"The Roaring Twenties" was written by Edward Trigger, and is being produced through special arrangements by Baker's Play.

The cast is as follows: Dexter Dunning-Gregg Newton, Jessie Dunning-Gay Hobgood and Shana Toler, Karen Dunning-Mary Lane and Susan Sanders, Della Dunning-Lisa Wolf and Kathy Shipman, Gary Dunning-Buddy Bowen, Eddie Messing-Gary Sanderson, Normon Langham-Lee McCune, Elly Dunning-Katrice Newton, Beverly Taylor, Jay Desmond-Kelly Mills, Nero Aintree-Rusty Powell, Cynthia Harwood-Sherri Hobgood and Kori Heard, Amanda Hixon-Raylene Fitzgerald and Tanga Payne, Sarah Gibson-Jeana Duncan and Cindy Gragg, Marie-Jeri Peterson and Vicci Stewart.

THE ROARING TWENTIES STORY OF THE PLAY
 Devastatingly funny! A look at the fads and foibles

of "the roaring twenties" that will bring forth dynamic laughter and applause. When everybody was doing The Charleston and The Flapper Girl reigned supreme. Dexter and Jessie Dunning and their three children are the average American family. Jessie has become proficient in calming down her unruly spouse on the many occasions when Dexter loses his temper and flies off the handle. Into their peaceful home comes Jessie's ne'er-do-well brother, Jay Desmond, who ran away from home when a mere youth and whom everybody believed to be dead. Jay calmly announces that he is weary of roaming and has decided to settle down and make his home with his sister and her family. Dexter hits the ceiling! Nobody is going to sponge off him, certainly not a loafer like Jay. But he finds out to his dismay that there isn't anything he can do about it. A month later Jay is still "relaxing" at the Dunning's home when a local bank informs Jessie that somebody (nobody can find out who) has opened an account in her name and deposited ten thousand dollars to her credit! "Mama has got herself a sugar daddy, and she don't know who he is or how she got him!" exclaims fourteen year old Della Dunning. Not until the final curtain do we find out who Jessie's benefactor is and the audience is treated to one of the funniest scenes in many a moon. Specialties are spotted through the manuscript and we are sure you'll agree with us that "The Roaring Twenties" is in a class by itself.

Area Farmers "Get Involved" In Sorghum Promotion

Lubbock, Tex. --A team of Russian officials were in the High Plains recently to study grain sorghum processing and its use in livestock feeding. The study team was sponsored by U. S. Feed Grains Council and hosted in Texas by Grain Sorghum Producers Association.

The team was composed of M. L. Shimonin, deputy minister of procurement of the Belorussian Republic and A. L. Prokopenko, chief of the division of procurement of Gomel Region of Belorussian Republic. They were accompanied by interpreter, S. A. Novitsky, and Jim Myrick of U. S. Feed Grains Council.

Soviet feed grain use has risen sharply. For example, concentrates fed in 1977 were up 22 percent over 1976. This large increase

caused U. S. D. A. to raise its estimate of Soviet grain-for-feed use to 125 million tons for the current year.

The U. S. recently informed the Soviet Union that it may buy, without prior consultation, up to 15 million metric tons of U. S. grain for delivery during the current year of grain sale agreement between the two countries.

There are no restrictions on sorghum, however, the Soviets have never bought sorghum. They are not acquainted with U. S. sorghum and must have proof that it is a high quality feed grain which can be used in the same way as corn or barley.

Grain sorghum promotion has been left up to the producer. Grain Sorghum Sorghum (cont' on page 2)

News & Comments

By Buford F. Davenport

NGC--If you can't stand people who BRAG, stop here. NGC--I wrote the following, which appeared in "News and Comments" in the Abernathy Weekly Review Thursday, August 10, 1978:

"NGC--This year of 1978 very well could see the election of a Republican Governor and Lt. Gov. in Texas. Bill Clements of Dallas, the Republican nominee in the Nov. 7th General Election, claims statewide, broad-based support from Democrats and Independents, as well as Republicans, in his race for Governor. In a publicity release to the media, there was a long list of persons names as supporters and campaign workers for Clements. Hometowns of these supporters and workers range from the Texas Panhandle to the Rio Grande Valley, and from El Paso to Northeast and East Texas. These Clements people are in big cities, small towns and in-between-size cities and towns throughout the state, including many in the Panhandle-South Plains area and West and Southwest Texas."

(I tripped-up on the "Lt. Gov." bit. I forgot that Governors and Lt. Governors do not come in political party pairs like Presidents and Vice Presidents.)

A 1933 graduate of Plainview High School, Dr. Harrison has been a member of the Plainview School System faculty since 1939. He is a son of Mrs. Elizabeth Harrison of Abernathy and the late S.M. Harrison. His father was a Hale County School Trustee for many years. Glenn's brother, Billie, currently is president of the Abernathy School Board of Education. Sorghum Promotion cont' from page 1

Farmer members elect officers and representatives from the county, district, region, and national level. District P-6 (Swisher, Briscoe, Hale and Floyd counties) representatives had a dinner meeting with the Soviet officials, Officers of District P-6 are: R. C. Mitchell, Lockney-Chairman, Norman Strang of Silverton-Vice Chairman, Kim Hays of Kest-Secretary. Other representatives of the district are: Steve Lee of Cotton Center, Delbert Devitt, Sr. of Tullia, Jack Sutton of Silverton, L.B. Brandes of Lockney and J.F. Buske of Abemathy.

It will be a farm program, but Big Ed will not be the director. He will be on 580 at that time with Jim Stewart, who will serve as the farm director of the Wilkes/Workman radio station. However, Big Ed Wilkes also will be on the "mike" on other shows in the mornings.

ACCIDENT CONTROL--Some people think the odds of suffering a fatal accident due to their unsafe acts or taking dangerous shortcuts are fairly small. The Texas Agricultural Extension Service cautions that the odds may only seem small as a fatal accident can only happen "once in a lifetime."

The mold that grows on bread is usually harmless, but can be prevented by storing in a cool, dry, well-ventilated bread box or drawer, says Marilyn Haggard, food and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Mrs. Truett Pool got a terrific surprise last Saturday, November 11. She and her friends, Mrs. Calvin Tucker, Audrey Waddeil, and Mrs. John Waddell, were walking around Holland Gardens in Lubbock viewing the beautiful Christmas decorations. Great Society Homemakers Meet

The Great Society Extension Homemakers association met Nov. 7 at the Abernathy Community Center for a program on making yeast bread.

Maybell Glass called the meeting to order with prayer. The members answered roll call by telling how often they make bread.

Mrs. L. A. Suttle gave the lesson on making yeast bread. She reminded the women that bread is only as nutritious as the ingredients put into the dough. Only bread made with whole milk, eggs and butter is full of minerals and vitamins. She pointed up to the women that with the dry yeast it takes very little time to make a very wholesome and nutritious loaf of bread for the family. Bread plays a very important role in the diet for good health.

Mrs. Suttle will teach a lesson Nov. 20 on making Southern style cornbread dressing.

Those present were: Maybell Glass, Juanita Brantley, Jennie Slough, Juanita C. Ramos, Rosie Honeycutt, Alice Pace and Imogene Suttle.

Virginia, Kentucky Tobacco Grows In Abernathy Yards

(By Vicki Havens)

It was called to our attention that there were two tobacco plants growing in Abernathy. Mrs. Cora Shuman who lives at 1502 Ave. E has a seven or eight foot tall tobacco plant growing in front of her apartment. Mrs. Shuman said her son gave her the tobacco seeds which came from Kentucky.

Mrs. Shuman enjoys growing plants, so she planted the seeds in a flower pot in her apartment last April and in June she set the plant out and it really did grow tall. At the top of the plant there are pinkish rose blooms. The blooms look like a morning glory but smaller.

It was very interesting to see the seeds. They are so tiny they look like a brown powder.

Mr. and Mrs. Harlow Neis who live at 1002 2nd Street, also have a tobacco plant growing in their front flower bed. Mrs. Neis said her brother-in-law gave her the tobacco seed and they came from Virginia. Mrs. Neis said the plant had her tobacco seeds in cartons in the early spring and then set the plants out in her front flower bed. Their tobacco plant was eight or nine feet tall. It also had the pinkish rose blooms and it had a lot of shoots on it.

Mr. and Mrs. Neis have a very beautiful flower bed, and very colorful. They also have some "white" and blue Texas Blue Bonnets growing and here it is November. I had never seen any white bluebonnets.

I love beautiful flowers and it always amazes me to see how different each flower is and the detail of the flowers. I appreciate these people in our community that have such lovely flower gardens.

If you haven't seen tobacco plants growing in these homes and see these tobacco plants.

SEEDS FROM THE SOWER

By Michael A. Guido, Metter, Georgia

In Atlanta, at the Federal Penitentiary, a chaplain preached on the Bible verse, "Go into all the world, and preach the gospel to every creature."

That is exactly what two inmates did. They escaped, and leaving the prison, they went into all the world. You could call that a moving sermon, couldn't you?

But it would be exciting if every believer would break out of his cell of complacency and go into all the world to tell everyone, everywhere the Good News about Christ.

That is the business of every believer. There is no greater assignment and no more urgent assignment than to preach the gospel.

The work of every worshipper is not to gratify man but to glorify God, not to pacify evil but to typify good, not to minimize his work but to maximize his witness.

Each of us has his world to go into, his place to witness, wherever it be.

Lopes Lose Last Game Of Season To Floydada, 26-3

With one of the best seasons in several years, the AHS Antelopes ended their 1978 regular football season here last Friday night with a 26-3 loss to the ever-strong Floydada Whirlwinds. The Lopes finished with a 7-3 season mark, and were 2-2 in District 4-AA competition. Their only non-conference loss was a 26-20 squeaker to state-ranked Muleshoe (the eventual District 3-AA winner), and then a 28-14 loss to district competitor Tulia.

With the loss to Floydada, who now has 7-2 and 2-1 records, the Lopes also lost hopes for a share of the district crown. Had they won the game Friday, they would have currently been in a three-way tie with Idalou, whom they defeated 16-13, and Tulia, who was beaten 28-14 by Idalou last Friday night.

This week's games feature Idalou and Lockney, and Tulia and Floydada.

The game last Friday, played on a cold, windy night, saw the visitors take a 10-0 halftime lead. Then, after the Lopes narrowed the

margin to 10-3 in the third period, the visitors rounded out the scoring in the fourth quarter with two TDs and another field goal.

The Lopes, who have played come-from-behind football with spectacular passing, receiving, running and kicking in previous games this season, were able to complete only 3 of 11 passes for 35 yards, and had two intercepted, and managed only 125 yards on the ground against the determined Whirlwinds.

Floydada fullback Mike Collins, who accounted for 137 yards on 32 carries, scored on runs of 40 and 6 yards. Running back Ricky Day ran 15 yards for another TD, and Joey Luna added a pair of field goals, from 24 and 35 yards out, and two of three extra point kicks.

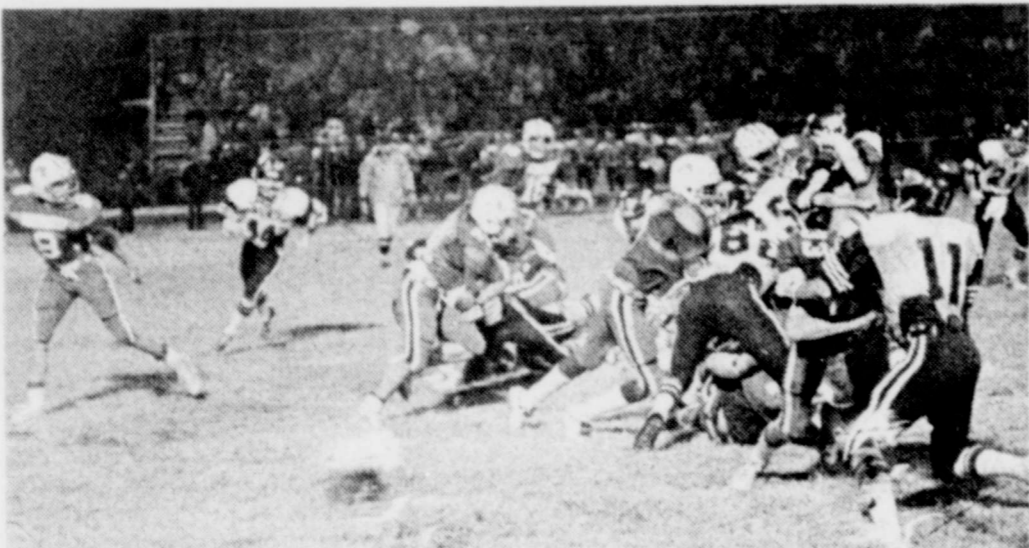

Abemathy's points came early in the third period on a 27 yard field goal by Gilbert Cuevas. Following a fumble recovery, the Lopes had driven from the Floydada 40 to the 12 before having to settle for a field goal. The drive was aided by a 22 yard scamper by Sylvester Dunn, who was

Abemathy's leading ground-gainer with 76 yards on 10 carries.

Lopes halfback Lee McCune carried the ball only three times before having to leave the game because of a leg injury.

Despite the loss, the game had its bright spots for the Antelopes as the determined defensive unit forced the visitors to punt 4 times and stopped the Whirlwinds on downs, once at the Abemathy 25, once at the Abemathy 23, and another time at the Abemathy 9, and Dana Flud blocked an extra point attempt.

This was the first game this season that has been played in extremely cold weather, and this apparently hindered the Lopes' passing attack. Two passes hit in and out of the hands of the hands of receivers and fell to the turf. On at least two other occasions the receivers were hit as the ball arrived, causing incompletions. Likewise, the Antelope pass defense was effective, allowing Whirlwind quarterback Todd Vickers only 3 completions on 12 throws, for 40 yards.

HALFBACK ROGER LINDSEY (41) takes a handoff from Antelope quarterback Tony Heath (9) and picks up short yardage against stout resistance in the Abernathy - Floydada game here last Friday night. The Lopes lost the District 4-AA encounter, 26-3. (Review Photo by Stanley Chen)

Winners Listed In Coloring Contest

(By Vicki Havens)
The Abernathy Weekly Review is happy to announce the winners of the coloring contest of "A Child's Noah's Ark", that came out in the October 26th edition of The Review.

The contest consisted of three age groups: 3-5; 6-9 and 10-12 years of age. There were twenty-seven entries in the contest. The artist of the "Noah's Ark", was Vic Lamb of Sedona, Arizona. Lamb is a former newspaper man, and once worked on The Review and Hale Center American and Ruidoso News. He now owns a variety store in Arizona.

Judge for the contest was Dana Todd, 13 years old and in the eighth grade at AHS. Miss Todd has a eye for art and did a very fine job in selecting the winners. All of the pictures were very good and all the children that entered are to be commended for their work.

We had one entry from Laurie Brownlow of Conroe, Granddaughter of Mr. and Mrs. Guy Brownlow of Conroe, former Abemathy residents.

There are three winners in the three older groups and four in the three to five year old group, since there were only four entered in it. The top four winners in the three to five group are: James Yanez, 5; second place, Tiffany Pope, 5; third place, Stephanie Gainer, 5; and fourth place winner, Kendra Guerrant, 3.

The top three winners in the six to nine age group are: First place, Tracey Pope, 8; second place, Kelly Guerrant, 9; and third place, Daun Tennell, 7.

Basketball Teams, Coaches, Parents Introduce Season

(By Vicki Havens)

The parents of the Freshmen, Jr. Varsity and Varsity girls basketball teams met with the coaches and girls for "Parents Night", November 7 at 7 p.m. in the Gold Auditorium. This meeting was planned to be both beneficial and enjoyable.

Coach Diana Lewis opened the program, welcoming the parents and guests. Mitch LeMoine gave the prayer.

Coach Lewis introduced the rest of the coaching staff, Betty Cagle, coach for the junior varsity team and assistant varsity coach and Coralee Cox, coach for the junior high girls teams. Miss Lewis is coach for the varsity and freshmen girls.

Coach Lewis had each team come forward, beginning with the freshmen and introduce themselves and their parents, followed by the junior varsity and varsity. Other items discussed by Coach Lewis were team selections, classroom responsibilities, schedules, and other responsibilities.

The program for the evening was given by an official who is a member of the Lubbock Chapter SBOA officials, Jimmy Chennault of Plainview, who has been an official for many years. He has also called games at the State Basketball tournament for the past two years. Chennault gave some of the rules, and spoke on the five girls team play. He also related some interesting stories he has experienced being an official. There were two other members of the Lubbock Chapter present, James Mankins of Lorenzo and Druann Shadden of Abernathy.

Following the program, refreshments were served. Then the group went to the gym and saw the three teams scrimmage. The three officials called the scrimmage.

Seniors To Buy Caps And Gowns

This year, the seniors voted to purchase keepsake caps and gowns for graduation.

In the past, the caps and gowns have been rented. But for some reason, no one wants to take the time to check them in after the graduation exercises.

Therefore, the teachers must track them down the next morning in order to send them back on time.

This new system will eliminate deposits and check-in times.

The cost of the caps and gowns is approximately \$1.50 more than the rental fee.

Annual Sales Underway

Yearbooks may be purchased for \$6 in the elementary principal's office, in the junior high principal's office, and in the Academic Center until third quarter begins. At that time the price will become \$6.50.

Antelopes Take 2nd In Cross Country Meet In Lubbock

The Antelope Cross Country Team placed second, behind Brownfield, in the Cross Country Pre-Regional Meet in Lubbock last Saturday, November 11. The team placed high in spite of the horrible weather.

"We ran in sweat, toboggans, and everything else," said Coach Diana Lewis. The runners go next to the regional meet Saturday, November 18. It will also be in Lubbock. Coach Lewis said they have a good chance of making the state meet next month.

Band's Last Halftime

After concentrating all their efforts on preparations for contest, the Antelope band had only two days to put together a halftime show for Friday's game against Floydada. The Floydada band performed their contest routine but since Abernathy fans had already seen variations of theirs, the Antelope Band worked up a delightful last minute entertainment to cheer a cold crowd.

This was the last halftime for 26 band seniors who gathered center formation as they were introduced. The band played the school song for the seniors' last time on the field; then broke up the sad moment with a rollicking rendition of "The Horse". Several young men lent their muscles to carry a platform loaded with drums onto the field. Senior drummer Vicci Stewart shed her coat and soloed in vigorous fashion while the band surprised and delighted the crowd with an impromptu chorus line kick step. The band received its military manner in time to finish the number and halftime in usual orderly and impressive style.

Hale County City and County Officials Come To Abernathy For Dinner Meeting

(By Jacquelyn Smyers)

Thirty or so elected city and county officials from all over Hale County came to dinner in Abernathy Tuesday night, November 7. The officials meet quarterly to discuss common problems and to promote better city and county governments. The towns take turns playing host. The dinner, catered by Southern Seas of Lubbock, was served in Abernathy Fire Hall.

After dinner, Mayor Pete Thompson invited discussion on any problems the towns might have. Nothing in particular had been placed on the agenda. Hale County officials brought up their troubles with habitual juvenile offenders and their inability to get any justice. The men told about one 16 year old who has been arrested on 31 counts of burglary, shot one person and stabbed another but not killed anybody; yet he still runs loose. Representatives from other places said there's one in every town and that they have the same problem. Law officers say the courts won't do anything about the kids; the courts say police don't give proper documentation of offenses. Meanwhile the kids do what they please and laugh at efforts to stop them. County Judge Henry Heck, who was present, admitted that things are weighted in the kids' favor. JUVENILE OFFENDERS

Further discussion showed most dissatisfaction centers not on the courts, but on juvenile officers. Judge Heck said juvenile cases go to the district judge now because of a recent ruling that judges of juvenile courts must be attorneys. One official said action is taken on juvenile cases that finally get to court. It just takes too long for them to get that far because of lenient juvenile officers. Another said the juvenile officers are reluctant to take kids out of their homes but the homes are the reason the kids behave the way they do. Most have no supervision from the time they can walk. Others have parents who simply can't handle them. Another problem is that offenders

are heroes to other kids.

Judge Heck said the problem seems to be a breakdown in communication between towns and the district judge who appoints juvenile officers. He suggested that the mayors go together to talk to the judge and tell him about the problem all the towns have. He discussed the many limits placed on the juvenile offenders' facility at Gatesville including attempts to have it closed. He said the idea now is to have area facilities close to home.

UNFAIR EXPENSE

City Manager Larry Fields asked Judge Heck if a person pleads and is found guilty in municipal court but appeals to a higher one where he is also judged guilty, does the city get the fine? The judge said no, it goes to county court. City officials don't like that much because it means a fine is assessed where no crime has been committed. The judge said we have the state legislature to thank for that but the law says cities cannot assess court costs.

Fields said he thinks a person found guilty of a crime should have to pay court costs in every court which handles his case. He gave an example of people who plead no contest (neither guilty nor not guilty) in municipal court and appeal to county court only a day or so before their municipal trial. The city must bear the expense of the city attorney's preparation for trial, jurors, etc. while the higher court stands a chance of getting some of its expense paid back. When this happens, lower courts lose their initiative to bring cases to trial.

Judge Heck said cities might feel better to know that an appeal to county court was formerly almost an automatic dismissal because county court dockets were too full to handle the case in prescribed time. Now however, with additional courts and personnel, the case will be tried and, if found guilty, the person will pay \$50 court costs plus fines for the offense. That makes people not so eager to appeal.

HEALTH DEPARTMENT

When Mayor Thompson asked about the County Health Department situation Judge Heck said administration of the department will be different. The former head, Dr. Wagner, has resigned, and the program will be coordinated from a district office which says the program will be cheaper. However, Dr. Wagner's salary of \$13,000 will remain in the budget and they'll try to find a way to use it. Judge Heck doesn't think that sounds very economical but thinks it will be a better program than before though not right on people's doorsteps. Other officials felt that staying in one place is bound to make the program cheaper and that people can find a way to get to the Plainview clinic if they really need to.

COURT HOUSE REPAIRS

Commissioner Henry Rieff asked the judge to report on the progress of repairs to Hale County Courthouse. Several departments have been moved out while renovation is done. It has to be section by section because there's no place for them all to move at once. This will take longer but isn't bad because revenue sharing funds will have accumulated to help pay for the repairs. Some of the work has been done by county employees for the sake of economy.

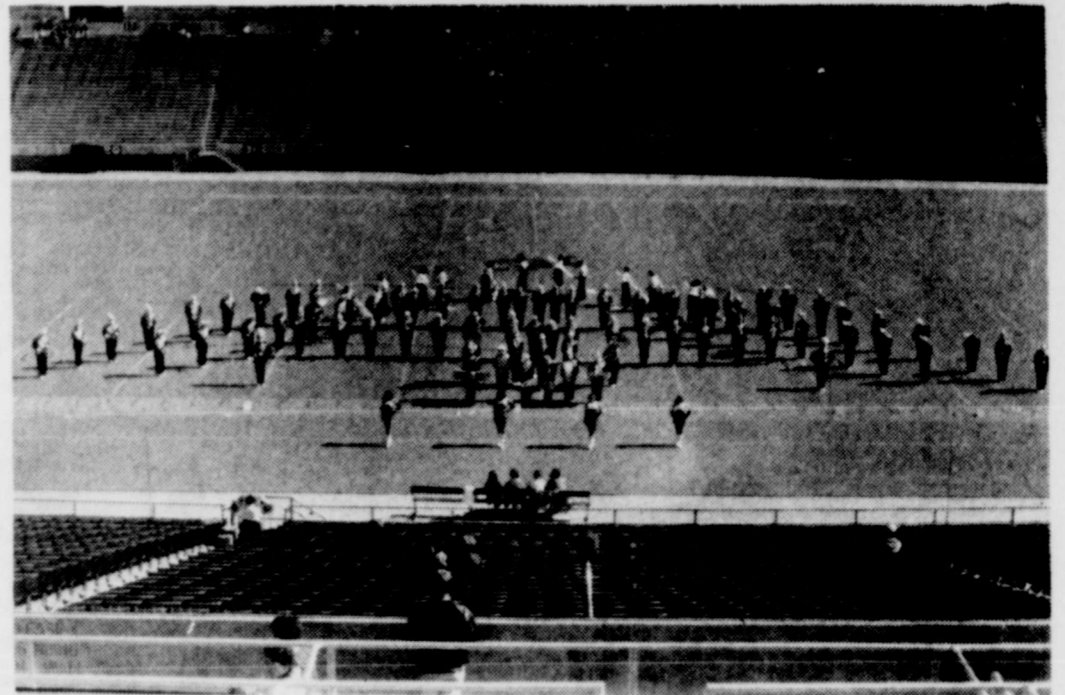

There is disagreement between historical groups who want to preserve the picturesque structure's authenticity and those who favor installation of energy features. The energy savers appear to be winning.

NEXT MEETING

The city/county officials plan to meet again the fifth Monday night in January. Plainview volunteered to provide the meeting place and dinner.

INTERESTING NOTE:

Southern Seas, who catered the dinner, has a neat setup for food preparation. The fish and hush puppies aren't prepared in Lubbock and kept warm as one might expect. They are fried on the site in a mobile kitchen (a specially fitted small truck) just before serving. Propane fuels the cookers and the truck has a generator to use in places where electricity isn't available. They can set up and remove food service paraphernalia in an amazingly short time. Next month, using two

Two Abernathy Antelope Band members made 1st Division ratings in Class I of the UIL Twirling Competition in Lubbock Wednesday, November 8. Ginger Gough, a freshman, and Sherry Bridges, a sophomore, performed separate routines before judges early that morning; then joined the band for marching competition at Jones Stadium.

Ginger is the daughter of Mr. and Mrs. Robert Gough. She was junior high head twirler last year. Sherry is the daughter of Mr. and Mrs. Dene Bridges. She participated in UIL twirling competition last year and made a 2nd Division rating.

The 1st Division ratings qualify both girls to enter state competition in Austin early in June.

WORD of GOD

Master, which is the great commandment in the law?

Jesus said unto him, Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind.

This is the first and great commandment.

And the second is like unto it, Thou shalt love thy neighbor as thyself.

On these two commandments hang all the law and the prophets. Matthew 22:36-40

AHS MARCHING ANTELOPE BAND WINS A II IN UIL MARCHING CONTEST NOV. 15

After months of great team spirit and hard work aimed at winning a 1st Division rating at marching contest, a disappointed Antelope Band came home with a II. The contest took place in Jones Stadium in Lubbock, Wednesday, November 15.

Director George Riddell said his aim for the band were to win a 1st Division at contest and to do a show that would get applause and cheers DURING the band's performance - not just at the end. They accomplished the latter. The audience obviously enjoyed the performance. Two of the judges, however, faulted the band's balance of sound and thought they rushed the routine a bit.

The band presented a spectacular appearance. It was a perfect fall day and the maroon uniforms contrasted beautifully with the bright green AstroTurf. The band was confident, nobody goofed, and only one member was too sick to march. Twirler Cindy Gragg, sporting a high fever, caught the band at the stadium just long enough to perform. Ronnie Taylor marched without his instrument because of an arm injury. Several others were barely recovered from sickness but determined to do their part.

A potential catastrophe occurred when at a crucial moment, a drummer's stick bounced up inside her sleeve. She worked it out unnoticed by anyone but her frightened partner who continued the cadence alone.

The student body showed great spirit and support of

the band's effort. Coach Larry Aldridge and the Antelope football team showed up with a special booster chant early Wednesday before the band left for Lubbock. AHS Principal Mitch LeMoine spoke to the band and the entire student body turned out to see them off. That afternoon, the junior high band, soon to be in their shoes, played the fight song to welcome the older band home.

The band was awarded one of three "spirit sticks" in pep rally last Friday. Another went to Ricky Powell; the other to the football team. Whether you win or not, it's nice to be appreciated.

AHS OUTSTANDING BANDSMEN NAMED

(By Pauline Brunner)

The Abernathy Antelope High School Band chose Jack Ramos as Most Spirited Bandman and Toby Barrick as Marcher of the Week. Son of Mr. and Mrs. Joe Ramos, Jack is a senior cornet player and band officer. Toby, son of Mr. and Mrs. Wendell Barrick, is a junior trumpet player. Because of the persistent work in preparing for contest the Band decided to give themselves a "pat on the back". They elected the group (the Band) Most Spirited Bandmen and Marchers of the Week.

The Rev. and Mrs. HB Coggin visited in Abilene last weekend.

We Salute Southwestern farmers ... they have it tougher than most

All U. S. farmers have a difficult financial row to hoe. That's been proven. But here in the Southwest, the farmer's income problems are magnified.

Crop-killing heat spells get national news coverage when they happen in the Midwest. But Southwestern growers accept heat and drought as just two of the normal hazards they regularly face.

And fuel bills? Southwestern farmers who irrigate spend more dollars on fuel alone than Midwestern farmers spend on seed, chemicals, labor, repairs, grain drying and fuel! (Based on U.S.D.A. figures for 1978.)

You may think these facts affect only farmers. But agriculture is so important in this part of the U. S. that nearly everyone is touched by the Southwestern farmer's special plight.

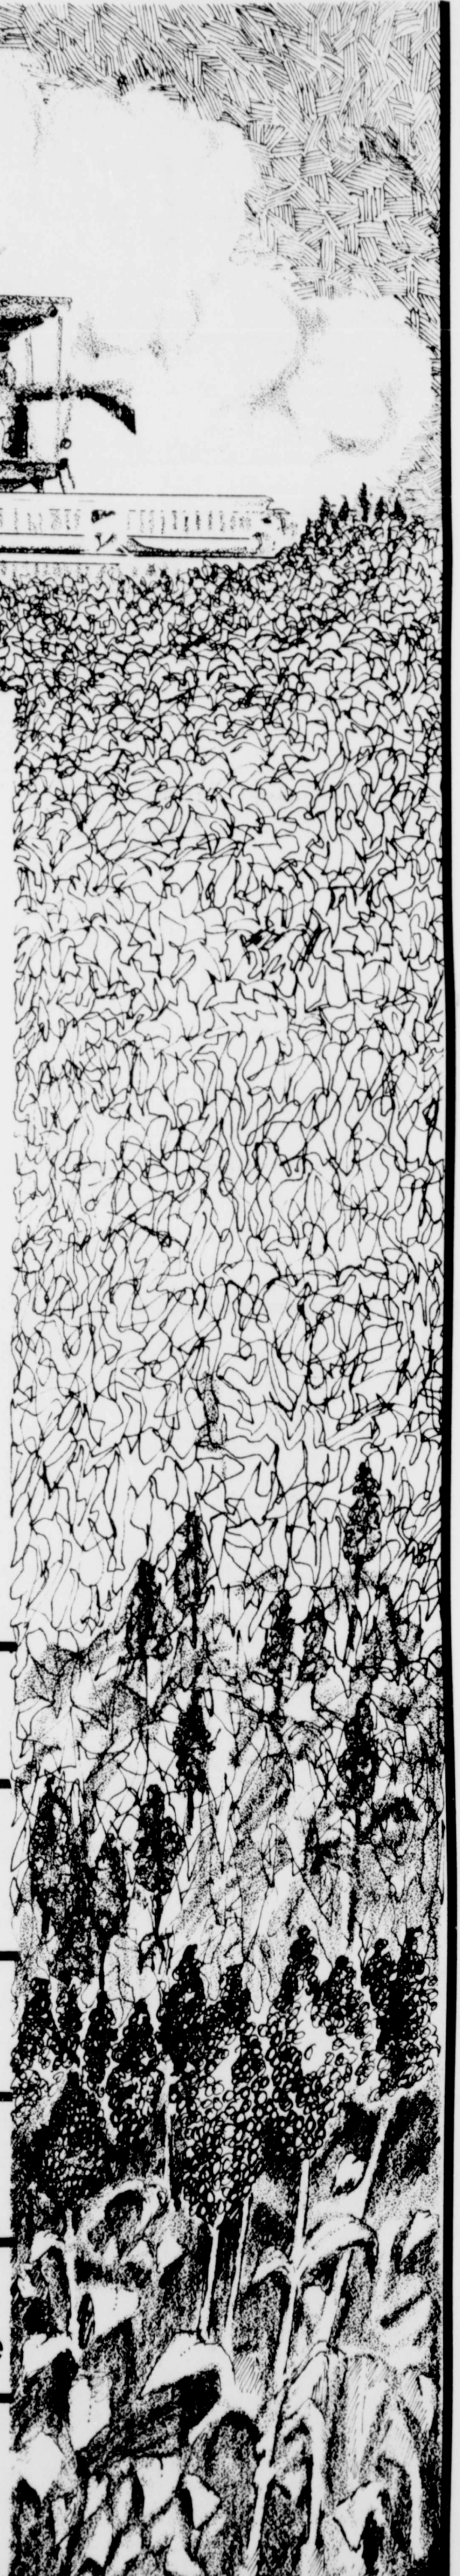

What can you do? Help spread these facts to those who don't understand, especially business and political leaders whose decisions affect agriculture.

And most of all, be appreciative. The Southwestern farmer . . . and farmers everywhere . . . deserve our thanks . . . and support.

SMOKERS— give your lungs a Christmas gift.

into bite-size pieces.
8. Blend cornstarch with the milk and add to soup. Cook and stir until thickened. Just before serving add cream, reheat--do NOT allow to boil.
If soup is too thick, add milk or broth. Do not judge this when cold, as it is very thick then, but it thins out as it heats. This freezes well.
Makes 4 quarts--8 to 10 servings. Carol Curlee

Quit smoking for a week and contribute the money you save to your lung association, the Christmas Seal people. Your lungs will love you for it.

WORD of GOD

JESUS SAITH UNTO HIM, I AM THE WAY, the truth, and the life: no man cometh unto the Father, but by me.

John 14:6

But these are written, that ye might believe that Jesus is the Christ, the Son of God; and that believing ye might have life through his name.

John 20:31

WORD of GOD

There shall not be found among you any one that maketh his son or his daughter to pass through the fire, or that useth divination, or an observer of times, or an enchanter, or a witch,

Or a charmer, or a consulter with familiar spirits, or a wizard, or a necromancer.

For all that do these things are an abomination unto the Lord: and because of these abominations the Lord thy God doth drive them out from before thee.

Deuteronomy 18:10-12

THE SPANISH TEACHER

—Sadovsky y Garcia ©appl. '78

It is said that "knowledge begins with the names of things." A welder, a cook, a dentist learn the names of different things.

Learn Spanish the same way. Learn the names of things like

the sun	el sol	(ehl sohl)
the moon	la luna	(lah LOO nah)
the stars	las estrellas	(lahs ehs TREH yahs)
the sky	el cielo	(ehl see EH loh)
the clouds	las nubes	(lahs NOO vehs)
the rainbow	el arco iris	(ehl AHR coh EE dees)

Say them with "Look at," "Mira" (MEE dah)

WORD of GOD

Therefore if any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new.

II Corinthians 5:17

Have a happy day, be kind to someone.

NEW RECIPES

MULLIGATAWNY SOUP

1 4-lb. stewing chicken, cut up
3 quarts water
2 tps. Ac'cent
3 T. butter or oleo
1 clove garlic, peeled & crushed
2/3 cup rice (uncooked)
Chicken Bouillon cubes
1 c. finely chopped onion
1 c. diced, scraped carrots
1 to 2 tps. curry powder
1/2 tsp. saffron (opt.)
1/4 tsp. pepper
1/4 c. cornstarch
1/2 c. milk
1 c. light cream

(Can cook the chicken and remove meat from bones the day before.)

1. Put chicken, water, Ac'cent, and 2 tps. salt in a large kettle. Cover, simmer 2 1/2-3 hours, or till chicken is tender. Cool chicken in broth. (In a hurry? With tongs, remove chicken to collander to cool faster. Do not refrigerate broth or meat till cooled well.)

2. Remove meat from skin and bones and reserve; return bones to broth and simmer 1 hour longer, or I substitute the bouillon cubes to further enrich the broth. Strain broth, cook. Skim fat from surface. You can refrigerate all of this now, and finish the next day, or continue now.

3. Melt butter in a large kettle and saute the garlic and rice until rice is straw colored.

4. Add the onion and carrots and saute a minute or two; do not allow rice to become too brown.

5. Bring 10 cups chicken broth to a boil and add to vegetables.

6. Season with curry powder, saffron (adds color only, and terribly expensive!) remaining 1 tsp. salt, and the pepper. Simmer till rice is cooked, approx. 20 minutes.

7. Add chicken meat cut

While working on The Review Halloween night we received a call from a neighbor of Mr. and Mrs. Ed Crow. She said we should get a picture of the Crow's in their halloween costumes. Here they are all dressed up with make-up and all. Their colorful costumes were very cute and not scary, is what I liked about them.

WORD OF GOD

Now the parable is this: The seed is the word of God.

Those by the wayside are they that hear, then cometh the devil, and taketh away the word out of their hearts, lest they should believe and be saved.

They on the rock are they, which, when they hear, receive the word with joy; and these have no root, which for a while believe, and in time of temptation fall away.

And that which fell among thorns are they, which, when they have heard, go forth, and are choked with cares and riches and pleasures of this life, and bring no fruit to perfection.

But that on the good ground are they, which in an honest and good heart, having heard the word, keep it, and bring forth fruit with patience.
