"I Became A School Drop-In"

(By Ruth Cox)
Recently, after seventeen years, I became a "school drop in". I went back to school in order to get my G. E. D.

Going back to school wasn't easy for me, like a lot of people who have been out of school for any length of time, not only getting back into the routine of studying, but I also have other responsibilities, such as being a housewife and a mother and like most women of today, I also have a job. While studying, I realized that I had forgotten a lot, being out of the routine of using the education that I had, but I also found out, a lot of things that I had forgotten, I remembered as soon as I applied myself.

Twice a week I reluctantly went to take my exams, I always wondered if I was prepared enough and I was always very nervous and anxious about the results. Each time I was told I passed, a sigh of relief and pride came over me.

The feeling of accomplishment, even after the years I was out of school, was overwhelming. Now I can understand the excitement that seniors in high school must feel. What ever made me think about getting G. E. D. I hadn't really stopped to think about it until now, but a number of things go through my mind. Many times I have applied for jobs, but as soon as they found out that I hadn't finished school, that was the end of it. I think mainly the reason was my children. I have a son that will graduate next year and another son the following year, so I thought who am I to push and try to encourage and say to them, get all the education you can, when in fact I hadn't finished myself.

Speaking to the youth of today, stay in school, don't become a "school drop-in", be a person who will stick with it especially something that is as important as your education you will need and appreciate it the rest of your life.

If you haven't considered going back to school, do so, you will never know what it can mean until you have tried it.

Lupe Garcia, another lady who completed her courses, February 7, at the adult education classes said, she is glad she went back to school, now maybe I can get a better job.

UIL Contest Important To School Year

"Participation that's the name of the game," says Frank Bartlett, Abernathy Junior High principal. Mr. Bartlett is referring to participation in the competition in the U. I. L. District Meet.

The students that are in the U. I. L. contest are strictly voluntary, the students sign up for the category they would like and then they go to the tryouts and are listened to by various sponsors to pick the ones best suited for the events.

The first activity is the one act play. These are sixth, seventh and eighth grade students. The tryouts for the one act play were held in December for the district meet which will be held March 5 in Tullia. According to Mr. Bartlett more junior high students sign up for the one act play than any other part of the competition. Approximately 96 students tryout, that is 40% of total enrollment.

January 4th the organizational meeting took place to decide the other categories in which the students take part. A member of the one act play can be in another event.

After the organizational meeting seven practices are scheduled. One practice per week, such as one week they may practice first period, the next week may be second period. January 9 was the first scheduled practice, but there was no practice the second week because of six weeks exams and the basketball tournament, February 5, 7 and 12 were practice dates.

February 15 is the final elimination. After the 19 of February the teachers will schedule their individual workouts, with only one restriction, that they do not use the same period more than once.

Those participating in the one act play will be leaving for Tullia at 8 a.m. they will practice at 9:45 on the stage, and there is a 45 minute time limit set. The presentation time is 1:00 p.m. The time is determined by points, and Abernathy will be trying for their 7th consecutive year in winning district.

Elementary students are involved in Story Telling, these are second and third grade students, a judge reads them a story and then one at a time they are brought back before the judges and have to repeat the story.

Picture Memory is another event for the fourth and fifth grades. They are shown pictures and approximately forty or fifty pictures and seventeen pictures are picked and each must remember the title of painting, the artist and the nationality of the artist. They are judged on correction and correct spelling.

The teachers (sponsors) and the categories are: High School, Barbara Webb-Spelling, Malena Gough-Prose and Poetry, Betsy Aldridge-Debate, Wanda LeMoine and Miki Markgraf-Ready Writing, Kathryn Newton and Kay Sherwood-Science, Floyd Galloway-Typing, Bettie Hardin-Number Sense, Charlotte Carter-Journalism, Dub Hannel- Informative Speaking, Gary Stalcup-One Act Play, Martin Kennedy-Slide Rule, Larry Aldridge-Boys Track, Diana Lewis-Girls Track, George Riddell-Band, Ray Ater-Golf, Joneen Cummings-Tennis.

At this time there was not a list for sponsors for elementary.

Cox; Oral Reading, 6 Grade Girls, Mrs. Taylor; Oral Reading, 7-8 Grade Boys, Miss Williams; Oral Reading, 7-8 Grade Girls, Mrs. Robison; Spelling, 6 Grade, Mrs. Harrison; Spelling, 7-8 Grade, Mrs. Bowen; Number Sense, 6 Grade, Mrs. Reedy; Number Sense, 7-8 Grade, Mrs. Ater; Science, 7-8 Grade, Mr. Smith.

Rural Routes
Not So Easy

Rural mail carriers
expect to deal with more
than their share of snow and
sleet and freezing rain, but
OIC Lonnie Awtry today
reminded customers in the
Abernathy area that his
carriers will need some
assistance during winter
months.

"Rural (and highway
contract route) carriers will
make every reasonable
effort to serve as many cus-
tomers as possible during
severe winter weather, but
OIC Awtry said carriers
are not expected to leave
their vehicles and provide
service on foot when roads,
entire blocks, or other large
portions of their routes are
impassable.

"Rural (and contract
carriers) are expected to
leave their vehicles to serve
temporarily blocked indi-
vidual boxes where there is
no risk of personal injury or
unusual physical exertion,"
Awtry said, "but not when
access to several mailboxes
along a continuous segment
of a route is blocked."

Awtry said his office
keeps in close contact with
traffic and weather adviso-
ries to determine if delivery
should be suspended on a
particular day, and with
highway department offici-
als to make sure public
roads are passable and in
good repair.

"We need everyone's
operation in keeping
approaches to boxes clear of
snow and any other obstruc-
tions," Awtry said, "so we
can avoid cutting anyone's
mail delivery even tempo-
rarily."

Texas Boys Ranch

LETTER-
TEXAS BOYS RANCH
(806) 747-3187
Route 7, Box 200
Lubbock, Texas 79401
1979 was a very good
year at the Texas Boys
Ranch. It was during this
year we began our own far-
ming operation. As a result
of our efforts, we have grown
and sold in excess of 5,000
bales of alfalfa hay, and we
are now having 60 bales of
dryland cotton ginned.

All of these crops have
been produced on the ranch
at a very minimal expense.
Our fertilizer was bought at
cost, and our cottonseed was
donated, as well as all of the
planting, plowing, etc.

The reason for this
letter is two fold: to inform
you of the progress of our
farming operation and to
explain our plans for the
future. We hope to continue
receiving donated cottonseed
and other necessities, but
we don't expect farmers to
continue farming our land
for free. It is our hope that
we will be able to obtain
from area farmers like your-
self, enough equipment to
totally farm our land our-
selves, utilizing cottage
parents and especially, our
young ranchers as our labor
source. One of the main
objectives is to teach our
young ranchers the skills of
farming, as well as creating
a self-supporting role as a
child care agency, rather
than the normal hand-out
attitude.

Our facilities include:
approximately 140 acres of
dryland cotton, 45 acres of
irrigated alfalfa and we are
planning to improve 50
acres of irrigated pasture for
beef production. We have
received, thanks to the Lub-
bock Lions Club and IBM
Corporation, a 4010 John
Deere Tractor. So, any equip-
ment donated, related to
the above areas, would be
sincerely appreciated by all
at Texas Boys Ranch. I hope
you will be interested in
donating. Please contact us
either by mail or call us at
747-3187 and we will be
happy to pick up your dona-
tion.

Have a Super 1980,
Jerry D. Lane
P. S. Helpful items
include: 4 row planter, culti-
vator, tandem disk, cotton
stripper, hay baler, wind
rower, shredder, power take-
off post hold diggers, and
beef and dairy cattle.

Thus saith the LORD
unto you, Be not afraid nor
dismayed by reason of this
great multitude; for the
battle is not your's, but God's.

Here's Where Not To Be When Lightning Strikes

Although the earth is bombarded by 360,000 lightning bolts every hour--or 8.5 million bolts per day--and lightning takes 120 to 125 American lives each year, the chances of any individual getting hit are small, according to the current issue of National Wildlife magazine.

Still, says the bimonthly publication of the National Wildlife Federation, if you don't want to become a longshot statistic, it is wise to take the following steps during a thunderstorm:

Get inside a house or large building, or an all-metal vehicle or truck cab--not a convertible or an open truck bed. Do not take shelter in a small, isolated shed or any other small structure in an open area. Inside a house, avoid using the telephone.

If you're caught outdoors with no chance to reach shelter:

Don't stand under a tall, isolated tree in an open area.

Don't let yourself project above the surrounding landscape, as you'd on a hilltop, in an open field, on the beach, or in a small boat.

Get out of and away from water. Get off of and away from motorcycles, golf carts, and bicycles.

Stay away from wire fences, railroad tracks, metal pipes and other metallic paths that can conduct lightning.

In a forest, find shelter in a low area under a thick growth of trees.

In the open, go to a low valley or ravine, but be on the lookout for flash flooding.

If you feel your hair stand on end, drop to your knees and bend forward.

If you're with someone who is struck by lightning: Give the victim immediate mouth-to-mouth resuscitation and heart massage.

If a group is hit, treat any apparently "dead" victims first. Anyone who's conscious but breathing will probably recover spontaneously.

Victims who seem stunned but otherwise unharmed should see a doctor as soon as possible. The physical effects of a lightning strike aren't always obvious.

Customs-Culture-Conversational Spanish
THE SPANISH TEACHER

Spanish students quickly learn to look and listen for cognates. A cognate is a word that is related to a word in another language. Some cognates are spelled alike. Other cognates are so different that only an expert can tell they are related.

Cognates in English and Spanish that are spelled alike include the words doctor, color, favor, and exterior. These words end in 'or'. Other cognates end in 'al'. Some of these are animal, natural, local, and social. Then there are those that end in 'ble' such as probable, cable, noble, and terrible.

These Spanish words are already in your English vocabulary. All you have to do is learn to pronounce them in Spanish.

Listen for cognates when you hear Spanish spoken. You will be pleasantly surprised by how many you can recognize.

God Will Speak to You

As a motion picture editor, Jim Bullock spends nearly every day working frantically to meet tight deadlines and get movies and television shows ready on schedule. When the deadlines become too tight and the pressure gets too high, Jim has a simple solution.

"There are often times in my work when I am facing a deadline and I really think I am not going to make it," he explains. "I just put my trust in God and it's amazing to me that everytime I do that, something happens. Either the deadline is put off or the work will become easier and everything just sort of falls into place."

"I try to find a nice, quiet time about six o'clock in the morning and set aside at least 15 minutes, hopefully half an hour, to study every day," he explains.

A merry heart maketh a cheerful countenance; but by sorrow of the heart the spirit is broken. Pro. 15:13

"There have been times when I have been feeling bad or when I am in a bad humor or in a period of depression or just feeling as if nothing is going right," he explains. "But the Lord always speaks to us through the Bible. It doesn't matter whether you go into Genesis, Exodus, Revelation or whatever. When you pick up the Bible and start reading it, something suddenly comes out at you, and here's the Lord talking and saying, 'I'm here for you; I'm the one to turn to; Don't worry about what's going on right now.'"

A SOFT answer turneth away wrath: but grievous words stir up anger. Pro. 15:1

A little girl went to church for her first time, and she was full of questions. When a baby was presented for baptism, her uncle said, "The parents are giving her to God."

When the minister returned the baby to the parents, she whispered, "I guess God didn't want that one."

But He did want that one. He wants you. The Living Bible urges, "Give your bodies to God. Let them be a living sacrifice, holy - the kind He can accept. When you think of what He has done for you, is this too much to ask?"

You have much to offer the world. It was built into you by God when you were born. Only God knows your built-in possibilities. Only He can direct you so that every ability you have is given full expression in life.

You can squander everything for self, or you can let God polish you and refine you to bless others. Give your body to God. He can do more with it than you can.

Post Office Using Anthony Dollars

The Abernathy Post Office is using the Susan B. Anthony dollar coin when window clerks are making change. OIC Lonnie Awtry announced today.

Nationally, the Postal Service is supporting the efforts of the Treasury Department, the postmaster said, because "widespread use of these dollar coins could be of great benefit to both our window clerks as well as our customers. They are easier to handle at the counter, and they can be mechanically sorted and counted."

"We will use the dollar coin in making change, unless a customer prefers not to accept them," the postmaster said.

The Susan B. Anthony dollar coin, introduced last July, was designed to be convenient and easy to handle in cash transactions. Over 600 million of the new dollars were produced in Fiscal Year 1979 by the Bureau of the Mint. Approximately 300 million have been released to Federal Reserve banks for distribution to commercial banks.

This people have I formed for myself; they shall shew forth my praise. (Isa. 43:21)

Card Of Thanks

The family of Lee Echols wish to thank to our many friends that have responded to us in such gracious ways in our deep sorrow in losing our husband, father and grandfather. We thank you for your love for him that extended out to us. Your prayers that have upheld us and warmed our hearts. The beautiful memorial service, the rendering of the beautiful music, the floral offerings. For these we are thankful, the food prepared and served by those who care was enjoyed and appreciated. The memorials made in his memory will live on through others, this makes us happy. Last, but not least this is for those that might not have responded to any of the above categories. We know there are those that knew him as a friend and loved him, you knew him for his friendly spirit and "quickwit" and for your love for him we thank you.
