School Board Okays Financial Statement

The Abernathy School Board met Monday night at 8 p.m. to discuss several items of business.

First on the agenda was a hearing of the September 1, 1980-August 31, 1981 school financial statement presented by Orland Gilbert, of Bolinger-Segars-Gilbert and Moss, Public Accountants for Abernathy schools.

Gilbert went over the financial statement and explained the expenditure and revenue figures for each segment within the school budget.

The board reviewed the audit and okayed it. Copies of the school's financial statement are available to the public at the school administration building.

A probationary period for new employees was discussed. This policy would put new school employees on probation for a period of two years when hired. This would include new school superintendents, administrators and teachers.

Presently, term contracts of one year are made for new school employees. If the school administration terminates a school employee, a hearing is held and the termination has to be okayed by the school board.

A probationary period would omit employee termination hearings. The board agreed to think about this proposal and will make a decision on it at the December meeting.

A request was made by the Abernathy Ministers Association for use of the school auditorium for a musical program December 21. The request was okayed by the board. The board also agreed to let the Celebrant Singers perform at the auditorium December 15.

Superintendent Delwin Webb received a letter of apology from the Muleshoe

Superintendent concerning a stabbing incident at the Muleshoe-Abernathy game.

Boby Sansom was stabbed once below the shoulder during the game by a Muleshoe High School student. Sansom had to have several stitches.

The Muleshoe Superintendent explained in the letter that the boy who stabbed Sansom had been expelled from school and charges had been filed on him.

The board then discussed the new UIL redistricting plans for Abernathy. It was pointed out that Abernathy has a total of 267 students, which is three below the class 3-A distinction High schools having 270 students to 644 is standard for 3-A classification.

Abernathy will remain in district 3-A competition for the next two years as the present High School population of 267 has not been recorded at this time of redistricting with the UIL committee.

The textbook committee members have been appointed and were agreed upon by the board. They are: Delwin Webb, Chairman. Jane Murray, Alma Ruth Patterson, LaRita Galloway, Betty Grant, Susan McMenamy, Ann Hannel, Bitsy Aldridge, Barbara Webb, Bettie Hardin, Kathryn Newton, Dub Hannel, Marilyn Stone, Scotty Windham, Wanda LeMoine, All Principals to be ex-officio members.

Masons To Have Meetings

The Abernathy Mason Lodge 1142 AM and FM will have a called meeting Monday at 7:30 p.m. The regular meeting will be held Thursday, November 12 at 7:30 p.m.

On The County Line

By: Keith Tooley

THE 3-A GAME OF THE YEAR has arrived and the Antelopes will be put to their hardest test of the year Friday night. Home field advantage considered, it will still be a tough game for the Lopes.

We understand that Abernathy has not fared too well against Floydada in the past. Floydada will naturally be over-confident and consider Abernathy a short stepping stone to a re-match with Littlefield.

Surprise Surprise! The Wind stops here. The Lopes want revenge from a fragile, highly disputed victory by the Whirlwinds last year. Friday is the time and Antelope Field is the place.

Floydada is like Abernathy in that their team is backed by devoted fans. Both teams, realizing the support, adopt a positive attitude and a winning spirit. I have seen Floydada win many a game on spirit alone.

The Lopes have the support of the town, the rest is up to them. We'll take the Lopes by a touchdown.

BE PREPARED TO PAY 20 cents for first class stamps from now on. Beginning November 1 the cost of a first-class stamp was increased to 20 cents.

The Postal Service claims it has lost almost \$126 million in five months since the rate was increased from 15 cents to 18 cents. This is just a little hard to believe when you take into consideration the postal service was making 3 more cents on every stamp.

We have accepted the fact that it is necessary to raise postal rates due to inflation, we are just worried about how we can deflate the extra postal costs.

We wonder if using carrier pigeons

would be an economically feasible alternative. But Court Houses all over Texas might complain about having Reviews scattered on their lawns.

I guess we will comply with the 20 cent increase.

YES, I MUST CONFESS that I missed the Octoberfest evening of events because I had to fly to an important engagement at the Cotton Bowl in Dallas this past weekend.

What could be more important than Octoberfest? Well, it is something that has been around for the past 17 years and can be heard at least once a day on any popular radio station. Yes, the Rolling Stones.

No, they are not found in a river bed and they collect no moss. The Rolling Stones are one of the oldest and most popular rock and roll bands still playing today. Sunday afternoon, they performed for some 85,000 people.

Rock and roll could be classified as one of Americas most unique music art forms, an art founded by the Beatles and the Rolling Stones along with other artists. The Rolling Stones are legends in their own time and I was glad to end my entire concert-going career by hearing a performance from the best.

HERE IS ANOTHER riddle submitted to the Review by Charlie Pipkin. It seems Charlie has heard a lot of good riddles through the years and would like to share them with everyone. Here is how it goes:

Two brothers, Joe and John, were driving their cows to the market. Joe says "John, you give me one of your cows and I'll have as many cows as you have." John says, "You give me one of your cows and I will have twice as many as you have." How many cows each do Joe and John have?

Longhorns Come Up Short 16-34

The Abernathy Antelopes downed the Lockney Longhorns 34-16 Friday night to remain undefeated in district 3-A competition.

The Lopes passed and ran for 497 yards to Lockney's total of 119. The Lopes had 19 first downs to Lockney's 12. Max Riley was 6 of 18 attempts for 180 yards to Lockney's 122 yards passing.

The Longhorns stopped the Lopes on their first possession of the game and the Lopes were forced to punt. The Longhorns took the ball on their 20 yard line. Two plays later, Kenneth Moss intercepted a Longhorn pass.

The Lopes penetrated to the Longhorn 5 yard line, but three penalties worth 35 yards in the next five plays, prevented the Lopes from scoring.

It was not until the end of the first quarter that the Lopes could sustain a successful scoring drive. A 59 yard pass from Max Riley to Rodney Cannon got the Lopes within 5 yards of their first score. Ronnie Taylor ran into the end zone on the next play, but due to a penalty, the touchdown was called back. Two plays later Alan Pettit ran into the end zone from 10 yards out to make the first 6 points. Mark Riddell

kicked the PAT and the Lopes were ahead 7-0.

In the second quarter, the Longhorns ended their first drive with a fumble. Two plays later the Lopes were intercepted and the Longhorns took over again.

The tough Lope defense refused to let the Longhorns make a first down and they were forced to punt.

The Lopes got the ball on their own 11 yard line and it looked as if it was going to be a highly competitive ball game. Just the opposite occurred on the next play, when Max Riley broke through the middle on a quarterback sneak, (the wedge) and ran 89 yards for the second Lope TD. Riddell added the PAT and the Lopes improved their lead to 14-0.

The Longhorns could not produce any offense the first half, but they had not seen the last of the Lope offense. Before the half, the Lopes drove down to the Longhorn 20 yard line, after runs by Moss, Riley and a 14 yard pass play to Alan Lester. Kenneth Moss made the final 20 yards look easy and ran into the end zone to put the Lopes ahead by 20 points.

2nd Half Action

The Lopes only allowed the Longhorns 3 first downs in the first half and 69 yards offensively to Abernathy's 13 first downs and 340 yards.

The Longhorns came back and scored on their first drive after the half with a 43 yard pass play followed by a 17 yard run. The extra point attempt was good and the score was 20-8.

This inspired the Lopes to make a TD on their next possession. The first play of this drive, Pettit ran for 18 yards followed by a 19 yard run by Moss. Riley ran for five on the third play and on the fourth play ran around the end for 40 yards and a touchdown. The PAT was good and the Lopes went ahead 27-8.

An interception by Alan Pettit set up the next TD drive and two plays later Riley connected with Malcolm Dunn on a 43 yard touchdown. The Lopes increased their lead 34-8 after Riddell made the PAT.

The Lopes were gracious winners following their final touchdown and permitted Lockney to run back a punt 75 yards to score a second TD and the points afterward making the final score 34-16.

Before this game, Abernathy had scored an average of 22 points per outing while giving up an average of only seven.

Meanwhile Lockney has allowed opponents to score an average of 20 points a game while coming up with 12 points average per outing.

Quarterback Max Riley for the Lopes has averaged 107 yards passing per game this season to be the second leading passer in Class 3A in the area.

Antelopes Battle Whirlwinds

The Abernathy Antelopes will battle the Floydada Whirlwinds this Friday night at 7:30 at Antelope field.

Floydada, like Abernathy, remains undefeated in district play with a record of 3-0. Their overall record is 7-1 to Abernathy's 6-2.

The result of Friday nights game will more than likely determine who will represent this district.

The 9th and JV teams will play Childress today with play beginning at 5 p.m.

FHA Pecan Sales Begin This Week

The Abernathy Future Homemakers of America will begin their Christmas Pecan Sale this week. F.H.A. members will be selling native pecan halves and broken pecan pieces in one and one half pound packages until November 30th. The price for a package of pecan halves is \$6.00 and a package of broken pieces is \$5.75.

Anyone interested in purchasing pecans for holiday baking or as gifts may contact an F.H.A. member or call Mrs. Marilyn Stone, advisor, at the high school.

The money made from this project will be used for F.H.A. activities such as the awards banquet in the spring. Funds will also help to send representatives to the area meeting in Amarillo and the state meeting in Fort Worth.

Abernathy Transferred To District 2-AAA

The University Interscholastic League (UIL) redistricting committee announced the realignment of area districts 1, 2, 3, 4, 5, and 6 in class 3-A competition.

The new classifications were announced Monday at the LBJ Auditorium on the University of Texas at Austin Campus.

This realignment will be much different from previous years. Beginning next season, two teams will be allowed to qualify from each district for the playoffs rather than the usual one.

To compensate for this change, one week will be taken from the regular season and an additional football week will be added to the playoffs.

The UIL committee will put an even number of teams in each district. During the redistricting process, the UIL hopes to even up competition in each district and position teams within decent travelling distances. They will strive to put six teams in each district where possible.

Abernathy will be pitted against several new teams in District 2-3A

when the 1982-83 season comes around. The Lopes football schedule next year will look like this: Pre-season games-Petersburg, Olton, Hale Center, Roosevelt and Lockney. District play-Muleshoe, Friona, Tulia, Littlefield and Dimmitt.

Abernathy will be removed from district 3-3A which will now be composed of the following teams: Childress, Floydada, Idalou, Lockney, Slaton and Post.

Abernathy's Octoberfest Celebration Draws Crowd Of 500

An estimated 500 local resident spooks and goblins gathered at the Abernathy City Fire Hall, Saturday, October 31st for Halloween Octoberfest. Several "eerie" visitors of unknown origin showed up to participate in the fun and games.

The crowd was treated to food and game booths, a spook house, bingo, a costume contest, a painted pumpkin contest and other events.

A total of 470 cans of assorted goods were collected for the Community Pantry. These goods will be given to families in need at Thanksgiving and Christmas.

Results of the Octoberfest contest are as follows.

The Pumpkin Painting Contest
Age 7 and under, the winners were: Best seasonal-1st Kala Schaap, 2nd Rachel Waits and 3rd Mychal Murray. Most Creative-1st Micha Riley, 2nd Shannon Peelle and 3rd James Waits.

Age 8 and over: Best seasonal-1st Elizabeth Waits, 2nd Matt Kelley and 3rd Holly Murray. Most Creative-1st Mandy Kelley, 2nd Holly Cunningham and 3rd Laura Phillips. Best of Show Award went to Trey Warren.

Costume Contest Winners in the 0-5 year old group were: Cutest-1st place Sarah Osborne, 2nd place Lee Rowan, and 3rd place Misty Spradling. Spookiest 1st place Ky Edwards, 2nd place Logan Neve and 3rd place Brad Shadden. Most Original-1st place Dina Lopez, 2nd Jody Schaap and 3rd place Matt Riley.

In the 6-10 age group there were 33 participants. They were judged in two groups and ribbons were awarded to both groups.

Cutest-1st place Holly Davis and Micha Riley, 2nd place Rachel Waits and Stefanie Gainer and 3rd place Tiffany Pope and Cindy Pace. Spookiest-1st place Todd Cagle and Dallas Goodman, 2nd place Rendy Lovelace and Patty Pace and 3rd place Chris Eastling, Lane Attebury and Lance Phillips. Most original-1st place Shad Shadden and Sue Rowan, 2nd place Matt Williamson and Tracey Attebury and in 3rd place Tana Cox and Holly Murray.

There were 16 in the 11-13 age group. Results were: Cutest-1st place Micki Neve, 2nd place Matt Cunningham and 3rd place Barbie Scott. Spookiest-1st place Holly Cunningham, 2nd place Shane Gainer and 3rd place Dorth

Vader and Renee Ramos. Most Original 1st place Rob Givens, 2nd place Tonya Spradling and 3rd place Chris Kit-chens.

There were no participants in the 14-19 group.

Winners in the 20 and over age group were: Cutest-1st place Diana Phillips, 2nd place Betty Neve and 3rd place Lelloine Waits. Spookiest-1st place Clark Riley, 2nd place Mr. X and 3rd place Jane Murray. Most Original-1st place Mike Flores, 2nd place Angela and Richard Lopez and 3rd place Hoppy Toler.

The Octoberfest Committee, on behalf of the Chamber of Commerce, would like to thank all participants and all of those who attended for helping making the night a success.

The committee was encouraged by the large crowd and good time had by all and are looking forward to a bigger and better Octoberfest in 1982.

A salad supper will be served at 6:30 p.m. and the meeting will begin at 7:30 p.m.

Veterans Breakfast Nov. 11

A Veterans breakfast will be held November 11 at the American Legion Hall in Abernathy for all area Veterans.

Veterans should make plans to attend this reunion breakfast which will begin at 6 a.m. and continue until everyone is fed.

Telephone Return Depository

General Telephone residential or single-party business customers in Abernathy who discontinue telephone service and decide not to purchase their instruments, can now return their phones locally if they want to save the charge if the company must send a person to pick up the phones.

The company announced in August that customers now have three options when discontinuing service: return the phone to the company, have the com-

pany send an employee to pick up the phones with a pick-up charge being applied, or purchase the phones.

"To make the return of telephones more convenient for those customers wanting to return them, General Telephone has installed a telephone return depository in Abernathy where they can return the phones and save the pick-up charge," J.H. Davis, Division Manager said.

FFA Members Place At State Fair

Several Abernathy FFA members recently participated in the stock show at the State Fair.

Lonnie Howard showed the fifth place crossbred steer in his class and D'Ana Howard showed the seventh place crossbred steer in her class.

Those who placed barrows in the premium sale were: Collins Miller with his sixth place heavy weight

Poland; Tim Cox with the 16th place heavy weight Poland; Don Barron with his 16 place heavy weight Spotted Poland; and Mandy Kelley showed the ninth place Poland pig.

Mandy Kelley also placed ninth and 13th with her Dorset lambs. Steven Reese showed the eighth place fine wool lamb and 17th place medium wool lamb.

NEW DEAL'S FIRST BALE OF COTTON was delivered to New Deal Gin Company Wednesday, October 25 by Aaron Stark. Stark is pictured with gin manager David Williams, on the right. It was estimated that Stark got one bale to the acre. The turn-out was 23.17% with a grade of 42, staple-35 and micronaire of 3.0. (Review Photo)

Freshmen Players Introduced At Booster Meeting

The Abernathy Booster Club met Monday, October 26th, in the school cafeteria. Approximately 125 people were present. Attending were cheerleaders, football players, coaches and parents.

The freshmen and Jr. Varsity Cheerleaders, Jackie Riddell, Regina Powell, Terri Gist, Jessica Thomas, Diana Neve and Kristy

Thompson performed a routine.

The Freshmen and Jr. Varsity football players were introduced by their coaches.

The film of the Abernathy-Tulia football game was viewed and enjoyed by everyone present.

New Members are Mr. and Mrs. Bobby Cunningham, Jim Thomas and George

Riddell.

A special thanks to Mrs. J.R. Miller, Mrs. Randy Miller, and Mrs. Carroll Miller for the refreshments.

The Booster Club meets every Monday night at 7:00 p.m. in the school cafeteria and everyone is invited to come.

Those who don't have anything special to do Friday night should come to the football game and support the Abernathy Antelopes. Go Lopes and eliminate the Whirlwinds.

8th Grade Remains Undefeated

The Antelopes 8th grade team shut-out Floydada Thursday night 42-0 to win their sixth straight victory this year.

Billy Cooper was the star of the game running 71 yards to make the first touchdown. Quarterback Jamie Mansanales made this score possible with a screen pass to Cooper.

Roy Ponce scored the second touchdown from 36 yards out and Jim Bob Carver made the PAT.

Billy Cooper made his second touchdown of the night and the third score of

the game on a 53 yard scamper. Don Evans followed with the next touchdown after catching a pass from Mansanales and running 36 yards.

It was Billy Cooper again with the fifth touchdown from 6 yards out and Jay Oxford caught a short pass from Mansanales for the extra points.

Billy Cooper made the final touchdown of the game by running into the end zone from 46 yards out. Don Evans added the extra points by catching a pass in the end zone for 2 more points.

JV Skunks Floydada 12-0

Gordon Havens ran 50 yards for one of the touchdowns scored against Floydada last Thursday evening. Brian Smith ran 65 yards for the other TD, but both extra point attempts failed. The JV Lopes defeated Floydada

12-0. Total rushing for Abernathy was 134 yards of which Brian Smith gained 93. Abernathy had 168 yards passing to Floydada's 196 yards passing.

Student Council Stresses Halloween Safety

The Abernathy High School Student Council held an assembly for elementary students Friday, October 30th. The purpose of the assembly was to warn students about the dangers of Halloween.

Running out in front of cars and eating candy that

hasn't been checked, were two of the dangers pointed out by the student council.

Reflector tape was distributed to elementary students to wear Halloween night while trick-or-treating. This was one part of a Student Council Safety Project.

Bingo Enabling Act To Go Into Effect Nov. 10

A new state law concerning the operation of bingo game programs will take effect this coming November 10th. The law restricts organizations who sponsor such games and requires that local governments at their discretion conduct elections to determine if bingo games will be permitted or not.

If the Abernathy citizens approve bingo games, then sponsors of the games must secure a license from the State Comptroller's Office and a Bond. Local governments can also establish a 2% tax on the games.

Who May Conduct Games? Churches: Only those that have been in existence for at least ten years. Civic Clubs: Only those that have been in

existence for at least three years. Veteran's: No restriction. Volunteer Fire Department: No restriction.

Other Provisions: Prizes cannot amount to over \$500 in any single game. Games cannot be conducted more than three times a week. The net proceeds must be exclusively devoted to charitable purposes. No administration fee may be charged for the operator's services. A monthly report must be submitted to the Comptroller's Office.

Those who have any questions concerning the law can call the Comptroller's Office or the Better Business Bureau at 763-0459.

LETTERS TO THE EDITOR

Dear Sir,

I want to thank everyone for their nice cards. I have received so many and thanks for their visits and prayers.

I want to thank brother Tommie Beck for staying for my surgery and brother and Mrs. Coggins for their visits; also brother Brunner for his

visits.

Brother Price from Idalou came to see me and I appreciated his coming.

I am improving slowly and I don't know how long I will be here.

God Bless Each One,
Nora Blair

DO YOU FEEL STRAPPED as a first-time home buyer? You have cause to. According to Dr. Jane Berry, a housing and home furnishings specialist, first-time home buyers are shelling out 36 percent of their

income for house payments. In 1976, house payments took only 25 percent of the family income, the specialist recalls. "Mortgage principal, interest, taxes and insurance now average \$600 a month,

whereas four years ago, these same items averaged only \$429," she notes. Berry is on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System.

NONSMOKER DISCOUNTS

More than 100 life insurance companies now offer nonsmokers discounts on their annual premiums, ranging as high as 10 percent.

Local Motorists Required To Have Proof Of Minimum Vehicle Coverage

Beginning January 1, 1982, Texas drivers contacted by Department of Public Safety officers during traffic stops and vehicle accidents investigations will be required to furnish proof of compliance with the new compulsory liability insurance law.

Under House Bill 197, an amendment to the Safety Responsibility Act approved this year by the Texas Legislature, all drivers must carry minimum liability coverage for medical expenses of \$10,000 per person (\$20,000 for two or more persons) and property damages of \$5,000.

Colonel Jim Adams, DPS director, said troopers will accept as evidence of insurance coverage the policy for the vehicle being operated or a document issued by the insurance company. "Such a document must contain a statement that the liability coverage for the motor vehicle is the minimum prescribed by the law," Adams said. "The document must also include the name of the insurance company, name of the insured person, policy period and

policy number. This document may take the form of a letter or a card, depending upon the preference of the insuring company."

Adams pointed out that DPS troopers will be enforcing the provisions of this law along highways and rural roads.

"Local police officers and sheriff's deputies also have the authority to request this information from drivers," the DPS director said. "I am sure most law enforcement agencies in our state will also be enforcing this statute in their respective jurisdictions."

Drivers who do not maintain the specified coverage risk being fined at least \$75 for the first offense and a minimum \$200 for subsequent violations. In addition, a conviction under this new law will result in the suspension of the violator's drivers license and motor vehicle registration unless the violator establishes and maintains proof of financial responsibility for five years from the conviction date.

Adams also said vehicles which are to be used in the driving test by new driver

license applicants must be covered by the minimum liability insurance specified by the law. Applicants will have to certify on the license application that the minimum coverage is in effect for the vehicle before they will be permitted to take the driving test.

The DPS director predicted that more Texans will obtain the required liability coverage when the new law goes into effect.

"Current figures show that approximately 74 per cent of the drivers involved in acci-

dents carry liability insurance," Adams said. "This indicates that a substantial number of people must secure the required coverage or face the possibility of heavy fines and loss of driving privileges."

Out-of-state, government-owned and self-insured vehicles are exempt from the insurance requirements of the new law. However, drivers of self-insured vehicles will be asked by DPS officers to produce evidence of self-insurance at accident scenes and traffic stops.

Electricity.

Knowing what it's worth is worth knowing.

One thing we've probably all learned is to have an appreciation of things that have worth and to know their value. How would you rate yourself on knowing the value of the electricity you use? Take this simple exercise.

- How much was your electric bill last month? \$ _____
- Divide 30 into your answer to Number 1. This was the approximate cost of your electricity per day. \$ _____
- How many people are in your family? _____
- Divide Number 3 into Number 2. This was the cost of your electricity per day per family member. \$ _____

Knowing what electricity is worth is worth knowing. Just look around.

BOB CHENNAULT, of Lubbock, will have his paintings on display this week at the Abernathy Library.

Around The Reader's Corner

Library Hours
 Monday - 12-5p.m.
 Tuesday - 9-1p.m.
 Wed. - 10-12; 1-5p.m.
 Thursday - none
 Friday - 12-5p.m.
 Saturday - By appointment

The Abernathy Public Library is pleased to exhibit painting by Bob Chennault during the month of November.

Bob was born and raised in Lubbock where he developed his own style as a natural self-trained artist. Bob's paintings reflect his appreciation of the land where he grew up.

The subjects of many of Bob's paintings are well known to him. Some of the objects he has painted are a farmhouse of an uncle in the town of Blanket, the tree and windmill at Winchester Square in Lubbock, and animals of the West Texas area.

Bob's wife, Christine, is the daughter of Mrs. Mildred Bundick of Abernathy. Bob and Christine have two

daughters and three grandchildren. The Abernathy Library invites everyone to drop in and view these lovely paintings and numbered prints.

Story Hour
The library staff would like to remind everyone of the "Preschool Story Hour" on Wednesday from 10:00-11:00 a.m. Each Wednesday from 3:05 p.m. until 3:45 p.m., first through third grade students are invited to come and watch movies. Fourth grade students and other grades are welcome to come from 3:50 p.m. until 4:45 p.m.

News From St. Isidore

The Annual Thanksgiving Dinner, sponsored by the Guadalupe Ladies

Spanish Mission Dedication Ceremony Sunday

The dedication of the Spanish Mission of the First Baptist Church of Abernathy will be Sunday, November 8 at 2:30 p.m. Brother Lloyd Riddles, Richard Howard, Chairman of The Missions Committee, and Brother

Rodriguez will conduct the ceremonies.

This building was started in March by members of the First Baptist Church Abernathy citizens, and about twenty-five men from down state. The work was com-

pleted and the building was occupied by the 1st of October. The congregation had occupied the old mission building about 18 years and had out-grown it.

Everyone is invited to the dedication service.

They seldom wear out when cared for, she adds.

McCormack is on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System.

WORD of GOD

The Way of Love

continued

Doth not behave itself unseemly, seeketh not her own, is not easily provoked, thinketh no evil;

Rejoiceth not in iniquity, but rejoiceth in the truth;

Beareth all things, believeth all things, hopeth all things, endureth all things.

Charity never faileth: but whether there be prophecies, they shall fail; whether there be tongues, they shall cease; whether there be knowledge, it shall vanish away.

For we know in part, and we prophesy in part.

Rita Kelley To Sketch Charcoal Portraits At Bazaar

Rita Kelley, Abernathy Kindergarten teacher, will have her charcoal portraits on display at the Abernathy Arts and Crafts Festival to be held November 21.

Rita was a graduate of Texas Tech University with a degree in Art Education. Upon graduation she worked at Hemphill Wells as a commercial artist.

After moving to New Mexico in 1969, Rita attended school at Las Vegas and became an Elementary teacher. She has taught for six years. Two years in Lubbock and the last four years in Abernathy.

She has always had an interest in portraits and has been using the kindergarten children as subjects for her drawings. These portraits will be on display and may be purchased at the Arts and Crafts Festival. Rita will be sketching, upon request, throughout the day.

Lesa LeMoine Participant In Miss Texas Tech Pageant

A new Miss Texas Tech will be selected from among 35 contestants at 8:15 p.m. Wednesday, October 28 in Lubbock Municipal Auditorium.

The coeds, representing various campus organizations, participated in sports-wear and evening gown competition.

Announcer Bob Nash and cartoonist, Dirk West announced the occasion and

musical entertainment was provided.

The pageant, sponsored by the Society of Professional Journalists/Sigma Delta Chi, is held annually to raise money for Tech journalism students.

Lesa LeMoine, a junior at Texas Tech was one of the contestants of this pageant. Lesa is the daughter of Mr. and Mrs. Mitch LeMoine.

Mr. LeMoine is the Abernathy high school principal.

Her major is in elementary education with emphasis on reading. Lesa is a member of the Women's Service Organization and works in the Journalism Department.

She is a 1979 graduate of Abernathy high school.

Struve's Trip Continues

By Arno Struve
Restaurants. Hotel restaurants are universally clean and aesthetically pleasing surroundings. But the commercial restaurants out in the city, with few exceptions, were not as clean as they might have been. The table and dishes were always sparkling but the walls, halls, and entry way were unappetizing to say the least.

Trains The railway systems we saw were excellent. We were assigned first class sleeping cars that were divided into compartments in which there was sleeping space for four people and seating room for at least eight.

We sat four to a compartment so that we had the facilities during the day, that we had at night. Room to "rattle around in".

Our immediate group, Minnie, Shirley, Shelley and I, had an ideal arrangement in that we were one family. Others were not so fortunate where "strangers" were, of necessity, placed together in one compartment.

We went to bed early and got plenty of good sound sleep on the trains. We learned that others never went to bed at all, but spent the night sitting up. We noticed, too, that the daily cocktail imbibers nearly always kept later hours than we did on the train and elsewhere as well.

There weren't many of these sleeping cars on our trains. The trains were long, having a dozen or more passenger cars all full of people. We judged this by the fact that when the trains

stopped and we were able to get out and walk outside, the other cars had lots of curious faces peering from the windows.

The Chinese passengers didn't get out and walk around like our group did when the trains stopped, although I'm sure they could have, had they wanted to.

We had a dining car adjacent to our car where the food was the typical fare that we had become "accustomed" to, only perhaps worse! The tables and food appeared clean enough, but the dining-cars otherwise weren't very cleanly kept.

Our windows were quite dirty and the sight of a white "gringo" getting out of the train, like I did to wash a window, must have been an unusual sight to the Chinese. The windows were dirty because our coal-fired steam locomotive naturally produced wet grime that befouled the windows. Needless to say my cleaning job didn't have effect very long, but it helped for a while.

Other trains we saw had diesel engines pulling them. I was entranced by the sounds of the steam engines as they started the trains moving, and then the triumphant fast puffing of the engine when speed was attained; and then the engineers would seem to brag a bit about the accomplishment by giving the steam whistles a chance to express their feelings.

The passenger cars weren't air-conditioned as we passed through hot desert country. But we did have sturdy and effective rotating

fans that put a pretty stiff breeze into every corner of the compartments. The fans didn't just oscillate, they rotated three dimensionally. I had never seen this type fan before that I can recall.

The trains arrived on time. The railway stations in the cities were more or less imposing, edifices, though the country town depots were very ordinary. The rolling stock was the heavy type like we have in the U.S.A., not like the little freight cars of Europe and other places.

The rails were standard gage and placed upon concrete cross-ties. We thought the railroads were very good. We had a higher regard for the trains than we had for the planes.

Chinese Toilets. Just like the Japanese. The flush variety toilets are imbedded in the floor and the top of the ceramic bowl is flush with the floor. Very difficult for a westerner to use. One of our trains had one of these and another had a western type. The hotels we stayed in had only the western type. Thank goodness!!

DRUG USERS do not report having relationships with their parents, and they do not see their parents as important sources of help and advice, although they are not necessarily alienated from one another, says Diane Welch, a family life education specialist.

These are the findings of several studies, although researchers did not completely examine the aspects of parental-adolescent relationships, she says.

Mr. and Mrs. Andrea Anderson are the proud parents of a baby boy born at 2:55 p.m. in Lubbock General Hospital October 27th. Fosh Coyt weighed 10 lbs. and 15 ozs.

Cotton Industry Tours Slated

The development of the cotton industry on the South Plains will be explored through a series of tours planned by the Enrichment Opportunities Committee of the Women's Council of the West Texas Museum Association.

The first tour day, Wednesday, Nov. 11, will begin with a 9 a.m. coffee and a film on the cotton industry presented by the National Cotton Council at The Mu-

seum of Texas Tech University. After the film, the tour bus will leave for the fully automated Friendship Cooperative Gin in Wolforth. Cost of the tour is \$6 and reservations must be made by Friday, Nov. 6.

Other tours will be Jan. 20 to the Littlefield Denim Factory, where the local cotton is converted into cloth, and Feb. 17 to the Texas Tech University Textile Research Center.

Tours are limited so early reservations should be made by sending a check for \$6 for each tour to the Women's Council of the West Texas Museum Association, P.O. Box 4499, Texas Tech University, Lubbock, Texas 79409.

For additional information, contact the WTMA office at 742-2443.

Hale Cotton Lint Production Contest Winners Announced

1st Place Senior 4-H entry was Cindy Davis from Abernathy 4-H with a 941 lbs. per acre lint average.

1st Place Junior 4-H entry was Robert Igo from Halfway 4-H with a 916 lbs. per acre lint average.

2nd Place Senior 4-H entry

was Steven Reese from Plainview 4-H with a 898 lbs. per acre lint average.

3rd Place Senior 4-H entry was Joan Davis from Abernathy 4-H with a 871 lbs. per acre lint average.

This contest is sponsored by A.L. "Skinny" Higgins Gin of Plainview.

FALL AND WINTER '81 FASHION TRENDS are making news with tunic-length sweaters for dressy occasions, says Ann Vanderpoorten, a clothing specialist.

Vanderpoorten is on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System.

Cashmere, mohair, angora and wool—alone or blended—will provide the background for metallic embroidery and braid, she says.

Bugle beads, pearls and tassels also are being used for accents.

Less dramatic, but dressy, are ruffled or scalloped trimmings of self-fabric.

LAKEVIEW PHILOSOPHER

Can't Understand Congress Taking So Long To Decide About The Awacs

Editor's note: The Swisher Philosopher on his Johnson grass farm reports on the AWAC problem Congress is wrestling with.

Dear editor:
What would you think of the trustees of a big city school who spent six months arguing over whether or not to sell a mimeograph machine to a backward rural school, to be delivered four years from now?

That just about sums up what Congress has been doing about AWACS for Saudi Arabia.

As I understand it, Saudi Arabia wants to buy 8 of the sophisticated planes for 8 billion dollars, with delivery scheduled for 1985. They have that kind of money because they sell us two-bit oil for \$32 a barrel.

You've seen pictures of the plane, the one with the giant frisbee on top. It's radar can detect an enemy plane 800 miles away, provided the enemy plane is flying high. If it's flying low, barely skimming the ground, the AWAC can't tell it from a speeding car or possibly a loping camel.

Some Congressmen say sell the AWACS; others say no, the Saudis might put them to the wrong use. The Administration says it'll have written guarantees that won't happen. The trouble with that is that Saudi Arabia is a monarchy and four years from now no telling who'll be in charge over there, the king business being what it is these days. Regardless of how high paper is, some agreements are still not worth what they're written on.

It's hard to imagine grown men and women taking six months to make up their minds one way or the other on the sale of 8 airplanes when there are so many other pressing problems crowding in on them, but I see their point. Anything to get their minds off other things too big to handle.

My opinion on this grave matter is, go ahead and let that rural school have that mimeograph machine. It'll learn how to operate it a lot faster than the Saudis will the AWACS.

Yours faithfully,
J. A.

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

Names that represent a strong interest in the well-being of the Texas High Plains cotton industry are conspicuously absent from the list of House-Senate conferees set to meet November 4 on the 1981 farm bill, notes Gary Ivey of Ralls, President of Plains Cotton Growers, Inc., Lubbock.

"And although differences between cotton sections passed by the respective houses are said to be 'minor' differences," Ivey says, "they are differences that under certain circumstances could have a major impact on this area's cotton economy over the four-year life of the bill."

The loan minimum and the loan-setting formula are the same in both Senate and House bills, leaving no opportunity for change in conference. The minimum is 55 cents per pound for the base quality, strict low middling 1 1/16 inches, 3.5 to 4.9 micronaire.

The formula, unchanged from the 1977 Act as amended in 1978, sets the base loan each year at (a) 85 percent of the median three of the past five years average of U.S. spot market quotations or (b) 90 percent of the July 1 through October 15 average of Northern Europe prices, whichever is lower.

Assuming the conference committee report is enacted, it is now safe to assume that the 1982 loan under this formula will be 57.08 cents per pound.

Under these circumstances, Ivey states, PCG is concentrating on future target prices and on setting the stage for more realistic loan schedule discounts on High Plains type cottons.

The Senate version of the bill would set the target price at 71 cents per pound in 1982, 76 cents in 1983, 81 cents in 1984 and 86 cents in 1985. The House version calls for each year's target price to be 120 percent of the base loan.

Thus if the House version prevails, the target price in 1982 will be about 2.5 cents lower than under the Senate's target price language, "and since we have reason to believe the target provided by the Senate version would continue above that envisioned by the House, we are urging conferees to stand fast for this section of the Senate bill," Ivey reports.

The "Heflin amendment" in the Senate bill, against which the PCG Board recently passed a strong resolution, has no counterpart in the House bill. So in this instance PCG officials are seeking adoption of the House version.

The Heflin amendment would mandate that quality differentials in the loan schedule be based on a simple average of the previous year's loan schedule and recent spot market quotations, plus require establishment of a study committee to consider alternative methods of setting quality premiums and discounts.

COTTON TODAY

A NATIONAL COTTON COUNCIL SERVICE

NEW CREDIT TO KOREA APPLAUDED: National Cotton Council President Frank M. Mitchener has applauded a new government credit agreement backing up sales of \$300 million worth of U.S. cotton to South Korea during the coming year.

At current prices, the

agreement means credit backing for purchases of about 850,000 bales.

Mitchener, who was in Seoul with Agriculture Secretary John Block when the pact was signed, called the move "a real shot in the arm" for cotton exports. He said the credit assurance is of crucial importance to cotton farmers in view of this season's bumper crop prospects.

"It should go a long way in keeping U.S. cotton dominant in the Korean market," he stated. "I'm convinced that without this kind of credit backing from our own government we wouldn't be able to maintain the 95% market share we've built in that market over the years."

CHAIRMAN NAMED: Ed Breihan of Lubbock, Texas, chairman of the National Cotton Council's Technical Committee, will be general chairman of the 1982 Belt-wide Cotton Production-Mechanization Conference Jan. 6-7 at Las Vegas.

Session chairman are Dr. Roy S. Rauschkolb, director of Arizona Cooperative Extension Service, and Jesse W. Curlee, general manager of Supima Association Conference theme for 1982 is "Productivity-Profits-Progress."

TEXAN NAMED BY NCC: J.P. "Pete" Brown became director of field service for the National Cotton Council effective October 1.

Brown replaces Carlton H. Power, who retired from the post after 34 years of service to the cotton industry.

A native of Nolan, Texas, Brown became associate field service director in 1979. He joined the Council staff in 1961 and served as a field representative for Arizona, New Mexico, the El Paso area, and California's Imperial Valley.

Brown was a vocational agriculture instructor at Slaton and Tulia, Texas, before joining the Council. He is a graduate of Texas Tech University.

EXPORTS STRONG: Net new sales of upland cotton for the 1981-82 marketing year totaled 178,900 running bales during the week ended October 1. This brings the season's total overseas sales to 3,512,300 bales. Top buyers were South Korea, 48,200 bales, and Japan, 47,200. The week's actual shipments were 54,200 bales.

Gas heating saves \$226 per year!
Compared to the heat pump, gas heating can save you \$226 per year on your utility bills. So if you hear that a heat pump is "more economical", remember, that is comparing it to other electric heating... not to gas! No other heating system even comes close to gas for economy. At Energas, we are committed to help you get the most for your heating dollar. Gas heating, combined with good conservation practices, saves energy, too.
