

Ed Crow, Fire CHIEF Since 1946, Resigns Post

ED CROW/MAYOR PETE THOMPSON

Charles Edwin Crow, long-time resident of Abernathy and an AHS graduate, has resigned as Chief of Abernathy Volunteer Fire Department, a position he has held since 1946. In a ceremony at City Hall Friday morning, Mayor J. Pete Thompson, right, in this photo, presented Crow a framed, parchment "Certificate of Appreciation" from the City for his many years of service, dating back to the time he joined the Abernathy VFD when it was organized about 1939. Crow followed Dan Ward as Chief

in 1946. Crow, now employed at Texas Tech, for many years was sales manager for Reid Chevrolet. He comes from the early day Crow families---back when there were more Crows than Smiths and Jones in Abernathy. Ed and Mrs. Joe Dolph Adkisson and Mrs. Zanette Elkins are the only second generation members of the original Crow families still residing in Abernathy. Crow's successor as Chief probably will be named in the Volunteer Fire Department's annual election of officers scheduled this month.

CERTIFICATE OF APPRECIATION

WHEREAS, the City of Abernathy and surrounding community is indeed fortunate to have a dedicated, well trained and well equipped Volunteer Fire Department; and

Charles Edwin Crow helped organize and direct the Abernathy Volunteer Fire Department from its beginning to its present status; and

This community is indebted to those pioneers who organized and nurtured the Volunteer Fire Department during its infancy; and

Charles Edwin Crow has served as Fire Chief from 1946 to the present and is now retiring; and

WHEREAS, Charles Edwin Crow epitomizes past and present Firemen who donate their time to this community.

NOW, THEREFORE, I, J. Pete Thompson, Mayor of the City of Abernathy, Hale-Lubbock Counties, Texas, do hereby present this CERTIFICATE OF APPRECIATION to Charles Edwin Crow on behalf of a grateful city.

IN WITNESS WHEREOF, I have hereunto signed my name officially and caused the seal of the City of Abernathy to be affixed thereto, on this the 5th day of May, 1977.

FOUR AHS STUDENTS PLACE IN LITERARY AND ATHLETIC EVENTS

Graciela Quinonez

Two Abernathy High School students ranked in the top three in two events at the state literary meet held in Austin on May 5. Receiving Second Place in Spelling and Plain Writing was senior Graciela Quinonez. Of 120 words, Graciela misspelled only two. One hundred and eight of the 120 words are taken from a list of 2,500 published by the University Interscholastic League. Prior to the district contest, all AHS Spelling participants learned to spell and pronounce the words on the list and checked the definitions of the words. Ten percent of the words given at the state meet are selected at random by the state director of the event. AHS participants prepared for the randomly selected words by reading extensively and studying the dictionary. To achieve her Second Place ranking, Graciela had to participate in a tie-breaking round with three other contestants. The tie-breaker consisted of sixty words, all of which were chosen at random by the director. Included in this year's sixty words were such as "miscegenation," "potsherd," "gazpacho," and "procrustean." Of the sixty, Graciela misspelled only ten words. This was the second year that Graciela participated in the event on the state level. Missy Webb, a junior,

Missy Webb

received Third Place in Persuasive Speaking. Persuasive Speaking is an extemporaneous event based on current affairs. For at least a year prior to the contest, the student must stay abreast of international, national, and state events. At the contest, the student draws five topics from a group of forty prepared by the state director; the student selects one topic from the five. The participant then has thirty minutes to prepare his speech, which is a maximum of seven minutes in length. During his preparation time, the student is allowed to use only commercially printed materials which he has collected from sources such as U. S. News and World Report. In addition, the student may use only one hundred words as notes during his speech. On the state level this year, the top three ranking students from two sections proceeded to the final round. For the preliminary round, Missy chose the topic, "Should the U.S. immediately adopt the metric system?" For the final round, Missy chose the topic, "Should Americans buy homes now?" Other topics from which the contestants chose included the following: "Should FBI agents be prosecuted for illegal activities? What should be the U.S. policy toward Zaire? Should slurry pipelines have the right of

eminent domain? Is President Carter's energy program sufficient?" 1976-77 was Missy's first year to participate in Persuasive Speaking. At the state meet last year, Missy received Second Place in Poetry Interpretation.

Barbara Barton

JoAnn Stone

Senior Barbara Barton and freshman JoAnn Stone returned from the State Track meet with outstanding honors. For the second straight year, Barbara went to state in the long jump and the triple jump. She returned with 5th place in the long jump, jumping 17'9", and 6th place in the triple jump, jumping 36'8 1/4". Barbara's division was the most outstanding in the state because the

national record was made by Jackie Maip of Stamford, jumping 39'11 1/2" in the triple jump. Barbara Barton has brought much honor to Abernathy High School in track---she also qualified to region in the 880 dash. JoAnn Stone qualified to go to state at regional by running the mile in 3:38.4. JoAnn, being a freshman, is looking forward to running 3 more years and is aware that the competition will become greater each year. Barbara is the daughter of Mr. and Mrs. Jackie Barton, and JoAnn is the daughter of Mr. and Mrs. A. L. Stone.

Burnie's Beauty Shop Closes After 46 Years Of Service

END OF AN ERA--The end of an era was marked shortly before noon Saturday at 914 Ave. D in Abernathy when Mrs. Burnie Curry Hardin did her last customer in Burnie's Beauty Shop before the business was terminated after some 46 years of service.

The beauty shop was opened in a relatively small room behind Pinson Pharmacy in 1931, by Burnie, who then was Burnie Curry, and by Modena, her sister, whose name at that time was Mrs. Modena Maupin. For those who don't remember, the Pinson building was much shorter, north and south, than it is now. The cubic feet in the beauty shop room at that time now are a part of Pinson Pharmacy in extension from the south sidewalk north to the alley.

Modena Curry Maupin now is Modena Wright and resides in Richmond, Calif. After Modena moved to California, and married Sam Wright, now deceased, Jennie V. Curry, another sister, joined Burnie in operation of the beauty shop. Jennie V. was 17 when she started as a beauty operator, a career she pursued until Monday, Feb. 14, 1977, the last day she worked before her death on Sunday, Feb. 20. Jennie's 41-year career was interrupted at times during and after the World War II days, when she could follow her Army husband, Douglas Chapman, when he was on duty in the States.

Parents of the Curry girls, Mr. and Mrs. O. C. Curry, resided on a farm northeast of town when they put in the beauty shop in 1931. In 1936, the Curry family moved to town so the girls would not have to travel the then-unpaved FM 54 to come to work. Burnie and A. W. (Washie) Hardin were married in 1939.

After Burnie Hardin finished with her last paying customer, Mrs. Royce Henson, about 10 minutes before

Burnie was reluctant to try remembering their first customers or longest period of time customers. "I might forget some of them," she said. To point up the changing times and hair styles during 46 years of operation, Burnie did mention that the late Mrs. Tom Struve, who wore her hair long, came in each Saturday morning for marcel wave styling.

Burnie pointed out one record set during the 46 years of operation: there was never an accident in which a person was injured in the shop.

When the Curry sisters started the shop, it was either the only beauty shop in town, or was one of two shops here. The former Fern Zeman Meester and Sally Crow operated a shop in the Dutch Crow Barber Shop building, and I don't know the time it started or time it terminated. Now, Abernathy is full of beauty shops. When Burnie closed Saturday, some of her equipment was bought by other local shops and moved out.

This week, a new business will occupy the former Burnie's Beauty Shop building, to which they moved in 1941, when the Hardins had it constructed. Mrs. Don Presley, assisted by her mother, Mrs. L. G. Deering, is opening a florist shop at 914 Ave. D. -BFD.

In all the years Burnie's Beauty Shop was in operation, there was only one account they did not collect. Another customer moved from here owing them an account, but years later she wrote to find out the amount she owed and sent them a check.

Mrs. Royce Henson was the last customer at Burnie's Beauty Shop, which terminated business shortly before noon Saturday, May 7, 1977.

Burnie's Beauty Shop In 1942

THIS IS the way Burnie's Beauty Shop looked in 1942, the year after the building was constructed at 914 Ave. D in Abernathy. Shown toward the back of the shop, to the left of the window, is Burnie Hardin doing Ruth Helen Rieken's

hair. Sitting on the table (head framed by the mirror) is Burnie's niece, Judy Curry, who was a year or 15 months old. Judy is the daughter of Mr. and Mrs. Otto Curry, now of Monroe, La. The photo shows how beauty shop equipment has changed in the year since 1942.

NEWS AND COMMENT
 By Buford Davenport

NGC-Disabled Veterans and their families who have problems needing an answer from a DAV free counselor should remember these dates: Field Service units, housed in motor homes, will be at the court house in Plainview May 16; at Western Plaza Mall in Amarillo May 17 and 18 and South Plains Mall in Lubbock May 19. For complete information, come by The Review office and check the material we have on this.

NGC-After last week's NGC column, wherein I stated that wives of school trustees and city council members also have earned trip expenses when their husbands go out of town on business for the city or school...there came this information: Billie Harrison, School Board president, came by to brief me on the Board's policy in this matter. He said the school men pay their wives' expenses when they accompany them on school business trips.

Harrison said the School Boards, starting many years ago, have set this "no expense to taxpayers for wives' trips" policy with each succeeding Board, and, Harrison added, "we see no reason for changing the policy". Harrison, an 18-year veteran of School Board work here, said this policy is reaffirmed each time a new man joins the Board as a member. School Board members' expenses are paid. This includes costs of transportation, lodging, allowance for meals and registration fees charged for attending the meeting or convention. The meal allowance covers those meals not included in the registration fee. The allowance for non fee meals is about \$2.50 per meal...set years ago. At current inflation prices for restaurant dining in big cities, this

meager allowance would about cover a short stack for breakfast, a sandwich and small Coke for lunch and a hamburger and coffee for dinner (cut the high priced coffee...make it a small glass of iced tea). When wives accompany school people, the men pay the difference in price of a single room and a double room. And, for meals included in registration fees, they (the men) pay extra for the wives when they also attend the functions. Harrison said that at one national convention of school administrators he heard a school trustee from the State of Michigan make the remark that being on the School Board was worth more than what he was receiving for the job. Receiving? Harrison asked and was informed that in the Michigan school district under discussion school trustees were paid \$4,800.00 per year. Harrison began asking around and found that of the states he checked on some 60% paid school trustees a salary.

While Harrison was visiting us in The Review office, City Manager Larry Fields came in and I asked him about the city's policy. On the infrequent trips that wives accompany the city people, their transportation, lodging and meals are paid. City Council members receive \$100 each at Christmastime. Roughly figuring this on an hourly basis for the time they put in during a 12-month period, their cost to taxpayers is in the neighborhood of \$8 per hour per member.

"There's More Than Books On Those Musty Shelves"
 LETTER

The Abernathy Public Library is here to serve the people of Abernathy, both young and older. It had a very noble beginning twenty-six years ago. The 1935 Study Club organized the library as a summer project for "The Build Freedom with Youth" movement. Now it serves most in the summertime by sponsoring a summer reading program for children from kindergarten through high school. On Fridays, beginning in June, going for eight weeks, there will be a film program for children. Some for fun and some for facts.

Miss Nannie Belle Ritchey has served as librarian for the past twenty years, giving of her time and effort in a very dependable and dedicated manner, sharing courteous help to patrons of the library. Patrons have only praise for her as a kind individual who will be missed as she retires. For this we appreciate her and pay tribute to her for her years of service with a check as an expression of our sincere thanks.

Evaughn Hackler is now serving as librarian for the library.

Oil is in short supply and costlier

Gas is in short supply and much higher priced

Coal is plentiful but only low sulphur coal can be burned and...

transporting it is expensive

Power plant construction costs have doubled

The people who generate our power are faced with some real price problems, especially the cost of fuel necessary to generate electricity. Our suppliers are no happier than we are with these higher prices. But while the member-owned electric cooperative cannot control operating costs nor fuel prices, we can and do keep a tight rein on every other cost of doing business. It's a habit we have formed during forty years of service. Where the electric cooperative controls the costs—the costs stay under control.
