Six Awarded Degrees At Texas FFA Convention

Six FFA members attended the 53rd annual Texas FFA Convention July 14-17 in Dallas. Six members received their Lone Star Farmer Degrees at the Convention.

Those receiving Lone Star Farmer were Rodney Cannon, Stacey Mills, Terry Motley, Alan Neis, Alan Pettit, and Tim Presley.

Abernathy also received recognition for having a state winning leadership team and for being in the list of superior chapters.

Those attending the convention were Gerald Kelley as advisor, Stacey Mills, Randal Stillwell, Doyle Albrecht, Collins Miller, Alan Pettit, Rodney Cannon and Alan Neis. Each day two people served as voting delegates for Aber-

nathy. Chapter Advisors attended the three day meeting of representatives of over 920 chapters from throughout the state which included the awarding of advanced degrees, scholarships and the awards to outstanding members of the Texas Future Farmers of America. The following members were voting delegates at the convention: Doyle Albrecht, Randal Stillwell, and Collins Miller.

They voted on things like the proposed budget, state officer nominees, talent contest, and the sweetheart contest. Rafe Foreman from Idalou was elected to be the state president for the 81-82 year.

Abernathy An Oil Town?

Two More Wells Being Drilled

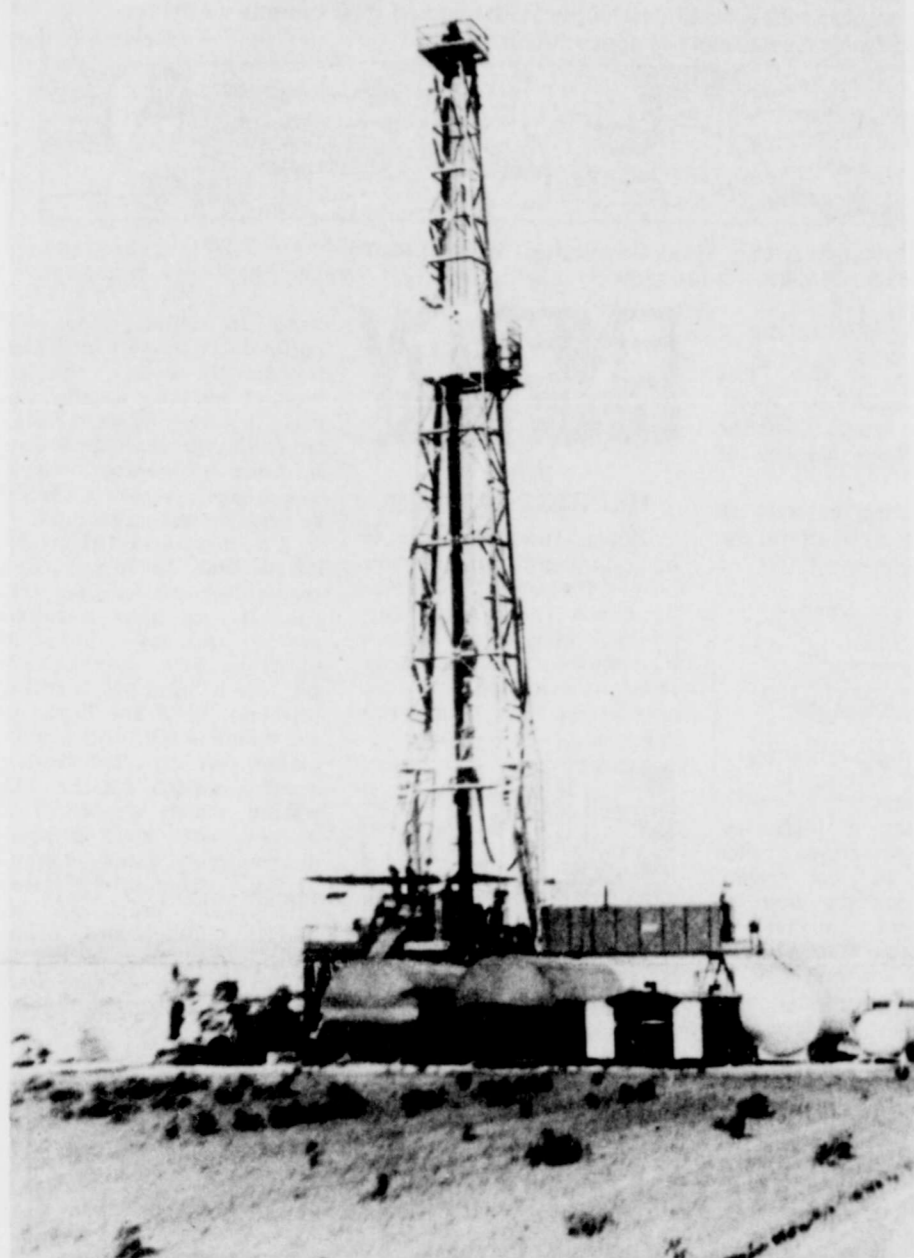

The oil well on the Ercell Givens farm, 3 miles south and 1 1/2 miles west of Abernathy, is producing 28 barrels of oil a day at a depth of 6,500 feet. June 1, a drilling rig began drilling on

the Ercell Givens farm located 1/2 mile west of Abernathy, and another began drilling on the Kenneth Wright farm, 3 miles south and 1 mile west of Abernathy.

The drilling operation presently underway on the Givens farm, has yielded a trace of oil at one level. But the drilling rig continues to go deeper and is presently at a depth of 8,170 feet. The digging is slow at this level due to the layers of granite. It is speculated that oil will be struck 9,000 feet below the surface.

The drilling company at the Wright farm, Hunt Energy, has drilled to over 5,400 feet before losing a bit. No oil had been discovered up to this level.

Texas Oil and Gas, of Midland, is drilling the Givens well. The land was leased around a year ago at \$75 per acre and drilling began June first. The drilling has continued 24 hours a day since the project was started.

OIL DRILLING RIG located one half mile west of Abernathy and drilling on Ercell Givens' farm. If this rig strikes oil at 9,000 feet, it could mean Abernathy may be an oil town in the very near future. (Review Photo)

Bank Deposits Up Again For Abernathy

Bank deposits are up again this quarter at Abernathy First State Bank. At the end of June last year deposits totalled over \$15 million. This year deposits at this same period amounted to \$17 million, 873 thousand. Over a 2 million increase over last year.

Other towns in this area showed increases. Lockney deposits increased from \$18 to \$23 million, Post increased

from \$30 million to almost \$33, Slaton-\$21 to \$23 million, Idalou increased from \$14 to \$17 million, and Hale Center from \$13 to \$15 million.

Almost all banks in this area showed increases over last year at the end of second quarter. The increases have been credited to inflation, good economic growth indication, and good prices for crops that were sold early.

On The County Line

By: Keith Tooley

One of the biggest, thickest, rainiest looking clouds I have ever seen hovered over Abernathy late Friday afternoon and didn't produce much of anything.

I thought about building an ark as I saw it coming our way, but it only produced .07 inch rain.

This must have been extremely disappointing to farmers in this area. Rain is badly needed and needed no later than this week. If we get a good rain this week, we might just have a bumper crop year.

Newspapers are just like any other business, when production costs go up, consumer prices naturally have to increase.

Postal rates are consistently increasing as well as the cost of newsprint. Newsprint is about to jump from \$390 to \$450 a ton.

We're experiencing these and other cost of operation increases, and must therefore increase subscription rates in order to "hang in there".

Beginning today, county subscriptions will be \$7.75 for the rest of the state, and \$8.50 for out of state subscribers.

At \$6 a subscription, we were among the lowest in the state on our subscription rate. Sorry about the increase.

People who are planning to have baby showers, bridal showers, luncheons, or announce an engagement should con-

tact us at the Abernathy Weekly Review. If we are notified, we can give these and other social events the coverage necessary.

We would also like to encourage people to inform us of any newsworthy events occurring each week in Abernathy. Events such as births, travel, injuries, accidents, stories of human interest, deaths, etc.

Let us know what's going on in your life and we will let 4000 other people in this area know too.

FOUR HIGH SCHOOL boys, afflicted with spring fever, skipped morning classes. After lunch, they reported to the teacher that their car had a flat tire.

Much to their relief, she smiled and said: "Well, you missed a test this morning so take seats apart from one another and get out your notebooks."

Still smiling, she waited for them to settle down.

Then she said, "First question: Which tire was flat?"

The woman's 13 year-old son cut three of his toes off while mowing the lawn and was rushed to the emergency room of a Lubbock hospital. Looking up at his teary-eyed father after having one of the toes sewed back on, the boy asked "Dad, do I have to finish mowing the lawn?"

Little Change In Tax Rebates For Abernathy, New Deal

State Comptroller Bob Bullock Tuesday said payments of the optional one-percent city sales tax for 1981 to Texas cities are 17 percent higher on a statewide average compared to last year.

Bullock's office Tuesday paid 713 Texas cities \$32,698,770 in sales tax rebates for July.

Abernathy will receive a sales tax rebate of \$3,390 for July bringing this town's year-to-date total to \$30,725 which is a 22.01% increase over last year at this same period.

New Deal will not receive a check for July due to no payments at this time, leaving their total tax rebate amount for this year at \$1,460 to date, which is a 5.48% increase over last year.

City sales taxes are collected by merchants and businesses along with the state's four percent sales tax and are rebated monthly by the Comptroller's office.

Statewide, Texas cities have received \$343.3 million during 1981 compared to 1980 payments through July of \$291.9 million.

Holmes Recipient Of Photography Award

I.G. Holmes, a graduate of AHS, and the son of Mrs. Isaac Holmes of Abernathy, recently won honors in photography. He has been in the photography profession in Lubbock many years.

I.G. was awarded the Photographic Craftsman Degree by the Professional Photographers of America, Inc.

Locals Show Support For Hance Re-Election

Lorin Prather, Richard DuBose and other locals were called upon to help promote the Kent Hance re-election campaign and to show support for Hance's goals and leadership in Congress.

The support is being shown through the purchasing of seats to a dinner in honor of Kent Hance in Lubbock August 4.

Approximately 70 places have been sold to locals at \$30 a piece. The money will go toward the Kent Hance re-election campaign next year.

"We also hope to get a large delegation from Abernathy at the dinner to show Hance that Abernathy is behind him," Richard DuBose said.

Congressman Kent Hance will be honored Tuesday August 4, with a dinner in the Lubbock Memorial Civic Center in a demonstration of the 19th District's support for his leadership in Congress toward economic goals proposed by President Reagan.

Introduction of the Hance-Comable bill, which is acceptable to the White House and includes many elements of the President's tax cut proposals, has been highly publicized by national

networks and major newspapers. "Congressman Hance, only in his second term, has quickly become a national leader in his efforts to help find solutions to the pressing monetary problems of this country, and we want

the nation to know that this district is behind him 100%," said C.B. Carter, who with Mike Higgins and George McCleskey, all of Lubbock, are co-chairmen of the event.

Open to everyone, the dinner will

begin at 8:00 p.m. Tuesday, August 4 in the Lubbock Memorial Civic Center. For further information or reservations, which must be in by July 29, contact Richard DuBose or Lorin Prather. Call 793-8826 in Lubbock.

DISCUSS DEFENSE SPENDING—Congressman Kent Hance, right, interviews East Texas Congressman Charles Wilson, well-known spokesman for strong U.S. defense and foreign policies. Wilson, a member of the Defense and Foreign Operations Subcommittees of the Appropriations Committee, discusses his views on the MX Missile, overall defense spending and U.S. foreign policy. The show will be broadcast at 12:30 p.m. Saturday, August 1, on Channel 11, KCBD in Lubbock.

Mysterious Fire Destroys Barn At New Deal

A mysterious fire started Wednesday around 4:15 behind the home of Mary L. Livermore which is located approximately 1 mile west of New Deal.

A barn behind the house caught on fire and quickly burned along with all of the contents inside. The Abernathy and New Deal Fire Departments worked quickly to put the fire out, but their efforts could not save it.

An inventory of damages is currently being taken. It was estimated that at least several thousand dollars worth of damage was done. The barn contained an acetylene torch, air compressor, cotton seed, a welder, and other various tools, equipment and chemicals used on the farm.

Bryce Norwood, manager of the Livermore farm, was working in the

field when he saw the fire and smoke towering from the barn. At first he had thought it was a huge funnel, as the sky was very gray with clouds and gray smoke from the barn collided.

It is speculated that the cause of the fire could have been faulty wires in the barn, but no cause has been found.

Cameras and reporters from Channel 13 were at the scene of the fire.

Those To Remember

Bobby Cunningham suffered a hernia last week and was admitted to Methodist Monday. He returned home Thursday.

Bobby is getting around now, but will be off work the next 3 weeks to recover. He is reported to be doing well.

Sympathy is extended to the family of Mr. Garrett. Services were at 11:00 a.m., Thursday morning at Rest Haven in Lubbock.

Robert Mason is in the South Park Hospital following surgery. He is doing fine.

Polly Tucker is in the West Texas Hospital.

Polly Tucker, West Texas, Lubbock.

Dot Von Struve, Methodist, Lubbock No. 434.

Dot Sturve is in intensive Care unite at Methodist Hospital.

Larane Dugan, mother of Frances Overstreet. Frances went to Gorman to spend the week with her mother.

Minnie Struve Attends Reunion

Four sisters, daughters of pioneers, the late Mr. and Mrs. E.H. Horton of Hale Center, got together for their annual reunion at the Hale Center 4th of July celebration Saturday. Their father was a longtime mail carrier at Hale Center.

They are Susan Ross of Wichita Falls, Venus King of Hale Center, Mona Horton of Wichita Falls and Gladys Whitacre of Plainview. A fifth sister, Minnie Struve of

Mr. and Mrs. Bobby Dean Rogers flew to Farmersville to attend funeral services for her grandfather, Lester Henson, 102. Henson died on July 3 and services were held on July 5.

Henson was an uncle of Willis James of Muleshoe and Macom James of New Deal.

Abernathy, joined them on Sunday.

All the women are graduates of Hale Center High School. Mrs. King, Miss Horton and Mrs. Whitacre are retired teachers and Mrs. Ross is a former secretary.

St. Isidore Annual Jamaica A Success

If you didn't make it to the Jamaica Sunday afternoon, you missed a lot. St. Isidore Annual Jamaica was Sunday July 19, and it was a great success. There was delicious Mexican food served, hamburgers, snowcones, cokes, popcorn, and lemonade.

The games included bingo, the ever popular dunkin board, darts, pitching machine, spin-the-wheel, bottle throw, cake and toy walk, and basketball throw. Something new this year, included a little boat ride.

People from Abernathy and the surrounding area visited and enjoyed an afternoon of fun and good food. Approximately two thousand were present at the church grounds. A prize was given to a family from Houston for coming the longest distance.

The remote control with radio station KFLB, B Grande, from Lubbock was from 3-4 p.m., at which time the little Miss St. Isidore winner was announced. The

queen representing, St. Isidore Annual Jamaica 1981, is Gracie Hernandez, daughter of George and Lupe Hernandez.

Princesses were Missy Lopez, daughter of Mario and Flora Lopez, and Adelina Marquez daughter of Ricky and Lupe Marquez. The total funds-donations collected amounted to \$777.65.

We are real proud of these three little girls and especially their parents, friends and relatives which helped make this event a great success.

"We're deeply indebted with all those that truly supported these girls with donations and contributions," stated Louis Lopez, Jr. St. Isidore president, "also thanks to Carmen Lopez that organized the contest and made all the preparations and contributed time and effort to make the contest a Great Success."

GRACIE Hernandez CLAIMS CROWN, TO THE Little "Miss St. Isidore" Contest Sunday July 19 at the Annual Jamaica. Missy Lopez (left) and Adelina Marquez (right) were announced as princesses. Each of them presented a trophy, stem of a rose, and a gift from St. Isidore Catholic Church.

Sunday morning during mass, the three girls were blessed by Father Matthew F.D. Souza and were presented with a certificate of participation and their parents were recognized and also presented with a certificate of appreciation. (Review Photo)

ENERGY SAVING WAYS

With REFRIGERATORS

When the humidity is high, condensation can form around freezer and refrigerator doors. That's why many no-frost refrigerators/freezers have heaters built into the front exterior edge of the cabinet—to help prevent this "sweating."

Sherbet has a high level of sugar—about twice as much as ice cream. It must contain one to two percent milkfat to qualify as "sherbet."

"Knowledge comes, but wisdom lingers." Alfred Tennyson

According to home economists from Whirlpool Corporation, in some models these heaters operate all the

time; in others, you can control the operation of the heaters by using a heater control switch, usually located in the refrigerator section. If you can't find one in your refrigerator, check the freezer section or refer to your operating manual.

The home economists advise that the heater control switch has another job, too. It can help conserve energy and save on your electric bill. For example, when humidity is not a problem, or if the home is air conditioned, the homeowner can turn the heater control switch to the LO setting which shuts off a portion of the cabinet heaters and saves energy. Today's efficient refrigerator/freezers are able to handle condensation problems when they arise, as well as reduce wattage used when high humidity is no longer a problem—with just a turn of the control.

Sunshine Group Met July 16

The Sunshine Group met July 16th with twenty-one present. The smallest crowd we have had since we organized.

Mrs. Toler was in charge in the absence of President Floyd Shipman.

We had a good program of good singing by Mary Hunley and Jennie Slough from Northside Baptist Church. They were accompanied by Nadine Rogers at the piano.

We enjoyed the program very much, but we missed our reporter, Dot von Struve. She's in Methodist Hospital. We hope a speedy recovery for her.

We had a good lunch and several stayed and played canasta. We had fun.

Those attending were: Mrs. H.B. Coggin, Mrs. Blanche Coggin, Mrs. Ollie Selke, Mrs. J.O. Pope, Mrs.

Vera Pope, Mrs. Cara Shuman, Mrs. Bernice Smith, Mrs. Ona Masserang, Mrs. Lizzie Lebow, Mrs. Ethel Petty, Mrs. Addie Robertson, Mrs. Callie Nunn, Mrs. Minnie Northcutt, Ms. Frances Howard, Mrs. Mary Hunley, Mrs. Jennie Slough, Mrs. Dixie Pittman, Mrs. Oma Toler, Mrs. Robert Lutrick, Mrs. Juanity Bell, and Mrs. Nadine Rogers.

T.E.L. Class Meets

The T.E.L. Sunday School Class of the First Baptist Church met in a delayed meeting, July 17th, in the home of Susie Anderson.

After a short business session, everyone enjoyed an old fashioned chit-chat.

Some time was spent looking at new and old snapshots and pictures. These recalled to everyone's minds a lot of people and places, also happy events and sad times.

Several members of the class has been on the sick list. We were glad to know

that Mrs. Brewster, Mrs. Sageser, Mrs. Higginbotham, Mrs. Pool, Ms. Lebow, and Mrs. Phillips were much improved.

Mrs. Anderson served punch and cookies to the following: Lizzie Lebow, Evie Miller, Martha Phillips, Allie Slater and Pearl Grimsley.

Joining hands we sang our class song "Amazing Grace", we were dismissed with prayer by Pearl Grimsley.

Schoors Announce Engagement

Mr. and Mrs. Orvallee Schoor announce the engagement of their daughter, Tami Kaye, to Tim Lee Cannon, son of Mrs. and Mrs. Jimmy Cannon of Bula.

The couple plans to be married August 3 in the

First Baptist Church of Antone.

Miss Schoor attended Abernathy High School. Tim was a graduate of Littlefield High School and attended TSTI College in Amarillo.

TEXAS, WHICH CONSUMES more energy than any other state in the nation, could save \$77 million in annual fuel bills by simply improving the efficiency of industrial boilers in its five largest energy-consuming industries, according to Honeywell's Energy Man-

agement Information Center. Industry accounts for nearly 50 percent of the state's energy use and could make the \$77 million cut by modernizing existing industrial boilers with microprocessor controls and electronic sensors.

Debby Oswalt Bridal Shower July 25

Debby Oswalt, bride-elect of Rodney Tullis, will be honored with a bridal shower Saturday July 25, from 10 to 11 a.m. in the home of Mrs. Bobby Cunningham.

Hostesses are: Mrs. Perry Heard, Mrs. Harold Stillwell, Mrs. Lon Ward, Mrs. Ralph Wolf, Mrs. Bill Riley, Mrs. Richard DuBose, Mrs. Coy PHILLIPS, Mrs. Darrell Stevens, Mrs. Steve Bradley, and Mrs. Bobby Cunningham.

Three Receive Degrees From Tech

LUBBOCK - More than 2,000 students at Texas Tech University received degrees in commencement exercises at the conclusion of the 1981 spring semester.

Degree recipients included three Abernathy residents. They are Steven Harrison, 208 Ave. M; Graciela Quinonez; and Orrin Tooker, Route 1.

Quinonez graduated magna cum laude.

Texas Tech University has an enrollment of more than 23,000 students.

Fluds Return From Vacation At Honduras

L.B. and Jean Flus recently returned from a trip to Honduras, Central America, where they visited with Jean's brother Rev. Dean Truett and family.

Dean is a missionary in Tegucigalpa, Honduras where he has ministered for the past sixteen years.

Accompanying them was a sister and her husband from Alhambra, Calif. The Fluds visited the sight where Dean is building a boys' ranch that will hopefully keep less boys off the streets. He is also developing a Church campground. There will be a dining hall, chapel, dorms for the Church camp and dorms for the boy's ranch.

There the boys will have

work shops where they will be taught a trade. This will provide training for jobs when they are on their own. There will be youth and adult Church camps. Also ladies and men's retreats will be held at different times.

They went sight seeing all around Tegucigalpa and as far away as 200 miles. There were lots of banana plantations, the people of this area grow coconuts, pineapple, mangos, papias, and sugar cane.

The topography of Honduras is almost all mountainous and it rains about six months of the year. It rained every night the Fluds were there. The temperature remains 70 degrees the year around. Most people do not

have heating or air conditioning. Part of the city was very modern and some of it was not. Some people had nice houses while others lived in the deepest depths of poverty.

Tegucigalpa is a city of 400 thousand people. The dollar is worth twice the amount of our dollar. Goods made locally were very reasonable in price. Goods im-

ported were extremely high. They do a lot of hand carvings and it is very beautiful work.

The people are all small, both men and women, and their language is Spanish.

The Fluds enjoyed their visit but saw a lot of things that made them thankful for what they have, for even the poorest here are rich compared to the people of Honduras.

Who's New

Mr. and Mrs. Gary Stephenson, of Lubbock, are parents of a son born July 16, weighing 6 pounds 11 ounces. He was named Sky.

Hale County 4-H'ers Plan Rodeo Activities

A special meeting was held last Tuesday by Hale County 4-H'ers involved with the 4-H Exchange, according to Brent Crossland, Hale County agent-Agriculture.

Plans for fund raising activities to be held during the KKYN Bar None Rodeo were discussed. Activities to be held Saturday, July 25th on the square are to include a car bash, baby animal display, concession stand and bake sale and a live-window display at Betty's Fashions in Plainview.

Those in attendance were Mrs. Betty Burtz of Betty's Fashions, Bill Coleman of KKYN Radio, Charlotte Carver, Doris Hooper, William Hancock, LaLoyne Castleberry, Joan Davis, Mark Ebeling, Patsy Davis and Billy Warrick and Brent Crossland of the Extension Service.

Talk Of The Town
 Stephen Mau, missionary to China, spoke to the Church of Christ Sunday evening, giving a report on his work in China.

COTTON TODAY

A NATIONAL COTTON COUNCIL SERVICE

CROP INSURANCE IMPROVED: Agriculture Secretary John Block has announced changes in the 1982 Federal Crop Insurance Program.

A great majority of the National Cotton Council's recommendations on the program are included in the changes.

Insurance will be offered in all counties on cotton, corn, wheat, grain sorghum, barley, and rice, and over 90 percent of counties for soybeans. A farmer who believes the coverage offered him is based on unrealistically low average yields will be allowed to prove his yield and insure on that basis.

ASCS county offices will: (1) serve as the contact point for program information, (2) provide yield and acreage data, (3) measure insured crops, and (4) assist in the development of the prevented planting insurance program, and other program developments as needed.

Application forms have been simplified to provide better and faster service at significant cost savings. A broad study of the rating system has been initiated in order to determine the lowest possible premium rates adequate to cover expected losses.

An extensive education and promotion program is under way for fall-seeded crops, and will be continued through sign-up dates next spring. Plans have been made to transfer 95 percent of the sales to the private insurance industry in 1982. All sales will be made by industry agents in 1983 and later years.

Texas Wheat Producers Meeting

An appreciation dinner of homegrown food and homemade ice cream will be given in honor of Commissioner Reagan Brown, who will speak at the dinner.

This is a Texas Wheat Producers Meeting and the public is invited to the appreciation dinner for \$5.00 per person.

The dinner will be Thursday, July 30th, at 7:30 p.m. at the Castro County Expo Building, S.E. 4th and Lee, Dimmitt.

HIGH above the plains of Texas, in the cool of the Sacramento Mountains of New Mexico, a delegation of 4-Hrs and leaders from Hale County attended the 4-H Electric Camp last week which is located 28 miles southeast of Clouderoft, New Mexico. Those attending the camp, sponsored by Southwestern Public Service Company were, left to right: Steven Reese, Mandy Igo, Marie Hooper, Carla Bontke and Melissa Roberson, agent. The Southwestern instructor is Randy Eminger from Lubbock.

COTTON TALKS
 FROM PLAINS COTTON GROWERS, INC.

Whether this year's higher cotton loan rate is of any benefit to High Plains cotton producers will be highly dependent on crop quality, say officials of Plains Cotton Growers, Inc., Lubbock, noting that extreme increases in 1981 discounts on some of the lower qualities will "more than eat up" the increase in the base loan.

The base loan for Strict Low Middling 1-1/16th inch (41-34), 3.5 to 4.9 micronaire (mike) at average U.S. location in 1981 is 52.46 cents per pound, up 4.46 cents from the 48-cent loan in 1980. The exact loan rate

for Lubbock-area warehouses has not been announced but will probably be slightly above the U.S. average rate.

The 1981 discount from the base rate for the High Plains "average" quality, Strict Low Middling Light Spot one inch (42-32), 3.4 mike, comes to a total of 850 points or 8.5 cents per pound, 220 points greater than in 1980. But the effect of the drastic discount increases on lower qualities is far more dramatic, resulting in 1981 loan values below those of 1980.

PCG vigorously protested the methods used to set 1981 discounts on micronaire and

The KKYN Bar None Rodeo in Plainview is slated for July 23, 24, and 25 at the Bar None Rodeo Arena.

on grade and staple. The protests had some beneficial effect on mike discounts, reducing the penalty on the four categories below 3.5 by 365, 265, 160 and 75 points, respectively.

But logic, reason and appeals for fair treatment were overruled by politics in the setting of grade and staple discounts, which USDA set as high as possible under the circumstances.

Books will open July 22 from noon to six. The number to call for information is (806) 296-9905.

Festivities begin Thursday with events all around town. There will be a stallion display, equipment display, sidewalk sales and free watermelon.

Saturday activities include square dance demonstrations, free dance lessons, Cecil Caldwell, Travis Thornton and friends in concert plus bands from Meadow playing, all free to the public. There will be dances Friday and Saturday nights following the Rodeo.

Performances begin all three nights at 8:30. Terry Walls of Stephenville is the stock producer.

Producers Prepare Legal Action Against Grain Dumping

If all of the corn and one-third of the sorghum produced last year in Texas, New Mexico and Oklahoma had been shipped to Iowa, it would have the same impact on that state's grain stocks as the importation, by Commodity Credit Corporation, of more than 45 million bushels of corn into the Texas High Plains.

The dumping of that imported corn into local markets is the concern of Grain Sorghum Producers Association (GSPA) and Texas Corn Growers Association (TCGA).

The corn was purchased by Commodity Credit Corporation (CCC) in Iowa, Wisconsin, Minnesota and Nebraska and shipped (at taxpayers' expense) an average distance of 1,000 miles to High Plains storage facilities where it now is being sold in competition with grain grown in the region.

"We have the highest production costs in the nation,"

said Muleshoe, Texas corn producer, Kenneth Precure. "Most of us are selling corn at prices below the cost of producing it. Now, we are

having our markets taken away by grain that was bought and shipped with our own tax dollars. There is no way the (CCC) can make that look right."

TCGA and GSPA have proposed legal action against CCC to prevent further sales of corn in this region and to seek compensation for damages to grain producers in the affected area.

A "Legal Fund" established by the two organizations now contains over \$100,000.00 of the \$250,000.00 needed to take the case to court. Corn and sorghum farmers are contributing to the fund at a rate of \$250.00 for each million pounds of production. They estimate they stand to lose at least \$5,000.00 as a result of the CCC sales. Elevators and other grain-related businesses

are also contributing to the fund.

The action of GSPA-TCGA has received formal endorsement from Texas farmers Union, Texas Women Involved in Farm Economics

and Moore County Farm Bureau, with other endorsements forthcoming.

Checks should be mailed to GSPA-TGSPB Legal Fund, Box R, Abernathy, Texas 79311.

KLBK ANNOUNCER looks on as firemen battle burning barn near New Deal last Wednesday afternoon. (Review Photo)

'A Glance At The Past'

BY BUFORD F. DAVENPORT

World II was already under way in Europe, and the United States government, with a nervous eye on the hostilities in that part of the world, was calling American men for Armed Forces training. July, 1941, was a relatively short time before Pearl Harbor, Dec. 7, and the United States declaration of war which came on Dec. 8.

The following is from my column in the Abernathy Weekly Review dated July of 1941:

Abernathy High School is giving men to Uncle Sam's Armed Forces for Democracy. A host of men who were graduated from AHS during the past few years, are in various branches of the service. Abernathy also has many other men in service who did not go to high school here.

For instance: The AHS Class of 1938 has given six men to the service. One, Fred Thompson, received his pilot wings and second lieutenant commission from Kelly Field, San Antonio.

Travis Lutrick is with the National Guard at Camp Bowie. Henry Vineyard is with a mobile unit at Fort

Benning, GA. Vernon Petty is at Fort Knox Ky. Ralph Homsley is a Goodfellowfield, San Angelo. Galen Carr, Jr., is training with Company G, R.O.T.C., Camp Bullis.

From The Abernathy review in July, 1941

Other information about some members of the AHS Class of 1938: Claude Houston married Miss Jeffcoat. E.J. Pope, Jr., and Wilma Motheral, both of that class, were married. Berniece Nies is now Mrs. Luther Wood ofspade. Sunshine Scroggins is married. Marvin Toler married Miss Hazel Mahon of Willow, Okla.

Headline: "Citizens to give Aluminum for National Defense Use in Drive July 21 to 29".
Wedding: Miss Lizzie Vineyard of Abernathy and Mr. Donnelly of Idalou were married. She is a sister of Mrs. Elmer Wilson of Abernathy.
Wedding: Miss Essie B. Waters, daughter of Mr. and Mrs. W.A. Waters, and Henry Scarborough were married in a ceremony performed by the rev. Arthur brewer, Baptist minister.

Birth: Dr. and Mrs. Eugene Legg of San Antonio are parents of a 7 pound son. Dr. Legg's father was an early-day Abernathy doctor, and his mother, Mrs. Ola Legg, was an early-day Abernathy teacher. Also, Dr. Eugene Legg is a nephew of Ray Pinson.

Miss Nannie Lou Johnson, Daughter of Mrs. Mary A. Johnson of Abernathy, was married Monday to Glenn Patterson, son of R.J. Paterson of Miss

The National draft lottery is to be held in Washington Thursday to determine the order numbers of men who registered for Selective Service July 1, 1941. Hale County registered 119 men in July, and 371 men signed in Lubbock. Abernathy men who registered in Hale County were William Burton Albers, Douglas Henry Vineyard, Curtis Rhodney Hall, John Wilson Tate, Irea Claude Houston, Charley Walter Peirson, Rene Edward Snead, Robert Eugene Willis, Willie C. Woods and James Wiley Hill.

John Wilson Tate of Abernathy was assigned the first number in Hale County for 21-year-olds who registered for Selective Service. His number, 39, was the seventh drawn at Washinton last Thursday night in a National Lottery to determine the order in which registrants will be called for

School Board Accepts Depository Bid

The New Deal School Board met a regular meeting July 13. Those present were Verlin Anglin, Wendell Attebury, Raymond Bufe and Henry Atkinson.

Supt. Flood opened with a prayer.

President Bufe approved the minutes of 6-8, June 19 and the special meeting of July 6 as corrected.

Supt. Flood reviewed general operation, federal funds and tax collection

A motion was made by Henry Atkinson to pay June bills, it carried.

Bids were received from First National and Lubbock National Banks to act as school depository for 1981-1983 Biennium.

A motion was made by Verlin Anglin to accept the bid from Lubbock National Bank for the N.D.I.S.D.

Neve Appointed Cystic Fibrosis Chairman For Abernathy

The Lone Star Chapter of the Cystic Fibrosis Foundation announces the appointment of Mrs. Betty Neve as Chairman of its 1981 Breath Of Life Campaign in Abernathy.

The Campaign will be held to provide the community with information about Cystic Fibrosis and to raise funds to support research, education and care programs for CF patients.

The number one genetic killer of children, Cystic Fibrosis is inherited and incurable-claiming three lives each day. An estimated one in 20 Americans is a symptomless carrier of the recessive DF gene. Currently, half of all children born with CF will die before reaching their 20th birthday.

Editor's note: The Lakeview Philosopher on his Johnson grass farm examines some signs of inflation this week.

Dear editor:

I've been puzzling over a newspaper clipping I've had on my desk the last three weeks. It says a man in New York has bought an apartment not yet finished for 12 million dollars. Not an apartment building, just an apartment.

The article didn't say who the man is, but since he's buying an unfinished apartment you might assume he's trying to save money and will move in and finish it himself.

Also, it didn't say how much he's paying down so it's hard to figure what his monthly payments will be, but say his mortgage loan costs 14 percent interest. That means the interest alone will come to around \$140,000 a month, before he pays a dime on the principal. I don't know what he does for a living but if I was him I'd sure ask for a raise.

In these inflationary times a 12 million dollar unfinished apartment is in the same category as \$40 jeans. As I understand it, if you take an ordinary pair of jeans and stamp some celebrity's name on them, they become "designer jeans" and people will pay \$40 for them so long as the name shows.

This is where cattlemen are missing the boat. Why don't they sell designer steers? Instead of putting their own brand on a critter, put the name of some celebrity, say on the hip, which I think is fairly close to where a celebrity's name goes on blue jeans.

There must be thousands of people proudly wearing designer jeans into supermarkets who'd gladly pay \$50 for a steak from a designer steer. Maybe even more for a rump roast if the name still shows.

Yours faithfully,
J. A.

New Deal Junior Rodeo To Begin Friday

A \$100 cash prize awaits the All Around Cowboy during the New Deal Junior Rodeo to be held this weekend.

The rodeo events, sponsored by the New Deal Rodeo Association, will offer competition in nine events and two age divisions.

Persons from 13 to 19 may compete in bare back riding, calf roping, ribbon roping, team roping, barrel racing, pole bending and steer daubing. Entry fees are \$20 per event.

In the junior division for persons age 12 and younger, steer riding, barrel racing, pole bending and steer daubing are offered at \$12 per event.

Persons wishing to register may do so by calling (806) 746-5437. Deadline for registration was Wednesday.

Gate admission is \$2 for adults and \$1 for children. Children under six year old may attend free.

The rodeo begins at 7:30 p.m. Friday and Saturday and at 2 p.m. on Sunday.

The person selected as All Around Cowboy will receive 60 percent of his entry fees, as well as the \$100 prize. Anyone competing for All Around Cowboy must be 19 or under and enter at least three events.
