### ABERNATHY ANTELOPES WIN FIRST GAME 35-18 IN COMPETITION WITH THE HALE CENTER OWLS HERE

By Richard Havens

The Abernathy Antelopes of Coach Larry Aldridge got their first taste of victory in the 1977 season at the expense of the Hale Center Owls here last Friday evening. In posting the 35-18 victory, the 'Lopes handed the visitors their third straight loss of the season.

Abernathy fullback Lee McCune pilled up 201 yards rushing, including touchdown sprints of 75 and 23 yards, while teammate Lon Mason added 123 ground yards to Abernathy's 344 yards total.

The Owls held an 18-14 advantage at halftime, after scoring one TD the first time they got the ball, and the other two TDs in the second quarter. The 'Lopes had gone ahead of the visitors early in the second period, 7-6, on McCune's 75-yard TD run and quarterback Gilbert Cuevas' extra point kick. But saw that lead vanish on the Owls' next series, and didn't lead again until the fourth quarter. Trailing 7-18 with only 3 seconds left in the first half, flanker Scott Cunningham capped an 80 yard drive with a 3 yard TD carry on a reverse, and Cuevas hit his second of five extra points.

A strong south wind hampered the Antelopes during the third period,

especially in the kicking category, but with the 'Lopes playing heads-up defense, the wind really didn't help the visitors all that much. The fourth period, however, was thrilling from the word go.

Early in that stanza quarterback Tony Heath teamed up with split end Joe Barrera on a 39 yard TD aerial, then only minutes later McCune got his second TD from 23 yards out. But that wasn't all. After the 'Lopes had backed the Owls up to their own 5 yard line, safety Ted Heard rushed through to block a Hale Center punt and defensive end Jimmy Runnels fell on the ball in the end zone for the 'Lopes' final TD. Cuevas' toe proved true on the point after following each Abernathy TD.

During the last two quarters, the visitors got past midfield only four times. . . . Once to the 49, once to the 44, once to the 30, and once to the 23. It would be difficult to pinpoint any particular defensive player as those who saw action worked as a unit. And offensively the blocking was better than in either of the two previous games.

#### PLAY BY PLAY

After returning the opening kickoff to the 21 yard line, the Owls began their

initial TD drive. A 21-yard pass from quarterback Dennis Carver to end Rodney Keeton and a 15 yard penalty against Abernathy aided in the drive, but the clincher was a pass interference call against the 'Lopes on the 1 yard line. The 'Lopes put up a stout defense with Jimmy Runnels busting up the first play and throwing the ball carrier for a four yard loss. On the next play David Kennedy blasted through and caught halfback Johnny Madrigal for another 6 yard loss. From the 11, Carver made 4 yards before being downed by Mike Hill, bringing up fourth down at the 7. The Owls set up for an apparent field goal try. Madrigal appeared to be running off the field but as the ball was snapped he swung downfield and was all alone in the end zone as Carver tossed him the ball. DeLeon's extra point try was no good, but the Owls led 6-0.

Mason returned the ensuing kickoff from the 15 to the 31. Heath lost 6 yards as he went back to pass, then a 15 yard clipping penalty nullified a 13 yard gain by Mason. Two running plays by McCune netted 5 yards, then McCune punted out of bounds on the Owls' 42. The visitors couldn't move the ball either, don't look it page 2

There will be dinner in Halford Hall. Our new fellowship hall will not be completely done, but it is now useable. We are looking forward to many of the former members and friends to be present. Several of the former pastors will be present.

**BUILDING**  
The construction of Halford Fellowship Hall is near completion. We lack the tile on the floors, the trim work, setting of bathroom fixtures and the brick. We are looking forward to the completion of the building. We have been using the building for several occasions. The building will have about 2600 sq. feet of space. It will seat at tables about 150. It has a large kitchen with the cabinets and appliances all set and useable. We are thankful to the many that have helped in construction and the financing of this project.

### Sisters Have Reunion Here

(By Mrs. S. H. Lebow)

My three sisters came to our home for a reunion. The oldest Mrs. N. B. Berryhill of Kansas flew to Lubbock Sunday. Myrtle Adams came Monday, and Lucille Thomas from Houston arrived Tuesday. The last reunion was in Ardmore, Okla. in 1974.

Others visiting in our home were Mr. and Mrs. Cleatus Lebow and daughter, San Angelo; Mr. and Mrs. Lloyd Lebow, Dallas; Floyd Lebow and sons, Pete and Steve.

We want to thank all the churches for their prayers, cards, flowers and many acts of kindness for Pete Lebow. Floyd Lebow son who was in serious condition from one of four racing cars that struck his pickup as he and another football player was returning from football practice at Llano. Pete is improving but the Dr. said that it probably would be midterm before he can go back to school. A private teacher will come to the home for lessons to help him to make up his grades. Pete was able to attend their first game Friday night, first time to be out since the accident.

### City Water Rates To Increase Oct. 1

The City's water rates will increase effective on October 1, 1977 billing date. The minimum rate has increased from \$3.00 to \$4.00 for the first 3,000 gallons with all usage over 3,000 gallons increased from .75¢ per thousand to \$1.00 per thousand. The rate increase is necessary in order for the City to maintain proper payment coverage of its revenue bonds and also to insure than any future revenue bonds will carry an advantageous interest rate.

The City is presently considering a \$500,000 Capital Improvement Program to its water system. The proposed program includes the following improvements: (1) Purchase of additional land for a water supply; (2) Drilling of two new wells; (3) Supply and distribution lines; (4) and a 200,000 gallon elevated tank.

City officials consider an adequate water supply for the citizens of Abernathy as the ever present first priority of City spending. The proposed project would provide the City with an adequate water supply for present and future usage demands.

The new rates were deemed necessary in order to meet inflated operational expenses and maintain proper bond coverage for present and future debt service.

### Record Crowd Attends

A record crowd, estimated at near 2,000, thronged into Lubbock Memorial Civic Center Sept. 13 for the annual membership meeting of South Plains Electric Cooperative.

Texas Commissioner of Agriculture Reagan Brown, attending a Food and Fiber Institute also held in the large Center, dropped into the cooperative's meeting to greet the record turnout of farm folks.

Dale Johnson presided at the membership meeting, which included a catered barbecue meal, musical entertainment, cartoon movies for children and the business session.

Annual reports were made by M. D. (Mell) Cherry, S.P.E.C. president; Edwin Merrell of Shallowater; secretary-treasurer; and W. G. Newton, manager.

R. J. Burnett of Star Route Hale Center and Dist. 1 and Edwin Merrell of Route 1 Shallowater, District 2, were reelected as directors.

Member Services Committee couples served as hosts and hostesses.

## GREAT NEWS CRUSADE

Rev. Al Jennings announces that The First United Methodist Church will begin their Great News Crusade this Sunday, September 25 at the morning worship service. The evening service will begin at 8 p. m. September 25-26.

Evangelist for the Great News Crusade will be Rev. Carlton Thomson, and the song leader will be the youth director for the church, Lynn Blankenship.

Rev. Carlton H. Thomson was born to Carmen and Hubert Thomson (now a retired minister of the Northwest Texas Annual Conference), March 4, 1924, near Paducah, Texas. He graduated from Amarillo High School in 1942.

Mr. Thomson served in the U. S. Marine Corp for 3 1/2 years during World War II. Twenty-seven months of this time was spent in the Pacific with the Third Marine Division.

After discharge from the Marines, he attended West Texas State University and McMurry College, graduating from WTSU with a B. S. degree in 1949. Mr. Thomson attended Perkins School of Theology, Southern Methodist University, 1949-1952, and received a Master of Theology Degree in 1952.

He married Waldeen Doris in 1946. They have three children, Mrs. R. A. Martindale (Jane), Tom

Thomson (Associate pastor of San Jacinto United Methodist Church, Amarillo), and Susan who is a senior in Plainview High School. They also have 4 grandchildren.

Mr. Thomson has been a member of the Northwest Texas Annual Conference of the United Methodist Church since 1950, and has served pastorates at Pleasant Valley, Amarillo, Wheeler, Crosbyton, Abernathy, Delhart Central, Boger First and Lubbock St. Luke's before his present appointment as District Superintendent of the Plainview District.

Lynn Blankenship, a senior student at Texas Tech University has served as youth director for the First United Methodist Church since June, will be leading the music during the Great News Crusade.

Rev. Jennings and the church members invite you to attend these services.

### Beginning The First Of September

Beginning the first week of September, The Review will run want ads on a cash basis only. This does not include ads that are run every week and have a regular account with The Review. All want ads will need to be paid in advance before they are run. We are adopting this policy so we will not have to at this time, increase our charge for want ads.

### First Bale of Cotton Ginned At City Gin For Billy Shipman

The first bale of cotton of the season was ginned by City Gin for Billy Shipman on Tuesday, Sept. 13, 1977.

The cotton was pulled on Floyd Shipman's farm. The cotton is Coker 312 and the bale weighed 545 pounds. Congratulations Billy.

### Hale youths win in Floyd

A pair of Hale County 4-H youths took top honors in the steer division of last week's Floyd County Fair in Lockney.

Jackie Holleman, a member of the Abernathy 4-H club, showed the Grand Champion Steer while Ricky Rhodes, another member of the Abernathy club, had the Reserve Grand Champion.

Both showed Maine Anjou-Angus cross calves.

Jim Jenkins of South Plains College judged the steers.

### Three Young Farmer Members Go To Hale Center To Meeting

Three members of the Abernathy Young Farmers went to Hale Center, September 6, 1977 to talk to 20 prospective members of the Hale Center Young Farmer Chapter. They went to help get a chapter started there.

Steve Jackson stressed the importance of educational programs for the members. He said that people in the community could present some of the most educational programs that could be found. The chapter needed to work on community service activities. These can help get exposure of your chapter.

Ronnie Hamilton told how getting involved in the organization can help you meet people across the state and exchange ideas with them on farming and see what was working for others across the state in their organizations. Competition within the chapter for awards were important to help build an interest in the chapter. This competition in the chapter helps make you stronger for the competition

on the Area and State level.

Robert Canon covered the different awards that were presented on the area and state level. The awards help give exposure to the chapter and can help build support in your community. Public relations is important so that you can let people know what is going on and what you are planning to do in the future. You need community support to be a strong organization.

Overall, work through the community and let them see what you are doing. This helps to get support and backing for your program. Work toward making your organization a strong and continuing chapter through community support.

### NEWS & COMMENTS By Buford Davenport

NGC--Like Nixon, Jimmy Carter is having trouble with men he chose for sensitive positions in government. Andrew Young, Carter appointee as U.S. Ambassador to the United Nations, probably is happy to have the spotlight of criticism turned off of him for a while. Now taking the spotlight is Carter's Director of the Budget, Bert Lance, whose job in government is budgeting out about a trillion dollars from the U.S. Treasury to various federal agencies. That's somewhat like sending a wolf out to tend the sheep. Mr. Lance may not be guilty of illegal procedures, but his money management practices come under question. Also, a third Carter appointee has used bad judgement by dipping into the "dirty tricks" phase of the Nixon years. He is Jody Powell, Carter's press secretary. Powell comes under criticism for his tasteless remarks about U.S. Senator Charles Percy of Illinois, one of the committee members probing the Lance affair.

#### VISITOR:

Don Perks from New York was a weekend visitor in the home of Mr. and Mrs. J. C. Vineyard and Mr. and Mrs. Otis O'Mary. Perks is with the associated press and a author of two books.

Antelopes Win con't, page 1 and Ashmore's punt was ruled dead on the Abernathy 34. From there Mason got off a 28 yard run around right end behind leading blocks by Cunningham and Kennedy, then galloped 24 yards around left end on the next play behind a key downfield block thrown by Mike Hill. Heath, Roger Lindsey, McCune and Mason moved the ball to the Owl 5 yard marker, but a fumble by Mason on a pitchout around end put the visitors in business on their 14.

With the Owls in control, penalties again hurt the Antelope efforts. Moving out to the 25, a Carver pass was intercepted by Ted Heard but a penalty against the 'Lopes gave the Owls the ball and new life. Compton carried 12 yards to the 40, but on the next play quarterback Ashmore was rushed hard by Mark Pope before Wade Henderson tackled the would-be passer for a 14 yard loss. Two plays later the Owls punted, Barrera took the kick on his own 32 and handed off to Lee Knight who sprinted to the 50, but a 15 yard clipping penalty moved the ball back to the 25. That's when McCune broke through the middle of the line, broke a couple of tackles, headed for the right side line and out-distanced the opponents to the goal line. Cuevas' kick made it Abernathy 7, Hale Center 6.

Another 15 yard penalty against Abernathy on the kickoff put the visitors in business on their own 38. Four pass completions aided in this drive, with the final completion being good for 29 yards and an Owl TD.... courtesy of Carver to Keeton, putting Hale Center back in front, 12-7. Tony Clark was met by a host of Antelopes on the try for the extras.

Mason returned the kickoff from the goal line to the 20, then carried three times in succession on runs of 4, 12, and 17 yards. The next 3 plays netted only 3 yards and McCune got off a short punt to the 34. The 'Lope defense held and the Owls' Ashmore got off a booming kick with the wind which went out of bounds on the 2 yard line. On the first play from that point Abernathy fumbled, and the Owls recovered. Two plays later, Clark skirted left end for 4 yards and Hale Center's third TD, putting the visitors out front 18-7.

Abernathy took over on the 20 following the kickoff, and with only 1:39 left in the half, began their second

touchdown drive. A 10 yard run by McCune and a 9 yard pass from Heath to Barrera moved the 'Lopes out to the 39, then a pass interference call against Hale Center put the ball on the visitors' 31. Penalties against Hale Center on two consecutive plays put the ball on the 3 yard line with only 3 seconds left on the clock. That's when Cunningham skirted end on a reverse and danced in for the TD, and Cuevas added the EP.

Micah Blalock, Ruben Olguin, Brent and Eric Harkey, Joe Rodriguez, Wade Henderson, Pope, Hill, Kennedy, Runnels, Steve Presley, David Skipper, McCune, Heard, Knight and others teamed up the second half to hold the Owls to only 5 first downs and 92 yards, while Heath, McCune, Mason, Lindsey and Cunningham hammered away at the visitors defense.

The kickoff opening the second half sailed into the end zone and Abernathy took over on the 20. The 'Lopes bogged down at the 34 and Cuevas got off a 34 yard punt against the wind. The Owls picked up a couple of first downs but fumbled on the Abernathy 44 and Olguin and Runnels fell on the ball for Abernathy. The Antelopes also picked up two first downs before returning the favor as Heath fumbled on an option and Keeton recovered for the Owls on the visitors' 38.

Two running plays and an incomplete pass later, Ashmore got off a 46 yard punt with the wind to the Abernathy 12. The 'Lopes moved out to the 35 before Cuevas again had to punt against the wind, this time a 27 yarder. Shortly thereafter the 'Lopes took over again on their 35 after forcing the Owls to punt as the fourth period began.

McCune skirted right end for 14 yards, Cunningham picked up 7 on a reverse, Mason hit the middle for 4 and McCune 1, then Heath, from the visitors' 39, made a beautiful fake peel out and threw a TD pass to Barrera which put the 'Lopes back out front, this time for good. Cuevas added the extra to make it 21-14.

On the Owls' next series, Compton hit the line for 4 yards, Eric Harkey stopped Madrigal for a yard loss, then Pope and Kennedy threw Carver for a three yard loss, bringing up 4th and 10 on the Owls' 22. This time it was the Owls who faced the wind, and Ashmore's punt went high, but that's all, with Abernathy taking over on

the 23. That's when McCune hit the middle of the line, bounced off, reeled around end and went the distance for the score. Cuevas did a repeat performance, also, with the extra point kick, making the score 28-18.

But the Antelopes weren't through, even though the Owls returned the kickoff to the 35. A clipping penalty against the Owls on the first play moved the ball back to the 20. After an incomplete

pass, Rodriguez and Wade Henderson teamed up to throw Carver for a 6 yard loss on a reverse, bringing up fourth down from the 5 yard line. Punting from the end zone, Ashmore's kick was blocked by Heard and always-alert Runnels fell on the ball for the 'Lopes' final TD, and Cuevas again split the uprights. Final score, Abernathy 35-Hale Center 18. Five minutes still remained in the contest, but

neither team could muster a serious drive. The Owls tried a run on a fake punt, with Compton going past midfield before being hauled down from behind by David Skipper, only to have the play nullified by a penalty. The Owls punted on the next play, and Abernathy got only one running play as they fumbled and Hale Center recovered. The Owls fumbled on their first play and Steve Presley recovered on the visitors' 47.

However, Cuevas fumbled the snap on the next play and Hale Center was again in possession. That's when they made their most serious threat of the second half, moving to the Abernathy 23 before Micah Blalock picked off an Owl pass on the 11 yard line.

THOT: If we cannot do the good we would, we ought to do the good we can.

**REPORTS FROM THE CHURCH OF THE NAZARENE**

The Nazarene Missionary Society met on Wednesday night, Sept. 14.

The service opened by singing two missionary songs.

Our president, Erma Mae Spruill took charge, giving a good devotional on prayer and that we should pray that the "Lord of the Harvest will send forth more laborers, because they are so few", and they cannot go unless we send them. We had a short talk from Jerry and Barbara Brown, telling something of their work in South Africa (by tape). They are interested in getting a church started for the white people of South Africa and they are many.

Our emphasis for September is membership. Special prayer was given by Ruby Knox for the missionaries and their needs.

Billie Jean Spruill gave an interesting lesson on "Taiwan". This is an island off the coast of China, and was largely "communist" until 1949 when China drove all Christians out, some went to Taiwan. The people here were starving and almost naked. The first job was to find and clothe them, the work was very hard, but rewarding, as churches began to spring up. The leaders soon realized the church would perhaps grow and do better under "National Leadership". Today we have nearly 1000 members, but like every other place need a great spiritual awakening. Pray for Taiwan. Reported.

**Young Farmers Hold Regular Meeting**

The Abernathy Young Farmers met in a regular meeting Monday, September 12, 1977, at 8:30 p. m. The program was presented by Lane Thompson on his Range Camp trip at Junction, Texas, sponsored by the Young Farmers.

Lane had participated in plant gathering and study of the different types of plants. He studied different plant grazing systems and deferring procedures. He explained how different plants should be grazed only to a certain extent to keep from losing that plant due to overgrazing.

Lane was also in the leadership part of the program. He told how he had some help in being a good leader and how to be a better F. F. A. officer.

The business meeting was brought to order by Ronnie Hamilton. The turkey shoot was discussed and it was decided to hold it Saturday and Sunday, October 1 and 2, 1977. Prizes of Buecher Boy Sausages or cash-shooters option, will be given to the best shooters.

The shoot will begin Saturday at 10:00 a. m. and continue till dark, and then begin again Sunday at 1:00 p. m. till 6:00 p. m.

Officers for the new year were elected Monday night. The officers are as follows: President-Ronnie Hamilton; Vice-President-James Cona; Secretary-J. C. Goble; Treasurer-Glynn Durrett; Reporter-Robert Canon. Chairman of the standing

**No energy choice**

AUSTIN, Texas (Spl.) — The U.S. does not have a choice between cheap energy and expensive energy, says the director of the Bureau of Economic Geology at The University of Texas.

Dr. William L. Fisher says higher energy prices will be inescapable whether the U.S. deregulates the price of oil to increase domestic production (thereby forcing energy costs up) or whether it continues to import more expensive foreign crude oil (on which the U.S. is now about 50 percent dependent).

The UT geologist says Americans need to face now the "real issue of higher prices" and expresses the opinion that deregulating domestic oil prices offers the best hope for increasing oil and gas production.

committees were elected for the new year also. They are as follows: Education Chairman-Steve Jackson; Community Service Chairman-Johnny Kline; Leadership Chairman-Kenny Atterbury and Ken Hendrix; Recreation Chairman-Bill Waits.

THOT: It's better to bite your tongue than to allow it to bite someone else.

By Pat Stanton

There are also many well meaning Christians who use the word "luck". I firmly believe that this word should not be used in a Christian's vocabulary. The dictionary meaning for luck states this: 1. that which seems to happen to come or one by chance; fortune, chance; Luck favored me and I won. 2. good luck: wish one luck, to have luck in fishing. She gave me a penny for luck. She had the luck to win first prize. 3. Some object on which good fortune is supposed to depend.

Christians are not to live by luck or chance, but by the divine blessings of God. If you continue to believe in luck, then you open yourself to either "good" or "bad" luck. When people wish me luck, I do not say thank you and receive it.

Let me suggest that you throw away your good luck charms and your rabbit's foot. You might think that a rabbit's foot is silly and harmless and it is silly to carry one around. But I also

believe because a rabbit's foot and other charms are connected with the idea of good luck, that you are opening yourself to hurt.

So many people keep having accidents and events which seem so unreasonable. I believe that there is always a reason for the "unexplainable" things that happen.

Even when you do some of these things just for fun, you are still putting up a sign on your life which says, "Devil, just come on in, it's just for fun."

We as Christians have been delivered from the power of Satan through Jesus Christ, and we need to make sure that we do not slip back into any bondage.

**DEADLINE FOR TURNING IN NEWS AND ADVERTISING COPY TO THE REVIEW IS 4 P. M. ON MONDAY**

(From the Littlefield Leader-News)

The following has been run many times before. But in case you have never seen it, it is presented in the Leader-News again—for your enjoyment. The author is unknown.

Dear Editor:  
I'm going to give you 20 cents for a copy of your rag. Divide it up any way you wish.

Now for that 20 cents I am giving you, I want you to deliver this week to my house a newspaper that will contain more reading matter than the current best selling novel.

I want all the local news, all the state news that applies to my local area, all of the national news that affects me and my family and all the international news that makes me happy or unhappy.

I want every bit of it to be fresh. I want pictures and stories of all local accidents, fires, meetings and events that I'm interested in whether I let you know about them or not; and I don't want to see any news that offends me, either.

I expect you to tell me who died, who was born, who was divorced and who was married in the last week.

I want to know what those guys in Washington are doing with my tax money. I want to understand the space program, the war in the Middle East and how I can get the road paved in front of my house, but I don't want to have to waste more than a couple of minutes on your story.

I want to read just as much about Democrats as about Republicans, and just as much about Protestants as Catholics and Jews, and as much about blacks and Chicanos as about whites.

Don't tell me you can't do it.

That's what I invested my 20 cents for. The only reason you won't do it is because you don't have any competition, and if you won't do it like I want it, I'll take another newspaper, listen to the radio and watch television more than I do now.

I want all the grocery, dry goods and furniture prices, a list of people with used cars for sale, the movie and TV times and the closing stock and cattle market prices.

If I get drunk and have a wreck, I don't want you to print my name in the paper, and I have a friend who is getting sued and you can leave that out, too.

Another thing, I'm sick and tired of misspelled words in your paper. For 20 cents you ought to do better. By the way, I get home at 5 p. m. and my paper better be there before that, rain or shine, and you should talk to my delivery person about being more prompt.

When I meet you on the street, I expect you to tell me all the inside dope. I expect you to serve as publicity chairman for every committee in the county, too, and any of those in the state that I'm interested in.

Next week, I'm going to start my own business and I want a news item about it. A picture would be even better.

Advertising? No, if you run the story and the picture, I won't need any advertising. Besides, I can't afford to spend \$40, \$50, or \$100 to promote my business after spending \$40,000 on stock and fixtures.

But if you straighten up and fly right, I will give you another 20 cents if you'll send a boy around to deliver me a paper.

**GOD IS LOVE**

He that loveth not knoweth not God; for God is love. In this was manifested the love of God toward us, because that God sent his only begotten Son into the world, that we might live through him. Herein is love, not that we loved God, but he loved us, and sent his Son to be the propitiation for our sins. Beloved, if God so loved us, we ought to love one another. I write unto you, little children, because your sins are forgiven you for his names' sake. (1 John 4:8-12) And be ye kind one to another, tenderhearted, forgiving one another, even as God for Christ's sake hath forgiven you. (Eph. 4:32)

## YOUNG HOMEMAKERS MEET HERE SEPTEMBER 12

The Abernathy Young Homemakers had their first meeting September 12, 1977 at 7:30 p. m. in the Speech room. Linda Barton outgoing President installed our officers for the 1977-78 year. As each was called forward they were given a red carnation as they accepted the responsibilities of their office. Those taking office were: President-Pernecia Durrett; First Vice President-Becky Lutrick; Second Vice President-JoAnn Lambert; Secretary-Sharon Shadden; Treasurer-Dallana Loper; Reporter-Sandra Gainer; Historian-Ginger Reedy. As new officers we recited in unison the following purposes of our organizations.

1. To develop skills, to gain information on new and improved methods of homemaking, and to keep informed on matters affecting people engaged in homemaking.
  2. To develop a deeper understanding of the home and its influence upon the community.
  3. To plan and carry out activities designed to improve our home and community life.
  4. To provide wholesome social and recreational activities.
  5. To become better acquainted with the products and information of current consumer trends.
  6. To plan and carry out a program for recognizing and honoring local members and others for outstanding achievements.
  8. To maintain spiritual values in the home.
  9. To encourage democracy in home and community life.
- Our new President, Pernecia Durrett assumed the position and called our business to order. She presented Linda Barton with a charm in appreciation of her service as last year chapter President.

The following programs were voted on an approved for this year: October-ABC's of Kitchen Planning-by Pioneer Natural Gas; November-Child Abuse-by representative from Plainview office; December-Christmas Party with Young Farmers; January-Style Show by Sears Roebuck; February-Interior Design by Donna Brown; March-Heritage of Cooking by Pioneer Natural Gas; April-Inspirational by one of our local pastors; May-Canning by Wayne Mayes.

Money making projects approved for the year are as follows: October-Bake sale; December-Christmas Bazar; February-Val-o-gram; Giant garage sale-date to be set later.

As community service projects we will sponsor 2 Dog Vaccine Clinics, Bicycle safety poster contest, Defensive Drivers Training Course, and a women's exercise class.

We in the Abernathy chapter join with all other Young Homemaker Chapters of Texas in observance of Young Homemaker Week, September 19 thru 24.

We would like to congratulate the Young Farmers for their recognition as Outstanding Chapter of Area I. Congratulations also go out to Steve Jackson for being awarded Outstanding Young Farmer of Area I.

We would like to encourage all persons 15 years of age and over to attend our next meeting October 10 at 7:30 p. m. in the high school speech room. Babysitters will be provided.

After the close of our meeting refreshments of cookies and punch were served to: Marilyn Stone, Mary Sue Atkinson, Dallana Loper, Pernecia Durrett, Kay Canon, Linda Barton, Sharon Shadden, Becky Lutrick, Kim Lovelace, Redgie Knight, Leticia Courtney, Ginger Reedy, Sandra Gainer, Norma Stephens, Joyce Coan, JoAnn

## Cotton Storage Topic At Meeting

Field storage of cotton will be the featured topic of a public meeting to be held from 9:45 a. m. to 11:45 a. m. on Wednesday, September 28, 1977 at Lamb County Agriculture and Community Center in Littlefield. The large cotton crop in this area will prolong the ginning season causing increased exposure of cotton to weathering losses unless field storage is used.

According to County Extension Agent Ollie Linder, field storage has been used on the South Plains during the past four harvests, but the benefits may be more widely realized in 1977 than any previous year. Because the aggregate production of this area will vastly exceed recent norms and with several hundred module builders and rickers available, more cotton will be stored in the field by more producers than ever before.

"These facts along with the shift to modulating on the ground make it imperative for those less experienced in these techniques to learn about them before harvest begins," Linder says. "The field storage that has occurred in the last two years has not been plagued with adverse weather, but we cannot depend on this fall being equally kind. Steps to protect the lint and seed that is stored in the field are inexpensive insurance policies."

The educational program will feature discussions on techniques of modulating and ricking cotton, economics of field storage, and preservation of quality in stored

## Hale County 4-H members participate in club fair

Fifty two Hale County 4-H'ers (37 Juniors and 15 Seniors) and 3 Pee Wees participated in the 1977 4-H Fair held at the Agriculture Center Saturday, September 10, according to Vicki Winter, Assistant County Extension Agent. Six 4-H members came away with top prizes. Plaques donated by the Hale County Home Demonstration Club. They were given to the two Junior High Point winners and the two Senior High Point winners which were determined by points--15 points for Blue Ribbon, 10 points for Red Ribbons, and 5 points for White Ribbons--and two were given to the High Point Senior and Junior in the Tractor Driving Contest.

The Junior High Point winners were Tami Chennault of Plainview with 520 points and Don Stone of Abernathy with 222 points. Senior High Point winners were Beverly McDonough of Petersburg with 303 points and Gaylan Schumacher of Plainview with 70 points.

Fifteen members participated in a Tractor Driving Contest with Mark Ebeling of Halfway winning the Junior

cotton by specialists with the Texas Agricultural Extension Service. This program is one of a series across the South Plains area in support of the SPD Cotton Profit program. According to Linder, the Cotton Profit program is a producer sponsored effort in conjunction with the Texas Agricultural Extension Service to help all area producers achieve higher profits from cotton production. All cotton producers and interested persons are encouraged to attend and learn more about the advantages and pitfalls in field storage of cotton.

Division and Chris Cummings of Hale Center winning the Senior Division.

## PUBLIC NOTICE SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOV. 8, 1977

### NUMBER ONE ON THE BALLOT (S.J.R. 18)

S.J.R. 18 proposes an amendment to the Texas Constitution to provide for expanding the Court of Criminal Appeals from its current membership of five judges to nine judges and to permit the court to sit in panels of three judges.

The wording of the proposed amendment as it will appear on the ballot is as follows: "The constitutional amendment increasing the size of the Court of Criminal Appeals to nine judges, and permitting the court to sit in panels of three judges."

### NUMBER TWO ON THE BALLOT (S.J.R. 13)

S.J.R. 13 proposes a constitutional amendment to provide for an additional \$200 million in bonds or obligations of the State of Texas for the Veterans' Land Fund and to allow surviving widows of veterans to purchase tracts under certain circumstances.

The wording of the proposed amendment as it will appear on the ballot is as follows: "The constitutional amendment to provide for an additional \$200 million in bonds or obligations of the State of Texas for the Veterans' Land Fund and to allow surviving widows of veterans to purchase tracts under certain circumstances."

### NUMBER THREE ON THE BALLOT (S.J.R. 3)

Under current Texas law a person charged with a felony offense who has previously been convicted of two felony offenses may be denied bail. S.J.R. 3 proposes an amendment to the Texas Constitution which would also result in the denial of bail, for a limited time and subject to appeal, to a person accused of committing a felony while on bail for a prior felony for which the person has been indicted, or accused of a felony involving the use of

### NUMBER SIX ON THE BALLOT (S.J.R. 49)

S.J.R. 49 proposes an amendment to the Texas Constitution to permit the legislature to authorize state and national banks to exercise banking privileges by use of electronic devices or machines located at such places as may be provided by law and authorizes the sharing of such electronic devices or machines among banks on a reasonable, non-discriminatory basis.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to give the legislature the power to authorize state and national banks to exercise banking and discounting privileges by use of electronic devices or machines."

### NUMBER FOUR ON THE BALLOT (S.J.R. 5)

S.J.R. 5 proposes an amendment to the Texas Constitution authorizing the legislature to grant exemptions or other relief from ad valorem taxes on property designated for the preservation of cultural, historical or natural history resources.

### NUMBER FIVE ON THE BALLOT (S.J.R. 19)

S.J.R. 19 proposes an amendment to the Texas Constitution authorizing the formation of associations authorized to collect certain refundable assessments from producers of poultry, livestock, and other raw agricultural or marine products and validating the 1967 law regarding the formation of such associations.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing the formation of agricultural or marine associations which may mandate the collection of refundable assessments for improvement of production, marketing, or use of their products."

### NUMBER SEVEN ON THE BALLOT (S.J.R. 30)

S.J.R. 30 proposes an amendment to the Texas Constitution changing the name of the State Judicial Qualifications Commission to the State Commission on Judicial Conduct and making several changes in its powers and procedures. The most significant change would authorize the Commission to suspend from office judges and justices under indictment.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment changing the name of the State Judicial Qualifications Commission to the State Commission on Judicial Conduct, and relating to the commission and the powers and proceedings of the commission, a master, and the supreme court, or court of civil appeals justices serving in place of the supreme court, for the suspension, censure, removal, or involuntary retirement of a justice, judge, or justice of the peace under certain circumstances."

**SAFETY STRESSED FOR OPERATORS OF MACHINERY**

COLLEGE STATION--- Accident prevention is a serious business, but certain pointers relating to risk control can occasionally be emphasized with a touch of humor.

In this light, Dr. Gary S. Nelson, safety engineer with the Texas Agricultural Extension Service, offers some recommended safety practices for all machine operators, whether the machine be a lawnmower, farm tractor, family automobile or whatever. It goes like this:

THOU SHALT present thyself to all machines fit and ready to operate them as prescribed by good practice

THOU SHALT require thy small sons and daughters and thy neighbor's offspring to keep themselves apart from thy machinery.

THOU SHALT faithfully cause thine eyes to remain open to discern precisely where thee and thy machine are going and, furthermore, to spy hidden obstacles and other hazards.

THOU SHALT diminish thy speed on rough or slippery ground and when approaching obstacles and turning corners, thereby

smiting prospects of thee supporting thy machine's weight with thine neck.

THOU SHALT interrupt and halt the flow of power before exploring or poking about in thy machinery, if thou treasurest thy limbs.

THOU SHALT contain thy temper, even though the day goes foul and everything attempted conspireth against thee, as robust anger not only maketh thee look foolish and exclaim unkind sentiments, but also multiplieth thy prospects of coming to grief accidents.

THOU SHALT mind thy manners on the roadway, acting courteously to travelers by advancing only where thou hath established that the way is clear and by always signaling what thou art contriving to do.

THOU SHALT NOT require nor permit thy offspring to perform tasks without first ascertaining if they are capable in body and temperament and are sufficiently trained to operate a machine without underrisk.

THOU SHALT always enlist the use of protective guards, felt-belts, and other safeguards to shield thee from harm and assist thee in surviving should thy machine come to mishap despite thy good intentions.

Specifically for tractor operators, THOU SHALT hitch drawbar loads low and forsake wrapping chain or cable about the axle, lest

thy tractor wrap itself around its own axle and smother thee beneath. THOU SHALT weight thy tractor's front to balance it if the drawbar be heavily burdened and also place upon the rear sufficient weight to effect balance when thy tractor is encumbered with a front end load. Also, THOU SHALT render thy tractor out of gear and stoutly set the brakes before dismounting.

Finally, for all machine operators, THOU SHALT respect thy machine, keep it well, and not demand more than it can deliver, nor require that it labor under burdens better suited to a huskier steed lest it repay thy maltreatment with low performance, mechanical trouble, and accidents.

**"THE ELECTRIC SAVINGS MACHINE"**

**A good bargain now that will get even better!**

Of course, any machine that works as efficiently as the heat pump has to save you money. And for many people, that's the key appeal of the heat pump. Initial costs may be slightly higher than those for a combination heating and air conditioning system, because the heat pump is in a class all by itself -- unique in that it can be compared for quality and comfort. Day-to-day operating expenses are the lowest of any other electric heating, cooling system available on the market today. But the savings don't stop there.

With fuel costs expected to rise during the next two decades, the electric heat pump is a smart investment that will reward your financial foresight for years. Then too, unlike other forms of energy, electricity can be generated from a variety of sources. You can count on having plenty to run your heat pump. Always!

Abernathy, Texas 79311

Dear Mrs. Havens:  
Every business in our community will be visited soon by a representative of my office, and I would appreciate your help in informing these businessmen and women that they are of a friendly nature. What we are doing is something that has never been attempted by the State Comptroller's Office—to pay personal calls on every business in the state. It's going to be a big job, but one that will reap dividends for both the taxpayers and our office. Our mission is to inform each taxpayer of what is expected of him under the law, to give him any assistance he may need and to answer all of his questions. The door-to-door canvassing program got under way September 1, and will involve all 40 of our field offices with whom they will be dealing. You will probably be getting some calls from businessmen and women in your community about the canvassing program. I hope that you will assure them—as we are attempting to do—that we are there for the sole

**SUNSHINE GROUP MEETING HELD HERE SEPTEMBER 15**

Our Sunshine Group met September 15 at the City Hall with 34 people counted but we just have 33 names, but there is one more somewhere. I had just gotten back from a bus trip to Denver and I didn't know a soul on these going or coming, but when the Sunshine Group met I had a very warm feeling because I know them all and it was a fun day.

Floyd opened the meeting asking Ruby Knox to give the opening prayer. We sang our theme song and with Dixie leading we sang two songs. By the way all of our staff members were present except Mrs. Brewster, but we had three pianist and used all three at different times. We had seven birthdays which is the most we have ever had in one month. Ollie Selke read the minutes which were approved. Last month we had Judge Jeanne Marr and some police officers who gave a very helpful program. Floyd read a note from Jeanne thanking us for honoring them and saying anytime her office could help any of us, she would be happy to do so. Dorothy said, she had often thought

purpose of assisting them in any way we can. If you have any questions about the program, or know of any businessmen or women who do, give us a call on our toll-free Tax Information line, 1-800-252-5555. Sincerely, Bob Bullock, Comptroller of Public Accounts

we should send notes of thanks to people who give programs for us but we haven't gotten around to it.

We have plans going for our Thanksgiving meeting such as turkey and dressing so watch for more about it next month. Lillie Mae had the program. First Dorothy gave a short history of Stephen Foster and how he came to write "My Old Kentucky Home." During this area "Uncle Tom's Cabin" was published and many copies were sold as colored people were in the lime light about this time. When S. Foster was 27 he was visiting his uncle who lived in Kentucky. He sat under the trees and listened to the sounds of night and composed and wrote "My Old Kentucky Home" which later was made the state song. It's first publication brought in \$1400. In those days when a dollar was a \$ that was great. Stephen Foster is one of our greatest, I think! Then Floyd soloed this song. We enjoyed it a lot. They can always come up with something good. Then Dixie and Oma sang Whispers Hope. That was very pretty too. Then Rev. Coggin gave a short devotional, he talked on the parable of the lost sheep. In this it speaks of God as our Father and Christ as our Shepherd. In the same chapter is the parable of the prodigal son and the lost coin. Christ was compared to the shepherd looking after people, he was a friend to everyone. A lost sheep or person will never find the way back. Someone has to find them

and lead them back. A sheep can't heal their own wounds. In the same way people can't clean our souls from sin. Our Father has to help us. God speaks to us in a low voice, we have to listen, then follow or go astray. The honor of Christ has never been questioned. Sheep never drink from running water, they drink from still water, which can be compared to our living water. I'm sure I didn't do this justice as it was very good. Mrs. Ellison is having eye surgery Tuesday and ask that our group remember her in prayer so Rev. Sharp gave a prayer for her on that day and we will all remember her too. He ask the blessing and a very beautiful dinner was waiting. All in all it was a nice day. Those present were: Floyd Shipman, Dorothy Shipman, Ollie Selke, Oma Toler, Ural S. Sherrill, J. L. Ellison, C. J. Camp, R. A. Lutrick, Dewey Price, Mrs. J. L. Ellison, Cora Shuman, Martha Phillips, Mrs. Juanita Brantley, Bernice Smith, Burnell Drye, Ruby Knox, Josephine Holmes, Mrs. Talbot, Addie Robertson, Callie Nunn, Minnie Northcutt, Jessie Duty, Blanche and HB Coggin, Dixie Pittman, Lillie Mae Wilson, Dot von Struve, Mrs. Elizabeth Wilson, Mrs. Lebow, Rev. Jim Sharp, Maybell Glass and Mrs. Sharp. Dot von Struve

and lead them back. A sheep can't heal their own wounds. In the same way people can't clean our souls from sin. Our Father has to help us. **Choking on Food Ups Death Rate**

Choking on food causes more accidental deaths in the United States each year than are caused by airplane crashes or firearms. In fact, according to the Texas Department of Health Resources, choking is the sixth most common cause of accidental death.

Health officials say that at least 3,900 Americans die each year because food gets stuck in their throats. The actual number may be considerable higher, however, since the cause of death may be incorrectly identified. It has just been in recent years that health authorities discovered that many so-called heart attack victims actually were victims of choking. Incorrect identification of choking victims is especially tragic since the proper treatment must be given immediately.

There are three things you need to know about choking: what causes it, how to recognize it, and what to do about it. In spite of the high death toll in the past, choking can be easily prevented, and treatment for choking victims can be administered by almost anyone—including the victim, if he just knows what to do.

Choking occurs when a piece of food lodges in the windpipe, blocking off a small valve at the base of the throat. The valve controls the flow of air to and from the lungs; ordinarily, the valve opens only when a person inhales or exhales, and it closes when food is being swallowed. If a piece of food lodges against the valve, the victim can't breathe.

Obviously, the best way to prevent choking is to chew all food so thoroughly that no large pieces of solid matter are swallowed. As might be expected, the most frequent victims of choking are children, elderly people, especially those with poor-fitting dentures; and people who are drinking, laughing, or talking while they are eating.

It is particularly important not to confuse a choking victim with a heart attack victim. In both cases, the victim may gasp with apparent pain and double over; also, many heart attack victims do experience difficulty in breathing. The most important difference is that the choking victim can't breathe at all, and therefore cannot speak. Heart attack victims ordinarily remain conscious and can speak, although with some difficulty. Choking victims can't speak and often lose consciousness in as little as two or three minutes. Death is almost certain to follow in as little as four minutes unless prompt, appropriate treatment is given.

There is one technique for treating victims of choking that has been shown to be almost fool-proof. It's called the "Heimlich Maneuver," after its inventor, Dr. Henry J. Heimlich of Cincinnati. Dr. Heimlich found that there is ordinarily a reserve of air in the lungs that can be used to expel the dislodged food particle from the throat.

Using the Heimlich Maneuver is relatively simple. If the victim is standing or sitting, stand behind the victim and put your arms around his or her waist, a couple of inches above the belt line. Grasp your hands, just below the victim's rib cage. Squeeze sharply with an upward motion. This compresses the victim's diaphragm, forcing air out of the lungs. The maneuver can be repeated, if necessary, until the piece of food pops out of the victim's mouth. Recovery is almost immediate, although medical attention is recommended in case there are complications.

If the victim has fallen to the floor, or if for some reason the standard maneuver can't be performed, anything that provides a sharp blow just below the diaphragm will force residual air from the lungs. It's important to understand that a great deal of force is not necessary, and could result in unnecessary internal damage.

Does this technique work? According to health authorities, the Heimlich Maneuver has saved hundreds of choking victims from almost certain death, and has never resulted in serious injury. The technique has been endorsed by the American Medical Association and is being taught to emergency medical personnel, and in first aid courses, all over the country.

**"RIGHT TO FOOD" T&CCC SUBJECT FOR OCT. 6 & 7**

COLLEGE STATION—Who has a "right to food?" That will be the key issue under discussion at the upcoming Town and Country Church Conference at Texas A&M University, Oct. 6-7.

The "Right to Food" Movement is one of the major issues today and is a source of potential conflict between agricultural producers and religious groups, points out Dr. Dave Ruesink, sociologist with the Texas Agricultural Extension Service and conference chairman.

"Ministers and lay leaders are constantly asked to comment on issues and deal with the conflict that arises from differences between public policy and denominational positions," notes Ruesink. "The 'Right to Food' Movement continues to

The Texas Department of Health Resources also endorses the Heimlich Maneuver as a life-saving technique, and encourages you to learn and to practice this technique. You never know when it could mean the difference between life and death for someone in your family.

grow and today's ministers must have a better understanding of the movement, especially ministers of rural churches having congregations of both consumers and producers."

According to Ruesink, the conference is designed to examine the basic issues of the "Right to Food" Movement from the viewpoint of producers and some religious groups, to examine the moral issues and potential conflicts that may arise in a congregation as a result of this movement, and to learn a technique for handling any conflicts that may arise within a church.

Keynote speakers for the conference will be Allen Grant, president of the American Farm Bureau, and Arthur Simon, executive director of Bread for the World, Washington, D.C. These addresses will be followed by workshop sessions using the "Right to Food" issue as a case for conflict management. The workshop will be conducted by Howard Phillips, a sociologist at Ohio State University.

An added feature of the conference will be a presentation on the community development program being conducted by the Extension

**NEWS FROM NORTHSIDE**

New officers and teachers were elected for the new church year Wednesday night in the business meeting.

Letter was granted for Mrs. Jerry (Vicky) Shewmake to the South Plains Baptist Church in Levelland.

**SEEDS FROM THE SOWER**  
By Michael A. Guido, Metter, Georgia

Many have a wrong idea of Christianity. They think of it as a killjoy. For the Christian life, as it is generally lived, is not a happy life.

A keen observer once said, "There are some Christians who seem to have a religion that makes them miserable. They're like a man with a headache. He doesn't want to get rid of his head, but it hurts him to keep it. You can't expect outsiders to seek very earnestly for anything so uncomfortable."

But the Christian life ought to be, not something to make

one miserable, but to make him happy.

Long ago one said from experience in Psalm 144:15, "Happy is that people whose God is the Lord."

But some who profess to be people of God have no happiness because they try to half-live the Christian life. But half a conversion is no more good than half a life-boat.

Happiness does not come through a discipleship that is half-hearted but whole-hearted. Caleb's secret of happiness is found in his testimony, "I wholly followed the Lord."

Why not try it?

**Coffee Break Substitutes**

Give your coffee "a break" --re- place it with more nutritious snacks and beverages throughout the day, a foods and nutrition specialist suggests.

Instead of a "coffee break," have a "snack break" and try a glass of fruit juice, an orange, apple or other fruit in season, says Mrs. Sally Coble, with the Texas Agricultural Extension Service, The Texas A&M University System.

"These snacks are low in calories and high in nutrients. Fresh fruits also supply fiber--which most Americans need in larger amounts."

"Also, milk and cheese

foods make good snacks. A glass of skim milk supplies only 90 calories and is packed with nutrients. Cheese cubes with fresh fruit are good choices, too," she said.

Other ideas that may require a bit more preparation time are celery and carrot sticks, green pepper rings, cucumber slices and radishes. If calories are not a problem, other tasty items are nuts or peanut butter and crackers, Mrs. Coble added.

"Finally, try drinking just a glass of plain cool water. This is refreshing and thirst-quenching with the least cost and calories."
