

Fat Stock Show Begins Monday

Superintendent of the Abernathy Livestock Show, Harvey Lutrick, has announced that this year's show will be held March 6 and March 7 at the Service Grain Elevator.

Weighting into the show will begin at 2:00 p. m. on March 6 and all entries shall be in place not later than 6:00 p. m.

All entries shall be turned in to the 4-H club leaders and agriculture teachers by February 28, 1978. An entry fee of \$1.00 per animal will be paid by the exhibitors at the time entries are turned in.

Those exhibiting must be FFA or 4-H club members.

Weight limits:

Steers-800 pounds and up.
Barrows (6 Gilts-18) pounds to 280 pounds.

Lambs-70 pounds to 140 pounds.

No weight tolerances will be given.

This year, Dr. Jerry Stockton from Texas Tech University will judge the swine, and Ken Cook, Lubbock County Agent, will judge the lambs and steers.

Judging shall begin at 12:00 p. m. on March 7 in the following order:

- A. Gilts
B. Barrows
C. Lambs
D. Steers

Ribbons, trophies and prize money will be awarded in all divisions. Special awards to be presented are:

- 1. Showmanship in swine, lamb and steer divisions.
- 2. Chris Benn award to be presented to most outstanding exhibitor of the entire show.
- 3. Plains Grain award will be presented to an outstanding 4-H club and FFA member.

All swine will be ear tagged before checking into the barn. Get your assigned ear tags from your 4-H

leaders or Vo. Ag. teachers and tag your pigs as follows:

Barrows and gilts showing in the barrow or market pig classes shall be tagged in the right ear with a yellow tag.

Gilts will be tagged in the right ear with a white tag.

Steers will not be tagged. Lambs have already been tagged.

COMMITTEE OFFICERS 1978 ABERNATHY STOCK SHOW

Superintendent, Harvey Lutrick; Asst. Superintendent, Lewis Lutrick; Secretary/Treasurer, Joe Oswald; Swine Superintendent, Gwin Myatt; Sheep Superintendent, Tim Barton; Beef Superintendent, Don McKenzie; Barn Superintendent, Jerry Oswald; Trophy Chairman, Leland Phillips; Publicity Chairman, Mitch LeMolne; Finance Committee, Ronnie Hamilton, Bill Waits, Richard Howard, Glynn Durrett.

Llano Estacado Museum Fund Raiser March 4

PLAINVIEW-A benefit for the Llano Estacado Museum will bring a little "Cowboy-mania" to Plainview Saturday, March 4 when Dallas standouts D. D. Lewis and Golden Richards will be the featured attraction for the event at Hutchinson Physical Education Center.

Museum officials are hoping for a full house of some 3,500 persons including those who attend the dinner which starts at 6:30 p. m. Cost for the dinner and program is \$8.50 for Museum Association members and \$11 for non-members.

Those not attending the dinner will be admitted at 7:30 p. m. for the program. Tickets will be \$5 for adults and \$3 for children under 12. Also, the two players will be available to have their pictures made with any fan at a cost of \$5 for a 5 by 7 color photo.

All area high school athletes have been invited to attend with letters about the benefit sent to the head football coach at each school. Poster contest among younger students has spurred

further interest in the program which will benefit one of the states finest museums, located on the campus of Wayland Baptist College.

Though only 6-1, 215, Lewis is one of the toughest linebackers in the game. The 33-year-old graduate of Mississippi State has completed nine years with the Cowboys and has played in three Super Bowls. He recovered a fumble in Dallas' 27-17 world championship victory over Denver in New Orleans. He's a key leader in the Cowboy's Domsday II defense.

Richards caught a 27-yard pass from Robert Newhouse for the final Dallas TD. He's a 27-year-old native of Salt Lake City who played for the University of Hawaii and has completed five years with Dallas. In regular season, he caught 17 passes for 225 yards and three touchdowns.

Tickets may be purchased in advance by writing to the Llano Estacado Museum at Wayland Baptist College and they also will be available at the door the night of the benefit.

Christine Vinson Enters Race for County Tax Post

Mrs. CHRISTINE VINSON
Mrs. Christine Vinson has announced her candidacy for Hale County Tax Assessor-Collector, subject to action of the May 6 Democratic primary.

In making her announcement Mrs. Vinson said, I have been a resident of Hale County for 36 years. My husband, Don, owns and operates Don & Shortys Automotive in Plainview. I have one son, Larry Don of Houston. I attended Plainview Schools and Lipperts Business College.

Having worked in both the Automotive and Advalorem tax departments for 12 years, under two Hale County Tax Assessors, Marshall Surrath for whom I was chief deputy of the automotive department then returned 8 1/2 years ago to work for Bill Hollars for whom I am assistant chief deputy. I am well qualified and capable for this important office and will run it courteously and efficiently. I will not be able to contact as many voters as I would like during the Campaign because the tax office will be in the midst of its busy season but your vote and support will be appreciated.

KIDDIES PICTURES TAKEN THIS YEAR IN COLOR

For many years the Abernathy Weekly Review has been running a pictorial feature of the youngsters in this area as "Citizens of Tomorrow". In the near future we will again be publishing free a picture of all the children who are brought by their parents or other guardian to the Abernathy Weekly Review between 11 a. m. and 7 p. m. Wednesday, March 8.

LIVING COLOR

An expert children's photographer will take the pictures to assure uniform quality and size for best reproduction... and this year will be taken in natural living color. Please dress your children colorfully to take full advantage of the beauty of color photography. The pictures will run in black and white in the newspaper.

NO COST TO PARENTS

There are absolutely no strings to this invitation nor are there any charges to the parents... they do not have to be subscribers or even readers of this newspaper to participate. Neither are the parents obligated to purchase any of the Color pictures taken.

Those who might desire color photographs may obtain them by making arrangements with the Studio Representative when they select the pose they wish to see printed in The Review.

APPOINTMENTS

Appointments may be made by calling Mrs. Nancy Schaap, phone number 298-2700.

While appointments are not necessary to have your children photographed it could avoid your having to wait. Check this date on your calendar now March 8

American Legion To Celebrate 59th Birthday In March

Legionnaires of Barton-Hood Post No. 500 in Abernathy will join with millions of their fellow members in a globe-spanning celebration of The American Legion's 59th birthday during March. Post Commander Dan Ward announced today.

Here in Abernathy the 59th anniversary will be observed by decorating all veterans graves with an American flag on Sunday, March 12th.

The American Legion was founded March 15-17, 1919, at a meeting in Paris, France, attended by representatives of the various outfits of the American Expeditionary Force of World War I. The organization has since opened its ranks to veterans of World War II, the Korean War, and the Vietnam War. From its modest beginning in 1919, the Legion has grown into an organization of 2.7 million war veterans belonging to nearly 16,000 posts located throughout the United States and in many parts of the free world.

As part of its observance for the 59th anniversary Post No. 500 is putting the final touches on its 1978 membership campaign and remains all eligible veterans in the Abernathy area that American Legion growth and accomplishment can be attributed to a simple phrase that is this year's theme-"We Dare To Care".

Membership in The American Legion gives the veteran an opportunity to respond and become involved with these needs of the community, the state, and the nation through the Legion's many and varied service programs. Membership workers of Post 500 have been conducting an intensive program of personal contact to invite eligible veterans to become a part of the post's local programs. If you have not been contacted please see Herbert Harb at the Abernathy Post Office.

Five To Appear In Washington, D. C.

The community of Abernathy is sponsoring 4 18 yr. old High School seniors on a trip to Washington, D. C. to testify before the U. S. Senate Committee on Agriculture hearings on March 3, 1978. Through their enthusiasm and dedication the four seniors make all the connections with Mr. Ma'lon, Senator Tower, and Senator Dole, and were granted the testimonial period plus other important meetings with Congressmen.

These four young men will be representing the future in farming for this community and the nation. As far as we know they will be the only 18 yr. olds that will be testifying at these hearings. They are Steve Presley, David Hunt, Gary McKenzie and Jerry Vineyard.

Five Abernathians were included in the list of persons scheduled to testify before the U. S. Senate Committee on Agriculture, Nutrition and Forestry in Washington, D. C. this week. They are Elbert Hap, representing the Grain Sorghum Producers Association with offices in Lubbock, March 1; and four AHS students Jerry Vineyard, David Hunt, Steve Presley and Gary McKenzie, Friday, March 3.

National Cotton Council Meeting Here March 2

The National Cotton Council meeting for all persons interested in cotton will be held at the Abernathy School Cafeteria at 7:30 p. m., Thursday, March 2.

N. C. C. policies and procedures will be discussed and their programs explained. All area producers are invited to attend this informative meeting.

JANET SHEATS TO SPEAK IN COTTON CENTER:

It has been announced that Janet Sheats, wife of Morris Sheats will be speaking in behalf of her husband, who is one of the candidates for Democrat-U. S. Congress. The meeting will be March 7th at 2 p. m. at the United Methodist Women's meeting at the First United Methodist Church in Cotton Center.

All interested women are invited to come and meet Mrs. Sheats and hear the things she has to share.

BRIEF:

Jack Waters, Jesse Duran and Ralph Aldis, mechanics in the service department at Joe Thompson Implement Co. were in Dallas this week to attend a school for John Deere mechanics. Harold Thompson and Gary Phillips recently attended a John Deere parts school in that city. They stayed in Dallas about a couple of days longer than they had intended when the city's airports were closed down due to weather. They rented a car and started home, but gave up on this mode of transportation when it took them about four hours to travel from Dallas to Fort Worth.

GOOD PEOPLE
IN ABERNATHY

Dorothy (Mrs. Ervin) Gruber, who works at West Texas Rehabilitation Center, says she does not recommend Abernathy, a small town north of Lubbock, as a vacation spot. But, if you are hunting some good people, don't overlook the residents of the Hale County community. She knows.

In October Dorothy received a call at work telling her that her mother was being moved from her home in northwest Kansas to Denver for surgery. (After the surgery, Dorothy brought her mother to Abilene where she died on Jan. 7.)

When she received the message, Dorothy got ready immediately and set out to drive nonstop to Denver.

It was after dark when she got to Lubbock. And hearing out for Amarillo she decided she must be on the wrong road. At Abernathy she decided to inquire.

She pulled into Don's Texaco station. Yes, she was on the right highway.

Service Grain To Be Sold At Public Auction

After twenty years in business under the ownership of H. V. Davis, Service Grain is to be sold at a public auction, March 15. We have enjoyed being a service to the public and have appreciated and enjoyed being associated with all our customers. We hope the new owner will continue to be of service to the community.

Mrs. P. A. Davis is a patient in Methodist Hospital.

Good People In Abernathy

Dorothy started to drive on when there came a strange sound from under the hood of her car. The attendant, Don, opened the hood to see what was wrong. The fan belt had worked itself off its shaft. Was about ready to go through the radiator.

Where could the car be repaired? There was a garage in town, but it was closed for the evening. Be open at 8 a. m. the next day.

"Can you direct me to the nearest motel?" Dorothy asked.

"We don't have a motel," the man said.

"Well, where is a hotel?"

"Abernathy doesn't have a hotel."

"An all-night restaurant?"

"We had a restaurant but the proprietor had a heart attack and closed it."

"Well," Dorothy said.

"I'll just sleep in my car," Don thought about it briefly.

"My wife would have a fit, if I left you here sleeping in your car," he said. "Let me call her and see what she suggests."

The wife came, driving a pickup. No, she had no place at her house for guests, but she took Dorothy and her bags to the home of Bessie Carey. Mrs. Carey once had the hotel. Now she takes in roomers.

Mrs. Carey's rooms were full, Dorothy said, again, "Just let me sleep in my car."

"I'll find you a place in my living quarters," Mrs. Carey said.

And she did. Don put Dorothy's car under cover and next morning, drove it to the garage where repairmen had it ready in 45 minutes.

Dorothy had a good night's sleep and next morning, a good breakfast. She and Mrs. Carey compared some notes. The Abernathy woman has a daughter-in-law, Ernestine Carey, and a granddaughter, Brenda Smith, living in Abilene. A very close friend of Daisy Scott of Abilene.

As she prepared to go on to Denver, Dorothy asked for her bill. Mrs. Carey would not take a cent. Dorothy insisted. No luck.

On her way out of town, the Abilenean stopped by a flower shop and bought two

arrangements, one for Mrs. Carey, the other for Don and his wife.

Three weeks later, driving from Denver back to Abilene, Dorothy timed her gas purchases so she could get a fill-up at Abernathy. Don recognized her as she stopped.

"Really, I didn't think I'd ever see you again," he said. "But I wanted you to know, you've cost me \$2,500!"

"What?" Dorothy asked him.

"Yes, my wife felt so bad, as not having a place for you to stay when you were stranded here, that she'd made me build out our house. When it's ready, we wait you and your husband to come see us."

Good place, Abernathy.

Hager Promoted To Assistant Professor At HSU In Abilene

ABILENE--Lawson Hager has been promoted to the rank of assistant professor by the Board of Trustees of Hardin-Simmons University. Hager previously held the rank of instructor in brass and music literature.

Hager, a native of Stanford, has earned degrees from Hardin-Simmons and North Texas State University. He has been at Hardin-Simmons since 1973.

After graduating from Abernathy High School in 1962, Hager enrolled at Hardin-Simmons from which he received the bachelor of music degree in 1967. Three years later he began graduate work at North Texas State and earned the master of music degree from that university in 1971.

Before coming to Hardin-Simmons Hager had worked as band director of the public schools of Sanger and as an instructor in brass at North Texas State.

Along with his duties as an assistant professor, Hager is director of university bands at Hardin-Simmons, including the world famous Cowboy Band.

Hager and his wife, Jane, now live at 1333 Westview in Abilene.

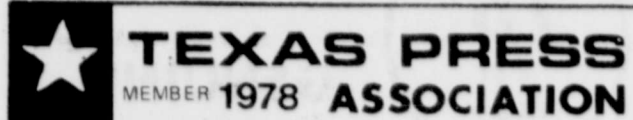

Cheerleaders Elected For 1978-79

The AHS student body voted last week on cheerleaders for AHS for the 1978-79 school year. These young ladies do a fine job leading the students and fans at ball games and pep rallies in supporting the football teams and basketball teams. There is a lot of hard work and time spent by this group of girls.

Those elected are: Seniors, Head cheerleaders are Cathy Shipman and Lisa Wolf, Kori Head is also one of the senior cheerleaders. Junior cheerleaders are Cathy Garcia, JoAnn Stone and Johnna Dawson. Sophomores cheerleaders are Dana Fondy, Christie Gist and Debra Crumpler. Freshmen cheerleaders are Jill Blalock, Tina Covey and Kelley Thompson.

GOVERNMENTAL ODDITIES

Curiosities And Blunders That Affect Millions

After a government agency banned the use of a plastic bottle for cola drinks, the truth came out. Even if a child could drink 3,000 quarts of beverage every day for a year from the bottles, the child would be no more affected than if the bottles had been made of glass, steel, aluminum or gold! Yet the government

...ruling is resulting in the elimination of 800 jobs.

NEWS AND COMMENTS

By Buford Davenport

NGC---The contents of this column have been written over the past three or four weeks, and some of it may be more stale than usual by the time it gets to the printing. This column rightly yields space to current, local news. When there's enough news to fill the pages, this column is carried over to later dates.

NGC---I have some "mending" to do on the A. C. Harris, Jr., house item in this column a couple of weeks ago. I said that Vint Stambaugh built the house. Arno Struve, who was in Abernathy before I came here, says a Mr. Hester built the house and later sold it to Mr. Stambaugh. Also, I said that A. C. cleaned out the attic of that house. I should have said "A. C. and Doris cleaned out the attic." Doris demanded equal billing on the "clean out" comment. The Harrises are adding two bedrooms and a bath on the second floor level of the high-roof house at 311 Ave. E, which they bought from Wendell Tooker.

NGC---I saved the big sum of 72¢ on my phone bill received last weekend. There was a call to Idalou for 19 minutes of talking on Christmas Day... a call not made from our telephone, but charged to our number. I spent more than 72¢ worth of time taking it off and explaining to the telephone company. I strongly suggest that you keep a log of all long distance telephone calls you make. The telephone company is very cooperative about deducting for these calls "stolen" from your telephone number. I wish General would install an automatic, computerized print out and charge out that prevents this kind of telephone long distance call theft.

NGC---Elsewhere in this Review is a feature item borrowed from the Jan. 27th Hale Center American, Tom and Anna Rambo's newsy weekly paper. It is headlined: "History of HI-Plains Hospital

Outlined." We were in Hale Center a lot in connection with printing The Review when HI-Plains was in the "talking" stage. We observed the "talk" and the hard work that brought forth this great asset to Hale County. Former Abernathian Vic Lamb, who was the HC editor and Abernathian Fritz Struve and others from here were among the hard-working group that transformed a dream into reality. Currently, a lot of Abernathy area people use HI-Plains Hospital, and we have some here in the HI-Plains home operated in connection with the hospital. Abernathian Ted Hill is head of the hospital's pharmacy department. Some may wonder why we mention the hospital when babies are born to Abernathy area couples at HI-Plains Hospital. Reason: HI-Plains is the only hospital that sends the birth information to The Review. Our thanks to them.

NGC---Just had a horrible thought: when the switch to metric system is completed, how will the weight of new babies be reported?

NGC---The federal government pulled a dirty trick on the American people when the agreement was made to change to the metric system. Come to think of it, this is but one of hundreds of dirty tricks that Washington has laid on the people of this nation over the years. NGC---The pseudo sophisticates in the big city news media drive me up the wall with their reference to small towns as "sleepy". This column touched on this subject in a recent issue of The Review. Setting me off this time is this headline in the Lubbock A/J Jan. 26 "Sleepy Town Mystified By Slaying of Family." It was over the story about the tragedy last week in Aspermont. Instead of "sleepy" why in the heck can't they just say "small town", assuming that a town with something over 1000 population is a small town. As Abernathy with some

3000-plus is considered a small town by comparison with Plainview and Lubbock. Aspermont is the seat of Stonewall County that produces a yearly average of \$42 million in oil, gas and gypsum and another \$8 million in crops and livestock. People involved in that volume of production are up and at 'em rather than being "sleepy". People in rural-area towns usually work longer hours than do their big city counterparts who are hooked on an 8-hour day. In the long days of daylight in late spring and summer, farmers' tractors go from sun-'til-sun, and after, now that the machines are equipped with lights for night work. Farmers and their employees make up a big segment of the small towns' population.

NGC---Economists use as an example the very small price farmers get for wheat in a loaf of bread compared with the retail price of that product. Another example also could apply to onion rings from the market frozen food unit. Examine the next you buy. You have to look pretty close on some brands to find the onion under all that puffed-up batter. All of the onion content could be eaten in one dainty-size bite.

NGC---I don't know who the chamber of commerce will honor as the Citizen of the Year at the upcoming banquet, but this I do know: Abernathy's Goodwill Ambassador of the Year is Donnie Mauldin who operates Don's Texaco Service Station on West Service Street in town. Mr. and Mrs. Mauldin and Bess Carey teamed up to help an Abilene woman travelling alone to Denver when she had car trouble in Abernathy. See the reprint of a column from the Abilene daily newspaper in this (or upcoming) issue of The Review. Mauldin's most recent activity to garner goodwill for Abernathy happened during the recent snowstorm when a Levelland man was stranded here. The out of town man spent the night in the Mauldin home. This brings to mind a letter which a Midland doctor sent to us for publication The Review a few years ago. The doctor's letter praised Don's Texaco station attendant, Don's Chevrolet and others for their help when he had car trouble in Abernathy at night. Our service station, garage and rest area at people, by their actions toward transient motorists, can either create goodwill or give Abernathy a blackeye. All of the reports we've heard are on the goodwill side of the ledger. I know what it is like, because we received help from a Mr. and Mrs. Nixon one night when we had car trouble near their home in Hemleigh some years ago.

NGC---As "money grubbing" as we are here at The Review, on numerous occasions we have torn up matted-in from out-of-town advertising and the checks to pay in advance for the publication. Experience (gained the hard way) has taught me to "smell" out ads from con men and con businesses. The present Review owners take my advice on this matter. In most instances when they tear-up the con ads and checks, warning notices later come out in the Texas Press Association bulletins to not accept those ads for publications. Also, they take my advice on ads without checks that I believe will not be paid if published. Later, we see in the TPA bulletins warning on these no-pay advertisers. Once there was a rule that sub-

jected a newspaper to a libel suit if ads were rejected. Some judge somewhere a few years ago ruled that a newspaper is within its right to refuse to run objectionable advertising, and that was taken as a precedent allowing rejection. The Lubbock Avalanche-Journal has the right to refuse many of the so-called "massage parlor" ads. The A/J revealed its "money grubbing" tendencies Sunday, Feb. 26. After reading the "Prostitutes Opera With Finesse" story on the front page, I turned to the classified section to read the "massage parlor" ads, most, or all, of which indicated what they are. The A/J could, if it wanted to, weed out the so-called "massage parlor" ads from those for establishments that conduct a legitimate massage parlor business. They could investigate these themselves or check with the Better Business Bureau. Now, on the plus side for the Avalanche-Journal, which carried the editorial headed "One Giant Voice For Citizens" in the Sunday, Feb. 26, edition. The lead editorial urged the Silent Majority of Americans to speak out, and "Say It Now--And Say It Where It Counts". It was an editorial masterpiece.

NGC---The calendar week of March 5-11 is Texas Public Schools Week. Main observance in Abernathy Schools will be an Open House Thursday, March 9, from 7:30 to 9 p.m. Everyone is welcome to attend, and tour the various buildings, rooms and departments.

NGC---On tap for March: the 17th, St. Patrick's Day; 19th, Palm Sunday; 27th, vernal equinox and first day of Spring; 23rd, Maundy Thursday; 24th, Good Friday; 25th, Annunciation; 26th, Easter Sunday; 30th, National Shut-In Day.

NGC---Spring Break for Abernathy and New Deal Schools starts at the close of classes Friday, March 17, and ends when classes are resumed Monday morning, March 27. (School will turn out at 2:30 p.m. March 17, at New Deal.)

NGC---Astroworld in Houston will begin weekend operation March 11, and will open Easter Week, March 27-28. Summer daily operations will begin Memorial Day. The Review has brochures for Astroworld, which is operated by the same corporation that has Six Flags Over Texas at Arlington.

NGC---The Review has a "Wonderful West Texas Fun and Adventure Map" circu-

lated by the West Texas Chamber of Commerce. You'd be surprised at the many interesting places and things to see in that region. You are welcome to come by and check this brochure/map.

NGC---South Plainsmen planning a trip to London will enjoy the comfort and convenience of flying out of Lubbock International Airport direct to Dallas/Fort Worth Regional Airport and from there non-stop to England. Connections can be made in London to all of Europe and the Middle East. Braniff International was scheduled to start non-stop flights from DFW to London March 1. See Braniff at Lubbock Airport, or check with your travel agent. The Review has a time table/brochure.

(Announcement early this week concerning a technicality says the start of Braniff's non-stop Boeing 747 flights from DFW to London possibly could be delayed from the March 1st date.)

NGC---Here's some "repair" work on the comment (Feb. 23) about the Hale County Precinct 2 Commissioner race. It said "Former Homer Roberson". I assure you that Homer is current rather than former. This should have (Cont. on Page 3-Col. 4)

built to save

The key to saving IS INSIDE...

- ... THE WALLS AND CEILINGS
The outside walls of the ENERGY EFFICIENT HOME meet standards according to three options. The first option uses 6 inch studs with 6 inch batt-type (R-19) insulation. Option two has 4 inch studs and 3 inch insulation (R-11) with 3 1/4 inch styrofoam sheathing. The third option uses R-15 minimum insulation with any other method. All options include a vapor barrier of 6 mil. polyethylene or foil-backed sheetrock. Sill insulation or sill caulking between the bottom plate and the floor also is required. The ceiling is insulated with R-30.
- ... THE DOORS AND WINDOWS
Outside doors and all windows on the ENERGY EFFICIENT HOME are weather stripped and caulked. In addition, double pane glass or storm windows and insulated core or storm doors are vital contributors to the dollar-wise built to save ENERGY EFFICIENT HOME. A recommendation is made that maximum glass area comprise 8% or less of floor space.
- ... THE FLOORS
The very foundation of the ENERGY EFFICIENT HOME -- the floor -- is an important factor in saving energy and money. Slab floors contain vermiculite in the cavity between bricks and slabs up to the top of the floor. An alternate is a layer of rigid urethane or styrofoam (minimum of 3 1/4 inch thickness) from top of floor along the outside edge of the slab down to the brick ledge. Wood floors (per and beam) must be insulated with R-13.

When you're planning to buy or build a new home, you start by taking a really good look inside. Because the key to comfort and saving is INSIDE... INSIDE the walls, in the doors and windows, under the floor and in the ceiling. So peek INSIDE the ENERGY EFFICIENT HOME -- really INSIDE. You can see that it's BUILT TO SAVE -- Energy and Money.

Hollars resigns county post

Hale County Tax Assessor-Collector Bill Hollars Friday announced his resignation, effective Mar. 1.

He has accepted a position with the State Comptroller's Office in Austin and will be moving there in the very near future. He will begin his duties in Austin Mar. 1.

Hale County commissioners will now appoint an acting replacement who will serve in that capacity until a permanent replacement is elected later this year.

County Judge Henry Heck told The Herald Friday that commissioners are hopeful of naming an acting replacement who has no desire to campaign for the job fulltime. "We don't want to be in a position of appointing the new tax assessor. We think the voters should make that choice," he said.

ONCE THE acting replacement is named, he or she will work with Hollars on a transitional program until Hollars leaves.

Commissioners will then establish a three-week filing period, Mar. 3-7, for interested persons to enter the May 6 Democratic and Republican primaries.

Commissioners said it is possible that the Democratic nominee might be named new tax assessor-collector after the May 6 primary if there is no candidate in the

Republican primary. However, if the Republicans do have a candidate the acting replacement would continue on the job until the November general election, county officials said.

IN A PREPARED statement to commissioners Friday, Hollars said, "I hereby tender my resignation as County Tax Assessor-Collector of Hale County, Texas, effective March 1, 1978. I have accepted employment with the State Comptroller's Office in Austin, Texas and will be moving there in the near future. I wish to thank all of the county officials and the people of Hale County for the fine cooperation and courtesy shown my office staff and me during my 17 years in the county tax office."

Hollars a resident of Plainview since 1943, was first elected tax assessor-collector in 1960. Since then he has run unopposed in all following elections.

"It was a very hard decision for me. But I feel this is a fine opportunity for me and my family and felt I'd better not pass it up," Hollars said.

"I did much soul-searching before making a decision. We will certainly miss Hale County and all the fine people here," he said.

GOVERNMENTAL ODDITIES

Curiosities And Blunders That Affect Millions

After a government agency banned the use of a plastic bottle for cola drinks, the truth came out. Even if a child could drink 3,000 quarts of beverage every day for a year from the bottles, the child would be no more affected than if the bottles had been made of glass, steel, aluminum or gold! Yet the government

NEWS AND COMMENTS

By Buford Davenport

NEC---The contents of this column have been written over the past three or four weeks, and some of it may be more stale than usual by the time it gets to the printing. This column rightly yields space to current, local news. When there's enough news to fill the pages, this column is carried over to later dates.

NEC---I have some "mending" to do on the A. C. Harris, Jr., house item in this column a couple of weeks ago. I said that Vint Stambaugh built the house. Arno Struve, who was in Abernathy before I came here, says a Mr. Hester built the house and later sold it to Mr. Stambaugh. Also, I said that A. C. cleaned out the attic of that house. I should have said "A. C. and Doris cleaned out the attic." Doris demanded equal billing on the "clean out" comment. The Harris is adding two bedrooms and a bath on the second floor level of the high-roof house at 311 Ave. E, which they bought from Wendell Tooker.

NEC---I saved the big sum of 72¢ on my phone bill received last weekend. There was a call to Dallas for 19 minutes of talking on Christmas Day... a call not made from our telephone, but charged to our number. I spent more than 72¢ worth of time taking it off and explaining to the telephone company. I strongly suggest that you keep a log of all long distance telephone calls you make. The telephone company is very cooperative about deducting for these calls "stolen" from your telephone number. I wish General would install an automatic, computerized print out and charge out that prevents this kind of telephone long distance call theft.

Outlined. We were in Hale Center a lot in connection with printing The Review when Hi-Plains was in the "talking" stage. We observed the "talk" and the hard work that brought forth this great asset to Hale County. Former Abernathian Vic Lamb, who was the HC editor and Abernathian Fritz Struve and others from here were among the hard-working group that transformed a dream into reality. Currently, a lot of Abernathy area people use Hi-Plains Hospital, and we have some here in the Hi-Plains home operated in connection with the hospital. Abernathian Ted Hill is head of the hospital's pharmacy department. Some may wonder why we mention the hospital when babies are born to Abernathy area couples at Hi-Plains Hospital. Reason: Hi-Plains is the only hospital that sends the birth information to The Review. Our thanks to them.

NEC---Just had a horrible thought: when the switch to metric system is completed, how will the weight of new babies be reported?

NEC---The federal government pulled a dirty trick on the American people when the agreement was made to change to the metric system. Come to think of it, this is but one of hundreds of dirty tricks that Washington has laid on the people of this nation over the years.

NEC---The pseudo sophisticates in the big city news media drive me up the wall with their reference to small towns as "sleepy". This column touched on this subject in a recent issue of The Review. Setting me off this time is this headline in the Lubbock A/J Jan. 26: "Sleepy Town Mystified By Slaying of Family." It was over the story about the tragedy last week in Aspermont. Instead of "sleepy" why in the heck can't they just say "small town", assuming that a town with something over 1000 population is a small town. as Abernathy with some

3000-plus is considered a small town by comparison with Plainview and Lubbock. Aspermont is the seat of Stonewall County that produces a yearly average of \$42 million in oil, gas and gypsum and another \$8 million in crops and livestock. People involved in that volume of production are up and at 'em rather than being "sleepy". People in rural-area towns usually work longer hours than do their big city counterparts who are hooked on an 8-hour day. In the long days of daylight in late spring and summer, farmers' tractors go from sun-till-sun, and after, now that the machines are equipped with lights for night work. Farmers and their employees make up a big segment of the small towns' population.

NEC---Economists use as an example the very small price farmers get for wheat in a loaf of bread compared with the retail price of that product. Another example also could apply to onion rings from the market frozen food unit. Examine the next you buy. You have to look pretty close on some brands to find the onion under all that puffed-up batter. All of the onion content could be eaten in one dainty-size bite.

NEC---I don't know who the chamber of commerce will honor as the Citizen of the Year at the upcoming banquet, but this I do know: Abernathy's Goodwill Ambassador of the Year is Donnie Mauldin who operates Don's Texaco Service Station on West Service Street in town. Mr. and Mrs. Mauldin and Bess Carey teamed up to help an Abilene woman travelling alone to Denver when she had car trouble in Abernathy. See the reprint of a column from the Abilene daily newspaper in this (or upcoming) issue of The Review. Mauldin's most recent activity to garner goodwill for Abernathy happened during the recent snowstorm when a Levelland man was stranded here. The out of town man spent the night in the Mauldin home. This brings to mind a letter which a Midland doctor sent to us for publication. The doctor's letter praised Don's Texaco station attendant, Don's Chevrolet and others for their help when he had car trouble in Abernathy at night. Our service station, garage and rest area people, by their actions toward transient motorists, can either create goodwill or give Abernathy a blackeye. All of the reports we've heard are on the goodwill side of the ledger. I know what it is like, because we received help from a Mr. and Mrs. Nixon one night when we had car trouble near their home in Hemleigh some years ago.

NEC---As "money grubbing" as we are here at The Review, on numerous occasions we have torn up mailed-in from out-of-town advertising and the checks to pay in advance for the publication. Experience (gained the hard way) has taught me to "smell" out ads from con men and con businesses. The present Review owners take my advice on this matter. In most instances when they see-up the con ads and checks, warning notices later come out in the Texas Press Association bulletins to not accept those ads for publications. Also, they take my advice on ads without checks that I believe will not be paid if published. Later, we see in the TPA bulletins warning on these so-pay advertisers. Once there was a rule that sub-

jected a newspaper to a libel suit if ads were rejected. Some judge somewhere a few years ago ruled that a newspaper is within its right to refuse to run objectionable advertising, and that was taken as a precedent allowing rejection. The Lubbock Avalanche-Journal has the right to refuse many of the so-called "message parlor" ads. The A/J revealed its "money grubbing" tendencies Sunday, Feb. 26. After reading the "Prostitutes Operate With Finesse" story on the front page, I turned to the classified section to read the "message parlor" ads, most, or all, of which indicated what they are. The A/J could, if it wanted to, weed out the so-called "message parlor" ads from those for establishments that conduct a legitimate massage parlor business. They could investigate these themselves or check with the Better Business Bureau. Now, on the plus side for the Avalanche-Journal, which carried the editorial headed "One Giant Voice For Citizens" in the Sunday, Feb. 26, edition. The lead editorial urged the Silent Majority of Americans to speak out, and "Say it now--And Say It Where It Counts". It was an editorial masterpiece.

NEC---The calendar week of March 5-11 is Texas Public Schools Week. Main observance in Abernathy Schools will be an Open House Thursday, March 9, from 7:30 to 9 p. m. Everyone is welcome to attend, and tour the various buildings, rooms and departments.

NEC---On tap for March: the 17th, St. Patrick's Day; 19th, Palm Sunday; 21st, vernal equinox and 1st day of Spring; 23rd, Maundy Thursday; 24th, Good Friday; 25th, Annunciation; 26th, Easter Sunday; 30th, National Shut-In Day.

NEC---Spring Break for Abernathy and New Deal Schools starts at the close of classes Friday, March 17, and ends when classes are resumed Monday morning, March 27. (School will turn out at 2:30 p. m. March 17, at New Deal.)

NEC---Astroworld in Houston will begin weekends operation March 11, and will open Easter Week, March 21-26. Summer daily operations will begin Memorial Day. The Review has brochures for Astroworld, which is operated by the same corporation that has Six Flags Over Texas at Arlington.

NEC---The Review has a "Wonderful West Texas Fun and Adventure Map" circula-

ated by the West Texas Chamber of Commerce. You'd be surprised at the many interesting places and things to see in that region. You are welcome to come by and check this brochure/map.

NEC---South Plainsmen planning a trip to London will enjoy the comfort and convenience of flying out of Lubbock International Airport direct to Dallas/Fort Worth Regional Airport and from there non-stop to England. Connections can be made in London to all of Europe and the Middle East. Braniff International was scheduled to start non-stop flights from DFW to London March 1. See Braniff at Lubbock Airport, or check with your travel agent. The Review has a time table/brochure.

(Announcement early this week concerning a technicality says the start of Braniff's non-stop Boeing 747 flights from DFW to London possibly could be delayed from the March 1st date.)

NEC---Here's some "repair" work on the comment (Feb. 23) about the Hale County Precinct 2 Commissioner race. It said "Former Homer Robertson". I assure you that Homer is current rather than former. This should have (Cont. on Page 3-Col. 4)

built to save

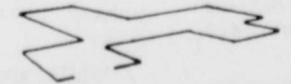

The key to saving IS INSIDE...

... THE WALLS AND CEILINGS
The outside walls of the ENERGY EFFICIENT HOME meet standards according to three options. The first option uses 6 inch studs with 6 inch batt-type (R-19) insulation. Option two has 4 inch studs and 3 inch insulation (R-11) with 3 1/2 inch styrofoam sheathing. The third option uses R-15 minimum insulation with any other method. All options include a vapor barrier of 6 mil. polyethylene or foil-backed sheetrock. Still insulation or sill caulking between the bottom plate and the floor also is required. The ceiling is insulated with R-30.

... THE DOORS AND WINDOWS
Outside doors and all windows on the ENERGY EFFICIENT HOME are weather stripped and caulked. In addition, double pane glass or storm windows and insulated core or storm doors are vital contributors to the dollar wise built to save ENERGY EFFICIENT HOME. A recommendation is made that maximum glass area comprise 8% or less of floor space.

... THE FLOORS
The very foundation of the ENERGY EFFICIENT HOME -- the floor -- is an important factor in saving energy and money. Slat floors contain vermiculite in the cavity between bricks and slat up to the top of the floor. An alternate is a layer of rigid urethane or styrofoam (minimum of 3 1/2 inch thickness) from top of floor along the outside edge of the slab down to the brick ledge. Wood floors (pier and beam) must be insulated with R-13.

When you're planning to buy or build a new home, you start by taking a really good look inside. Because the key to comfort and saving is INSIDE... INSIDE the walls, in the doors and windows, under the floor and in the ceiling. So peek INSIDE the ENERGY EFFICIENT HOME -- really INSIDE. You can see that it's BUILT TO SAVE -- Energy and Money.

OUR GENERATION IS FOR YOU!

WORD OF GOD

For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life.

Hollars resigns county post

Hale County Tax Assessor-Collector Bill Hollars Friday announced his resignation, effective Mar. 1.

He has accepted a position with the State Comptroller's Office in Austin and will be moving there in the very near future. He will begin his duties in Austin Mar. 1.

Hale County commissioners will now appoint an acting replacement who will serve in that capacity until a permanent replacement is elected later this year.

County Judge Henry Heck told The Herald Friday that commissioners are hopeful of naming an acting replacement who has no desire to campaign for the job fulltime. "We don't want to be in a position of appointing the new tax assessor. We think the voters should make that choice," he said.

ONCE THE acting replacement is named, he or she will work with Hollars on a transitional program until Hollars leaves.

Commissioners will then establish a three-week filing period, Mar. 3-27, for interested persons to enter the May 6 Democratic and Republican primaries. Commissioners said it is possible that the Democratic nominee might be named new tax assessor-collector after the May 6 primary if there is no candidate in the

Republican primary. However, if the Republicans do have a candidate the acting replacement would continue on the job until the November general election, county officials said.

IN A PREPARED statement to commissioners Friday, Hollars said, "I hereby tender my resignation as County Tax Assessor-Collector of Hale County, Texas, effective March 1, 1978. I have accepted employment with the State Comptroller's Office in Austin, Texas and will be moving there in the near future. I wish to thank all of the county officials and the people of Hale County for the fine cooperation and courtesy shown my office staff and me during my 17 years in the county tax office."

Hollars a resident of Plainview since 1943, was first elected tax assessor-collector in 1960. Since then he has run unopposed in all following elections.

"It was a very hard decision for me. But I feel this is a fine opportunity for me and my family and felt I'd better not pass it up," Hollars said.

"I did much soul-searching before making a decision. We will certainly miss Hale County and all the fine people here," he said.

Therefore the ungodly shall not stand in the judgment, nor sinners in the congregation of the righteous; but the way of the ungodly shall perish. Psalm 1

YOUTH FROM LOCAL CHURCHES ON SKI TRIPS:

Thirty-two youth and sponsors from the First Baptist Church were riding at Angel Fire at Eagle Nest over the weekend.

Young people and sponsors from the First United Methodist Church left Friday to ski at Red River. They returned on Monday.

The youth from the Church of Christ, along with their sponsors, left here Friday on a ski trip to Ruidoso. They returned late-late Monday night and Mrs. Shipman of the Church of Christ reported they were really having a hard time going to school on Tuesday!

Mr. and Mrs. Lon Carmickle returned from a recent trip to Red River, N.M., Angel Fire and other interesting spots in New Mexico.

Latin leaders

AUSTIN, Texas (Spl.) — Improving the skills of mid-career Latin Americans who bear promise of future leadership in their countries is the goal of a new program in the Lyndon B. Johnson School of Public Affairs at The University of Texas.

The U.S. State Department has selected the LBJ School as the site for its Fulbright-LBJ Program for Visiting Fellows. Only one other program like it exists in the U.S.

Beginning next fall, 10 Latin American professionals and managers will come to the campus to spend nine months pursuing studies in their areas of interest.

BRIEF:

Guyden Chambers, Michelle Neis and Roxane Bradley spent the weekend in Abilene. Miss Chambers spent the weekend at Hardin Simmons with her sister Dorothy who is a student there. Miss Neis went to attend the weekend planned for high school junior and seniors to come and visit the college and attend seminars and other planned activities. Miss Bradley spent the weekend at the McMurry campus getting to know about McMurry.

They returned home Monday.

SERVICES HELD FOR MARGARET KING

Services for Margaret Issabella King, 84, of Abernathy were held Monday in First Baptist Church here with the Rev. Jacky Newton, pastor, officiating. He was assisted by the Rev. Murray Brewer of Lubbock.

Burial was in the Plainview Cemetery under direction of Chambers Funeral Home here.

Mrs. King died at 10:45 a. m. Saturday in the Hi-Plains Hospital in Hale Center after a short illness.

A native of Sulphur Springs, Mrs. King moved to Hale County in 1936 and had been living in Abernathy for the last three years.

She is survived by three daughters, Mrs. Ralph Davis of Abernathy, Helen Gough of Abernathy, and Inez Gaines of Carlsbad, N. M.; a brother, Roger Bauman of Vallejo, Calif.; three stepsons, Lloyd King and David King of Lubbock and Lloyd Fuller of Arlington; 17 grandchildren and 14 great-grandchildren.

TIPS AGAINST SWINDLERS:

To guard against being taken by con men, police suggest:

- Be suspicious of anyone who seems to offer money, a product or a service for less than it ought to be worth.
- Be wary of people who claim to be bank examiners.
- Never divulge your financial holdings, your bank account number or where you have your account.

Rays Of Hope

PRAYER POWER

by Pat Stanton

"But thou, when thou prayest, enter into thy closet, and when thou hast shut the door, pray to thy Father which is in secret; and thy Father which seeth in secret shall reward thee openly." Matthew 6:6.

Jesus Christ gave a great teaching concerning prayer in Matthew 6. He said that when believers pray, that they should find a quiet place and shut the door to the things that are going on in the world. Jesus also promised that as we did spend this special time with the Father, that we would openly see our prayers answered.

There are times that we really do need "quickie" prayers, but so many Christians neglect that special quiet time with the Father.

Jesus gave the basic rules for praying when he taught his disciples to pray in this way:

1. We are to pray to "Our Father which art in heaven", because He is all-wise, all-loving, and all-powerful.
 2. We are to pray for his will to be done in everything.
 3. We are to pray for the coming of the Kingdom.
 4. We are to pray for our daily necessities.
 5. We are to pray for forgiveness, and practice forgiving others.
 6. We are to pray for the leading of the Lord, and deliverance from evil.
 7. We are to pray in faith. "for without faith it is impossible to please him."
- Prayer is a powerful force. We are cheating ourselves and those around us because we do not "pray without ceasing." We are also instructed to pray in the name of Jesus (John 14:13, 14 and John 15:16).

The model pray is brief, to the point, and not repetitious. It is the perfect prayer.

1935 STUDY CLUB MEETS HERE

The 1935 Study Club met in the home of Mrs. Thomas Johnston for the regular Jan. 23 meeting. Mrs. Hilburn Barrick presided at the business meeting.

Mrs. J. C. Mills gave a timely and interesting report on Consumer vs. Agriculture. Refreshments of desert and coffee were served by the hostess.

Attending were: Mrs. Hilburn Barrick, Mrs. Lee Echols, Mrs. Vester Embry, Mrs. Dan Fondy, Mrs. E. A. Houston, Mrs. Jack Jackson, Mrs. Thomas Johnston, Mrs. Frank Lovelace, Mrs. J. C. Mills, Mrs. Ray Martin, Mrs. Wayne Nelson and Mrs. Cal Tucker.

The next meeting will be March 9 with Mrs. Eccell Givens.

GREAT SOCIETY H.D. CLUB HOLDS MEETING

The Great Society Home Demonstration Club met Feb. 21 for a lesson on "updating of the Kitchen."

To keep the co-extension agent from having to make the second trip to Abernathy during this extreme weather, the Nite Home Demonstration Club was a guest of Great Society Club.

The assistant co-extension agent, Vicki Winters, acquainted the clubs with some very clever ideas to improve the appearance and workability of the most supposedly used room in the house, the kitchen.

Maybell Glass called the club to order with prayer. The club answered roll call "what I see from my kitchen window."

The Abernathy clubs with the combined efforts of all the Home Co. clubs will host a party for the Co. Judge and Co. Commissioners at the Hale Co. State Bank, Feb. 27.

The Nite Club will meet March 5th with a lesson on "making our homes less inviting to the criminal." They will meet at City Hall at 7:30 p. m.

Everyone is invited to these club meetings. The Home Demonstration Clubs are designed for inspiration, information, recreation and association.

Those attending were: Nova Garcia, Juanita Dominguez, Margareta Sandoval, Imogene Suttle, Maybell Glass, Jennie Slough, Alice Pace. LaNelda Bridges became a new member of the nite group.

MUSIC CLUB HOLDS MEETING

The Abernathy Music Club met Tuesday, February 21, at 8 p. m. in the city clubroom.

Special guests were Dovie Barron, accompanied by six of her students and Lorna Tullis gave a program on popular music.

The students who sang were Toby Barrick, Kim Grant, Karice Newton, Regina Powell and Amada Stillwell. Weldon Patterson accompanied the singers on the piano on two songs.

Ruth Adams and Jean Flud were hostesses for the meeting.

Members present were: Ruth Adams, Jean Flud, Otella Clement, Bettie Hardin, Alma Ruth Patterson, Erma May Spruiell and Lillie Mae Wilson.

CITY GARDEN CLUB IN MEETING

The City Garden Club met in the City Hall Club Room on Thursday, February 23 at 3:00 p. m.

Members present were: Valoise Ahrens, Juanita Bell, Lalah Brewster, Blanche Coggin, Vera Pope, Alice Price, Elizabeth Harrison, Lily Mae Wilson, and a visitor, Burnelle Drye.

Elizabeth Harrison presented some very helpful information on the "Planting and Pruning of Roses". Lily Mae Wilson completed the program on "Roses" by showing pictures of roses suited to this area.

Hostesses were Lily Mae Wilson and Valoise Ahrens. The next program will be on March 9.

"WE THE PEOPLE"

"We the people"-we are the "grass roots" of America. I, too, "have a dream". I see an organization growing that can once again be "of the people, by the people, and for the people". The American Agricultural Movement is voluntary with no paid leaders. This is the way it should remain. It cannot become like the unions where someone could be bought off. As it was conceived and created, this cannot happen because "they" don't know "who" to buy off. If someone is bought off "there will always be someone else to take their place." This is the way A. A. M. is now. As it moves toward its true greatness, it must remain as it was conceived. In the event that it becomes a permanent organization for the American farmer, than very careful preparation will have to be made to insure its representatives will continue to uphold these ideals.

This organization is only in its infant stage. Those of us who are in it want "a return to democracy". We can no longer tolerate the imbalance which now exists between those in power and its people.

As I envision the greatness of this movement, I can see the possibilities of things far greater than 1708 party for the farmer. If we remain true to its ideals-purely voluntary, and no planned violence, we can prove to the citizens of the United States of America that its system still can work. Checks and balances do work. For too long, perhaps, because we have had things too easy in America, we have let someone else do our job.

How many times have you heard "you can't fight the government?" If our country and our government are weak, it is because we have been too lazy to do the job left in trust to us by the founders of this country. We had better wake up or we are going too lose our

"democratic way of life"

We are the government! How many of you read 1934 and couldn't believe it could happen to us? If you have forgotten this book read it again! It is much closer to the truth now than it was in the 1930's.

If 1934 should become a reality, it will not be entirely the fault of politicians. The blame will have to be shared with the people. History will say that the democratic system of America failed the same way many other prosperous societies failed. Its people and its leaders grew too greedy and too lazy to work for the common welfare of its nation.

Let's end this article on the same note it began. I, too, "have a dream" and that dream is that the A. A. M. is the rebirth of democracy in the United States of America.

I'm not a Bible scholar, but I can't help but wonder if this isn't the same reason this old world is still here. Just about the time it looks like everything is so bleak, God's people prove that there is a reason to keep this old world around. I said, I'm no scholar, but isn't it an exciting idea!

Social Security Office Announce

Ray Purcell, manager of the Plainview Social Security Office announced today that in 1977 the Southwest region of the Social Security Administration showed increased success in its efforts to curb fraud in the Supplemental Security Income (SSI) Program.

He said that a number of cases were successfully prosecuted late in 1977.

Purcell said that the SSA Regional Integrity Staff, located in the Office of the Regional Commissioner in Dallas, had told him that numerous other such criminal actions are pending in the Dallas Region. He added "SSI is a program administered by the Social Security Administration and is designed to aid the needy, aged, blind or disabled. Of course we want to assist all individuals who have limited income and resources and who are either over 65, blind or disabled. However, we are determined not to pay money intended for the needy to those who are not qualified to receive it. We are continuing and stepping-up our efforts to eliminate fraudulent and improper benefit payments."

Investment schemes ranked first in dollar value, with a loss to the public of \$44,524,240. Failure-to-furnish merchandise ranked first in the number of complaints received, with more than 19,000 reported, involving a loss of \$2,643,326.

Postmaster Lambert stressed that the overwhelming majority of those companies making up the \$60 billion mail-order industry are honest and seek to satisfy their customers. But, as in other industries, there are a few disreputable ones that cause problems.

The Postal Service actively investigates mail fraud and false representation by mail, and assists with mail-order and service problems, through the efforts of the Postal Inspection Service, the Consumer Protection Office of the Postal Service Law Department, the Service's Judicial Office and its Consumer Advocate.

The consumer protection activities of these departments include attempts to resolve unsatisfactory mail-order transactions such as failure-to-furnish ordered merchandise or make promised refunds. Administrative proceedings may be initiated against mail-order firms that falsely advertise their products. In cases of mail fraud, the Postal Inspection Service presents investigative results to the appropriate U. S. Attorney for criminal proceedings.

"In conjunction with Consumer Protection Week, we are re-emphasizing the Consumer Service Card program, to remind consumers of our continuing interest in their mail-service and related problems," Postmaster Lambert said. "Consumer Service Cards are available at the post office or from letter carriers, and provide the means for attacking problems individually and geographically."

"If you have any problems, complete and mail a Consumer Service Card for mail service assistance. Talk with my office or a postal inspector concerning possible false advertising-by-mail or mail fraud. Let's work together," Postmaster Lambert added.

POSTAL SERVICE LOSS TO PUBLIC

"American consumers lost an estimated \$514 million last year as a result of mail fraud and misrepresentation-by-mail schemes," according to Postmaster Lambert.

Accounting for most of the loss were schemes involving stocks and land investments, credit misrepresentation, and false claims against insurance companies.

"In a concerted effort to assist consumers, Postmaster General Benjamin F. Ballar has designated February 21-26 as the second annual Postal Consumer Protection Week. This week is designed to alert the public to mail-order schemes and serves to emphasize the consumer protection activities of the Postal Service," Postmaster Lambert said. "The Postal Service has been helping consumers since enactment in 1872 of the Mail Fraud Statute."

Investment schemes ranked first in dollar value, with a loss to the public of \$44,524,240. Failure-to-furnish merchandise ranked first in the number of complaints received, with more than 19,000 reported, involving a loss of \$2,643,326.

INFLATION

Inflation rates are gradually being reduced.

Professor Lawrence R. Klein at the Wharton School, University of Pennsylvania, forecasts that for 13 industrialized countries, the combined inflation rate appears to be sliding from 7.4 percent in 1977 to 6.4 percent in 1979. Professor Klein is coordinator of Project LINK, a research group that brings together data from all over the world.

FAMILIES SHOULD KNOW LEGAL RIGHTS

COLLEGE STATION--To exercise legal rights, families need a working knowledge of the law--something most people may not have, says Debby Johnson, a family life education specialist.

Citing an Oregon study on the public's knowledge of family law recently, she said respondents generally answered only half of the questions correctly.

Miss Johnson is with the Texas Agricultural Extension Service, The Texas A&M University System.

"This study shows a definite need for more general legal information affecting families and individuals."

"Public oriented information which outlines one's legal rights would enable many people to seek an attorney when the need arises."

"Of course, such material should not attempt to usurp the role of an attorney--rather, it should help families avoid problems that need a competent attorney's expertise," she said.

Regarding the Oregon study, she said it indicated that two-thirds or more of the respondents were aware of current laws relating to venereal disease treatment for minors, age of legal adulthood, rights of welfare families to decide about birth control, and rights of illegitimate children.

"On the other hand, about two-thirds of the respondents were misinformed or incorrect in several vital areas--items relating to minors' rights to birth control information, minors' rights to medical treatment, and questions concerning voluntary sterilization.

No relationship was found between age, education, religion--and the level of knowledge of family law. However, women generally scored higher than men did, the specialist added.

"It should be pointed out that there are no nationally established precedents or norms as to the public's knowledge of the law--therefore, we cannot say that these findings prove knowledge or ignorance of the law."

"We can say they are consistent with previous research findings that most people can answer only half of the questions correctly," she said.

The study further reported that when asked the sources of their information about the law, respondents said they rely on the newspaper for most of their information. This was followed by television and radio second, and friends and family third.

VETERAN BURIAL FUNDS AVAILABLE

Many veterans of the Armed Forces of the United States, and their families, are unaware that the Federal government may contribute toward the payment of the burial of a veteran. According to Herb Hardin, Veterans Service Officer for Barton-Hood Post 507, veterans should be made aware of this provision of Federal law, and they should be certain that their family members know of the burial allowance which can be paid by the Veterans Administration.

Current Federal laws authorize the Veterans Administration to pay up to \$250 toward the burial expenses of an eligible veteran, when his death is not caused by a disability which was incurred during military service. An additional \$150 may be available as a plot or interment allowance. When a veteran's death is caused by a disease or injury which is rated service-connected, the VA burial allowance is \$800, which may be paid even when veteran is buried in a National Cemetery. When a non-service-connected veteran is buried in a National Cemetery, the VA pays only the \$250, as there is no plot or grave space charge in a National Cemetery.

With the exception of

Arlington National Cemetery of Washington, D. C., burial is available to eligible veterans at all National Cemeteries having grave space. A number of National Cemeteries also provide burial space for the wives and minor children of the eligible veteran. The eligibility requirements for burial in Arlington National Cemetery may be obtained by writing to Superintendent, Arlington National Cemetery, Arlington, Virginia 22211.

Burial in a National Cemetery may be arranged by the funeral director in charge of the services of an eligible person. A telephone call will suffice in establishing eligibility and arranging for a time for burial. Most funeral directors will also either file claim for the VA burial allowance, or they will assist the next of kin in making the appropriate application.

WORD OF GOD

Turn you at my reproach; behold, I will pour out my spirit unto you, I will make known my words unto you.

Proverbs 1:23

But ye have said, I sought all my counsel, and would have none of my reproach; I also will laugh at your calamity; I will mock when your fear cometh.

Proverbs 1:25-26

But whose heart shall hiss into me shall hiss safely, and shall be quiet from fear of evil.

Proverb 1:33

SEEDS FROM THE SOWER

By Michael A. Guido, Metter, Georgia

Yesterday a young lady asked, "Why be good?" Before there was time for an answer, she added, "I don't like what I'm doing. But when I give up these things, I give up my friends and my fun. So, why be good?"

She is not alone in asking this question, and here are three reasons for being good.

First, because you must look in. You must have self-respect. This cannot be purchased. It is not for sale. It comes to you when you are alone, when you realize that, knowing the Saviour, you have accepted Him; knowing the truth, you have spoken it; knowing what is right, you have done it.

Second, because others are looking on. Whether you believe it or not, you come between men's souls and the Saviour, either as a bridge or a barrier. For good or for bad, your influence has its effect on others.

Third, because the Lord is looking down. He demands an account of the past, which you must render hereafter. And He demands an improvement of the present, which you must render now.

Being good is not a chore, but a challenge. Dare you accept it?

NOTICE: DAVS AND WIDOWS OF DAVS

Disabled veterans and widows of veterans who are receiving disability and death pension benefits must reestablish their eligibility for these benefits each year. According to Herb Hardin, Veterans Service Officer for Barton-Hood Post No. 530, these persons are eligible for pension benefits only when their income from all sources is within the limitation prescribed by Federal law.

Claimants who were required to report their annual income to the Veterans Administration received an Annual Income Questionnaire Card on November 1, 1977. The income card, when properly completed, provides the VA with information showing the claimant's income during 1977, and his other anticipated income in 1978. The monthly payments of pension for 1978 are based

upon the person's estimate of anticipated income.

Persons who failed to return the income card by January 1, 1978, will have their pension benefits terminated. Payments may be resumed only when the report of income is received by the VA, and it is shown that the annual income is within the limits prescribed by law. During 1978, veterans and widows with no dependents are eligible for pension if their income is not more than \$3,777. Persons with dependents may receive pension if annual income is not more than \$5,777.

Veterans needing assistance in reporting their income to the VA, or any other matter relating to VA benefits, may contact their local Veterans Service Officer or any office of the Veterans Administration.

WHEN THE TRACTOR STOPS

From the heart of a farmer's wife for fifty years, from five generations of farmers, whose sons and grandsons are farmers.

WHEN THE TRACTOR STOPS!!

Wake up civilization!! Be glad to hear and see the tractor roll. For while they are rolling, it means food, health, and happiness for all.

The Great Agricultural Giant has long been beaten down by his fellowman, who has forced him to say (when he went to market) "What will you give me for my farm products?"

While this same giant, when he went to buy, was forced to ask "What will you take for your merchandise?"

This huge giant is awake now. He has both arms stretched out to you. In his left hand he holds an olive branch. In his right hand he holds a big tractor, which represents all the great wheels of industry.

Give this giant a chance to use his left hand. Let the tractors roll. Give him a chance to feed you and the rest of the world.

This powerful giant has his back to the wall. He has fought, bled, and even died for you. Now he stands waiting your decision.

It takes only a few minutes to eat a dinner of meat, bread and wine. But it takes a whole year and more to grow it.

This huge giant, like Patrick Henry of old, says "Give us Liberty or we shall all die."

He asks not for subsidy, sympathy or ridicule. All he asks is parity, a fair price, at the market.

Unless this happens, sooner or later, the tractors will have to stop. For it takes money, labor, time, and much effort to keep them rolling.

This great giant is awake now. He means business. Never before has agriculture been so united or so determined. It asks for your support, or it can not continue much longer.

Some are not planting and some are plowing up part of what they have planted.

N.H.C.A. Affiliate #26 Holds Meeting February 6 in Lubbock

Affiliate #26 of the N.H.C.A. met Monday night, February 6, in Lubbock. All those attending were fortunate to see a program by Wendell Carnes of Hair by Diane. Wendell has been at Hair by Diane for the last six years. Wendell demonstrated a very exciting new haircut appropriately called "The Savage". Wendell's lovely model was Suzanne Self of Lubbock.

The next meeting of the N.H.C.A. Affiliate #26 will be on Monday April 3 in Levelland. The meeting will be held in the Cosmetology Department at the high school. The program will be on color. For more information call your local officers. Reported by-Lou Pruett

SCRIPTURE:

FASHION FIELD DAY HELD AT S.P.C.

The fashion merchandising students at South Plains College are having a field day.

That is, eight of them will when they travel to Dallas Feb. 24-25 for a tour of Dallas area stores and a Fashion Field Day at the Dallas Apparel Mart.

On Friday, the group will tour J. C. Penney's Shopping Center in Dallas and Russell Newman's of Denton, a lingerie store, according to Cindy Brown, SPC assistant professor of fashion-merchandising who is accompanying the students on their trip.

Highlights of the fashion field day will include a slide

presentation of the latest fashion trends as seen at the Dallas Apparel Mart, talks by merchandising specialists on specialty stores, mass merchandising and department store national merchandising; individual instruction sessions on fashion coordination, professional modeling, fashion display, fashion photography, fashion designing, advertising and public relations and fashion show production.

The special day is being presented by the Fashion Group Inc. of Dallas.

SPC fashion-merchandising student Pat Hartman of Abernathy made the trip with several other students.

NEWS FROM NAZARENE

NAZARENE NEWSLETTER: REVIVAL

Our spring revival will be April 13-16 with Rev. Gene Fuller as the Evangelist and Chuck and Mary Jackson as song Evangelist. This is a great team of workers and we will be looking forward to a great meeting. We are praying, and wait you to pray for this meeting. Rev. Fuller is our District Superintendent and an outstanding Bible preacher. The Jacksons are excellent singers. They make their home in Nashville, Tenn. Plan to attend every service.

DISTINGUISHED SERVICE AWARD

We will present the Distinguished Service Award to Mr. and Mrs. Virgil Halford on April 2, 1978. We will make that day "HALFORD DAY" at our church. Bro. and Sis. Halford have served our church very well for nearly 50 years. This is our way of saying "THANK YOU", we will invite as many of the relatives and friends of the Halford to be present for that day. We will make the presentation in the morning service.

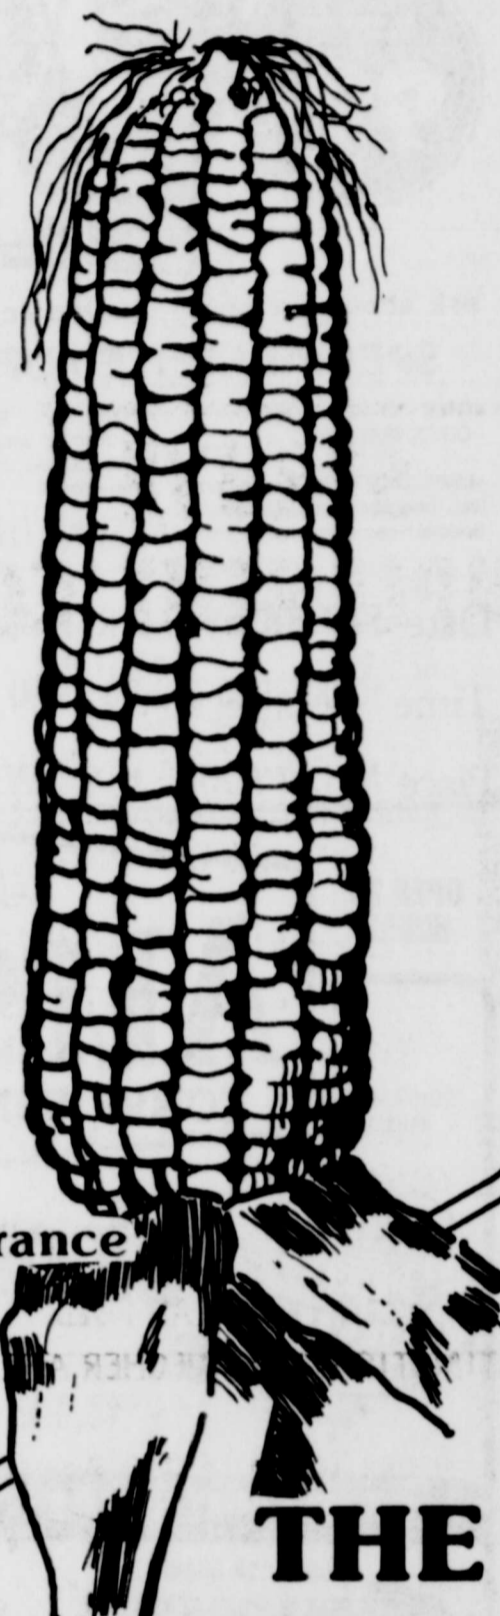

BRIEF:

Jill Havens, spent the weekend in Spearman with friends.

NEW PIONEER 3541
More Income Per Acre

In 61 field comparisons during 1977, 3541 recorded an average income advantage of more than \$25* an acre over competitive hybrids . . . and averaged 2.7 points drier at harvest. This new medium-maturity hybrid dries faster and stands better than competitive full-season corns. But 3541 yields more than others of similar maturity, so it gives you a greater potential for profit. 3541 has the performance characteristics you need. . . .

*Based on corn price of \$3.70/100 lbs.

THE COTTON FARMER'S CORN

- Excellent head smut tolerance
- Excellent standability
- Outstanding yields
- Good ear retention
- Fast drydown

PIONEER

3780

- Yields more than sorghum for greater income potential
- Early water use makes it the best companion to cotton
- Dries fast to reduce harvest, hauling and dockage costs
- Excellent standability

Pioneer brand 3780 corn is an ideal companion to cotton because it uses water early in the growing season . . . long before your cotton needs water. And because of its unusual water use pattern, 3780 won't need water later in the season when wells begin to drawdown.

Compared to other corns or sorghum, 3780 matures sooner, dries faster and requires less fertilizer and insecticides. It'll be harvested and in the elevator long before your cotton is ready to harvest, so you'll use machinery and manpower more efficiently.

If you're looking for an ideal companion crop for your cotton, consider "the other crop" . . . 3780 the cotton farmer's corn.
