Senator Tower was first in offering his support for the local Bicentennial effort, expressing his approval in a letter to Mr. John W. Warner of Washington. (A copy of the letter was recently published in the Review.) Senator Mahon wrote, in

part, "In an effort to be of assistance, I am getting in touch with officials in behalf of your application."
Mrs. Tucker also rec-

eived correspondence from Senator Farabee offering his assistence and commending Abernathy for its "enthusiasm and patriotism"; and from Senator Hance, who sent a copy of the letter he had written to Mr. Sam Kinch, chairman of the Texas Bicentennial Commission. Hance's letter outlined the city's program and concluded with the following paragraph:

"I hope your commission will share our enthusiasm for theis program and des-ignate Abernathy an official Bicentennial city.

In view of the approval of the city's application by the state commission, Mrs. Tucker added that "We are optimistic that we will hear from Washington soon.

NEW METHOD DISCOVERED IN TREATMENT OF SNAKEBITES

Joseph Laszlo, head of the San Antonio Zoo's reptile garden, says rattlesnakes have set patterns of activity, which can be anticipaled, time of the day and sea-

son of the year. He points out rattlesnakes take to cover during extreme hot and cold weather, but can be expected to be on the move at any time of the day or night when the surface temperature ranges between 70 and 88 degrees.

Laszlo cautions laymen to be especially alert in the early evening when the sun goes down, the rattlesnake's favorite time to search for

He warns that even when not moving rattlesnakes still may be encountered, particularly in dry country, lurking under cactus, Mesquite bush or tree, in high weeds or grass, behind a fallen log, in a roadside ditch, fence line, hedgerow or on a rocky ledge.

He recommends that hunters use a flashlight in going to and from their deer stands in the early morning before daylight and in the evening after dark.

He also notes that where rats, mice and rabbits are plentiful, it is almost certain rattlesnakes will be in abundance, too.

Despite every precaution, a number of unwary laymen become snakebite victims every year. Fortunately, a San Antonio physician and surgeon has pioneered a new technique for first aid in the field, using crushed ice over the wound in place of the more painful "cut and suck" ordeal.

The ice cools the venom, without freezing the injured member, and slows down the poison until the victim can be brought to a proper medical facility.

The new first aid measure which has been popularized by San Antonio's Emergenty Medical Services technicians has led to the introduction of a new first aid kit, named 'Snakebite Freeze", which contains chemical ice packs for use where ice is not always readity available.

IN MAKING RURAL LIFE HERE

a good word for a GOOD IDEA

And you can't keep a good idea down. All over the world people are working together, to make life better for themselves

In our own country, millions share ownership in cooperatives of all sorts-from city apartment co-ops to rural electric co-ops.

So what makes a co-op different? This: it serves the people who own it at cost. Each consumer-owner has a voice in running the co-op; one member, one vote

October is Co-op Month. All over the country, the people of America's cooperatives are committed to working together for a better tomorrow. We are proud to help carry out this pledge

VISIT GALLERY -- Members of Abernathy's Junior Girl Scout troop number 413 made a recent visit to the "Country Framer", a gallery and frame shop in Lubbock, where they learned about different types of art (Photo by Royce Pruett)

kinds of art work and frames.

The girls saw examples of

artwork done in various med-

ia, and the appropriate fram-

ing techniques for eachwork.

In addition, they viewed the

gallery's display of various

types of sculpture, using ma-

terials such as bronze, silver

and wood. Following their tour, the

girls joined in a question and answer session with their gu-

ide, and then traveled to a

near-by restaurant for refre-

shments of french fries and

GREAT SOCIETY CLUB TO SPONSOR FILM

The Great Society Home Demonstration Club will sponsor a film on venereal diseases at 8:00 p.m. Monday, November 3 at the Abernathy Neighborhood Center.

The public is invited to the showing of this educational film on some of the nation's most frequently -

occurring diseases.

The film will be shown by Hale County Health Department, and all teenagers and their parents are urged to attend.

----------BRIEFS

Mrs. Alice Reagan has been moved from West Texas Hospital, Lubbock to a nursing home in that city.

Mrs. Carl Phillips underwent surgery last week in Methodist Hospital, Lubbock.

Mrs. Hodges of Hale Ceter and a sister of Mrs. Lucille Rogers underwent surgery in Methodist Hospital, Lubbock last week.

MOVIE SHOWS HIDING PLACE IS JESUS CHRIST

The Hiding Place has been held over at the Village Theatre in Lubbock, It is a wonderful movie. It is taken from the book The Hiding Place, a story of a Dutch family that helped hide Jews in their home during the war and were sent to a prison camp. It shows how faith in God was their strength during their time of suffering. Miss Corrie Ten Boon is now in her 80's and tells everyone about her faith in Jesus Christ.

I can do all things in him who strengthens me. Phil.4:

Come sunshine come rain may my life blossom forth in praise of my Lord.

Sewing; Handcrafts Shown To Hobby Club Members

President Dynena Davis called the meeting of the Hobby Club to order at 2:30, October 2, 1975. Due to illnesses and pressing work, only 18 members were present. After the business was completed, the program comittee took charge.

Glenna Downs showed a coral and white dress she had made for her daughterin-law, three sizes of crocheted house shoes made in bright varigated colors, and a couch cover crocheted in shades of tan, green and orange.

A beautiful knitted afghan in shades of green was showed by Dynena Davis. It was made by her daughter, Billie. A cute knap-sack made of two "hobo" type handkerchiefs was made by daughter Betty. A Bun warmer shaped like a hen on her nest was costruction of yellow quilted print material by a sister, Lelia Hicks. Dynnena took two plain plastic flower pots and covered them in material and bits of lace and rick rack to make lovely decorative pots. A macramae pot holder was made by granddaughters Robin and Cindy. She also showed two cardles decorated

Features Colonial Women

"Women of the colonial period" was the program for a recent meeting of the 1935 Study Club. Mrs. Arno Struve gave a talk on "Women and their Contributions. " Mrs. Cal Tucker spoke on " The National Society of Colonial Dames". Many women played important roles in the colonial period and some expressed strong sentiments, according to the spe-

akers. A social hour followed and refreshments were served by hostess, Mrs. Ercell Givens. The following members attended: Mmes. Hilburn Barrick, Robert Carter, Waldo

TEXAS TALK By Harold Thompson

Some folks are saying the most amazing thing about the Beefalo may be that it's the only breed on record more than one-half bull. Most cattlemen agree the new breed may hold a lot of promise for the industry but many of them are hedging their predictions with a wait-and-see attitude. Founder of the breed, Bud Basolo, got everybody's attention last year by an-nouncing the sale of a Beefalo bull for two and a half million dollars. And a lot of those first in line to begin raising the California-spawned breed are quick to praise the animals for rapid gain on basically forage rations, hardy adaptation to sparse land and nutritious meat. One of the problems is an extensive study done in Canada on an earlier beef buffalo cross which showed poor results. Promoters of the American breed say those problems were all solved with today's Beefalo which is one quarter Hereford, threeeights Charolais and threeeights Buffalo.
