

# Wheat Harvest Comes To An End

The 1981 wheat harvest is coming to an end this week for Abernathy wheat farmers. Local grain companies received more wheat this year and approximately two weeks earlier than last year's crop.

**Plains Grain**  
James Shannon, of Plains Grain, stated that their first load of wheat was delivered June 1 by Joe Oswalt. The wheat was harvested on the Vineyard farm. Shannon said "We have received 15% more wheat this year than last year."

"The wheat brought to Plains Grain averaged #2 grade and the yields were

## Wheat Matures Earlier, More Harvested This Year

favorable considering the hot dry conditions recently," Shannon said. He also added that moisture was approximately 10.3% and that wheat was selling for \$3.65 to \$3.70 per bushel.

**Coop Grain**  
Coop Grain reported having received twice as much wheat as last year. Ted Major, manager of Coop Grain, said "The biggest factor contributing to more wheat harvested this year is that farmers planting later were able to harvest them this year." He also stated that more low lying areas were utilized

for wheat production this year.

Lewis Lutrick brought in the first load at Coop Grain June 2. Major stated that last year the first load was brought in June 15 and the harvest was completed as late as July 17.

"Harvest this year should be completed by the end of this week," Major said. "Much of the wheat brought in has been very good with a #1 grade rating," Major added.

**Anderson Grain**  
Anderson grain reported having received a lot more wheat this year at

the County Line location. Roy Brown, manager, said "The grade averaged #2 and moisture was at 10%. Yields ranged from 17-18 bushels per acre dryland and up to 35 and over for irrigated land."

Eddie Fortenberry brought in the first load of wheat to Anderson's June 2. The wheat was harvested west of Abernathy on his farm.

Hale county is reported to have 55 thousand acres of wheat this year, which represents a total crop increase of 8 thousand acres.

ALMOST 55 THOUSAND ACRES OF WHEAT have been harvested in Hale county the past three weeks. Pictured is some of the last wheat standing that has not been harvested. The wheat harvest in the Abernathy area will be over by the end of this week. (Review Photo)

## Grain Sorghum Producers Locates In Abernathy

Markets Grain Sorghum For 35 Countries

The offices of Grain Sorghum Producers Association (GSPA) and Texas Grain Sorghum Producers Board (TGSPB) relocated in Abernathy, Texas June 1. Announcement of the move was made this week by Elbert Harp who is Executive Director of both organizations.

Grain Sorghum Producers Association, founded in 1955, is the only national organization of sorghum producers. It has approximately three

thousand members with state organizations in Kansas, Nebraska, Oklahoma, New Mexico and Texas. Its president is Mabry Foreman, a farmer and rancher

who lives in Felt, Oklahoma. GSPA is dedicated to its original goal - to strengthen the economy of grain sorghum production through research, market development and legislation. Since its inception, GSPA has been the voice of the grain sorghum industry where legislative representation is needed.

Texas Grain Sorghum Producers Board was established by a referendum of grain sorghum producers in 1969. It represents a 29-county area of the Texas High Plains. It is supported by a voluntary assessment of 5 cents per ton collected by the elevator. Checkoff programs are in effect on other commodities in most agricultural states. A mandatory assessment supports the Kansas Sorghum Commission.

Texas Grain Sorghum Producers Board supports research to improve sorghum quality and to prove its value as a feed grain. The main thrust of TGSPB's effort has been directed to development and expansion of markets for grain sorghum. Through U.S. Feed Grains Council, TGSPB has introduced sorghum to worldwide markets which now consume 40 percent of the U.S. sorghum crop.

TGSPB funds may not be used for legislative representation. It operates under the Texas Commodity Referendum Law, supervised by the Texas Secretary of Agriculture. Its financial records are audited by state auditors. Larry Witten of Olton is Chairman of the TGSPB farmer-elected Board of Directors.

"By moving our offices to the new location in Abernathy," Harp said, "we will be able to reduce our operating expenses and concentrate the funds of both organizations where they will most effectively serve sorghum farmers."

Harp, a lifelong resident of the Abernathy area, presently farms north of Abernathy. His farm is managed by local tenants, while he continues his work with the Grain Sorghum Producers Association.

Harp even grows some grain sorghum on his own farm.

He has served as an officer since 1967 and in 1969 he was the chosen Executive Director of this organization. Harp has served on several state and advisory boards for universities as well as for other organizations.

In 1975, Harp was a member of the first Market Development team to be invited to Russia. From 1976-77, the first market development tests were sent from Lubbock to Russia.

Harp, accompanied by a grain sorghum market development team, did extensive work in Japan in 1958. Japan now buys one out of every six acres of grain sorghum produced in the United States.

## Rick Houston 'Player To Watch'

Rick Houston was recently listed as a "player to watch" in the 1981 Class 3-A football season which will begin this fall.

Houston was recognized in the July edition of the magazine "Texas Sports". This is a state-wide magazine about sports in Texas. The July edition, which just came out, lists football players to watch this year in Pro, College and High School competition.

Other 3-A players to watch this year from this district are: Karl Travis, a fullback from Tulia; Donald Sims, a right back from Childress; and James Sherman, a fullback for Idalou. Houston is a tackle for Abernathy.

There are now marketing programs operating in 35 countries, some of which are Mexico, Spain, Korea, Taiwan, Yugoslavia, Israel, India and Africa.

These countries use American grain sorghum to feed chickens, cattle, hogs and sometimes as a food source. India

and Africa buy large amounts of grain sorghum to feed their hungry.

As well as marketing grain sorghum internationally, the Grain Sorghum Association office in Abernathy compiles and distributes grain sorghum news releases and a monthly newspaper entitled "Grain Sorghum News".

ELBERT HARP, the Executive Director of Grain Sorghum Producers Association, is pictured standing in front of the new office location in Abernathy. This office is the national headquarters for this association. It was first established at Amarillo in 1957, moved to Lubbock in 1969, and has moved from Lubbock to here. (Review Photo)

## On The County Line

By: Keith Tooley

I came across an old article written by Vic Lamb, the editor of the Review in the early 30's. It is about bananas!

Have you ever wondered if maybe a banana is better than an apple, or vice versa?

In the following article, Vic sides with the banana.

### EVERYBODY'S FAVORITE "Bananas Have No Bones"

The apple is one of man's favorite fruits, (however the medical profession looks upon it as a restraint of trade). There's that old jingle - one of the world's first and greatest advertising rhymes - "An apple a day keeps the doctor away!" and, remember Eve's error in offering Adam an apple? Wow!

We'd like to campaign for the world to pick the banana as its favorite natural food.

It is far ahead of the apple in many ways - not only as a delicacy for the taste, but for easy-open packaging; easiest to get to, using the folded down peelings as a glove to hold the banana as you munch. It is easy to bite, and doesn't have an irritating or noisy crunch so many other of nature's bounties have - like the apple, the pear or a near-ripe peach.

The banana can be eaten in a school room without creating a discipline problem with the teacher. It can be eaten as you travel by train, plane, auto or bicycle, or while hiking. Unpeeled it fits snugly in a pocket - thus saving a sack. It doesn't take as much room packed in a lunch box, either. It's a very quick, satisfying and welcome dessert for a hostess who's caught without time to whip up a cake, pie, pudding or cookies, or crepes suzette.

It also always brings smiles! Just watch a youngster, from a toddler to a senior in college, break into a pleased grin when you offer the banana. (The banana actually is in the shape of a smile!) Its color is the warmth of sunshine - not a rabble rousing red like an apple, or a deceiving green such as a pear or an apple which might fool one into believing it is ripe.

Even the elderly, and the grownups, like bananas. They are easy to masti-

cate and swallow; they don't waste your time in requiring more seconds munching and chewing to reach swallowing consistency!

Pineapples have a joyous taste, we concede, but whacking into one to finally have it prepared for eating takes work and time - time you never lose in getting to the action of munching a

golden banana.

(Spelling banana on a typewriter is a rhythmic operation - except for the first letter you just keeping hitting a's and n's! And its pronunciation is rhythmic, too - babies learn to say the word among the first of their speech efforts. It's akin to the word mama in that respect!)

Holding a banana is very easy to do with no juices dripping down your hand as when some citrus spurt, squirt, ooze and drip. No need to apologize as a neighbor diner reaches for his napkin to wipe away a citrus squirt who had no intention of aiming his way.

Slices of banana can add an extra dimension to many desserts. First we think of is jello. Slices of banana are a delight to find in some salads, also.

On occasion you can find some extraordinary recipes in a cook book to employ the surprise of adding bananas to a dish made more spectacular by this golden joy.

The banana is not native to our U.S. It grows in another climate - and brings a welcome warmth to us.

Wish we could recall that old jingle we learned in our childhood that declared "bananas have no bones!" We'd write a request to Perry Como to sing it for us.

VIC LAMB

In last week's edition of The Review, under the headline entitled "Drug Smuggler Arrested In Abernathy," the story stated that the alleged smuggler, Ray Boykins, was living next to the New Deal police officer also living in the Norman Apartments.

It should have said, Boykins and his son were living in the Norman Apartments, which are located next to city hall and the New Deal police office. The police officer doesn't live in New Deal.

## Chamber News Letter

By: Charles Bowen, President, Abernathy Chamber of Commerce

### BASKETBALL SIGNS INSTALLED

On June 6, 1981 the following people assembled and helped install the basketball signs located on the north and south ends of town: Harold Thompson, Ralph Wolf, Hoppy Toler, David Pinson, Larry Steele, Carl Irbeck, Keith Tooley, Bud Rhodes, Preston Amerson, Conner Dillinger, Charles Bowen, Wolf Irrigation and Thompson Implement furnished equipment and personnel to help place the signs. Both signs need to be weatherized and winterized. Also, when a certain lady gets to feeling better we hope to have her paint the signs again while riding in the SPS basket (Hilda, do you hear?).

### EMERGENCY MEDICAL TECHNICIANS

An EMT training class is scheduled to begin on Monday July 13, 1981 in the Fire Hall. Most classes will be held in the small Club Room in the City Hall. Classes will meet each Monday and Tuesday evening for about four hours. At press time there were eleven men and women who indicate that they will take the training. This number will enhance the present Volunteer Ambulance Service. This project is sponsored by the Chamber with consent of the City Council. Two or three of the trainees will work part-time on the EMS. This seems to be a problem when an on-duty EMT needs to have a few hours off for various reasons. Everyone is invited to enroll. If you want the training, but do not care to work on the EMS, then sign up and pay for the course yourself.

### JAWS OF LIFE

There is approximately \$9000.00 in the Jaws of Life Account in the First State Bank. Mr. Joe Lovelace has collected in excess of \$8000.00 by seeking individual and business donations. We need at least \$4000.00 more in order to purchase the necessary tools that work on the Jaws equipment. There will be a Jaws demonstration at 11:30a.m. in front of the bank, on the Fourth of July. The demonstration will be given by Hurst Tool Company of New Braunfels, Texas.

### FOURTH OF JULY CELEBRATION

Mrs. Mary Jo Snodgrass reports that the Moustache Contest will be decided by three anonymous judges who will be roving around the City Square from 9:00a.m. to 2:00p.m. The winners will be announced during one of the breaks during the entertainment after the noon meal. The grand prize for the best moustache is \$25.00. There will be five other categorical prizes of \$10.00 each for the following categories: Most Kissable, Bushiest, Reddest, Whitest, and Wiriest.

### CATERED MEAL

The noon meal will be catered by Southern Seas. The Chamber decided to charge \$5.00 for the meal. One dollar (\$1.00) of this amount will be given to the Jaws of Life Fund. I feel that this is a good price considering today's inflation - you can get fish and chicken, or one or the other.

FLATLANDERS WHOLE RAW MILK is now available to Abernathy consumers. The milk is rich and thick, much like it was consumed in the early American years. Bill Elliott, manager of Pay-N-Save, holds a container of Flatlanders whole raw milk next to the display case at Pay-N-Save. (Review Photo)

## Whole Raw Milk Available In Abernathy

Whole raw milk can now be purchased at Sav-A-Lot or Pay-N-Save Grocery stores in Abernathy.

Whole raw milk has not been readily available to consumers in this area. It is now distributed from Flatlander Dairy, Inc. of Lubbock to stores in Lubbock and area towns.

Flatlanders is located on Quaker Avenue one mile north of the Clovis Road.

Bill Elliott, manager at Pay-N-Save, said that "the whole raw milk is selling at a steady rate and is purchased by a select group of people who prefer it, or by people who just want to try it."

Flatlanders whole raw milk is much creamier than milk that has been strictly processed and strained.

M.I. Hall, a representative of Flat-

landers and a consumer of the milk stated that "Flatlanders whole raw milk is much richer and healthier than milk that has had all the essential ingredients taken out. It tastes the way milk is supposed to taste, with higher concentrations of calcium, vitamins B1, B2 and protein."

The whole raw milk containers are returnable, much like any other returnable bottles that require a deposit. Flatlanders can be purchased at Sav-A-Lot or Pay-N-Save.

### LIBRARY STORY HOUR

Mrs. Hackler, city librarian, has started a Preschool Story Hour for children ages 3-5 who have not been in kindergarten.

The story hour is from 10-11a.m. each Wednesday morning. Please come and enrich your preschooler!

## Masons To Install New Officers

Lodge #1142A.F.&A.M. will have their installation of officers Tuesday, June 30 at 8p.m. at the lodge hall.

Those to be installed are: Worshipful Master, R.D. Presley; Senior Warden, Ray Sanders; Jr. Warden, John Nabors; Sr. Deacon, Pete Peterson; and Jr. Deacon, Ronnie Hamilton.

This will be an open meeting and everyone is invited to attend. Members are urged to attend and bring their families. Refreshments will be served.

### MOVIE Sponsored by Abernathy Public Library

When: Every Friday, 2:30p.m.  
Where: Community Room  
Admission: Free

### FRIDAY'S FEATURE One Little Indian June 26 (90 Minutes Long)

## 4th Of July Benefit Street Dance

There will be a benefit street dance for the 4th of July with portions of the proceeds going to the Abernathy Volunteer Fire Dept. for the purchase of the "Jaws of Life" for Abernathy.

The band "Alexandra" from Midland will supply the music. This is an all female show band and will play a variety of music. They will put on a good show for everyone and those attending will either enjoy watching or dancing.

The charge for the dance will be

\$2.00 for adults and \$1.00 for students. Of course, if you want to donate more, it will gladly be accepted.

This is for a very good cause and it is hoped that everyone in Abernathy will come out and join the fun and help Abernathy get a "Jaws of Life". It may save your life or the life of one of your family members.

The dance will start at 9:00p.m. and continue til 12:30. It will be held in front of the City Hall.

# Crusade For Christ To End Friday

The Abernathy Crusade For Christ sponsored by the Abernathy Ministerial Association started last Sunday night after many months of planning and prayers. There was a good turnout for the first evening with an estimated 700 people in attendance.

Jim Fullingim, of Petersburg, brought the special music for the first service.

Bobbie and Gene Moore, of Waco, are leading the music during the crusade

and Dr. David Ray of Abilene is the evangelist for the services.

Following the services there was a fellowship for the junior and high school youth at the fellowship hall of the First Baptist Church. Jim Fullingim sang and refreshments were served.

There was good attendance for the Monday evening services. The choir made up of all denominations sang a medley of praise and songs under the

direction of Don Moore, music director at the First Baptist Church.

Tuesday, the youth had fellowship following the services with Joe Reed, former Detroit Lions quarterback, sharing in song and testimony.

Wednesday evening was youth night at the crusade with a weiner roast following at the rodeo arena.

Thursday night the Schaap Brothers, local gospel singing group, will be

singing at the crusade services.

If you haven't been to the crusade this week you still have time to attend. The last service will be Friday evening at 8 p.m. at the high school auditorium.

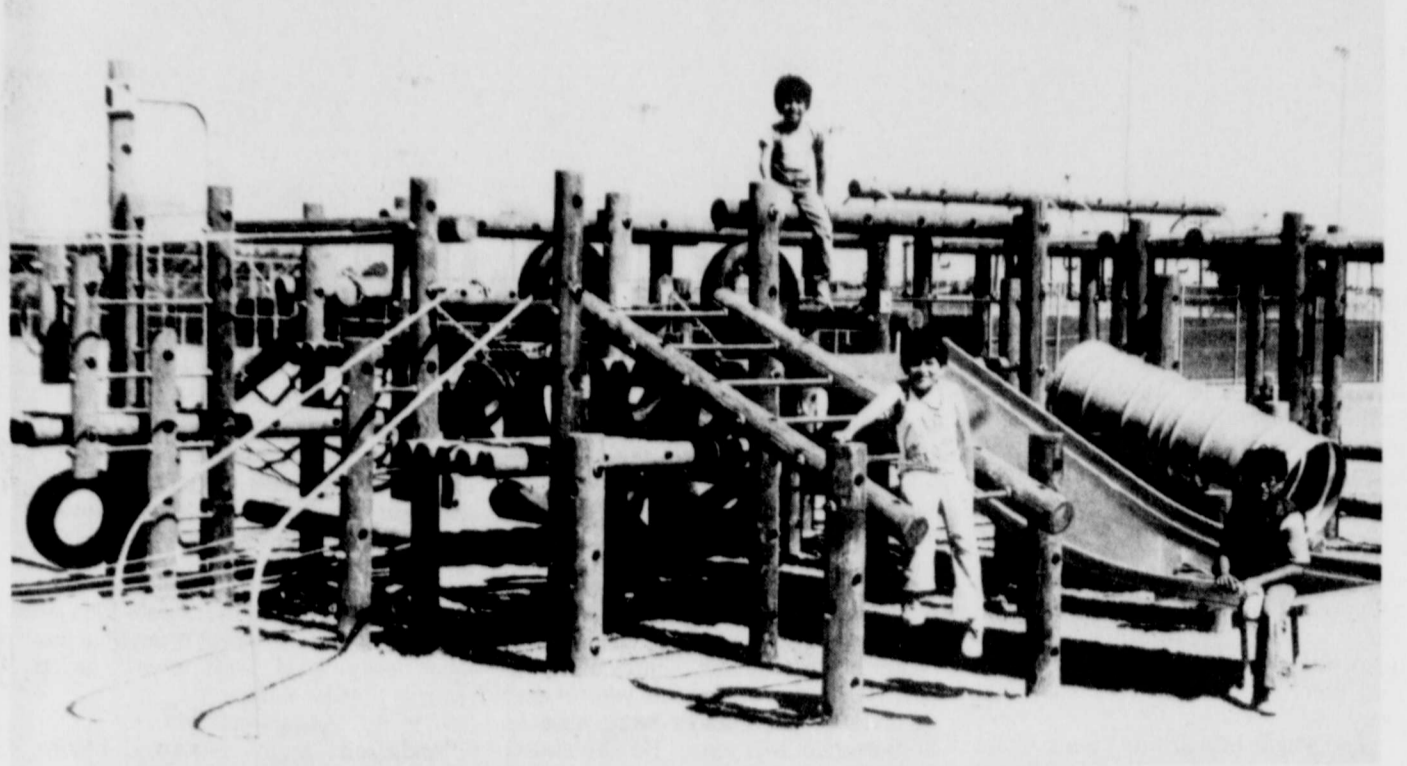

There is a nursery provided for children ages 5 and younger. Those needing to leave their children should take them to the First Baptist Church nursery across the street north of the church.

## Gospel Singers To Perform In Plainview

The Gospel Singers of the Southwest Convention will be in the Thunderbird School Cafeteria, 1200 West 32nd Street in Plainview the 4th week-end in June. Saturday, June 27th at 7:00 p.m. and Sunday, June 28th at 10:00 a.m. until 12:15. Noon lunch will then be served and those

attending will enjoy singing from 1:15 until around 3:30.

This is a Sing-A-Long type convention. Everyone will be furnished a song book and invited to participate. Everybody is invited to come and share God's blessings with us.

NEW PLAYGROUND EQUIPMENT located just west of the elementary building on Abernathy school grounds. Tommy Guillen, Michael Soto and Chris Castilleja are pictured trying out several of the different playground equipment attachments. Children have enjoyed the equipment for the past three weeks. Fencing around the grounds started last week, and trees were planted this week. (Review Photo)

## ABERNATHY WEEKLY REVIEW

Established in November of 1921... published on Thursday of each week in Abernathy, Texas. Second Class postage paid at Abernathy, Texas 79311, located at 916 Ave. D, in the city of Abernathy, P.O. Drawer D, Phone (806) 298-2033.

Any erroneous reflection upon the character of any firm, corporation or individual which may appear in the columns of the Abernathy Weekly Review gladly will be corrected upon being brought to the attention of the publisher.

**THE GREATER TROUBLER... WORRY**

In some areas in Africa, natives weight themselves down with pieces of iron. Some are worn around their necks, but often they hang from their ears or nose. To this kind of people this is difficult to imagine. Why would anyone deliberately put this kind of burden on themselves?

And yet, do we not allow worry and anxieties to become as much of an "iron collar" around our neck? We make bedfellows of our worries and deprive ourselves of much needed rest.

Jesus recognized this and devoted the heart of the Sermon on the Mount to this subject. Jesus gave two reasons not to worry:

1. Nothing is Gained by Worry. It cannot make you shorter, or taller. It cannot bring you more food, clothing, or lengthen your life (Matt. 6: 25-29).
2. It's an Indication of a Lack of Faith. Our faith is in our Father. He is the one who will provide for us. The question is, "Do you trust Him?"

**THE KEY:** To help us overcome worry, Jesus said, "Live One Day At A Time." Our Lord is not against making provisions for the future. A wise housewife checks her pantry shelves before the morning so she'll be prepared for breakfast. A prudent businessman will check his gasoline supply to make sure he does not run out on the way to work.

What you can change, change. What you do not have any control over, leave to the hands of your Father. Do not borrow trouble. Let the struggles of each day be enough for you. Jesus taught us to live this way so we would not be overcome with worry. --borrowed

**Those To Remember**

Boyd Griffith remains a patient in Methodist Hospital Lubbock.

Mrs. Lindsey Webb underwent surgery last week in Methodist Hospital, Lubbock.

Artie Oswald is home from the hospital. Ray Ortiz is doing good following his surgery, in the St. Mary's Hospital. Iva Rhodes was to come home.

James Neve was to come home. Randy Hamner is still in the Methodist Hospital, he will possibly be released for a few days later this week.

Carrie Nichols, mother of Janice Myatt, is still in the Methodist Hospital.

Laverne Byers, formerly of this community, had back surgery Thursday in the Methodist Hospital.

---

**Idalou Slow Pitch Tournament July 31**

There will be a Men's Invitational Slow Pitch Tournament with 16-20 teams July 31, August 1 and 2 at the Idalou County Ballpark. A 15 player roster is required and checked each game.

The entry fee is \$65.00 and participants furnish own balls. Trophies will be given for 1st, 2nd, 3rd, and 4th place. 1st, 2nd, and 3rd place individual trophies will be given along with a team sportsmanship trophy and most valuable player trophy.

The entry deadline is July 25.

The first 20 teams to send in the \$65 entry fee will be accepted.

For further information call Jody Foreman at 892-2136 or Pat Rosson at 892-2050.

---

**Softball Game Saturday**

The coaches of the Midget League and the coaches of the High Jr. League of the Abernathy Baseball Association will have a softball game, Saturday June 27, at 7:30p.m. at the Big Ball Park. Admission is \$1.00 for adults and 50 cents for children 12 and under. All proceeds will go to the Abernathy Baseball Association. Kids come on out and support your coaches!

**Cut quick and easy with a nylon-line trimmer**

Cutting grass and weeds is quick and easy with a John Deere Trimmer/Edger. The rapidly spinning nylon line cuts fast with no worry about operator injury from sharp blades. Cut under fences, around trees or shrubs — in many places conventional trimmers can't reach. These trimmers can also be used to mow, edge sidewalks, or sweep grass and leaves from walks and drives.

ELECTRIC POWERED MODELS. COME BY AND SEE THEM SOON.

## Sunshine Group Meets

The Sunshine Group met June 18 at the usual time and place which is the new city hall club room at 11 a.m., third Thursday of each month, with 40 people present.

Blanche had the tables decorated for the Fourth of July and Flag Day. We opened our meeting with a prayer as our town has been working for sometime on the plans for a community crusade we had a special prayer for that which started Sunday. We also talked about our plans for the July 4 celebration. We decided the best thing for us to do was bring our chairs and sit and watch the parade. We used to always fix a float and ride in the parade, but now we are going to watch the younger people do that. Of course, we are still capable of doing that, but think it is safer for us to grab a chair and watch.

After we had all the preamble things finished Lillie Mae introduced the program. These were talents from the Northside Baptist Church. Nadine Rogers on the piano with Jenny Slough and Mary Hunley singing and were they good! Their singing was grand as we knew the songs. Jenny and Mary sang "Amazing Grace", "A Glimpse of the Master", "One Day At A Time", "He Touched Me", and Mary sang "Jesus Is Still the Answer" and "Something To Live For". Then the duet sang "Whispering Hope" and "Learning To Live". We really enjoyed hearing them. All the rest of the time someone would break out singing one of these songs. I sang "Whispering Hope" and "One Day At A Time" for a couple of days. We hope they will be with us again. We had a bountiful meal. Afterwards we had one Skip-Bo table, one canasta game and a table of bridge.

It was all fun and enjoy-

**TEGE LYN STEPHENSON**, 16 year old daughter of Mr. and Mrs. Roy Don Stephenson competed in the Texas NBTA State Twirling Contest held June 14, 15 and 16 in the Lubbock Civic Center. She won first place in Advanced T Strut age 16 and 10th place in Advanced Strut 16 to 20 division. She also placed third in her solo competition. In the pageant, she placed 7th. Tege, a junior, will be featured twirler at New Deal High next year. She is taught by Benni Evans. The competition drew 350 girls to Lubbock to compete in all age divisions, and is held in Lubbock every four years.

ment and everyone really enjoyed it. Those present were: Lois and Furman Shipman, Pearl Bryant, Callie Nunn, Addie Robertson, Jessie Ruth Neis, Mrs. Alvin Drewesedow, HB and Blanche Coggin, Ollie Selke, Lizzie Lebow, Oma Toler, Minnie Northcutt, Mrs. C. Brewer, Dixie Pittman, C. Dale Price, Harlow Neis, L. Teaf, Mary Ruth Manley, Ila B. Drye, Floyd and Lillie

Mae Shipman, Cora Shuman, Bessie Waters, Bell Pope, Dot von Struve, Jenny Slough, Alice Price, Frances Howard, Annie Jones, Elsie Dunn, Bernice Conn, Ona Maserang, Elizabeth Harrison, Reita Smith, Murlice Castlebury, Jean Odum, Vera Pope and Maybell Glass.

Reporter, Dot von Struve

**TAWNYA SHROPSHIRE**, daughter of Mr. and Mrs. Charles Shropshire of New Deal, placed 5th in the State Texas Intermediate Pageant in the division of 10-12 year olds. Tawnya also won first in the State Intermediate Solo competition in the 10 year old division and 5th in the advanced T-Strut. Tawnya is taught by Bethany Evans who is feature twirler at Texas Tech. ## Agriculture Market And Outlook Information

With a quick phone call, any producer in Hale County can get the latest information on a variety of Agricultural commodities.

The information is available through "TOMI" (Telephone Outlook and Market Information), a system built around recorded telephone messages that are changed periodically to provide up-to-date information, points out Ollie Liner, county agent with the Texas Agricultural Extension Service, Texas A&M University system.

The recorded messages are prepared by Extension Service economists, using the latest available information.

The number to dial is 713-845-6437. Market and outlook information is available seven days a week, 24 hours a day.

The schedule on information available through TOMI is announced about two weeks before the beginning of each month and is available from the county Extension office, points out Liner.

The remainder of the schedule for June is as follows: June 23-25 - Hog Outlook, Ernie Davis, June 26-29 - Peanut Situation, Johnny Feagan, June 30-July 2 - Livestock Statistics, Ed

Uvacek. So, to keep abreast of the latest happenings in various commodity markets as well

as short- and long-range outlooks for these commodities, give TOMI a call, suggests Liner.

## COTTON TODAY

MEN COTTON TO COTTON: Cotton's top 10 end uses continue to be led by

men's and boy's trousers at some 837,000 bales, according to the National Cotton Council.

Apparel remains the major end-use market and its share of total cotton consumption improved from 52.4% in 1978 to 55% in 1980. Home furnishings account for 31% of major markets, and industrial uses for 14%. Consumption of cotton apparel was up in 1980 compared with 1979, while declines were experienced in home furnishings and industrial uses.

These are among facts presented in the 1981 edition of Cotton Counts Its Customers just published by the Council. The publication tabulates cotton's share of all domestically manufactured products at 26% in 1980, up slightly from a 25% share in 1978-79.

**EXPORT ESTIMATE BOOSTED:** The U.S. Department of Agriculture has increased its estimate for 1980-81 cotton exports to 6.1 million bales, up 100,000 from the previous month's estimate.

Production and consumption estimates remain unchanged at 11.1 million and 5.8 million bales, respectively.

## Chambers, Lester Attend SPS Electrification Workshop

Charles Chambers and Allen Lester, Abernathy High School Future Farmers of America, were selected to attend Southwestern Public Service Company's 19th annual Farm Electrification Workshop.

More than 100 FFA members and leaders attended the workshop held June 15, 16 and 17 at the Episcopal

Conference Center in Amarillo.

The FFA members, who came from Texas and New Mexico, competed for five trips to the National FFA Convention at Kansas City, Mo. Thirteen hours of instruction were offered in each of three subjects - Farm Motors, Farm Wiring, and Electric Controls.

Two students from the Wiring and Motor courses and one from the Controls course were selected as outstanding and received the trips to Kansas City for their accomplishments. Each student who finished the course he was enrolled in was awarded a certificate. Alternates were selected in each course in the event the winner is unable to attend the convention.

## Cotton, Grasshopper Report

Early planted cotton is now beginning to square. Fleahoppers have been found in low numbers in a few fields. At this time very little square damage has been observed.

As cotton begins to square, one should inspect plants for fleahoppers. The adult fleahopper is about 3.5 mm. long (1/8 inch), 2 mm. wide and pale green in color. The adults are winged and as one brushes the plants they fly a short distance away, thus the name fleahopper.

Although this insect is called a fleahopper neither the adult or nymph hop about like a grasshopper or flea. The nymph or immature stage of the fleahopper resembles the adult but

lacks wings and are smaller. The nymphs and adults feed by sucking sap from tender plant tissue. When small squares are fed on, they turn black or yellow and are shed from the plant.

Fleahoppers are difficult to scout for since the adults usually fly away as one approaches the plant and the nymphs are very good at hiding or running to the other side of the stalk from where one is looking. The best method is to approach the plant quietly and carefully.

During the first 3 weeks of squaring the economic threshold is 25 to 30 fleahoppers per 100 terminals combined with 15 to 25 percent damaged "pinhead" sized squares.

Leafhoppers or sharpshooters have also been found on cotton during the past week. The leafhoppers should not be confused with the fleahopper.

The leafhoppers range in size from 1/8 inch to 1/4 inch and in color from pale green to brown. The leafhoppers have more of a rounded cigar shaped body compared to the adult fleahopper with a flattened oval shaped body.

The leafhoppers also have a piercing sucking type mouthpart to suck plant juices. There is no economic threshold established for this insect since damage is rarely observed.

### GRASSHOPPERS

A few grasshoppers have been found moving from pastures and lake bottoms into crops. Toxaphene and carbaryl (Sevin) baits may be used around field margins to control grasshoppers as they

**FELLOWSHIP OF CHRISTIAN ATHLETES** members Ramona Irlbeck, past secretary, and David Myatt, past reporter, present a \$500 check to Chamber president Charles Bowen to go toward the purchase of a Jaws of Life tool. # News and Comments

BY BUFORD F. DAVENPORT

Here's what was happening in the Abernathy area during this month in 1941. From The Abernathy Weekly Review dated June 5, 1941:

"Farmers of Texas And Over The Nation Favor Wheat Quotas" said a headline. Abernathy farmers voted 95 for and 7 against continuing the wheat quota under the triple A farm program.

Eleven students were enrolled for classes in summer school. Miss Margaret Carver is teaching the classes at the school. Miss Carver joined the WAVES during World War 2 and served as an officer in the Navy.

Mrs. Jack Hackler was conducting a series of nutrition meetings at the school's home economics cottage. There were 45 car sales reported by Chapman Motor Co., Abernathy Motor Co., and Reid Chevrolet.

Under this headline: "100,000 Pounds in Wool Pool" N.C. Hix said there was approximately 100,000 pounds of wool in the pool sponsored here by Abernathy First State Bank. The fleece probably will be sold in the next few days, Mr. Hix stated. Current wool prices are around 25 cents and 30 cents per pound, the highest offered here in many years, he said.

A registered Jersey cow gave birth to triplets Monday morning on the M.M. Holbert farm six miles west of Abernathy. The three calves, all heifers, were normal in every way, Mr. Holbert reported. They are subject to register, he added.

Oliver Jackson and Milton Barrick received degrees from Texas Tech (College). The Hale County Selective

Service Draft Board said all young men who have reached the age of 21 since Oct. 16, 1940, and who will reach age 21 in the next four weeks, must register July 1, 1941.

Miss Ethel Pierson, a daughter of Mr. and Mrs. W.I. Pierson, was Valedictorian of the Petersburg High School Class of 1941.

Abernathy Motor Co., local Ford and Mercury dealership, placed the new six cylinder Ford passenger car on display.

The Hale County Draft Board called for six men to be inducted into the U.S. Armed Forces June 13.

A meeting of the Science Hill Mothers Club was held in the home of Mrs. Isaac Holmes.

W.D. Houpt and Robert DeLaney, students at the University of Texas, returned to their homes here this week. Max Pettit, who attended Baylor University, came home Saturday.

Mrs. Finis Robertson and son, Dwight, returned home Monday from a visit in Central Texas.

Ralph Homesley, who is in the U.S. Air Corps in San Angelo, visited his parents here this week.

Flying Cadet Fred Thompson, who is taking advanced flight training at San Antonio's Brooks Field, visited his parents, Mr. and Mrs. E.G. Thompson, last weekend.

From The Abernathy Weekly Review dated June 12, 1941:

The Struve interests of Abernathy opened a cheese factory at Levelland. Contractor Homer Rantz of Abernathy had charge of construction and equipment installation. Steve Struve was to be in charge at the Levelland factory. The Aber-

nathy Cheese factory opened in 1929. Arno Struve was manager of the local plant. Gorman Webb, son of Mr. and Mrs. John Webb, finished training at Quantico, Va., that would lead to a second lieutenant rating in the Marine Corps.

Pvt. Neil Fields, son of Mrs. J.M. Fields, was on Army duty at Fort Bliss, El Paso.

Obituaries for two long-time Abernathians were in the June 12, 1941 Review. They were Mrs. A.J. Ashton, 77, and William Albers, 77. A native of Hanover, Germany, Albers came to the United States at an early age. He farmed northwest of Abernathy in the Science Hill community.

G.C. Pope bought 43 head of cattle in this area. Unseasonal rains in June, 1941, brought this report in The Review: Wheat harvest and row crops were set back again last week when new floods hit the Abernathy area. Hail and wind did considerable damage in the County Line area and in a strip northwest of town. The draw west of Abernathy was the fullest it has been in many years. Many motorists were stranded in Abernathy when the highway underpass south of Monroe was filled with water and the highway north to Plainview was flooded by rains. Cafe business and theatre attendance were increased by the marooned motorists.

Four girls who went through Abernathy Schools together, and graduated from AHS in 1941, organized a Four Musketeers Club. Members were Katherine Brown, Berneice Douglas, Phylis Goeth and Cynthia Struve.

Gid Adkisson, Jr., has returned home from College Station, where he is a student at A&M (College).

Mr. and Mrs. Homer Lett of Sundown visited in Abernathy with her parents, Mr. and Mrs. D.T. Kelly.

Lazelle Williams, teacher in a Port Arthur school, has returned home for the summer. She is a daughter of Mr. and Mrs. Emmett Williams. Alice Liles came here from Vernon and is employed at Roberts Drug store. (Now Mrs. Glenn Selke...at Hoppy's Shop).

Mrs. W.E. Bryant of Pecan Gap is visiting here in the homes of her sons, Jess Bryant and Marvin Bryant.

Olin Reed, student at West Texas State (College) has returned home for the summer. (Last account I had of Olin, son of Mr. and Mrs. Arthur Reed, he was superintendent of schools in a Wyoming city).

Mrs. R.L. Brown of Olton visited here in the home of her daughter, Mrs. J.J. Vineyard.

From The Abernathy Weekly Review dated Feb. 27, 1941:

pound, 24 cents; bulk lard 7

To clean silver, try soaking it for about two hours in the water in which potatoes were boiled.

## Junior Golf Tournament Winners

There was a Junior Golf Tournament held at the Abernathy Country Club Saturday, June 20. These are the winners of that tournament: 1st place - Ted Beard, Kelly Hill and Zack Patton. 2nd place - Roger Ray, Kerry McKinney, Steve Royal and Roddy Huffaker. 3rd place - Terry Beard, David McKinney, Lon Dell Cannon and Linc Lutrick.

A 5-PERCENT EFFICIENCY IMPROVEMENT of industrial boilers through microprocessor control would save Texas' five largest energy-consuming industries 14.8 trillion British thermal units (Btu's) a year, according to Honeywell's Energy Management Information Center.

## TRANSITION

### Pedro (Pete) Cuevas

Funeral services for Pedro (Pete) Cuevas, 71, were conducted at 10 a.m. Thursday, June 25, at St. Isidore's Catholic Church in Abernathy.

Rosary for Cuevas was held Wednesday, June 24, at 8 p.m. at St. Isidore's.

Burial was in the Abernathy Cemetery under direction of Chambers Funeral Home.

Cuevas was pronounced dead at the post office Tuesday morning following an apparent heart attack by Justice of the Peace, Jean Marr.

Cuevas was a native of St. Pedro Coahuila, Mexico. He came to Abernathy in 1946. He was employed by Morris Stevens Texaco for many years.

In 1973 Pete took the position of crossing guard for the school children on Ave. D between the city hall and Pinson Pharmacy. He had just completed eight years of service with no accidents or injuries while on duty at the crosswalk. His main goal was the safety of the school children.

### Doreteo Perez

OLTON (Special) - Services for Doreteo S. Perez, 70, of Olton were at 2 p.m. Tuesday in St. Peter's Catholic Church in Olton with the Rev. Glen Rosendale, pastor, officiating.

He was pronounced dead by Justice of the Peace Janice Chaney at the scene of a one-vehicle truck accident that occurred about 9:30 p.m. Saturday on Ave. A near Second Street in Olton. A law enforcement official said Perez was alone in his pickup, which apparently lost control after a tire blew, causing it to overturn three times.

He was born in Texas and had lived in Olton 10 years. He was a Catholic and a farm worker.

Survivors include five sons, Joaquin of Lubbock, Abeline of New Deal, Juan of Spokane, Wash., Frank of Hearn, Filimon of Abernathy; five daughters, Carmen Perez of San Angelo, Ramona Reyes of Olton, Minga Duran of Olton, San Juana Montelongo of Olton and Audelia of Olton; three sisters, three brothers, 44 grandchildren; and 24 great-grandchildren.

### Jesse Rodriguez

Services for Jesse Jesus Rodriguez, 18, of Littlefield were at 2 p.m. Saturday at Calvario Baptist Church in Littlefield with the Rev. Tino Rangel officiating.

Burial was in Littlefield Memorial Park under direction of Hammons Funeral Home.

He was killed in a one-car rollover two miles north of Littlefield at 11:15 p.m. Wednesday.

The O'Donnell native was a Littlefield resident for the past nine years. He was stock coordinator at the American Cotton Growers Denim Mill at Littlefield.

Survivors include his father, Marcos of Abernathy; his mother, Mrs. Joe Guzman of Littlefield; a brother, Marcos Jr. of Littlefield; three sisters, Rosa Martinez of Littlefield and Janie Rodriguez and Christina Guzman, both of the home.

# New Deal News

## FFA Students Attend Electrification Workshop

Bobby Blogg and Nathan Shannon, New Deal High School Future Farmers of America, were selected to attend Southwestern Public Service Company's 19th annual Farm Electrification Workshop.

More than 100 FFA members and leaders attended the workshop held June 15, 16, and 17 at the Episcopal Conference Center in Amarillo.

The FFA members, who come from Texas and New Mexico, competed for five trips to the National FFA Convention at Kansas City, Mo. Thirteen hours of in-

struction were offered in each of three subjects - Farm Motors, Farm Wiring and Electric Controls. Two students from the Wiring and Motor courses and one from the Controls course were selected as outstanding and received the trips to Kansas City for their accomplishments. Each student who finished the course he was enrolled in was awarded a certificate. Alternates were selected in each course in the event the winner is unable to attend the convention.

## Reunion June 28

A reunion will be held Sunday, June 28, 3:00 p.m., for former members of Northcrest Baptist Church, Lubbock, at the home of Mr. and Mrs. Perry Looney.

The Looney home is located five miles east of New Deal on FM Road 1729, two miles north on pavement and 1/2 mile east on caliche road.

## WINDJAMMER

Harnessing the wind (when it blows) is a possible auxiliary source of energy to produce electricity. Wind chargers presently seem best utilized for charging storage batteries.

River currents, ocean tides, solar heat, geo-thermal and other exotic sources are being studied.

But today the only sources we can rely on to meet the demand are gas, coal, hydro, nuclear and conservation. Of these, conservation, available in any weather, is the surest way to stretch kilowatts and save on your electric bill.
