

Antelope Band Wins Sweepstakes Rating

The Abernathy High School Band competed at Friendship High School in the UIL concert and sight-reading contest last Wednesday, April 27. The band was rated 1st division both in concert and sightreading by judges; Joe Frank of Richardson, Don Eling of Snyder, Richard Kiole of Corpus Christi, and Eldon Sonnenburg of Denison. The first divisions earned at this contest and the one earned at marching contest last fall qualify the Antelope band for the sweepstakes award, the highest award given by the UIL to participating bands.

The Antelope band is now busy planning its spring trip to Lake Charles, La. The band will leave Abernathy

on May 5th at 3:00 a. m. and travel to Beaumont, Texas on that day. On Friday, May 6, the band plans to go to Lake Charles, La. for a full day of competition with bands from Texas, Louisiana, Alabama, Tennessee, and Georgia. At 1:00, the state band will compete at 2:20, the concert band will play "Emerata Overture", in concert competition; and at 7:30, the contraband Days Festival parade will step-off. The Antelope band has received word that it is to be the first competing band in the parade. After the parade, the visiting bands will be hosted to a party by the band festival committee of Lake Charles. After the

party the band will return to Beaumont.

Saturday, the group will return to Lake Charles by way of the coast of the Gulf of Mexico, stopping for a picnic lunch and beach activities along the way. The plans are to arrive in Lake Charles in time to observe some of the marching competition and to be there for the awards presentation. Sunday morning, May 8 the plans are for getting up early, have breakfast and a devotional service, load buses and return to Abernathy. On its return trip the band will stop at the Buffalo Gap Steak House for supper. The band should arrive in Abernathy before 10:00 p. m. Sunday evening.

Suzanne Tooker

SUZANNE TOOKER ELECTED PRESIDENT OF K. M. E.

LUBBOCK----Suzanne Tooker of Abernathy has been elected president of the Texas Tech University chapter of Kappa Mu Epsilon (KME), national honor society for students of mathematics. She is the daughter of Mr. and Mrs. Wendell Tooker of Abernathy.

Other new officers include: Vice President Mark Stors, son of Mr. and Mrs. S. J. Stors, Lubbock; Secretary Donna Kay Terral, daughter of Mr. and Mrs. Donald Terral, 207 Wherry, New Boston, Tex.; Treasurer Tim Mayberry, Tucumcari, N.M.; and Pledge Trainer Rhonda Luxton, daughter of Mr. and Mrs. C. R. Luxton, 2611 Judy, Odessa. All but Stors are mathematics majors. He is a student of electrical engineering.

Dan Gary, son of Mr. and Mrs. Jerry Gary, 3 Ridgeway Circle, Denison, was named outstanding

Texas Tech senior student of mathematics at the honor society's spring banquet. Maria Fuente, daughter of Sr. and Sr. Abelardo Fuente, Calle 59, No. 454, Merida, Yucatan, Mexico, was named the outstanding graduate student in the department.

Robert Moore, majoring in mechanical engineering and the son of Robert J. Moore Jr., 1928 Beech, Amarillo, was named outstanding KME pledge for the spring of 1977.

Scholarship winners for the 1977-78 academic year include: Paul Lockhart, son of Charles W. Lockhart, 6520 Fulton, Amarillo, who was presented a \$200 Emmett Hazelwood award; Danny Marion, son of Mr. and Mrs. Jack Marion, 3210 32nd St., Lubbock, recipient of the KME \$50 scholarship; and Julie Scott, 3311 Forest Dr., Cheyenne, who, recipient of the first Richard E. Heinemann award of \$200.

Girls Basketball Summer Camps Set

Girls' basketball summer camps are scheduled for the first two weeks of June. May 30-June 3 will be camp time for ages 8-11 yrs. grades 3, 4, 5 for 1977-78. June 6-10 will be camp time for ages 12-13 yrs. grades 6, 7, 8 for 1977-78.

Camps will be limited to 30 campers each session at a charge of \$30 per student. This provides the camper a T-shirt with her name printed on it and \$2,000 medical expense insurance, which will be carried through Shipman Insurance Agency.

The objectives of summer basketball camps in Abernathy will be to provide an opportunity for youngsters to receive individualized instruction, to learn fundamental drills essential to the game and to fellowship with students in an atmosphere of relaxation.

This experience is intended to give Abernathy youth an opportunity to grow in learning to cooperate with fellow students, coordination in body mechanics and a general knowledge of basketball. These weeks of instruction will hopefully provide an environment in which the student can learn and have fun. Hopefully other activities will be included in the camp, such as watermelon feeds, swimming activities, etc.

These camps are in no way to be considered a prerequisite to students wishing to participate in athletics in the Abernathy public schools. This is an opportunity for all Abernathy youth. No individual will be denied this opportunity because of lack of funds; however, Abernathy schools are in no way financially responsible.

For additional information contact Diana Lewis or Betty Cagle at school: 298-2567, home: 298-2282. Applications can be picked up at the Abernathy Review.

Four AHS Girls To Compete At State

GOING TO STATE: Jo Ann Stone, Barbara Barton, Missy Webb and Graciela Quinonez

Four Abernathy High School students will compete in State UIL contests this Friday and Saturday. They are: Barbara Barton and Jo Ann Stone in track, Graciela Quinonez in spelling, and Missy Webb in persuasive speaking.

These students placed first or second in regional competition at Texas Tech April 23. Regional represents eight school districts and 45 schools.

Jo Ann, a freshman, daughter of Mr. and Mrs. A. L. Stone, Jr., placed first in the regional mile run with a time of 5:36.4. She has placed first at every meet this year with the exception of the first track meet, where she was second.

Barbara Barton, a senior, daughter of Mr. and Mrs. J. P. Barton, placed second in regional in the triple jump with a distance of 36' 11", and second in the long jump with 18' 3/4". Previous to the regional meet, she had placed first in both events at every area meet except one. This was the third trip to regional for Barbara. Her

sophomore year she placed third in the triple and fourth in the long. Last year as a junior, she placed second in the triple and third in the long jump. This year, in addition to the jumping events, Barbara placed third in the 880 yard dash.

Graciela, a senior, daughter of Mr. and Mrs. Aureliano Quinonez, placed first in spelling in district competition and tied for first in regional, moving to second place after a tie-breaker test was given.

Missy, a junior, daughter of Dr. and Mrs. Delwin Webb, placed second in persuasive speaking in district competition and second in regional.

This is the second trip to the Austin finals for three girls. Last year at the state level, Barbara Barton placed third in triple jump, Graciela Quinonez fifth in spelling, and Missy Webb second in poetry interpretation.

Mrs. Betty Cagle and Miss Diana Lewis are the track coaches. Mrs. Treasa Beasley directs persuasive speaking and Mrs. Barbara Webb supervises spelling. These sponsors will accompany the contestants to Austin.

BECKY ALBERS NAMED PRINCESS FOR AMERICAN ASSN. OF SHRIFF POSSES AND RIDING CLUBS

By GERRY BURTON
Avalanche-Journal Staff
ABERNATHY--Parades are nothing new to Becky Albers. She's made quite a few, heading the Abernathy Riding Club as queen.

Beginning this weekend, parade routes will be different. She'll be making them as the new princess for Region I of the American Association of Sheriff Poses and Riding Clubs.

The daughter of Mrs. Betty Albers and granddaughter of the Barton who founded Bartonite west of Abernathy is hoping for a lot of invitations to join parades this summer. It will be good practice for competition for the national title.

Between now and November, when a new queen is named at the national convention to be held in Lubbock, she will compete in five events.

Three unknown judges will be staking up princesses from the association's seven regions at the spring round-up at Bowie in May, playday finals in Bowie in July, Palmetto Polo finals in September, pony express finals in Bowie in September and the 13-man relay at Lubbock in October.

Miss Albers won the Region I title in recent competition where ability to wear western clothing counted for points, along with horsemanship, personality and sportsmanship.

The new princess, a junior at Abernathy High School, has been working at all phases of competition all her 17 years.

4-H Workshops Scheduled

4-H adult and youth leaders who are interested in aquatic science projects, water sports, or 4-H record books are invited to participate in one of these three weekend workshops at the Texas 4-H Center near Brownwood on May 14 and 15, 1977.

Aquatic science workshop sessions will include aquarium culture, marine botany, and recreational information from Mr. James T. Davis, Extension Fisheries Specialist.

4-H record book training for both advanced and beginning 4-H leaders will be given by 4-H and Youth Specialists, George McArthur and Martha Couch.

The water sports workshop participants will receive training in the conduct of water games, safety skills, and waterfront management techniques needed in preparation for summer-camp activities.

County Extension Agent Karen Miller points out that registration forms and additional details for the workshop training sessions are available through the Hale County Extension Office. For further information, 4-H leaders may call Mrs. Miller at 296-7466.

Stone Is New Director At Gin

A. L. Stone, Jr., is a new member of the Abernathy Farmers Co-op Gins' Board of Directors. He was elected at the recent meeting of the gins' stockholders held at school cafeteria. Also, J. F. Buske was re-elected to the Board at that meeting. Stone follows Clyde Benn as a Board member.

Other members of the Board of Directors are Harvey Lutrick, J. L. Miller, Jr., Billie Harrison, Vernon Bartlett, and Ralph Davis. Leland Phillips is starting his 27th year as manager of Abernathy Farmers Co-op Gins. . . . which is an Abernathy record. . . . and possibly a state record for managers of cooperatives.

She learned to ride as soon as she could climb aboard a horse at the family ranch in New Mexico. Competitive ventures began in 4-H Club events in 1972.

Charlie Snowcap came into her life to fill the show spots. She picked him out herself in a "love at first sight" meeting.

Together, after she put him through training herself, they put her high point individual in Hale County for three years straight.

She went into princess competition after being out of the show ring a year due to a bothersome bout with appendix.

The time not spent with Charlie's training went towards a new mount she is putting through paces to ride the barrels.

Her favorite categories in the show ring or out are western pleasure and horsemanship.

Some times there isn't a whole lot of pleasure in constant horse care which means feeding regardless of the weather, wading through snow and ice to feed and break the ice on his drinking water.

In addition, there's the hour of riding "to keep him from going arena sour." She does all the chores except trimming and horse shoeing. She finishes, but doesn't falter with the vaccination needles.

Grooming for any competition, even with Charlie in top shape, involves more than two hours of roaching the mane, trimming around the hoofs and muzzle, bathing and polishing up.

Not ready for her first appearance as princess is the paint job on her new trailer which will proclaim her rank wherever she goes.

Publicity shots she will send to areas where she will appear will include photos made by her grandfather's home, which represents the elegant home of the cattle baron at the Ranching Heritage Center at Texas Tech University in Lubbock.

BARRICK ELECTED TREASURER OF A. G. STUDENT ASSN.

The Agricultural Economics Department of Texas Tech held their annual steak fry on Friday night, April 29.

At that time an organizational meeting was held to form an Agricultural Economics Former Students Association. Wendell Barrick was on the steering committee which has met earlier to develop the constitution and by laws for the Association.

During the meeting the alumni and former students approved bylaws and the constitution and an election was held. Wendell Barrick was elected treasurer for the organization for the coming year.

This is at present the only departmental organization at Texas Tech. It is the only alumni association whose members come from only one department in the school.

Wendell Barrick was a visiting professor during the fall semester in the Department of Agricultural Economics. He was responsible for 2 freshman courses and 1 junior level course in that department.

Masons Meet Here May 12

A stated meeting of Abernathy Lodge No. 1142 A. F. & A. M. will be held at 8:30 p. m. Thursday, May 12. Worshipful Master Steve Jackson urges all local members to be present, and extends an invitation to visiting Masons.

R. E. A. LOAN ANNOUNCED

Congressman Mahon is pleased to announce an R. E. A. loan to South Plains Electric Cooperative in Lubbock in the amount of \$1,002,000.00. The purpose of the loan is to finance service for additional consumers and for systems improvements.

Crippled Children Drive Nets \$801.14

Mrs. Jerry Sanders, the chairman for the Abernathy Crippled Children Fund Drives announces that \$801.14 was collected in Abernathy. Mrs. Sanders would like to thank everyone for making this fund drive such a success.

County Line Gin Names Directors

In the April 28th annual meeting of Stockholders of County Line Co-op Gins, Omer Wade was elected as director for a 3-year term. Also, Charles Coats was elected to a directorship which he had held by appointment. The meeting and a fish fry supper were held at the Shallowater clubhouse. Men from the gin organization earlier this year went on a fishing trip to Rockport on the Texas Gulf Coast and brought back fish for the dinner served to stockholders.

Other members of the County Line Co-op Board of Directors are Leroy Grauwander, J. W. Hamilton, and Donald Blackmon. Ike Bennett is the new manager. He followed Delton Stone who now is manager of a cooperative organization based on Wolfroth.

FIELD DAY SET FOR R. A.'S

The Royal Ambassadors of the First Baptist Church and their leaders will leave Friday evening to go to the Plains Baptist Assembly near Floydada. They will spend the night and on Saturday they will have a Field Day.

The events for the Field Day will include: riflery, camp craft, sack race, sling shot competition, tug-o-war, frisbee golf, and wheel barrel race.

The events will begin at 10 a. m. and will end at 4 p. m.

W. T. S. U. Sets Graduation Date

WTSU--Approximately 1,000 West Texas State University students are scheduled to receive diplomas in spring graduation exercises May 14 at 4:30 p. m. in the Amarillo Civic Center Coliseum.

The ceremonies will honor the 747 May graduates and the 272 December 1976 graduates who have filed for diplomas and who have successfully completed all degree requirements.

AMBULANCE RUNS

Last week was a heavy run for Abernathy EMTS in the EMS ambulance. The following does not include the runs made for those now deceased, and one at New Deal where the subject had revived to the point she did not want to go to the hospital. All the following runs were to St. Mary's Hospital, Lubbock: Mrs. Arthur Cote, April 28; Catarina Rodriguez, April 30; Rudy Rodriguez, May 1.

Beverly Burgess On England Trip

Beverly Burgess, daughter of Mr. and Mrs. L. D. Burgess of Rt. 1, Abernathy, will leave for England on May 4 for a six weeks vacation in Europe.

She will fly Braniff and Pan Am Airlines to London via Dallas and New York.

She will be staying with friends in Derby, England, but her itinerary includes trips to some of the neighboring counties such as France, Wales, and the Netherlands.

She will return home on June 17.

OES MEETS HERE MAY 5th

A stated meeting of Abernathy Chapter No. 877 Order of the Eastern Star will be held at 8 p. m. Thursday, May 5. A Memorial Program is scheduled. All Eastern Star members are urged to attend. Hosts for this meeting will be Beulah and Brooks Speer, Juanita and M. M. Bell, Mary Ellen and Cecil McCurdy, Susan and Larry Bowen.

SCOTT SNODGRASS RECEIVES AWARD

Plainview, Tex. Special-Three Wayland Baptist College students were state winners at the State Phi Beta Lambda Leadership Conference in San Antonio, March 31-April 1. Mrs. Kathy Campbell placed second in the executive typist competition; Craig Reed placed second in economics; Scott Snodgrass received the Texas Spur Award for outstanding leadership in Phi Beta Lambda.

Six members of the Wayland Chapter of Phi Beta Lambda and their advisor attended the Texas Phi Beta Lambda conference. They were Beverly Birmingham, Kathy Campbell, Richard Gee, Bob Hewett, Craig Reed, Scott Snodgrass, and Dr. Glenn Dod.

Scott is a son of Mr. and Mrs. Y. F. Snodgrass of Abernathy.

NEWS AND COMMENT
 By Buford Davenport

NGC---Appropriately, during the recent Volunteer Week Recognition we spotlighted Abernathy Volunteer Fire Department and Abernathy Emergency Medical Technicians who operate the Local Emergency Medical Services ambulance. In a "shotgun" scattering of others who volunteer, we mentioned church, civic clubs, cemetery association, city council, school board, etc. and etc. This writing we single out two more categories of volunteers that spend a few hundred hours a year agonizing over the problems of running a school and operating a city government. True, the council and board members are elected officials but, in a sense, they are volunteers, serving without pay.

A lot of council and board meetings extend far beyond midnight. This leaves their wives and children with a long evening alone. The men, attending enough of these meetings over the years, one day will look around and realize that his children have grown in age to the point that they now have outside interests of their own and he has missed a lot as a family man. We have a great city and one of the best school systems in Texas . . . thanks to councilman and trustees. "They also serve . . . those who stay at home and wait"----the wives. The occasional trips to out-of-town meetings and conventions made by the city and school people have generated some flak over the years. . . . questions about who pays the wives' expenses when they accompany their husbands. As a taxpayer, this has never caused me any concern. In earlier years with the Review, I attended city council and board meetings. I know what they go through to keep the city and schools going. . . . and, as previously stated: "They also serve . . . those who stay at home and wait"---the wives. They deserve a trip, too. Cost to taxpayers? The city and school people don't take that many trips a year.

NGC--About 60 persons went by the local office of Southwestern Public Service Friday morning for coffee and to welcome the new manager, Bill Scott, who started his new duties here this week. He and his family are moving here from Earth, where he was manager of the SPS office. NGC--This area is fortunate that its electric company is Southwestern Public Service Company. The REA customers are served by South Plains Electric Co-op, Inc., but the supply of natural gas diminishing, Southwestern Public Service Company has planned ahead to take care of its customers. The new Harrington coal-burning generating plant near Amarillo is on the line and additional coal-burning units are being constructed there. With coal firmly set in the production of electric energy, the company planners are turning their efforts to developing nuclear energy to power their electric generators in the future. Thanks, Southwestern Public Service Company.

NGC--I have one thing in common with the nation's greatest newsmen, Paul Harvey. When Elvis Presley first came on the scene, Harvey predicted that he wouldn't last a year. When Buddy Ebsen and his cast premiered the "The Beverly Hillbillies" I predicted they would not last the season. They were on first runs seven or eight years, followed by a number of re-runs years.

NGC--Coming in Friday from Coleman with load of broomweeds in his pickup and stock trailer, Monroe Wait's CB came on with this question from another motorist: "What the . . . are you hauling?" When Monroe's crew asked a Silverton rancher-wheat farmer if they could pull broomweeds on his place, his surprised question: "You can have them; what are the cows won't eat them." Picking weeds along a road right-of-way, Wait came head-on with a beer-can-picker-upper, who though he was chiseling in on his aluminum business. Wait runs the weeds, cotton burs and other foliage through a dye process and make arrangements to ship to wholesale florists all over the United States. Stop by 308 Ave. D and see what goes on. It's an interesting operation. Coming to Wait's place in the next few weeks will be a man from Taiwan, Formosa, the homeland of Nationalist China, with samples of exotic foliage that Monroe may buy to produce the arrangements he ships out of Abernathy.

NGC--Vic Lamb's intended visit to his old stomping grounds of Abernathy and Hale Center early this year became entangled in the process of selling the Lamb's Shops in Sedona, Ariz., and building a new structure for their new enterprise, Vic & Pat Lamb's Pillow Talk store on West Highway 89-A in Sedona. If your vacation trip takes you through Sedona, Ariz., this summer stop by and see the Lamb's.

NGC--Gary Stalcup, director, and members of the AHS Senior Class had a smash hit in the play they presented here last weekend . . . "Dirty Work in High Places." Ripples of favorable comment are continuing this week.

NGC--And, congratulations to Bandmaster George Riddell and his AHS Antelope Sweepstakes Band. Their Number One rating in performances in the UIL contest in Freshup last week links with their No. 1 rating in marching at Jones Stadium last fall. Have a

MOTHER

(Submitted by Mrs. Walter Schoot)

THE YOUNG MOTHER set her foot on the path of life. "Is the way long?" she asked. And her guide said: "Yes. And the way is hard. And you will be old before you reach the end of it. But the end will be better than the beginning." But the young Mother was happy, and she would not believe that anything could be better than these years. So she played with her children, and gathered flowers for them along the way, and bathed with them in the clear streams; and the sun shone on them, and life was good, and the young Mother cried, "Nothing will ever be lovelier than this!" Then night came, and storm, and the

path was dark, and the children shook with fear and cold, and the Mother drew them close and covered them with her mantle, and the children said, "Oh, Mother, we are not afraid, for you are near, and we know no harm can come," and the Mother said, "This is better than the brightness of the day, for I have taught my children courage." And the morning came, and there was

a hill ahead, and the children climbed and grew weary, and the mother was weary, but at all times she said to the children, "A little patience, and we are there." So the children climbed, and when they reached the top, they said, "We could not have done it without you Mother." And the Mother, when she lay down that night, looked up at the stars, and said, "This is a better day than the last, for my children have learned fortitude in

the face of hardness. Yesterday I gave them courage. Today I have given them strength." And

the next day came strange clouds which darkened the whole earth--clouds of WAR and HATE and EVIL, and the children groped and stumbled, and the Mother said: "Look up. Lift your eyes to the light." And the children looked and saw above the clouds an Everlasting Glory, and it guided them and brought them beyond the darkness. And that night the Mother said, "This is the best day of all, for I have shown my children God." . . . And the days went on, and the weeks went on,

and the years went on, and the Mother grew old, and she was little and bent. But her children were tall and strong, and walked with courage. And when the way was hard, they helped their Mother; and when the way was rough, they lifted her for she was light as a feather; and at last they came to a hill, and beyond the hill they could see a shining road and golden gates flung wide. And the Mother said: "I have

reached the end of my journey. And now I know that the end is better than the beginning, for my children can walk alone, and their children after them. And the children said: "You will always

walk with us, Mother, even when you have gone through the Gates." And they stood and watched her as she went on alone, and the gates closed after her. And they said: "We cannot see her, but she is with us still. A mother like ours is more than a memory. She is a Living Presence."

IN APPRECIATION OF YOUR MOTHER AND OURS

SEEDS FROM THE SOWER

By Michael A. Guido, Metter, Georgia

When a Roman penny was made, the image of the emperor was stamped upon it. Those who used his coins were expected to obey his laws.

In the beginning God made something and stamped His image upon it. It was not a penny He made, but a person, and he is expected to glorify God and enjoy Him forever.

What a difference! Nothing else in all the world is said to be created in God's image. Therefore, the more God-like man is, the more man-like he will be. And the less like God he is, the less of a man he is.

What a dominion! Psalm 8:6 informs us, "Thou hast made him to have dominion over the works of Thy hands. The word "dominion" means lordship. It comes from the same word we use for Lord. When a man departs from the Lord, he becomes a slave to sin. God made man to be the master of his environment, regardless of what it is. When man turns his life over to the Lord there is lordship.

As God created man originally, only God can create in man a clean heart filled with right desires and commission him to live a victorious life.

It takes God to make a man. Let Him make you, won't you?

URGE LETTER TO WATER BOARD MEMBERS

Cloud Seeding Opponents Continue Fight

(From the Tullia Herald)
C. J. Vars will lead a Tullia delegation of Citizens for Natural Weather to Houston May 6 for a hearing before the Water Development Board.

Area opponents of weather modification will deliver the second of a one-two punch combination as they carry their fight to Austin this week.

The first punch came last week when attorneys for Citizens for Natural Weather filed an exception to a recommendation made to the Texas Water Development Board that two weather modification firms be granted four-year permits in the South Plains area.

The second punch is expected this week when local protesters travel to Austin to fight for passage by the Senate Natural Resources Committee of a bill designed to assure that persons in areas over which weather modification is to be practiced will have a chance to vote on the granting of permits.

The May 6 punch is when the TWDB meets to consider the recommendations for four-year permits for Atmospherics, Inc., and Plains Weather Improvement Association. The current bout is the result of recommendations revealed last week by the hearing officer who conducted a public forum on weather modification permits for the two organizations in February in Lubbock.

Nolen Henson of Canyon said he doesn't know how effective the group can be in persuading the Senate and House to speed up action on

the bill now pending in both houses concerning weather modification, and persuading the TWDB not to follow the hearing officer's recommendation.

Senator Max Sherman confirmed that the bill will probably not affect any permits issued prior to its passage, and thus if permits are issued on May 6 by the TWDB, they would probably be fully effective without a vote for the four years of the permits.

Sherman said the bill now pending before the Senate committee is still the original bill he and Sen. Kent Hance sponsored at the session opened.

He said an effort to bring the opponents and proponents together to hammer out a negotiated bill failed recently.

Sherman expressed optimism that the bill will pass the natural resources committee.

He said he has also joined opponents in urging that the TWDB issue only one-year permits to the two weather modification firms, particularly since it is possible the new law will be passed.

In a related development, Senators Hance, Farabee and Sherman have worked within the Senate Finance Committee to add \$282,000 to the Senate appropriations bill for the next biennium in order to obtain reliable data regarding weather modification and to monitor the process.

The Natural Resources Committee was to meet Wednesday, April 27, at the Capitol.

Vars urges all persons opposing weather modification to make known their views to members of the Texas Water Development Board immediately.

They are A. A. Black, chairman, Box 386, Friona, Texas 79035; Robert B. Gilmore, 400 One Energy Square, Dallas, Texas 75206; Milton T. Potts, Box 1121, Livingston, Texas 77351; Glenn E. Roney, McAllen, Texas 78501; John Garrett, 2727 Kirby Drive, Suite 315 Houston, Texas 77006; and George W. McCleskey, Box 6170, Lubbock, Texas 79413. Local representative and senator also should be contacted, Max Sherman and Pete Laney.

Lydia Jane Mayo

STUDENT APPOINTED WITH SUMMER CAREER CORPS

Lydia Jane Mayo has received appointment to serve with the 1977 Summer Career Corps program of World Gospel Mission on the American Indian Field near Phoenix, Arizona. She is the daughter of Rev. and Mrs. William Mayo of Afton, Texas, who attended the Nazarene Church in Spur, Texas.

Lydia graduated from Patton Springs High School in 1976. She is enrolled in Ashbury College, Wilmore, Kentucky.

World Gospel Mission is an interdenominational missionary agency with international headquarters in Marion, Indiana. There are 356 missionaries and homeland staff who minister on eighteen fields in Africa, Asia, and the Americas.

The Summer Career Corps program is designed to give college students and graduates an opportunity to engage in voluntary missionary assignments. The program is similar in concept to the Peace Corps, although of a shorter duration and under the direction of missionaries. Lydia is responsible for her costs of travel and related expenses during the summer assignment.

Since this program was established in 1963, 350 students have served on twelve of World Gospel Mission's fields. Lydia will join sixty-five other students from across the nation who will engage in summer service. Many individuals who have served under this program are now engaged in full-time missionary service with World Gospel Mission and other missionary agencies.

Miss Mayo is the granddaughter of Mr. and Mrs. Lawrence Amerson of Abernathy, and of former Abernathians Mr. and Mrs. A. W. Mayo of Lubbock.

PEACE
Great peace have they which love thy law; and nothing shall offend them. Ps. 119:165.

The Bible teaches that man can possess an attitude of peace. This attitude of peace can be planted and cultivated within the heart.

For those who love God's law, there are many promises of peace and blessing.

Proverbs 3:1-2 teaches that length of days and peace shall be given unto the man that does not forget God's law.

God's laws are to be kept in the heart. We should not have to continually ask others whether or not we are breaking God's law. The conscience of our hearts can be so cleansed that the Holy Spirit within can give guidance.

Heb. 10:22 says that our hearts can be "sprinkled from an evil conscience." As our hearts are continually cleansed by Jesus blood, then his peace fills our mind and hearts.

Rom. 5:1 gives us the assurance that as we are justified by faith, we have peace with God through our Lord Jesus Christ. As Jesus came to earth, he began to show man how to live within God's law. He taught that man is to love God as a Father with his heart, strength, and mind. And in relationship to this, he showed how man is to love his neighbor [others] as himself.

As we treat others with respect and love, we find that we have peace of mind. When we are critical, unloving, and harsh, we feel frustrated and uneasy.

When we follow God's law and his way of life, we find his path of peace.

"But the meek [humble] shall inherit the earth; and shall delight themselves in the abundance of peace." Psalm 37:11.

Former Resident's Rites at Friona

Funeral rites for Mrs. Wilma Jones, 61, of Friona were held Saturday in Friona United Methodist Church with the Rev. Bobby McMillian, pastor, officiating.

Burial was in the Friona Cemetery under direction of Parsons-Ellis Funeral Home.

Mrs. Jones died at 5:20 p. m. Thursday in St. Anthony's Hospital in Amarillo after a long illness.

She was a Methodist and was a past president and member of the Womens Society of Christian Service. She was also a member of the Modern Study Club.

Survivors include her husband, George A. of Friona; two sons, Wayne of Friona and Boyd of Santa Fe, N. M.; a sister, Mrs. A. H. Davis of Abernathy, and 11 grandchildren.

Mrs. Jones, who had resided in the Friona area 37 years, was a daughter of early day Abernathy residents, Mr. and Mrs. W. I. Adkisson. She was reared on a farm a few miles east of Abernathy, and was graduated from Abernathy High School in 1933. Her father, Uncle Bill Adkisson, died several years ago. Her mother died a year or so ago at the age of 100 years-plus.

She was born Jan. 16, 1916 in Fullerton, Calif. and moved to Abernathy the same year. She graduated from Abernathy High School and Texas Tech. She has been a member of the Methodist Church since childhood and a life time member and ex-president of United Methodist Women. She was a member of Modern Study Club.

She married George A. Jones, June 26, 1937. They moved to Friona in 1940.

Granddaughter Is Buried Here

Services for Gwendolyn Daugherty, 26, of Scottsburg, Ind., and formerly of Abernathy, were held Friday in Stewart Funeral Home Chapel in Scottsburg, Ind.

Graveside services were held Sunday in Abernathy Cemetery with the Rev. Carroll Green, pastor of First Baptist Church in Hale Center, officiating. Burial was under direction of Chambers Funeral Home here.

Miss Daugherty died after strangling on food at noon April 26.

The school teacher was born in Plainview and moved to Scottsburg, Ind., where she was a member of the First Baptist Church, in 1960. She was graduated from the University of Indiana in January, 1977.

Survivors include her mother, Mrs. Elmer Daugherty of Scottsburg, Ind.; a sister, Susan Daugherty of Bloomington, Ind.; and her grandmother, Mrs. J. M. Daugherty of Abernathy.

Billingsley Cited As Outstanding Young Man

The Board of Advisors for the Outstanding Young Men of America Awards Program announced today that the men named below have been selected for inclusion in the 1977 edition of OUTSTANDING YOUNG MEN OF AMERICA.

The Outstanding Young Men of America Program is co-sponsored by the United States Jaycees and numerous other leading men's civic and service organizations throughout the nation. Serving as chairman of its 12-man Advisory Board is Doug Blankenship, U. S. Jaycee past president.

In every community there are young men working diligently to make their cities, as well as their country, better places in which to live. These men, having distinguished themselves in one or more fields of endeavor, are outstanding and deserve to be recognized for their achievements. The criteria for selection include a man's voluntary service to community, professional leadership, academic achievement, business advancement, cultural accomplishments and civic and political participation.

The men listed below, along with approximately 11,000 fellow Outstanding Young Men from the United States, will be featured in this prestigious annual awards publication.

Our Board of Advisors and Editors salute all chosen as Outstanding Young Men of America. We take great pride in bringing their accomplishments to the attention of the American public. Listed below is one of the young men receiving recognition as an Outstanding Man of America. He is the son of Mr. and Mrs. Condly Billingsley of Abernathy. Ted Le Billingsley, Box 95, Bovina, Texas 79009.

IMPORTANCE OF THE WORD

And these words, which I command thee this day, shall be in thine heart; And thou shalt teach them diligently unto thy children, and shalt talk of them when thou sittest in thine house, and when thou walkest by the way, and when thou liest down, and thou risest up.

And thou shalt bind them for a sign upon thine head, and they shall be as frontlets between thy eyes. And thou shalt write them upon the post of thy house, and on thy gates. (Deut. 6:6-9)

SAN ANTONIO---Airman Gerald R. Cantrell, son of Mr. and Mrs. Merrell R. Cantrell of Rt. 1, Petersburg, Tex., has been assigned to Chanute AFB, Ill., after completing Air Force basic training.

During the six weeks at Lackland AFB, Tex., the airman studied the Air Force mission, organization and customs and received special instruction in human relations. Completion of this training earned the individual credits towards an associate in applied science degree through the Community College of the Air Force.

Airman Cantrell will now receive specialized training in the aircraft equipment maintenance field.

The airman attended Abernathy (Tex.) High School. His wife, Rebecca, is the daughter of Mrs. James M. Hardy of 1517 Chapman, San Angelo, Tex.

Vows Spoken

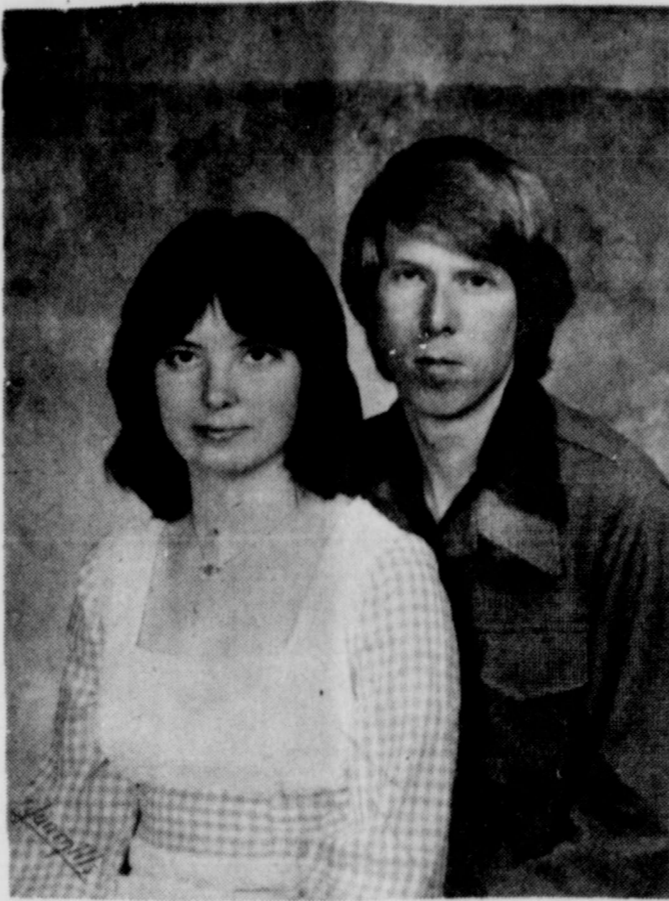

The marriage of Miss Leigh Riley and Wayne Harkey took place at 7:30 p. m. Friday, April 15 in the home of the bride.

The bride is a 1972 graduate of Abernathy High School. She is the daughter of Mr. and Mrs. Bill Riley. Harkey is the son of Mr. and Mrs. Billy Harkey of New Deal. He was graduated from

New Deal High School in 1970.

Miss Riley was given in marriage by her father. Mrs. Terry Franklin of Lubbock served her sister as matron honor. Bryan Harkey of New Deal was best man.

Following a trip to New Mexico they will reside near New Deal.

**THE
PERFECT
PAIR**

FOR THE SOUTH PLAINS

The Proven One

The New One

This matched pair of heavy yielders can produce a profit in spite of increased cost of farming. They both have in-bred yield potential which gives you a profit even with expensive water and fertilizer. 8311 has dominated yield results in this area for three years. 8272 promises even more. They both have sturdy stalks and good roots . . . they can take a lot of punishment and still be standing at harvest. And if you split big acreage between the two, you're going to have as pretty a field as you've ever seen . . . good exertion of heavy, uniform heads, all at the same height . . . beautiful . . . and profitable.

A four-year-old, disease-safe, high test weight yellow endosperm hybrid which is now a proven champion. Bushel weights normally run two to five pounds above other hybrids . . . and that's pure profit. Classified as a medium-late variety, it adjusts its maturity to make full use of growing seasons. A relatively short hybrid with good standability, 8311 has sturdy stalks, good roots and good head exertion. It has outstanding height uniformity and semi-open heads of golden bronze grain. This great hybrid has good tolerance and good resistance to post-freeze lodging.

This new full-season Pioneer hybrid is recommended for this area where adequate water and fertilizer are available. And though it responds to water with super yields, it can also take a little moisture stress and still produce well. It has good roots and stalks and excellent tolerance to MDMV. It has a beautiful appearance . . . the grain will be dark red on semi-compact heads. Plants are short like 8311 with good exertion and uniform head height for easy combining.

Mrs. Rupert Allen & Capt. Milina

FISHERLADY--Douglas Chapman took this picture of Mrs. Rupert Allen and fishing craft Capt. Milina in the Gulf of Mexico off of Port Aransas on the Texas coast. A relatively novice at deep-sea fishing, Mrs. Allen had just completed a tiring 57 minutes coaxing this 24-pound jackfish in close enough for Milina to land it with the gaff by which he is holding it. The weight alone is not what makes this a fishing story. They were fishing for small-size sheephead fish, a very good eating fish, and were using a 12-pound-test line and a smooth hook. The hook did not have the retaining barb because, due to the small size and configuration of the sheephead fish mouth it

takes ten minutes or longer to get the sheephead off a hook with a barb on it. The only pro help she had was Milina's maneuvering of the craft after she hooked the jackfish. They let the jackfish run a mile or more from the spot where she got it on her hook, with Mrs. Allen handling the rod and reel. Mrs. Allen, her husband, Chapman and Mr. and Mrs. Buford Davenport spent a week at Port Aransas last month. Capt. Milina, a long-time friend of Allen's, has spent most of his life in the fishing industry at Port Aransas. Except for a few special fishing parties out, Milina's main work now is captain of a luxury party boat owned by Primrose Oil Company of Dallas and docked at Port Aransas.

COUNTY LINE CHIT-CHATS
by Faye Ann Nelson

I heard that the County Line Co-op Gin supper was a huge success... good food and plenty of fun and fellowship. We are proud to have Mr. and Mrs. Ike Bennett and children in our community and wish them lots of success in their new job.

Mr. and Mrs. Buddy Rice visited their son Jerry Rice in Nebraska last week. They reported that it was a beautiful drive this time of year.

Mr. and Mrs. John DeLeon of Lubbock (formerly Jane Valdez) have purchased a new brick home on 58th and Indiana this week. Jane is employed by H. E. W. of Lubbock and John is manager of Webb Auto Supply Stores. Jane grew up in our community and is the eldest daughter of Mr. and Mrs. Mike Valdez.

Mr. and Mrs. Leo White formerly of Plains, Texas have purchased a new brick home in Littlefield, Texas. Mrs. White is a sister to Wayland Nelson of County Line. Mr. White was formerly the County Agent of Plains until he recently retired. Mr. and Mrs. White are the parents of Mrs. Donnie Shafer of our community.

On our trip to Graham, Texas. We visited our godchildren and their family Mr. and Mrs. Horace Lebetter and Scarlett and Patricia. They live on a ranch three miles from Graham and have a canyon and caves with a river in front. It is a beautiful place to stay awhile and enjoy the peace and quiet. It is kinda' hard for us to keep up the pace of two teenagers 14 & 16... The bluebonnets are beautiful on the highways this time of year.

We also attended the reunion of the pioneer and old settlers reunion in Pilot Point where my mom and pop were raised and grew up... They have the reunion in the community building and spread 8 banquet tables with food of all kinds. The former judge of Denton who is in his 90's makes the welcoming address and prayer. It was a most memorable occasion. It meets the first Sunday in May every year.

We had a wonderful fellowship and lots of laughs at the County Line Community Club meeting Tuesday with Pam Connell and Mary Ruth Manley as hostesses. They had a has been party where you were supposed to dress as something you had been in the past. Bobby

Embry brought her bell and dressed like a school teacher and Alta Embry was the dunce or teacher's pet and answered all the questions correctly like... what is a circle and Alta answered a circle is a square with the corners chopped off. Sharon Coffee (our newest member) dressed as a little girl pig tails and freckles and bobby sox and shorts. Fay Pope of Abernathy came as a fisherwoman with her lifesaving jackets on and a rod and reel with a big fish dangling on it. Mary Ruth Manley who makes cakes and pies daily for the public came dressed in her bakers cap and big white apron and her bowl and spoon. She won first prize and Fay Pope won second. Pam Connell had her sister from Oklahoma visiting as our guest and she had her to recite poems she learned as a girl. She gave 3 poems each 15 minutes long and never made a bobble. Fantastic memory for a youngster in her 70's. Mary Ruth and Pam served jam cake and punch to the group. Pictures were taken of the group to be put in the newly acquired scrap book.

TORNADO INFORMATION

WHAT WOULD HAPPEN IF DISASTER HIT?

No one wants a disaster, but there can be some comfort in the fact that private interests and government agencies are preparing in advance.

In 1975, the state legislature revised the Texas Disaster Act and made the Governor through the Division of Disaster Emergency Services (DDES) -- the chief officer for coordinating disaster relief in the state.

DDES' Texas Disaster Plan outlines the duties of both state agencies and local governments, should there be a need. It is designed to support the efforts of local governments and is a supplement to, not a substitute for, relief assistance provided by cities and counties.

The DDES works with a local disaster coordinator in each area. In unincorporated areas, it's the county judge; in incorporated areas, it's the mayor.

If the resources of these local political subdivisions are inadequate to the task-- such as would likely be the case in the event of a major

tornado or hurricane--then local officials may request aid from the state to help relieve suffering and alleviate as much hardship as possible.

Evidence of the scale of one of these calamities is found in recent history. The Lubbock tornado of 1970 caused some \$135 million of property damage; Hurricane Celia in 1970 caused some \$450 million of property damage. Losses vary for these storms, but these figures at least suggest the potential, and a need for Texas Disaster Plan.

Should a disaster be widespread and totally disabling, the Governor can request a presidential declaration as a disaster area-- which opens the doors for federal assistance. Should this occur, Civil Defense officials will come into the community and set up a relief center through which aid-- local, state, federal and private -- will be coordinated.

Insurance companies, with their teams of claims adjusters, and private relief organizations such as the Red Cross and Salvation Army, are full partners in the relief effort.

LETTERS TO EDITOR

Dear Editor,
Today we know that Mental Health can be prevented in many cases, we can do this through education, especially of parents, and by learning to cope with stress.

There is a group of citizens, like ourselves, trying to see that this happens--the Mental Health Association.

On May 7th, during Mental Health Month your neighbors will be holding a bake sale in front of Struve's to collect for Mental Health.

I urge you to give generously in baked goods and donations.

The Mental Health Association needs your support because #1. Mental illness can be cured. #2. The cycle of child abuse can be stopped. #3. Education of parents can prevent emotional problems in children.

Very truly yours,
Mona Toler,
Mental Health Chairperson

Storm Shelter Information:

The weather warning and observation plan for the city of Abernathy provides three types of warnings:

1. Tornado Watch--the area roped off by Kansas City to warn of the possibility that tornadoes could occur in this area for a certain time period.

2. Tornado Warning--- this warning is given by the National Weather Service when a tornado is sighted and confirmed and is a threat to an immediate area or city.

3. Hail Warning---this warning is given when hail is possible for a given area or city.

Mr. Curtis Davenport and Mr. Charles Bowen as members of the Abernathy Civil Defense Team will be stationed at the Junior High School and will open the building when a tornado warning is issued. Other administrators will have a key and their names and phone numbers will be listed with the Civil Defense officers in case of emergency.

The building will be opened only for a warning-- when a tornado is sighted or confirmed by members of the Civil Defense working with the National Weather Service and is a threat to the immediate area or City.

REGULATIONS:
A. Only the downstairs area will be opened.

B. Classrooms will not be opened until the corridor and mall area is full-- approximately 300 persons.

C. The administrative area will be opened for radio, communications, and for sick room facilities and will be OFF LIMITS to the general public.

D. NO PETS will be allowed under any circumstances.

E. Smoking will be permitted only in designated areas.

F. Food will not be taken into carpeted areas.
