with pride as another accomplishment of that American dre am.

Address of the new location for Hong Lou Restaurant will be 2417 Broadway, a short distance east of the main entrance to Texas Tech University. -- Lou Keav

KAREN McCLENDON ... Going To Turkey in June

Karen McClendon, daughter of Mr. and Mrs. Wayne McClendon of Abernathy, and a 1970 Abernathy High School honor graduate, has been selected as a foreign exchange student destined for a several months visit and study in Turkey. She will assemble in Washington, D. C., on June 10 with other selected students for a three-day briefing and intensive study session sponsored by the National 4H Foundation and the State Department. Karen will live in the homes of each of the various host families for a period of about three weeks before being assigned to a new location and a new family. In this manner she hopes to make a few side trips to visit the ancient and Biblical landmarks.

Many honors have been conferred on Karen during her school life, having received the State FHA Degree and consistently appearing on the Dean's Honor list at Texas Tech, where she majored in Home Economics. She was further honored by being listed in Who's Who in American Universities and was a member of Mortar Board and Phi Kappa Phi both honor societies.

We congratulate Karen for this new honor as we believe she will make an outstanding ambassador for the U. S. A. and we wish her "Bon-voyage".

## Future Homemakers

# of America Week March 31-April 6

NATIONAL FFA WEEK MARCH 31-APRIL 6

The Texas Association of Future Homemakers of America will observe NA-TIONAL FHA-HERO FHA WEEK, March 31 through April 6. Using the theme IMPACT '74 the 68,000 Texas members will join some half-a-million young men and women across the country in demonstrating projects that are challenging, stimulating, and of real value toyouth in preparation for future responsibilities.

"We have a new approach to program planning, Annette Reznik, State President, of Friona, pointed out. Working with our PROGRAM ACTION IMPACT kit is exciting. IMPACT was developed by youth and introduced to chapters this year by state and area officers. We analyze member concerns and then develop what we call 'in-depth' projects that are related to our home economics classroom study. Most people have no idea of what is taught in home economics classes today. They think of home economics as cooking and sewing and of Future Homemakers of America as just another 'fun and games' club.

During NATIONAL FHA-HERO WEEK we want to impress on people that Future Homemakers of America, as a part of home economics education, provides opportunities for us to learn, to know, to care and to do the things that help prepare us

for future living. Future Homemakers of America was founded June 11, 1945, as an incorporated, nonprofit organization supported by membership dues. There are two types of chapters. FHA chapters place major emphasis on consumer education, homemaking and family life education combined with exploration of jobs and careers. HERO chapters, taking the name from home economics related occupations, place major emphasis on preparation for jobs and careers with recognition that workers also fill multiple roles as homeleaders.

Nationwide in membership and effort, Future Homemakers of America is co-sponsored by the U.S. Office of Education through the Division of Vocational and Technical Education and The American Home Economics Association. National Headquarters are located in Washington, D. C.

High school home economics teachers, members of the state home economics staff and leading home economists serve as advisors to chapter, state and national youth officers, giving guidance and counseling to the

of the Texas Association will be April 25-26 in the Convention Center, Dallas. More than 5,000 members and advisors are expected to

attend.

The theme of the meeting is "Today's Concern-Tomorrow's IMPACT." Programs are planned to provide delegates further information and ideas about implementation of the new IMPACT program of work, which was first introduced last July at the National Meeting of Future Homemakers of America in Dallas.

Keynote speaker for the meeting will be Roger Staubach, Dallas Cowboy quarspeaker. Other highlights include an address by Vonda Van Dyke, former Miss America and popular entertainer, presentation of Honorary Membership to nonmembers who have contributed their time and effort to the organization and a breakfast honoring members who are to be recognized at the meeting for their outstanding achievements in

**GO-BETTER**"

...John Mohead Mohead Planting Co. Lula, Mississippi

Bill and John Mohead raise cotton, silage, corn and cattle on several thousand acres near Lula, Miss.

They have used Go-Better for over 5 years and in 1972 skip-row planted approximately 10 lbs. per acre of acid delinted seed on 1,000 acres in early May. They began harvesting in late September, and, due to the early maturity, the bulk of the cotton was picked before the devastating heavy fall rains.

'Go-Better is one of the most profitable investments we can make. We have been making 2 bales per acre. The root stimulating growth produced by Go-Better gives us early maturity and increased yields. We wouldn't think of planting cotton seed not treated with Go-Better.'

day and evening: Visit Cal Farley's Boys Ranch northwest of Amarillo. Then go to Palo Duro State Park east of Canyon. Have a picnic supper at the picnic facilities provided. After supper, attend the famous production "TEXAS", a musical romance of Panhandle history, in the Pioneer Amphitheatre in Palo Duro Can yon. To do all this in one day and evening, you'd have to go some day other than Sunday. "Texas" does not show on Sundays.

The 9th season for "Texas" will start June 19, and run through August 24, 1974. Shows are nightly at 8:30 CDST; none on Sundays. "Texas" like Carlsbad Caverns, is something everyone should see at least once.

We have folders on "TEXAS" which include a route map showing highway numbers to take to Boys Ranch, Lake Meredith and Palo Duro Canyon. Our supply is limited ... first come first served.

Also, Carlsbad Caverns would not be along trip. It's about 200 miles from Abernathy to Carlsbad. And, about 275 miles from here to Ruidoso, N. M., which has beautiful mountain scenery.

COUNTY LINE CHIT CHATS

(FROM LAST WEEK)

Mr. and Mrs. Olen Horne drove Jack Connell's pickup with a U-Haul Trailer attached on behind to move Mrs. Lacy Terrell to Mena, Arkansas, Tuesday morning. Mrs. Helen Keener, sister of Mrs. Lacy's, returned to Mena, Arkansas, after visiting and helping her sister get ready to move. Mrs. Keener and Mrs. Terrell drove through in Mrs. Lacy's car behind the pickup. Mr. and Mrs. Horne returned Wednesday night and reported that Mrs. Terrell purchased a two bedroom home in Mena and invited all her come see her as she would have plenty of room now. Mrs. Terrell has lived in County Line for 45 years and she said she was leaving the nicest, friendliest community she had ever lived in and would return sometime in the future to visit her good neighbors and friends. She will be missed by all.

We wish to send congratulations to Mr. and Mrs. John Van Sykes upon their wedding Friday night in the Highland Baptist Church. She was the former Wilma Exum. We wish them all the happiness in the world.
