

School Days Are Here Again: There was a beehive of activity on the school campus Tuesday morning as elementary, junior high and high school students were returning for the 1979-80 school year. From left to right are Susann Garza, 6 years old and going to the first grade class room of Mrs. Webb, the next picture was taken at the 4th and 5th grade school building, this group of students seemed a little camera shy but, were busy visiting with friends while waiting to go inside. The last picture was some of the members of the new AHS Pep Club members, (The Peppers) they were going into the auditorium for the high school assembly. This group also did one of their routines for the assembly.

School Is Underway

It was very evident that Abernathy School opened Tuesday, September 4th. There were more cars on Ave. D than usual and the school buses coming in from the country. At elementary mothers and their young children headed for some new experiences and the teachers greeting their students for this year.

The high school opened with an assembly in the high school auditorium. Jody Smyers, president of the AHS student council was master of ceremonies, welcoming the AHS students and teachers back for the 1979-80 school year.

Billie Harrison president of the school board gave a welcome and encouragement to the students to keep up the good work and help this be a better school year than last.

Dr. Delwin Webb gave a speech and Mitch LeMoine had the freshmen, sophomore, junior and senior classes stand.

Speeches were also given by the presidents of the various clubs in AHS, explaining what they do and inviting those interested to join and get involved for the school year.

The new AHS pep club, called the AHS Peppers and the cheerleaders presented one of their routines. They will be seen at the football games cheering the Antelopes as they play football this season.

The cheerleaders led the student body in the school song before being dismissed for classes.

The Abernathy Antelopes will be traveling to Petersburg this Friday night to play their first game of the football season. The game will kick-off at 8 p.m. Support the Antelopes.

Farm Tour Planned For September 6

The Hale County Cotton sub-committee and Feed Grains and other crops sub-committee in conjunction with the Soil Conservation Services, will hold a farm tour on September 6 at 1:30 p.m., according to Rick Cornelison, Assistant County Extension Agent. The tour will start at the K-Mart parking lot in the north part of Plainview.

This tour will include a speaker on hybrid cotton, Richard Sheets, as well as having some hybrid cotton to show. Dr. Porter from the Bushland Experiment Station will speak on wheat varieties for our area. Jimmy Lewis of the Soil Conservation Service will show and explain a dam site of the Running Water Draw project. Corn and cotton variety yield demonstrations will be featured.

In addition to this, Leon New, Area Irrigation Specialist with the Texas Extension Service, will demonstrate a well efficiency test on an irrigation well. This tour demonstrates some of the work done by the Hale County Extension Staff as well as the Hale County Soil Conservation District. All farmer, agribusiness and any agriculture people are welcome.

Local Invention Saves Cotton After Rains

(By Jacquelyn Smyers) Abernathy doesn't lack for inventive people. Jim Barton's BoBar Co. makes a new fangled wick herbicide applicator and Monroe Waits turns out gorgeous weeds. But there's also Ace Welding Company's skimmer.

The skimmer is an attachment to rotary hoes. It breaks the hard dirt crust made by packing rains and allows the young cotton to come through. It also skims excess soil off things planted too deep.

It was invented by farmer Jimmie Davis, improved by A.C. Harris, and patented jointly by the two. Harris's business, Ace Welding, manufactures and sells skimmers as a sideline. The business is booming this year because of the heavy rains.

It was to avoid losing crops after such rains that Davis came up with the skimmer. He used his a couple of years and made some for neighbors. Harris suggested several improvements which worked so well that the two men started making them in Davis' barn at night.

They only laughed when people told them they should get a patent but finally did in self defense. They found out that somebody else could copy their invention, get a patent on it and prevent the true inventors from making any more. That happens.

A friend steered them to Bob Rinehardt, holder of several patents, who told them how to get one. It took two years and around \$2000 to complete the complicated process but... "We're kind of proud of it," says Davis.

"All ag tools come from some farmer's need," explained Harris, who also used to farm. Davis needed to save his cotton and wasn't happy with the tools available so he tinkered around and made his own. Most modern farm implements came about the same way.

Harris says he went broke farming, then took a job at Southwestern Public Service Company's TUCO plant until it closed, tried farming again, then joined the maintenance department at SPS's Jones Station.

Both Davis and Harris are Abernathy natives. Davis, his wife Gale, and daughters Cindy, Patsy, and Joan received the annual Outstanding Farm Family of the Year award from Abernathy Chamber of Commerce last spring. Harris's wife, Doris, is a secretary at the John Deere house. They have two children, Jason and Julie.

INVENTION - A.C. Harris holds a "skimmer", invented by Jimmie Davis and manufactured by Ace Welding Co.

Main Street Bridge Opens Thursday

LUBBOCK---The State Department of Highways and Public Transportation announces that the Contractor is planning to open the Main Street Bridge in Abernathy to traffic Thursday, September 6, 1979.

Field Day Set At Ag Station September 11

The latest research on cotton varieties, water use efficiency, sorghum improvement, and weed control will be featured attractions for the 70th annual field day of the Texas Agricultural Experiment Station for Lubbock and Halfway. The event begins at 1 p.m. Tuesday, Sept. 11, at the research site here, 7 1/2 miles north of Lubbock on U.S. 87 at Farm-Market Road 1294, southeast of New Deal.

Hale County producers will find the program particularly applicable, said Ollie Linder, county Extension agent.

Research efforts at the Lubbock and Halfway station focus especially upon the needs of producers in Hale and throughout the counties in the High Plains of Texas. Field tours will be conducted throughout the afternoon, with tractor-drawn trailers shuttling visitors to key demonstrations.

The Field Day is a cooperation presentation of TAES, the Texas Agricultural Extension Service, the High Plains Research Foundation, the Science and Education Administration of the U.S. Department of Agriculture, and the National Weather Service.

Principal stops on the tour of the Lubbock station will feature reports on ways to help plants make more efficient use of water, tests of cotton hybrids, tissue testing to assess soil fertility, weed control research, improving sorghum varieties, the potential for wine grape production in the South Plains, breeding and improvement program in soybeans and sunflowers, and sesame variety trials.

During the stops on the tour of the 320-acre research site, Experiment Station scientists and Extension Service specialists will answer questions and discuss problems with the visitors. Farm machinery and irrigation equipment will be on display and visitors can view other research projects being conducted at the station.

BRIEFS: Tammy Shipman, who is hospitalized in Dallas, would welcome cards and letters from Abernathy friends. Her address is Methodist Hospital, Room 307-5, 301 Colorado Blvd., Dallas, Texas 75235.

Antelopes Open Football Season At Petersburg

Head football coach Larry Aldridge and his coaching staff will take their AHS Antelope grid squad to Petersburg Friday night, Sept. 7, to open the 1979 season. The Antelopes traditionally open the football season against the Petersburg Buffaloes... always tough competitors. The Antelope-Buffalo season opener at Petersburg Friday, Sept. 7 will start at 8 p.m.

Band Director George Riddell will field his AHS Antelope Band for its usual entertaining half-time show Friday night.

Evans Wins Place In Texas Tech Band

Perry Evans, 1979 AHS graduate and son of Mr. and Mrs. Charles Evans, won a place in the trombone section of the Texas Tech Red Raider Band. Of 21 freshman trombone players who tried out, only nine were chosen.

Evans played in the AHS Antelope band all through high school. He served as section leader, band officer, and won many honors and awards for musicianship.

Bids To Be Taken For I-27 Work

AUSTIN---The State Department of Highways and Public Transportation will take bids Sept. 19 on proposed improvements to Interstate Highway 27 in Hale County.

The highway department proposes to work on grading, structures, flexible base, asphalt and stabilized base, asphaltic concrete pavement, concrete pavement, safety lighting, signing, storm sewers and lift station along 8.24 miles of IH 27.

Estimated cost of the project is \$26,760,653 and the estimated time of completion is 400 working days.

Masons To Meet Here Sept. 13

A stated meeting of Abernathy Lodge No. 1142 A. F. & A. M. will be held at 8:30 p.m. Thursday, Sept. 13. Worshipful Master Gary Pettit urges all local members to attend, and extends a welcome to visiting Masons.

Abernathy Lions Club has acquired a hospital bed for use by the community. Anyone who needs it may contact Milt Pope or Burl Hubbard.

Pete Cuevas began his 7th year at the crosswalk on Ave. D between the city hall and Pinson Pharmacy, Tuesday, Sept. 4. Pete is always on hand to help the children and anyone else wanting to cross there. Pete takes good care in helping the people across going to and from school. Be sure and slow down to 20 miles an hour in the school zone. Help Pete take care of the children.

I-27 North Traffic Is Being Rerouted

LUBBOCK---The State Department of Highways and Public Transportation announces that existing traffic patterns at approximately 1 mile north of Abernathy on IH 27 were altered beginning Wednesday, September 5, 1979.

Northbound traffic will be routed along a portion of the newly constructed East Frontage Road and Southbound traffic will be detoured to the existing East Main Lane. Rerouting is necessary in order to continue the construction of the West Frontage Road.

Singer, Cartoonist To Be Interim Music Director

Jimmy Gary, whose creations and reputation are already familiar to Abernathy, is First Baptist Church's interim music director. Gary is a well known cartoonist and commercial artist. His job is advertising and promotions manager for TERSCO Inc. of West Texas. He is responsible for TV spots, newspaper ads, and other promotions for the Odessa, Midland, and Amarillo branches of the company as well as the Lubbock home office.

He is also talented in music and has been active in the church music field for 25 years. He aids churches without music directors, directs music for revivals, and incorporates his artistic skills into revival work. He recently discovered that First Baptist still uses drawings he did for a revival here ten years ago.

He authored a cartoon history of Lubbock which is used in Lubbock's public school system. Several years ago, he was Salty Sam, a personality on the Admiral Foghorn television show which Gary designed for Bob Stephens, now weatherman for KCBT TV, who used to have a radio station in Abernathy.

Gary and his family are members of Highland Baptist Church in Lubbock.

Mrs. Hix Ends 55 Year Career At First State Bank With Reception August 30

A quiet party at First State Bank last Thursday morning honored Mrs. N.C. Hix on her official retirement from the bank staff after 55, possibly 56 years. She refused plans for a larger celebration that included the community in favor of a small gathering of family members and bank employees.

Staff members served cake and coffee and presented her with an engraved silver tray commemorating her years with the 70 year old institution. She began work in 1923 or '24 as a general clerk and teller, married a bank officer who later became president of the bank and, after his death, served as assistant cashier until now.

Beatrice Matejowsky moved with her family to Abernathy from Burleson County when she was 10 years old. She graduated from Abernathy High School, attended the College of Industrial Arts at Denton for a year and a half. West Texas State College in Canyon for half a year, and worked in Dallas for Dallas Tailor Supply Co. On a vacation trip back to Abernathy, she was contacted about working at the bank and accepted the job.

She and N.C. Hix, bank cashier, were married at her home June 25, 1927. Hix joined the bank in 1911 or 1912. He worked at the lumber yard before then. He became president of the bank when predecessor L.A. Harra died.

Mrs. Hix remained connected with the bank but stayed home to rear two daughters, Mary and Alice. They both live in Lubbock now. Mary married a Bostonian, Frank Megna, now deceased, who came to the area to farm. Alice married a lawyer, Bill J. Parsley, who served in the Texas legislature.

Mrs. Hix returned to bank duties as aide to her husband when his health failed. When he died in 1952, she became assistant cashier. The presidency passed then to Ercell Givens, who heads the bank today. Dr. M.C. Overton of Lubbock who often aided people here because the local doctor was overrun with work. He remarked that he nearly ran his horses to death seeing people.

The bank was located in a small building where Abernathy Motor Co. is now. It was about the size of its present board room, had a vault, only two wind-

ows, and a tiny office for Mr. Hix who was in charge of loans.

Mrs. Hix has her own office in the present bank building built in 1958 and has enjoyed her career with the institution. "You get to meet lots of people," she said and was never tempted to go into anything else. Mr. Hix, though, had farming interests and ran livestock in addition to his bank position.

She thinks the biggest thing that ever happened in Abernathy was the Struve Cheese Factory in 1929. It employed many people who went out to surrounding farms early each morning to collect milk for the cheese-making. With the advent of irrigation in 1938 though, nobody had time anymore to milk cows so the factory ceased operations in 1951.

Mrs. Hix has been an influence in the community and, since she served all this time as a notary public, realtors find her name somewhere in transactions on almost every piece of property in town. All she hopes for the community is that the crops do well, present businesses prosper, and that it continue to be a nice place to live and raise a family.

NOTICE

This is the time of year that the different clubs begin their meetings. We would like to have your news for The Review. We would appreciate it very much if you would help us out by bringing in your reports or calling us at 298-2033. We would like very much to have your reports from the study clubs, hobby clubs, music club, the different school clubs and any other organization that we don't know about. We need you the readers to help us with the news. We want to publish a good paper but, it can be only as good as you help us make. It is impossible for us to know much of the news and we would ask you to please call us or come by.

We would also like to know where your children are going to college this fall and any information concerning them.

If any of the out-of-town readers have news about people that use to live here we would be happy to have it also. Our P. O. Drawer D is the place to send it. Please keep this in mind and help us.

thanks,

Hale County Oil & Gas Productions

THE SALE OF CRUDE OIL AND NATURAL GAS from Hale County wells in 1978 boosted the county economy and accounted for \$86.3-million of the \$17.1-billion value placed on Texas production last year, according to Texas Mid-Continent Oil & Gas Association.

In a report on the economic impact of oil and gas industry operations in the top producing counties of Texas, the Dallas-based Association said the county ranked 49th among the 202 counties having marketed production valued at \$100,000 or more, not including the sale of natural gas liquids.

The county's wells produced 9.2-million barrels of crude oil, valued at \$85.2-million, and 1.1-million Mcfs of natural gas, valued at \$1.1-million. Owners of royalty in the county received \$10.8-million as their share of the output, the Association said.

"Considering the shortfall in total U.S. petroleum production relative to our nation's energy needs, production from every Texas county is more vitally important today than ever before," said the Association's president, H. B. (Hank) Harkins of Alice, an independent producer and drilling contractor.

In addition to paying local, county, and state property taxes, producers in the county also supported state government through production tax payments estimated at \$4-million, according to the Association.

Crude oil taxes amounted to \$3.9-million, while natural gas levies totaled \$83,000. Based on Texas Employment Commission figures, some 64 oil and gas industry employees in the county received wages of about \$394,000 in 1978.

In the search for new petroleum reserves in the county, oil and gas operators spent a reported \$1.9-million in the drilling of 10 wells, including two wildcat, or exploratory, wells. This effort resulted in the completion of eight oil wells, although some \$393,000 was lost in the drilling of two dry holes.

Petroleum processing also contributed to the county economy, with one petro-chemical plant in operation.

The Bible will help. READ SOME EVERY DAY!
Hear the Word
READING THE WORD, AGAIN... AND AGAIN... AND AGAIN.

What is the first thing a person does when he wants to begin personal Bible Study? "You start just by reading the Bible," says Dr. Alfred Martin, vice-president and dean of Education for the Moody Bible Institute.

"In my own experience, it seems to me we need to get a familiarity with the Word of God before we can really study it carefully and thoroughly. The first time through, don't expect to understand everything that you read, then after a brief interval read it again. And read it again. As you read it a second, a third or fourth time, you begin to see the structure of the Book itself.

"Then, of course you can branch out to study helps, but don't let any of the helps come in between you and the Bible itself. Use other books as helps and not as a crutch or not as the main thing to study," says Dr. Martin.

"Since the Bible is the Word of God it must be very important and ought to be extremely important to everyone of us. The amount of Bible study we get in church... in Sunday School... in training... and

in a week day Bible class are great, but they can never replace the individual's own saturation with the Word of God.

"We all need to live in the Scriptures because as the Lord Jesus quoted from the book of Deuteronomy 'Man shall not live by bread alone but by every word that proceedeth out of the mouth of God.'

"We ought to encourage people who don't know the Lord to look into His Word and to read it because it's through the Word that the Holy Spirit can bring the conviction to them that will awaken their faith in the Lord Jesus Christ."

If you have a story about the Bible, send it to the Christian Bible Society, Nashville, TN 37210.

The AHS Antelopes will be traveling to Petersburg this Friday evening to play football at 8 p. m. Back the Antelopes Go team go!

Mrs. Antonio S. Castillo (nee Raquel Ortiz)

Antonio Castillo -Raquel Ortiz Exchange Vows In First Baptist Church In New Deal

Raquel Ortiz and Antonio S. Castillo were united in marriage in a double ring ceremony at 2 P. M. Saturday, September 1, at the First Baptist Church in New Deal. H. O. Espinoza, superintendent of the Nazarene Church, officiated. The bride is the daughter of Mr. and Mrs. S. L. Ortiz of New Deal. The groom is the son of Mrs. Diamantina S. Castillo.

The altar arrangement included a candelabra, unity candle, and two baskets of gladiolus. Candelights were Dolores Flores of Abernathy, cousin of the bride; and Bobby Lopez of Eden, Colorado, friend of the bride.

Piano music was provided by Mrs. Garry Maudlin, a pastor's wife and friend of the bride, from Lamesa. The soloist, Miss Noelia Padilla of Lubbock, sang "The Wedding Song" and "The Lord's Prayer."

The bride was given in marriage by her father. Her dress was designed by her aunt, Mrs. Virginia Hernandez, from New Deal. The dress arrangement included taffeta over chantilly lace with pearls. The pearls were grouped by Miss Elvia Pavila from New Deal. A cathedral train attached to the gown and the headpiece was a lace tiara with short veil.

Miss Olga Ortiz of New Deal, sister of the bride, was maid of honor. She wore a gown and carried an umbrella made of foam with flowers of candy pink. Rice girl Lisa Flores of Abernathy, cousin of the bride, wore a candy pink dress designed by her mother, Mrs. Santos Flores of Abernathy.

Bridesmaids were Mrs. Dolores Esparza, sister of the bride from Lubbock; Miss Olga Trevino from Abernathy; Miss Maria Martinez from Plainview; Miss Cristela Ortiz, niece of the bride, from Abernathy. They wore identical gowns of candy pink, pink hats, and carried artificial umbrellas covered with flowers.

Richard C. Sloss of Childress was best man. Groomsmen were Joe Esparza of Lubbock; Mike Flores, Jr., cousin of the bride from Abernathy; Ray Moreno of Plainview; and David Olivias of Abernathy.

Following a trip to Monterrey, Mexico, the couple will make their home in Childress. The groom is employed at the state highway department in Childress.

BOYD KNIGHT-LINDA LYNKEY MARRY IN A DOUBLE RING CEREMONY SEPT. 1

Miss Linda Lynskey and Boyd Knight were married in a double ring ceremony at 6 PM Saturday, September 1, in the home of the groom's parents, Mr. and Mrs. Jesse Knight, Jr. The Rev. Jimmie McGuire of New Deal officiated. The bride is the daughter of Mr. and Mrs. Avery Quick of Maple.

She wore a formal length gown of apricot color trimmed in white lace and carried a bouquet of white daisies attached to a white lace covered Bible. For something old, she wore a wedding ring on a gold chain which belonged to Boyd's grandmother, Mrs. Mallisa Landon of Levelland.

Matron of honor was Connie Jantz of Texarkana, Arkansas. Best man was Mike Knight of Conroe. Scotty Lynskey was ring bearer and Johnny Knight was candle-lighter. Gina Knight of Lubbock and Redgie Knight served at the reception table.

The bride attended Three Way High School in Maple and is employed at Plains Cotton Cooperative in the network department. Boyd is a 1971 graduate of Abernathy High School. He served three years in the United States Marines and is self employed.

After a wedding trip to Cloudford, New Mexico, the couple will reside in Lubbock.

BRIEF:
Mr. and Mrs. Reed Lacy have returned from a trip to Tres Ritos, New Mexico where they joined Mr. and Mrs. Harlow Neis. All enjoyed a very good vacation.
Mr. and Mrs. Richard Havens, Lori, Gordon and Kara attended a Havens family reunion at Crosbyton Sunday.

Rev. Murry Brewer Serves As Interim Pastor At Redbud

Rev. Murry Brewer, formerly pastor of First Baptist Church, Abernathy for seven years, has been named as interim pastor for the Redbud Baptist Mission, 801 Slide Road. He will serve as interim until a full time pastor is called to the mission.

Rev. Brewer has served as interim of several local churches and is in great demand for pulpits supply in West Texas. He has just recently completed an interim pastor responsibility at First Baptist Church, Ralls.

Rev. Brewer is a graduate of Wayland Baptist College and Southwestern Theological Seminary of Fort Worth. His first Sunday at Redbud was August 26.

Worship services are held at 10:30 a. m. and 6:00 p. m. on Sundays with Bible study at 9:30 a. m. Wednesday services at 7:00 p. m. Doyle Holmes, Director of Missions, Lubbock Baptist Association, has been filling the pulpit since the Mission was organized.

(This article along with a photo of the Rev. Mr. Brewer appeared in the September, 1979, issue of THE ENTERPRISE, tabloid newspaper published by the Lubbock Baptist Association. Murry is a son of Mrs. Charley Brewer of Abernathy.)

YOUR CHILDREN NEED MORE THAN SCHOOL ALONE

As the approaching school season appears on the horizon, it's time to realize that the school, for all its importance in teaching your children the basic skills of life, is actually the second stage of their education. The first is in the home, where they should learn manners, unselfishness, the difference between right and wrong, and respect for authority and the rights of others, before they take even the first step out of the house; because the outside world begins right on your doorstep. Moreover, the character they develop during these years will remain with them all through life, so this early training should also include an education in faith, in the Sunday school at the Church of your choice.

Workshop Set For 4-H Club Horse Program

All 4-H leaders who are interested in "a more productive county 4-H horse program" are invited to participate in a weekend workshop on that theme, September 14-16. This training activity for leaders will be conducted at the Texas 4-H Center, located on Lake Brownwood in Central Texas.

Instructors for the workshop activities are: B. F. Yeates and Dr. Doug Householder, Extension Horse Specialists, College Station; and Carolyn Gilbert and Dr. Bill Jackson, 4-H and Youth Specialists at Brownwood and Stephenville, respectively.

Hale County Extension Agent David Box, indicates that the weekend training sessions will include information and demonstrations on topics such as "horsemen's handcraft workshop," "future projects," "selections," and "economics of training and fitting for the market."

For further information and registration details, interested persons should contact the Hale County Extension office, or phone 296-7466. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages, regardless of socio-economic levels, race, color, sex, religion or national origin.

SEEDS FROM THE SOWER
By Michael A. Guido, Metter, Georgia

One cold morning two escaped convicts passed a post office. But seeing that it was empty, and wanting to get warm, they went back to it and slipped inside.

Looking around, one saw a Wanted Poster. Pointing to his picture, he said, "Ain't it nice to be wanted!"

You are wanted — by the Lord. Not for what you can give Him, but for what He can give you. Not for what you can do for Him, but for what He can do for you.

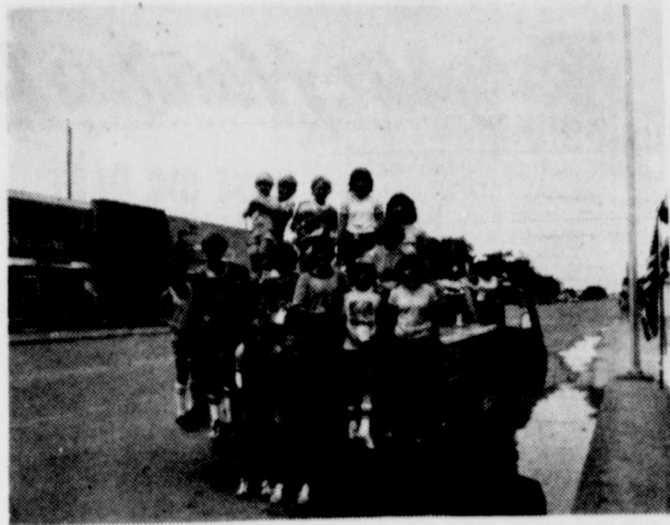

Lovingly He says, "Come unto Me, all ye that labor and are heavy laden, and I will give you rest."

He does not bind. He looses. He does not imprison. He liberates. He does not condemn. He forgives. He does not destroy. He saves.

Without Him, in trouble there is no refuge; in temptation, there is no triumph; in struggles, there is no strength; in sorrow, there is no comfort; in sin, there is no salvation; at death, there is no hope.

But you need not go another step without Him. He is right there by you. Turn around and you will find yourself in His arms.

You will come to Him, won't you? He wants you.

Shaw Family Reunion Held In New Mexico

The annual Shaw Family reunion was held the third weekend in August in the IOOF Youth Camp between Mountainair and Albuquerque.

Attending from here were Mr. and Mrs. Hayden Pearce and Mr. and Mrs. Chester Pearce. The Chester Peaces' daughter and family accompanied them to the event in New Mexico.

The Shaw family members were pioneer settlers in what is now the Abernathy area. The Pearce family members also were pioneers in this area. Clint Pearce married a Shaw, and their three children, Amylee Smithee, Hayden and Chester Pearce, all reside in the Abernathy area.

Mrs. Smithee was unable to attend due to the high altitude of the Shaw reunion location.

SEPT. 21—National Golden Spur Award and Prairie Party, 6:30 p. m., Lubbock Memorial Civic Center.

SEPT. 22—Ranch Day, 9:30 a. m. - 4 p. m., Ranching Heritage Center, The Museum of Texas Tech University, Lubbock.

Many Attractions Scheduled For South Plains Fair

The 62nd annual fair is slated for September 22-29, here in Lubbock, and one attraction that will arrive with the fair will be a \$750 purse as a part of the cutting horse contests.

The contests will be held in the Fair Park Livestock Pavilion on September 27-28, according to Steve L. Lewis, general manager of the fair. The cutting horse contests are sanctioned by the National Cutting Horse Association (NCHA), and John Trimmer of Hale Center will be the NCHA representative at the contests.

Entry fees for the \$750 purse, are \$75 plus \$40 cattle and office charges for a total of \$115; the open championship contest will be held at 4 p. m. on September 27. Entry fees for the open championship will be accepted until one hour before the contest begins.

Youth contests are slated to begin at 7:30 p. m. on September 28, and will offer buckstitch halters for first, second and third winners; trophies for the next three places will also be awarded. A \$25 fee for cattle and office charges will be charged for entering this event, however, no actual entry fee will be charged for the youth contests.

Several stage shows have been acquired for the run of the fair. Eleven shows will feature 13 stars. A fiddler's contest will be held on the opening day of the fair, and after this the scheduled stage productions will take place.

The stage shows thus far scheduled are: The Charley Pride Show, 5 p. m. and 8 p. m., September 23; The Statler Brothers Show, with Barbara Mandrell, 5 p. m. and 8 p. m., September 24; The Eddie Rabbit Show with Janie Fricke, 8 p. m., September 25; The Dave and Sugar Show, with John Conlee, 8 p. m., September 26; South Plains College's Golden Years of Country Music, 7 p. m., September 27; The Tammy Wynette Show, with Rex Allen Jr. and George "Goober" Lindsey, 5 p. m. and 8 p. m., September 29.

Reservations for tickets to these shows are now being accepted by the fair association at P.O. Box 208, Lubbock, Texas, 79408, and reservations must be accompanied by a self-addressed stamped envelope.

Persons buying tickets through the mail will receive them by mid-August. This is also the same time that the box office at the coliseum will open. Tickets will also be for sale at five other locations during this time.

All seats are reserved and tickets are \$4, \$5 and \$6 for all shows except the South Plains College Show, and tickets for this specific event will cost only \$2 and \$3. Tickets will be processed in the order that they are received; this will help insure that early reservations will acquire the best seats.

HOPPY'S SHOP

Texas melon provides the perfect burst of flavor for a cool sherbet treat which is not too sweet, notes the Texas Department of Agriculture home economist. Watermelon, cantaloupe and honeydew melon can all be used for this change-of-pace, refreshing dessert.

From the TAP Kitchen

TEXAS WATERMELON SHERBET

- 1 C. sugar
- 3 T. lemon juice
- 5 C. watermelon, seeded and diced
- 1/8 tsp. salt
- 1 env. unflavored gelatin
- 1/4 C. cold water
- 1 C. whipping cream

Combine sugar, lemon juice, watermelon and salt. Refrigerate 30 minutes. Spoon mixture into blender container and blend until smooth. Soften gelatin in cold water. Place over low heat and stir until gelatin is dissolved. Add to watermelon mixture; stir well. Add whipping cream slowly while beating. Mixture should be foamy. Pour into freezer can of a 1 gallon hand turned or electric ice cream freezer. Freeze according to manufacturer's instructions. If using a home freezer, pour mixture into ice tray or shallow metal tray and freeze until there is about 1/4 inch frost on the sherbet (1-2 hours). Whip sherbet and return to freezer for 2 more hours. Note: Five cups cantaloupe or honeydew melon can be substituted for the watermelon.

For additional recipes, write Commissioner Reagan V. Brown, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711.

Hide Prices Forecast Footwear Shortage

Sure seems to be a lot of conversation going on concerning hides, pricing, delivery and availability. I am enclosing some facts for your evaluation. These are from the A.F.L.A. (American Footwear Industries Association).

While 1978 saw severe inflationary pressures on hide prices, the acceleration in hide prices has worsened in 1979. Hide prices in December, 1978, were 52.2 percent higher than in 1977. By March, 1979, hide prices were 140 percent higher than December, 1977, prices. As of April 20, high prices were a record 98.1¢ per pound, 157 percent above the December, 1977, price of 38.2¢ per pound.

Domestic supply in 1979 is projected at 34.6 million hides, a drop of 4.9 million hides (12.4 percent) from 1978 supply of 39.5 million hides. If exports in 1979 do not fall below the 24.5 million hides purchased by foreign countries in 1978, we will be sending a record 70.8 percent of our hides abroad this year. Domestic purchasers may find only about 10 million hides left for their use, a drop of 42 percent from the 17.4 million hides purchased domestically in 1978.

Wholesale price indices for cattlehide leather and non-rubber footwear continue to reflect this accelerating inflationary pressure. In March, 1979, the Wholesale Price Index for cattlehide leather was 80.5 percent higher than in March, 1978. The Wholesale Price Index for non-rubber footwear rose by 6.8 percent in the first half of 1978, 10.2 percent in the second half of 1978, 16.1 percent in the first quarter of 1979 and 19.4 percent in March,
