

Antelopes And Lady Lopes Tournament Champions

Lady Lopes

The Antelopes and Lady Lopes put on an impressive performance January 8-10 to win the Abernathy 1981 Invitational Tournament.

It all started Thursday night when the Lady Lopes confronted Olton. The Lady Lopes easily defeated them 61-33. In this game Ramona Irlbeck scored 25 points, Darla McGuire 12,

and Dana Fondy 8 points.

Then they advanced to the second round where they downed Springlake Earth 86-39. Ramona Irlbeck scored 30 points in this game, Connye Wolf was second with 22 points and Darla McGuire with 13.

In the finals the Lady Lopes polished off Greenwood 48-37 to win the championship. High scorers were Ramona Irlbeck with 24 points and Lori Oswald

with 7.

The Lady Lopes head basketball coach Larry Steele said he would like to thank all the loyal fans who have supported the Lady Lopes and the many people who brought food and helped make this tournament successful. Steele said, "The girls played super throughout the entire tournament."

High scorers for the year thus far are Ramona Irlbeck with

16.8 points per game, Shelley Toler 12.8, and Lori Oswald has 7 rebounds per game.

Antelopes

The defending State 3-A Champions are coming back. The Antelopes demolished Olton in their opening game of the tournament 106-4. In this game Joey Garcia came up with 22 points, Max Riley and Rodney Cannon 12 and Rick Houston 10 points.

Friday the boys defeated Muleshoe in the second round 75-47. Roger Pinson scored 16 points, Joey Garcia 22 and Rodney Cannon 20 points.

In the final game of the tournament Saturday night, the Antelopes squeaked by Littlefield 59-56 in an exciting game. "Littlefield is a fast team and had only lost two games prior to this one," said coach Irlbeck. "Due to the quickness and defense of the Bobcats, the Antelopes were hindered somewhat in the shooting department," said Irlbeck.

Coach Irlbeck would like to express his appreciation to everyone who brought food and helped in the hospitality room. He also added that this was one of the smoothest ran tournaments he had ever been in.

AHS LADY LOPES — Back Row: left to right, Coach Jones, Darla McGuire, Connye Wolf, Lori Oswald, Shelley Toler, Dana Fondy and Coach Larry Steele. Front Row: left to right, Sharla Griffin, Tina Covey, Debbie Cooper, DiAnn Allen, Romona Irlbeck, Cindy Stillwell.

High scorers for the year thus far are Joey Garcia with 449 points, Roger Pinson with 313 and Rodney Cannon with 214. Total scoring for the Antelopes

this year is 1471 points.

District play begins here Friday, January 16 against Lockney.

AHS ANTELOPES — Back Row: left to right, Russell Windham, Roger Pinson, Joey Garcia, Rodney Cannon, Alan Lester, Rick Houston. Front Row: left to right, Alan Pettit, Sylvester Dunn, Derrick Stallings, Don Stone, Cletus Irlbeck and Roger Pinson.

Chamber Of Commerce

Discuss Banquet Plans

The Chamber of Commerce had their January meeting Thursday, January 8, 7 a.m. at the city hall club room. The regular meeting date is usually the first Thursday of each month.

President Richard DuBose called the meeting to order and Cliff Newton gave the prayer.

Old business discussed was about the Christmas decorations being taken down and where they are to be stored until next year. It was also reported the signs that will be

put up on the north and south end of town, advertising the Antelopes as the State Basketball Champs, are still at the sign painters and will be put up soon.

New business is the upcoming Chamber banquet that will be held April. The committee assigned to pick the date is composed of Charles Bowen, Rod Ellis and Richard DuBose. It was voted to have Paul Herchman of Sav-A-Lot to cater the banquet again this year.

The banquet will be held in

the community meeting room. The 1980 Chamber banquet was the first event to be held in the new room.

President Richard DuBose appointed a banquet committee of Rod Ellis, Dan Ward, Y.F. Snodgrass and Don Heath. A nominating committee was organized to select names for new officers for the Chamber. They are Bobby Cunningham, Paul Herchman, Charles Bowen and Richard DuBose. There will be forms published in a future edition of The Review for people of the community to suggest candidates for the Outstanding Citizen and Outstanding Farm Family Awards that will be presented at the banquet.

Social Security

Representative Coming

The Social Security representative, Virginia DeWitt from the Plainview Social Security office will be working in the City Hall in Abernathy from 9:30 to 11:30 a.m., Tuesday, January 20, 1981.

Teleservice will save you time, energy and money! To file a claim for Social Security or Supplemental Security Income payments see the repre-

Abernathy High Elected Parliamentarian

Abernathy High School was elected parliamentarian school of District Five, Texas Association of Student Councils, during the District's convention this week at South Plains College, Levelland.

Plains was elected president school, Littlefield High, vice president; and Sudan, secretary school. The schools take

office in the fall, and their respective student councils will perform the duties required of each office.

About 550 student council representatives from 31 schools were on hand for district activities Monday (Jan. 5) in SPC's Texan Dome. This was AHS's first year to run for an office.

Employers Must Provide Wage And Tax

Statements By Feb. 2

Employers must provide each employee with a completed Wage and Tax Statement, Form W-2, for 1980 by February 2, 1981, the Internal Revenue Service says.

If the Wage and Tax Statements are not issued on time, employers may be penalizing employees who will have to wait until February or later to

file their tax returns, possibly missing out on the faster refunds available to early filers.

For additional information on the proper distribution and handling of Wage and Tax Statements, employers may get a free copy of IRS Publication 15, Circular E, Employer's Tax Guide, from the IRS.

26 Michelin Tires Taken In Burglary

Twenty-six Michelin tires were taken from the 66 Butane and Fertilizer Company Tuesday night, January 6, around 10:30 p.m.

Company owner Bobby Cunningham reported the loss at \$1904 dollars. The burglars broke into the east warehouse of the 66 Company by cutting the wire holding it. There were no property damages reported, according to Dayton Marr, dep-

uty sheriff for Hale County. Bob Parks, manager of the West Texas Industries Warehouse, saw a pair of headlights going toward the fertilizer company that night, Marr said.

This burglary is suspected to be related to a series of burglaries that have taken place in Plainview, Lubbock and Abernathy. Consumers Fuel in Abernathy was hit about 2 months ago when a burglar

prised a window open and took several tires and batteries, Marr said.

Dayton Marr is investigating the burglary. Evidence found shows that there were 2 sets of footprints found at the warehouse. A pick-up was used in the burglary that probably traveled south along the railroad tracks behind the 66 Company, Marr said.

Allsup's Sponsors Drive For United Cerebral Palsy

Allsup's Convenience Stores, Inc. will be sponsoring a neighborhood drive in support of United Cerebral Palsy. All area youngsters are encouraged to visit their local Allsup's store Saturday, January 1, and Sunday, January 18 to pick up a collection envelope. After col-

lecting donations for Cerebral Palsy and turning it back into

the store, Allsup's will give them a free fountain drink of their choice.

"We hope all the children of the area will help us make this telethon more successful than

ever before," said Kurt Verlei, Director of Public Relations for Allsup's Convenience Stores.

Cerebral Palsy is an injury to the brain that can never be cured. "We feel that money raised will go a long way in helping the Cerebral Palsied lead a more normal life."

Home Energy Assistance Program Offered

A Home Energy Assistance program is being offered now. This program helps low-income households pay for heating costs in their homes.

Applicants must be interviewed to find out if they are eligible for this benefit. Households should apply in January or February 1981 for a cash payment.

Most households that get AFDC, Supplemental Security Income (SSI), or food stamp benefits in January 1981 will get an energy assistance payment automatically. All others may apply for benefits at the Abernathy Neighborhood Center, 304 Main Street, Abernathy, or phone 298-2805 for more information.

Below is an income table used to determine eligibility.

HOUSEHOLD INCOME CANNOT BE MORE THAN:

People In Household	Monthly Income
1	\$296
2	\$446
3	\$613
4	\$756
5	\$893
6	\$1044
7	\$1195

The Home Energy Assistance Program will make a one-time only payment to certified households. Payments will range from \$20.00 to about \$140.00. The highest benefits will be paid to lowest income households.

Benefits will be provided without reference to race, sex, color, religious preference, political belief, or disability.

If you believe you have been discriminated against, contact your local department of human resources office.

On The County Line

BY KEITH TOOLEY

New Deal News

Beginning with this issue I am starting a New Deal News page to benefit the citizens of New Deal.

I believe every town needs to be supported and represented by a newspaper. Newsworthy events occurring in New Deal are not being covered by the press. Therefore, every week the people of New Deal will be able to read about themselves on this page.

It is important for the people of this community to know of any crime taking place in New Deal. Sports, club meetings, news briefs, new people in town and any other events should be covered. We hope to report all this and more on the New Deal News page.

To make this page successful, the Abernathy Weekly Review will need the support of the townspeople, city officials and the businesses of New Deal. The success of this page will depend on the amount of input and feedback from the citizens of the community.

I have talked with many people in New Deal such as Tommy Holmes, a vocational agriculture teacher, George Sharp, grocery store owner, Wendell Kelley, police officer, Jan Whisenunt, girls basketball coach, Steve Bigham, boys basketball coach, Jo Nell Hudson,

teacher, and many other people of the community. Each of these citizens have enthusiastically agreed to bring or call in any news of interest each week.

I still need someone to gather and help me write the news. Please contact Keith Tooley at 298-2033 if you have some time, or know of anyone that would have the time to donate to the Review.

Flu Going Around

Checked with the Abernathy Clinic the other day. They reported having 5 people this month to every 1 they had in December.

The flu hasn't reached epidemic proportion, but there is a lot of it going around. Inside this edition there is a story of flu facts. If you have the flu or know of someone that does, this article may be of interest.

I overheard Ken Moreland the other day on the telephone. Ken was talking about how he was going to experience Christmas all year. He said it would take that long to pay for it.

Congratulations

Congratulations to the boys and girls basketball teams and coaches on winning the Abernathy Invitational Tournament this past weekend. It looks like a great year for both teams.

Iranian Crisis
 "Scare tactics" may be the only practical way to deal with the Iranians. Americans are sick and tired of being antagonized by Iran. They continually get our hopes up for the hostages release and then shatter them after we comply with their ever-growing demands.

A few harsh words such as barbarians and primitive, Reagan used, are not the type of "scare tactics" I had in mind. I was thinking more along the lines of sending over a squad-

ron of ICBMs to scare them. To do this would be impractical. Whether it is 50 American lives or one American life, we value life too much to do anything that would harm the lives of the hostages. I'm grateful I live in a merciful country. The Iranian Government believes in self-sacrifice of its citizens.

When dealing with a primitive society that places little value on human lives, it is tough to take a firm step against them. Force may be the only solution, but I hope it doesn't come down to that.

And the Spirit of the Lord shall rest upon him, the spirit of wisdom and understanding, the spirit of counsel and might, the spirit of knowledge and of the fear of the Lord;
Isaiah 11:1-2

Completes Army OSUT Program

Army Private Gary G. Wingfield, son of Vernon L. Wingfield of 2614 Burbank Ave., Janesville, Wis., and Peggy A. Urzan of 1007 4th, Abernathy, Texas, recently completed One Station Unit Training (OSUT) at the U.S. Army Infantry School, Fort Benning, Ga.

OSUT is a 12-week period which combines basic combat training and advanced individual training. The training included weapons qualifications, squad

SBA Announces Meetings

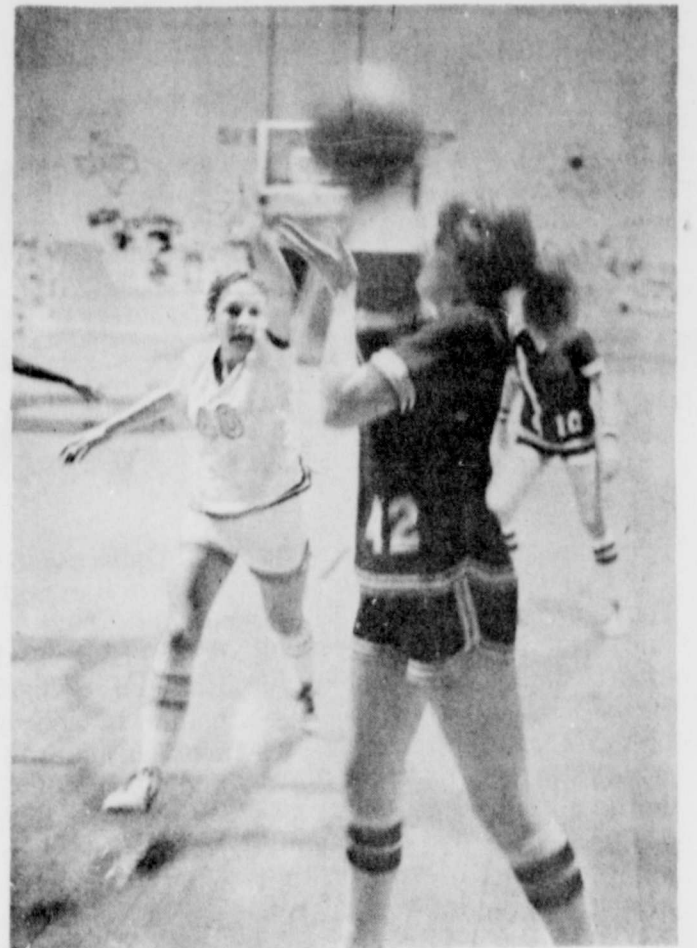

Lubbock-F.J. Villalobos, Texas Disaster Coordinator of the Small Business Administration (SBA), announced today meetings in the Texas Panhandle and West Texas scheduled for the month of January to provide information and assistance to farmers, ranchers and other small businesses who suffered losses due to the drought and extreme heat during this past summer. The meeting schedule is as follows:
 BROWNFIELD - January 15, 1981, 11:00 a.m., Pioneer Natural Gas-Flame Room.
 ANDREWS - January 19, 1981, 11:00 a.m., Andrews County Community Bldg.
 FLOYDADA - January 20, 1981, 10:00 a.m., Lighthouse

Electric Cooperative
 HALE CENTER - January 22, 1981, 10:00 a.m., American Legion Hall

A SBA representative will be available to discuss the loan program and eligibility requirements and to provide application forms.

Physical disaster loan applications filed under Declaration #1900 must be returned to SBA by February 12, 1981. The deadline for Economic Injury Disaster Loan applications is May 12, 1981.

For further information, interested persons may contact the SBA, Lubbock Disaster Office, located at 720 Texas Avenue, by calling 806-762-7481.

GOOD FOR TWO — Darla McGuire puts this one in the basket Friday night against Springlake in the Abernathy Invitational Tournament held last weekend. A Springlake defender nearly gets a hand on it. The boys and girls won first place in the tournament.

Ricky Anderson Stationed At Italy

the son of Mr. and Mrs. James B. Anderson of 612 12th.

Ricky Anderson left January 4 for a three year tour of duty with the NATO Band at AF South, Naples, Italy.

This is Anderson's second tour of duty in Italy. His wife Cindy and children Marc 2½ and Laura 16 months will be joining him at the end of March. At the present time they are living with his parents, Mr. and Mrs. James Anderson.

Before his new assignment in Italy, Anderson was in Norfolk, Va. for six months to attend school. The Anderson's were stationed in New Orleans, La., prior to his going to Virginia.

The NATO Band will give concerts in Italy, Germany and France.

Those To Remember

Silby Coombs underwent surgery Tuesday, January 6 in Community Hospital, Lubbock. She returned home Monday, January 12.

Eddie Austin entered St. Mary's Hospital Thursday, January 8 for testing on Friday.

Mrs. J.E. Hardin has been moved from the Hi-Plains Hospital, Hale Center, to the

nursing home there. Her address is Room 8-B, Hi-Plains Hospital, Hale Center.

Theo Davis remains a patient in Methodist Hospital, Lubbock.

J.R. Miller, Jr. remains a patient in Highland Hospital, Lubbock, following surgery.

Widows, Widowers May Qualify For Special Tax Benefit

A taxpayer who became a widow or widower in 1978 or 1979 may be entitled to a special tax benefit. The benefit allows the taxpayer to use the "Married Filing Jointly" Tax Table or a Tax Rate Schedule in computing the tax liability, a tax rate significantly lower than those in the "Single" category.

To qualify for the benefit, the taxpayer (1) must have been entitled to file a joint return with the deceased spouse for the year of death, even if one was not actually filed; (2) must have a child or stepchild who qualified as a dependent; and (3) must have furnished over half the cost of maintaining a home which was the principal residence for the dependent child or stepchild for the entire year.

Taxpayers who take advantage of this benefit

Christmas Seal Money Works All Year Long

It's not too late to give to Christmas Seals. Although the Christmas Season is a pleasant memory for many people, it isn't over for the Christmas Seal People - the American Lung Association of Texas.

Although most contributions are received in December, additional donations are needed to enable the work of Christmas Seals to continue all year round. With the support of Christmas Seals, the lung association sponsors programs so that individuals with emphysema, chronic bronchitis and asthma can learn to understand their disease and to live as comfortably as possible with it. It seeks to educate the public about the dangers of smoking and to reach children in their earliest grades in order to create a generation of nonsmokers. It offers professional education programs to health professionals to assure the best possible care for lung disease patients. And the lung association continues to work for tuberculosis control.

Persons interested in sending contributions or arranging for a memorial gift may contact the American Lung Association of Texas, 7701 North Lamar, Suite 104, in Austin, 78752, 512/458-2206, or call toll free by dialing the operator for Enterprise # 86761. Lung disease is a matter of life and breath.

jointly with, or claim an exemption for, a deceased spouse is the year of death. The special tax rate benefit is available only for the two tax years after the spouse's death.

The IRS adds that the last year a taxpayer may file

Preacher's Weekly Devotional

Hello, phone company? I have a problem that is urgent. My phone is out of order - when can you fix it? Two days! That's too long. I need it now.
 Does this problem sound familiar?
 Yes, broken communications with friends and loved ones are always a problem. Many Christians are like that with God. No fellowship is possible because of sin in our lives. At first, we may not know that anything is wrong until suddenly we realize that the joy and peace is gone out of our lives.
 A Christian needs the comfort, the guidance, and the instruction that comes from our Heavenly Father.
 How can we restore the broken line with God? It is only through confession of our sins that this can be accomplished. I John 1:9 says, "If we confess our sins, he is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness."

FARM PAGE

IRS Publications Answer Farmer's Questions

Today's modern farmer has many unique tax situations, and a free publication from the Internal Revenue Service can help answer the questions that arise from these situations.

IRS Publication 225, "Farmer's Tax Guide," covers a wide range of subjects, such as soil sales, crop destruction, chicken purchases, casualty losses and share farming. Examples of how to prepare the Form 1040 and related schedules, and listings of important tax dates

which affect farmer's throughout the year are also included.

"Farmer's Tax Guide" is written in a clear, understandable style and can be a source of valuable information for today's farmer, according to the IRS. This handy reference can be ordered on the order form in the tax package, or by calling the IRS Tax Forms/Information number listed in the local telephone directory.

Drawer L

Plains Cotton Growers, Inc., Lubbock, has made the first positive step toward development of a multi-faceted plan to combat bollworm infestations that have caused increasing economic damage to High Plains cotton in each of the past three years.

Out of reserve funds collected from producers to carry out the widely acclaimed Diapause Boll Weevil Control Program, PCG through its Boll Weevil Steering Committee has authorized the expenditure of up to \$50,000 to get a research program underway this year, according to Ed Dean, PCG Field Service Director.

Weevil control funds are separate from PCG moneys, Dean explains, and authority to spend weevil program money for any other purpose required a unanimous resolution from the Boll Weevil Steering Committee and agreement from each of the 11 High Plains compresses who collect the funds under contract with the Steering Committee and PCG.

"But just everyone on the Plains is convinced that a continued escalation of the bollworm problem on the Plains is the most serious threat to High Plains cotton production since the boll weevil began overwintering above the Caprock in the early fifties," Dean says, "and that the bollworm is an immediate threat to the entire area."

Dean also emphasizes that these funds can be committed without jeopardizing the continued success of the weevil control program in any way.

Deal cautions, however, that availability of boll weevil reserve funds is currently limited to 1981 only and is contingent on the success of ongoing efforts to attract additional funds for 1981 and future years from Cotton Incorporated and other entities with a high stake in the area cotton industry, including the State Legislature.

Entomologist believe bollworms can be controlled with insecticides effectively applied at the proper time in proper amounts. The great danger, they say, lies in the lack of widespread bollworm infestations on the Plains in recent years and the resultant inexperience of producers, a situation which could lead to impulsive, indiscriminate use of chemicals. That in turn, they point out, would help the pests to develop tolerance to insecticides and become virtually uncontrollable as have bollworms and tobacco budworms in other cotton production areas.

Dean thinks some of the original objectives of research will be to learn exactly what effect agro-ecosystems changes of recent years on the Plains have had on both beneficial and destructive insects; what natural bollworm enemies in the area are most effective; whether overwintering or migration is most responsible for the increased insect load, and what wild plants are the major hosts for bollworms.

Van Riley Completes School

Van Riley recently completed all requirements to the Winter Session of the Gregg School of Auctioneering. He is now qualified to manage any type of auction sale. Riley is a graduate of Abernathy High School. He

is the son of Mr. and Mrs. Bob Riley.

The Summer Session of Gregg School of Auctioneering will be held July 17, 1981 through July 25, 1981.

Irrigators Pay For Waste

By DWIGHT ADAMS

Recent pump plant efficiency tests performed by the District show that area farmers may be paying twice as much, in some cases three times as much, for irrigation fuel as necessary, depending on the efficiency of their irrigation pumps. The tests also revealed that while the condition of the power units, particularly natural gas internal combustion engines, can be improved occasionally to maintain operation at a reasonably high efficiency level, the main areas where pumping costs can be lowered are with proper sizing staging, and improving the condition of the irrigation pump.

A large portion of the pumps found inefficient by the tests performed by the District were the result of "too much pump in the hole." These pumps were designed years ago to pump larger quantities of water than the aquifer is now capable of yielding. Other pumps were improperly staged to meet the changed water level conditions of the aquifer, while a few pumps were not properly staged to meet the additional lift requirements of newly installed sprinkler systems. Still other pumps were concluded to be just worn out.

FICI To Pay Disaster Victims

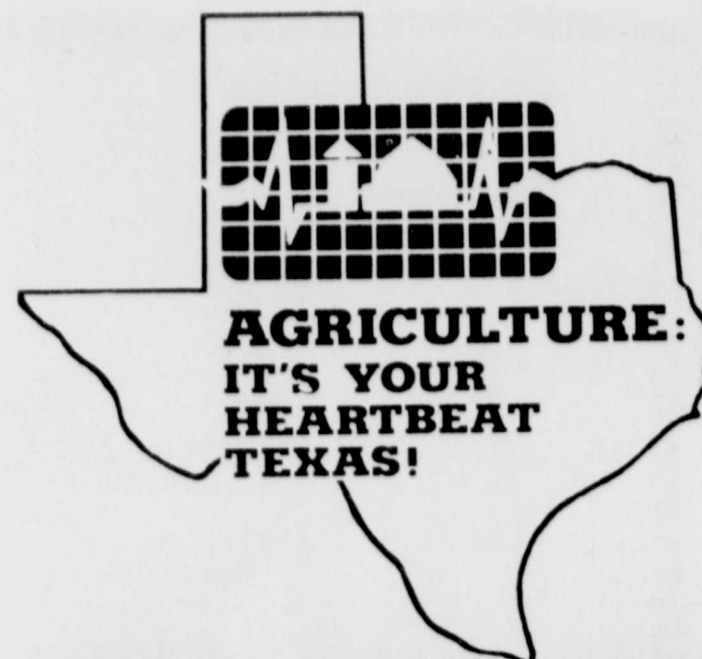

More than \$21 million will be paid to New Mexico, Oklahoma and Texas farmers on this year's low crop yields, the Federal Crop In-

urance Corporation announced today.

"This was one of the worst years in history for U.S. farmers. In this Region, farmers were faced with everything from hot, dry weather to hurricanes. Every crop we insure and almost every area of the Region was hit by some disaster. Claims have been filed on over 33 percent of our insurance units. With the cost-price squeeze farmers are facing today, the FCIC indemnity many receive is going to be the only way they can continue operating," explained Ben A. Jordan, Jr., College Station Regional Director.

Texas farmers will receive more than \$18 million of FCIC indemnities while some \$2.4 million will go to Oklahoma farmers and over \$400 thousand will go to farmers in New Mexico.

The most heavily damaged

COTTON TODAY

A NATIONAL COTTON COUNCIL SERVICE

BLOCK TO ADDRESS COTTON MEETING: Agriculture Secretary-designate John R. Block will be a featured speaker at the National Cotton Council's annual meeting in Atlanta January 25-27.

Block, a member of President-elect Reagan's agricultural task force, has been director of the Illinois Department of Agriculture since 1977. He has been actively involved in expanding both domestic and overseas markets for the state's farm products. He is the owner and operator of a hog and grain farm near Galesburg. More than 1,500 cotton leaders from 17 states are expected for the NCC meeting. Preparations for the session will begin January 23 when committees convene to draft recommendations for

1981 programs and policies. MAID PREPARING TO REPRESENT COTTON: Karie Ross, 1981 Maid of Cotton, currently is taking part in orientation and other activities in preparation for representing the American cotton industry throughout the world.

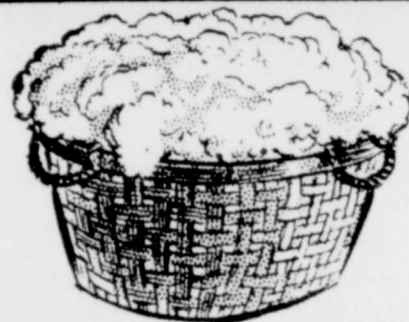

Karie, 21, is the daughter of Mr. and Mrs. Charles Landon Ross of Clinton, OK, where she has been a writer and photographer for the Clinton Daily News. She is a dean's honor student in journalism at the University of Oklahoma.

PUSH FOR RESEARCH URGED: Keynote speaker Rep. William Thomas (R-Calif.) recently told the Beltwide Cotton Conferences that the cotton industry must guard against further reductions in federal research as the new Congress seeks ways to cut government spending.

Thomas, a member of the House Agriculture Committee and cotton subcommittee said the industry must continue to stress cotton's importance to the U.S. economy and its role in the balance of trade.

"Our job is to convince Congress that failure to spend for research and development will require us to pay the price in the future," he said.

crops include cotton, wheat, grain sorghum and peanuts, but substantial payments will also be made on citrus, corn, rice and soybeans. The government-sponsored program is designed to cover the investment a farmer makes in raising a crop. Since the voluntary program was started in 1938, more than 90 cents of every dollar of premium paid has been returned to farmers in indemnities.

New Deal News

Girl Lions Undefeated In District Play

The Lady Lions remain unbeaten in district play with a 3-0 record. They defeated Crosbyton 77-32 in their first district game, Petersburg in the second 89-24 and Lorenzo in the third 82-36.

The Lady Lopes are shooting a 46% from the field on the year. They are hitting 59% of the free throws.

High scorers for the team are 6 ft. Vickie Teal and 5 ft. 10 in. Melissa Mayo. Vickie is averaging 22 points a game and Melissa 18 points.

Jan Whisenunt, head basketball coach for the Lady Lions, said the tough teams to look out for in district are Hale Center, Ralls and Spur. They will be playing Hale Center Tuesday, January 13. Whisenunt said this game will be tough.

In the non-conference games played earlier this year the Lady Lions defeated Lockney 52-33, Idalou 53-38, Roosevelt 60-30 and Jayton 71-25. The only match game they lost was to Plainview 48-50.

The first tournament the Lady Lions played was the Queens Classic at Plainview. In the first round they met Dallas South Oakclift, state champs the past several years in 5-A, and lost to them 40-59. The top teams in Texas usually attend this tournament. The second round the Lady Lions beat Hale Center 34-31 and in the third defeated Lockney 57-37 to win the consolation bracket.

The New Deal girls won third place in the Tulia Tournament, December 46. The first round the Lady Lions

crunched the Hereford JV 68-31. In the second they lost to Lockney 43-48, and in the third the Lions put down Alamo Catholic 86-24.

The last tournament the Lady Lions played was their own New Deal Tournament, December 18-20. They defeated Frenship in the first round 48-20, Crosbyton in the second 79-31 and Dimmitt in the finals 59-49 to win the championship.

The New Deal Lady Lions have an overall 15-4 record on the year. After playing Hale Center January 13, their next district game will be January 16 against Spur.

The non-conference games played up until now haven't been easy for the New Deal Lions.

It is hard to come back after losing the first five games of the season, but the Lions did. Their record stands at 5-10 on the year.

New Deal News Brief
Hatti Forbus celebrated her 90th birthday, Tuesday, January 13. Congratulations Hatti!

GO LIONS

Coach brings high hopes

A new coach brings to the girls basketball team high hopes for winning the state championship. Coach Jan Averitt comes to New Deal from Merkel, Texas. She replaces Judy Bowman who moved to Vega this year. Returning starters for the Lady Lions are Vickie Teal, Lori Bigham and Melissa Mayo. Other starters are Renay Looney, and Juanita Abercrombie. Adding depth to this years team are Peggy Emery, Tammi McNew, Barbara Hale, Angela Teeter, Mary Walker, and Trameila Shropshire, Diana Buford and Tonya

Blankenship. When asked to comment on their new coach, Sr. Vickie Teal replied "Coach Averitt has brought the team closer together", Sr. Lori Bigham "She has alot of knowledge about the game." Sr. Renay Looney adds, "She brought us close to the Lord and pointed out who our head coach really is."

Members of the J.V. Basketball team, Coached by Buster Leaf are: Diana Buford, Tonya Blankenship, Pepper Teston, Cheryl Robbins and Cindy Weeks. Other team members include Ruby Aleman, Michele Thiel, Tege Stephenson, Laurie McGrath, Irma Laugham, Kelsey Walker, Louisa Otero, Christina Otero, Sandra Peters, and Juanita Bazan.

Managers for varsity are Kim Attebury and Tonda Hobgood. J.V manager is Cindy Fairman.

The games are played on Tuesday and Friday.

The regular schedule runs through March 3.

The girls are all anticipating a highly successful season and we on the paper staff are backing them 100%.

Letters

To The Editor

EDITOR
Review Newspaper
Abernathy, Texas
PRISONER SEEKS
CORRESPONDANCE

DEAR EDITOR:
My name is George L. Oliver. I am presently serving time in the Massachusetts State Prison Walpole. I am doing a 47 year sentence and have been incarcerated now for two years. I am 24 years old, a white male, 5 feet 7 inches tall, and weigh 150 pounds. I have no family and have lost all contact with the friends I once knew. This is my first time being in prison, and with no family or friends to write to, it becomes very lonely and very depressing at times. I have no way of making money in here so therefore, I will not be able to pay for this ad to be printed in your paper. I only can hope and pray that you will find the kindness in your heart to print this for me. I am not looking for pity, nor am I asking to be rewarded for my wrongs. I am just merely seeking positive friendship through correspondence. If you should print my plight, please assure the readers that all letters will be answered with the highest of respect and appreciated

very much. I do plan to change my life, and I pray to God that I can find some help thru someone who truly cares that reads this ad. My address is: P.O. Box 100, Middlesex #1, Con. #W-37482, Block A-6, Cell #26, South Walpole, Massachusetts 02071.

Thank you, Mr. Editor, for any help that you may render, and wishing you and yours, a very happy new year.

Sincerely Yours,
Mr. George L. Oliver

Dear Sirs:
I am in the process of tracing my geneology and I am in need of any obituary or related story on Mrs. J.W. (Joyce) Hill who committed suicide on Oct. 21, 1958. She was survived by her husband, J.W. Hill, daughter Mary Lynn Hill, Eveline Kathleen Hill, and sons James Albert Hill and Jerry Wayne Hill. If you need payment for copies please let me know or if you need to refer me somewhere else, please let me know.

Thank You,
Mrs. Ann Isaacs

New Deal Boys Prepare For District Play

The Lions are building for the future, the future in this case being district. "The team has improved considerably since the beginning of the season, and they continue to improve as the year goes on," said Steve Bigham, the Lion Basketball head coach.

The Lions started their season with Lockney and were defeated 55-68. The Tulia Tournament came next. The Lions lost to Phillips 33-55 in the first round, and Lockney 47-56 in the second.

In their next two match games, they lost to Roosevelt 45-3 and Jayton 62-64. The Lions won their first game

December 16 when they defeated Cooper 63-60.

The Lions took second place in the New Deal Tournament December 18-20. In the first round they beat Frenship JV 80-36. The second round the Lions beat Floydada 71-66 and then lost in the finals to the Plainview JV team 52-70.

In the next three match games the Lions defeated Stanton 82-62, lost to Slaton 78-32, and Roosevelt 35-46.

They attended the Roosevelt Tournament January 8-10. The Lions lost the first round to Petersburg 59-61, won the second round 68-47 over Ralls, and lost in the consolation final to Slaton

50-75. From the field the Lions are 43% on the year in the shooting department. Top scorers are Mark Hill, averaging 13 points a game, Kory Henry 12 points a game, Rynn Parker 10, and Brian Jerden with 10 a game.

"The teams that will be tough are Shallowater, Petersburg and Lorenzo in district play," said Steve Bigham. Bigham also said he thinks the Lions will do well in district play.

The Lions begin district play January 16 with Spur, at Spur.

WORD of GOD

Prophecy - Old & New Testaments

As for me, I will behold thy face in righteousness: I shall be satisfied, when I awake, with thy likeness.

Psalms 17:15

For as Jo'nas was three days and three nights in the whale's belly; so shall the Son of man be three days and three nights in the heart of the earth.

Matthew 12:40

New Deal Junior Livestock Show Friday

The New Deal Junior Livestock Show will start Friday afternoon at 2:00 p.m. This stock show is sponsored by the FFA Chapter of New Deal.

Thirty-five FFA and 4-H student entries have been taken for the show. Students from 9-18 are able to participate.

In the swine division there will be a light and heavy class. The categories are: 1 class of Berkshires, 2 classes of Spots, 2 classes of Hampshires, 1 class of Cross-breds and 1 class of Yorkshires and Chesters. There are 42 market hogs in the competition.

There will be a light and heavy weight class for lambs

also, the 2 categories will be fine wool and medium wool lambs. There are 16 lambs that have been entered.

Ribbons and prize money will be given to all winners of the stock show. Tommy Holmes, a vocational agriculture teacher at New Deal, said, "This local show will help students prepare for the bigger livestock shows. The prize money they receive

will also help pay expenses to go to them," Holmes said.

Grand and Reserve Champions in both categories will receive trophies. A showmanship trophy will also be presented that was donated by Mr. and Mrs. Mickey Cooper.

The Young Farmers organization was responsible for collecting contributions for the livestock show.

New Police Officer In Town

Wendell Kelley has been appointed as a police officer for the city of New Deal. Kelley will be responsible for enforcing general traffic laws in New Deal and the surrounding area. He will also assist the Lubbock County Sheriff's Department in any investigations taking place in New Deal.

Kelley was born and raised in Morton, Texas. He graduated from Morton High School in 1972. He then attended South Plains College

for 1 1/2 years where he majored in law enforcement.

Before coming to New Deal, Kelley was a police officer at Brownfield 3 1/2 years and then a security officer at Texas Instruments in Lubbock for a period of 1 year. He began patrolling the streets of New Deal the 1st week of December.

An office has been set up at New Deal City Hall for Kelley. He is presently living in Lubbock, but hopes to find a place to live in New Deal.

When the first European explorers arrived in America, there were about 800,000 Indians.

City Garden Club Met January 8th

The City Garden Club met 3 p.m. Thursday, January 8 in the community club room for the first regular meeting since October 9, 1980.

Mrs. Lillie May Shipman, president, called the meeting to order. The club collect was led by Mrs. Florence Jackson.

Hostesses for the meeting were Mrs. M.M. Bell and Mrs. Florence Jackson. Mrs. Frances Howard presented the program on crafts.

Members attending were:

Mrs. Mel Boggus, Harland Downs, J.O. Pope, Frances Howard, Bessie Waters, Cora Shuman, Floyd Shipman, Florence Jackson, M.M. Bell and a guest Ona Maserang.

A quote from the club book to be shared is "The only way on earth to multiply happiness is to divide it."

The club had a special meeting held November 13, 1980 at the home of Mr. and Mrs. Floyd Shipman. Following the thanksgiving dinner, games of 42 were enjoyed by members and their husbands.

Attending were Mr. and Mrs. Elmer Ahrens, Mr. and Mrs. M.M. Bell, Rev. and Mrs. HB Coggin, Mrs. Frances Howard, Mr. and Mrs. J.O. Pope, Alice Price, Mr. and Mrs. N.M. Rogers, Mrs. Cora Shuman, Mrs. Bessie Waters, one guest Mrs. Burnett Drye and the host and hostess Mr. and Mrs. Floyd Shipman.

December 11, 1980 the club had a Christmas party in the home of Mrs. HB Coggin. Mrs. Floyd Shipman read the Christmas story of the birth of Christ taken from the gospel of St. Luke. Mrs. Alice Price led the prayer.

Secret pals were revealed and had a gift exchange from the beautiful decorated Christmas tree, but the greatest gift of all is the gift from our Heavenly Father, of His precious Son, Jesus Christ.

Jan Franks, Samuel Billingsley Exchange Vows In Home Setting

Jan Elizabeth Franks of Brownfield and Samuel Terry Billingsley of Abernathy were united in marriage in a double ring ceremony Saturday, December 27, 1980 at 4 p.m. in the living room of the bride's parents at 707 Lanny Avenue in Brownfield.

Condyl Billingsley, father of the groom officiated the ceremony before a brass archway accented with fresh commador greenery and peach satin ribbon flanked with a seven branch pyramid candelabrum. Resa Newton of Abernathy, registered guests.

Parents of the couple are Mr. and Mrs. Billy Franks, of Brownfield, and Mr. and Mrs. Condyl Billingsley of 311 Avenue G, Abernathy.

When the bride was given in marriage by her father she was wearing a gown fashioned of peau de soie with an overdress of ivory chiffon. The gown featured a stand-up collar and cuffs that were edged in ivory lace. Pearl buttons accented the back and the cuffs. A chiffon sash adorned the gathered waist.

The bride wore a veil borrowed from her cousin, Dana Ramero. The silk illusion veil was edged in lace and fell from an ivory lace

caplet. She carried a European nosegay of ivory silk blossoms accented with ivory lace and satin ribbon.

For something old she wore a gold wedding band belonging to her paternal great-grandmother. Her wedding gown was something new. For something borrowed she wore her mother's pearl earrings and cousins wedding veil. She wore a blue garter for something blue.

The bride's father placed pennies minted in the year of the couples birth in her shoe.

Delane Crutcher, of Levelland, sister of the bride, was matron of honor. She was dressed in a floor length gown of rose cinnamon chiffon over satin with full sleeves and gathered waist. Chiffon ruffles accented the neckline and cuffs. A chiffon sash accented the waist. She carried a nosegay of mixed fall silk flowers with satin accents.

The groom wore a blue suit with a peach rose boutonniere.

Jon Horne of Abernathy served as best man.

Rene Singleton of Seagraves and Daurice Lismann of Monahans served at the brides table. The oval serving table was covered with a floor length cloth of

ivory linen with an overskirt of French lace. A brass bowl with a Flemish arrangement of mixed fall silk flowers centered the table. Brass appointments completed the table setting. The bride's cake was accented with confection roses, azalea blossoms, and lily of the valley in shades of yellow and peach and brown.

The bride is a 1979 graduate of Brownfield High School and attended South Plains College in Levelland.

The groom is a 1978 graduate of Abernathy High School and is a graduate of South Plains College in Levelland.

The New Mrs. Samuel Billingsley

Who's New

Mr. and Mrs. Brent Newton are the proud parents of a son, Terrill Brent, born January 6, 1981 in Methodist Hospital, Lubbock at 3:30 a.m. He weighs seven lbs. five ounces and is twenty-inches long. He has a sister, Tawn.

Grandparents are Mr. and Mrs. Cliff Newton of Abernathy and Mrs. Lois Mays of Lubbock. Great-grandparents are Mr. and Mrs. Virgil Newton of Petersburg.

Birth

Mr. and Mrs. Clark Agnew, of New Deal, are the parents of a son, Kelby. He was born December 31, 1980 at a Lubbock Hospital.

Junior

Basketballers

To Meet

Attention 3rd Thru 6th Grade Parents

The Abernathy Junior Basketball Association will meet Thursday, January 15, 7:30 p.m. at City Hall. Important decisions will be voted on at this time for the 1981 season.

If you are interested in your child participating in Junior Basketball, please attend.

Talk of the Town

The new address for Mr. and Mrs. Sam Billingsley is Box 48, Sumner, West Virginia 25567.

Mr. and Mrs. Israel Garza and daughters Lisa and Susanne, have moved from Rt. 2 Abernathy to a home they bought at 1201 Ave. K in Abernathy.

Mrs. Gloria Taylor and daughters Amber and Amy visited here with their parents and grandparents Mr. and Mrs. Bill Houston. They attended a wedding at Cotton Center Saturday evening. They also visited Mr. and Mrs. Clark Riley and family and Mr. and Mrs. Richard DuBose and family.

Mr. and Mrs. A.C. Harris, Jr., Jason and Julie, Mr. and Mrs. Buford Davenport and Doug Chapman spent last weekend in the Harris' cabin at Possum Kingdom.

Ray Sparkman Stationed At Ft. Dix, N.J. Ray Sparkman has been inducted into the Army and is stationed at Fort Dix, New Jersey.

He is the son of Mr. and Mrs. Eldon Sparkman. His wife Kayla will be leaving this week to join him. She is the daughter of Mr. and Mrs. Cliff Newton.

P.A.C. To Meet Jan. 15

The Parent Advisory Council is composed of parents who are involved in our school system. In the past it was for parents of children of Migrant and Title I programs.

Since Abernathy Schools do not have a P.T.A., the P.A.C. is for all interested

parents coming together and combining ideas to help our students and school.

The Parent Advisory Council will meet Thursday, January 15, 1981, at the Antelope Inn.

All parents are invited to attend. We need your support.

Accent On Health

Texas Department of Health Robert Bernstein, M.D., Commissioner

That often heard of ounce of prevention—in the form of fluoridation—can frequently accomplish more than the proverbial pound of cure by reducing dental bills and suffering.

"No other public health measure offers so much for so little," says Linda Crossett, R.D.H., administrator of the Texas Department of Health's Texas Fluoridation Project. "At a yearly cost of 25 cents a person, tooth decay in a community can be reduced by 65 percent among children from birth to 12 years of age."

"Conservative estimates show that 20 percent of the children growing up in communities with fluoridated water can reduce decay 50 percent among teenagers through age 16," she said.

Benefits do not stop with the young. Fluoridated water continues to benefit

the teeth into adulthood, reducing tooth loss and the need for dentures.

"Fluoridation even helps the elderly by strengthening bones and reducing osteo-

porosis, in which bones become abnormally porous," says Crossett.

Texas has several areas where the natural fluoridation levels are high enough to protect teeth from decay. If fluoride levels are excessive, no disease results, but the enamel may become stained or "mottled," a term first used by Colorado dentist Frederick McKay in 1902. Some of his patients had mottled tooth enamel, but had little or no decay.

The first controlled studies on fluoridation began in 1945. Marshall, Texas was one of the first cities in the nation to implement controlled fluoridation. Thousands of

communities have followed suit in instituting controlled fluoridation. Close to 60 percent of all Texans benefit from fluoridated water, either controlled or natural. A dozen major Texas cities have controlled fluoridation, and nearly 600 Texas cities have naturally fluoridated water.

Texas communities can now receive financial and technical assistance in fluoridating their water systems from the Texas Department of Health. Under a grant from the U.S. Department of Health and Human Services, communities installing fluoridation systems for the first time may be reimbursed for the cost of the equipment, installation, engineering fees and chemicals for two years. The Texas Fluoridation Project also helps to establish a monitoring and surveillance system to provide daily checks on fluoride levels. Training for water system operators is also provided as part of the grant.

The Department's Bureau of Dental Health administers the project. "We are available to assist in the promotion and education of the public on fluoridation when needed," states Helen Hill, the information specialist for the project.

All work is coordinated closely with the Department's Division of Water Hygiene which provides the engineering and the technical assistance to local communities participating in the project.

Major health organizations in the world have endorsed the concept of fluoridation, including the P.T.A., the World Health Organization, the American Medical Association, the U. S. Public Health Service, and many more. Corresponding agencies in Texas, including the Texas Medical Association, the Texas Dental Association, and the Texas Public Health Association have similarly endorsed fluoridation.

DRIVELINE
Things That Go Bump In The Night - "Statistics show that two out of three accidents happen at night. The after-dark death rate per miles driven is two to three times the rate for daylight driving... Never leave your car on the shoulder of the road with parking lights on. Other drivers may think your car is still moving..." - From *New Driver Magazine*

BAD NEWS FOR CAR BUYERS! The double whammy of inflation-recession is pricing many Americans out of the new car market. Average price of a new American car is \$8,200, up 100 percent in the last decade. The prime lending rate has reached the stratospheric height of 19 percent, and car loans typically run two to four percent higher than the prime. Result? The monthly payment on a 48 month \$6,000 car loan is nearly \$170.

SMALL CAR HAZARDS: "In a collision between a subcompact and a full-sized car, occupants in the smaller car are eight times more likely to be killed," says the U.S. Dept. of Transportation. Safety experts contend this fact is a strong warning to small car drivers to stay within the 55 MPH speed limit, since lower speeds clearly reduce the risk and severity of injuries.

DRINKING DRIVERS GO TO POT. Nationwide surveys show that 60 percent of America's high school seniors have tried marijuana. Like alcohol during Prohibition, marijuana is illegal, but that doesn't prevent it from being a popular and widely used social drug. One effect of this trend is that many young people now routinely drive while under the influence of marijuana. The problem is that marijuana, like alcohol, is a central nervous system depressant. It slows a driver's reaction time, distorts perception, and reduces the capacity to make decisions. Numerous research studies have demonstrated that marijuana definitely decreases driving ability. Even worse, many people routinely combine booze and pot before they head out on the highway. Researchers have found that the combined damage of alcohol and marijuana to driving skill is more harmful than the effect of either drug used by itself.

SAVE \$14.00 OUT OF EVERY \$50

By Shopping In Abernathy

Did you ever drive 60 miles or more to take advantage of a super special? An item that costs you \$50 locally would have to save you \$14.40 if you drove 60 miles round-trip to get it and just wanted to break even.

The American Automobile Association certifies that 24.0 cents is what it costs to drive your car one mile. That sweet buy can suddenly turn quite sour.

And each 60 miles takes 3 to 6 gallons of gasoline which the potential shortage of oil-derived fuels would encourage us to save.

Local merchants, whether they sell groceries, clothing, drugs, hardware, appliances or whatever, feature top line nationally advertised products at competitive prices. These same merchants support your schools, churches and civic groups. They help us all pay for the improvements that make this a better place to live.

So save yourself some money, help fight the energy crisis and support local merchants. And save the drive to faraway communities. Shopping at home is a wonderfully simple way to do yourself several favors at once.

The Abernathy Weekly Review

**County Line
Chit Chats**

by Faye Ann Nelson

The County Line Community Club board members had their regular monthly meeting Monday morning at 9:00 a.m., January 12, 1981.

At the Christmas party it was discussed to have "Ole timey" quilting meetings again or not. Everyone seems enthusiastic about quilting again. A list was made as to who had quilt tops to quilt. Pam Connell was the first to sign and then Audrey McGuire said she had a quilt top to quilt. So if you want a quilt quilted just come to the club house and put your name on the list. It is fun and we can visit and quilt at the same time. Other business will be discussed at the meetings the 1st Tuesday of each month.

The County Line Community Club had a quilting Tuesday, January 13, 1981 at the club house beginning at 2:00 p.m.

If you want to quilt and visit with your neighbors come out and bring your favorite needle and your thimble. If you have a quilt top to quilt get your name on the list and we will quilt it as your name comes up. The club has one that was started last year to be finished and sold. It is made in individual blocks and different members took a block home and quilted one block so now all we need to do is to put it together.

If we could get it finished we could auction it off or sell tickets again for the July 4th celebration that comes to Abernathy every year. So come on out and visit with us

and quilt. When your name comes up for your quilt you will be required to furnish refreshments for the quilting. We will meet February 10, and March 10.

We still believe we are dreaming...about winning a trip to Hawaii from the S&H Green Stamp Center in Lubbock. I signed a coupon in 1979 and forgot all about it. We received a letter saying that we had won a trip to Hawaii or one million stamps so I checked the trip and sent the letter back to Chicago. That was September 1, 1980. We did not think it was true so we took our vacation in October and went to California, Colorado and Arizona.

When we got back we had a call from Chicago saying that they had been trying to get in touch with us for a month. They asked us when we could go and I was so excited on the phone that I said "We are ready."

They started working on the reservations and set them up for December 8 thru December 16...7 nights and 8 days. It was a wonderful trip and I will write more later...

Fruit ripens faster in plastic bags than in the air.

If a fly lands on your nose, they say, somebody has something to tell you.

OBITUARY

Buford R. McCasland

Services for Buford R. McCasland, 70, of Tulia were held at 2 p.m. Thursday, January 8 at First Baptist Church in Tulia with Rev. Charles Davenport, pastor officiating.

Burial was in Rose Hill Cemetery under direction of Wallace Funeral Home.

McCasland died at 7 p.m. Monday, January 5 at his home.

The Taylor County native

came to Tulia in 1943 from Lamesa. He married Ruby Pearl Tyra on Nov. 11, 1933, in Lamesa. He was a retired farmer and a member of First Baptist Church and Swisher County Senior Citizens.

Survivors include his wife; a daughter, Mrs. Max Kennedy of Abernathy; a son Gerald of San Antonio; three sisters and two grandsons. Nephews were pallbearers.

Stop Costly Energy Leaks

According to the United States Bureau of Labor Statistics, gas and electric rates have increased 39.9% nationally since October of 1974. Fuel oil rates are up 121% over this same period nationally.

New home buyers may soon find that their ability to pay fuel bills will be taken into consideration when mortgage lenders evaluate loan applications.

In research made public by the Dow Chemical Company, these were the approximate areas of heat loss in a modern two-story home: air infiltration through cracks in walls, windows and doors, 38%; 5% through ceiling, 17% through frame walls, 1% through basement floors, 20% through basement walls, 16% through windows, and 3% through doors.

Air Infiltration by All Standards Measured is a Major Source of Energy Loss: Studies completed indicate that air infiltration is the major source of energy loss in all residential construction. Even homes properly insulated in attic and wall areas can suffer considerable energy losses from drafts.

Where Does Air Infiltration Occur? Anywhere that air can leak through gaps, cracks and joints.

Between baseboards, concrete slabs, or basement walls. Between eaves, sheathing boards, sills, corners and seams.

—Around vents, chimneys, and under thresholds.

—Around utility line openings and air conditioner lines.

—Between pipes and electrical "feed-throughs" in walls.

—Around electrical outlets, switches, and under exhaust ducts.

—Around hose bibs and other pipe and plumbing fixtures where they penetrate walls.

—Openings between window frames, door frames and jambs.

—Under and on top of loose siding.

—Between corner joints and flashing.

—Insulate and seal these openings and make your home draft free.

THE RESULT: Savings on fuel bills, gas and electric, year around.

WORD of GOD

Seek the Lord

The Lord looked down from heaven upon the children of men, to see if there were any that did understand, and seek God.

Night Blindness - Limited ability to adapt to changes in light intensity; occurs in deficiency of vitamin A

And ye shall seek me, and find me, when ye shall search for me with all your heart.

Jeremiah 29:13

Lakeview Philosopher

Takes A Fanciful Flight Into Strange World Of White House Remodeling

Editor's note: The Lakeview Philosopher on his Johnson grass farm is puzzled about a notion all First Ladies have about the White House.

Dear editor: There's something about the Presidency I don't understand. There never has been a First Lady the White House suited like it was when the family moved in. Every one of them for the past 50 years has insisted on redecorating the place.

A famous decorator has been hired to re-do the living quarters of the new occupants. He is so famous that the cost of the average room he redecorates comes to \$50,000. And the White House is not a one-room shack.

I got to thinking about this. How could a modern decorator, if he were working back in the early 1800's, have managed to run up a bill of \$50,000 to re-do the boyhood log cabin of Abraham Lincoln? I guess it'd go something like this:

"Mrs. Lincoln, you mean to tell me the dirt floor young Abe is crawling on is domestic dirt? It came from right around here? We can't have the future President of the United States crawling on anything less than imported dirt. I'll place an order right now for two tons of rich alluvial soil from the Nile valley. Won't cost over 5 or 6 thousand dollars to ship it here.

"Now that fireplace, where'd your husband get all those odd shaped rocks? Rip it out and I'll order some Italian marble. Believe I can get some for probably 10 thousand dollars. And saw up that split log you're using for a mantel and I'll import one I know about in a castle

on the Rhine. It's a bargain at 12 thousand.

"Now I ask you in all candor, where'd you get the mud those logs are chinked with? You want your son to grow up and get to remembering while he's riding up Pennsylvania Avenue that he once lived in a log cabin chinked with mud dug up in his own backyard? It'll scar his personality. They make a beautiful chartreuse chinking mud in a little town in the south of France. I'll order a batch. Probably won't cost more than a few thousand dollars, maybe a little more for the fine textured kind. "And those curtains. Who ever heard of using gunny

sacks? I'll use Japanese brocade."

"Sir, just a minute. How much has your bill come to so far?"

"It's right on the dot. Fifty thousand dollars even."

"We can't pay it."

"Don't worry about it. I'll hold the bill till your son gets to Washington and Congress will take care of it."

Yours Faithfully,

J.A.

For thus saith the Lord God; Behold, I, even I, will both search my sheep, and seek them out.
