Abernathy honors retired teacher

By MARIE HARRIS
Herald Regional Editor

ABERNATHY — The town "in the Palm of the Plains" honored a retired school teacher and a farm family of five at its annual Chamber of Commerce banquet Thursday night in the new community room of Abernathy City Hall.

In front of a background poster showing Abernathy's assets including cotton, grain, oil, good schools, good churches, Rudolph Struve, last year's Citizen of the Year, presented a plaque to Esther Williams, this year's selection. Gale Davis gave a plaque to Thomas and Betty Pettit and children as the "Family of the Year." Mrs. Davis and husband, Jimmy, and children were the family honored last year.

"There are different measures of greatness," said Struve, as he gave his introductory remarks about Mrs. Williams. "Some people are made great — but not often famous — by the things they do every day in their lives. Our Citizen of the Year is one of the latter."

"SHE HAS affected the Abernathy Community in countless ways. People enjoy her; she is always cheerful and completely devoid of any self-centeredness," added Struve. "She is generous, forthright and thoughtful."

Born in Illinois of Swedish parents, Mrs. Williams graduated from Culver Southwest College at Canton, Mo. in 1929 and in 1934 married Dr. Harry E. Williams. They moved to Abernathy from Muleshoe in 1941 and she assisted her husband in his practice here. They moved away and came back to stay in 1954.

Entering whole-heartedly into church and community activities, Mrs. Williams played the organ and piano, taught Sunday School and participated in the women's groups of First United Methodist Church. As a member of the 1835 Study Club, she helped start the city library and has supported it through the years.

MRS. WILLIAMS also worked with Girl Scouts, leading a troop from 1949 to 1952. She knit sweaters for sailors during World War II and said those garments must still be around as they were so heavy.

In 1959, Mrs. Williams started a new career — teaching school. She taught science in Abernathy Junior High and English in Abernathy High School. She also coached one-act plays for scholastic competition. Her students were saddened by her retirement in 1973.

Struve said Esther is noted and admired for her lifelong personal battle against litter. Anytime, anywhere she sees paper lying on the ground, she considers it her responsibility to pick it up and put it in the nearest trash can, or if none is available, in her purse or pocket. On pretty days, she formerly took her students outside to pick up trash. Her own children were mortified by her habit of picking up nails in city streets and alleys.

Mrs. Williams has two children, Sam Williams with the American Red Cross at Fort Bliss, El Paso, and Mrs. Mike (Sue) Young of El Paso, and two granddaughters.

(From The Plainview Herald)

"FRIENDS DESCRIBE the Pettits as "a family as families are to be," said Mrs. Davis, in her introduction of the honored Family of the Year. "They work and play together, show concern for other people and are interested in everyone with whom they come in contact."

Mr. and Mrs. Pettit both attended Abernathy Schools where she played basketball on a team which went to state in

1959 and he spent his time raising calves and hogs. They were both in the Antelope Band.

After graduation from high school, Pettit entered Texas Tech and she attended Eastern New Mexico University. Training to be an x-ray technician, she worked as one at Methodist Hospital in Lubbock. They were married in 1962 and became a family having a vital part in their community.

Pettit is a farmer and registered Duroc swine breeder. A 4-H leader, he assists future farmers and 4-H clubbers, helping both groups with swine and tractor driving projects. He works with the Abernathy Project Show each year.

HE IS A 32nd degree Mason and past master of Abernathy Masonic Lodge. His wife assists him in farming — feeding pigs, helping with the farrowing and bottle feeding many orphan pigs — in addition to her full-time task of homemaking.

Mrs. Pettit, active in 4-H leadership, supervises projects in food and nutrition, entomology, wood burning and rock polishing. She also teaches Sunday School in the pre-school babies department of First Baptist Church. She is a member of a hobby club and bridge club.

The Pettits have three children, Alan, 16, Amy, 13, and Lisa, 9, who have responsibilities on the farm.

SPEAKER FOR the evening was Eddy Nicholson of Lubbock, known as the "Rocking Chair Philosopher." Wearing his covers and sitting in his chair, he gave humorous observations along the theme "live well, laugh often and love much."

He commented that Chamber of Commerce members are leaders — thermostat people, or ones that control the temperature of a community, know how to change things.

"We Americans know the price of everything but the value of very few things," Nicholson stated. "We need to stop now and then and just have a good time."

OUTGOING PRESIDENT, Bill Scott, made a brief address listing accomplishments of the chamber, and was presented a plaque for service. Incoming President Richard DuBoise also made a brief talk.

He introduced new officers and directors, Lewis Patterson, vice president; Christ Waters, secretary-treasurer; Dan Ward, Jim Thomas, Rudolph Struve and Clayton Enger, 1978-81 directors; Bobby Cunningham, Randy Peoples, Tommy Beck and Tommy Lane, 1979-82 directors; and Rod Ellis, Jim Bob Smith, Bill Gist and Paul Herchman, 1980-83 directors.

Mrs. C.H. (Polly) Tucker, city hostess, was recognized. David Pinson welcomed guests and Y.F. Snodgrass was master of ceremonies. Director Enger gave the invocation. Piano music was provided by Mrs. Johnny Megna and Mary Ann Norman. Mayor Peter Thompson spoke briefly.

The Abernathy Public Library is pleased to announce an exhibition of original art work by Salee Barrick of County Line. There will be an Open House at the Library on Thursday, May 1st, from 8:30 a.m. to 5:00 p.m. The public is invited to drop by the library anytime during those hours to view Mrs. Barrick's work and visit with her. Refreshments will be served.

This is one of the paintings by Salee that will be on display at the Abernathy City Library.

Salee Barrick To Have Paintings On Display At Abernathy Library; Open House May 1

Mrs. Barrick's art work will remain on display at the library for one week.

Salee Barrick grew up on a farm near Abernathy, Texas. She married her high school sweetheart and, thus, began her career as a wife, mother and homemaker.

Salee became interested in art early in life and at the age of 16 studied art in Springfield, Missouri.

Salee has traveled extensively throughout the United States. These travels, with periods of time in various towns, have given her an outstanding background for her paintings. Her repertoire of scenes include such areas as El Paso, Houston, Belton, Austin and Lubbock in Texas; New York, N.Y., Tennessee, Virginia, Ohio, Florida, East Coast, and San Francisco, L.A., the San Joaquin Valley and Visalia, Bakersfield, Fresno in California; Nevada, New Mexico, Old Mexico, Arizona and Colorado. Her unique style causes her paintings to emit a sense of peace, ease, tranquility, mystery, and movement. She is noted for her multicolors in wood and her depiction of blue bonnets of Texas, the cliffs and forests of California, the antique artifacts of the past, and the feeling of fantasy in her florals. Salee's compositions allow time for a person to experience feelings of escape, fantasy, and realism as that person views such scenes as grassy meadows, mystic forests, blacklands, wild flowers, and memorable reflections of the past.

Salee's Studio, the K.K. is located near her home and for her signature she uses a lightning bolt, symbolic of the spectacular lightening displays of the South Plains.

Salee belongs to such professional organizations as California Art Association, Professional Business Women, Lubbock Art Association, and Texas Fine Art Association.

Salee attributes much of her success to the support of BILL B. BARRICK of Austin who has been one of the greatest influences in her work and career.

SEEDS FROM THE SOWER

By Michael A. Guido, Metter, Georgia

In London one night a blind man was feeling his way down a dark street. In one hand was a white cane, and in the other was a lantern.

A passer-by was amused. Sneeringly he asked, "Why are you carrying a lantern?"

"I'm not carrying it for myself," he answered. "I'm carrying it for others. I don't want others to stumble over me."

It is our duty to think of everything, not as it affects ourselves only, but as it affects others.

No person of the humblest sort can be good and kind without the world being better for it. And no one can be evil and mean without the world being worse for it.

Our influence never dies. Every act, every emotion, every look and every word makes influence tell for good or evil, for gladness or sadness, through time and eternity.

What you and I are today helps to make our family and friends what they will be tomorrow.

Let us make certain that our light shines, and vow with the blind man, "I don't want others to stumble over me."

"Family Handle With Care" To Be Viewed On Channel 28

"Family: Handle With Care" is a must for anyone interested in quality family life. It doesn't attempt to say everything that can be said on the subject, but zeros in on some very current causes of family stress and offers sound and practical ways to help a struggling family and to make a good one better.

The beautifully produced 30-minute television special features Dr. James Dobson in an informal interview and spontaneous exchange with a live audience.

Dr. James Dobson, Ph.D., is Associate Clinical Professor of Pediatrics at the University of Southern California School of Medicine, and is affiliated with Children Hospital of Los Angeles, in the Division of Medical Genetics. He is most widely known for his three books on meaningful family life. The first, "Dare to Discipline" has sold over one million copies to date. The other two are also national best sellers, "Hide or Seek" (dealing with self-esteem in children) and "What Wives Wish Their Husbands Knew About Women."

Dr. Dobson has dedicated his professional life to the integrity of the American family. He is a popular speaker at seminars and conferences throughout the country. He is heard weekly on his own radio program "Focus on the Family" and has also been a frequent guest on network television programs, including appearances on the "Dinah Shore Show," "Tom Snyder's Tomorrow Show," "Barbara Walters' Not for Women Only," and the "Phil Donahue Show."

Dr. and Mrs. Dobson and their two children reside in Arcadia, California.

Aired April 17, 7:30 p.m. Channel 28 KMCC. It is being sponsored by all of the Nazarene Churches in the Lubbock and surrounding area.

Members present from Abernathy were Alma Ruth Patterson, Bettie Hardin, Wanda LeMoine, Mary Rose Bowen, Marian Struve, Ruth Adams, Louise Samsell, Patsy Tucker, Jan Hill, Peggy Tokker, Amelia Ray, and Elouise Jones.

JOHN TOWER SPEAKS OUT ON ADOPTION ACT

WASHINGTON---U.S. Sen. John Tower (R-Texas) today called on the Senate to repudiate some provisions on the Model State Adoption Act, which he said are in unwarranted federal intrusion into state affairs, and, if enacted would set up barriers to adoption.

The model act was written by a panel set up under a 1978 law with the purpose of finding ways to eliminate barriers to adoption, particularly of children with "special needs."

But, Tower charged that the panel went far beyond its congressional mandate. For instance, one provision of the model act would allow any biological father, "including rapists, incestuous family members, sperm donors and 'hit and run' lovers," veto power over a proposed adoption. Tower said.

The senior senator from Texas also objected to provisions which would set looser standards for individuals arranging adoptions than for licensed agencies; allow parents to retract adoption releases within a specified time after they are given, open records to adult adoptees, and make it easier for biological parents to intrude into adult adoptees' lives.

Tower said he is not necessarily opposed to opening adoption records, but rather believes that states should decide if and how it should be done.

"I am aware that the panel's work is only the draft of the model state act. Nevertheless, it is the first time that the federal government has intervened to such extent in this area," Tower asserted.

Tower introduced a Sense of the Senate resolution which would express the Senate's concern that these provisions if enacted would make adoption more difficult -- in direct opposition to congressional intent -- and exceed the authority granted the panel by the Congress.

"I hope the Senate will firmly state its unwillingness, now and for the future, to put any pressure, including financial pressure, on states to enact these provisions," Tower said.

"In their testimony before the White House Conference on Families, Texans overwhelmingly agreed they don't want the federal government legislating on family affairs, and I agree with them," Tower concluded.

Cards of Thanks

I would like to express my thanks to Floyd Bankston for all the help he has given me since I came to work in Abernathy as a city patrolman.
Robert Cavitt

We the family of Linda Hall Schaap takes this means of expressing our appreciation to the many loved ones and friends who were so thoughtful at the time of the loss of our Linda. Your prayers, floral tributes, words of encouragement and comfort along with the food brought in were so helpful to us. May God bless each one of you, for thinking of us in our time of need.

When a wife says, "It won't be a minute, you can be sure she means it!"

The pictures that we run in The Review need to be black and white. The colored pictures do not reproduce very well. We used several colored pictures in last weeks paper and the camera men at the print shop said, they even tried making a separate negative and they still did not reproduce. So please bring black and white photos to us in the paper. If the colored pictures are extremely clear and not very dark, they will reproduce, but not as clear as black and white. We appreciate your co-operation on this matter.
