

**QUADRUPLE WINNER** - Abernathy's Russell Windham (Center) powers away from the third barrier on his way to winning the 300-meter intermediate hurdles Saturday in the Bulldog Relays. Friona's Robert Caballero finished second in the race and Kirk Thompson of Tulia was third. Windham also won the long jump, high hurdles and ran on the winning mile relay.

## Abernathy Antelopes Second In Bulldog Relays

### Windham Sets Three New Division Records

The Abernathy Antelopes came in second place behind Tulia in the Bulldog Relays Saturday, March 21, at Plainview in Bulldog Stadium.

First place Tulia had a total of 141 points and Abernathy finished second with 117 points. Coming in third was Slaton, 4th Friona, followed by Olton, Cotton Center, Kress and Nazareth.

The big story of the day was the athletic ability of Russell Windham, setting three new division records and scoring 35 points in the small school division for Abernathy.

Windham bettered the old record of 39.9 set in 1977, in the 300-meter intermediates, by acquiring a time of 39.6 in the preliminaries. Next Windham crushed the old record of 21 ft. 2 1/2 inches, with a jump of 22 feet 1 inch in the long jump.

His third record breaking triumph came when Windham clocked in at 14.4 in the 110-meter high hurdles. The old record was 14.5 seconds in this event. In his final event, coupled with Sylvester Dunn, John Ruiz and Bobby Ross, took first place in the mile relay which just missed the division record with a time of 3:29.3.

Other winners in the Bulldog relays included Sylvester Dunn who came in second behind Windham in the long jump, with a jump of 20 ft. 4 in. Dunn also placed second in the 200 meter run with a time of 23.8 behind the first place Friona runner clocked at 23.3.

Sylvester Dunn took first place in the 100 meter run with a time of 11.0.

John Ruiz of Abernathy ran the 800 yard run in 2:06.9 for first place. Bobby Ross took second place in the 400 with a time of 53.6 seconds. Winning fifth in the 200 yard dash was Aber-

nathy's Kenneth Moss with a time of 24.2. Taking fifth place in high jump was Alan Pettit, jumping 5 ft. 6 inches. Victor Dees threw the shot put for a fifth place, covering 46 feet 10 1/2 inches.

### San Angelo Relays

Abernathy came in fifth at the recent San Angelo track meet. First place went to Dalhart with 67 1/2 points, followed by Tulia with 61. Post 46,

Franship 45, Abernathy 43, Brady 37, Breckenridge and Floydada tied at 36, Childress 31, Denver City 24, Ballinger 22, Olton 20, Merkle 18, Llano 15 1/2, Central JV 10, Crane 9, Colorado City 5 and Dalou 4, and Coahoma 2.

Russell Windham of Abernathy was a double winner in the meet as he took first place in both hurdle events, timing 14.77 in the highs and 39.68 in the intermediates.

## First Federal Now Operating In Abernathy

The Federal Home Loan Bank approved the purchase of Frontier Savings and Loan in Abernathy. The change of ownership and name went into effect March 31. The name has been changed to First Federal Savings and Loan Association and the staff will remain as it was for Frontier.

First Federal operates a total of six branch offices in the Lubbock and surrounding area, with assets over \$211 million.

First Federal was founded in 1934 when the first office opened in Lubbock at 34th and Ave. W. A second branch office was put in at 50th and Orlando in Lubbock in 1971 and a third branch office was started in Brownfield in May of 1977.

Corporate headquarters of the Association is First Federal Plaza, 1300 Broadway, Lubbock, a location the institution has occupied since 1977.

Tommye Lane will continue working as the Abernathy Branch Manager along with Janice McKenzie as Teller.

Tommye managed the Frontier Branch since its beginning in Abernathy in 1974. When asked how she felt about the switch over to First Federal, Tommye said, "We are very excited and enthusiastic about working with First Federal and representing the association in Abernathy. First Federal will be good for us as well as the community."

First Federal will continue to provide the only public viewing source of time and temperature for Abernathy.

## On The County Line

by: KEITH TOOLEY

Congratulations to coach Larry Steele for being selected the All South Plains Coach of the Year. This is quite an honor and tribute to his coaching ability and devotion.

Also to be congratulated are Ramona Irlbeck and Shelly Toler. Ramona was selected Player of the Year and Shelly made the All South Plains squad.

Don't forget to sign up for the Lions Club golf tournament to take place Saturday. Prizes will be given and all proceeds will be donated to Multiple Sclerosis. Call 328-5261 and let the people at the country club reserve a gold cart for you.

Several local citizens were wondering if the Abernathy Police Dept. had enough help in order to watch over our fair city. Wonder no more. Raymond

Hall, from Big Spring, has recently been hired. Say hello to Raymond when you see him on the streets.

Tuesday was the last day to cast ballots for school and city elections. Good luck to all the candidates. It is always important, when voting in any election, to vote for the person who will do the best job for Abernathy - the person best qualified for the position. May the best man or woman win.

Russell Windham is as important to the track program as Ramona Irlbeck is to basketball and tennis. Windham broke 3 old records at the Bulldog Relays earlier this month and was a winner in two events at the San Angelo Relays. Congratulations Russell.

## Southwest Textiles Worth \$2,700,000 To Community Yearly

Southwest Textiles is one of the largest industries in the Abernathy area. This company provides \$2,700,000 in cotton purchases and labor each year to the community and surrounding area as well as providing 60 people with jobs.

It all started in 1966 when a visitor to the Abernathy Chamber of Commerce sparked an idea in the minds of four men that would one day grow into the making of one of the largest industries in this area. These four men were: Andy Reid, Rudolph Struve, Bill Wolf and Joe Thompson.

These men began investing in the materials necessary to construct a textile mill in May 1966.

At that time a method called ring spinning was employed in the mill to spin raw cotton into yarn. This was the mechanical system used to spin yarn. Production ranged from 100,000 to 125,000 pounds raw cotton converted to spools of yarn each month.

In 1974, at a tremendous cost, the ring spinning equipment was put aside and a new improved system called open-end spinning was instigated. Open-end spinning was more modern and efficient.

More investors were incorporated into Southwest Textiles company at this time to cover the added expenses with the new system. Dan Ward, Arno Trave, Oliver Jackson, Gene Reid, Billy Harrison, Joe Lovelace, David Finley, Fred and Harold Thompson and L.J. West all invested in company stock at this time.

With the open-end spinning mechanism, production increased to 175,000 pounds of raw cotton spun each month.

Today 85-90% of the spools in operation use the ring spinning system used in the early days of the Southwest Textiles plant. The cost is devastating to switch over to the open-end system.

Presently, after having installed two

new spinning frames in August and November of last year, Southwest Textiles has jumped production to 200-225,000 pounds per month. This represents 450 bales per month and approximately 5400 bales a year that are spun into yarn at this plant.

Ninety-five percent of the raw cotton used by the plant comes from Lubbock and Hale counties. Cotton bales are taken from area gins where they are kept in government storage. Southwest Textiles then purchases the cotton through cotton brokers.

The cotton is then taken to the plant where it is processed through the mill into 3 pound spools of yarn. Yarn brokers then handle the sale of the yarn. Southwest Textiles has yarn brokers in cities such as Los Angeles, New York, Chicago, Providence - Rhode Island, Philadelphia and other places across the nation.

In the past, yarn has been shipped from Southwest Textiles to foreign countries such as Cambodia and Indonesia. The yarn was exported to these countries through the federal government working directly with Southwest Textiles.

When Southwest Textiles opened in 1967, cotton was bringing 20 cents per pound. It now sells for approximately 75 to 80 cents per pound.

Southwest Textiles employs 60 people, most of whom live in Abernathy. Wages paid to these employees during the years 1974-79 amounted to approximately \$1,537,596. Since it's beginning, Southwest has paid approximately 4 million dollars to employees. Presently the payroll per week amounts to \$8,000.

Southwest Textiles is open 265 days a year, but work continues at the plant 123 hours a week. The work week begins Monday at 8:00 a.m. and never stops until 4:00 p.m. Saturday days until 10:00 p.m. Saturday days. Each

# Struve Nuclear Physicist

Horton Struve, son of Mr. and Mrs. Arno Struve, has been offered the position of Nuclear Physicist at the Naval Weapons Evaluation Facility at Kirtland Air Force Base, Albuquerque, New Mexico.

Horton is a 1969 graduate of Abernathy High School. Upon graduating from Texas Tech in 1963, Horton attended graduate school and graduated in 1967 from Tech. Horton worked at Texas Instruments for two years.

His experience in the study of physics influenced him to journey on to Germany where he taught physics at a

private German school for six months. He then went to Vicksburg, Mississippi to work at a Waterways Experiment Station.

At Albuquerque, Horton will be working in the Nuclear Survivability Dept. His job will be to devise methods to protect people from nuclear radiation.

Dr. Horton Struve has a wife Sandy, and four girls: Kimberley, Karl, Kelley and Kristi.

**Power In Prayer**

J. Hudson Taylor, missionary to China said: "The sun has never risen upon China without finding me at prayer. In 40 years I saw 700 missionaries and 1000 native workers in China."

There IS great power in prayer. Not only does prayer change things, prayer changes people, the people who pray.

General Dwight Eisenhower said this in regards to prayer: "Prayer gives you courage to make the decisions you must make in a crisis and then the confidence to leave the results to a Higher Power".

We depend so much on our own skill and abilities when we rightfully should depend on God. Life can be changed by prayer. "We can pray, believe, and receive, or we can pray, doubt, and do without", so said Walter Knight.

## TENNIS NOTES

The Abernathy High School tennis team participated in the Lubbock Valentine Tournament February 6 and 7.

Keith Robertson advanced to the quarter finals in boys' singles but lost to Anton's Joey Garcia by default. Other participants were Ray Ortiz, Chuck Wilson, Smiley Lopez, Albert Ortiz, Victor Ramos, Nancy Lane, Cindy Turner, Carol Penton, Delores Flores, Rhonda Royal and Lisa Marez.

At the March 20-21 Lubbock Tournament Ray Ortiz and Keith Robertson took a first place victory in the boys' doubles division by defeating five doubles teams. They battled for first against Myrick and Hale of Floydada and won 6-3, 7-6.

Cherise Gist, Vickie McKenzie, Albert Ortiz, Smiley Lopez, Ramona Irlbeck and Lisa Marez also played in the tournament. The Abernathy team

placed second overall in the Lubbock Tournament.

The latest tournament was held last week, March 27-28, in Denver City. Again, our tennis team walked away with second place overall.

Ray Ortiz won first place in boys' singles, defeating David Foster of Post in the fourth round 7-5, 7-6. Ramona Irlbeck took first place in girls' singles defeating Gloria Gonzales of Crane 6-2, 4-6, 6-2 for victory.

Cletus Irlbeck and Keith Robertson took yet another first place in the boys' doubles division. They beat Martinez and Lafon of Kermit 6-3, 7-6.

Nancy Lane, Cherise Gist, Vicki McKenzie, Albert Ortiz, Alicia Griffin, Lisa Marez, Melissa Cantu and Lanny Montes were other players in the Denver City Tournament.

A big winner in supermarkets is chlorine. Long popular in household cleaners and washing machines, chlorine is now also popular with consumers who get in-tank bowl cleaners.

After a container of the most popular of all in-tank bowl cleaners, 2000 Flushes, is placed in a toilet tank, everytime you flush, the chlorine crystals dissolve away rust and minerals.

## Scouts Net \$317.50 At Cake Auction

The Abernathy Cub Scouts and their dads joined their baking skills and baked cakes for the "Father and Son" cake auction for their meeting Thursday, March 26 at the school cafeteria.

Van Riley donated his services as auctioneer for the event. Judging the cakes was Bill Elliott, manager of Pay-

n-Sav.

Awards were presented for four categories: "Heavy as a Rock", Dallas Goodman winner, "Light as a Feather", Ronald Rice winner,

"Yummiest Looking", Mike McCreaw winner, and "Most Original", Jason Hobgood winner.

At the end of the bidding the total amount bid for the 15 cakes was \$317.50.

Cubs and dads taking part were Kelly and Clyde Vandygrihl, Mike and Fred McCraw, Jody and Jim Barton, Alex Jr. and Alex Garcia, Jeff and Jerry John-

son, Dustin and Jack Oxford, Tim and Renay Rice, Dallas and Ray Goodman, Jason and Charles Hobgood, Carlos and Crows Betener, Chad and Oliver Shadden, Shane and Penny Reedy, Mark and Bob Heath and Scott and Alan Attaway.

**COTTON TALKS**

Most major cotton organizations across the Belt are "fairly well agreed" that a cotton program very similar to the market-oriented program in effect since the 1978 crop will best serve the industry in the years immediately ahead.

So reported Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc., Lubbock, after hearing the statements of industry organizations in Washington March 5 before the Senate's Cotton Subcommittee on Production, Marketing and Stabilization of Prices.

Nine of the 14 witnesses appearing before the Committee were representatives of cotton producer organizations. The other five included the multi-segment National Cotton Council, Cotton Warehouse Association of Amer-

ica, American Cotton Shippers Association, National Cotton Ginners Association and Women In Farm Economics.

"There was a pretty good consensus on what the industry needs," Johnson said, "but almost every group wants one or more changes, some small and some not so small, which they think would improve the program."

Among those "not so small" changes advocated was one found in Johnson's testimony, reflecting the policy laid down by the PCG Board of Directors January 13 calling for a statutory minimum loan at 65 percent of parity.

"This is an expression of a firm belief in the necessity for price supports tied to an index which will assure producers that support prices

will keep pace with galloping inflation and runaway production costs," Johnson told the Committee.

Speaking on the other side of the PCG Board's belief in the need for a higher loan were two Southeastern organizations whose testimony, without calling names, clearly pointed the finger at the High Plains as an area where the current loan-setting formula results in a loan that is too high.

Raymond Marsh, State Cotton Chairman of the Alabama Farm Bureau, recommending that cost of production "by regions" be made one of the loan-setting factors, stated "According to current regional cost of production estimates, some producers may receive up to \$40-\$50 per acre above their variable costs compared to other growers who receive only 50-60 percent of their costs."

Then came James Sanford, President of Southern Cotton Growers Association. He made the same regional

March 18, 1981

Dear Miss Shipman:

Your suggestion has been forwarded to the Office of Management and Budget, the agency responsible for supervising Federal expenditures for the President. Your public-spirited concern is truly admirable.

The President has asked me to respond to your suggestion of another manner in which the Federal government can save the American people's money. He has presented a program of budget reductions to the Congress, but he always welcomes suggestions from concerned citizens that would enable better use of the Federal dollar.

Your suggestion has been forwarded to the Office of Management and Budget, the agency responsible for supervising Federal expenditures for the President. Your public-spirited concern is truly admirable.

**QUESTION:** What are some nutritional problems particularly associated with aging?

**ANSWER:** Many older people don't get enough calcium, a mineral used by the body in many ways. Calcium, present in many foods, is especially important for building and maintaining strong bones and teeth.

If the diet includes milk and cheese and dark, leafy greens, the necessary calcium will be provided in quantities necessary to satisfy the body's needs.

**QUESTION:** What constitutes a well-balanced diet for an elderly person?

**ANSWER:** A well-balanced diet is rich in fresh vegetables (especially leafy greens), fresh fruits, dairy products (which may be the low-fat variety), beans, and/or meat, and whole grains. Liquid is important for daily regularity, and at least two quarts a day are recommended.

An elderly person's daily intake of food should come from the basic food groups:

**55 Degrees Ideal Temp. To Plant Corn**

As spring temperatures increase, the desire to get into the field and start planting does also. As of March 24, 1981, the 10-day soil temperature average at Haltway was 44.2 degrees F. at 8 inches and 37.7 degrees F. at 4 inches. Planting corn when the soil temperature is 55 degrees F. at the 8 inch depth for a ten-day average is the ideal

situation, according to Billy E. Warrick, County Extension Agent-Agriculture, Hale County. This usually occurs after our average freeze date, which is April 15. If planting early is still your goal, you can plant at a

temperature of 50 degrees F. at the 4 inch depth for a 10-day average, but you will need to increase your seeding rate 10 to 20% due to the adverse weather and low soil temperatures.

Currently, it costs over \$1 per pound for corn and most farmers plant 18 lbs. per acre. With this type of investment per acre, it is a risk each producer must decide if he can afford.

**PACKAGING GROUP ACTS:** The Joint Cotton Industry Hale Packaging Committee has agreed on a number of recommendations.

At a recent meeting, the committee: (1) recommended that wire quality control requirements be amended by the Commodity Credit Corporation to assure best re-use of gin wire at the compress; (2) updated the tare weight plan for greater accuracy in determining actual weight; (3) asked ginners and warehousemen to use temporary covers on bales stored in weather; (4) requested the National Cotton Council staff and gin

associations to work toward better application of materials to bales, and (5) approved an experimental test program of new materials for the 1981-82 season.

**TASK FORCE NAMED:** National Cotton Council President Frank Mitchener has named a Cotton Industry Task Force to deal with problems caused by the federal Clean Air Act and its regulations.

Members include Chairman Jack S. Francis, Jr., ginner, Peoria, Ariz.; R.A. Aker, Anderson, Clayton & Co., Phoenix; Robert Collins, Southern Ginners Assn., Memphis; Jack McDonald, Archer Daniels Midland Co.,

Decatur, Ill.; J.H. "Tony" Price, Texas Cotton Ginners Assn., Dallas; C.R. Rathbone, Ranchers Cotton Oil, Fresno; and Ken Rowan, California Cotton Ginners Assn., Firebaugh.

**EXPORTS INCREASE:** Exports of 189,400 running bales of upland cotton during the week ended February 26 brought the season's total to 3,407,700 with 67,800 shipped to China and 38,000 to Japan. New sales for the current marketing year were 8,400 running bales and for 1981-82, 21,900. Japan was the largest buyer for 1981-82 with 16,300 bales.

**Deadline Nearing For FCIC Applications**

April deadlines have been set for area farmers seeking to insure their crops under the Federal Crop Insurance program.

"Corn producers in Armstrong, Castro, Deaf Smith, Donley, Floyd, Hale, Farmer and Swisher counties have until April 15 to apply for FCIC coverage. An April 30 deadline is in effect for cotton and grain sorghum applications in the same counties as well as in Briscoe, Collingsworth and Motley counties," said Jackie Harris, district director for the Federal Crop Insurance Corporation.

"Other crops in the district eligible for protection include grain sorghum in Randall County, peanuts in Motley County and soybeans in Floyd, Hale and Swisher counties. The deadline on these crops is also April 30," he continued.

FCIC is an agency of the United States Department of Agriculture. It is designed to protect a producer's crop production expenses from risks like hail, wind, drought,

insects and disease.

Information about the FCIC program can be obtained from any private

insurance agent handling the program or from the FCIC offices in Amarillo and Lubbock.

## Accent On Health

Texas Department of Health  
Robert Bernstein, M.D., Commissioner

Since a child's teeth are developing constantly from before birth until the late teenage years — parents need to be aware of the different problems associated with the various stages of growth.

This is the philosophy of Mrs. Dee C. Salmon, a registered dental hygienist with the Bureau of Dental Health of the Texas Department of Health. "An unborn child needs nutrients, minerals, and vitamins because its teeth are beginning to form during the fifth and sixth week of pregnancy," she explained. "So, it's important for a pregnant woman to follow the diet advice of her doctor."

There's danger to a baby's teeth even during bottle feeding. A child should never be put to bed with a bottle containing anything but plain water. Milk, juices, sodas, and formulas contain sugars and form liquid pools around the new teeth.

An acid formation then attacks the new teeth as they appear, or erupt as dentists say, between the ages of six and 12 months. This is called nursing bottle mouth.

"Parents should clean the baby's mouth with a clean washcloth or soft toothbrush after each feeding and use only water at bedtime or naptime," warned Mrs. Salmon. "For good dental health, a baby bottle filled with soda or sweetened drinks should not be used as a pacifier or reward."

She added that if the baby is fed "store-bought" formula, the parents may want to consider using a concentrated formula that can be mixed with fluoridated water for the added protection of the new teeth.

What about thumb sucking? "Sucking is a natural reflex that may make a child feel secure and happy. Up to the ages of three or four there is usually no need to worry about the thumb-sucker. After the age of four, however, the habit may change the position of the incoming permanent teeth and the shape of the jaws," Mrs. Salmon said.

"Thumbsucking should gradually disappear after the age of two. If this doesn't happen, see your family dentist. Be careful not to scold or punish the child since this may cause increased worry and an increased need for sucking," she said.

As soon as the first tooth erupts in a child's mouth, brushing should begin. Flossing should start when they are side by side. Parents should brush and floss their children's teeth until they are capable of doing it themselves.

Tooth decay and gum disease are caused by dental plaque. Plaque is a sticky, colorless film of bacteria that attaches to the teeth and gums. A cavity occurs when the bacteria in the plaque change the sugars in the foods we eat into acids.

"The purpose of toothbrushing is to remove the plaque build-up on the surface of the teeth and gums," said Mrs. Salmon.

### Alfredo Soto

Rosary for Alfredo Soto, 55, of Abernathy was recited at 8 p.m. March 26 at Chambers Funeral Home.

Mass was held at 10 a.m. Saturday, March 28, at St. Isidore Catholic Church with the Rev. Matthew F. D'Souza, pastor, officiating. Burial was in the Abernathy Cemetery under the direction of Chambers Funeral Home. Soto died Monday, March 23 at John Sealy Hospital in Galveston after a brief illness.

The Floresville native was a farmer. He came to the Abernathy area in 1948 and lived in the city of Abernathy since 1973.

Survivors include his wife, Victoria; three daughters, Mrs. Henry Castilleja and Virginia Martinez, both of Abernathy, and Mrs. George Garcia of Houston; six sons, Edward of Big Lake, Alfredo of Clinton, Okla., and Lupe, Fidel, Gilbert and Abel, all of Elk City, Okla.; a sister, Mrs. Pete Garcia of Idalou; two brothers, Jacinto and Ted, both of Lubbock; 22 grandchildren; and two great-grandchildren.

### Emma Henson

Services for Emma Henson, 84, of Canton, formerly of Abernathy, were held at 2 p.m. Saturday, March 28, at First United Methodist Church here with the Rev. Tommie Beck, pastor, officiating.

Burial was in Abernathy Cemetery under direction of Chambers Funeral Home.

Mrs. Henson died Thursday morning, March 26, at a Canton hospital.

She was born at Sulphur Springs and came to Abernathy in 1922. She lived at Possum Kingdom Lake from 1966 until moving to Canton in 1980. Mrs. Henson owned Abernathy Floral for 15 years and was a member of the First United Methodist Church and of the Rebekah Lodge.

Survivors include two sons, Royce of Abernathy and Henry of Garland; four daughters, Mrs. Glenn Wallace and Mrs. C.V. Skiles, both of Canton, Mrs. C.B. Cultra of Littleton, Colo., and Mrs. Hurwood Hahn of Possum Kingdom Lake; 12 grandchildren; and 15 great-grandchildren.

### Jack W. Hamilton

Services for Jack W. Hamilton, 54, of 2816 43rd St., Apt. C, Lubbock, were held at 10:30 a.m. Monday, March 30 in Sanders Memorial Chapel with the Rev. Phil Demetro, pastor of the First Four Square Gospel Church, officiating, assisted by the Rev. Cyl Moore, pastor of the First Baptist Church in Anton.

Burial was in the City of Lubbock Cemetery under direction of Sanders Funeral Home.

He died at 5:30 a.m. March 27 in West Texas Hospital following a lengthy illness.

Hamilton was a native of Lorraine and moved to the Lubbock area in 1929. He attended Abernathy High School and Texas Tech. On August 17, 1950, he married Thexla Crawford in Lubbock. He was a retired mechanic and served in the Army Air Corps in World War II.

Survivors include his wife; two sons, John W. of the home and Carl A. of Lovelady; three daughters, Debra Kelley, Jackie Elliott and Tecey Hamilton, all of Lubbock; his mother, Mrs. W.J. Beckhusen of San Angelo; two sisters, Mrs. Floyd Bird of San Angelo and Mrs. W.E. Banta of Corpus Christi and four grandchildren.

Pallbearers were Charles Neeley, Odie Prindle, Ricky Crawford, Gary Crawford, Carmen Crawford, Charles Banta and Ronnie Walling.

## News and Comments by Buford Davenport

Two groups of Abernathians who toured the Hawaiian Islands have returned home. One group included Mr. and Mrs. Florence Davis, Mr. and Mrs. Joe Dolph Adkisson of Abernathy and Mr. and Mrs. Steve Stapleton of Petersburg. Mrs. Stapleton is Joe Dolph's sister.

The other group included Mrs. and Misses Harvey Lutrick, Morris Kerr, Charles Wilson, Lindell Wyatt, Hugh Pettit, J.D. Webb, Donald Blackmon and Loren West. The two local groups were on separate tours but their paths crossed a couple of times while they were visiting the various islands.

Mr. and Mrs. J.P. (Pete) Young have bought the H.E. Richter house at 1401 Ave. K in Abernathy, and eventually will move to that location from their present home at the north edge of town.

It will be like "going back home" for Pete and Lizzie, who spent the first three months of their married life in that house. At the time, Pete's parents, the M.M. Youngs, owned the house and resided there.

They had bought the house from E.E. (Dutch) Crow. H.E. Richter bought it from the M.M. Youngs. The J.P. Youngs are remodeling the

house and will move there at a later date. Pete and Lizzie will observe their 52nd wedding anniversary in August, 1981.

This week we are quoting from The Abernathy Weekly Review dated July 7, 1927.

Pete Young's father M.M. Young, a Church of Christ minister, was in the news. Minister for the Church of Christ congregation in Abernathy, M.M. Young announced that a church would be built for the Church of Christ membership. The site is where the current building is located on Ave. E and 10th St. The fund drive to construct a church building was launched at a gathering at the tabernacle on the city square.

From The Review July 7, 1927: From the headlines. Another (bill) test well will be drilled north of (W.A.) Richter No. 1. Rev. J.F. Michael, Methodist pastor-evangelist, will conduct a two-week revival at the tabernacle. Abernathy ranks fifth among South Plains towns in total bank deposits.

To organize luncheon club in Abernathy, Farm Bureau members purchase local gin.

Abernathy man (H.E. Richter) raises break vegetable... potato on one end and maize on the other. Alfalfa raised with success west of town.

ready for second cutting. Frick work on school proceeding rapidly up to second floor.

Fourth of July celebrated in quiet fashion here. Wedding Bells: Miss Lavina Jackson became the bride of Arthur Crow, Jimmie Harrod and Ruth Jackson were married. The brides are daughters of Mr. and Mrs. J.K. Jackson. Also listed in the Wedding Bells story was the wedding of R.E. Sykes and Miss Mable Fisher of Lakeview.

Births: Mr. and Mrs. Hudson of the County Line Community are parents of a 10-pound boy born July 4. Born to Mr. and Mrs. Omer Amys, a daughter, Barbara Joy, June 30.

A cold day in July? According to reports, it was cold July 4 (1927) when Mr. and Mrs. Ben Struve, H.E. Richter and family F.W. Struve and the Beene boys went to Floydada to attend the Fourth celebration.

Gene Legg spent the Fourth with his mother, Mrs. Ola Legg, in Plainview.

G.G. Gilliland and A.A. Crow went to Colorado City Friday to move Mr. and Mrs. J.V. Crow's household effects back to Abernathy.

Mr. and Mrs. G.W. Bagland, Mr. and Mrs. W.A. Richter, Mr. and Mrs. L.P. Shaw and J.D. Norman went to Palo Duro Canyon Sunday.

C.C. Cecil is visiting in Colorado. Mrs. A.T. Dunn and son of Snyder are here visiting in the C.S. Smith and W.P. Dunn homes. J.W. Prooks and family of Abernathy attended church at Lakeview Sunday.

Mr. Sam Barton attended prayer meeting at Eagle Springs Sunday night.

Mr. and Mrs. S.L. Eason and Mrs. Luther Eason left for Runnels County to visit relatives for a few weeks.

Mr. and Mrs. Harrison Adams and family visited the C.W. Nolen family Sunday. Buster Embry spent Sunday with Carl Pollard. Mrs. Jack Barton called on Mrs. J.C. Paughman Monday.

Dr. W.T. Givens of Abernathy delivered an excellent message at the Nazarene Church meeting in the Science Hill school Sunday morning. Mr. and Mrs. L.M. Hall and children spent Sunday with Grandma Hall. Mr.

and Mrs. Charlie Brewer and children of Lakeview were the guests of Mr. and Mrs. W.H. Hall Saturday night and Sunday. F.J. Land was injured one day last week when he became tangled in the harness of one of his mules in the lot when he was preparing to go to work in the field. He was not seriously injured. Dr. Givens reported. Mr. and Mrs. Dee Hall and children of Snyder visited relatives in the Science Hill community Sunday. Miss Oleta Rutledge was a guest at Mr. and Mrs. Oren Rhodes Sunday.

The Robert Garvin home was the scene of a very successful birthday dinner in honor of Mr. Garvin. Those present were Lorene, Bill and Jane Johnston, Verda Bagland, Ruby and Cora Kelly, Mr. and Mrs. Brad Seale and Ted Watts of Tulsa.

Among those attending the Fourth of July celebration at Crosbyton were Mr. and Mrs. George Neely, Mr. and Mrs. Roland Smith, Mrs. Justice Law, Stella Smith, Opal Royal, Bess and Sam Oliver, Claude Shipman, Mr. and Mrs. Welcome Bagland and Mrs. and Mrs. Lamar McKenzie.

Eleanor Struve was hostess at the slumber party. Those enjoying the fun were Misses Ruth Jones, Gretta Shipman, Ora Cleveland, Blanche Zeman, Imogene Cox and Miss Struve.

Among those attending the Lutheran Ladies' Aid meeting Tuesday in the home of Mrs. Charlie Schuler, Jr. were Mrs. F.W. Struve, Mrs. Penn Struve, Mrs. H.E. Richter and children, Mrs. Randall Hegggen and children, Mrs. Reiken, Mrs. Chas. Goeth and daughter, Mr. Fred Sengerob, Mrs. L.S. Hegggen, and Mrs. A.G. Gilbert and daughter, Ruth.

Andrew Reid and Ercell Givens left Saturday for Dallas, where they attended the ball games over Sunday and the Fourth of July. They returned Tuesday morning after an all-night drive.

As adults grow older, less energy is needed to keep the body functioning.

### Jesus heals a man blind from birth:

And as Jesus passed by, he saw a man which was blind from his birth.

When he had thus spoken, he spat on the ground, and made clay of the spittle, and he anointed the eyes of the blind man with the clay.

And said unto him, Go, wash in the pool of Si-lo'am, (which is by interpretation, Sent.) He went his way therefore, and washed, and came seeing. John 9:1, 6, 7

Fact or Fallacy: Starches make you fat.

No food in itself is fattening. Calorie intake above the body's needs results in weight gain. The chief contribution of starches to the diet is their energy value, but they contain valuable protein, vitamins and minerals as well.
