

18 Wheeler Crashes Into Main Street Overpass, Two Die

Two men died after de-railing from the West 87 service road and crashed into the Main Street overpass in Abernathy at approximately 8 a.m. Tuesday morning.

Driver Ischmael Anderson Pukett, of Lawrenceburg, Kentucky, and passenger James Robert Grooms, of Brooksville, Florida, died on impact when the cab of their 18 wheel truck crashed into the side of the Main Street overpass.

They were pronounced dead on the scene by Judge Marr.

The accident occurred at approximately 8 a.m. Tuesday morning when the driver of the 18 wheeler swerved off the West 87 service road approximately 44 yards from the overpass. The truck went through the guard rail, and landed on the I-27 embankment before crashing into the side of the overpass. The truck then slid to the bottom of I-27.

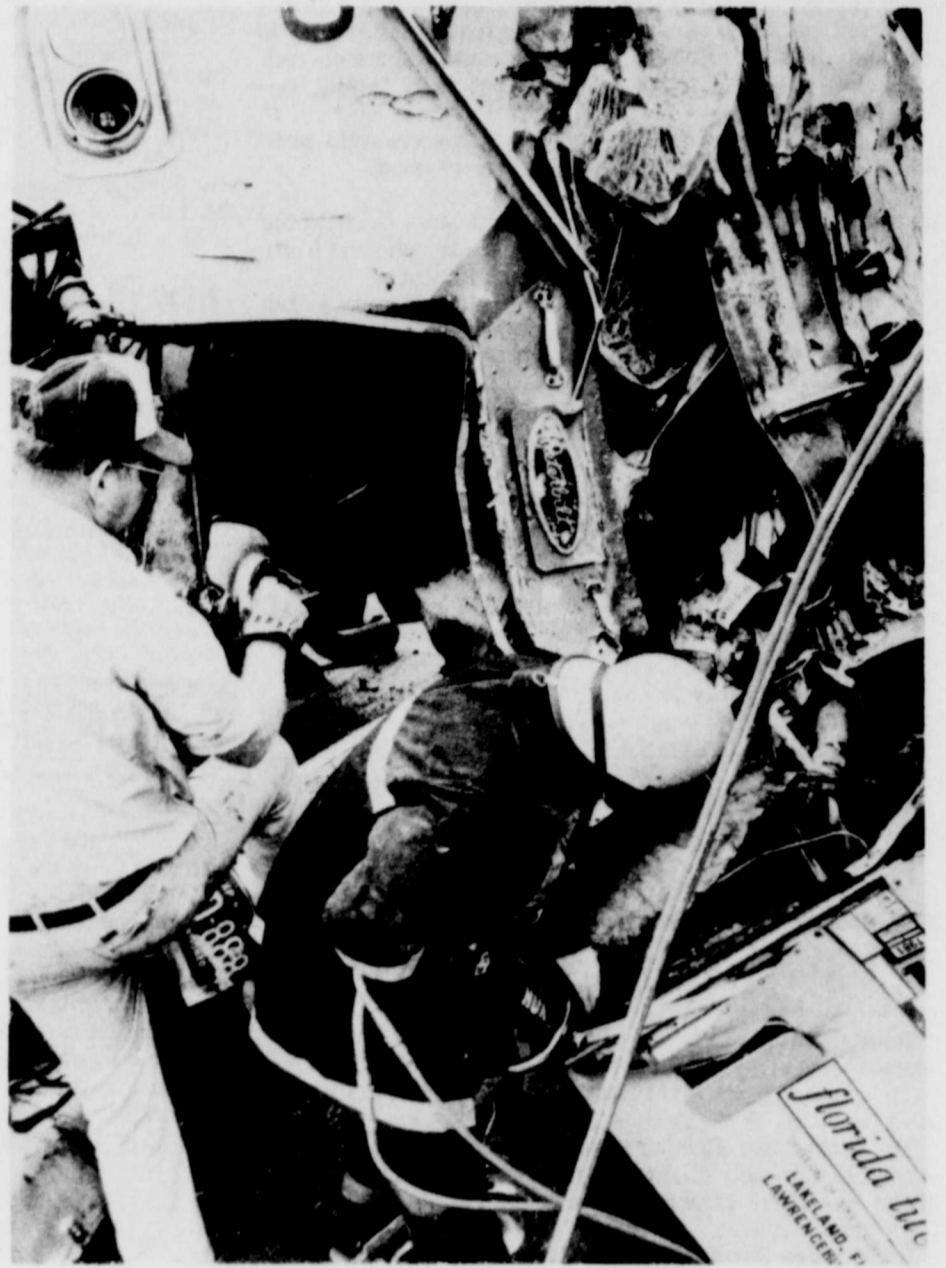

Using the jaws of life tool, it took approximately 1 and 1/2 hours to free the bodies from the wreckage. They were taken to Lubbock by Aid Ambulance Service of Lubbock.

Assisting at the wreck were Abernathy EMTs, who arrived immediately after the wreck, the Abernathy fire Department, DPS officers from Plainview, the Highway Department and the Health Department.

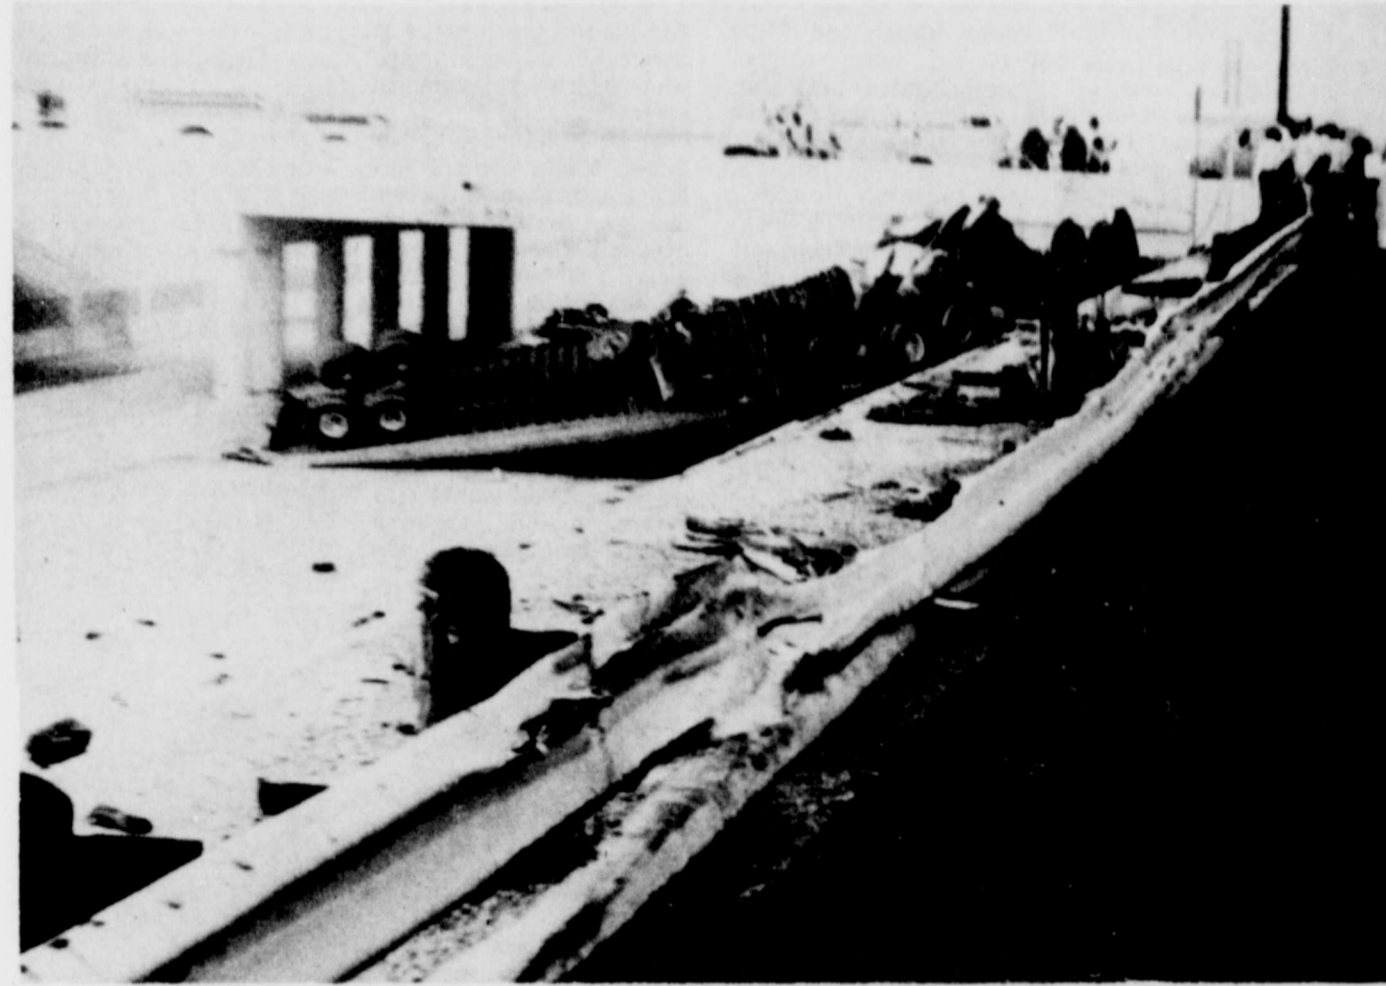

The 18 wheeler was en-route to Tampa, Florida with a load of lettuce, when the accident occurred.

The Health Department condemned the load of lettuce and it was taken to the Abernathy Landfill for disposal. It took 5 hours to remove the truck and the debris from the wreck site.

Police chief Naron is investigating the cause of the wreck. Naron stated that there was a possibility that a car or person might have ran in front of the truck and caused the driver to swerve off the 87 service road. "It is total speculation," Naron said.

FIREMEN WORK TO FREE the bodies of two truck drivers early Tuesday morning. The Jaws of Life tool was used to cut the crushed cab of the truck. It took 1 and 1/2 hours to free the bodies. (Review Photo)

TWO MEN DIED after this 18 wheeler broke through this rail, on the west 87 service road, and crashed into the Main Street overpass. (Review Photo)

August Rebate Checks For Abernathy, New Deal

State Comptroller Bob Bullock Thursday said August city sales tax rebate checks to 952 Texas cities will total \$95.8 million.

This month's payment brings the cities' year-to-date totals to \$439.3 million compared to \$392.9 million during a comparable period in 1980.

On a statewide average, sales tax payments are up this year by nearly 12 percent over 1980, according to Bullock.

Bullock said the August payments include quarterly payments from merchants and businesses for the year's second quarter.

Abernathy's check this month is for \$6,118.96 bringing the city's total this year to almost 37 thousand up 11.61 percent over 1980 payments.

New Deal received \$649.97 this month pushing the city's yearly total to \$2,109.80 a 6.21 percent increase this year over last year.

Season Prospects Look Good For Antelopes

The Abernathy Antelope Football Team will be back this year with 14 experienced Lettermen. The Antelopes will be equipped with seven seniors on the offense and six on the defense who have played in previous years for the Antelopes.

Football workouts began Monday, August 10. The two-a-day workouts are from 8 to 9:15 a.m. in the morning and 6-8 p.m. in the evening.

At this time, head coach Larry Aldridge and his coaching staff are watching the players for talent and preparing them for their first scrimmage game this Friday.

Rick Houston, who made the All-District squad last year, has the potential of making the All-State roster this year. Others to watch on defense are

David Davis, also All-District last year, at Center, Kenneth Moss, Alan Pettit, Rodney Cannon and Stacey Mills.

The Antelopes will have a somewhat experienced quarterback at the helm with Max Riley, who received honorable mention last year for All-District. Others to watch on offense are Rodney Cannon at End, Bobby Ross at End, Collins Miller at Center, Stacey Mills at Guard, and Alan Neis at Tackle.

Head Coach Larry Aldridge stated that the defense should be tough. "They will play more aggressively this year and we will use a stunt defense, a defense which forces errors from opponents," Aldridge said.

The Antelopes have the potential of having a good offense this year. "Last year we had a good running attack.

This year we will concentrate on our passing game," Aldridge said.

The first scrimmage will be this Friday night against Dimmit. The Freshmen will begin play at 4:30, the JV at 5:30 and Varsity at 6:30. The next scrimmage after this will be against Frenship Friday, August 28.

Farmers Receive Adequate Moisture

The Abernathy area received substantial amounts of rain this past week leaving crops thoroughly soaked.

Showers left anywhere from 3 to 4 inches since last Wednesday. Some areas reported getting even more. The total for Abernathy since last Wednesday, was 3 and 1/3 inches.

For the month of August up to Tuesday, Abernathy has received 4.14 inches of rain, according to Larry Dearing. For the year thus far, Abernathy has received 12.87 inches of moisture.

Policeman Hired

Jack Taylor was recently hired to replace Bill Holocker, who was terminated as an Abernathy police officer two weeks ago.

Holocker was an officer in Abernathy for a period of almost four months. Officers are given a six month probation period when they are hired by the City of Abernathy.

Taylor has been a deputy for the Lubbock Sheriff's office for the past 17 months before beginning his job in Abernathy as a police officer, Sunday, August 16.

He has lived in Lubbock the past 12 years doing various jobs. He became an officer 17 months ago.

Blood Drive At Struve Implement

Struve Implement will host a blood drive for Blood Services, of Lubbock Thursday, August 27 beginning at 4:30 p.m.

Abernathy and area folks will be encouraged to donate a pint of blood for this worthy cause.

It was reported that International Harvester is sponsoring the blood drive in Abernathy because blood is running a little short at the main office in Lubbock.

Everyone is urged to come on out to Struve Implement Thursday and donate a pint.

The JV and Varsity will play at 6 and 7:30.

DEFENSIVE LINEMEN James Pace, Rick Houston and Alan Neis are ready for action as they train for their first football game Friday night against Dimmit. (Review Photo)

Abernathy Floral Has New Manager

If you hear the heavy voice of a man answering the phone the next time you call Abernathy Floral, don't hang up. You have the right place.

Davis Murr, is the new manager of Abernathy Floral. Effective August 24 Murr will be handling the floral shop for owner Jan Hill, who will begin another

year of teaching at Abernathy Jr. High School.

Murr has been in the floral business for the past 16 years. He owned a floral shop in Junction, Texas several years before moving to Plainview. In Plainview, Murr managed Stroethers floral for the past three years.

He and his wife, Eula Murr, moved to Abernathy two weeks ago. They have moved into a house on 14th street.

Murr welcomes everyone to come to Abernathy Floral as he is looking forward to meeting and doing business with you.

Energas Seeking Hike

Energas Company has notified the 63 cities on its West Texas City Plant System that the company is filing for new rates for natural gas service to residential and certain business customers, effective September 4, 1981, Abernathy is one of the 63.

For the average residential customer on the system, the proposed new rate would increase the cost of a thousand cubic feet of gas by 63 cents, from \$3.40 to \$4.03.

The proposed new rates apply to domestic and commercial type, small industrial, and large air conditioning customers on the West Texas City Plant System of Energas. About 180,000 customers are affected, in an area extending from Pampa to Odessa.

Energas officials said decision to file for new rates was made after a study by an independent consulting firm revealed that revenues from the West Texas City Plant System in 1980 were \$22.4 million less than the cost of service. The new rates are expected to increase Energas revenues about \$18.5 million, they said.

"It has been three years since the last rate increase was requested in West

School Registration August 26

Abernathy Elementary Registration will be held in the Elementary Building Wednesday, August 26, from 9:00 a.m. until 12:00 noon.

New students must bring an up-to-date health record, birth certificate and report card from previous school.

Jr. High and High School students that are pre-registered will begin school August 31 at 8:50 a.m.

On The County Line

By: Keith Tooley

I was reading over some interesting oil production statistics recently. Oil was discovered in Hale County in 1946. Total crude oil production since then to January 1, 1981 was 115,889,985 barrels.

Each day 19,282 barrels of crude oil are produced in Hale County. This amounts to 7,057,158 barrels per year produced in this county.

Oil was discovered in Lubbock County in 1941. Since then, 18,188,558 barrels have been produced. Each day 3,867 barrels are produced in Lubbock County and 1,415,352 each year.

Therefore we can comfortably conclude that Hale County has more oil than Lubbock County. Either that or there are more oil wells pumping oil in this county.

Ercell Givens might not agree that there is more oil in Hale since they found no oil on his place just west of town.

The statistics point out that Hale County produces almost 6 million more barrels each year than Lubbock County.

I believe if I owned some land in this county, I would get out the post hole diggers and start looking for oil. I would gladly donate several acres of cotton that hasn't matured for a mineral that has had billions of years to mature.

Owning the top soil isn't what it boils down to though. The oil is way down there and therefore it is necessary to own the mineral rites.

TOO MUCH OF A GOOD THING would probably be an accurate phrase for the large amount of rain Abernathy

and the area has seen for the past two weeks.

The crops require lots of sunlight now in order to complete their growing cycle.

We like to see rain in this hot dry region, but there is such a thing as getting too much rain. This is a problem in south Texas where heavy rains cause root-rot to develop in the root systems of cotton plants.

If it isn't one thing, it's another. I guess there are a lot of cuss words such as drought, root-rot, boll weevil, hail, and others that are not favorite table discussion material in the average farm home.

I received this interesting story from Buford Davenport at press time.

The August rains of 1981 brought back memories of the record rainfall set for the year 1941. Mrs. James Davis had a clipping from the Lubbock Avalanche-Journal which shows this area rainfall record from 1911 to 1972. The record shows that this area received 40.55 inches of rain in 1941.

Average annual rainfall for this area is slightly more than 18 inches.

It was announced in the Review last week that Donna Jordan and Robert Myers, Jr. were married. The headline at the top of the announcement said, "Speer-Jordan Wedding Announced."

It should have said, "Jordan-Myers Wedding Announced." Also Junia Speer is correct, not Juanie Speer. Our apologies go to the people associated with this error.

Talk of the Town

Mr. and Mrs. Milton Pope and family, accompanied by Mr. and Mrs. R.D. Presley, vacationed at Tres Ritos, New Mexico this past week.

The Popes enjoyed riding their motorcycles over the rugged mountain terrain of that area.

Josh and Edith Howard and family, vacationed in Colorado and New Mexico the past 1 and 1/2 weeks returning this past weekend.

While in New Mexico they camped at Tres Ritos and visited with the Milton Pope family.

Mr. and Mrs. Lanny Newton traveled to Hawaii for their honeymoon and enjoyed the tropical sun from August 1 to the 9th.

The returned to Abernathy and immediately traveled to Cowls, New Mexico August 10 and enjoyed another week of rest and relaxation. They returned from Cowls Sunday night.

Mrs. Royce Jennings of

County Line flew to Tyler last weekend to her Mother's, Mrs. Thelma Robertson and they went to a family reunion.

They had sixty-eight present at the reunion.

Mr. and Mrs. Gean Nunn have recently returned from Wilmore, Kentucky.

Their son Jimmy, and daughter-in-law, Mary received their degrees from Asbury Seminary. Jimmy received a Bachelor Degree in English and a Master degree in Theology. Mary received a Bachelor Degree in Music from McMurry.

Mr. and Mrs. Jimmy Nunn will be moving to Jayton. Jimmy will be the pastor of The First United Methodist Church there.

New members of the First United Methodist Church of Abernathy are Virgil and Georgia Brantley. They transferred their letter of membership from the New Deal First United Methodist Church.

T. E. L. Meeting August 14th

The T.E.L. Sunday School Class of First Baptist Church met in the home of Mrs. Olga Higginbotham August 14th.

Mrs. Slater opened the business session with prayer. After a report from the class treasurer, we sang "Happy Birthday" to Martha Phillips, since it was her birthday.

Mrs. Grimsley read some

quotations from the book "Catch The Little Foxes That Spoil The Vines" by Dr. W.M. Horn. Then Mrs. O'Neill read part of the book "The Mighty Forces Called Prayer" by Dr. Norman Vincent Peale.

Mrs. Higginbotham read an original poem from her granddaughter, also a poem entitled "Something Spe-

cial", author unknown. Ice cream and cake were served by Mrs. Higginbotham to: Lizzie Lebow, Eunice O'Neill, Evie Miller, Martha Phillips, Allie Slater, Susie Anderson, and Pearl Grimsley.

After singing the class song, "Amazing Grace," the meeting closed with sentence prayers by all.

How To Save Water By The Gallon

Hard as it is to believe, a washing machine can use up to 60 gallons, the dishwasher 14, and a shower 12.

The bathroom gobbles up some 75% of water in the household. To conserve, install a flow restrictor (costs next to nothing) in the shower head, and place a

brick in the toilet tank to displace some water.

- A faucet half open delivers more than a gallon a minute. Shaving with running water can account for 15 gallons; brushing teeth, more than seven. To cut down, fill the basin or a cup with water, and never leave the water running.
- Keep a container of

moist towlettes near every sink, and wash your hands with them instead of water. You'll save more than a gallon each time.

To use the least water in your washing machine, run it only when full; the more clothes, the less water. If your machine has a medium or low water cycle, use it when possible.

Hodges Celebrate 65th Wedding Anniversary

Mr. and Mrs. J.A. Hodges, of Crosbyton, celebrated their 65th Wedding Anniversary Sunday August 16th at First Methodist Church fellowship hall.

The event was hosted by their five children, Mr. and Mrs. G.L. (Adelene) Farrar of Tulsa, Oklahoma, Mr. and Mrs. J.P. (Dolores) Barton, of Granite Shoals, Mr. Clyde Hodges of Iraan, Mr. and Mrs. Arnold Hodges and Mr.

and Mrs. Harold Hodges of Crosbyton.

Attending the event were their children, twelve out of seventeen grandchildren, twenty out of twenty-five, great grandchildren with a total of fifty-two family members present.

Jerome and Esther, daughter of Mr. and Mrs. J.S. Weisinger, were married August 16, 1916 in Elkhart, Texas, Anderson County. They moved to Crosbyton in 1932, and have been farmers in the area, except for eleven years living on Lake L.B.J. at Kingsland.

They are members of the First Methodist Church of Crosbyton. Mr. and Mrs. Hodges lived in Abernathy during the years of 1940 and 1941. Mr. and Mrs. J.P. Barton lived in Abernathy prior to moving to Granite Shoals.

BIRTHS

Mr. and Mrs. Larry Curry of Quitaque are the proud parents of a son born August 10. His name is Jonathan Matt, he weighed 6 pounds, 7 ounces and was seventeen and one-half inches long.

Mrs. Curry is the former Amanda Stillwell of Abernathy. Grandparents are Mr. and Mrs. Harold Stillwell of Abernathy.

Marcy Green And Wade Henderson Wed August 14th

Marcy Green and Wade Henderson were married Friday, August 14, at 7 p.m. in the home of the groom's parents. Brother V.R. Henderson of Childress performed the doubling ceremony. Mr. and Mrs. Frank Green are parents of the bride. Mr. and Mrs. Charles Henderson are parents of the groom. Guests were registered in the bride's book by Miss Leah Skipper.

Vows were spoken in front of the fireplace, decorated with green plants

Bridal Shower Honoring Becky Smith

A bridal shower honoring Becky Smith, Bride-Elect of Doug Spradling, was held in the home of Mrs. Jimmie Davis Saturday, August 15.

Hostesses with Mrs. Davis were: Mms. Larry Griffin, Larry Lutrick, Jim Thomas, A.C. Harris, Jr., Sharon Kester, Bob Parks, Jim Odom, Dale Powell, Bill Gist, A.L. Stone, Jr., Keith Ellis, Harold McCune and Darrell Stephens.

Lemon juice and grated rind added to berry pies gives them a "berry" good taste.

and floral arrangements of burgundy, lavender, and white, with baby's breath and greenery.

Given in marriage by her father, Marcy chose a formal length gown of lavender over purple. Her bouquet was a cascade of burgundy and lavender roses, accented with white, and baby's breath. Candles were lit and placed on the mantle by the father of the bride and the father of the groom for the lighting of the Unity Candle.

The reception table was covered in white lace over lavender, with lavender roses in a silver setting. The

white cake was decorated with lavender and purple roses, with Cherubs on the Heart-shaped top.

Wedding guests were served by Miss Jane Sanderson and Miss Kelly Henderson.

For going away the bride wore a pant suit of beige and purple.

After a wedding trip by plane to Dallas, the couple will be at home in Lubbock.

Marcy is a Senior in Abernathy High School. Wade is a graduate of Abernathy High School and is presently attending Texas Tech. He is employed by the Baker Company in Lubbock.

Mr. and Mrs. Wade Henderson

Nazarene Missionary Society Meets

The Nazarene Society met August 12th at 7:30 p.m. The meeting opened by singing "Send The Light." Everett Golihar led in prayer.

Emphasis for the month: Ministry and language, all barriers can be crossed by prayer. God understands all languages. Our missionaries count on the Christians to

hold the life line of prayer.

The last fifty years from 1930 to 1980 was a time of great progress in Mexico. Many things happened, good pastors, strong evangelism, nice buildings, all brought about this change. At one time foreign missionaries were expelled from Mexico, then the native christians carried on witnessing and

doing the best they could.

The Seminary is being moved from San Antonio to Mexico.

The meeting was closed by singing a chorus in Spanish.

Those To Remember

People registered in the hospital this past week were: Boyd Griffith at St. Mary's, Cleo Thomas at Methodist Hospital and Dr. Glen McDonald was registered at Methodist.

Jerry Settle was in the hospital at Plainview last week. He was admitted with a bad case of strip-throat.

THE LAKEVIEW PHILOSOPHER

Thinks he knows why those Washington editors were so badly fooled

I don't know what those editors were thinking about when they let the story appear without checking on it, but obviously they weren't, when they were

young, among those of us who were taken in by that ad that said ten cents for a magical gadget you could place under your tongue and mystify your friends by throwing your voice. It didn't work and the dime was wasted but it was

excellent training for being on the lookout for frauds.

As you can see, lack of a ten-cent gadget when they were young left those editors unprepared to face the

realities of life in the nation's capital.

But in the oldest case of being taken in occurred a few weeks ago in Iran. Some international sharpster in Paris convinced the Iranian leaders he had 50 million dollars worth of

sophisticated military equipment to sell on the black market, and they shelled out. Then they found out he didn't even have a B-B gun, and they're out 50 million.

Nobody likes to see anybody get taken in, but if you'll recall the televised scenes of those Iranian students parading those blindfolded Americans in front of the embassy and using the American flag to haul trash in and the Ayatollah bragging about rubbing the U.S. nose in the dust, you'll have a hard time keeping from laughing

over their buying 50 million dollars worth of nothing.

Yours faithfully,
J.A.

Lakeview Locals

By Mrs. Norman Matthews Reporter For Lakeview News Since 1945)

Rev. Jesse Nave of Petersburg preached at the mid-week service at Lakeview Church, Wednesday night, August 5th. Mrs. Nave also attended the service.

Mrs. Peggy Stricklin of Wichita Falls visited her aunt, Mrs. S. M. Harrison, Tuesday of last week.

Mr. and Mrs. Leo Baker of Lubbock visited Mrs. N. Matthews, Saturday.

Mr. and Mrs. David Scarborough of Tyler visited his parents, Mr. and Mrs. Henry Scarborough last week. They also attended the 1965-66 class reunion of Petersburg High School that was held in Lubbock.

Becky and Jason Fulton of Houston are visiting their grandparents, Mr. and Mrs. Glen Amonett this week. Their parents, Mr. and Mrs. James Fulton are vacationing in Colorado.

Mr. and Mrs. H. C. Barnwell celebrated their 40th wedding anniversary in Lubbock, Saturday.

Mr. and Mrs. Preston Mitchell of Albuquerque, N.M. spent several days this week with her mother, Mrs. S. M. Harrison.

Tammie Collins of Lubbock spent the weekend with her parents, Mr. and Mrs. Gene Collins.

Kermitt Mitchell of Tulsa visited in the home of Mrs. S. M. Harrison, Monday.

Mr. and Mrs. Lynn Smith of Anton and Mrs. W. A. Goldston of Littlefield visited Mrs. E.

G. Mahagan, Friday. Mrs. N. J. Fred and L. C. attended the annual Fred family reunion at Morton, Sunday. One hundred and fifty-three registered at the noon hour. They came from California, Arkansas, Arizona, Louisiana, Ohio and several areas around Lubbock. This was the 52nd reunion.

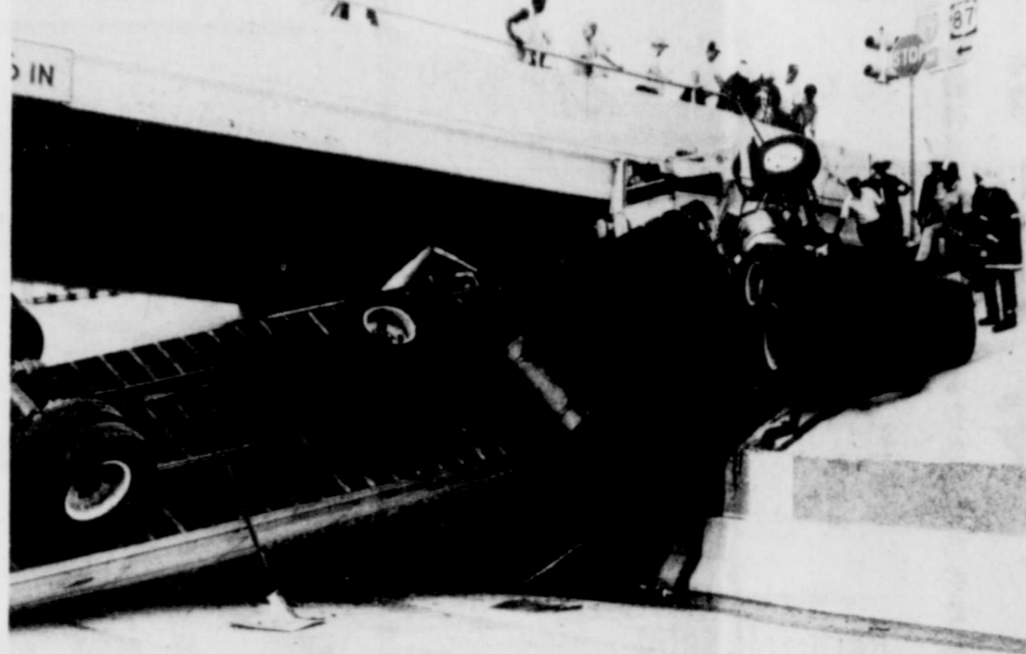

Mr. and Mrs. J. C. Montgomery visited relatives in Littlefield, Friday and visited with relatives in Levelland,

Saturday with relatives and some who were there visiting from San Angelo. They visited Mrs. Montgomery's sister, Mrs. Clara Desmond, Sunday in Hale Center before returning home.

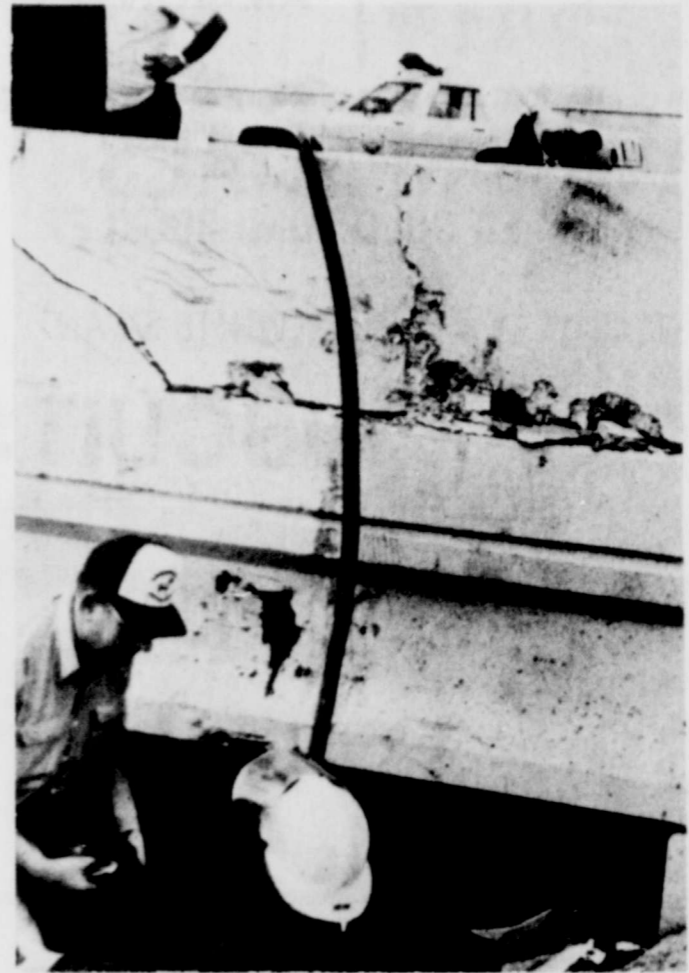

The United Methodist Women met Tuesday afternoon at the church at 2 p.m. The meeting opened with group singing and prayer by Mrs. Coggin. The president, Mrs. Oleta Gilmore presided at the business session. The minutes were read by Mrs. N. Matthews.

The program arranged by Mrs. Clayton Enger was given by Mrs. Coggin, Mrs. Gilmore and Mrs. Enger. Mrs. Lawrence Amerson brought the devotional. Mrs. Coggin announced that the annual conference for United Methodist Women would meet Sept. 25th and 26th at Childress.

The meeting was closed with prayer by Mrs. Amerson.

WEEKLY DEVOTIONAL

'The Dumbest Person In the World'

"How dumb? Very dumb. It's the American who knocks what he's got. Here's what he's got: a country of unbounded beauty. Almost unlimited natural resources. A judicial system that is the envy of the world. Food so plentiful, overeating is a major problem. A press nobody can dominate. A ballot box nobody can stuff churches of your choice. One hundred million jobs. Freedom to go anywhere you want, with the planes, cars and highways to get you there. Social Security, Medicare, Unemployment insurance, Public schools and plentiful scholarships, opportunity to become a millionaire. O.K. Complainer, what's your second choice? GO?"

Amidst all the negative voices in the country, I'm ready for the above. America is way ahead of where ever is second best. It's time to quit griping, and start moving. And I feel that way about the church. How dumb to criticize and shot down the church of God. How crazy for a brotherhood of believers, saved by the blood of Christ to take their blessings for granted and bite the hand that feeds it. We get preaching that will strengthen us against sin, and motivate us to repentance and righteousness. We get areawide events to stimulate us to love and good works. Ah, brethren of mine...all over this world...lets not take all that for granted.

Good news, Jesus let me in his family. I can be nothing else than thankful He lets you in too...

Plains Pest Management Report

Cotton bollworm egg and larval counts have continued to increase during the past week. Light trap collections of bollworm moths also continued to increase in the Edmonson-Kress and Cotton Center-Hale Center areas. Egg counts in these same areas have ranged from 0-240/100 plants and worm counts were 0-190/100 plants. When counts were converted to numbers per acre the eggs were 0-166,000 per acre and worms were 0-123,200/acre. The average numbers per acre were 29,472 eggs & 51,911 worms per acre.

Rains during the past three days have prevented growers from checking fields and have also prevented aerial application for bollworm control. As soon as the rains subside we encourage growers to scout fields closely for bollworm eggs and

worms. Fields needing treatment before the rains may require increased rates of pesticide when treated.

Corn
Most insect problems that can affect corn are over. Late planted corn should continue to be scouted for southwestern corn borer and spider mites. Lodging from southwestern corn borer re-

mains less than 1 percent at this time. Trap collections of southwestern corn borer increased at several trap locations. This increase can be accounted for by the emergence of second generation adults combined with some late first generation adults.

Sorghum
Sorghum should continue to be scouted for headworms

and greenbugs. Parasitized greenbugs have reached 10 percent in a few fields. Corn leaf aphids in the heads have caused concern for several growers. Rarely will yield be

affected but in some instances heavy aphid populations in the head have been reported to cause harvesting problems.

Bollworm Control Meeting Held Monday

A bollworm control meeting was held in the Abernathy City Hall community room Monday afternoon at 2:30 p.m. Approximately 40 farmers from Abernathy attended the meeting.

Hale County Agent Ollie Liner of Plainview was present at the meeting to answer any questions.

Greg Cronholm, Hale County's extension entomologist, discussed all aspects of the bollworm situation.

Liner said there has been a lot of spraying for bollworms in northern Hale County and a little in the southern portion of the county.

Entomologists have alerted farmers to the possibility of bollworm outbreaks following the recent rains on the High Plains.

Hale 4-H'ers Enjoy Camp

Over thirty Hale County 4-H members, parents and leaders participated in the Hale County 4-H senior camp this past Monday and Tuesday. This group was accompanied by Brent Crossland, Melissa Roberson and Billy E. Warrick, County Extension Agents.

The camp was held at McKenzie Lake. Water skiing and inner tube riding provided the majority of the entertainment. A great time was had by all in spite of the rain shower Tuesday morning.

ter, the port of New Orleans and Continental Grain's export facilities. They also heard reports from Cotton Inc., Cotton Board and Cotton Outlook.

Statistics Tell Story

Farming Is Big Business--The Biggest!

A recent report by the U.S. Department of Agriculture points up some interesting facts:

- Agriculture is the nation's largest industry. Its assets, totaling a whopping \$927 billion, are equal to about 88 percent of the capital assets of all manufacturing corporations in the United States.

- Agriculture is also our biggest employer. Between 14 and 17 million people work in some phase—from growing food and fiber to selling it.

- The foods that pour into supermarkets come in 6,000 to 8,000 different forms, many of which did not even exist five years ago and may very well not exist five years from now. (This is attributed to the fact that Americans are attracted to newer foods with more built-in conveniences—as well as to food in attractive packages that preserve the quality.)

- Despite recent rises in food prices, family income still buys considerably more food today than 30 years ago, partly because agriculture has become much more efficient and partly because consumer incomes have risen faster than food prices.

- The U.S. has approximately 2.3 million farms. This number is less than previous

COTTON TODAY
A NATIONAL COTTON COUNCIL SERVICE

TEXAN INTRODUCES NATURAL GAS DEREGULATION BILL: Rep. Phil Gramm (D-Tex.) of Marshall this week introduced legislation to accelerate natural gas decontrol. The bill would (1) remove price controls on natural gas from wells drilled after January 1, 1981; (2) raise existing ceiling prices for other natural gas so that BTU-basis price of natural gas by 1985 would equal price of No. 6 fuel oil; (3) eliminate all price controls on natural gas by January 1, 1985; and (4) repeal the incremental pricing provisions of current law.

EPA ASSISTANT Nominated: President Ronald Reagan has nominated Dr. John A. Todhunter as assistant administrator of the Environmental Protection Agency for pesticides and toxic substances. The post was formerly held by Steven D. Jellinek. The Senate must confirm the nomination, and environmentalist groups oppose Todhunter's nomination because he formerly was science adviser for the American Council on Science and Health. The opposition

claims ACSH is "a front for industry." Todhunter now is program chairman of Catholic University's biochemistry department.

At the Occupational Safety and Health Administration, John Martonik has replaced Bailus Walker as Deputy Director of Health Standards and will be in charge until a director is named. Martonik formerly was in OSHA's compliance section and the National Cotton Council staff has worked with him on cotton dust issues for more than a year.

FALL BOARD MEETING SLATED: The National Cotton Council's Board of Directors will meet September 17-18 at the Peabody Hotel in Memphis, with Chairman Herman Probst presiding. Probst is a cotton grower of Anson, Texas. Since the session coincides with the reopening of the hotel, which was the site of the NCC's organizational meeting in 1938, members of the original Committee on Organization will be honored guests. Other special activities also are planned.

Laney Selected To Texas Legislative Council

Representative James E. (Pete) Laney of Hale Center has been selected by Texas House Speaker Bill Clayton to serve on the Texas Legislative Council.

Established in 1949, this 17-member council is authorized to investigate departments, agencies, and officers of the state and to study their functions and problems, to make studies on selected topics, and to gather information for the use of the legislature.

Additional duties of the council are to study revisions of state statutes without substantive changes, to draft proposed legislation, and to operate automated systems in support of the legislative

process. When making his appointments, Speaker Clayton, who serves as vice-chairman of the council, stated, "The Legislative Council is a reliable tool of our state legislature. It saves time and money and it provides an expert work product. It is the lawmaker's trusted friend in the hectic days of the session."

I am confident that Rep. Laney will bring a wealth of information and new insight to the council. Rep. Laney is serving his fourth term as chairman of the House Administration Committee. He also serves on the Agriculture and Livestock and Natural Resources Committees.

Wendell Barrick Attends TFB Meeting In New Orleans

Wendell Barrick of Abernathy and Thurman Neill of Idalou were among 90 people who attended the recent Texas Farm Bureau cotton commodity meeting in New Orleans.

Barrick said TFB sponsored the trip to provide some of the latest information on cotton production and research to a statewide group to further disseminate information to producers.

The group visited the New Orleans Commodity Exchange, U.S. Department of Agriculture's research cen-

years, continuing a downward trend that started in 1936.

- Of all farms in this country producing at least \$2,500 worth of products to market annually, 89 percent are family-owned.

On the typical family farm of today, the husband and wife are equal partners sharing in major decisions.

Because of the complexities of running a successful farming operation today, more and more farm families are turning to modern technology for assistance.

Farm management consultants now provide all kinds of data, from how much feed to buy for livestock to marketing and economic expertise.

The kitchen table is no longer an adequate office for a farm business. Office areas with office conveniences are being set up in farm homes.

August 21 is statewide "Karie Ross Day" to culminate the special observance. The Maid of Cotton is sponsored by the National Cotton Council.

EXPORTS BOOSTED: Net new sales of U.S. cotton exports for 1981-82 marketing year delivery totaled 481,600 running bales during the week ended August 6. China purchased 300,000 bales, bringing its commitment for the season thus far to 536,300. Other purchases included South Korea, 80,100; Japan 44,300; and Greece, 14,000. Total shipments for the marketing year just ended were 50650,300.

FALL GARDENING TIME: Although it's still summertime, now's the time to start a fall garden, says a horticulturist with the Texas Agricultural Extension Service, Texas A&M University System.

Many popular warm-season vegetables such as tomatoes and beans can be grown in the fall along with the so-called "winter" vegetables—broccoli, cabbage, cauliflower, greens and carrots.

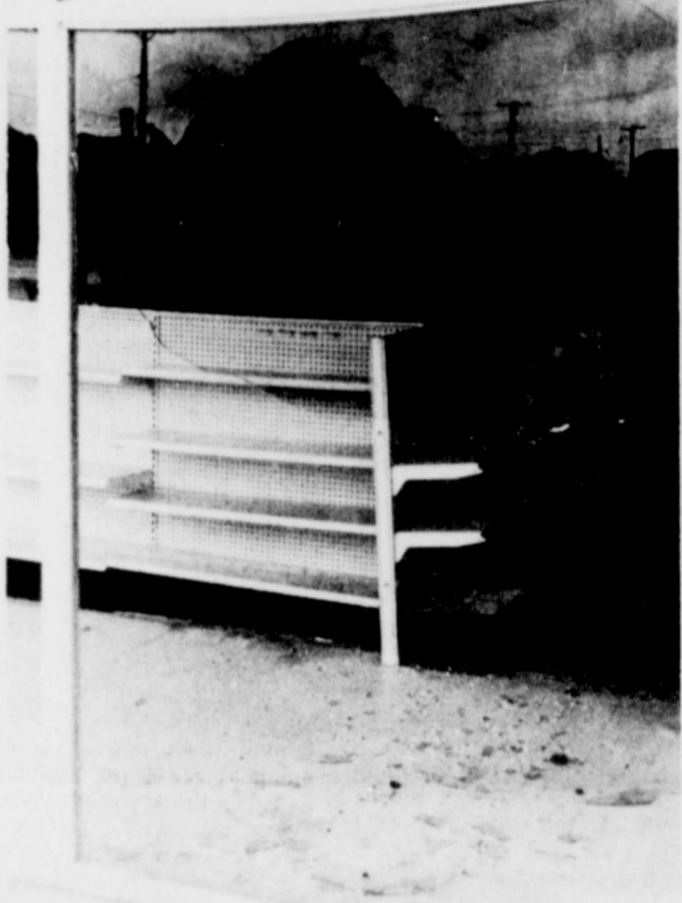

The familiar copy machine — long a fixture in almost every office in the city — is proving to be a valuable asset on the farm, as well. Small, low-cost copiers, developed by 3M research, require no inks, toners or solvents. They are being used in farm operations to copy everything from planting and rotation schedules, to expense and production records, to stock bloodline entries.

Normal household papers often duplicated by farm families on the 3M copiers include: tax returns, bills, recipes and club bulletins.

And, returning to the Department of Agriculture report, here are more facts and figures. They indicate the size and importance of the business in which these farm families work:

- American farmers now produce over 76 percent more crop output on the same number of acres than their fathers did.

- One farmworker supplies enough food and fiber for 68 people. (Only ten years ago the number was

ACT OF VANDALISM can be seen at Minit Mart where a window was broken last week. Since the inventory was removed from the store earlier this month, it is a mystery why anyone would want to enter the store. Abernathy Chief Naron is investigating. (Review Photo)

45.) The U.S. exports more farm products than anyone else in the world. The production of one cropland acre in three goes overseas.

COWS NEED MINERALS: Regardless of the type of forage cows are grazing, they all need minerals, says a range specialist with the Texas Agricultural Extension Service, Texas A&M University System.

Most cows don't get enough phosphorus, magnesium and potassium from grazing, so they should be fed a mineral mix free choice the year round. Minerals, especially phosphorus, are short in dry forage and do not meet the requirements of lactating cows.

A mineral mix should contain 8 to 12 percent phosphorus, not more than 20 percent salt, and magnesium oxide, plus potassium during the winter months.

SHORT CUT—this 18 wheeler, in the top photo, was attempting to cross the ditch between I-27 and the east service road, when he lost control and flattened one of the newly installed light poles just west of the Phillips 66 station. The flattened light pole and truck ruts can be seen in the bottom photo. The truck driver was not injured in the accident. It occurred last Tuesday. (Review Photo)

New Deal School Board Meeting

The New Deal School Board met in regular session August 10. Those present were Verlin Anglin, Robert Hughes, Perry Looney, Wendell Attebury, Carroll Teeter, Superintendent Flood and Principal Gamblin.

Perry Looney opened the meeting with a prayer. Vice President Anglin approved the minutes of the July 31 meeting and special meeting August 3.

Superintendent Flood reviewed the general operation, federal funds and tax collection.

Motion was made by Wendell Attebury to pay July bills. The motion was seconded by Perry Looney and carried 5-0.

A motion was made by Robert Hughes to set the price of school lunches as recommended. The motion carried 5-0.

Lunches
 High School .80, Elementary .75, Adult 1.05, Visitor 1.75.

Teachers Stay On

Six teaching positions opened up at New Deal after the 1980-81 school year, a low turnover rate compared to previous years, as stated by Superintendent Flood.

Flood also stated that the six positions that were open

Teachers Stay On

have been filled.

New Deal School Registration

New Deal ISD will have school registration Monday, August 24th. Elementary 8-11:30 a.m., Seniors 8-10 p.m., Juniors 10-11:30 a.m., and Freshman 2:30-4 p.m.

All students should have their required shots. Kindergarten students should bring their birth certificates.

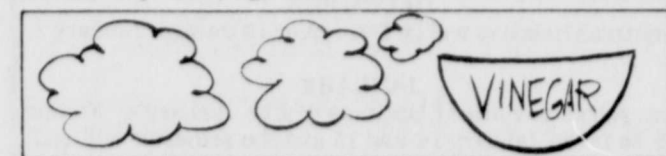

Hereford Methodist Arts And Crafts Festival

Wesley United Methodist Church of Hereford, Texas is hosting "WESLEY'S FALL FESTIVAL OF ARTS AND CRAFTS" On Saturday, September 12.

The show will be held in the Hereford community Center from 9 a.m. until 8 p.m. and will include live entertainment. Country music, square dancing, gymnastics, tap dancing, and

band music are some of the scheduled crowd pleasers. In addition, there will be a concession stand and clowns with balloons for the young ones. Only a limited number of artist's booths are available with applications being screened. All area artists are invited to apply.

For further information write Mrs. Gail Blain, Box 164, Hereford, Texas 79045.

A small bowl of vinegar in an inconspicuous corner of the living room can absorb tobacco odors.

NEW BAND HALL will be constructed at this site located just southeast of New Deal High School. The estimated cost of the band hall is over \$82 thousand. It will be 50 feet by 50 feet, 2,500 feet. Band students will have twice the practice area they had in the old band hall. It will handle 80 to 100 students when completed and there will be extra storage space. The old band hall will be used as an elementary P.E. facility. (Review Photo)

New Deal Schools Budget And Tax Information Released

The largest increase in school property taxes in history was adopted by school trustees last year, according to the report Bench marks for 1981-82 School District Budgets in Texas published by the Texas Research League.

Tax bills mailed by the 1,070 school districts in Texas totaled almost \$2 1/2 billion—a whopping \$393 million increase over the previous year. Statewide the increase was 18.8 percent.

The increase for the New Deal ISD was 12.3 percent.

Last fall school districts adopted budgets for 1980-81 calling for spending averaging \$1,928.95 per student based on the 495 students in average daily attendance in 1979-80.

The average salary for classroom teachers paid by the New Deal ISD in 1979-80 was \$12,535 which was 5.2 percent above the minimum salary prescribed by the state. The average among all school districts in Texas was \$14,101 per classroom teacher, or 13.7 percent over the minimum.

There was an average of one teacher for each 13.4 students in the New Deal ISD, as compared to a statewide pupil-teacher ratio of one to 16.5.

School districts are permitted to levy local property taxes above the local share of the Foundation School Program and to use the proceeds to "enrich" the program prescribed by the legislature.

In 1980-81 the average school district levied property taxes five times the amount required for the Foundation Program and used the funds to enrich the program by an additional \$695 per student. Enrichment from local taxes in the New Deal ISD was \$716 per student.

School districts must adopt new budgets for the 1981-82 fiscal year which begins September 1st. The tax assessor must calculate a tax rate that would produce the same revenue that was levied last year.

If trustees anticipate adopting a rate that is more than three percent greater, a quarter-page notice must be published and a series of public hearings on the tax rate must be held.

Special Meeting Of New Deal School Board

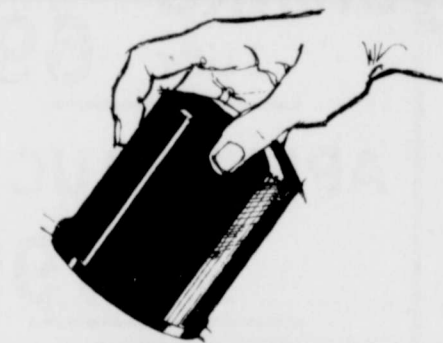

New Deal School Board met in a special meeting August 3. Those present were R.C. Bufe, Henry Atkinson, Verlin Anglin, Perry Looney, Wendell Attebury, Robert Hughes, Carroll Teeter and Superintendent Flood.

Wendell Attebury opened the meeting with a prayer. Motion was made by Wendell Attebury to accept the Textbook Adoption for Supplemental Reading Books. The motion was seconded by Henry Atkinson and carried 7-0.

A Motion was made by Perry Looney to accept the resignation of Mrs. Velma Gamblin. The motion was seconded by Verlin Anglin and carried 7-0.

A Motion was made by Verlin Anglin to adopt the change in supplemental salary policy as recommended. The motion was seconded by Perry Looney and carried 7-0.

The budget for 1981-82 school year was discussed and then the meeting ended.

PROTECT YOUR MACHINERY INVESTMENT WITH QUALITY JOHN DEERE FILTERS

All filters may look alike on the outside, but it's what's inside that counts. John Deere filters—engine oil, air, fuel, hydraulic and coolant conditioner filters—are built to specifications set by John Deere engineers who understand your equipment. And production runs are checked regularly to make sure they provide the protection your equipment needs.

Don't take chances with your equipment. Stock up on quality filters soon.

Students Attend Photography Workshop

Two Abernathy High School photographers, Jon Mark Fulton, senior, and Ryn Dunn, junior, attended the Texas Tech Photography workshop, August 10-14. They were in the Advanced Photography Group instructed by Harvey Madison of Lubbock, two former Lub-

bock Avalanche Journal photographers. The group covered flash photography, group shots, sports action shots, available light shots, reflected light shots, and various darkroom techniques.

Stallings Awarded Scholarship

Fifty-nine incoming students at Texas Tech University have been awarded freshmen scholarships for the 1981-82 academic year. Recipients of the scholarships, which are given for high performance on entrance exams, will receive a \$200 award in both the fall and spring terms. Winners of the Texas Tech University Scholarships include Darrick L. Stallings, son of Mr. and Mrs. Leroy

Student Council Officers Attend Workshop

The 1981-82 Abernathy High School Student Council officers attended a summer workshop recently at Angelo State University August 2-7. Stallings, 509 2nd Place, Abernathy.

Abernathy Band Practicing

The Abernathy Band has been practicing on a modified bases this past week when the Drum and Flag Section practiced. Monday August 17th the full band started practicing from 7:00 to 9:15 p.m. Any new band students moving into Abernathy may contact the High School or George Riddell at the Band Hall.

This is the second such event the officers have attended this year. Earlier this year they attended the state meeting at Dallas in May.

Those who attended were: President Patsy Davis, Vice-President Kelly Thompson, Secretary-Treasurer Jill Blalock, Reporter Cindy Turner, Historian Tony Ortiz and Parliamentarian Kellye Dubose. Their sponsor was Betsy Aldridge.

The officers learned many things about leadership and projects such as money making projects, spirit projects and also acquired many ideas about the roles of Student Council.

The workshop was not all work. Not only did the officers make new friends, but

STUDENT COUNCIL MEMBERS of Abernathy High School recently attended the Student Council summer workshop at Angelo State University in San Angelo. They are, from left to right, Betsy Aldridge, Kelly Thompson, Cindy Turner, Kellye DuBose, Jill Blalock, Patsy Davis, and in the front kneeling, Tony Ortiz. (Review Photo)

they also got to meet the Houston Oilers, who are in San Angelo for training camp, including Earl Campbell. The officers are full of ideas and looking forward to starting the school year with the Abernathy High School Student body.

NOTICE
Energas Company, a division of Pioneer Corporation, hereby gives notice of its intent to implement new rates for domestic and commercial type, small industrial and large air conditioning/electric generating customer classes residing in the unincorporated areas (terrors) of its West Texas System. It is anticipated that the new rates will result in a 1.6% increase in Energas' gross revenues, which increase is not a "major change" as defined in Section 43(b) of Article 1446c, V.A.T.C.S. A Statement of Intent to change said rates was filed with the Railroad Commission of Texas on or about August 7, 1981, and is available for inspection at the Company's Amarillo office, 301 S. Taylor Street.

UNINCORPORATED AREAS (TERRORS) OF THE FOLLOWING CITIES AND TOWNS ARE AFFECTED:
Abernathy, Amherst, Anton, Big Spring, Bovina, Brownfield, Canyon, Coahoma, Crosbyton, Dimmitt, Earth, Edmonson, Floydada, Forsan, Friona, Hale Center, Happy, Hart, Hereford, Idolou, Kress, Lake Ransom Canyon, Lake Tanglewood, Lamesa, Levelland, Littlefield, Lockney, Lorenzo, Lubbock, Meadow, Midland, Muleshoe, Nazareth, New Deal, New Home, Odesa, O'Donnell, Olin, Pampa, Panhandle, Petersburg, Plainview, Post, Quitaque, Ralls, Ropesville, Stanton, Seminole, Shallowater, Silverton, Slaton, Smyer, Southland, Springlake, Stanton, Sudan, Tahoka, Tulia, Turkey, Vega, Wellman, Wilson, Wofforth

CLASSIFIED ADVERTISING RATES
Published Every Thursday, Deadline is 4p.m. Monday, Phone 298-2033.
Classified advertising rates are based on a minimum of 17 words. One insertion is \$0.10 per word with a \$1.75 minimum. For consecutive insertions with no copy change the rate is \$0.08 per word, minimum \$1.25.
Classified display advertising (boxed ad), is \$1.50 per column inch.
Card of Thanks (reasonable length) \$2.00.
CASH IN ADVANCE unless advertiser is on a regular account.

LAWN CARE PLAN SAVES MONEY--A lawn care plan developed by a turfgrass specialist with the Texas Agricultural Extension Service, Texas A&M University System, is saving the city of Plano some \$59,000 a year because there is less garbage-grass clippings that mount during the summer months.
Homeowners also are saving some \$22,000 that would have gone for plastic bags to hold the clippings. It all boils down to a system of proper fertilizing, watering and cutting of lawns to eliminate the need for bagging grass clippings.

"A Glance At The Past"

BY BUFORD F. DAVENPORT

From the Abernathy Weekly Review dated Thursday, August 21, 1941:

Then, as now, when a farmer is in the hospital and his crop needs attention, friends come to the rescue. This story was in The Review August 21, 1941.

When a man needs a friend most, is in time of sickness. C.H. Bucks, who farms three miles north of Abernathy, was taken to Lubbock Sanitarium Tuesday morning of last week for treatment. Tuesday morning of this week friends rallied to show him that they know when a man really needs them.

A host of workers, lead by A.L. Stone, Sr., and Walter Harp, used 18 tractors, and plows and row binders to plow about 130 acres of wheat stubble and cut a sudan patch on the Bucks farm.

Among those furnishing equipment and operating tractors were: Leon Newsome, Pete and Harold Raley, Earlton and Edgar Harp, Herb Day, Chris and Owen Benn, Mr. Tatum, Bill Thomas, J.J. Alvin and J.C. Vineyard, Carl Ellis, J.B. and Martin Collier, Herman Schulz, Lee and L.L. Irish, James McKnight, R.E. and Billy Albers, Roy Douglas, Horace Wittingham, J.D. Cline, D.L. White, R.R. Woodall, G.E. White, Isaac Holmes, John Lewis Harral, Mr. Jobe and Leonard Redwine.

Walter Harp said Abernathy Consumers Fuel Association donated gasoline, and McAlister Brothers and Struve Mercantile gave binder twine.

Owen Benn assisted The Review in taking pictures of the men, and the equipment in operation.

School opens at Abernathy. New Deal and Lakeview Sept. 1 [1941 news].

R. Lee Snider was superintendent of Abernathy schools and Sam H. Davis was principal.

NEW DEAL
A.L. Faubion was superintendent of New Deal Schools. Mr. Johnston was principal. Lynn Cope was elected teacher of New Deal's National Defense School, and he will be in charge of the school buses there. Lynn drove an Abernathy school bus last year, and was employed by Zeman Auto Co. here.

Mr. and Mrs. George Hunter visited in Carlsbad, N.M., and El Paso.

Robert Myers and family were vacationing in New Mexico.

Buck Clements visited in Berger.

W.O. Fortenberry was host to all of his employees on a fishing trip to Lake Kemp.

Mrs. Artie Greenhill has returned from a month's visit in Louisville, Kentucky.

Mr. and Mrs. Erby Norman and children and Mrs. W.V. Norman and daughter

have returned from a vacation trip which took them to El Paso, Old Mexico, Hot Springs, Mountainair and Albuquerque, N.M. They visited Mrs. W.V. Norman's brother in El Paso. They visited three days in Mountainair with Mr. and Mrs. Guy Toler.

(End of New Deal News)
Food Value of Milk Given In Series By Kenny Rankin Dairy. Kenny operated a dairy in the southeast part of Abernathy. He delivered fresh milk twice daily to homes and stores here. (Charles McKenzie (Mack) Rankin, son of the late Kenny Rankin and Marion Rankin, has been in dairy-related work for many years. He was with the Bell Company in Lubbock for 16 years before going with the Price Milk Co. in El Paso several years ago. Mack and his wife were in Germany during the air travel problems caused when PATCO members left the air traffic control towers in the USA and Canadian air traffic controllers refused to work air traffic from the USA to Europe on the northern route. Mack's mother was worried that they might have trouble getting a flight back to the States. Mack and his wife were in Germany to visit their son and family. Their son is with the Chaplain's office in connection with the U.S. Armed Forces.

Back to 1941.
Rudolph Richter has been transferred from Scott Field, Ill., to the 80th Bomb Squadron, Manchester Air Base, Manchester, N.H. He is a son of Mr. and Mrs. H.E. Richter of Abernathy.

Royce Henson, Roy Lee Cox, Clarence Pettit and Muriel Lroy have returned from a vacation four which took them through New Mexico, Colorado, Kansas and Oklahoma.

Visitors in the O.Q. Kelley home Sunday were Mr. and Mrs. Ted Ferguson, Mr. and Mrs. W.B. Ferguson, Mr. and Mrs. H.E. Richter and children, all of Floydada, Mr. and Mrs. W.B. Taylor and children of O'Donnell, Mr. and Mrs. W.W. Humphreys of Wichita Falls, Mr. and Mrs. R.G. Shuey and children and Mrs. B.F. Taylor of this community.

Mrs. F.G. Hudgens visited in Plainview and Spring Lake.

Guests in the Chris Benn and H.E. Richter homes were Mr. and Mrs. Alvin Beckman and children, Mrs. John Felphs and Mrs. Alfred Weirich, all of Johnson City.

Ruby Houpt, who spent several weeks visiting in the home of Mr. and Mrs. J.E. Ford in Honeybrook, Penn., returned to her home here with them. The Fords visited in the Paul Hunt home.

Curtis and Cletus Lebow visited in Wichita Falls.

Riddell Completes Health Care Training Course

Marie Louise Riddell, a school nurse from Abernathy, has completed a summer training course at Baylor College of Medicine on assessing health care needs of migrant children.

Children from migrant farm worker families often have multiple medical problems complicated by poverty and poor health habits, said Dr. Robert Roush, director of Baylor's Center for Allied Health Professions.

Because the school nurse may be the only health professional these children routinely see, it's vital for the nurse to be well-schooled in recognizing physical and mental abnormalities, Roush said. Other important aspects of the nurse's job are making necessary referrals

to physicians or agencies, and following up on each child's progress.

Classes covering topics such as dental problems, bone and muscle disorders, cardiovascular abnormalities, child abuse, and chest, lung, and skin diseases, were taught by Baylor faculty from the Department of Community Medicine.

The project was funded through the Texas Education Agency, which contracted with Pan American University in Edinburg, to enhance the delivery of health care to migrant students. Pan American subsequently entered a contract with Baylor College of Medicine to conduct and evaluate the program.

Hale Deputies Investigate Section Of Railroad Tracks Taken

Hale County sheriff's deputies are investigating the theft of a section of rail which was discovered missing from railroad tracks near Petersburg Tuesday, August 11.

Walter Mooney, an agent for the Fort Worth and Denver Railway Co. of Peters-

burg told deputies that a 43-inch length of rail had been cut from the tracks about two miles northeast of Petersburg sometime between Friday and Monday, August 7 through 10.

Railroad detectives at the scene said the rail appeared to have been removed with a

President Chester A. Arthur, while in the White House, actually held a garage sale on the White House lawn. He sold twenty-five wagonloads of furniture for a total of \$8,000.

TRANSITION

Juan Leal Sr.

Services for Juan Leal Sr., 67, of 1927 E. Colgate St. were at 10 a.m. Tuesday in Tabernaculo Apostolico Church on the Idalou Highway with the Rev. Pedro De Los Santos officiating.

Burial was in City of Lubbock Cemetery under direction of Henderson-Singleton Funeral Home.

Leal died at 11 a.m. Saturday in Methodist Hospital after a lengthy illness.

The Kames City native moved to Lubbock in 1951 from George West. He was a retired baker.

Survivors include his wife, Guadalupe; eight daughters, Dominga Torez, Rosa Garcia, Dionicia Moncibaiz, Adelaida Oyerveidez and Teresa Meza, all of Lubbock, Guadalupe Macia of Abernathy, Matilda Menjarez of Mesquite and Janie Gutierrez of Frederick, Okla.; two sons, Juan Jr. and Paulino, both of Lubbock; a brother, Epifanio of George West; a sister, Santos Trevino of Methis; 43 grandchildren; and 41 great-grandchildren.

Visitors in the O.Q. Kelley home Sunday were Mr. and Mrs. Ted Ferguson, Mr. and Mrs. W.B. Ferguson, Mr. and Mrs. H.E. Richter and children, all of Floydada, Mr. and Mrs. W.B. Taylor and children of O'Donnell, Mr. and Mrs. W.W. Humphreys of Wichita Falls, Mr. and Mrs. R.G. Shuey and children and Mrs. B.F. Taylor of this community.

Mrs. F.G. Hudgens visited in Plainview and Spring Lake. Guests in the Chris Benn and H.E. Richter homes were Mr. and Mrs. Alvin Beckman and children, Mrs. John Felphs and Mrs. Alfred Weirich, all of Johnson City.

Ruby Houpt, who spent several weeks visiting in the home of Mr. and Mrs. J.E. Ford in Honeybrook, Penn., returned to her home here with them. The Fords visited in the Paul Hunt home.

Curtis and Cletus Lebow visited in Wichita Falls.

Rudolfo Rodriguez

Mass for Rudolfo "Rudy" Rodriguez, 30, of Abernathy was celebrated at 3 p.m. Thursday, August 13 in St. Isidore Catholic Church with the Rev. Matthew D' Souza,

pastor, officiating.

Burial was in Abernathy Cemetery under direction of Chambers Funeral Home of Abernathy.

Rodriguez died Monday morning at his brother's home in Lubbock. Justice of the Peace Wayne LeCroy ruled natural causes in the death.

He was a native of Wala Wala, Wash., and moved to Abernathy in 1967. He was a veteran of the Marine Corps.

Survivors include his parents, Mr. and Mrs. Frank Rodriguez of Abernathy; 10 brothers, Carlos, Ricardo, Michael and Alfredo, all of Abernathy, Rogelio and Frank, both of Okinawa, Japan, Jose of Germany and Cleofus, Sabino and Santiago, all of Lubbock; and seven sisters, Paula Jean Rodriguez of the home, Francis Basuldua and Maria Orelia Sanchiz, both of Lubbock, Maria Stella Mata of Fresno, Calif., Rachael Rodriguez and Diana Rodriguez, both of Celina, and Rosa Lima Gonzalez of Hart.

F. D. Maldonado

Services for Florentino DeLeon Maldonado, 72, of Lamesa were at 11 a.m. Friday at St. Margaret Mary's Catholic Church with the Rev. Pat Hoffman, pastor, officiating.

Burial was in Lamesa Cemetery under direction of Bronon Funeral Home.

He died Tuesday at Medical Arts Hospital in Lamesa after a lengthy illness.

He was a retired farm laborer and lived in Lamesa 32 years. He married Elodia Torrez in 1935 near Dilley.

Included in the list of survivors are: his wife, four sons, Manuel of Odessa, Ramon of San Angelo, Rey of Lubbock and Richard of Tahoka; four daughters, Mary Lopez and Juanita Martinez, both of Abernathy, and Julia Gonzalez and Susan Rendon, both of Lamesa, and two sisters, Salome Gayagos of Devine and Enriquita Perez of Dilley; and 34 grandchildren.
