

Antelopes Tame Fiesty Buffalos 13-6

The Abernathy Antelopes won a defensive battle against the Petersburg Buffalos in an unpredictable wet game Friday night at Petersburg by a score of 13-6.

The game was unpredictable up to

the last four seconds as the buffalos were on the move and quickly nearing the goal line. But time ran out on the Buffalos as the Antelopes made a final defensive stand to stop them from scoring.

Petersburg took the opening kick-off, rushed for 8 yards in the next three carries and kicked. In the first Antelope series, Max Riley completed a 13 yard pass to Rodney Cannon but a first down was not in the making due to previous

yards lost and the Lopes kicked. Petersburg was stopped on its' next three possessions, once on the 10 yard line when they fumbled. The first quarter was slow for the Antelopes as they were plagued with dropped pitch-

es, penalties and a bad snap on a kick. The first quarter remained scoreless. The action came in the second quarter as Petersburg scored first with an 8 yard pass from quarterback Doug Fullingim to tight end Sid Bright, but the PAT failed. The Buffalos were ahead 6-0.

Toward the end of the second quarter, the Antelopes came back with an impressive drive making three straight first downs and then scoring with a 12 yard pass from Max Riley to tight end Rodney Cannon. The PAT was good and the Antelopes were ahead at the half 7-6, but not before trying an inside kick that worked just before time ran out.

The second half was a tough defensive battle for both teams. The Antelopes intercepted 2 passes and captivated on three fumbles by the Buffalos. These breaks coupled with a good drive by the Antelopes, made it possible for them to score again in the third quarter when Max Riley ran into the end zone from 5 yards out.

This time the PAT attempt failed and the Antelopes went ahead 13-6.

The Antelopes put together another good drive in the fourth quarter, but were stopped short of the 10 yard line. The Buffalos then had time for one more drive and moved the ball down to around out 15 yard line before time ran out. The Antelopes won 13-6.

Abernathy had a total of 198 yards rushing to 141 yards for Petersburg. In the passing department, Max Riley was

5 of 16 attempts for 62 yds. and Petersburg was 7 of 15 for 40 yds.

OFFENSE	CARRIES-YARDS
John Ruiz	12 for 76 yds.
Max Riley	8 for 53 yds.
Alan Pettit	9 for 45 yds.
Malcolm Dunn	9 for 25 yds.

DEFENSE	TACKLES
Rick Houston	13
David Davis	14
Alan Neis	9
Stacey Mills	13
Alan Pettit	7
Bobby Ross	6
Kenneth Moss	5
Ricky Ortiz	5
James Pace	6

Rick Houston also recovered a fumble and blocked a punt. Alan Neis recovered 2 fumbles. John Ruiz kicked the PAT and averaged 36 yards for two kick-offs and kicked one 11 yard inside kick. We recovered two of our own fumbles and tow bad pitches.

All Teams To Play

Olton Today And Friday

The Abernathy Antelopes will host Olton here Friday and the game will begin at 8 p.m.

The seventh and eighth grade teams will play Olton tonight here with the 7th grade beginning at 5 p.m.

Freshmen and Junior Varsity will go to Olton today and will begin play at 6 p.m.

Chamber Discusses EMT Class, Future Projects

The Abernathy Chamber of Commerce met in the regular monthly meeting Thursday at 7 a.m. with nine members present.

Minutes from the last meeting were read. A total of \$10,930 was donated toward the Jaws of Life tool and almost all of this was put into the purchase of Jaws accessories.

It was pointed out by Chamber President, Charles Bowen, that the new basketball signs needed to be weatherized.

The Chamber is sponsoring the EMT training class. The class started with 16 people, but now it has decreased to 12.

Bowen stated that six of the remaining students may pledge their services to the Abernathy EMT squad upon completion of the course. Bowen also stated that there was a problem with EMT volunteers being able to leave their regular jobs to make calls at times of emergencies.

The Chamber is already working to get Kent Hance to speak at the Chamber Banquet this coming spring.

Bowen proposed that the Chamber

get involved in a service project. He proposed that the chamber should clean-up and fix-up the cemetery north of town. "It is in a run-down condition and is in need of repair," Bowen stated.

The cemetery is under the jurisdiction of the Oddfellow Lodge.

The proposal was discussed and the chamber agreed to check with the Oddfellow Lodge on possibly repairing the cemetery. Lodge members who have more information about the cemetery or an opinion about this proposal should contact Charles Bowen.

Keith Tooley proposed that the chamber have a clean-up day in Abernathy in which all businesses and local residents would set aside one Saturday to clean or repair their lawns, vacant lots, business lots and outer facades. He also proposed that junk and careless weeds be removed from the sight of viewers travelling on I-27.

This proposal was discussed and chamber members expressed a need to beautify Abernathy. Local citizens who have an opinion on this subject should contact Keith Tooley.

Furniture Upholstery Classes Offered

Furniture upholstery classes will be offered Monday nights from 7-9 p.m. beginning September 21 in the CVAE Department at Abernathy High School. A \$25 fee will be charged for the class

and enrollment will be limited.

Materials required for the class will be furnished by those who take it. For more information, contact Richard Boyles at 298-2563, extension 53.

On The County Line

By: Keith Tooley

OUR FOOTBALL ACTION SHOTS of the Abernathy-Petersburg game didn't come out too well. In fact they didn't develop at all.

I must apologize! Sometimes it is easy to overlook the most crucial setting on a camera, as I did Friday night.

Yes, I wanted to make up a different story, such as "it was raining too hard to take pictures," or "a Petersburg Buffalo crushed my camera in anger as I was walking from the field."

After all, I've been taking professional pictures for the past eight years. How could I forget a minor adjustment on the camera. Don't bother to write.

I'M NOT GOING TO MENTION that it rained this past week around any local farmers because rain is extremely unpopular at this point of the season.

Hot, dry weather is needed at this time in order for cotton bolls to mature. Moisture also makes it difficult to harvest corn and grain.

Last year there was not enough rain, this year too much. How come mother nature can't reach a happy medium between these two extremes?

DON'T BE TOO SURPRISED the next time you pay your car insurance premium to find out that it has gone up. The State Insurance Board ordered a 16.3 percent increase in private passenger car insurance rates which will go into effect November 1, 1981.

Luckily, I updated my policy at the present insurance rate about two weeks ago and will not feel the affects of the increase until next August.

A PROMINENT LAWYER told his new secretary that he would be in conference and not to bother him. "If anybody says it's important, just say 'That's what they all say,'" he said.

That afternoon a woman called and insisted on talking to the boss. "I am his wife," she said. "That's what they all say," replied the secretary.

The following was written by Joan Crawford of Salt Lake City, Utah:

"I'm not a lonely widow. I have four men in my life: I get up with Charley Horse; I eat Lunch with Arthur Ritis; I spend my day with Will Power; and I go to bed with Ben Gay."

First Loads Of Corn Delivered

The first fields of corn were harvested in the Abernathy area last week and truck loads were recently weighed-in at local grain companies.

Two grain companies received their first loads Tuesday, September 1.

Coop Grain reported that George Woodward brought in their first load of corn last Tuesday.

Ted Majors stated that the moisture content of the corn was 20.5 on a test of 54 pounds. The load brought in weighed-in at 30,400 pounds.

"Marvin Turner, of Idalou, and Dan

Thompson, of Abernathy, were about tied on their delivery times to Plains Grain, Tuesday, September 1st," stated James Shannon, manager of Plains Grain. "They both brought in a Bob Tail Truck full of corn which tested at 22.5 moisture."

The corn delivered to Coop and Plains Grain was reported to be good quality corn.

Anderson Grain reported not having received any corn up to the present and all three grain companies had not received any grain at this point.

Locals May Be Fined For Trash In Alleys

Abernathy residents must place all trash, garbage, lawn and hedge trimmings in dumpsters or face a possible \$200 fine.

The City of Abernathy uses the state law, V.C.S. 4477-9 as their guidelines against offenders.

This law states: Dumping solid waste on property or into waters; Penalty--Any person who shall dump or otherwise dispose of trash, junk,

garbage, refuse, unsightly matter, or other solid waste on public highways, rights-of way, on other public or private property, or into any inland or coastal waters of Texas without written consent of the owner, his agent, or the public official in charge thereof shall be guilty of misdemeanor and upon conviction shall be fined not less than \$15 nor more than \$200.

Every law enforcement officer of this

Microcomputer Programs Available

Soon there will be a large number of microcomputer programs available for the public at Abernathy Schools. Programs will be offered for basic courses such as reading, writing, and arithmetic.

There is a good selection on hand for advanced science, Biology, Chemistry, Physics, Organic Chemistry, and Physical Science microcomputer programs.

Several programs will be available in Health, First Aid, Anatomy and others. Abernathy Schools has the capability

of producing several different programs that will work either on the Apple II or the Pet Commodore computers. The school also purchased 18 additional microcomputers to be used for supplementary instruction.

Classes To Start

Classes in basic computer literacy concepts and programming will begin Monday September 21, at 7 p.m. in the High School Computer Lab. For more information, call 298-2563 extension 27 or 55.

Local Rafters Win Yellowhouse Canyon Raft Race

Five Abernathy locals participated in the Yellowhouse Canyon Raft Race this past Monday in Lubbock and came in first place over the 84 other rafts entered in the race.

The team made up of Cody Connell, the team captain, Kevin Riddles, Darrick Stallings, Danny Newton and Roger Howard.

The rafters finished with a time of 23 minutes, 13 seconds and came close to breaking the all-time raft race record of 22 minutes, 4 seconds.

The five high school graduates, paddling a raft they named "Duck", brought home two trophies. They received a trophy for winning the "Open" division and another for having the overall best time, which was a silver bowl.

Roger Howard designed the raft, which had two canoe shaped pontoons fastened to a flat deck, but he didn't get to race. He became severely ill before the race and alternate Danny Newton took his place on the four-man raft.

Counselors Re-Locate In Guidance Center

The counselors in the Abernathy School system have moved to a central school location.

The office complex that formerly housed the superintendent's office and the tax-business offices is the "new home" for Mr. Bowen, Mr. Ratcliff, and Mr. Etchison, all counselors for the School.

The Federal Program headquarters is also housed in this office along with

the Parent-School-Community Aide Component. Mrs. Mary Jo Snodgrass and Mrs. Susie Ellis are secretaries. Mrs. Joe Garcia represents Community Aide.

Also the electronic test scoring equipment and color transparency machine is located here for all teachers to use. Everyone is invited to come by to visit and see the new Guidance Center.

Muscular Dystrophy Drive Nets \$1,105

The Abernathy Fire Department, as they have done for many years, collected money for the Jerry Lewis Muscular Dystrophy Telethon this past Sunday and Monday. This year the department received pledges and donations that amounted to \$1,105.

Several phones were installed at the Fire Department and firemen and their wives took pledges and donations from 7 p.m. Sunday until 6 p.m. Monday. Some of the volunteers were on hand to answer the phone all night Sunday.

volunteers who participated in the telethon this year were:

Lindsey Webb,	Pete Peterson,
Jim Bob Smith,	Oliver Shadden,
Keith Ellis,	Terry King,
Ronnie Hamilton,	Jimmy Shuey,
Carl Johnson,	Richard Boyles,
Annette Johnson,	Bill Scott,
Craig Schaaap,	Hal Howard, and
Nancy Schaaap,	Ray Sanders.

Bike Inspection Friday

There will be a bicycle inspection clinic Friday September 11th at 4:15 p.m. at the Methodist Church parking lot.

The Abernathy 4-H Club is sponsoring this clinic and there will be no

New Meter Connections

New meter connections reported by the city of Abernathy since August 28 are: Vicki Cunningham at 1307 Ave. H and Velma Wilkins, 502 3rd St.

Mail Will Not Be Delivered On Sundays

Effective last Sunday, there will be no box or star route mail service for Abernathy on Sundays.

A discontinuance of Sunday service is the result of a cutback by the United States Postal Service in hopes of saving gas and other types of energy that is expended when mail is delivered.

In addition to the discontinuance of Sunday service, there will be no box service on 5 major holidays for Abernathy.

The decision will save money both on the transportation of mail from U.S. Postal Service sectional center facilities at Lubbock and Abernathy and on salaries at the two Post Offices.

As a result of the decision, boxholders will not receive any mail on Sundays.

That includes Sunday editions of newspapers.

Postmaster Ken Moreland suggests

that those people who receive their Sunday newspapers by mail may want to cancel their subscriptions and buy Sunday newspapers from vending racks in Abernathy or have home delivery of the Sunday editions where that is possible.

Society and Features

Riddles-Rippetoe United In Double Ring Ceremony

Shawn Renea Riddles and Fanklin Doyle Rippetoe were united in Marriage in a double ring ceremony at

8:00 p.m. Saturday evening in the Abernathy First Baptist Church.

The bride was escorted to the altar and the ceremony was performed by her father Rev. Lloyd Riddles.

Parents of the couple are Rev. and Mrs. Lloyd Riddles, Abernathy and Mr. and Mrs. Bill Rippetoe, of Hobbs, New Mexico.

The bride wore a peach off-shoulder silk-acetate dress trimmed in chantilly lace and satin ribbon. She wore a garden hat trimmed to match the dress and carried a silk cascade of miniature rose buds, carnations, morning glories, and stephanotis accented with pearls and silk butterflies.

The maid of honor, Susan Deavours of Wolforth, Texas, wore a floral print off-shoulder dress and a peach garden hat. She carried a single rose.

Jr. bridesmaid, Brandi Deavours, of Wolforth also wore a floral print off-shoulder and carried a basket of silk flowers. She wore a crown of matching silk flowers and braided multi-colored ribbons.

Raymond Rippetoe, of Lubbock and brother of the groom and Corey Riddles, brother of the bride attended the groom as best man and groomsmen. Ringbearer was Rusty Riddles.

Ushers were Kevin Riddles and Mickey Haley of Lubbock.

The couple was united in marriage beneath a trellis archway covered in English Ivy accented with peach bows and white doves. It was flanked by a bank of Boston ferns.

Miss Melissa Moore played a flute selection "You Light Up My Life".

A reception followed in

Double-Ring Ceremony Unites Bigham And Murdock

A double ring ceremony united Cynthia Lynn Bigham and Ricky Mark Murdock Saturday September 5th at 7:30 p.m. in Highland Baptist Church of Lubbock. Rev. Richard Waters officiated. Parents of the couple are Mr. and Mrs. M.E. (Burly) Bigham of New Deal and Mr.

and Mrs. W.D. Murdock of Lubbock.

Musical selections were sung by Steve and Sherry Bigham, brother and sister-in-law of the Bride, of New Deal. As the candles were lit they sang the "Wedding Song." As Mothers were seated, they sang "Sunrise-

Sunset." Steve sang "You And Me Against The World," preceding the ceremony.

As the vows were repeated, Sherry sang, "Whither Thou Goest." During the ceremony Steve and Sherry sang "The Lord's Prayer." Mike Armstrong of Lubbock accompanied the song on the piano.

As the wedding party entered, Organist Melba Foshholtz played "Wedding March," she also played the recessional.

The Bride wore a traditional full length white satin gown with a large brim hat with a knee length veil in the back. She carried her great-grandmother's white handkerchief trimmed with blue as something old, borrowed

was her Mother's white necklace and earrings, something new was a blue garter. She wore a penny in her shoe. The Bride's bouquet was silk pastel rosebuds with white lilies.

Bridesmaids were: Donna Jan Oliver of Lubbock, Belinda Attebury of New Deal, sister of the Bride, and Lori Bigham, sister of the Bride. Matron of Honor was Denise Kirk of Lubbock. Flower girl was Valerie Pike of Lubbock who wore a pink dress and carried a wicker basket with a silk flower arrangement of

pastel rosebuds. The Bride's attendants wore pastel dresses of blue, apricot, green and yellow and carried silk flower arrangements to match each dress.

The best man was Lance Hulett of Lubbock. Groomsman were Jimmy Griffin of Lubbock, Tony Richards of Arlington, Terry Hicham of Whiteface. The Groomsman wore gray pin striped tuxedos with gray ties, and pastel shirts matching the bridesmaids dresses. Ring bearers wore gray pin-striped tuxedos with pink shirts.

The ring bearers were Shawn and Craig Bigham of New Deal, nephews of the Bride. The Groom wore a white tuxedo with a white tie. Ushers were Bill Bigham, brother of the Bride, of New Deal, Randy Harris, cousin of the Bride, of Pampa, and Todd Murdock, brother of the Groom of Lubbock. Randy and Todd also lit the candles.

At the close of ceremony Steve and Sherry sang "Endless Love" as a unity candle was lit.

A reception was held in the Fellowship Hall of the Church. The Bride's table was covered with a white lace tablecloth and a tier-

ed wedding cake accented with silk pastel flowers. The centerpiece was the Bride's bouquet surrounded by five glass candleholders with white tapered candles.

The Groom's table was covered with a crocheted tablecloth with a chiffon skirt. The Groom's cake was a German chocolate with chocolate icing and apricot colored trim. Gold coffee Service and gold tableware were used. Robbi Hill of El Paso and cousin of the Bride, and Lisa Anglin of New Deal served at the Groom's table.

Ladies helping with the reception were Barbara Anglin, Linda Hobbs, Barbara Panter, Pat McVay and Belva Harris, aunt of the Bride.

Cynthia attended New Deal School twelve years and is a 1977 graduate. She also attended Texas Tech and L.C.C. University.

Ricky graduated from Coronado High School and attended Midland Jr. College and L.C.C.

The couple will live in Arlington.

A rehearsal dinner was held Friday, September 4th at the Village Restaurant in Lubbock and was hosted by Mr. and Mrs. W.D. Murdock.

Mrs. Doyie Rippetoe

Hobby Club News

The Abernathy Hobby Club met Thursday September 3rd, at 12:00 noon for a Salad Luncheon. This was the first meeting of the fall season. Ona Mae Maserange and Frances Howard were hostesses for the day.

After a delicious meal, a short business meeting was held.

Buelah Woods and Glenna Downs were on the program and presented the crafts and hobbies they have been working on.

Buelah displayed several things she crocheted: a

pretty brown and orange pillow, coke bottle and glasses "Jackets," two white doilies, a santa boat, various hot dish mats and a yellow head band. She also had made a lap robe of double knit and a red and white tissue holder.

Glenna displayed a cute "Kermit" Frog and an infant puppet in a blanket. She also had a number of things in crochet: Five colonial girls that were tissue covers, a Mrs. Santa tissue cover, a baby doll with a crocheted dress, several colorful pot holders and hot dish mats in

different patterns, three white poodles, a mother and two puppies that are tissue covers, a round pillow and pretty orange chair protector.

The eleven members who were present were: Minnie Northcutt, Dyvena Davis, Buelah Woods, Vera Vaughn, Glenna Downs, Ona Mae Maserang, Maurine Hamilton, Francis Howard, Minnie V. Presley, Mildred Rea and Wilma Pope.

Wilma Pope

Those To Remember

Those who had been dismissed from hospitals last week are: Boyd Griffith, St. Mary's of Lubbock; H.H. Oliver at Hale Center; and the following in Methodist Hospital in Lubbock: Dr. Glen McDonald, Cleo Thomas and J.A. Nabors.

Last week Pete Johnson arrived home from the hospital and is reported to be doing well.

Annabelle Stevens is now at home and is better.

Abernathy Young Homemakers Want You

Abernathy offers an exciting and fun filled organization for all women in the Abernathy school district. The organization helps members learn new skills and gain information contributing to home and family living and community membership. What is the program? It is the ABERNATHY CHAPTER OF THE YOUNG HOMEMAKERS OF TEXAS!

Young Homemakers is for people interested in all

areas of homemaking. YHT functions in cooperation with the local high school homemaking program and homemaking teachers who serve as advisors, make this program possible.

Meetings are held on the second Monday of each month in the Jr. High Auditorium. Babysitters are provided free of charge during the meeting. Program plans for the year include: interior decorating, energy conservation, arts and

crafts, nutrition for the career woman and her family, and self-improvement.

Interested? If so, attend the first meeting and check YHT out for yourself. The meeting will be held at 7:30 p.m., September 21 in the Jr. High Auditorium.

Door prizes and refreshments will be provided. For more information contact, Marilyn Stone at 298-2563.

Coggin visited relatives in Abilene early this week.

Mrs. Marie Brewster of Littlefield visited in the home of Mr. and Mrs. J. C. Montgomery Tuesday and accompanied them to Hale Center to visit Mrs. Clara Desmond in the nursing home there.

Mr. and Mrs. H. C. Barnwell were in Plainview Friday with their son, Alan who had major surgery in Central Plains General Hospital Friday.

Mr. and Mrs. J. Bently of Leedy, Okla., visited Mrs. E. G. Mahagan during the weekend.

Mr. and Mrs. H. N. Meadows and Mr. and Mrs. Kenneth Meadows returned home Friday from a 10 day trip to Union City, Calif., where they had visited their daughter and family, Mr. and Mrs. Gene McCall, and attended the wedding of their granddaughter, Dinah Sue McCall and Dan Stuzman. The ceremony was held in the First Baptist Church in Union City.

WEEKLY DEVOTIONAL

Many people who lived during the time Jesus walked this earth could not accept Him as the Messiah because He appeared in such a humble state. He accepted our weakness and chose to live human life fully. Why a God chose to save us in such a fashion is known only to Him, but there is a mighty lesson for us to learn.

Limitation and weakness are facts of life. We know them to be a part of the human condition. They are a cause of frustration and despair for some who so crave perfection. They, very often, are in the experience of calling us to trust Him. We live the truth that we cannot save ourselves.

Christ embraced the human condition to show us that the limitations of this life cannot deprive us of life with God. He took the form of a slave and accepted even death and then was exalted in glory. In our own weakness, we hear the same promise of glory. Rather than despair, we know the experience of imperfection is a call to hope. We are called to hope that the Lord will fulfill His promise that weakness and death cannot deprive us of life with Him.

WINDOW SHADES FOR COOLER HOMES--Window shades can make homes cooler and lower utility bills for summer, says a housing and home furnishings specialist with the Texas Agricultural Extension Service, Texas A&M University System. One study shows that window shades can reduce summer cooling costs by an average of \$100. Opaque (no light can get through), light-colored shades deflect the sun's solar

rays away from windows, reducing heat buildup in the home as much as 60 percent. Less heat buildup means less air-conditioning to cool the home.

Cotton And Grain Sorghum Featured At 72nd Field Day

Cotton and grain sorghum, dominant crops of the South Plains, will share the spotlight with grapes during the 72nd annual field day of the Texas Agricultural Experiment Station at Lubbock, Hale County Agent Ollie Linder reports.

The Texas A&M University Agricultural Research and Extension Center just north of the Lubbock International Airport is host this year, Linder said. The annual program alternates between the Lubbock center and its facility at Halfway, he explained.

The center in Lubbock is on FM 1294 just east of I-27 at the Shallowater exit. Tours will begin at 1 p.m. and end at 5 p.m. Tuesday, September 8.

Five major displays are planned on the tours of the research plots and facilities of the center. Dr. Tom Archer, research entomologist at the center and field day chairman, said they will show research being conducted on grapes, cotton and grain sorghum; the development of drought resistant cottons and sorghum; weed control; bollworm research and the ongoing cotton improvement program.

Visitors also can see research on other crops and on soil fertility, irrigation and insect control. In addition, the county agent said, Extension specialists and research scientists will be available to answer questions and discuss specific problems in crop production, irrigation

and fertilization. At the Center's research vineyard, Dr. William Lipe, TAES associate professor of horticulture and a specialist in viticulture, will discuss research on more than 300 varieties of grapes. The decade of research activities has resulted in recommendations for 10 varieties best suited to the High Plains, Lipe said.

"These varieties include both wine and table grapes and have been selected because of good production and excellent juice quality in

addition to their adaptability to the area," Lipe said. Cold hardiness is a primary concern in adaptability, he noted.

Another popular feature of the annual public program is a display of the latest farm machinery and irrigation equipment.

The field day is a cooperation presentation of TAES, the High Plains Research Foundation, the Texas Agricultural Extension Service and the Agriculture Research Service of the U.S. Department of Agriculture.

4-H Leader Forum Slated Saturday

4-H Leaders from the 20 county South Plains Area will gather for a 4-H Leader Forum on Saturday, September 12 from 9:00 a.m. to 4:00 p.m. The forum will be held in the Home Economics Building on the Texas Tech Campus.

Workshops will be presented by 4-H Specialists, District Directors, County Extension Agents and Adult

Leaders. Nicki Logan, 4-H Leader from Hale Center, will present a workshop on Commodity Marketing projects. Other workshops will feature 4-H Resources and Fund Raising.

Registration for the forum will be \$6.00 which includes lunch and those interested in attending should contact the Extension Office by Monday, September 7, 293-8481.

COTTON TODAY
 A NATIONAL COTTON COUNCIL SERVICE

COTTON COSTS RISE: Per-acre cotton production costs in 1980 totaled 95.4 cents per pound, compared with 63.3 cents in 1979, the National Cotton Council reports.

The Council said the U.S.

Department of Agriculture reports cotton will cost 89.8 cents per pound to produce in 1981. Increases in fuel and fertilizer prices and interest rates were cited as reasons for increased costs.

PLAN DRAFTED FOR BALES: A subcommittee of the Joint Industry Bale Packaging Committee is working to refine definitions of acceptable bale standards to prevent cotton yarn and fabric contamination.

During a recent meeting of the group, textile manufacturers emphasized that cotton dust regulations are forcing domestic cotton spinners to invest millions of dollars in labor-saving machinery to decrease worker exposure to cotton dust. Automation also means that mills require cleaner cotton bales because workers will no longer be available for extensive hand cleaning.

Bale surface contaminants are costly to cotton because of increased processing costs, rejected yarns and fabrics, and customer dissatisfaction.

EXPORT SALES CONTINUE STRONG: Net new sales of U.S. cotton for export in the marketing year 1981-82 totaled 153,000 running bales during the week ended August 20. The major buyers were Japan, 47,800 bales; Taiwan, 25,800; and China, 25,000.

Export sales during the past five weeks have totaled 1,517,000 bales, averaging more than 300,000 bales each week, to increase commitments for the season 300 percent over the total at the beginning of the period.

COTTON USE RISES: Consumption of cotton by U.S. mills advanced in July as the seasonally adjusted annual rate reached 6.2 million 480-pound bale equivalents, 9 percent above the June level, the National Cotton Council reports.

However, cotton's share of total fiber consumption dropped from 24.3 percent in June to 23.5 percent in July.

COTTON TALKS
 FROM PLAINS COTTON GROWERS, INC.

Beset by low prices, high and rising production costs, insects, weather, an unsympathetic atmosphere in Washington and a myriad of other problems, farmers and

farm writers have little time to worry about inequities in the Security system.

But farmers have no choice but to pay self-employment taxes and Social Security taxes on their employees, making its viability one of their legitimate concerns. At least that is the strong opinion of Cecil Williams, Executive Vice President of the Agricultural Council of Arkansas (ACA), and officials of Plains Cotton Growers, Inc., Lubbock, are in full agreement.

Williams, based in West Memphis, Arkansas, hasn't offered any solutions. However he has pointed out to his members that about the only contacts reaching the Arkansas congressional delegation regarding Social Security have been from people complaining that benefits may be cut. This leaves the impression he believes those paying Social Security benefits, including farmers, should be firing their own salvos of complaints. And he has ferreted out an armory of ammunition, some of which follows.

Social Security, contrary to what the multitudes have been led to believe since the

program's inception, is a pay-as-you-go system, not a trust fund in the true meaning of the term. "This year's taxes pay for this year's benefits—or almost," Williams says.

Today just three working people support each retiree, and by the time post World War II babies reach retirement age there will be only two workers supporting each retiree.

Congressmen and other Federal employees pay no Social Security taxes, which prompts Williams to suggest this question: "If 83 percent of Social Security benefits are now direct welfare payments, as stated by Enterprise News Service of Washington, D.C., then why shouldn't congressmen and government workers pay Social Security taxes along with the other 90 percent of the work force?"

Business pays over half of the Social Security bill. Social Security is usually thought of as a tax on workers to help pay for their retirement. But every penny of Social Security taxes paid by an employee is matched by a business, the owners of which also pay self-employment tax.

Stating that the "heaviest burden is yet to come," the ACA executive makes the point that both employees and self-employed retiring in 1981 will receive more

Plains Pest Report

Cotton
 Many fields now have an occasional open boll in them. A few are approaching 5 percent open bolls. Scattered showers, cooler temperatures and high humidity occurred during the past week.

Heavy bollworm egg lays were reported for many fields during the past week. In general, egg laying was heavier in the Edmonson-Kress areas, with one count reaching 326,800 eggs per acre.

The amount of time for eggs to hatch has been extended to 4 or 5 days due to cool nights and mild daytime temperatures. Eggs collected on Aug. 31 have had 17 percent hatched, 48 percent unhatched and 35 percent black indicating they are possibly parasitized. In several instances these egg lays have failed to produce economic infestations of bollworm larvae.

Egg counts in the Mayfield, Cotton Center and Hale Center areas have been on the decrease for the past three days and larvae counts remain below economic thresholds in most of these fields.

Corn
 Corn harvest has now spread to many areas in Hale and southern Swisher counties. Reported grain moistures have been ranging from 23 to 30 percent and averaging around 26 percent. Lodging due to girdling

benefits in less than three years than the maximum they could have paid in taxes.

by the southwestern corn borer remains low in fields that were treated for the pest.

In fields that were not treated lodging is ranging from 5-35 percent. Lodging is also occurring from other factors such as stalk rots, moisture stress and spider mite damage. Harvest losses from this type of lodging should be much less than lodging from the southwestern corn borer since the stalk remains attached to the root system and can be pulled into the combine.

If one plans to plant wheat on corn ground, remember it is important to plow the stubble to reduce the numbers of overwintering southwestern corn borer larvae. Even if one does not plan to plant corn next year, stubble destruction should be practiced on a community wide scale.

Sorghum
 Most sorghum is in the hard dough stage. Spider mites are being found in most fields, but damage is light. Most mite colonies are without egg which means the populations are stable and probably preparing for overwintering. Greenbug are now being held in check by the wasp parasites.

Sorghum rust (disease) is appearing in several fields. Rust appears as small reddish brown pustules over the leaf surface. When severe the disease can cause yellowing or death of leaves.

FFA Projects To Go On Display At Panhandle South Plains Fair

Projects created by Future Farmers of America will be on display and students will be competing for \$2,165 in premiums being offered during the 64th annual Panhandle South Plains Fair here Sept. 26-Oct. 3.

The displays, according to general manager Steve L. Lewis, will consist of finished wood products, livestock and farm equipment, recreational and home convenience projects and general shop products.

Quality of workmanship, accuracy, skills, displayed, practicability, design and finished will be considered in the judging, Lewis noted.

Prize money will be distributed to both large and small products in the four categories, ranging from a low of \$20 to a maximum of \$100.

After the placings, \$50 will be given to the best overall large metal projects and plaques will go to the winning FFA Chapters.

Best overall winners in small metal projects and finished wood products will receive \$40 and plaques also will go to the chapters.

The agricultural mechanics exhibits will be on display in the Agricultural Building throughout the eight-day exposition, Lewis said.

The works by the Vocational Agriculture students have

become a popular attraction at the fair in recent years.

In addition, seven shows have been slated for the stage of Fair Park Coliseum, including a record 10th appearance by Charley Pride on Sept. 26.

He'll be followed by Mickey Gilley and Johnny Lee, Sept. 28; Don Williams, Sept. 29; Marty Robbins and Little David Wilkins, Sept. 30; Slim Whitman and Boxcar Willie, Oct. 1; Mel Tillis and The Maines Brothers, Oct. 2; Jacky Ward and the Kendalls, Oct. 3.

Shows will be presented at

5 p.m. and 8 p.m., except for Williams, who will perform only at 8 p.m.

All seats are reserved and tickets are \$6, \$7, and \$8. Tickets are available at the fair office, Dunlap's, Luskey's Western Wear, Ed's Wagon Wheel and Hemphill-Well's store in South Plains Mall only. Mail order requests also are being accepted at P.O. Box 208, Lubbock, Texas 79408. Orders will be processed in the order in which received and requests must be accompanied by a stamped, self-addressed envelope.

Farming Info. Available With "TOMI"

Information on the new Farm Bill, cattle on feed, livestock slaughter and the milk, cotton and soybean situations is featured during September on "TOMI."

TOMI (Telephone Outlook and Market Information) is a system built around recorded telephone messages changed periodically to provide up-to-date information, points out Ollie Liner, county agent with the Texas Agricultural Extension Service, Texas A&M University system.

Recording messages are prepared by Extension Service economists, using the latest available information.

By dialing 713/845-4886, anyone can get market and outlook information seven days a week, 24 hours a day, notes Liner.

Information scheduled to be available through TOMI during September is as follows:

- September 1-3--Retail Meat Prices-Ed Uvacek
- September 4-7--1981 Farm Bill-Ron Knutson.
- September 8-10--Cotton Update-Carl Anderson.
- September 16-21--Cattle on Feed Analysis-Ed Uvacek.
- September 22-24--Milk Production Update-Bud Schwart.
- September 25-29--Hog & Pig Outlook-Ernie Davis.
- September 29-Oct. 1--Soybean Supply Situation-Johnny Feagan.

TOMI can help you keep abreast of the latest happenings in various commodity markets and also provides other pertinent information designed to help you with both short and long-range planning, says Liner.

TRANSITION

Charles Edwin Hardesty

Charles Edwin Hardesty, former residence of Abernathy, passed away August 30, in Colorado Springs, Colorado.

Hardesty was born September 14, at Johnson Texas. Hardesty lived in Colorado since 1964. He moved to Colorado from Abernathy where he was employed by Southwestern Public Service as a bookkeeper.

Hardesty married the former Mary J. Hooks July 30, 1924 in Oklahoma City, Oklahoma. Hardesty was a member of Velleue Baptist Church in Colorado Springs, Colorado.

He is survived by his wife Mary J. Hardesty; and two brothers, Wesley Hardesty of Friona, and James Marion Hardesty of Bernardsville, New Jersey.

Services were held at 2:00 Wednesday, September 2 at Sun Set Chapel in Colorado Springs, Colorado. Entombment was at Memorial Gardens Mausoleum, in Colorado Springs.

August 1, 1970

Comparison shopping shows some eye popping increases just since 1970. When you include blue jeans at \$3.77 and name brand mens shoes under \$20 the increases seem general.

It doesn't help to know that electricity, though higher in price, has not increased at that accelerated pace. Still it does put it into proper perspective when we calculate its value.

By almost any yardstick electricity from the member-owned cooperative is valuable—it's worth saving.

When You Shop Here at Home You Help Create More Jobs

Many years ago, when our town was just beginning, it had few people, fewer stores and no manufacturing as we know it today.

Our community grew because more people moved here in our trade area. Soon there was a demand for more stores and a need for local manufacturing.

People moving here meant building more homes, more stores meant more jobs and our industries needed workers. The word got around, and a steady stream of people looking for work and homes settled here.

Today, the more business our stores do the more people they hire. More jobs in our industries mean more business for all, and help spread and lower the tax burden.

Nothing very mysterious about it. Nearly every community grew the same way. So, shop at home and do YOUR part to help us all continue to grow.

Keep part of the dollars you spend... SHOP AT HOME!

District 3-3A Spotlight

Tulia
Tulia defeated Friona for the seventh straight time by a score of 18-0 Friday night. Tulia hasn't lost to the Chieftains since 1974. Tulia has 14 starters back this year and are picked first in this district and 18th in the state. Running Back Roland Powell rushed for 237 yards in 16 carries in Friday night victory over Friona.

Lockney
The Lockney Longhorns were defeated Friday by the Post Antelopes. The Antelopes easily won 31 to 0. Post was ahead 24-0 at the half. Lockney is ranked last in District 3-3A and 157th in the state.

Floydada
The Whirlwinds haven't lost to Dimmitt in more than a decade and they kept a clean slate Friday by defeating Dimmitt 48-0. Floydada has 11 starters back. They are ranked 5th in this district and 78th in the state.

Childress
Running back Donald Sims is the player to watch this year on the Childress team. He gained more than 100 yards in Friday night's game against the Quanah Indians. Childress won 20-21. The Bobcats rushed for 270 yards in this game. Childress is ranked second in this district and 30 in the state.

Idalou
Idalou breezed past the Shallowater Mustangs Friday night by a score of 20-6. James Serman gained 117 yards in 15 carries in this game. Idalou also has a good passing game with quarterback Henry Vega who completed several passes and one for a score Friday night. Idalou is ranked 4th in this district, just behind Abernathy. The Wildcats are ranked 73rd in the state.

All of the teams in the 3-3A District won their games this week except Lockney. The four other teams are rated in the top 78 teams in the entire state.

Abernathy is rated third in this district and 56th in the state.

New Deal News

Lions Defeat Kress, Ranked First In District 4-2A

The New Deal Lions displayed good football talent last year and came very close to winning the District 4-2A title.

The New Deal Lions have been ranked first in District 4-2A, according to Harris Rating recently released.

The Lions will play Roosevelt Thursday, the JV will begin play and Varsity will play Friday night.

New Deal School Board Sets Tax Rate

Those present at a special meeting of the New Deal School Board August 31, Verlin Anglin, Robert Hughes, Perry Looney, Wendell Attebury, Superintendent Flood, High School Principal, Al Gambelin and a visitor.

The board voted 6-0 to accept Mr. Perry Looney's motion to accept the amendment of the 1980-81 budget and it carried.

The board voted 6-0 to accept Mr. McQueary's resignation. The board also voted 6-0 to give Mrs. Hudson a bonus of \$300 a year for work on the annual.

Mr. Tella Walker of Abernathy was the featured speaker at the Wednesday night services at Lakeview Church, August 19th.

Clayton Enger attended the annual Enger family reunion at Cransfill Gap Sunday. He was accompanied by his sisters, Mrs. Minnie Northcutt of Abernathy, Mrs. Olga Sewell of Plainview, Mr. and Mrs. Herman Enger, Rev. and Mrs. James Enger and Mr. and Mrs.

Lions' Strength In Backfield

By RICHARD DAY
Avalanche-Journal Sports Staff
NEW DEAL - Eighteen players graduated from last season's 9-1 New Deal squad that finished only one-half

game behind Shallowater in the District 4-2A race. The Harris Poll has selected the Lions to go all the way to the top of the league standings this season even though they have only seven lettermen back from last season.

THE FACTS
Nickname - Lions District - 4-2A Head Coach - Buster Leaf Assistant Coaches - Jimmy Noland, Steve Bigman, Jackie Stewart 1980 Record - 9-1
THE ROSTER
Quarterbacks - Albert Villegas (5-5, 150, Sr.); Robert Lee Villegas (5-8, 155, Jr.); Backs - Brian Jordan (5-8, 178, Sr.); Charly Johnson (5-8, 155, Sr.); Manuel Adams (5-7, 155, Sr.); Ernest Adams (5-6, 160, Jr.); Steve Johnson (5-11, 150, Jr.); Ends - Gordon Koonce (5-9, 150, Sr.); Danny Brennan (5-8, 150, Sr.); Jessie Villegas (6-0, 165, Jr.); Robert Jackson (5-10, 175, Jr.); Nathan Shannon (5-10, 150, Jr.); Tommy Abercrombie (5-10, 175, Sr.); Tackles - Teddy Ballard (6-0, 170, Jr.); Juan Olguin (5-9, 165, Jr.); Guards - Ken Richardson (5-11, 185, Jr.); Ruel Hernandez (5-9, 215, Jr.); David LaFon (6-0, 165, Jr.); Center - Jeff Greenhill (6-0, 190, Sr.);

Teddy Ballard (6-0, 170) at tackle. The key to the 1981 New Deal success story will lie in the development of an offensive line, Leaf said.

"We don't have much varsity experience in the offensive line," he said. "We have a lot of young kids coming up from a successful year in junior varsity ball. They're going to have to make the adjustment to varsity ball in a hurry."

Top juniors should include tight end-linebacker Robert Jackson (5-10, 175), guard-defensive end Ken Richardson (5-11, 185), guard-defensive tackle Ruel Hernandez (5-9, 215), tackle Juan Olguin (5-9, 165) and guard-defensive end David LaFon (6-0, 165).

"We're going to be very quick this season," Leaf said. "It will be one of the quickest teams New Deal has fielded in many years. We're not very big though. We're going to be small and quick and have good speed."

New Deal should also have a good kicking game with Jackson and Manuel Adams (5-7, 155) sharing punting chores and Henry Ramirez (5-5, 145) and Johnson handling the place kicking duties.

Jerden, an honorable mention all-district selection at linebacker last season, will lead the Lions' 5-2 defensive attack.

Leaf says the 4-2A race is as even he's ever seen it, with as many as six teams with a chance at reaching the playoffs.

"There's no doubt that Hale Center has the best talent," Leaf said. "They also have a lot of depth - which we lack - and a new coach. Then there's Shallowater - you've always got to beat the defending champion. As balanced as the district will be, one thing is for sure, we can't afford to get anybody hurt. We have only 25 out and we're young. Our youngsters are going to have to come around and the team is going to have to stay healthy."

parents, Mr. and Mrs. H. C. Barnwell Tuesday.

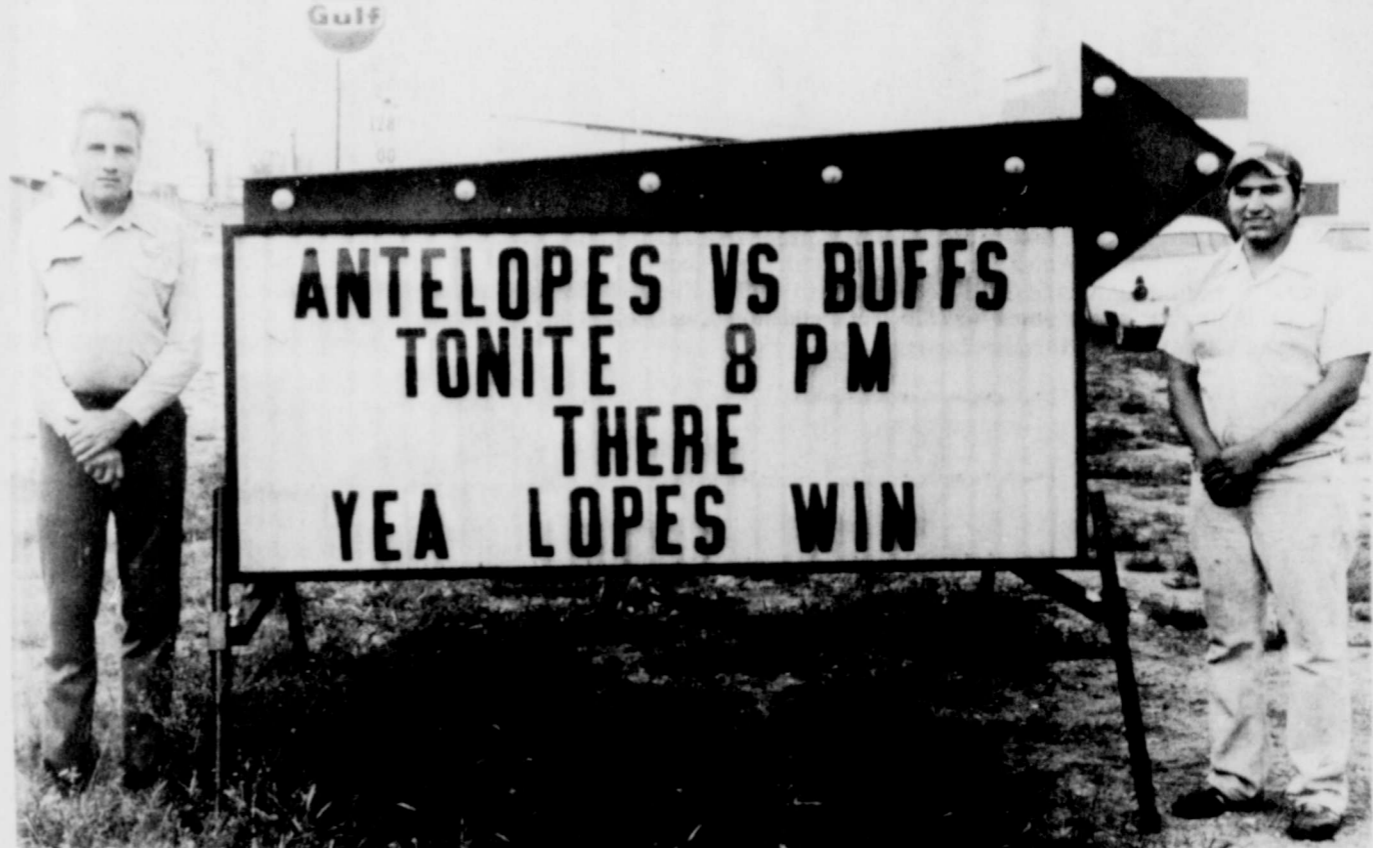

Mr. and Mrs. D. W. (Pete) Matthews of Midland were dinner guests in the home of Mr. and Mrs. Gene Matthews Monday. Randa and Opal Matthews and Mrs. N. Matthews visited James Holcomb in St. Mary's Hospital Monday afternoon.

Mr. and Mrs. Bill Biddy of Lubbock and Mr. and Mrs. Scherell Creamer and children of Hildreth visited in the home of Mr. and Mrs. J. C. Montgomery Sunday.

Mr. and Mrs. B. J. Greenwood and Mr. and Mrs. Charles Scarborough of Lubbock were guests in the home of Mr. and Mrs. Henry Scarborough Sunday.

Mrs. E. G. Mahagan visited her son and family, Mr. and Mrs. Lewis Mahagan at Claytonville Sunday.

A different flavoring for hot tea: instead of sugar, add a couple of lemon drops or hard mint candies. They melt quickly and keep the tea tasting clean and brisk.

BACKING THE ANTELOPES with his new sign is Don Mauldin, owner of the local Gulf station on the 87 service road, and Service Manager Ovidio Ramirez on the right. Don proposes to keep his spirit sign updated with each game. (Review Photo)

AVISO PUBLICO

Breves Declaraciones Explicativas De Las ENMIENDAS CONSTITUCIONALES PROPUESTAS ELECCION ESPECIAL 3 DE NOVIEMBRE DE 1981

PROPOSICION NO. 6 EN LA BOLETA

Resolución Conjunta No. 81 de la Cámara de Representantes autoriza al cuerpo gobernante de un condado, una ciudad, un distrito escolar u otras subdivisiones políticas declarar libre de impuestos una porción del valor de mercado de un hogar de residencia. La porción libre de impuestos puede ser hasta 10% para el periodo 1982-1984; 30% para 1985-1987; y 20% para 1988 y los años siguientes. La cantidad de la exención no puede ser menos de \$5,000 a menos que la legislación por ley general prescriba otras restricciones monetarias de la cantidad de exención. A un adulto elegible se le permite recibir otras exenciones aplicables previstas por la ley. Se hace excepción en caso de que los impuestos por avalúo hayan sido comprometidos previamente para el pago de deudas.

La enmienda también provee \$500,000,000 del crédito general del estado para garantizar bonos emitidos en sucrosos comerciales por subdivisiones políticas locales, incluidos condados y distritos especiales. La enmienda permite que se establezcan cantidades para disminuir o para retirar deudas del estado, las cuales se definen como deudas garantizadas por la plena fe y el crédito del estado. La enmienda aumentaría el interés que se pueda pagar en bonos autorizados pero no emitidos, garantizados por la plena fe y el crédito del estado, de 6% a 12%.

PROPOSICION NO. 7 EN LA BOLETA

Resolución Conjunta No. 4 de la Cámara de Representantes propone una enmienda que autorice a la Junta de Terrenos para Veteranos poner en circulación y vender bonos adicionales en la cantidad de \$250,000,000 lo cual aumentaría de \$700,000,000 a \$950,000,000 la autorización total de circulación de bonos del Fondo de Terrenos para Veteranos. La enmienda aumentaría el interés máximo pagable por el estado por estos bonos de 6% a 10% y permitiría una tarifa aún más alta si fuera especificada por la legislación.

PROPOSICION NO. 8 EN LA BOLETA

Resolución Conjunta No. 49 de la Cámara de Representantes propone una enmienda constitucional que permitiría incluir el ganado y las aves con los productos agrícolas libres de impuestos.

PROPOSICION NO. 9 EN LA BOLETA

Resolución Conjunta No. 6 de la Cámara de Representantes propone una enmienda constitucional que permita que la mitad de

PROPOSICION NO. 10 EN LA BOLETA

Esta enmienda no se aplica a terreno de playa, a terreno sumergido ni a islas. Un solicitante no puede usar esta provisión

PROPOSICION NO. 6 ON THE BALLOT

House Joint Resolution 81 authorizes the governing body of a county, city, school district or other political subdivisions to exempt from taxation a portion of the market value of a residence homestead. The portion exempted may be as much as 40% for 1982-1984; 30% for 1985-1987; and 20% for 1988 and after. The amount of an exemption may not be less than \$5,000 unless the legislature by general law prescribes other monetary restrictions on the amount of the exemption. An eligible adult is allowed to receive other applicable exemptions provided by law. An exception is made where ad valorem tax has previously been pledged for the payment of debt.

PROPOSICION NO. 7 ON THE BALLOT

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the use of a portion of the excess revenues of the state for water development, water quality enhancement, and flood control purposes; authorizing the use of the state's credit, not to exceed five hundred million dollars, to guarantee the bonds of cities, counties, towns, and other units of local government in the financing of projects for such purposes; increasing the interest rate that may be paid on previously approved, but unissued, state bonds; and authorizing a program to retire state bonds."

PROPOSICION NO. 5 ON THE BALLOT

House Joint Resolution 49 proposes a constitutional amendment that would exempt livestock and poultry from taxation. Currently, farm products in the hands of the producer and family supplies for home and farm use are exempt.

PROPOSICION NO. 4 ON THE BALLOT

House Joint Resolution 6 proposes a constitutional amendment that would provide that one-half of the surplus tax revenues

PROPOSICION NO. 3 ON THE BALLOT

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing a political subdivision to provide property tax relief for owners of residence homesteads and changing certain property tax administrative procedures."

PROPOSICION NO. 2 ON THE BALLOT

Resolución Conjunta No. 117 de la Cámara de Representantes propone una enmienda constitucional que autorice a una persona a recibir título de terreno del Comisionado de la Oficina General de Terrenos bajo ciertas condiciones. La solicitud para el título se tiene que hacer dentro de cinco años a partir de la aprobación de la enmienda. El terreno tiene que ser terreno de las escuelas públicas libres, medido, y no previamente titulado. La persona tiene que tener una escritura del terreno propiamente registrada, que adquirió sin saber del defecto de título y que el y sus antepasados interesados han tenido por lo menos durante 50 años. La persona y sus antepasados interesados tienen que haber reclamado el terreno continuamente y pagado los impuestos por lo menos durante 50 años.

PROPOSICION NO. 1 EN LA BOLETA

Resolución Conjunta No. 8 del Senado propone una enmienda constitucional que permita a la legislatura autorizar a ciudades, pueblos y otras entidades fiscales conceder exenciones de impuestos por avalúo en una área no productiva, subdesarrollada o deteriorada para estimular su desarrollo. La enmienda también permitiría a la legislatura autorizar a una ciudad o a un pueblo emitir bonos o vales para financiar este desarrollo y empujar futuros aumentos en los ingresos de impuestos por avalúo sobre la propiedad en dichas áreas para pagar estos bonos o vales.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 3, 1981

PROPOSICION NO. 1 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would allow the legislature to authorize cities, towns and other taxing units to grant exemptions from ad valorem taxes on an unproductive, underdeveloped or blighted area in order to encourage its development. The amendment would also allow the legislature to authorize a city or town to issue bonds or notes to finance this development and to pledge future increases in ad valorem tax revenues from the property in such areas to repay these bonds or notes.

PROPOSICION NO. 2 ON THE BALLOT

House Joint Resolution 117 proposes a constitutional amendment that would authorize a person to receive a patent to land from the Commissioner of the General Land Office under certain conditions. Application for the patent must be made within five years from approval of the amendment. The land must be surveyed, public free school land not previously patentable. The person must have a properly recorded deed to the land, which he acquired without knowledge of the patent defect and which title he and his predecessors in interest have held for at least 50 years. The person and his predecessors in interest must have continuously claimed the land and paid the taxes for at least 50 years.

PROPOSICION NO. 3 ON THE BALLOT

House Joint Resolution 38 proposes a constitutional amendment that would enable the legislature to grant to a state finance management committee the authority to manage state funds. Funds constitutionally dedicated to specific purposes would not be subject to committee management. The committee would be composed of the Governor, Lieutenant Governor, Speaker of the House of Representatives, Chairman of the Senate Finance Committee, Chairman of the House Appropriations Committee, Chairman of the Senate State Affairs Committee, and the Chairman of the House of Representatives Ways and Means Committee.

PROPOSICION NO. 4 ON THE BALLOT

House Joint Resolution 6 proposes a constitutional amendment that would provide that one-half of the surplus tax revenues

Women's Soccer Team Wins Second Championship

The STRIDERS, a women's soccer team, composed mainly of Abernathy players, won their second championship in two years.

Last year, their first in organized soccer and coached by Ruben Garcia, the STRIDERS won the C Division Championship. This year, coached by Dennis Moore of Lubbock, the STRIDERS won the B Division Championship.

STRIDERS belong to the West Texas Women's Soccer Association, and out of 32 teams this year, they placed second.

Playing for the STRIDERS are: Oralia Gonzalez of New Deal, Ramona Cruz, Cathy Garcia, Coralie Cox, Sylvia Cuevas, Sandy Burns and Sully Hinojosa both of Lubbock, Patty Hall, Sandra

Gainer, Mary Ann Garcia, Hilda Ponce, Karen Davis, Jose DeAnda, Jo Ann Lambert, Candy Davalos and Linda Davis.

Coach Dennis Moore forwards the team competing in the A Division in 1982.

The STRIDERS played in a tournament the weekend of August 28-30 and won their bracket. Their next tournament will be in December.

"MANAGE" BRUSH-In dealing with range brush, it's now an issue of management rather than control. A total system concept using various methods of brush control that complement each other and extend the life of each treatment at lower cost seems to hold promise, says a range specialist with the Texas Agricultural Extension Service, Texas A&M University System. Such a system takes into consideration the use of rangelands as wildlife habitats as well as the fact that rangelands serve as watersheds in many areas.

UNDER 10 GIRLS SOCCER TEAM is, front row left to right, Ashley Kester, Charis Ater, Holly Murray, Shanni Water, Christye Mariz and Erma Cooper. Team members on the back row from left to right are: Kristie Galloway, Shannon Peoples, Kimberly Kemp, Stephanie Gainer, Marci Ryan, Dollie Cooper and Janie Vecchio. Not pictured is Eva Dominguez. Coaches for the team are Karen Davis and Hilda Ponce. (Review Photo)

UNDER 8 GIRLS SOCCER TEAM is pictured, front row from left to right, Angie Ater, Tana Cox, Tonya Myatt, Kara Davis, Crystal Ponce and Prim Ryan. Back row left to right is: Elise Prather, Micha Riley, Sunshine Shadden and Kristi Robinson. Not pictured is D Kendall Teeter, Deena Moralez, Holly Davis and La Shae Martin. (Review Photo)

UNDER 6 GIRLS SOCCER TEAM is pictured, front row from left to right, Jessica Ramirez, Jennifer Cruz, Gracie Hernandez, Kristi Edwards, and Jennifer Brown. Back row left to right is Lori Perez, Michelle Langwell, Mandy Hall and Kayla Schaap. Not pictured is Diana Aguirre and Misty Spradling. Coaches are Cheryl Edwards and Lupe Hernandez. (Review Photo)

Land Purchased Near Hale Center For Site Museum

Purchase of five acres of land a half-mile south of southwest Hale Center for the site of the Hale County Farm and Ranch Outdoor Historical Museum has been announced by Everett Masters, chairman of the museum committee.

The land was purchased by Everett Masters, chairman of the museum committee.

The land was purchased from Mrs. Fannie Sue Orval Boyd, widow of the late Orval Boyd, prominent civic leader here for many years who spearheaded the development of Hale Center's most fashionable neighborhood, the "Boyd Addition," located on land he owned just south of 1st street, in the early 1960's.

The property is located at a choice, well-drained site, just west of the new service road of a new overpass on International Highway 87, within plain sight of motorists traveling over the busy

highway which extends from Mexico City, through Hale Center, to Fairbairns, Alaska. It is located just south of ruins of the old XIT Theatre, operated for many years by the late Boyd Prather.

"For several weeks, the museum committee was confident that this land would be secured for the site of the museum, but several details in the transaction had to be completed before our decision could be announced," Masters explained. "This property is a choice site because it will add merit to the museum as a tourist attraction as well as serving as a historical landmark."

"We deeply appreciate Mrs. Boyd for making this choice location available to us at a very reasonable price," Masters concluded.

At this site, the museum will share the limelight with a modern new FFA show barn located at the old FFA

farm on adjoining acreage. By coincidence, these twin bill attractions will pay homage to the history-makers of past eras who produced Hale County's proud farm and ranch heritage and at the same time honors future farmers and ranchers entrusted with the challenge of perpetuating that exciting tradition for future generations. David Gary, vice president of the museum committee exclaimed: "that double drawing card will make Hale Center unique."

Adding to the historic significance of the site of the outdoor museum is its location only 200 yards beyond historical "Bottle Corner," located in the exact geographical center of Hale County, a prominent surveying landmark long ago that was used by surveyors to map out homesteads, ranches farms, even towns in the Central Plains area.

The museum will complement another unique exhibit in Hale Center, a big game display featuring trophies of elephants, lions, tigers, bears, and other big game from all over the world bagged by the late Dr. D.R. Foster. Valued at over \$50,000, the big game is display is located in a trophy room at the Hi-Plains Hospital.

Hale Center American

MEDICATION IMPORTANT

Anyone on regular medication should have a sufficient supply with them on any trip—especially on a long vacation.

Have a druggist fill a prescription to see you through the trip, or ask your physician for a prescription to carry with you in case your supply runs out.

Lakeview Philosopher

Wants Congress To Include Him In A Proposed New Tax Relief Bill

Editor's note: The Lakeview Philosopher on his Johnson grass farm endorses some proposed legislation, somewhat.

Dear editor:

Every once in a while a bill gets introduced in Congress that's almost but not quite just what I'm looking for.

Saying it's hard to make ends meet on his salary of \$60,662 a year with all office rent and utilities paid, a Congressman has introduced a bill that'd allow all members to deduct Washington living expenses from their income tax.

That's the kind of legislation I've been looking for, provided it doesn't stop with members of Congress but takes in all the rest of us.

If a person could deduct all his living expenses first and then figure his income tax on what's left, I calculate it'd cut down on grumbling in this country by 98 percent.

We've got to get Congress to broaden the scope of that bill. Sure, living expenses in Washington are high, but they're high in Tulsa too.

When I first saw the newspaper

article about that bill and read the first paragraph, I stopped and started writing this. I've now read the rest of it and have found that since 1952 Congressmen have been deducting \$3,000 worth of living expenses off their income tax. This new bill simply takes the lid off.

I'd write my Congressman if I could think of his name and ask him to include everybody in this proposed legislation. Congress might be surprised to learn that when it comes to fighting the high cost of living, most of the country operates on the Congressional level. I can't think of a better tax relief bill that says that every time the price of something goes up, your income tax comes down.

Yours faithfully,
J. A.

P. S.
Was just thinking, the Californians who are scared half to death over spraying something as innocent as malathion are probably the same people who'll flee in panic at a total eclipse of the sun.

Local News? Call The Review 298-2033

INSURANCE DEADLINE FOR SMALL GRAINS—Small grain producers in Texas will need to decide soon if they wish to sign up for Federal Crop Insurance, says an economist with the Texas Agricultural Extension Service, Texas A&M University System.

The insurance, available from any local Federal Crop Insurance Corp. representative, replaces the disaster

payment program.

The insurance is available to all Texas wheat and barley producers and to oat producers in the northern blacklands and central areas. Coverage is available at three levels—50, 65, and 75 percent of the farm's average historical yield.

Producers can also select from three price (per

bushel) levels. Premiums vary according to the coverage and price level chosen as well as the farm's location.

If you're planning to be away from home on a trip, take that extra pair of "eyes" with you.

Your extra set of prescription eyeglasses won't be of any help if you should break

or lose your only pair while vacationing. Or, you may get a copy of the prescription and take it along.

Things You should know about ADVERTISING

TEN REASONS WHY YOU SHOULD INCREASE YOUR ADVERTISING—

1. In times of uncertainty, consumers are careful and a little reluctant to spend. They want to be sure before they buy; they want information. One of the main ways they get information about products, services, prices and values is from advertising. Yours? or somebody else's.

2. Maybe you figure other retailers in your line are going to cut back their advertising, so it's safe for you too, Right Wrong. You're in competition for the consumer's dollar with every other retailer in town, no matter what he sells. People have only so many dollars to spend and if they don't spend them for what you sell, they'll spend them for something else.

3. Whether business is good or slow, you have to get your share of whatever business is around. Cutting back your advertising puts you at a disadvantage at the very moment when you need an edge. Increasing your advertising gives you the edge.

4. Your advertising is part of your sales force. Ads help to pre-sell the customer and help you close the sale faster. What saves you time saves you money.

5. You say your customers know you and for a while at least they'll keep coming even if you don't promote. That's partly true, but shortsighted. Remember, one out of five Americans moves every year. So there's a steady flow of your customers out of your market, and a corresponding influx of new folks who don't know you at all. Tell them about yourself.

6. You can't do much about most factors in the market-place? rent, labor costs, price of merchandise, what the competition will do. But one thing you do control is your own promotion. Remember that advertising is not just a cost of doing business. It's a proven sales tool that returns many times your investment in store traffic and sales.

7. Remember how long it took you to get started. Once you build up a business, you can keep it going with a moderate, consistent advertising program. But if you cut your advertising and lose your hold on the public's awareness you'll find it's much harder to build it up again. It's sort of like starting all over.

8. Here's a fact to chew on. Over any given period, a company that advertises below the industry average has sales that are below the industry average.

9. Advertising is news about products and services. Most shoppers look for this kind of news, in the pages of their newspaper. In plush times, retailers often experiment with other media. But when the going gets tough, they concentrate their efforts in their newspaper because it provides an immediate payoff at the cash register.

10. Slow times ahead? No. There are more Americans working now than ever before. More women working too, adding to family income. People still need and want goods and services and will spend for them. There is plenty of business out there. Your competitors will be bidding for their share and yours.

Gas heating saves \$226 per year!

Compared to the heat pump, gas heating can save you \$226 per year on your utility bills. So if you hear that a heat pump is "more economical", remember, that is comparing it to other electric heating... not to gas! No other heating system even comes close to gas for economy. At Energas, we are committed to help you get the most for your heating dollar. Gas heating, combined with good conservation practices, saves energy, too.

ENERGAS
Efficient Gas Energy for West Texas

Based on 1981 D.O.E. Established Average Values

"A Glance At The Past"

BY BUFORD F. DAVENPORT

And the rains came...rains set a big record in 1941, much above the annual average of 18-plus inches. Mrs. James Davis has a clipping from the Lubbock Avalanche Journal that says this area received 40.55 inches of rain in 1941.

When we were using 1927 Abernathy Weekly Reviews for reference, we came across mention of the community and school named Anchor. Mrs. Vertie Stambough (formerly Vertie Poole), told Mrs. M.M. Bell that the Anchor area was a number of miles east of Cotton Center.

Mr. and Mrs. M.M. Bell, who were married December 30, 1931, in Oklahoma, will be honored by their children with a special Golden Wedding Anniversary event December 6, 1981.

Mr. and Mrs. T.E. Lutrick, pioneer residents of the Lakeview/Abernathy communities, will be honored with a 60th Wedding Anniversary event from 3:30 to 5:30 p.m. Sunday, September 27.

Recently, this column sought information on the first-buried in Strip Cemetery northeast of Abernathy. Responding were T.E. Lutrick, who talked with Editor Keith Tooley, and Mrs. Sook Moreland and Mrs. Mildred Rankin. The first was F.E. Andrews, who died Nov. 5, 1898. Strip Cemetery has a wealth of history about this area. A separate story, as time and space permit, will give more information.

This came over the scanner at 9:35 a.m. August 26, from an airline pilot to an air traffic control tower: "Thanks for the help. You guys are doing a great job." From The Abernathy Weekly Review dated Sept. 4, 1941:

Abernathy Schools began the 1941-1942 school year with an enrollment of 500 students. New Deal School had an enrollment of 375.

School opening across the state and New Mexico decreases Abernathy's population with local persons leaving to teach in various schools. They include:

Blanche Zeman, instructor at Texas Tech; Preston Mitchell, teacher at Kaffir; Lillie Loyd Jackson, Gruver; Mary Evans, Amarillo; Ruth Jones, Clovis; Miss M. Nystel, Fluvanna; Kathleen Carr, Samnorwood, a large rural consolidated school between Wellington and Shamrock; Glenn Harrison, Plainview High School; Elizabeth Sterrett, Tucumcari, N.M.; Lazelle Williams, to Tallahassee, Fla., as director of physical education in Florida State College for Women, Ralph Havenhill, who was to have returned to his teaching post in the Hallsville, resigned to join the U.S. Army Air Corps. Annie Lee Fisher,

Teacher at Frenship.

Also, Abernathy's population decreased with the young people going away to colleges: Henry Davis, West Texas State College (now University); Elaine Halford, Dorothy Jones, J.B. Jones, also to WTSC; Wilma Richter and Charlotte Price, TSCW, Denton; W.A. Ameron, Asbury College, Wilmore, KY.; Rudolph Upchurch, Bob Delaney and W.D. (Speedy) Hout, University of Texas at Austin; Idaleene Anderson, Orne Rhodes and Lewis Patterson, Bethany-Peniel College, Bethany, Oklahoma; Max Pettit and Katherine Brown, Baylor U. at Waco; Gid B. Adkisson, Jr., Texas A&M; Thomas Hood, John Tarleton College, Stephenville; Alice Liles, Lavenia Cain, Polly Waddell and Wilma Toler, Draughon's Business College, Lubbock; Ershel Lroy, Eloise Garrett, Berneice Douglas, Phyllis Goeth, J.P. Settle, Jr., Olin Anderson, I.G. Holmes, Rollin Albers and Newell Reed, Texas Tech.

U.S. Army Air Corps: Lt. Fred Thompson, received wings and commission at Kelly Field, San Antonio, now at Selfridge Field, Michigan; W.E. Nix, wings and commission at Barksdale Field, Louisiana; Raymond Parsons to receive wings and commission at Stockton, Calif.

BIRTH: Mr. and Mrs. Vernon Bartlett are parents of a 6 pound 4 ounce daughter born August 29, 1941.

Film Dunn and family of Sundown visited in Abernathy.

The D.D. Skipper family returned from a visit in Fort Worth.

Mr. and Mrs. Alvin Hardin are owners of a new building being constructed between Prather's Cafe and Edwin Lee Thompson's produce house on highway street, (now Ave. D). Divided into two rooms, the one by Prather's will be occupied by Abernathy Beauty Salon, which is operated by Mrs. Hardin, and the other will be rented.

This was in Reid Chevrolet's advertisement: "We Make Friends Through Sales. We Keep Friends Through Service."

Chapman Motor Company was advertising the new model of Dodge automobiles to be on display Sept. 6.

LAKEVIEW: Mrs. Henry Scarborough, formerly Miss Essie B. Waters, who taught at Quannah last year, is teaching intermediate grades at Lakeview School. Charles Lutrick returned Sunday from Fayetteville, Ark., where he attended a two-week Epworth League Conference. Mrs. J.H. Benefield was hostess to a meeting of the Lakeview Amusement Club. Next meeting will be with Mrs. R.A. Daugherty.

"Dogs Take Owners On Morning Hikes"

By Vic Lamb

There is a special group of Sedonans who are owners of a variety of kinds of dogs, big sized, medium or miniature, who feel obligated to take their canines on a walk around the neighborhood at least once a day—generally in the cool of the morning in the mid-year seasons.

Most of them have their charges on leash, and manage to get back home in about twice the amount of time they had hoped they would. Others are lacking in common sense—embarking on the explorative ventures with no visible connection between man and beast. The latter dog-walking aficionados leave in high hopes they might return by noontime and occasionally they do.

We've noted there are some dumb dogs and some smart dogs among those being taken for their daily hikes. The dumb ones have to stop and sniff the very same interesting odors day after day after day.

The smart (?) ones are adventuresome—they seek new sniffing and whiffing places and occasionally find one or two that are delicious—at least to their nostrils. It's when they discover such jewels that it takes a crowbar, the strength of an

Army mule and the vocabulary of a mule-skinner to get the pet to move on.

On the walks there are always some houses you pass by that have "man's best friend" as a part of their families. There is usually the barking uproar from both the walker and the resident pet that you have to endure from the time they spot each other until they become completely winded and you are a considerable distance out of sight as you amble on.

There are some dog owners who are sensible enough to always use a leash. The leash performs a variety of services—some good, some bad. The good services are most evident if you have a small dog—you can drag it back to you in times of need. If your pet, however, is almost as big as a Shetland pony, it means you are the drudge, and that you will cover more ground on your trek and go more places you had not planned to.

We've noted there are quite a few dog owners who walk and talk—discussing a variety of topics with their pets who pay about as much attention to the observations made as they do to your guidance directions. But, the talking is fine—the dog does appreciate your judging him

or her as being astute enough to confer and ask opinions on a variety of domestic, national or community problems. (Had you noticed that as you walk, the dog frequently flicks its eyes to your face to let you know its hearing you.)

But the pet will still give no indication of agreement or disapproval of your opinions. It just continues to grin and reflect the idea it appreciates your wanting it to be your sounding board.

One of the cruelest things our Creator has done is to give the canine a much shorter lifespan than its owners. Rarely does a faithful family pet outlive its

owner or owners. But one saving of grief is that many times a family pet will live as long as the youngsters in the family are around the house—their demise comes: sometimes at about the time the children depart the home fires.

Most large cities have burial grounds for pets and we've heard those that have been laid to rest include a much larger percentage of dogs. Others interred include cats, birds, etc., with grave markers that can bring tears to your eyes if you are of the tender, sentimental type.

SPIRIT POSTER displayed at the pep rally last week. No Buffalos were killed at the game, but a few were injured as the Antelopes battled for a 13-6 victory. (Review Photo)

Well, that parting remark lays to rest this short essay.
Vic Lamb

Struves Trip To China

3rd Part Of 10 Part Series By Arno Struve

I got up early on the first day in China and walked around the lake area. Met two individuals walking and reading and who wanted me to stop and speak English with them so they could practice.

This happened many, many times on the trip. Sometimes they spoke only memorized phrases and when you asked them the same questions in your own pronunciation they couldn't understand what was said. Very rarely one of them could actually speak English with any facility.

We were amazed by a few who claimed to be self-taught from Voice of America broadcasts, but this was very much the exception.

We found the people universally friendly and hospitable, waving to us as we traveled down the streets and roads in so many cases. They smiled readily and there was never a hint of hostility toward us. And they all seemed to be in excellent health.

It seems that they exert plenty of physical effort and under the present regime there is little of the historical periodic hunger and famine of previous times.

The men were drably dressed but the women were more colorfully attired and

as clean as a pin. We were privileged to go into some commune homes and found them simple but clean and adequate. How the girls could look so fresh and bright with no more home facilities to help keep them that way is hard for a westerner to understand.

We saw lots of women doing shovel work as well as street cleaning. Their street brooms were bush branches tied to a handle and early in the morning there were lots of these brooms swishing along tidying up the roadways.

Sometimes men helped in the street cleaning but mostly they were older women. These women didn't particularly like for their pictures to be taken but I got some good shots anyhow.

We only spent a half day in Guangzhou. We had lunch at the airport and explained for Xian in central China soon after. We had been informed by our travel agency that we shouldn't take pictures from trains or airplanes, but nobody in China told us this so I went right ahead and took pictures thinking I'd stop when asked. Nobody ever said anything about it and when I asked via sign language if I might photograph I was given an assenting nod.

The plane we took for Xian was an old Russian made four motor Ilyushin. The seats were so crowded that one couldn't move without disturbing one's seat mates. If you didn't have an aisle seat you were really trapped.

The plane was very hot when we entered it and remained so until we were airborne. In the meantime we were given hand-fans to stir the air. We made several long flights in these contraptions and though the vibration was unusually severe, we were always expeditiously delivered to our destinations.

They gave us little plastic combs as gifts on the planes and supplied little bags of hard candy that tasted good to me. Once we were given a soft drink with a slightly porous straw that was so difficult to get delivery through that we just drank from the bottles. We found the drinking straws like that everywhere we tried to use them.

The prop planes fly at a much lower altitude than jets fly, so we were able to see much more of the countryside than we see here in the U.S. When the lighting was right I got some excellent air-views.

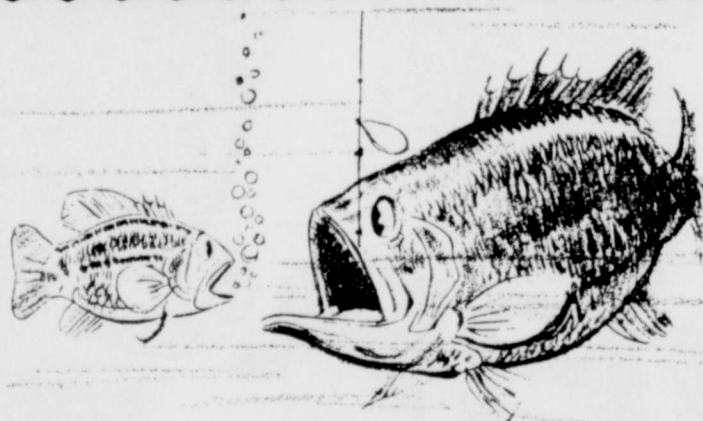

Our Chinese guides did everything they could to help us make the trip worthwhile. We had two from the China International Travel Service who stayed with us from beginning to end and at each city we had one or two local guides.

Often the locals were not very proficient in the use and

understanding of English. Our own American guide, David Ownby, could speak very good Chinese and when he could, he was a better help with communication than the guides were, but for reasons of "face" he had to be careful how he interposed himself into the guides' work.

Actually the greatest improvement in the other way, this was the weakest link in the trip. They honored every request that we made to see what we wanted to see if

it was physically possible in the time available. To be continued next week.
