News Briefs

Eastern Star Meeting Today

The Eastern Star Meeting will be Thursday September 3rd at 8:00 p.m. The program will honor past matrons and past patrons. Dortha Conn invites all Eastern Star Members to attend.

Computer Programming Offered

Adults interested in learning basic language computer programming please contact Charles Bowen at 298-2563. There are several excellent computer programs available for interested adults. Should there be sufficient interest, Bowen will try to initiate a scheduled program to meet Monday and Thursday nights.

Masons To Meet Sept. 10

There will be a Masonic Lodge Meeting Thursday September 10th beginning at 8 p.m. at the Lodge Hall. It is a regular monthly meeting and all members and visitors are urged to attend.

Adult Education Course

Adult Education Course will be offered at Abernathy Schools this year. Jimmy Thomas will instruct a course in Adult Basic Education beginning September 21st. Classes will be held Monday and Thursday evenings from 7-9 p.m. in the Academic Center. For information & registration call 298-2563.

Labor Day Observed As National Holiday

Labor Day is a national holiday that has been set up to honor the working men of America. Schools and most business will be closed Monday and the working men and women of this great country will enjoy a day of leisure and recreation.

Children Crossing I-27 Should Be Stopped

It has been reported that several students are crossing I-27 anywhere they can find a place to get across as they return home from school.

Lions Raise \$3,600 In Broom Sale

The Abernathy Lions Club had their annual broom and mop sale Monday from 8 a.m. to 5:30 p.m. and sold a total of \$3,600 worth of brooms, mops and other cleaning accessories. The local Lions chapter will keep 25 percent of the \$3,600, which is \$900 to be used for a future Lions Club project. The other \$2,700 will go to the blind craftsmen and women who made the brooms, mops and accessories that were sold.

THE LIONS CLUB BROOM SALE netted 3,600 in one day. Pictured are several Lions members pushing brooms Monday afternoon. The money will be donated to several good causes. (Review Photo)

School Board Hires Four, No Tax Rate Set

The Abernathy School Board held their monthly meeting Monday night and approved four more teachers for the 1981-82 school year. The board met in executive session following discussion of all other items on the agenda and approved the following personnel recommendations: David Lanehart to teach History; Mary Ann Cobb-Honda Counselor; Vernon Smothers as a Honda Diagnostician; and Elizabeth Parks on the Migrant Program. The Board also discussed the resignation of Daniel Fonda from the Board of Education. Fonda resigned after deciding to move to Lubbock. The opening on the board was discussed, but the position had not been filled at press time.

Other Business

Mrs. Donny Shaffer addressed the board concerning a High School Rodeo program in Abernathy. She presented information about the rodeo association and the board discussed the possibility of a program for Abernathy. Poverty guidelines, who will qualify for free and reduced price lunches, were approved for the coming year and will be printed in next week's Review. Three transfer students from the New Deal District were approved. They are: Edward Wayne Teal, John Harrell and Grayson Harrell. School personnel liability insurance

was accepted with the Texas Association of School Boards, (TASB), as it is every year.

Club Fund Raising Activities Approved

Several club fund raising activities were approved by the board. FHA will be allowed to hold their pecan sale; FFA will be able to have their fruit and popcorn sale and scrap iron drive; the band will have their annual magazine sale; and the Student Council will have their spirit chain sale, car wash, and concession stands at track meets.

No Tax Rate Set

No school tax rate has been set up at this time. A tax rate will not be agreed upon until the Board of Equalization has completed evaluating the appraisals. Superintendent Webb stated that a tax rate would be set within the next two weeks.

Proposed Bond Issue

The proposed bond issue was discussed and the board approved a motion to authorize a financial advisor to set a more specific cost on the bond issue. Presently the bond issue amount will need to be accessed before the board decides what projects can be financed at this time. If agreed upon at a later date, proposed improvements could include a new gymnasium, an agriculture center, or both. Another proposed improve-

ment is airconditioning for several areas in the school. The cost of all three of the above proposals is estimated to be around 1 1/2 million, but the board approved the financial advisor to depict a more precise figure.

First Quarter Sales For Hale And Lubbock Counties

State Comptroller Bob Bullock Friday reported that gross sales in Texas for the first quarter of 1981 totaled \$70.8 billion. He said first quarter sales this year passed 1980 first quarter sales by \$9.9 billion. Bullock said the sales tax analysis for January, February, and March of this year shows 255,407 reporting outlets compared to 250,681 reporting outlets in the first quarter of last year. The Comptroller's office also released a computer analysis showing reported sales for each of the state's 25 Standard Metropolitan Statistical Areas and reported sales for the state's 254 counties. First quarter sales in 1981 for Hale County were over 117 million recorded by 703 reporting outlets. Gross sales reported in Lubbock County for the first quarter were over 909 million recorded by 3,849 reporting outlets.

School Enrollment Down, 911 Students Registered

Total enrollment for the first day of school in Abernathy was 911 students, 263 enrolled for High School, 427 in the Elementary School and 221 in Junior High. Enrollment is down 32 students from last year. Abernathy Schools received 60 new students that have never attended this school before.

School officials hoped to see more students enroll by the end of this week and after Labor Day. The number of students is down compared to January 30, 1970 when 1110 students registered for school and more recently January of 1979 when 1084 students enrolled in Abernathy Schools.

THE HALE COUNTY ELECTED OFFICIALS meeting was held in Abernathy Monday night at 7:30 p.m. in the City Community room. Elected officials from Hale Center, Cotton Center, Petersburg, Edmonson, Plainview, and Abernathy were present at the get-together. Abernathy City Council members were present. In the picture above are several officials from Hale County. Seven Seas of Lubbock catered the meal and a discussion session followed. (Review Photo)

School Playground Equipment Vandalized

The August police report was recently submitted to the Review by Police Chief Raymond Naron. It revealed that 34 arrests had been made in August and 90 citations were given. A more defined break-down of arrests and citations is as follows: Public intoxication-15, consumption of alcohol after hours-2, minors in possession of alcohol-7, making alcohol available to minors-4, disorderly conduct-2, resisting arrest-1, unlawful carrying of a weapon-1, parol violation-1, and possession of marijuana, 2 ounces, by a white male in his 20's.

Playground Equipment Damaged

Several offenses were committed in August and are presently under investigation by Abernathy Police. The school playground equipment received \$300 worth of damage. Some of the attachments on the new playground equipment were vandalized. Locks have been placed on all gates providing entry to the playground equipment and anyone caught in the elementary playground area after school hours will be cited," police Chief Naron stated.

Other Offenses

Two black males, both in their 20's, were apprehended after taking \$20 from the Abernathy Allsup's store. The offense is a Class A misdemeanor. The railroad depot in Abernathy was burglarized recently by someone who gained entry without damaging any of the doors. The burglar took an antique typewriter which belongs to the railroad. The tires on two cars were cut recently. The tires on a car belonging to Dub Royal's daughter were slashed and the tires on Jerry Peebles car were slashed. This offense is defined as criminal mischief and is presently under investigation, Naron stated. The Coop warehouse was broken into but nothing was taken, although a fertilizer truck had been driven and returned to the Coop. Another case of criminal mischief. In all, there are seven offenses that are presently under investigation, according to Naron.

Antelopes Win First Scrimmage

Abernathy Antelopes won all three scrimmages against Dimmitt Friday night August 21st. Freshmen won one touchdown to 0, Jr. Varsity two touchdowns to 0, and the Varsity won eight touchdowns to 0. Total rushes were 39 carries for 366 yards. Of these Ronnie Taylor had five carries for 92 yards, John Ruiz had 8 carries for 62 yards, Kenneth Moss had 8 carries for 59 yards, Max Riley 4 carries for 33 yards, and Alan Pettit 5 carries for 32 yards. The Varsity had 39 carries for 366 yards, they completed 10 out of 19 passes for 235 yards and four touchdowns. In the passing game, Max Riley completed 6 of 12 passes for 191 yards, Kenneth Moss completed 4 of 7 passes for 44 yards and 1 touchdown. The first Varsity game will be Friday night, Sept. 4th at Petersburg at 8:00. The Junior-Varsity will play September 10th at Olton at 6:00 and The Junior High will scrimmage Olton there September 10th at 5:00.

Children Crossing I-27 Should Be Stopped

It has been reported that several students are crossing I-27 anywhere they can find a place to get across as they return home from school. Police Chief Naron stated that parents need to observe how their children are getting home because it is extremely dangerous for young children to be crossing I-27. "Many school children are crossing this highway where there are gaps in the railing, usually where lights have been installed along I-27," Naron said. "If they have to cross I-27, they should cross at the over-passes," Naron stated. Adults also need to be on the look-out for children crossing the 87 service roads and other city streets as children go to school in the morning and afternoon.

Owen Benn's "Big Burtha" Tribute To WW I

If you have ever been driving into Abernathy on the west 87 service road, you have probably seen what appears to be a cannon in the front yard of the Owen Benn residence, pointed directly at you. It looks exactly like a large black cannon from a distance, but actually it is scraps of pipe and metal that have been arranged to look like a cannon. Owen Benn, who created the cannon, stated that he had seen modern art galleries and it inspired him to build his own piece of art. According to Benn, "Big Burtha" was the name of a famous cannon that was going to be used by our allies to fire at Berlin from France in WW I. The cannon was to be fired from a train to give it extra momentum needed to reach Berlin. Benn wasn't sure if the cannon was ever fired. Benn's "Big Burtha" replica is made of several pieces of junk he found around his farm. The barrel of the cannon is an irrigation column pipe. The pipe rests on the metal elevator casing to a John Deer Bowl Pulver. The wheels at the front make up a rear chassis of an oil field wagon used many years ago. "Big Burtha" is painted on the Hood of a 1937 Ford truck. Benn painted the entire cannon black. Benn stated that people stare and notice the cannon when they pass, but seldom stop to see if it is truly a cannon.

The August police report was recently submitted to the Review by Police Chief Raymond Naron. It revealed that 34 arrests had been made in August and 90 citations were given. A more defined break-down of arrests and citations is as follows: Public intoxication-15, consumption of alcohol after hours-2, minors in possession of alcohol-7, making alcohol available to minors-4, disorderly conduct-2, resisting arrest-1, unlawful carrying of a weapon-1, parol violation-1, and possession of marijuana, 2 ounces, by a white male in his 20's.

It has been reported that several students are crossing I-27 anywhere they can find a place to get across as they return home from school. Police Chief Naron stated that parents need to observe how their children are getting home because it is extremely dangerous for young children to be crossing I-27. "Many school children are crossing this highway where there are gaps in the railing, usually where lights have been installed along I-27," Naron said. "If they have to cross I-27, they should cross at the over-passes," Naron stated. Adults also need to be on the look-out for children crossing the 87 service roads and other city streets as children go to school in the morning and afternoon.

"Big Burtha" was created by Owen Benn about a year ago to represent a cannon which was used in WW I. It was also Benn's idea of modern art. It can be seen at his residence just North of Abernathy. (Review Photo)

ON THE COUNTY LINE

I met another X-Floydian this past week in Abernathy. Jess Griggs, presently employed at Joe Thompson Implement, lived in Floydada at the same time we did and we were acquainted with the members of his family. I have met several other X-Floydians in Abernathy and am wondering if this might be a trend of Floydada people moving to Abernathy. Who knows, there might be a lot of Abernathy people moving to Floydada.

The Abernathy Antelopes should prove to be one of the toughest teams to beat in this district, even though Tuila is picked first and Childress second. Hopefully the Antelopes will surprise a lot of people and represent our district. I have never pictured City Manager Rod Ellis driving a tractor within the city limits of Abernathy or anywhere else, but it was very impressive to see him driving one with a mowing attachment close behind. He was cleaning up the weeds in the vacant lot across from my apartment complex. Rod also mowed several other areas including ditches that had become overgrown with careless weeds.

Calendar Of September Meetings

- The Abernathy 4-H Club will furnish a calendar of Events the first week of every month of meetings that will be held in the Club Room and the Community Center. The following is the September Calendar:
- CLUB ROOM
 - 1 Bible Study-9:30 a.m.
 - 1 Lions Club-12:00 noon.
 - 3 Hobby Club-2:5 p.m.
 - 5 Riding Club-7:30 p.m.
 - 7 Bible Study-9:30 a.m.
 - 7 Bible Study-7:00 p.m.
 - 8 Bible Study-9:30 a.m.
 - 8 Lions Club-12:00 noon.
 - 9 Beehive Hobby Club-9:00 a.m.
 - 10 Garden Club-2:5 p.m.
 - 10 Jayceettes-7:00 p.m.

Billie Harrison Elected To Board Of Directors

As of June 1, the Service Center Board Of Directors has two new Board members, Billie Harrison and William A. (Bill) Sides. They replace Clint Walker of Tahoka and Robert Work of Crosbyton, both retired. Harrison lives in Abernathy and has served on the school board there for 21 years. He attended the College of Business Administration at Texas Tech and is a farmer in the Abernathy Community. A former member of the state advisory committee for vocational education, Harrison serves as director and leader in cotton cooperatives, the Methodist Church, and other Abernathy organizations. He and his wife, also named Billie, have four sons; one is director of computer programming for AMCO in Houston, one a

Kent Harrison To Attend Graduate School

Kent Harrison has enrolled for the Fall Semester in the Graduate Program of the University of Illinois. He is a member of Phi Kappa Phi, Honor Society at A&M, Gamma Sigma Delta, National Honor Society of Agriculture, and Sigma Xi, National Scientific Research Society of America. Kent is the son of Mr. and Mrs. Billie Harrison. His address is: 2206 East University, Urbana, Illinois 61801.

Methodist Church To Show Films

Beginning August 30 at 6 p.m. The First United Methodist Church will show the film "A Distant Thunder". It is a continuation of the film shown in July, "A Thief In The Night." The Methodist Church will begin the showing of the Dobson Family Film Series November 1st. The series will be shown each Sunday at 6 p.m. for seven weeks. The series will end December 13.

"Invitation Day" To Be Held For Girl Scouts

Girls from all school-age levels will have an opportunity to become Girl Scouts Thursday, Sept. 3. That day has been designated as "Invitation Day" at schools in the 18 county area of the Caprock Girl Scout Council of Lubbock. An information meeting in Abernathy will be held at 7 p.m. Sept. 3 at the School Cafeteria. Parents attending the meeting will learn about the Girl Scouts "Worlds to Explore" program which has activities in five interest areas; people, today and tomorrow, well-being, the arts, and the out-of-doors. The Girl Scouts program welcomes girls regardless of

race, creed or national origin. A \$3 registration fee provides for accident insurance for both girl and adult members. The Brownie Girl Scouts are for six to eight year old girls in grades one through three. They do not work on badges individually as the older girls do but take part as a troop in activities based on the three Brownie B's; Be Discoverers, Be Ready Helpers, Be Friend Makers. Career-exploration apprenticeship and service is the focus for the Junior and Senior high program. A kaleidoscope of program interests scheduled this fall for Cadette and Senior Girl Scouts include workshops in engineering, photography, modeling, child-care, sports, and out-of-doors survival camping. The Caprock Council will be offering instruction this fall in Basic Leader Training, Troop Camp Training, and Multi-Media First Aid, and Art, Song, and Game Workshops for volunteers who would like to work with Girl Scout groups. Anyone wishing additional information on the Girl Scouts may contact the Caprock Girl Scout Council at 745-2855 or call Kay Taylor at 298-4048.

Tucker Accepts Teaching Position

Mrs. David Tucker, (Barbara Barton), graduate of AHS class of 1977 and daughter of Mr. and Mrs. J.P. Barton, has accepted a sixth grade language arts teaching position with Sapulpa Middle School in Oklahoma. Barbara is a May graduate of Oral Roberts University in Tulsa, Oklahoma, with a Bachelor of Arts Degree. She is a member of Summa Cum Laude and obtained a grade point of 3.9/4.0.

Abernathy Junior High Recognized For Returning Films

Faculties of 78 regional schools have been recognized by the Media Division for their cooperation and efficiency for the returning on time every film used during the 1980-81 school year. Abernathy Junior High was one of these schools. "Not only does this type of action assist the Media Division in operating more effi-

ciently, but it also demonstrates a courtesy to other schools that have the films booked," commented Media Director Gerald Rogers, as he expressed appreciation to each principal of the 78 schools. Rogers also extended special appreciation to each building audiovisual coordinator.

Gonzales To Head Bike-A-Thon Campaign

St. Jude Children's Research Hospital is proud to announce that Mr. Jose Luis Gonzales has been named to head the 1981 Fall Bike-A-Thon Campaign in New Deal. In making the announcement, Clifford Damstrom, St. Jude Director for the Southwest Region, stated that "We are proud to find such a dedicated person for this important job." St. Jude Children's Re-

search Hospital is the largest childhood cancer research center in the United States, and it is the first research center dedicated exclusively to the research and conquest of catastrophic diseases of children, such as cancer and other life-threatening diseases." Damstrom stated. The time of the Bike-A-Thon in New Deal will be October 10, as announced by Mr. Gonzales.

GTE Offers Three Options

General Telephone now gives its customers three options on what to do with their telephones when having service discontinued. The Public Utility Commission of Texas, in its rate order granting General Telephone \$2.1 million, approved a policy which gives customers the options of paying a charge for the company to pick up the instruments, retaining the instruments and paying the associated costs for the instruments retained, or returning the phones to the company. Customers terminating service who return their

phones to their telephone company business office or GTE Phone Mart are not charged a pick-up fee. However, if the company picks up the instruments, a \$10 charge is applied for residential customers and \$13 for business one-party customers. Another option is for the customer to purchase the phones, paying the commission-approved charges for particular instruments. Under this option the instruments is available from the business office or GTE Phone Mart. The new policy applies to all residential customers and one-party business customers. Customers who return or retain their phones can unplug the instruments if they have GTE Phone Mart jacks, or if wired into the old style wall block, can simply cut the wires near the block. The company urges customers cutting wires to avoid cutting wires which carry household electrical current.

Debby Oswalt-Rodney Tullis Exchange Wedding Vows In Garden Setting

Marriage vows were exchanged between Debby Oswalt and Rodney Tullis August 21st at 8:00 p.m. The garden ceremony was performed at the home of the bride's parents, Mr. and Mrs. Jerry K. Oswalt. Rodney is the son of Mr. and Mrs. Ronald Tullis of Cotton Center.

Bill G. Brown, of Lubbock, officiated the double-ring ceremony. Musical selections were provided by Missy Cunningham and Conny Wolf, Tony and Dallana Loper, vocalists. The bride's Mother and Father closed the ceremony with singing of "The Wedding Prayer."

Given in marriage by her Father, the bride wore a gown of angel chiffon with re-embroidered Alencon lace combined with Schiffl to create a capelette bodice with sculptured V-neckline. Pearls and pearl clusters accentuated the Alencon lace medallions on the front of the skirt. Her chapel length train was edged in Alencon lace trim and she wore a hat that repeated the

lace trim and was accented with ribbon streamers. She carried a silk flower bouquet a-top a white bible which her Mother carried on her wedding day.

Lori Oswalt, sister of the bride, was her maid of honor and Kim DuBose was bridesmaid. The bridegroom's father was his best man and Dennis Wright, brother-in-law of the groom, served as groomsman. Seating guests were Jeff Oswalt, brother of the bride, and Mike Lambert, the bride's cousin.

Bridal attendants wore full length gowns of sheer apricot chiffon over taffeta, fashioned with a blouson bodice and cowl neckline. Split sleeves covered the upper arms. The a-line skirt had a softly gathered peplum and a tiny string belt which tied in front. Each carried a bouquet of silk flowers.

Assistants for the reception in the garden were Lisa Mills, Kathy Shipman, Jo Ann Shipman and Linda Addison.

The bride's table was covered with a white cloth and the tiered wedding cake was highlighted with apricot

flowers. The table held a central arrangement of apricot silk flowers. Silver and crystal appointments were used.

The groom's table was covered with an ecru cloth. Fresh fruit and finger sandwiches were served. All brass appointments completed the decor.

After returning from a Caribbean Cruise, the couple will make their home in the Cotton Center area where the groom is engaged in farming. The bride graduated from Abernathy High School and attended Angelo State University and Texas Tech. Tullis graduated from Cotton Center High School and attended South Plains College.

The groom's parents, Mr. and Mrs. Ronald Tullis hosted the rehearsal dinner at the Plainview Club.

Other courtesies for the bride were a miscellaneous shower in the home of Mrs. Bobby Cunningham, a recipe party in the home of Karen Myatt and a Brunch hosted by Mrs. Richard DuBose and her daughter, Kim.

Judy Swift And Lanny Newton Exchange Vows In Double Ring Ceremony

Judy Ann Swift, of Lubbock, and Lanny Dale Newton, of Abernathy, were united in marriage at Sunset Church of Christ Chapel in Lubbock July 31st at 7 p.m. Judy is the daughter of Mr. and Mrs. Harry Swift, Jr. of Amarillo, and Lanny is the son of Mr. and Mrs. Clifton Newton of Abernathy.

Vows were exchanged in a double-ring ceremony with Art Lynch of Odessa, officiating. A chorus of ten persons sang "I'll Walk Beside You" with solos by Catherine Jackson of Lubbock and Terry Newton of Petersburg; "Follow Me" with solos by Carolyn Arnett and the director of the chorus, Terry Hines, both of Lubbock; "Sweet, Sweet Spirit", and a men's chorus of "Annie's Song".

The bride came down the aisle to "For Bobbie" sung as a duet by Catherine Jackson and Marci Davis of Lubbock. The recessional was "Walk Hand in Hand with Me".

The other members of the chorus were Jean Hines, Judy Brock, Craig Howard, and Steve German, all of Lubbock, and Gay Newton of Petersburg.

Given in marriage by her father, the bride wore a traditional gown of ivory organza, lavishly trimmed with Chantilly lace. The fitted bodice featured an empire waistline, with a high neckline featuring a stand-up lace collar embroidered in seed pearls.

The sheer bodice was accented by two rows of Chantilly lace, also embroidered in seed pearls. The full sleeves were of Chantilly lace, ending with fitted wrists and lace ruffles over the hands.

The full skirt featured a wide ruffle of organza edged with lace at the bottom. An additional row of lace bordered the top of the organza ruffle and, along the sides, and ended in a point in the back just below the waistline in an apron effect. The full chapel train featured a wide ruffle of organza, bordered in rows of chantilly lace.

The three-quarter-length candlelight was designed by a friend of the bride, Murvella Manis of Lubbock. It featured Chantilly lace all around the edge, accented with lace appliques and seed pearls along sides and over the Juliet cap. Baby's breath was worn in her hair.

Her ivory rose bud cascade with blue ribbon streamers featured a gold bracelet worn by her maternal grandmother, mother, and sister in their weddings. For good luck a 1949 and a 1950 penny were worn in her shoes, the birth year of the groom and bride respectively. An ivory lace garter with blue ribbon and seed pearls was designed also by Mrs. Manis for the bride.

The groom wore a tan tuxedo with dark brown trim and a dark brown vest. He wore two ivory rose buds with baby's breath on his lapel, accenting the ruffled ivory shirt and dark brown bowtie.

The matron of honor was Gayle Hankins of Wellington, Texas, sister to the bride. She wore a formal dress of light blue polyester crepe with a pleated skirt accented by a blue satin ribbon and a gathered peasant-style blue lace bodice. Mrs. Hankins also wore a small diamond necklace given to her from the bride. She carried two long-stemmed silk ivory roses with ivory streamers, and wore baby's breath in her hair.

Tiffany Newton, the groom's daughter, and Kristy Hankins, the bride's niece, of Wellington, were the flower girls. They both wore long light-blue dresses of voile over taffeta gathered at the neckline and waist with three gathered tiers each accented by lace. The three-quarter length sleeves and bodice were also accented with lace.

They wore hair combs with light blue silk star flowers, made for them by the bride, along with baby's breath, and wristlets of blue ribbon and ivory silk rose buds.

They carried small baskets with the blue silk star flowers accenting the handbags filled with flower petals from the bride's mothers'

yard. Both wore white patent dress shoes.

Ted Billingley, of Pampa, was the best man. He and the ring bearer wore light blue tuxedos with dark blue trim and matching dark blue vests. Each had light ivory ruffled shirts accented with dark blue bowties and an ivory rose bud on the lapels.

The ringbearer, Scott Hankins, nephew of the bride, carried an oval satin pillow covered with rows of ivory gathered lace and a drop lace ruffle, designed, too, by Mrs. Manis. Thin ivory ribbon streamers and a wide ivory satin bow with streamers accented one side of the pillow, where the rings were fastened.

Paul Lough of Raton, New Mexico and Keith Lambert of Abernathy were the ushers. They wore ivory rose bud boutineers.

A fifteen-candle brass candelabra and a brass fifteen-candle spiral candelabra on either side decorated the chapel. Ivory candles and English ivy trimmed the candelabras. Four globe pew markers with ivory candles and ivy were where the parents and the groom's grandmother were seated.

The bride's mother wore a long mouve polyester dress with lace applique accenting a scoop neckline and a matching dress-length vest with mauve lace appliques as small cap sleeves. Her accessories were pearl strands and an ivory silk rose corsage. The bride's father wore a dark brown suit.

The groom's mother chose a long light emerald green dress of polyester crepe accented by an applique flower and rhinestones at the bodice forming a gathered chiffon cape which came to a point in the back. It also featured a pleated skirt. The dress was accented with an ivory silk rose corsage. The groom's father wore a light beige suit.

Helping to co-ordinate the ceremony was Loe Andrews,

a friend of the bride, from Los Angeles, California.

Following the ceremony, a reception was held in the Fellowship Hall at Sunset. The three-tiered candlelight cake, with light blue sweet peas and rose buds, was formed of four small round cakes as the bottom layer and ivory columns separating the second and top layers. Four ivory silk roses and one bud with baby's breath and blue silk star flowers adorned the top of the cake.

The bride's table was covered by a candlelight lace tablecloth with side lace ruffles, designed by Karen Randolph, a friend of the bride, who was in charge of the reception. Ivory napkins embossed with the gold printed names and date, nuts, blue and ivory mints made by the bride and her sister, pineapple punch, and brass candelabras accented the table. Brass initialed goblets were used by the bride and groom.

The groom's table had two cheeses, finger sandwiches, and crackers with cheese spread. It also had an ivory lace tablecloth and brass candelabra given as a wedding gift. Serving at the bride's table were Judy Brock of Lubbock and Connie Pirtle of Houston; serving at the groom's table was Tiana Hayslip of Lubbock; and also assisting with the reception were Debbie Dobbins and Carolyn Arnett, both of Lubbock. Debbie Rivas attended the guest register.

Following the reception, the bride donned navy blue linen slacks, a voile navy-pink blouse with lace collar, and a beige linen jacket with a navy blue monogrammed lapel. Her corsage had been part of her bouquet. The groom also had navy blue slacks with a beige jacket and ivory boutineer.

They left in a Model-A Ford's rumble seat as blue bird-seed flowers were thrown, made by the bride

Mrs. Lanny Newton

and her sister. A "just married" sign and cans decorated the navy blue car.

The newlyweds honeymooned in Hawaii for one week and the New Mexico mountains for another week. They are now at home in Lubbock, at 5430 6th Street.

The bride graduated from Farmington High School, Farmington, New Mexico; Lubbock Christian College, Abilene Christian University, and Texas Tech University. She is currently employed by the Lubbock public schools and will be teaching fifth grade at Nat Williams Elementary, this year. The bridegroom graduated

from Abernathy High School and attended Lubbock Christian College and Abilene Christian University. He is now working at Newton Radio and TV in Abernathy.

Other out-of-town guests included Mr. and Mrs. C.C. Lough, Mr. and Mrs. Bill Skinner, Mrs. John Donahue, and Peggy Underwood, all of Clovis, New Mexico; Mr. and Mrs. Jim Wallis of Quay, New Mexico; Mr. and Mrs. Art Lynch and girls from Odessa; Mrs. Jeannie Pirtle of Tahoka; Mr. and Mrs. Harold Bufe and girls of Hale Center; and the groom's Grandmother, Mrs. J.V. Newton of Petersburg.

ABERNATHY WEEKLY REVIEW

Family Reunion Of The Late J. W. And Cora Givens Held

The reunion of the late J.W. and Cora Givens was held in the Community Center of Abernathy Sunday August 23rd.

The children of Mr. and Mrs. Givens attending were: Beulah Hunter of Lubbock, J. Ray, Sr. and wife Dama of Crosbyton, Jessie Gillespie and husband Philip of Levelland, Billie Ankenman and husband Harold of Abernathy, Ann and husband Dean Glazner of Midland.

There were grandchildren, great-grandchildren, great-grandchildren, nieces and nephews, and friends attending from the following towns: Abernathy, Crosbyton, Dumas, Clovis, Odessa, Andrews, Lubbock, Levelland, Hobbs, New Mexico, Seminole, Muleshoe, Midland, and Wellman.

The day was spent enjoying great fellowship, good eats, and gospel singing. They dismissed looking forward to meeting again, the second Sunday in August of 1982.

Nona Tucker Returns From Vacation

Mrs. Nona Tucker returned home last week from a nice vacation. She went to Oklahoma City, Tulsa, and to Sherman.

In Sherman she went to her granddaughter's wedding. Mrs. Tucker's son Dewey and family took her to Dallas to see some kinfolks and they visited her daughter-in-law's parents South of Dallas.

In Lubbock she visited with her son and family for one week. Mrs. Tucker was gone for a total of forty-four days.

Tent Revival At Lubbock

A Tent Revival is being held at Westmoreland Baptist Church. The evangelist is Dr. David Ray and the singer is Lonnie Parsons.

The revival started Sunday, August 30th. Nightly services are being conducted at 7:30 p.m. August 31st thru Friday Sept. 4th.

All are cordially invited to attend these services.

Plains Pest Management Report

Bollworms are still the main topic of discussion. Egg laying activity peaked around Aug. 20 with an average of 96,063 eggs/acre in the Edmonson-Kress areas and 70,511 eggs/acre in the Hale Center-Cotton Center areas.

The highest estimated egg lay for this date was 218,400 eggs/acre. Since that date eggs have been decreasing over the area with an average of 9,901/acre for Aug. 24-26. Bollworm larval counts for Aug. 20th average of 30,886 but dropped to 10,872 during the past several days.

Approximately 20 fields were examined in the Petersburg area on Aug. 22 and 25 for bollworms. Counts for this area averaged 11,860 eggs/acre and 63,253 larvae/acre.

Updated Moth Z-V computer predictions for Edmonson

and Cotton Center have been run by Dr. Jim Leser-Area Extension Entomologist. The graph for the Edmonson area shows peak egg lays occurring from Aug. 12 to Aug. 21, then declining to a Sept. 3 plateau and over by Sept. 13.

The small larvae peak was on Aug. 16 and declines gradually to Sept. 13. The Cotton Center prediction varies from the above in that it shows an additional small worm peak on Aug. 26-28.

Treatments for bollworms later in the season becomes a difficult decision. As the boll crop matures and becomes relatively safe from bollworm damage, economic thresholds may be escalated to a range of 10,000-15,000 bollworm larvae per acre.

Each grower needs to evaluate one's own situation, considering number of susceptible bolls, bollworm size

and infestation level, overall potential for damage and net return which would be realized by control.

Several growers have been concerned with the bollworms left after treatments. Many of these worms may have been in protected locations when applications were made, thus escaping initial control. Also we have seen it taking up to 5 days to achieve the highest levels of control with the synthetic pyrethroids (Ambush, Pounce and Pydrin.)

Several growers thought the worms not controlled were resistant tobacco budworms. When examined under the microscope this did not prove to be true, but we are collecting a few tobacco budworms in the pheromone traps.

Corn
 Corn harvest has started only in a few places. The moisture reported has been in the 30 percent range. Lodging from girdling activity of the southwestern corn borer remains light. Lodging generally ranges from 0-5 percent at this time.

Sorghum
 Headworms continue to increase in some fields and should be scouted for over the next several weeks. Also continue to watch for sorghum midge in blooming fields, greenbug builds up after initial treatment and spider mites.

Soybeans
 Podworms (corn earworms) are being found in soybeans, but most fields remain well below economic levels.

COTTON TALKS
 FROM PLAINS COTTON GROWERS, INC.

"It's a chance for farmers to see and hear about latest production research results and gain a better insight as to how some of their hard-earned money is being used."

That's how Gary Ivey of Ralls, current President of Plains Cotton Growers, Inc., Lubbock, describes the 72nd annual field day to be held at the Texas Agricultural Experiment Station (TAES) on Tuesday, September 8, beginning at 1:00 p.m. The Station is located three miles north of Lubbock International Airport on FM 1294.

Producers have money invested in TAES research from at least five sources,

Ivey reminds, including State taxes, Federal taxes, research grants from PCG, the High Plains Boll Weevil Control Program fund and from Cotton Incorporated.

Cooperating with TAES in the field day demonstration is USDA's Agricultural Research Service, Texas Forest Service and the High Plains Research Foundation.

"Highlights and topics to be featured will include weed control, cotton bollworm research, drought tolerance in cotton and grain sorghum, cotton breeding and grape research," states Dr. Tom Archer, TAES entomologist who is chairman of 1981 field day activities.

In addition, Archer says, specialists will be centrally located and available for discussion of any specific producer problems in the production of area crops.

Some of the dues money paid by cotton producers to PCG, Ivey points out, is used for grants to support what the PCG Research Committee considers five top priority research projects.

These include cotton breeding aimed at the development of short-season varieties with improved yields, fiber and seed quality; breeding for cotton strains with higher levels of tolerance to major cotton diseases, with emphasis on combined tolerance to root-knot nematodes, fusarium and verticillium wilt; cotton hybrid pollination; annual soil moisture surveys, and irrigation system design for increasing efficiency and decreasing energy consumption.

Also, Ivey notes, an intensive bollworm research program, initiated this year after the escalation of worm problems over the Plains in recent years, got its start with cotton producer money paid into PCG's High Plains Boll Weevil Control Program.

"Our PCG members can obtain valuable information on all these projects at the field day," Ivey concludes, "and we are urging that as many of them as possible take advantage of the opportunity."

Locals Attend 4-H Training Workshop

The State 4-H Leader and Officers Training Workshop was held at Brownwood at the Texas 4-H Center August 27th-30th.

Five members and one leader attended. They were: Jim Bob Carver, Dan Evans, Micki Neve, D'Ana Howard, Dinah Neve, and Betty Neve. Many new ideas were gathered during the workshops. The Abernathy 4-H Club is looking forward to a new year.

COTTON TODAY

A NATIONAL COTTON COUNCIL SERVICE

USDA PROPOSES 60 CENTS USER FEE: The U.S. Department of Agriculture has proposed that the user fee for cotton classing services under Smith-Doxey be set at 60 cents per bale, beginning October 1. Authority for user fees is contained in the omnibus Reconciliation Act of 1981 signed by President Ronald Reagan recently.

The proposal to set the fee at 60 cents rather than the earlier anticipated higher level of \$1.00 followed discussions with key Administration officials by Rep. William Thomas (R-Calif.) and others over the continued concern that a higher initial fee would adversely affect the classing system.

In announcing the proposal, USDA also indicated that the user fee may be adjusted up or down based on experience gained in operating the program. Classing facilities will maintain separate accounts for each participating producer, and periodic billings will be scheduled as closely as possible with the monthly statement cycle.

EPA APPROVED COTTON GROWTH TERMINATOR TESTS: EPA has approved a petition for an experimental use permit and temporary tolerance for testing two chemicals for pink bollworm management. They would be used in com-

bination to terminate cotton fruiting near harvest time. Such chemicals also may have some potential in management of other cotton insect pests.

Development and submission of the petition followed a recommendation by the National Cotton Council's Pink bollworm Action Committee chaired by Jack G. Stone, a Stratford, Calif., grower. Velsicol Chemical Corporation, EM Laboratories, USDA, and the University of California cooperated in the joint effort leading to the approval of experimental use on a limited number of farms.

RISE IN WORLD COTTON USE SEEN- The U.S. Department of Agriculture has forecast that world cotton consumption will hit a record 67.5 million bales in the 1981-82 season. This would be an increase of 1.6 million bales over the 1980-81 season.

Asian cotton consumption is seen at 44.2 million bales, with Chinese consumption at a record 15.8 million. In Western Europe, consumption is estimated at 5.4 million. The Department forecast U.S. cotton consumption at 6.2 million bales, up 400,000 from 1980-81.

4-H Officers Appointed Cystic Fibrosis Chairmen

The Lone Star Chapter of the Cystic Fibrosis Foundation announces the appointment of the officers of the Abernathy 4-H club as chairmen of its 1981 Breath of Life Campaign in Abernathy.

The purpose of this campaign is to provide the community with information about Cystic Fibrosis and raise funds to support research, education and care programs for CF patients.

The number one genetic killer of children, Cystic Fibrosis, is inherited and incurable-claiming three lives each day. An estimated one in 20 Americans is a symptomless carrier of the re- half of all children born with CF will die before reaching their 20th birthday.

The 4H Club will be conducting a door-to-door fund drive during the week of September 21-26.
