RONALD DEPRIEST

Former Member Of Hell's Angels To Speak Here

Ronald Depriest, a former Hell's Angels member and a former member of the Devil's Disciples, and now a minister of the Lord Jesus Christ, is to speak here. He will be at the Abernathy Assembly of God Church at 7:30 p. m. Thursday, August 15. The church is located on Ave. B (East Service Street) at 14th St.

The public is urged to come hear this outstanding witness for Jesus Christ.

Ron was eight years old when his father came home from prison and saw him for the first time. Ron's father beat him many times because of his own hatred of society and lack of peace in his soul. Six years later Ron's mother divorced her husband. By this time Ron was a very dissatisfied youth.

When Ron left home at 15 he was 6'3" tall and weighed 240 pounds. He rebelled against all authority and soon went to jail for assault. By the time he was 18 he had already accumulated a long police record and was considered a problem case by our society standards. He started riding with the Hell's Angels motorcycle gang. At 19 he went to prison for armed robbery. There followed many offences and subsequent imprisonments. He moved around the country and purposefully separated himself from family and responsibility.

At 23 years of age, he moved back to California and joined the Devil's Disciples. By this time his life was so filled with the works of Satan that his own gang called him "Loco" because no one could count on what he would do next.

God got his attention by bouncing him out of bed on the morning of the earthquake on Feb. 9, 1971. He was running scared when he went to his mother's home to get his belongings a week later. The police wanted him, an enemy in the Devil's Disciples wanted to kill him and he just knew there would be another earthquake.

Then in May of 1971, at the age of 26, Ron found salvation through Jesus Christ and truly found that "old things are passed away; become all things are become new". He was filled with the Holy Spirit and called to be a minister of the Gospel.

FIRST BAPTIST CHURCH NEWS

ABERNATHY YOUTH TO PRESENT MUSICAL

The Kolonia Singers, a group of youth from the Methodist, County Line Baptist, Northside and First Baptist Churches, will present the musical "I'm Here, God's Here, Now We Can Start" composed by Ralph Carmichael and Kurt Kaiser on Sunday night, August 25th, at 7:00 p. m. at the First Baptist Church in Abernathy. The musical is under the direction of Bobbie Miller and David Harp.

Music is provided for the singers by Mark Skipper on piano, Bill Black on drums and Randy Pierce on bass guitar. A slide presentation and special lighting are also incorporated into the musical.

All people of the community are invited to come and join in this worship experience.

New telephone number for First Baptist Church is 298-2587.

Carlyle Hayes from the Radio and Television Commission of the Southern Baptist Convention will present the film "LEON" at the First Baptist Church on Wednesday night, August 21st, at 8:00 p. m. "Leon" portrays the life story of Leon Edwards who is now serving a life term in a bastille-like prison on an island off the coast of Venezuela. Through Dr. J. P. Allen of the Radio and Television Commission, Leon Edwards has found meaning and direction for his life through the saving grace of Jesus Christ. The film is a heart-warming testimony of a man who has had a life-changing experience. You are invited to attend the service.

Mrs. Williams To Teach Piano

In a recent interview with Mrs. Elizabeth Williams of New Deal, we learned that she plans to start teaching piano in that community and the surrounding area this fall. A retired English and music teacher, Mrs. Williams has spent the last year learning the latest piano methods for instructing children. She will teach the Frances Clark Method, one now used by most leading conservatories in the nation.

"This is a method of learning that I can most enthusiastically recommend. It is truly jet age instruction geared to our fast pace of living." "I have used my grandchildren as guinea pigs," she said, "and everyone who has heard them play has been astonished at their rapid progress."

"This is a service I feel can now competently render my community, and one which I am sure will be appreciated by busy mothers who are also finding gas at such a premium."

PP&K Sign-Up To Begin Sept. 3 At Ford House

Local youngsters awaiting the 14th annual Punt, Pass and Kick season will soon be sharpening their punting, passing and kicking skills. PP&K registration begins September 3 and closes October 4, at Abernathy Motor Co., Ford & Mercury dealership.

The program, which is co-sponsored by the National Football League and the Ford Dealers of America, has registered more than ten million youngsters over the past thirteen years--making it the largest youth activity of its kind in America. This season, PP&K expects to attract more than 1,200,000 registrants.

Any youngsters 8 through 13 years of age, accompanied by a parent or guardian, may register at any participating Ford Dealer. There is no entrance fee.

Participants compete only against others in their own age group. No special equipment is required and there is no body contact. Also, participation does not impair a youngster's amateur standing.

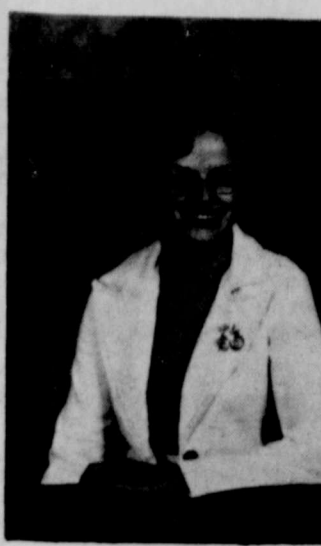

When a youngster registers, he or she is given a free PP&K Tips Book by the sponsoring Ford Dealer. This booklet includes a complete set of rules, helpful conditioning exercises and important punting, passing and place-kicking tips by outstanding pros.

State President Attends Tourney Baseball Game

President of Texas Teen-Age Baseball Assoc. Attends Local Baseament Tournament

Abernathy Baseball Association hosted the District No. 1 tournament for the Midget League of the Texas Teen-Age Baseball Assoc. on July 29 through August 2. The Midget League is made up of boys from 7 to 9 years of age and teams from Abernathy, Floydada, New Deal, and Roosevelt participated. Mr. Wayne Smith, President and State Director of the Texas Teen-Age Baseball Assoc. attended the game on August 1 between Abernathy and Floydada. Plaque In Honor Of Irrigation Pioneer

An official Texas Historical Marker for Green Machinery Co., Inc., will be erected Saturday, August 17, at 10 a. m. It was announced by Mrs. J. W. Walker of Plainview, Chairman of the Hale County Historical Survey committee.

The marker will be placed at 1201 East 5th St. in Plainview at the location of Green Machinery Co., Inc. A dedication ceremony will be held at that time.

The late George Emmett Green, a pioneer in agricultural irrigation in Hale County, founded Green Machinery. His daughter, Mrs. Floyd (Dorothy) Ship-

Page 3, Abernathy, Texas, Weekly Review, August 15, 1974

man, resides in Abernathy. She owns an interest in Green Machinery Co., Inc.

The 27 by 42-inch historical marker will bear the following information: GREEN MACHINERY CO. INC.

Founded by George Emmett Green (1875-1960), whose work revolutionized Texas Agriculture. Mechanically-gifted, Green mastered water well development, worked as pattern maker and draftsman in pump factories, and operated a plant of his own in his native Missouri before moving here in 1909 with his wife Salome (Rich) and their children. In 1911 he dug Hale County's test irrigation well on the J. H. Slaton farm, reaching a commercial yield of 1400 gallons of water per minute.

This won him fame, as irrigation had long been considered the missing ingredient in South Plains agriculture--the key factor that would enable this fertile area to produce foodstuffs and fibers to supply millions of consumers.

Once deep water was found, Green tackled related problems and invented (1915) the hollow-shaft, right-angle gear drive for irrigation pumps, which made it possible to use automotive-type engines for irrigation power.

With a goal of commercial pumps at moderate prices, Green established this factory in 1911, and reduced irrigation well installation costs to a figure that farmers could afford. His descendants still own and operate the business.

HALE OIL, GAS PRODUCTION

Current higher prices for crude oil and natural gas produced in Hale County point to a significant jump in 1974 income for county land and royalty owners who last year received \$3 million as their share of the county's output, according to a study by Texas Mid-Continent Oil and Gas Association.

"With the average price of Texas crude oil now at about \$6.70 a barrel, compared with the 1973 average of \$3.84 a barrel, and with

some newly discovered natural gas selling intrastate for more than \$1 per thousand cubic feet, the outlook for the economy of producing communities is encouraging if prices hold up," according to Sherman Hunt, Dallas, Association president.

"Should price rollback schemes and other tax-and-control proposals now underway in Congress be successful, current economic gains will evaporate," Hunt said. The Association's study shows that crude oil and natural gas produced last year in Hale County was valued

at \$23.8 million, ranking the county 61st in the state. Crude oil production of 6.1 million barrels was valued at \$23.3 million and 2.6 billion cubic feet of natural gas at \$503,021.

Statewide, crude oil prices for 1974 are estimated to be some 74 percent higher than 1973. This expectation has stimulated a revival of drilling in Texas, with well completions the first five months of 1974 at 4,013, a 19 percent jump over the same 1973 period.

From the county's 1973 output, the State of Texas collected \$1.1 million in oil production taxes and \$37,727 from natural gas.

Also adding to the dollar flow in the county last year were these factors -- Drilling activities, on which producers spent \$2.4 million in drilling 33 wells, \$76,152 of which was lost in one dry hole. Successful completions amounted to 32 oil wells.

-- Payrolls, which amounted to \$235,452 paid to 60 workers, according to Texas Employment Commission figures.

-- Operation of other oil and gas facilities, including one petrochemical plant.
