School Board Re-examines Views On Proposed Athletic / Ag Facility

(By Jacquelyn Smyers)

At its May meeting, Abernathy School Board considered the proposed athletic facility project from a new angle when Don McKenzie suggested they look at the list of possible activities from the viewpoint of what will help the school and forget the rest. Richard How and said there's already room for all the suggested activities related to the school but from the viewpoint of "bigger and better," the project might be worth continuing. Two hours of discussion revealed decision on what really needs to be done.

Dr. Webb pointed out that the school district is in excellent condition, thanks to Mr. Carter's diligence and the oil field in the district, to do anything the people of the community instruct the board to do. They discussed the close vote on the recently approved city bond issue but thought people were reluctant because of the necessary tax increase. The school's bond issue several years ago for the Academic Center passed five to one, but no tax increase was involved.

advisability of one large new facility, including whatever they finally decided upon, by the football field or two smaller facilities, one on the old gym site and one by the football field.

The proposed swimming pool was discussed at length. Several were concerned about the school's liability, the cost of operation, and the public's wanting it open in summer when the school is closed. Several were in favor of a pool with reservations. Some said they'd much rather forego a pool and put the money into a really fine industrial arts program.

A parent present (WRITER'S NOTE) confers, it was me. Timidly suggested that a look at the job openings in the Avalanche Journal every Sunday shows great demand for office skills and business machine operators. While the school has provided well for kids that need extra help and for those with an agriculture background, the board might want to see about developing a business training program so kids who need jobs in summer, right out of high school, and to help them through college can take advantage of the plentiful opportunities.

School Board Officers Are Re-elected

(By Jacquelyn Smyers)

School Business Manager Earl Carter, in his capacity as notary, administered the oath of office to re-elected school board members Daniel Pondy, Jerry Oswald, and Bob Riley at the board's May 7 meeting. The men remained seated in deference to Pondy's broken leg.

School Board President Billie Harrison, Vice-President Bob Riley, Secretary David Pison, and Vice-Secretary Richard Howard were re-elected separately by acclamation.

Board members expressed their appreciation of Harrison's leadership. Harrison thanked them and said his rule of thumb is that the boys and girls come first. He said he tries never to put pressure on the board, only to express his opinion like everyone else. He said the board is fortunate to have the incumbents return because they know the job to be done.

Miss Newton Places In New York Modeling Event

Kanice Newton was a contestant in the World Modeling Association Model and Performer Showcase Convention '79, April 26-30 in New York City. She modeled sportswear, after five attire, and did photo posing.

Kanice was first runner up in Performing Arts Competition, thereby becoming eligible to enter the international contest held at Paradise Island in the Bahamas. She played "Tocatta" by Khachaturian on the piano. She is a student of Mrs. Doyce Barron and Mrs. Loma Tullis.

Other highlights of her trip included a tour of the city, attending the Broadway play "Annie", and seeing President Carter.

Kanice is the daughter of Mr. and Mrs. Doyce Newton. She is a senior in AHS and a modeling student at Robert Spence School in Lubbock under the instruction of Brenda Beckneel. Kanice says she will work and go to college probably Tech--after high school graduation. She often assists the Spence photographers at recitals and other such occasions.

Food Stamp For Elderly Will Be Discussed

A representative of the federal government's Human Resources agency in Lubbock will be here Monday, May 21 at 2 PM to speak to the Great Society Extension Home-making Association. The guest will explain the food stamp program, especially as it concerns the elderly.

Mr. L. A. Suttle, an advisor to the group, said elderly people are having a hard time and the Great Society Association is very interested in helping the elderly. They invite senior citizens and anyone interested in the problems of that age group or who wants to know more about the food stamp program to come hear the speaker in Abernathy Neighborhood Center, Main St.

Wanda LeMoine Is Regional Judge For NCTE Awards

The National Council of Teachers of English announces the appointment of Wanda LeMoine, Abernathy High School, Abernathy as a regional judge for the 1979 NCTE Achievement Awards in Writing Program. Through this nationally recognized competition, now in its twenty-second year, approximately 800 high school seniors are cited for excellence in writing and are recommended to colleges and universities for admission and for financial aid, if needed. NCTE also honors teachers and schools that have participated in the training of these young men and women. Seven thousand students have been nominated for NCTE awards in 1979. Results of the contest are announced in October of each year.

Students are nominated for Achievement Awards in Writing by their high school English departments and are chosen for recognition by state judging committees. (Each nominee submits an impromptu theme and a sample of his or her best writing to be judged). The regional judging committees are composed of both high school and college teachers of English who work under the direction of state coordinators.

The National Council of Teachers of English is made up of more than 100,000 individual teachers and institutional members at all levels of instruction, from elementary school through graduate college. Its goal is more effective teaching of English language and literature in the nation's schools and colleges. NCTE publishes journals, books and recordings to aid teachers in the classroom and in their professional development.

Size Standard For Mail

New size standard for envelopes, cards and other pieces of mail will become effective July 15. Any letters less than 3 1/2 inches high, 5 inches long or seven thousandths (.007) of an inch thick will be non-mailable. First-class mail weighing one ounce or less and single piece third-class mail of two ounces or less that exceed any of the following dimensions will be subject to a 7¢ surcharge: 6-1/8 inches high; 11-1/2 inches long or 1/4 inch thick. For odd-shaped pieces the length must be between 1.3 times and 2.5 times the height. Any other odd shaped pieces will be subject to the surcharge.

FHA Installs New Officers

Officers of AHS Future Homemakers of America for next year were installed in a formal ceremony Monday, May 7, in the Gold Auditorium.

The new FHA President is Jeania Turner. Other new officers are Tammy Shafer, 1st Vice-President; Teresa Dillenger, 2nd Vice-President; Cindy Turner, 3rd Vice-President; Becky Pearson, 4th Vice-President; Carol Lee Wayland, Assistant 4th Vice-President; Dee Ann Atterbury, 5th Vice-President; Jona Presley, Secretary; Pauline Brunner, Treasurer; Sherri Bridges, Historian; Josie Manzanales, Assistant Historian; Rhonda Royal, Parliamentarian.

The outgoing officers were also recognized. They are Dianna Shafer, President; Cerri Booth, Pauline Brunner, Jeania Turner, Renea McKinney, and Raylene Fitzgerald, 1st, 2nd, 3rd, 4th, and 5th Vice Presidents; Jona Dawson, Secretary; Darla McGuire, Treasurer; Tammy Shafer, Historian; Cindy Stillwell, Parliamentarian.

Marilyn Stone and Glenda Wheat sponsor the FHA.

AHS F. H. A. OFFICERS FOR 1979-1980 INSTALLED MAY 7

Another idea mentioned was moving the present ag classes to a new facility by the football field and installing an industrial arts department for boys and girls in the present ag headquarters. Several members were enthusiastic about giving kids the opportunity to learn basic use of tools without having ag courses as a prerequisite.

They also discussed tearing down the junior high gym and building a new one in its place, more comfortable for the public and with badly needed larger restrooms and dressing rooms. However, one member pointed out that the old gym bears all the public demand for junior basketball competition, practices, and other events while the high school gym stands empty at night except during the high school basketball season.

Herbert Brasher, the school's architect, said it's not feasible to add restrooms and dressing rooms onto the old gym in its present state and probably not feasible to try to improve it. Board members then discussed putting additional classrooms and new administrative offices in its place. They said they talked about new offices for the administration staff two years ago. Discussion turned to the

LETTER To The EDITOR

On behalf of the millions of children suffering from lung-damaging diseases and the Lone Star Chapter of the Cystic Fibrosis Foundation, I say "Thank You" to the citizens of our area.

So many people contributed generously to the Bike-A-Thon, not only in dollars, but in valuable time and effort. Special thanks go to Betsy Aldridge and Floyd Galloway who helped coordinate the student council's efforts. The Abernathy Weekly Review has been very helpful in reporting the plight of these children and we are very grateful.

More than \$2,100 has been raised to support programs for children with lung-damaging diseases. The biggest money raisers and prize winners are: Vicki McKenzie, 25 miles, \$190.00; LaRita Howard, 39 miles, \$187.35; Charlie Ortiz, miles, \$182.50; Kevin Galloway, 25 miles, \$159.25; Scot Westley, 40 miles, \$142.62; David Kemp, 30 miles, \$142.50; David Pruett, 18 miles, \$131.30; Bettie Hardin, 15 miles, \$114.60.

Big milers were: Billy Nunn with 44 miles, Mike Grimsley, 37 miles; Sarah Wells, 36 miles; Terri Gist, 32 miles; and Eva Cantu, 30 miles.

NGC--This should be the year for South Plains residents to visit, or re-visit, the stage production of "TEXAS" in Palo Duro Canyon east of the city of Canyon. Availability and/or high-price problems in obtaining gasoline may rule out long motor trips for vacationers this summer. "Texas" is one of three attractions in the vicinity of Amarillo. Heaquartering in that city, you do not have to travel far to the show in Palo Duro Canyon. Cal Farley's Boys Ranch northeast of Amarillo, and Lake Meredith northeast of that city. Paul Green's musical romance of Panhandle history, "TEXAS", starts its 14th season at the Pioneer Amphitheatre in Palo Duro Canyon Wednesday, June 20, and ends with the Saturday, August 25th performance. Shows are Monday through Saturday each week with the exception of July 1st when there will be a show on Sunday night. All shows begin at 8:30 p.m. The Weekly Review has a supply of brochures for "Texas" 1979, showing the seating arrangement, prices for tickets for the various seating sections, and address and telephone number for making reservations. Also, if you headquarter in Amarillo, you may want to ride the tour buses that operate nightly between that city and the theatre in Palo Duro Canyon. All of this, and more, information will be found in the free brochures available at The Review office.

AHS Scholars To Get Jackets

In a first step toward giving academics the same prestige as sports, Abernathy School Board decided that any student who achieves membership in the National Honor Society or who qualifies for regional competition in UIL literary events will be eligible for a letter jacket, sweater, or blanket.

Letters were formerly awarded only to athletes, cheerleaders, first place district winners in literary events, and after four years in band. School board member David Pinson, who came up with the idea, said, "Why not give the kid who is good in things like math or science a small of success. Put a jacket on him and let everyone know he's got the discipline and ability to excel, too."

Board members agreed with Pinson's idea when he suggested it in January but weren't sure what standard to set. They asked the AHS Student Council and National Honor Society to make recommendations. To Pinson's surprise, these student organizations' suggestions were more restrictive than he had thought. Dr. Webb said students tend to be that way.

The kids recommended letter awards for state UIL contestants and three year membership in the National Honor Society with patches awarded for all year honor roll students, district and regional UIL contestants, Who's Who, club presidents, student council officers, annual staff, and Outlook editors.

Pinson said, "Why make a kid wait three years to get a jacket? Team members get them after only one. The idea is not to minimize letter jackets but to equate academics with athletics."

After discussion, the board decided to add all NHS members and regional qualifiers to the major award list but grant patches for the remaining achievements. Students are granted letter jackets, sweaters, or blankets for only one activity in their high school career but receive add on patches for honors in other activities and events.

City Reps Get Highest Bond Rating Possible

Moody Investors Service gave Abernathy the highest bond rating possible for a town of this size, a Baa-1. That's the same rating they gave Clute, which is a much larger town, (population 9,000). Lubbock has an A rating which is only one step higher than ours.

Moody representative Ben Phillips told Abernathy's bond advisor Bob Davis that he was impressed with the men from Abernathy. City Manager Larry Field, Mayor Pete Thompson, and Aldermen Hoppy Toler, Harold Thompson, Harold Stillwell, and Charles Nelson met with Phillips.

Davis said, "I didn't expect that good a rating but the men did a bang-up job."

TURNING WITH THE WIND
by EVAUGHN HACKLER
CITY LIBRARIAN

Community Library Services was discussed by Elizabeth Crabb, Co-ordinator of North East Texas Library System, Dallas, at the West Texas Basic Library Skills Institute at Indian Lodge, Fort Davis, Texas. This institute was sponsored by four of Texas' ten library systems, a joint venture of the West Texas System; Big Country Library System, Abilene; Texas Panhandle Library, Amarillo; and Texas Trans-Pecos Library System, El Paso.

To plan your community library service, one must know the needs of the community in order to give information, recreation, and education as services. The people who need to understand these needs and services are the members of a library board, mayor, city council, city manager, and librarian.

"IN SEARCH OF TEXAS TREASURES" At Your Abernathy Public Library

Join the Texas Summer Reading Club. The theme for 1979 is "IN SEARCH OF TEXAS TREASURES". You may join by setting a goal for reading a definite number of books and finishing these books checked out from the public library this summer.

A certificate will be awarded. This is to encourage people to come to the library and become familiar with its resources on information, recreation and education.

What are some of our Texas Treasures? Palo Duro Canyon, Pade Island, Six Flags, State Capitol, The Alamo, Old Fort Davis, The Big Thicket, Big Bend National Park, and the Astro-dome may be some of our Texas Treasures. See Texas first.

The Summer Reading Program is sponsored by the Texas State Library and the Abernathy Public Library to encourage children to come to the library and become familiar with its resources. Children who are too young to read can be given credit for books read to them by their parents.

Join the reading club by June 1. There will also be a film program beginning June 8 at 2:30 PM in the City Hall Club Room. See the film schedule.

The library is open Monday, Wednesday and Friday from 1 to 5 PM. There are picture pages for Captain Kangaroo's TV program at your public library.

TRANSFER STUDENTS

The board accepted thirty transfer students for the 1979-80 school year: six from Cotton Center, two from Hale Center, 14 from New Deal, two from Lubbock, two from Petersburg, one from Plainview, and three from Tidalou.

"I CAN" PROGRAM
Dr. Webb reported that Zig Zigler's motivational program, requested by board member Fondy, must be incorporated into existing courses such as Home and Family Living and will cost \$500 to initiate. The board approved its inclusion.

POLICY AMENDMENT

The suggested change to school policy designating principals the sole judge of suitability of teachers' outside employment was not accepted. Fondy and McKenzie thought the school board should make the final decision; the others voted to keep the policy as it.

ESTIMATES

The board decided to ask for separate bids, to be opened at the June board meeting, on insulation for the elementary and middle schools, replacing incandescent lights at those schools with fluorescent ones, completely reworking twenty doors in the high school and auditorium, a new public address system for the high school, and seal coating all paved areas owned by the school using city specifications.

Lighting replacement in high school resulted in a 33% energy saving this school year with over 100% more light. The elementary and middle school buildings have no insulation at all. The high school public address system is 25 years old.

Estimated cost for the insulation is \$8,110 (regular summer employees will install it); \$37,000 for the lighting; \$2,500 for the doors; and, at the same rate as the accepted bid on the city's seal coat job (\$2 per yard), the school's seal coat will be \$7,072.

CUPS

Dr. Webb suggested that the school buy plastic dishwasher proof "spirit" cups with the Antelope emblem on them for use in concession stands. The paper ones now in use make after game clean-ups a big problem. Tech's experience with

them shows that people take spirit cups home instead of throwing them away.

The board voted to get them. The cost for 10,000 16 oz. cups will be 17¢ each. They will hold 50¢ drinks.

CLARIFICATION

The board put in the minutes a state recommended clarification of which students are identified as Title I students. Those eligible for free and reduced lunches and breakfasts are Title I Regular Students. Those who score below average on standardized tests (.2 below grade equivalent in primary grades) are educationally disadvantaged and eligible for Title I programs.

This makes more students who are not economically deprived eligible for Title I.

REPORTS

AHS lost five students and elementary lost 11 last month. The lunchroom is still in the red but it's normal for this time of year. Over 600 ate lunch and 141 ate breakfast daily.

LEGISLATION

Dr. Webb said the legislature is relatively sure to increase teachers' salaries by 5 or 6% and school transportation allotments by 15 to 20%. He expects the state's local fund assignments to remain the same. That's fine with Abernathy because of our good tax situation.

Dr. Webb has been working with a legislative committee to get the drinking age raised. The purpose is to help keep liquor out of the high schools. They first aimed at age 21 but got no support so tried 20 and then 19. There is support for age 19 and the governor agreed to sign the bill but they can't get it out of committee.

Two states have raised the drinking age to 21.

New assistant law dean aims to increase recognition

By JOEL BRANDENBERGER
UD Reporter

REVIEW EDITOR'S NOTE:
Mike Irish is the son of Mr. and Mrs. J. L. Irish of Abernathy. This article appeared in the UNIVERSITY DAILY of Texas Tech University.

It's not very often that a successful criminal lawyer will give up private practice to become an assistant dean at a young law school with a limited reputation around the state and country.

BUT THAT'S exactly what Mike Irish, the newest assistant dean of the Tech

Law School, did.

In 1978, Irish took the position of external assistant dean. With the title came a job that involved a placement service for graduating students, extensive work with the alumni, and public relations with lawyers around the region.

"This is an entirely different job from private practice. Obviously the work is more into the area of public relations than legal. But, I still keep in touch with the legal aspects of my job through the teaching I do."

Irish also teaches courses in prosecuting crimes and juvenile delinquency.

SINCE HIS arrival at the Law School, Irish has placed quite a bit of emphasis on getting graduating students good jobs and furthering the school's reputation. Irish graduated from the Tech Law School in 1972.

"Tech graduates are getting very good jobs for a school that is this young," Irish said. "Firms are now actively competing for our graduates. Not just the area firms, but larger markets like Dallas, El Paso, and Houston."

WHEN IT comes to the question of the Law School's reputation around the state, Irish agrees with Dean Frank Elliot's opinion that Tech is

definitely the second best law school in the state, and even goes a little further.

"In many ways, Tech may have the best law school in the state now. The quality of education here may be superior to Texas. The faculty-student ratio is smaller here and because of that our faculty is much more receptive to our students outside of class."

IRISH attributes this excellent reputation to the performance of previous Tech graduates.

"I have been told by firms that Tech graduates enter into the legal profession quicker than graduates from other

schools."

Despite Irish's efforts in public relations for the Law School, he sees room for improvement in his job and the school itself.

"We definitely need to get more funds from the alumni. They have given as much as they can in the past, but we still rely much too heavily on the money the Legislature appropriates. Our lack of funds is one of the reasons why Texas is able to maintain a better reputation than us."

EVEN THOUGH Irish seems settled and happy in his law school position, he still yearns for the old days on occasion.

"I do miss private practice some, especially being around the courthouse and trying cases. After all, it's what I was trained to do."

IRISH'S FIRST three years of law experience were as first assistant district attorney for the Lubbock District Attorney's office. During those years, he prosecuted numerous criminal cases. However, one in particular stands out in his mind.

"There was one murder case that Alton Griffin (former Lubbock District Attorney) and I prosecuted that will probably stick in mind forever.

"It involved three defendants who were charged with beating a retarded man to death with a bumper jack and then sexually abusing the body. I don't think I'll ever forget that case because of the brutality of the crime."

Irish and Griffin won the case.

WHEN HE left the District Attorney's office, Irish spent two years in a solo private practice where he found almost 75 percent of his time devoted to criminal cases.

In addition to that, he did some contract work and even things as simple as handling traffic tickets for his clients.

Fleisch will get a receptive hearing. And let us further hope it doesn't end there.

"Back to basics" is more than a mere phrase. It is an absolute necessity that be implemented at the earliest possible moment, beginning with a more intelligent selection of textbooks. And if anyone doubts the wisdom of this move, let them listen to the complaints of the student population. They will tell anyone how desperately they want it.

Normally geared to the lighter side of life, but hopefully always with a message of sorts, this columnist is compelled to write in a more serious vein for this particular article. Two things prompt this deviation.

The first was a recent commentary in the Round Rock Leader concerning Rudolf Fleisch's appearance before a U.S. Senate committee and the other is the current public school week.

For 22 years this writer has had occasion to witness first hand the terrible damage fostered on the students of this country by the absence of "phonics" and the use of "flash" cards in the teaching of reading and spelling. This latter method, which is actually attempting to teach by rote, simply cannot, does not, and will not produce the satisfactory results.

Naturally it is the students who suffer far greater harm than the adult population, unless it be the long run damage to our entire social structure. And myriads of businessmen and educators (teachers) will tell you this damage is already prevalent throughout the entire length and breadth of this nation. It would seem this should be proof positive of the fallacy of this "modern" educational process.

It is beyond this writer's comprehension to understand why this tragedy has been permitted to linger on and on. For a Christian and enlightened nation to subjugate its youth to financial greed, if this be the case, infuriates as well as bewilders me.

Time after time in history, lessons have been taught to mankind the dangers of an unenlightened people. It is true that the security and destiny of every nation rests with the sound education of its people, at the present rate this country is going to won't be long before our political structure will collapse.

Let us all hope, as the commentary in the Round Rock Leader states, that

Junior High Elects '79-'80 Student Council Officers

Last Friday, Abernathy Junior High students elected student council officers for next year.

The chosen ones are Vicky McKenzie, President; Sarah Miller, Vice-President; Melissa Hagstrom, Secretary; Cody Jones, Treasurer; D'Ana Howard, Reporter; Vicky, Melissa, and Sarah will be eighth graders next year. Cody and D'Ana will be in seventh grade.

Barry Pittman Is TCU Graduate

Former Abernathy resident, Barry Pittman, was one of the graduates from Texas Christian University May 11, 1979 with a degree in Ranch Management. While attending TCU Barry received a \$1500 scholarship from the Houston Livestock Show and Rodeo for academic achievement.

Barry is the son of former residents, Billy and Fern Pittman, the grandson of Dixie Pittman and nephew of Mr. and Mrs. Charles Hobgood.

Barry and wife Retha have resided in Ft. Worth the past year where both were attending TCU. They plan to return to the panhandle this summer.

Band Awards To Be Presented at Banquet

The Antelope High School Band Banquet will be held at the Hilton Inn in Lubbock at 7:30 PM on May 25. The theme of this year's banquet is "Ready To Take A Chance".

"Totally Hot", a professional musical group, will entertain at the banquet. Antelope drummer Vicci Stewart is a member of that group. Band President Susan Sanders will be master of ceremonies.

The following band honors will be presented: Sweetheart and Beau, Stage Band Award, Bandsman of the Month, Officers, State Qualifier, Drum Majors, Twirler, Color Guard, Who's Who, and John Phillip Sousa Award.

MAY 28/ JUNE 3 Is Vietnam Veterans Week

During Vietnam Veterans Week, May 28 through June 3, the American people will get a one-time opportunity to put aside their convictions about the war itself and pay tribute to the people who were called upon to fight it, said Max Cleland, Administrator of Veterans Affairs and a Vietnam veteran.

Some 8.8 million persons served in uniform during the 11-year Vietnam Era, August 5, 1964, to May 7, 1975. More than 2.7 million had duty in Southeast Asia.

SEEDS FROM THE SOWER
By Michael A. Guido, Metter, Georgia

David Foreman of Niagara University walked into a shower, turned on the water, and remained there for seven days, seven hours, seven minutes, and seven seconds to break the world's record for a continuous shower.

Can that much water wash away our sins? No, for water on the outside cannot wash away the wickedness on the inside. And the Living Bible says, "No amount of soap or lye can make you clean. You are stained with guilt that cannot ever be washed away."

Is there no cleansing from the guilt and grief of sin? Is there no cleansing for the conversation and the conduct? There is, for the Bible answers, "The blood of Jesus cleanses us from every sin."

There is power in His blood not only to erase the past but also to enable us to do better for the present.

There is power in His blood not only to make us children of God but also to keep us children of God.

Nature forms us; sin deforms us; schools inform us; but only the Lord can transform us.

Why not let the Lord cleanse your sin and cure your sinning?

City Garden Club Visits Hospital

The City Garden Club met at City Hall at 11 AM May 10th. Then they traveled to Lubbock and had lunch at the Town and Country Furr's Cafeteria.

Vera Pope was in charge of the program and she had made arrangements for the group to go to Health Sciences Center Hospital. Vera's granddaughter, Jana Pope, is Assistant Director of Public Relations at the hospital. She showed slides of the different facilities and carried the group through the new intensive care unit. It was very interesting and informative.

Members making the trip were: Juanita Bell, Blanche Coggin, Veloise Ahrens, Cora Shuman, Lillie Mae Wilson, Vera Pope, and a visitor, Hattie Stewart. Mrs. Stewart is a sister of Vera Pope.

The next meeting will be a salad luncheon and installation of officers on May 24th.

AAM Considers Formal Organization

County representatives of The American Agriculture Movement met in Dallas, Texas, on April 28 and 29 for the purpose of establishing a legally chartered farm organization in the state of Texas.

"The American Agriculture Movement was conceived in adversity, born in despair, nurtured with hope, grew with participation, and lives with determination," said Mike McCatheem, newly elected State Coordinator.

"We have used our tractors, the symbol of our industry, to bring to the attention of the American public and to the Congress of the United States, the problems which exist in rural America. We have been successful in bringing together the largest group of grass-roots farmers in the history of our nation. We have proven that we are willing to actively participate in the political process of this Nation, and we feel that we must now bind ourselves together in a

nationally recognized organization to continue our efforts of seeking 100% full parity prices at the marketplace for all of our agriculture commodities," he said.

"The AAM will continue to be governed by the grass-roots members, just as it has been from its inception," McCatheem said. "Its goals will be to have maximum input from grass-roots farmers into all future legislation, to keep the nation informed of problems which exist in agriculture, to support political candidates who support agriculture, and to oppose those who oppose our goals of full parity prices for our commodities," he continued.

"We urge our members to continue their work and support of the other farm organizations and commodity groups, and to work towards full cooperation between these groups in order that we can eventually have one true voice in agriculture."

Ring Around Announces Promotions

Ring Around Products, Inc., has announced the promotion of Dr. Robert L. Ellsworth to Vice President, Research and the appointment of Dr. William H. Davis as Director of Soybean and Cotton Research for the Company's Seed Division headquartered at Plainview.

Dr. Ellsworth, who joined Ring Around in 1972 as Director of Research and Sorghum and Forage Breeder, received his B. S. degree from Arizona State University in 1968 and his M. S. from Kansas State in 1960. He completed additional graduate work at Marquette University and was awarded his Ph. D. from the University of Wisconsin in 1971.

Dr. Davis has guided Ring Around's Soybean and Hybrid Cotton Research programs since 1972. A graduate of Utah State he earned his Ph. D. from North Carolina State University. Among Dr. Davis' more notable accomplishments are his discovery of male sterility in alfalfa and the development of the hybrid alfalfa production process for which he holds the patent. He has done significant work in mono-germ in sugar beets and while at Ring Around has developed numerous outstanding soybean varieties.

Both Dr. Ellsworth and Dr. Davis will continue to be based at the Company's Research Center at Plainview.

Ring Around Products, Inc., is a division of Occidental Petroleum Corporation.
