Pinson urges all ex-students that are Abernathy residents to get excited and join in with the plans for the reunion. There are many people from out of town and out of state that are already making plans to attend and we want our own residents to attend and visit with the out-of-town exes.

THIS COUPLE Plans To Attend The Abernathy Ex-Students' and Ex-Teachers' Reunion, July 3, 1976, WON'T YOU?

Mrs. Huffaker Is Award Recipient

Mrs. Donald Huffaker, Star Route, Hale Center was honored as the Regional winner of the Soil Conservation Homemaker award, in Canyon on Thursday May 13, States Mrs. Wynon Mayes, County Extension Agent.

In being named Regional winner Mrs. Huffaker was cited for her work with youth groups both in the First United Methodist Church of Abernathy and the local 4-H groups. Spare time is scarce with Mrs. Huffaker as she works with approximately 100 4-H'ers in various project areas. She has filled the position of organizational leader for the past 15 years. She works with 25 adult leaders as well as with about 50 families in the club.

Mr. and Mrs. Huffaker have both been recognized by the State 4-H Foundation as outstanding 4-H leaders. This was an honor, but their

greatest satisfaction comes when a 4-H'er comes to them with a smile and a big thank you for their help.

Some of the most important conservation practices are those performed everyday; in preparing meals, teaching family members to make wise decisions about foods they eat away from home; nutrition and its effect on a person's health. Conservation of time is, and has been, of utmost importance so foods for the freezer and food preservation get special attention. Beef and chicken are bought in quantity and stored in the freezer also.

As the mother of three, Mrs. Huffaker has been room mother, taxi driver for parties, football and basketball games, seamstress, teacher, mother and friend. Mrs. Huffaker gives credit for her achievements as a homemaker to an understanding husband and three grateful children.

The Huffakers are most cautious to care for the irrigation wells in their farming operations and use the water to the utmost efficiency. They know the conservation of soil and water are very important for their future as well as for generations to come. Rotation of crops, stubble mulching, use of proper amounts of fertilizers insure good crops for the present season as well as building the soil.

EMT'S TO OFFER BASIC FIRST AID, C. P. R. COURSE

All interested people are asked to call Mrs. Otis (Faye) Pope at 298-2487, or Mrs. Delton (LaNell) Stone at 757-2138. We are asking that everyone will call before June 1, because classes will have to be limited to a certain number.

We, the EMTs, think this will be a very informative course, and would like all interested people 14 years of age and older to take it.

NEWS AND COMMENT by Buford Davenport

NGC---Congratulations to Smith Wayne (Smitty) Covey, who received a promotion and a transfer from the Soil and Water Conservation District, Lubbock, to a similar office in Graham. He is the son of Mr. and Mrs. W. A. Covey, 1102 Ave. G, Abernathy.

NGC---What is this Week? It is TEXAS VOLUNTEER WEEK.

NGC---Most every West Texan around the age of 45-50, or older, will remember Harley Sadler who brought his tent show to the South Plains area... before drive-in movies and TV. It was the only prostage entertainment we had back in those days. Those who went will never forget the late Harley Sadler's character, "Toby." In keeping with the Bicentennial Year, Texas Tech University department of speech and theatre arts will revive the Harley Sadler tent show this summer, and will play any community that can provide a six-day stand. The revival of the Harley Sadler show will be under a 50 x 110-ft. tent. Ginger Perkins is the business manager of the project. Any community interested in grouping the show with its other Bicentennial activities may contact Mrs. Perkins at the Texas Tech University Theatre. Any organization sponsoring the show in their community will receive a portion of the profits after basic expenses are met.

NGC---Those of us who live in, and pay taxes in, Lubbock County are interested in law enforcement in that county. Therefore, we should be interested enough to go to the polls in the 2nd Democratic Primary June 5, and vote in the run-off race for the office of sheriff. Choc Blanchard is the incumbent and Jackie Sullivan is the challenger. Also, voters in northeast Lubbock County, Precinct 3, must choose between James Lancaster and Adolphus Cleveland for County Commissioner. The sheriff voting in our area will be at Joe Thompson Implement Co. in Abernathy, New Deal School and New Deal Clubhouse. Voting for Commissioner, Precinct 3, will be in the New Deal Clubhouse only.

NGC---Hale County voters in Abernathy city hall will vote in only one run-off race in the county. Incumbent Jack Eason and Henry Rieff, one of the three challengers in the May 1st voting, will be in the run-off for the office of Hale County Commissioner, Precinct 3, in the June 5 primary.

There will be run-off candidates in one, or more, state races on the ballots in the above name voting boxes.

Please go to the polls June 5, even though only a few races are to be decided. Every race is important... your vote is important.

NGC---Football, baseball and golf. That is the order of my favorite TV sports viewing. Rooting for Lee Trevino to win the Colonial Invitational in Fort Worth, I thoroughly enjoyed the exciting finish Sunday afternoon.

NGC---Congratulations to the Donald Huffaker. Elsewhere in this paper is a story The Review received from the office of Hale County Agent Wynon Mayes. The story covers both, but principally about the well-deserved award Mrs. Huffaker received

at a meeting in Canyon May 14. She is the Regional Winner of the Soil Conservation Home Maker Award. Have you ever seen Dean when she was not busy, busy, busy? The news story tells why.

NGC---News handlers never get too big to make mistakes. Recently we saw a correction of a news story the world-wide Associated Press wire service had distributed earlier under a San Diego, Calif., dateline.

NGC---Mrs. Rupert Allen needs help in finding two former students of Abernathy High School to inform them of the Exes' Reunion here July 3. If you know the address of Charleen Kesler or Laveria Cain, call Mrs. Allen at 757-2313, or 298-2033 or 298-2037. Thanks.

NGC---A person who deals in law told me something that should be passed on to single men: "If a man introduces a woman to someone as being his wife, the woman can lay claim to all the privileges allowed by law to a legal wife." And, Mr., that means her share of your wealth. How would this law work if a man with a legal wife, in jest, or to smooth over a sensitive situation, should introduce a woman to whom he was not married as his "wife"? I suppose the wife of record would maintain her sole claim of legal rights. The person didn't go this far on the subject. Better see your attorney.

SHEEP OUTLOOK NOT BAAAAAAAAD

A decrease in sheep numbers has boosted the market outlook, says a livestock marketing specialist for the Texas Agricultural Extension Service. Choice slaughter lambs should average from \$52 to \$57 per hundredweight through June and then hit the mid-\$40's during the summer before rising some again during the last quarter of the year. Sheep numbers on January 1 were 8 percent below the January 1, 1975 level, with breeding ewes down 7 percent and sheep and lambs on feed for slaughter down 9 percent in the major sheep feeding states. The average sheep is worth about \$7 more this year than last.

ESTATE PLANNING COURSE SCHEDULED

An important meeting on Estate Planning for Hale County citizens has been set for May 27, at the Centennial Room of the Hale County State Bank, according to Mrs. Wynon Mayes, County Extension Agent.

How to plan an estate, how to set up gifts and trusts, community and separate property in Texas, cost of estate in probate, inheritance tax loss, and the importance of a will are topics to be covered.

Speaker will be Marvin O. Sartin, area economist-managerment with the Texas Agricultural Extension Service, Lubbock. "Estate planning begins with wise analysis and inventory of ones property and assets," says Mr. Sartin. "In planning, a person is able to exercise his privilege of conserving his estate while minimizing cost. Wise planning includes definite plans for the present and future."

Mr. Sartin says that in planning an estate some facts to consider are wills, trusts, insurance and savings plans, business operations, fair market values, property considerations, beneficiaries, executors and minimizing taxes.

We believe it is extremely important that people consider attending this meeting, says Mrs. Mayes. "Opportunities to gather such information as will be presented are not often available."

The estate planning meeting gets underway at 2:00 p. m.

Wedding Vows Spoken

Rebecca Lyn Cates became the bride of Johnny Otto Storch in the First United Methodist Church in Abernathy at 7:30 Saturday evening, May 15.

Sammy Potter of Plainview, officiated.

The bride is the daughter of the late Mr. and Mrs. Delmer Cates of Shamrock.

The bride was given in marriage by her sister and brother-in-law, Mr. and Mrs. Gary Clements. She had made her home with them since the death of her father.

The groom is the son of Mrs. Alfred Storch and the late Alfred Storch of Rt. 5 Levelland.

The bride was presented at the altar gowned in an all over chantilly lace gown of a Spanish Baroque design. The gown featured a moulded bodice with a v-yoke

and a high wedding band neckline. Long slender candle stick sleeves were cuffed in deep wedding bell shapes encircled in chantilly lace edging and satin ribbon.

From the crescent waist line fell the full bell shaped skirt with gathered fullness at the back of the bodice which fell to form the full chapel train.

The hemline was encircled with a deep bias chantilly lace ruffle which brushed the floor. She wore a Spanish Baroque capulet of alencon lace with pearl accents from which fell her bouffant veil of imported silk illusion of three petals with pearls sprinkled about it.

She carried a cascade of miniature carnations, yellow roses and English ivy with satin streamers with love knots. The center was the

going away corsage of two orchids.

The bride wore the traditional blue garter for something blue, her father's wedding band on a chain for something old, her dress was something new, and her slip for something borrowed. She wore a penny in her shoe for luck.

Kathi Flowers of Amarillo served as the maid of honor. Martha Montgomery and Cindy Allen of Abernathy served as bridesmaids. The girls wore floor length empire waisted dresses of yellow lace with a sweetheart neckline and puffed sleeves. They carried a bouquet of yellow and white lilies to compliment their gowns.

Mike Sweeney of Levelland, cousin of the groom, served as best man. Grooms-

men were Kenney Corneise and Shelby Howell of Levelland. The groom wore a white tuxedo with a yellow ruffled shirt. The groomsmen wore black tuxedos with yellow ruffled shirts.

Serving as flower girls were nieces of the bride, Kerri and Kelee Clements of Abernathy, and Diane Grey, cousin of the groom of Austin. They wore long dresses identical to the bride attendants.

Justin Clements, nephew of the bride, served as ring bearer.

Kendell Esch and Carl McDonald, cousins of the groom, served as candlelighters.

Ushers were Randy Clements of Seminole, Tommy Beadles of Lubbock, Mike Hill of Levelland and Dwane Humble of San Angelo.

Mrs. Ralph Rogers played the piano and Mark Skipper played the organ. Mrs. Sammy Potter and Mrs. Tim Jones sang The Wedding Song, The Wedding Prayer, and Because.

Mr. and Mrs. Gary Clements were hosts for a reception in the fellowship hall following the ceremony. The bride's table, covered with satin, featured a three-tiered cake trimmed in yellow drop flowers-flanked by a candle-labra, and a crystal punch bowl. Polly Tumlinson of Seminole and Denese Rhodes of Abernathy served at the bride's table.

The groom's table was laid in a green linen cloth with a silver coffee service and German chocolate cake served by Mrs. Mike Sweeney and Mrs. Kenney Corneise, cousins of the groom.

Jane Goheen of Abernathy registered guests at the wedding and reception.

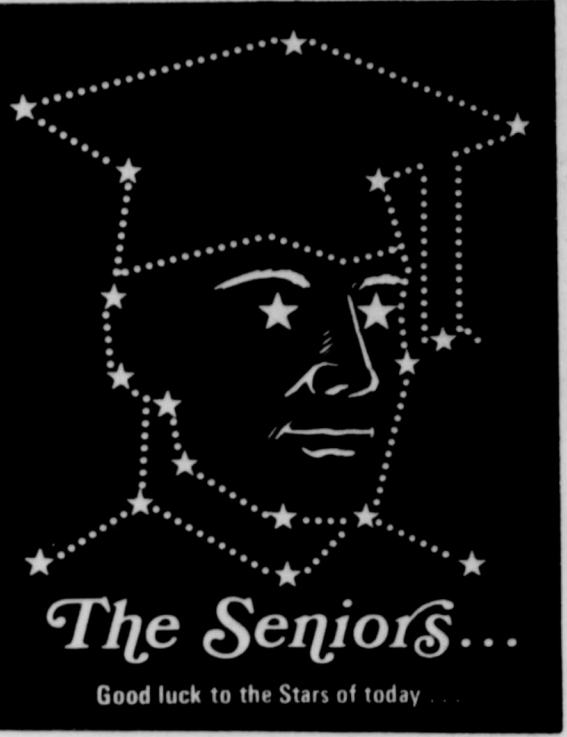

The bride is a graduate of Abernathy High School and is a student at South Plains Junior College. The groom is a graduate of Levelland High School and South Plains Junior College. He attended Texas Tech and is currently engaged in farming where they will reside.

Mrs. Alfred Storch was hostess to a rehearsal dinner Friday, May 14 at Graham's Restaurant in Abernathy.

"RAYS OF HOPE"
by Pat Stanton

"Consider the Lilies" "And why take ye thought for clothing? Consider the lilies of the field, how they grow; they toil not, neither do they spin: And yet I say unto you, that even Solomon in all his glory was not arrayed like one of these. Wherefore, if God so clothe the grass of the field, which today is, and tomorrow is cast into the oven, shall he not much more clothe you, O ye of little faith?" (Matt. 6:28-30)

Why do people spend so much time worrying about clothes and food. Jesus gave clear cut teachings regarding this matter in Matt. 6:25-34. He pointed out that we are not to be concerned to the point of worry and fear. He also showed that the birds of the air are actually being fed by the Heavenly Father.

Many Christians worry about next year and even years of the future. They fear that things will go bad or that they would not have enough food or the necessities of life.

We as children of God are to believe that Our Father will care for us.

1 Peter 5:7, states that we can put all of our cares upon him--for he does care for us.

It would be a blessing to all Christians if we would daily pray "The Lord's Prayer", and mean it in our hearts. (Matt. 6:9-13)

Bobby Pettit Named Halliburton District Head in California

Robert C. (Bobby) Pettit, son of Mr. and Mrs. Hugh Pettit, and a 1963 graduate of Abernathy High School, a few months ago was given a promotion by Halliburton, an oil well servicing firm with widespread operations in many states. He was named

superintendent of the Bakersfield, Calif., Halliburton District.

The following is from the Halliburton company magazine:

Pettit had been assistant district superintendent at Victoria, Texas, in the

Corpus Christi Division before going to Bakersfield. He came to Halliburton in September, 1968, as an engineer at the Corpus Christi camp after receiving a degree from Texas Tech at Lubbock. He served as an engineer at Luling and then Falgout in the Corpus Christi Division and was promoted to district engineer while at Falgout. He returned to Corpus Christi and, in November, 1972, was promoted to service sales engineer and transferred to the Houston office sales office. He became assistant superintendent of the Victoria district in 1974.

Abernathy's ambulance took the book of Lubbock to Methodist Hospital in that city Monday.

OUT OF THE MOUTHS OF BABES
 by Lillie Belle Kramp

One afternoon we were having a thunderstorm--the lightning and thundering was really making a loud noise. Mark came to my door and said, "Mrs. Kramp, may I stay here until my parents come home as I'm afraid?" I assured him that he could. As we were listening to the loud noises and the pouring down rain, he said,

"Aren't you afraid?" I said, "No." For God hath said, "That thunder was the voice of God and that lightning was for rain." He said, "Where does it say that?" I let him read Psalm 29:3 and Psalm 135:7. If you have ever experienced a real thunderstorm, you can understand the cracking noise.

COTTON TALKS

Chances now look good for High Plains cotton farmers to "pick up their financial feet a bit" in 1976, according to W.B. Criswell of Idalou, President of Plains Cotton Growers, Inc., Lubbock.

"And after two bad years in 1974 and 1975, a good crop with decent prices this year for many of us is almost a must," he adds.

April rains have put overall High Plains moisture conditions in better shape than is normal for the first of May, the PCG official notes. An estimated 75 percent to 80 percent of the non-irrigated acreage slated for cotton has had sufficient moisture for seed germination, and observers point out that there is still time for the remainder to get rain during the most desirable planting season.

"Price-wise, almost every indicator points to strong markets this fall," Criswell says. "Consumption of our product is on the increase in this country, export sales are almost certain to be up substantially from 1975, and I see very little likelihood that the U.S. or foreign producing countries will grow enough cotton in 1976 to create a surplus supply."

The carryover of cotton in the U.S. on August 1 this year is now expected to be in the area of 3.5 million bales. U.S. production, based on the indicated plantings of 11.2 million acres and assuming normal abandonment and average yields, may come to about 10.5 million bales, giving a total supply for the 1976-77 marketing year of 14 million bales. That figure is even lower than the total supply of 14.1 million for 1975-76, in itself the lowest supply since 1923-24.

Many in the industry are concerned that cotton supplies may be too short and cotton prices too high over the next year or two, causing cotton to lose markets to its synthetic competition.

John Lewis Ford, left, received the conservation farmer award from the New Deal Lions Club Monday night, Bill Garland, president of the Lions Club presented the plaque to Ford in recognition of outstanding conservation work on his farm in 1975. Ford had previously been recognized as Outstanding Conservation Farmer by the Lubbock County Soil and Water Conservation District at its annual awards banquet.

ANNUAL PRODUCTION OF "TEXAS" IS IN KEEPING WITH BICENTENNIAL THEME

Canyon, Texas, March 1976... 1976 is the year for memories: flags whipping in the wind, bugles, horses galloping, washboards, axes, plains, cliffs, twilight, darkness, well water, chuck wagons.

"Texas", the musical drama of Panhandle history, will sharpen these memories and help you to relive them from June 16 through August 21, nightly except Sundays. There will be a Sunday, July 4th performance.

This will be the eleventh season for the drama of Panhandle history. It will be the eleventh year when visitors will have a chance to know the year that the trains came here. It will be the eleventh

year when lightning strikes each evening at ten o'clock and the eleventh year when prairie fires sweep across the stage in the persons of whirling, mounting, flame-robed dancers.

Over three-quarters of million people have seen "Texas". 92,000 of them came last year.

The theatre for the production lies on the floor of a thousand foot canyon in the Palo Duro Canyon State Park. It is a forty-five minute drive from the five interstate highways which cross Amarillo, from an airport serving five airlines and from two transcontinental bus lines.

The location is awesome, a place of great beauty. The

barbecue dinner on the grounds, the welcoming western hosts and hostesses, the movement and color and intensity of the music and dance and drama in the show will intensify old memories and add new ones.

Come to "Texas"! For tickets and information, write "Texas", Box 268, Canyon, Texas 79015, or call 806-655-2182.

The Junior Class and their sponsors went to Palo Duro Canyon last Saturday.

Mr. and Mrs. L.J. Jordan spent Mothers Day weekend visiting in the homes of their sons, Dwayne and R.D., and their families in San Angelo.

"LIFE IS A ROAD"
Poetry by Dana Flud

Life is a road
With crumbling edges
And cold, hard rocks.
With a gloomy darkness that has no name
And a winding pathway that ends...
Nowhere.

Life is a road
With deep gutters and reefs
And potholes that stump our feet as we struggle along.
With rain and sleet
And clouds that blot out the sun.

But then the sunshine comes
and Life is a road!
Strong and happy
With the radiance of the newborn light
oushining all.
With the birds singing a song of triumph

As we join merrily with a note of gratitude in our song,
And we move on unworriedly,
With the sun shining bright on our faces
And the grass tickling our feet

Heartaches still come
And sorrows don't stop
But they no longer matter
For we have found a new light.

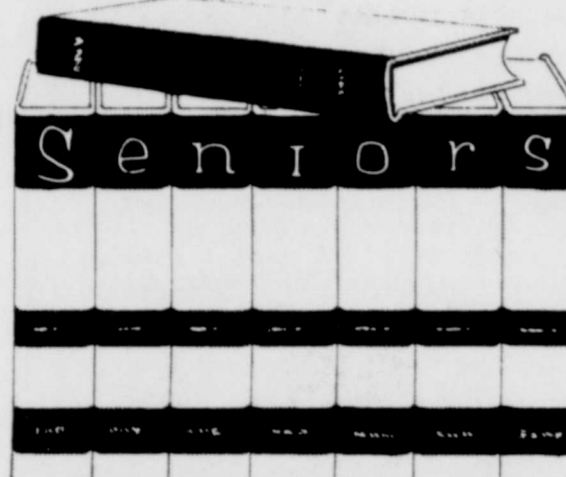

We Wish

SEEDS FROM THE SOWER
By Michael A. Guido, Metter, Georgia

Orphaned at seven years of age, John Newton became a wanderer. After sailing with his sea-captain father, he then joined the Royal Navy. He deserted, was caught, put in irons and whipped publicly.

Angry and defiant, he then signed on the lowest of all sea-going craft - a slave ship. The wife of the slave trader took out her hatred for her husband against John and she treated him like a dog. She threw his food on the floor and he was compelled to eat off the floor or be beaten. He escaped and made his way to the coast where he attracted a ship by building a fire.

John hardly knew how to read, but he knew the sea, and he was made a mate. One day he served rum to the crew and they got drunk. The captain beat him so brutally that he was knocked overboard, but he rescued him by throwing a harpoon and spearing him. He carried that scar until his death.

On a voyage from Brazil a storm all but sent the captain and his ship to the bottom of the Atlantic. John called upon the name of the Lord and was saved, and he wrote the words, "Amazing grace! how sweet the sound, that saved a wretch like me!" How thankful he was and I am that "the Lord is gracious" - Psalm 145:8.

Cheryl Rogers Named To S.P.C. Cage Squad

LEVELLAND--An all-district basketball player from Abernathy has signed with the South Plains College Texanettes, according to Gayle Nicholas, women's basketball coach at S.P.C.

Cheryl Rogers, daughter of Mr. and Mrs. Kenneth Rogers of Abernathy, is the first recruit for the 1976-77 season and will join seven veterans expected back this fall. She recently played for the West team at the National Women's Invitational Tournament in Amarillo for high school all-star players.

"Cheryl is a real good athlete," Nicholas said. "She is very strong. And she comes from a real good program at Abernathy."

Last season Miss Rogers averaged 21 points a game, hitting 54 per cent of her shots from the field and 68 per cent of her free throws. She was named to all-district teams both as a junior and as a senior.

The 5-8 coed helped the Antelopes advance to AA regional tournaments the past two years, Nicholas said. "She will play outside for us -- either forward or guard," the coach added.

Nicholas expects three starters from last year's 18-6 team to report this fall. They are Lita Risinger of Bula, Jane Goheen of Abernathy and Capri Kimbrow of Midland. Lettermen expected back are Rosa Garin of Amherst, Jackie Roseberry of Tahoka, Jill Sawyer of El Paso and Janie Parker of Wolfforth.

A BLAST ... From The Past

Attention all you old ex-band members! How about a get-together during the three-day celebration and reunion in July? George Riddell, Abernathy's Antelope band director, has extended an invitation to us to use the band hall and perhaps some instruments. If we feel we were still co-ordinated enough to march and play we could join the parade. If not, we could ride a trailer in it. Do you still think you are up to finding the notes for the fight song or even Brass Band Boggle? If not, fake it, and the people who have graduated the last five years can carry the rest of us through!

Interested persons are asked to contact Ruth Fulton, Mona Toler or George Riddell.

Stillwells Enjoy Visits With Relatives

Mr. and Mrs. Bob Stillwell have returned home from visiting in Dallas with their son Ronald Stillwell and then they went to Henderson and visited with another son Dr. and Mrs. Jimmy Stillwell and children. They also visited with their daughter Mrs. L. R. Strickland and family in

Hook. They visited in Texas with a nephew James Peels and family and on their return trip home they visited with Mr. Stillwell's brother Ernie in Rockwell.

Mrs. Elsie Willis was a patient in a Lubbock hospital.

SCHOOL'S OUT!

School Days are at an end for the year, and it's a time for all of us to pause with pride and extend hearty congratulations to all the Seniors. Their record is distinguished... their honors are many... their accomplishments are a source of pride to all of us. To all of them... from all of us:

Congratulations

NEWS AND COMMENT By Buford Davenport

(The following was written Saturday, May 15, and delivered that day to The Review's typesetter, Mrs. Josh (Edith) Howard. It was not prompted by the PAGE ONE story about Sheriff Choc Blanchard in the Lubbock Avalanche-Journal Sunday, May 16.)

NGC--One of the good reasons for marking your ballot for Choc Blanchard to continue as Sheriff of Lubbock County is the tripe smeared over page one of the Lubbock Avalanche-Journal Saturday morning, May 15. Would it please the A/J if the taxpayers of Lubbock County bought the Hilton Inn, placed bars on floors and windows and put the prisoners up in style?

NGC--It was a sad day for Lubbock and the South Plains when Charlie Guy and associates sold The Avalanche-Journal to the present ownership, based in Augusta, Ga. Charlie Guy and his staff had a real feeling for the city and the South Plains... a feeling that no longer is

evident in the newspaper. They didn't build up the criminals and tear down the law enforcement officers. Guy & Co. cooperated with the law... not the lawless.

NGC--The Avalanche-Journal, which also rides the back of the Lubbock Police Department, must have been chastened by the generally good report given on the department by a Washington-based management study firm. Bill Evans, speaker for the firm, in reporting to the Lubbock City Council May 13, said "This is probably the least critical report of a police department I have ever been involved in. And I've been in and out of more than 100 such departments and studied 30 or 40 of them in depth."

The above quotation is from The Lubbock Avalanche-Journal, PAGE THREE, Friday, May 14. In fairness to the A/J, this report may have been PAGE ONE news in the afternoon edition Thursday, May 13. The new owners of the A/J quit sending the afternoon paper out into the boombocks soon after they took over from Charlie Guy and associates. It is circulated in the city only.

The Fort Worth Star-Telegram, once among the best daily newspapers in Texas, no longer is available on news stands in Hale County. I don't know about newstands in Lubbock. We were told that the closest the Star-Telegram was cut off here before, or after, Amon G. Carter, Jr., and associates sold to an Out-of-State corporation I do not know. Out-of-state interests coming in and buying up the print and electronics news media is not good for Texas.

It's time again to remind readers that opinions expressed in "News & Comment" are my own, and do not necessarily reflect those of the publisher and editor. I add this for the ir protection, because the Avalanche-Journal could make me feel pretty silly for writing these comments... such as, if the Avalanche-Journal comes up and gives Abernathy extra

good coverage before and after our three-day celebration, July 3-4-5. We hope they do. They will be welcome in Abernathy... then, or anytime they choose to come. The fact that I disagree with their policies has nothing to do with that.

NGC--An ex-employee of Tuco station came up with the suggestion that a reunion of all former Tuco People be held in Abernathy during the July 3-4-5 celebration here. That would be an aided and interesting activity for the three-day celebration. Former Tuco People are urged to get this project rolling. If The Review can help with publicity... we're ready. Call me: 298-2033 days 298-2037 nights.

NGC--A bat, later found to be rabid, bit a Cotton Center first-grader while her class was on a picnic in the Broadway Street Park in Plainview. She is Cheryl Milbeck, 6. If you see a bat, don't try to catch it... kill it before it bites someone. If you know, or suspect, that the bat has bitten someone, keep it intact to be sent to Austin to be checked for rabies.

NGC--The good news in the Avalanche-Journal May 12 was about the new, and apparently adequate, water supply for New Deal. The supply comes from two new wells (sand wells) drilled 3.5 miles east of that town. New Deal had a water problem in 1973, when production volume was lost on their three rock wells southwest of town. We knew how to sympathize with them, Abernathy had a water crisis in 1964. We solved ours by going to the sand wells on the airport section about five miles east of town with pipeline. Later, this supply was bolstered when the city bought a 200-acre-plus farm from Lamar and Don McKenzie north of the airport. Water from that farm is available for city use.

The Donald Huffakers moved about three quarters of a mile north to the home formerly occupied by Mr. and Mrs. Bud Faver. They bought the Faver farm. Mr. and Mrs. Faver moved to Hale Center.

IN LIKE A LION, OUT LIKE A LAMB

Electric precipitators in power house stacks can scrub pollutants from dirty coal and capture much of the objectionable matter. These devices are expensive, however, and add to the cost of generating power. When unreasonable goals are set by environmentalists the cost of meeting such standards can be prohibitive. Striking a balance between the excesses of pollution and the extremes of their prevention is a problem we all must help solve.

Thoughts From Within by Vicki Havens

At this time of year when people are planting gardens, I thought you would enjoy the following article. I think we should all think of the kind of spiritual seeds we plant each day. For what we plant is what comes back to us, so when we plant good things we receive good back (Gal. 6:7) Be not deceived; God is not mocked; for whatsoever a man soweth, that shall he also reap. I know I need to keep a closer watch each day in the kinds of seeds I sow.

HAVE YOU PLANTED YOUR GARDEN?

First plant six rows of Pear

Pardon, Patience, Preparedness, Promptness, Perseverance, Politeness.

Then plant six rows of Lettuce:
Let us be faithful, Let us be loyal, Let us be truthful, Let us be unselfish, Let us love one another, Let us read our Bible.

Next to them, plant four rows of squash

Squash criticism, squash gossip, squash indifference, squash laziness.

No garden is complete without turnips:
Turn up with a smile, turn up with real concern, turn up with a testimony, turn up with encouragement, turn up for prayer meeting.

(The above was taken from a newsletter we received from a pastor friend in Northglenn, Colo.)

Where in the world are you going?

We don't know... but as we have always done, we'll be watching our new Seniors as they strive for happiness and success. We think they'll achieve both in full measure, because they're a dedicated group.

And as we said:
We'll be watching them with pride... just as we always have.
