

Lopes Stun Childress 21-0 In Last Season Game

A full moon hung over Childress Friday night and the Abernathy Antelopes saw the light as they stunned the Childress Bobcats 21-0 to end their winning 1981 football season.

The Lopes finished the season with an overall record of 7-3, which is much better than their 5-5 record of last year. In district play they are 4-1 and came in second place behind Floydada in District 3-3A. But in the hearts of many, the Lopes are number one in this district.

Abernathy shut Childress out Friday night by refusing to let the Bobcats score. The Lopes had 12 first downs and 269 yards to the Bobcat's 9 first downs and 143 yards.

Quarterback Max Riley once again had an accurate night of passing completing 7 of 12 attempts for 187 yards. Childress completed 5 of 18 passing for 37 yards. In the rushing department, Abernathy gained 91 yards on the ground to the Bobcat's 106.

Penalties plagued the Lopes throughout the later part of the game, but many of the calls, as most fans would agree, were not warranted by the Lopes. Abernathy was penalized 12 times for 105 yards to the Bobcat's 6 penalties for 55 yards.

Sunshine Group To Meet
The Sunshine Group will have their monthly get-together Thursday, November 19 at the Community Center in Abernathy.

The program will begin at 11:00 and a Thanksgiving dinner will follow at 12:00. Everyone is invited to attend.

Library Closing For Holiday
The Abernathy Public Library will be closed November 26 and 27 for the Thanksgiving Holidays.

Antelopes Finish In Second Place

In the first quarter, the Lopes scored first on their second possession with a 71 yard pass from Max Riley to Malcolm Dunn. Riley found Dunn all alone. Dunn caught the pass and ran 71 yards for the first score. The PAT attempt failed and the Lopes led 6-0.

In the same quarter, the Bobcats fumbled on their own 29 yard line and the Lopes took over. Alan Pettit ran four yards on the first play. Riley followed with 10 yards, then Pettit with four more, and ending the drive was Riley again with a second score from 10 yards out. The Lopes then went for two extra points and got them on a short pass play from Riley to Alan Pettit who was in the end zone. The Lopes led 14-0.

The Lope's third and final touchdown came in the second quarter. The Lopes began on their own 16 yard line, and in 9 plays went 84 yards.

This drive was highlighted by a 42 yard pass play from Riley to Pettit and a 15 yard touchdown pass play from Riley to Randy Houston to make the score 20-0. Chester Cooper made his first varsity PAT, as a freshman, making the score 21-0 and the first half

ended after the Lopes stopped the Bobcats again.

The first half was all Abernathy and it looked as if the Lopes would run away with the second half. This was not the case. Childress would not permit the Lopes to score in the second half.

The Lopes were just as stingy. The Lope defense completely overpowered the Bobcats the entire game.

It looked as if the Bobcats might score in the third quarter when they drove down to the Lope 2 yard line. The Lope defense was awesome and would not allow the Bobcats to go the extra two yards to score in the next three plays. This dramatic goal line stand completely destroyed any hope of a Bobcat come-back.

The later part of the third and fourth quarters consisted of penalties and missed Childress pass attempts. Time ran out for Childress and the Lopes got revenge over the Bobcats 21-0.

David Davis was credited as having the most tackles (10) for the evening. Rodney Cannon caught 3 passes for 50 yards, Dunn 1 for 71 yards, Pettit 1 for 45 yards and Randy Houston 2 for 18 yards.

COME TO THE ABERNATHY ARTS AND CRAFTS BAZAAR SATURDAY

NO HARD FEELINGS was the attitude displayed by Abernathy and Childress players after the game Friday night in Childress. The Lopes shut out Childress 21-0 and ended district play with a record of 4-1, placing second behind Floydada for the district title. (Review Photo)

Board Awards Votes To Harrison

The Abernathy School Board met in a special meeting Friday at 7:30 a.m. to discuss who the school's 915 votes would go to in the election of the Hale County Appraisal Districts Board of Directors for the next term.

The board decided to grant Billie Harrison, presently on the Board of

Directors, 822 of their votes. 47 of the remaining votes were cast for Neal Burnett and 46 for Doc Cross.

Overall votes cast for each candidate county-wide are as follows: Harrold Rhodes 822, Billie Harrison 822, Robert R. Byrd 822, Neal Burnett 822, Doc Cross, 821, Tom Almon 821 and

James Belk 70.

Rhodes, Harrison, Byrd, and Burnett were elected to the Appraisal Board of Directors hands down, but Cross and Almon were tied for the fifth position. Cross won the tie breaker drawing and was elected to the board. The City of Abernathy gave their 70 votes to James Belk.

The number of votes allotted to school boards, city councils and county commissioners courts is determined by their individual tax rolls. This past week, directors for the state's 254 county appraisal districts were selected.

The newly elected directors will serve a two-year term beginning January 1, 1982.

Early Thanksgiving Edition

The Abernathy Weekly Review will be delivered one day earlier this year since Thanksgiving is Thursday and mail will not be delivered on that day. The deadline for the next edition of the Review will be Monday at 12 noon, in order for us to meet the early delivery deadline. Papers will be mailed on Wednesday and put on the newsstands Tuesday evening.

The Review urges everyone to recognize the early deadline Monday and realize that they will get their paper this Wednesday rather than Thursday.

Shool Tax Office In New Location

The Abernathy School Tax Office is in a new location. The entrance to the tax office is on Ave. E, faces the east, and is across the street from the First Baptist Church.

Five Gins Report 5,966 Bales Ginned

Five gins in the Abernathy area reported an increase in ginning activity last week. A total of 5,966 bales of cotton has been ginned at these five gins up to November 16.

Last year most gins had ginned more bales at this time. The gins had ginned three or four times more bales last year at this time than they have ginned to the present date this year.

The following gins and bales are listed: Farmer's Tuo Gin reported 936 bales ginned, Abernathy Farmer's Co-op Gins reported 2500 bales, County Line Coop Gin reported 1200 bales, Hy-Grade Gin reported 900 bales and Teakell Gin reported 430 bales ginned.

Several other gin managers contacted chose not to report how many bales they had ginned.

Some of the managers stated they did not have enough grades back to get an average of grade, staple and micronaire, but two managers figured 52 was the average grade, 32 was the average staple and the average micronaire was 3.2 to 3.3.

Prices for cotton will vary from day to day on the market. Leland Phillips stated that the price was probably 42 cents to 43 cents on the average.

Gins paid growers \$70 to \$85 per ton for cottonseed this year. The price is based on the grade of the seed.

Cross Country Places Sixth

The Abernathy Girls Cross Country Team placed sixth in state this past Saturday at Austin.

Mathis won first place in the 3-A state cross country contest. Briscoe followed in second place, Jordantown third, Llano fourth, fifth place unknown, and the Lopes placed sixth out of the 12 teams in the state meet.

The team is coached by Phyllis Jones and Larry Steele. Coach Jones stated

that this was the first time this year that the Lopes had defeated Tulia at full strength. The Tulia cross country team came in behind the Lopes at seventh place.

Jones also stated that the Lope team, made up of three sophomores and four freshmen, placed well considering they had to run two miles over hilly terrain in the hot, humid climate of Austin. Abernathy won first place in Area 1

by having a better time than the two other Area 1 teams, Tulia and Junction.

The cross country team is made up of Stacey Kelly, Regina Powell, Jackie Riddell, Laurie Barrera, Holly Shafer, Amy Pettit, Dinah Neve and Johnna Harrell.

Coach Jones ended by saying that the cross country team should be good next year because everyone on the team is a freshman or sophomore.

THE FFA FRUIT SALES will continue through Friday (tomorrow). Ag Instructor Gerald Kelley said that anyone wanting fruit and did not order any, could call him or Scotty Windham at 298-2563. You have the rest of today and tomorrow to order your fruit from the FFA.

PLEASE NOTE our early deadline next week. We will accept news and ads until 12 noon Monday. The paper will be put on the newsstands Tuesday evening and delivered Wednesday. So if you have something to put in next weeks paper, please bring it in now.

THE SECOND ANNUAL Arts and Crafts Bazaar is coming up this Saturday. It will be held at the Abernathy Community Center and everyone is urged to drop by.

The perfect Christmas gift for that "hard to shop for person", may just be found at the bazaar, as some 35 craftsmen and women will have their arts and crafts on display and for sale.

TODAY IS THE GREAT AMERICAN SMOKEOUT. It is not a day set aside for those who wish to get rid of their next door neighbor by setting their house on fire. It is an event sponsored by the American Cancer Society to focus public attention on the dangers of smoking.

The ACS hopes to persuade everyone who smokes to give it up for one day, which will hopefully coerce smokers to consider breaking the habit from then on.

It will be easy for me to quit smoking. I only smoke cigars when someone has a baby anyway. But for those who smoke on a regular basis, I sincerely hope you will consider the fact that inhaled smoke is a detriment to the human body.

BOOSTER MEMBERS and everyone who worked so hard to promote team spirit and support throughout the football season should be thanked and recognized at this time. These are the fans who have been behind the Lopes 100% by making flags, painting windows, making posters, spirit ribbons, etc.. These fans are appreciated and their efforts resulted in a winning season for the Lopes.

WE WOULD LIKE TO THANK Jay Harrison for helping us with football stats and assisting the Review in every way possible throughout the football season. He helped make it possible to give the fans the detailed weekly coverage of each game.

EVER GO TO CHURCH and wonder what some of the words you hear mean? Here is a list of 11 of some of the most misunderstood words in the religion world. There are probably many preachers who would disagree with these definitions...

Adam-Hoss Cartwright's brother.

Adultry-The sin of saying you're older than you are.

Conversion-The point after a touchdown.

Lopers See Granddaughter For First Time

Family Living In Communist Surrounded Berlin

Mr. and Mrs. Mayo Loper saw and held their new granddaughter for the first time and were reunited with their son, David, and his wife, Judy Tuesday, November 3. It had earlier been thought that the Lopers would not see David, Judy or their new granddaughter until 1983.

It was a happy occasion for the Lopers as they had not seen their new eight month old granddaughter, who was born March 9, 1981 in Berlin, East Germany.

David is stationed with the U.S. Army in Berlin, which he and his family have made their home until at least 1983, when David's tour of duty will end in Germany. He is presently on a 30 day leave.

The work David does in Berlin is classified information because he is involved with U.S. Intelligence and Security in Europe.

When asked how important his position is to national security, David stated that he could not speak freely about his position. But he did agree that he would be one of the first to know if Russia made an attempt to attack any country.

Living In Fear

It would not be correct to say that the Mayo Lopers live in fear from day to day knowing that Berlin could be taken over in a matter of minutes if Russia decided to attack, but they are under great pressure of knowing what dangers David, Judy and their new granddaughter face in the event of war.

David stated that it is has been estimated that it would take Russia only eight days to reach the border of France if they decided to attack Germany. This threat of communist rule is continuously in the thoughts of David and Judy Loper, but they do not dwell on what could happen if Berlin was taken by communists.

The Island Of Freedom
"The city of Berlin could be described

as a tree island surrounded by a sea of communists," Judy Loper said. She explained that Berlin is 110 miles within East Germany, which is a communist country.

David and Judy pointed out that following WW II, Germany was divided into East and West Germany. West Germany remained free and East Germany adopted communism. Since Berlin was the original capitol, it was

Bells To Be Honored On Golden Wedding Anniversary

Mr. and Mrs. M.M. Bell will be honored on their Golden Wedding Anniversary Sunday, December 6 in the First Methodist Church from 2-4:30 p.m. A reception will follow.

Throughout the afternoon, special music will be arranged by Mr. and Mrs. George Riddell and Mrs. Bettie Hardin will play lovely selections on the piano.

Milton Marion Bell and Juanita Goldie Meredith met in Vernon, in the summer of 1926, in the home of Mrs. Dorothy (Scott) Dale, who now lives in Abernathy. Milton lived in the Bell community northwest of Vernon, where he was born and raised. He farmed with his father.

The Bell school and church building was moved into Odell after school was consolidated. The beautiful well kept Bell Cemetery is still being used by the Bell family and some of the old timers.

Juanita lived in Vernon, Wilbarger County, after her family moved there from Knox County by covered wagon in 1918.

Milton and Juanita were married by a Methodist minister in a simple ceremony in the church parsonage at Frederick, Oklahoma December 30th 1931.

They lived in the Bell

community for two years where Milton farmed. They moved to Vernon in 1933. There Milton bought a new truck and went into the trucking business for himself.

January 1936, they moved northeast of Abernathy to the Stoneback community. They bought a small place across the road from the old Stoneback school house, and farmed it until January, 1943. The Bells bought the Harold McCune home northwest of Abernathy.

They have been active members of the First United Methodist Church and active in the community since then.

In 1963 they moved to 1001 Second Street, in Abernathy, their present address.

The couple has two children, Mrs. Marion Janet (Bell) Wooten and William Donald Bell, both are graduates of Abernathy High School. They have six lovely grandchildren and two precious great-grandsons, who will be in Abernathy to honor them on their 50th Wedding Anniversary.

Havens Honored With Surprise Silver Anniversary Dinner

Mr. and Mrs. Richard Havens were given a surprise dinner party at the city hall club room Saturday night. The event, which was in observance of their Silver Wedding Anniversary, was hosted by their children, Mark and Brenda Havens of Canyon, Jill, Lori, Gordon and Kara Havens of Abernathy. Richard and Vicki were married November 24, 1956, in Clovis, New Mexico. Those attending the dinner

party were Patsy Tucker, Mr. and Mrs. Van Gallaway, Mr. and Mrs. Hugh Fry and daughter, Jana, of Lubbock, the Rev. and Mrs. HB Coggin, Jeanie McClellan of Spearman, Mr. and Mrs. Bruce Anderson of Lubbock, Mrs. Robert Gough, Lynda Schliesser of Lubbock, Douglas Chapman, Carease Henderson of Daytona Beach, Florida, Mr. and Mrs. Orville Havens of Tahoka, Cindy Havens of Lubbock, Mr. and Mrs. Jay Havens of Lubbock, Mr. and Mrs. Hilbert Rantz, Sherry Rantz of Lubbock, Mr. and Mrs. W.C. Clement, Mr. and Mrs. Cecil Hall of Littlefield, Mrs. Elda Whiteside of Lubbock, Kim Havens of Lubbock, Leroy Miller of Lubbock and Mr. and Mrs. Buford Davenport

Clara Harp will exhibit egg art at the Abernathy Arts and Crafts Bazaar November 21. Her display will include figurines, jewelry boxes, music boxes and Christmas tree ornaments.

The ornaments are made from eggs of all sizes; from tiny canary eggs, to the eggs of the giant Australian rhea and Australia's "Big Bird", the emu.

The eggshell has been called "nature's perfect package." It is clean, efficient and disposable. It also has a graceful shape and a delicate beauty which can be turned into a surprising array of art and jewelry creations.

"It all started with Easter eggs," Clara said. "I was teaching an art class in Junior High and needed a craft which could be done with inexpensive materials. I later learned that egg art, called "Eggersy", is a very

old and interesting craft. I also learned that it can be very expensive, if you let it."

"There are eggery clubs, eggery conventions and eggery workshops as well as manufacturers and wholesale and retail dealers who make and sell tools and materials for egg crafts," Clara added.

Clara uses a small power tool and scissors to cut the eggshells. Some people use a dentist's drill. The eggs are painted with several layers of paint and sealer to strengthen them. They are then trimmed with braid and jewels.

Clara likes to create tiny scenes with miniatures and painted backgrounds. "There is no limit to the possibilities," she said. "I think that is why I like to work with eggshells."

Her favorite creations are Christmas tree ornaments. She has made enough orna-

ments to decorate a very large tree. "Eggshells make perfect tree ornaments," she noted. "They are lightweight, easy to arrange, and they can be just as bright and glittery as you want to make them. They can also be personalized with names, dates or special messages."

The Abernathy Arts and Crafts Bazaar, sponsored by the Abernathy Arts and Crafts Club, will be held at the Abernathy Community Room November 21, from 10 a.m. to 6 p.m. More than 35 exhibitors will be offering a variety of crafts which are

ideal for gifts or holiday decorations.

Talk Of The Town

Visitors at the Church of Christ Sunday, November 8th were: Rachel Dunn, Lubbock, guest of Willie and Willene; James Pearson, of Abernathy, guest Kelly Vandegriff; Doug Loper, Dallas, guest in the home of Mayo and Ti; Mr. and Mrs. Curtis Ratcliff, Wylie, guests in the home of David and Emily; and Wade and Marcy Henderson, Lubbock, guests of Frank and Barbara Green.

GETTING READY FOR ARTS AND CRAFTS BAZAAR this Saturday is Clara Harp, who will exhibit her egg art. Clara's display will include figurines, jewelry boxes, music boxes and Christmas tree ornaments. (Review Photo)

Rev. D'Souza Attends Retreat For Priests

This year the Catholic Diocese of Amarillo planned two retreats for its priests. About half the number of priests working in the Diocese went on Retreat at Las Cruces, New Mexico, from the 6th to the 9th of October.

The other half of the priests of the Diocese had their Retreat at the St. Joseph Retreat House, San Antonio, from 2 of November.

Rev. Matthew F. D'Souza, the Pastor of St. Isidore Catholic Church, joined the group that went to San Antonio.

The retreat exercises for this year were called "Emmaus", which means the conversion of disciples. It signifies two disciples, two brothers in ministry, walking out of the darkness of confusion and disappointment into the light of a renewed ministry.

Meeting Jesus on the road ended in a new sense of mission. Emmaus means allowing the Risen Lord to break the breads of Word and Eucharist for his disciples. Emmaus is an experience of brothers finding their way to the Lord and to

one another. It ignites the flame of zeal to proclaim Jesus as the Risen Lord.

The Emmaus Program is a spirituality planning method for the community of priests. The program is quite simple. The heart of the program is a serious, prayerful, brotherly-retreat experience.

In the process of conversion, renewed commitment to Jesus, his Church, and openness to the Holy Spirit, the priests were encouraged to follow up the retreat by gathering into small reflection groups. In this setting,

under the influence of the grace of God, the men prayed, dialogued, and planned for the further spiritual growth of the presbyterate in the Diocese of Amarillo.

Rev. Michael Brophy, a Passionist Missionary and Retreat Master from Des Moines, Iowa, and Rev. Gary Ostander, from Lincoln, Nebraska, were the Retreat Directors.

Ordination Service For Cliff Cooper

Cliff Cooper will be ordained to the Gospel Ministry Sunday, November 22nd, at 3:00 p.m., at the First Baptist Church.

All ordained men are invited to form the ordaining council at 2:30 p.m.

Cliff is currently serving as pastor of Afon Baptist Church and attending Wayland Baptist University. He is the grandson of Mrs. D.L. Hall of Abernathy.

Nazerene Church News

The Church of the Nazarene annual Thanksgiving offering for World Missions will be Nov. 22nd in the morning service. The goal this year is \$1500. This is a great opportunity to give for the work of missions around the world.

November 22nd, at the First Baptist Church. The service will start at 7:00 p.m. The speaker this year will be Rev. Lester, pastor of Bethel Baptist Church. This is a Sunday evening service and a large crowd is expected.

Sale Party
November 30th the Nazarene Church will have a sale party in Halford Hall. Ladell and Betty Patterson are

missionaries to Jamaica. R.C. and Florine Patterson and Alma Ruth Patterson are going to Jamaica in December. We know of several items that they need on the field. Those items will be on display November 30th, so you can purchase them and have R.C. take them to Ladell and Betty. A pot luck dinner will be served before the sale.

Hobby Club News

The Hobby Club met November 5th at 10:00 a.m. for their annual work day. Several ladies were present and worked on crochet, needle point, making doll clothes, latch hook and long point.

The yearbook committee, made up of Minnie V. Presley, Dyvena Davis, Maurine Hamilton and Nadine Rogers, worked on the yearbook for 1982.

At noon, members enjoyed a sack lunch and refreshments furnished by Glenna Downs, who was hostess for the day.

The business meeting was at 1:00 p.m. After this, Dorothy Boggus displayed her project, which was a cute

boy and girl doll, a stuffed frog and turtle, and Christmas tree ornaments of pretty red apples, Santa socks and white dove.

Also attending the meeting was Minnie Northcutt, Mildred Rea, Buelah Woods, Ona Mae Maserang, Wynelle Pope, Francis Howard, Vera Vaughn and Wilma Pope.

The next Hobby Club meeting will be held December 3rd. It will be the Christmas luncheon and program as well as the last meeting of this year. All members are urged to be present.

Those To Remember

Joe Lovelace is in Jonsson Hospital in Dallas. He is doing well, after having 5 by-passes last week.

Mr. Jesse Webb was taken to Lubbock General Monday morning.

Herbert Hardin was moved out of ICU Sunday to a room and is doing better. He is in Methodist Hospital.

Mrs. Hattie Forbes is in West Texas Hospital.

Rev. U.S. Sherrill is in Northwest Texas Hospital in Room 244 at Amarillo. Bro. Sherrill is a retired minister who was pastor of the First Methodist Church here.

Pearl Givens is in Methodist Hospital.

Aerobic Exercise Classes Offered

Aerobic exercise classes are being organized and are open to interested individuals in the community.

The classes will meet Tuesdays and Thursdays from 5 to 6 p.m. in the Abernathy Community Room at the City Hall.

The fee for six weeks of classes is

\$12, to be paid in advance. This fee will be used to help pay for the use of the Community Room. At least 10 people must sign up for this class in order for it to be held.

For more information call Crystal Hamilton at 298-2277, or after 5 p.m. call Marilyn Stone at 298-2187.

Girl Scouts Sponsor Kid's Corner During Bazaar

Sixth grade Girl Scout Troop 15 will offer a Kid's Corner at the Arts and Crafts Bazaar, in the small community room. Children of all ages will be able to express themselves artistically.

A Christmas graffiti wall will be available as well as a variety of Christmas ornaments to make. Children will

also be invited to watch films while parents shop at the bazaar. The Kid's Corner will be available for 50 cents a child.

An additional feature will be a baby sitting service for small children while parents shop. For 50 cents a child, the Girl Scouts will entertain the smaller children.

IF THE DIVORCE and remarriage rate continues, there may be a generation of step-children that may raise another generation of step-children with very little educational help in doing so, says Diane Welch, a family life education specialist.

Humble yourselves therefore under the mighty hand of God, that he may exalt you in due time:

BIRTHS

Mr. and Mrs. Thomas G. Yanez, Jr. are proud to announce the birth of their daughter, April Dawn Yanez, November 8. She weighs five pounds and is 20 inches long.

Paternal grandparents are Mr. and Mrs. Thomas G. Yanez, Sr. of Rotan. Maternal grandparents are Mr. and Mrs. Jesse Salazar, Sr. of Abernathy.

Daniel and Donna Brunner are the proud parents of a son born October 30th. They named him Mark Daniel.

Grandparents are Rev. and Mrs. Roswell Brunner of Abernathy.

Talk of the Town
Visitors in the home of Mrs. Dewey Price was her niece Mrs. Vandy White of Loper, who came last Tuesday and stayed until Saturday, and her nephew and his wife from Shamrock, Mr. and Mrs. James Stavenhagen, who spent a day with Mrs. Price.

divided between the four allied powers: France, Great Britain, the United States and Russia.

Half of Berlin was allotted to Russia and the other half was divided equally between the U.S., France and Great Britain. This half of Berlin is the free island within East Germany.

The Wall

David stated that the wall separating the communist half of Berlin from the free half of Berlin was built after the war. The Berlin wall was constructed by the communists because the technical and professional people were leaving communist Germany to the free world.

While the wall was being built, hoards of people tried to escape to West Berlin by going over the fence. "These were the smart people who could see what was happening," David said. Communist Berlin did not want to lose their educated people and eventually prevented them from going across the fence by bringing in tanks.

"Today, it is almost impossible to get over the Berlin Wall," David said. "The wall is rounded on top to prevent people from getting a grip to climb over the wall. Guards with automatic rifles watch the wall and it is patrolled with dogs. Mines and thick layers of barbed wire are also placed along the wall," David said.

"Sometimes we hear shots coming from the direction of the wall, which we can see from the balcony of our apartment," David said.

Totalitarianism

People living on the east side of Berlin want to escape the totalitarian form of government. According to David, this is a type of government where there is no free commercial or private markets. There is no competition between stores because the prices are the same everywhere, as administered by the communist government.

"Communists decide which occupation each person is best suited for. Everyone is restricted to how much money they can make, most of which goes to the communist government anyway," David said.

David and Judy also pointed out that there is no freedom of choice or movement within a totalitarian government. Judy stated that whenever her and David go shopping in the communist sector, which is very seldom, they can enter stores when told to and not before. "The communists determine how many people are allowed in a store and you have to stand in line until they let you into the store," Judy added.

David plans to make a career of the Army and some day work in the United States under intelligence and Security. Presently, he is commissioned to stay in Germany until 1983.

David and Judy flew to California to see Judy's family. From there, they will fly back to Germany and stay until 1983.

David and Judy met in 1976 when he was in the 7th Army Soldiers Chorus in Germany. They married in 1977 in Heidelberg, Germany. Judy is originally from Idaho.

The new granddaughter was the Lopers first one. The Lopers presently have four grandsons and now one granddaughter, what they had always wanted, but they will not see her again until possibly 1983.

Phillip Ernest Jeffery
Funeral services for Phillip Ernest Jeffery, age 87, of 6522 Sayle Street, Greenville, were held in Greenville November 6.

He died after an extended illness November 3rd, at Community Hospital in San Antonio. Burial was in Caddo Mills under the direction of Rentfroe Funeral Home.

Jeffery was born October 2, 1894, in Hunt Texas. He married Jessie Mildred Head, October 15, 1928, in Dallas. He and his family moved to the Abernathy Community from Tahoka in 1943 where he farmed, one mile southwest of Abernathy until his retirement in 1964.

Mr. Jeffery was a combat veteran of World War I, and participated in five major battles.

Survivors include: his wife, Jessie, of Greenville, one son, Gerald, two grandchildren, Robert Paul and Melinda Carol of Uvalde, two brothers, J.A. of Uvalde and W.B. Of Del Rio, three sisters, Ann Hart of Miami, Florida; Mary Worley and Linnie Caffel, both of Bandera.

For a number of years, the Jeffery's occupied the present Ray Sanders residence.

LP&L And SPS Interconnection Dedication Nov. 20

John David Hughes, Commissioner, Federal Energy Regulatory Commission, will be the principal speaker in Lubbock, November 20th at the dedication of an interconnection between Lubbock Power & Light (LP&L) and Southwestern Public Service Company (SPS).

The interconnection agreement between the two companies will provide the City of Lubbock with firm power service, emergency service and non-firm energy service. Under the contract, LP&L will buy 10,000 kilowatts of firm power per month from SPS and have the option of buying still more off-peak generation at a reasonable price.

The Federal Power Commission has released a staff report which indicates that Lubbock, Texas, could save more than \$95 million in electric power costs over the next 15 years by interconnecting with Southwestern Public Service Company.

Jesus Jaso Loses Leg In Auger Accident

Jesus Jaso, 47, of Petersburg, was in serious condition Sunday at West Texas Hospital with injuries he received about 1:15 p.m. when his leg got caught in an auger at Hygrade Gin Inc. in Abernathy.

A hospital spokesman said the extent of the man's injuries required amputation of his leg just above the right knee.

Farm And City Week November 20-26

Farm-City Week, Nov. 20-26, focuses on the involvement of farm and city people as partners in growing, processing, marketing and consuming food and fiber.

"In Texas, movement of food and fiber from field to factory to the family table provides jobs and income for about a fourth of the working force," points out Dr. Carl Anderson, marketing economist with the Texas Agricultural Extension Service, Texas A&M University System.

"One out of every 30 Texans is a farmer or rancher, and 30 percent of the state's retail trade business is directly associated with agricultural production and selling of food and fiber products," says Anderson.

Many businesses, financial institutions and individuals are involved in providing supplies, credit and services to farmers and ranchers and in processing and marketing agricultural commodities.

While the overall cost of living has increased about 11 percent from a year ago, food prices in the grocery store have increased 6.4 percent and apparel has risen less than 5 percent, notes the economist. This compares with an increase of nearly 13 percent in housing, 16 percent in fuels, 11.5 percent in medical care and 25 percent in public transportation.

"Americans spend far less of their take-home pay on food than people in other countries of the world," Anderson points out.

"Together, farm and city people make the best food and fiber team in the world," he believes. "This gives a country the capacity to feed its own people and to export

for economic gain as well as for humanitarian purposes."

With more than \$3 billion in farm exports last year, Texas is one of the leading states in shipment of agricultural products abroad. Texas led the nation in shipments of cotton, cottonseed and animal fats; was second in meats and meat products, hides and skins; and third in rice, peanuts and peanut oil.

On a national scale, farm exports total about \$44 billion. Anderson estimates that production from about one out of every three acres

of cropland is exported. Leading customers are Japan, Netherlands, Mexico, China, Canada, Germany and Korea.

"Farm exports support more than a million jobs, and the added business stemming from agricultural exports about equal the value of products shipped," says Anderson. "Exports help both farm and city people make a living. At the same time, they boost the economy and offset some of the cost of imported oil."

COTTON TODAY
 A NATIONAL COTTON COUNCIL SERVICE

COTTON SECTION CLEARED: House-Senate conferees this week agreed to cotton title of the 1981 farm bill. Approved were provisions to (1) maintain the current loan formula while increasing the loan floor from 48 cents per pound to 55 cents; and (2) set cotton's target price at 71 cents per pound in 1982, 76 cents in 1983, 81 cents in 1984, and 86 cents in 1985, or at 120% of the established loan rate, whichever is higher.

The target price provision represents a compromise between the Senate version which statutorily established levels and the House language which set them at 120% of the loan rate. The National Cotton Council strongly urged support for the Senate version. The compromise insures that the target price will no lower than the levels contained in the Senate bill.

AG APPROPRIATIONS OKAYED: Senate-House conferees have approved \$21.2 billion in fiscal 1982 appropriations for USDA and related agencies. Despite over-all program cuts of \$2.5 billion, cotton dust funding was maintained at last year's \$5.3 million level as recommended by the National Cotton Council. Conferees at the urging of Rep. High-tower (D-Tex.) agreed to maintain the \$1.7 million boll weevil program which the Senate had earlier voted to cut by nearly 75%. In response to an appeal by Rep. Lewis (R-Calif.), \$2.5 million was approved for the pink bollworm program.

COTTON BUYERS

THINK YOU CAN NEVER be too thin or too rich?

Not necessarily true—especially being too thin, says Dr. Cass Ryan-Crowe, a food and nutrition specialist.

Thin people are less resistant to infections and diseases, she says. Also, the person who is constantly dieting to lose extra pounds may not be getting all the necessary nutrients, such as vitamins and minerals. Iron deficiency anemia among chronic dieters is a special concern, the specialist adds.

Ryan-Crowe is on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System.

WOMEN, PREPARE YOURSELVES.

By 1990, 60 percent of women will either have jobs or will be looking for them as compared to 52 percent in 1980, predicts Bonnie Piernot, a family resource management specialist.

Piernot is with the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System.

COTTON TALKS
 FROM PLAINS COTTON GROWERS, INC.

For the first time since the current farm law was enacted in 1977 cotton producers in 1981 can expect to receive price deficiency or "target price" payments, according to officials of Lubbock-based Plains Cotton Growers, Inc.

"Although some producers still are skeptical," says PCG President Gary Ivey of Ralls, "unless there is a surprising and dramatic upsurge in market prices between now and the end of this year, payments will be made, probably in March or April of next year."

The per-pound amount of the payment will equal the difference between the 1981 target price of 70.87 cents per pound and the weighted average price paid to all U.S. farmers for all cotton during the 1981 calendar year. The per-pound figure will be multiplied times each farmer's payment yield (as established earlier this year by county ASCS offices) times planted acres to determine the total payment due. However the total will be subject to the \$50,000 limit on payments to any one farmer for all crops. Also, planted acres could be factored down slightly for producers who planted more cotton this year than last.

For the months January through July this year, the weighted average price received by all farmers for cotton came to just over 73 cents per pound. The price for each month is weighted by the volume of cotton sold by farmers during that 30-day period.

Beginning with July, the average price paid to farmers each month has fallen below the 70.87-cent target price, and since most cotton sales normally are made during the latter part of the year, these lower monthly averages will carry more weight when the annual average is figured.

The July average price was 70.02 cents per pound, August dropped to 65 cents and the September price averaged only 58 cents. The price paid for all cotton going into the market, including cotton delivered on forward contracts, is figured into the averages. Cotton entering the loan, however, is not considered sold until redeemed and therefore is excluded from average price calculations.

The per-pound payment will thus be determined by two things, the monthly market price averages and the volume of cotton sold during the last half of this year compared to the amount sold earlier.

Using historical figures on monthly sales and assuming market prices will remain near current levels, some have estimated the payment will fall in the five to seven cents per pound range.

Farm people and city people depend on each other for products and services that are essential to modern business and living. One can't live without the other. Together they make the best food and fiber team in the world.

One prominent leader puts it this way: "Today's farmer relies upon the skills and abilities of a vast number of specialists to assist him in his job of providing food and fiber for the nation. He could not operate for one week if these services were not available. Likewise, the businesses which serve agriculture could not exist without the farmer."

This is what Farm-City activities are all about. The purpose is to promote a widespread understanding of the interdependence of the two groups and to narrow the gap of understanding that sometimes divides the rural and urban segments of our population.

FTA Given Outstanding Chapter Award

The Abernathy Future Teachers of America Chapter was awarded the Outstanding Chapter Award at the FTA District Convention at Plainview, November 12. A plaque was presented to the chapter for the projects they had accomplished at the

local level and at the District Convention.

FTA members attending the District Convention were Jill Blalock, Melissa Cantu, Tina Covey, Kathy Ellis, Cindy Fitzgerald, Rachael Gonzales, Jay Harrison, Sherrie Martin, Sarah

Miller, Sandy Ortiz, Tony Ortiz, Yolanda Ortiz, Vickie Perkins, Shanon Pettit, Ricky Powell, Peggy

Rosales, Fran Salitras, Barry Tilley, Maria Zavala, and sponsors, Malena Gough and Wanda LeMoine.

Steele-Hagstrom Give Lions Program

Larry Steele and Melissa Hagstrom had the program at the Lions Club meeting Tuesday, November 10.

Girls' Basketball Coach, Larry Steele, talked about this year's girls' basketball team. Steele stated that the team is very young and inexperienced compared to the last year's team made up

of all seniors.

"It will be a learning experience for the team the first half of the season, but we hope to have a good ball club before it is all over," Steele said.

The team will consist of four seniors, two juniors, five sophomores and one freshman.

Ag instructor Gerald Kelley introduced Melissa Hagstrom, who presented the speech she gave at the Texas Farmers Union public speaking contest two weeks ago in Lubbock.

The speech was about the problems farmers are faced with, such as marketing, financial, environmental and government problems.

Teachers Available To Assist Students

Abernathy High School students needing help in various subjects are en-

couraged to seek additional help from their teachers.

Abernathy Schools in 1980-1981 indicated that the overall weakness in the schools was in the area of reading. The Five-Year Priorities Plan Steering Committee will work to alleviate the reading deficiencies in grades 1-9 and will aid Abernathy Schools in meeting the requirements of the Five-Year Priorities Plan Law passing by the Texas Legislature in 1976.

High school teachers report for duty at 8:30 a.m., and are available for students needing assistance in subjects in which they are falling below passing standards.

Talk Of The Town

Jimmy Stillwell spent one week visiting his parents Mr. and Mrs. Bob Stillwell of Abernathy. Jimmy lives at Henderson.

School Priorities Steering Committee Established

The Five-Year Priorities Plan Steering Committee for Abernathy Public Schools has been established for the 1981-82 school year.

Members of the Committee are Dr. Delwin Webb, Chairman, Charles Bowen, Coordinator, Sharon Kester, Recording Secretary, David Sharp, Frank Bartlett, Mitch LeMoine, Martin Kennedy,

Betty Cagle, Dub Hannel, Ann Hannel, Marilyn Ater, Cathy Williams, Jimmy Thomas, Dilene Cox, and Alma Ruth Patterson.

This Committee will meet in regular sessions throughout the school year and will help draw up a Five-Year Priorities Plan for Abernathy Public Schools. Dr. Webb explained to the

Committee that to be accredited by the Texas Education Agency, each school district must remain in substantial compliance with accreditation regulations and continuously implement a five-year priorities plan. Abernathy schools are in the last cycle of the previous five-year period. A self-study conducted in

Lions Moved To 5-AA

Both New Deal and Shallowater, Lubbock County schools, were transferred from district 4-AA in a move which surprised several school officials.

Remaining in 4-AA for the 1982-83 and 1983-84 school years will be: Crosbyton, Hale Center, Lorenzo, Petersburg, Ralls, and Spur.

Both 4-AA and 5-AA are to become six school districts. Joining Shallowater and New Deal in the rugged 5-AA

will be Morton, O'Donnell, Plains, and Seagraves. This district had been intact for several seasons, except for Shallowater being added three years ago (two football seasons).

The first touchdown was scored on a pass play from quarterback Albert Dillegas to Nathan Shannon. The second score was made on a four yard pass play from Dillegas to Steve Johnson. Both of these touchdowns were made in the first quarter.

Jerden made the next three touchdowns with runs of 11, 25 and 1 yard from the end zone in the second and third quarters. Manuel Adams made the final touchdown for the Lions in the fourth quarter on a 30 yard run.

New Deal had 426 yards rushing to 36 for Lornezo. New Deal ends their season with a 7-3 record and Lornezo a record of 3-5-2.

Struve's Trip Continues

By Arno Struve
Cultural Revolution. As was mentioned before, the purpose of the Cultural Revolution that occurred in China between 1966 the early 1970's, was initiated with Mao's consent for the purpose of directing the people's thinking away from progress-stifling traditions. And of course in the usual human way, things got out of hand and the Red Guard and other factions used the Cultural Revolution for their own ends and in their zeal committed atrocities which are hard for us to understand.

Egalitarian attitudes were supposed to be fostered by the revolution; also the idea that all work is honorable and dignified was promoted at this time.

It will be a very long time before these old ways and traditions will be eliminated from the Chinese MIND. It will take constant propaganda and education for the desired end to be achieved. One would hope that there will never be such a traumatic experience ever again.

The Cultural Revolution experience came closer to us

when we were visiting a monastery where the "Living Buddha" had been persecuted by the Red Guard and was even imprisoned for a few months during the revolution.

One of our guides had been a member of the local Red Guard that harassed the buddha. We noticed that the other Chinese guides tittered and laughed as the buddha was telling us about his cultural revolution experience. It was explained to us later that they had been aware of the relationship between the two men during the time of the upheaval.

Many of the monasteries, temples and churches were destroyed completely when the guard was rampaging. It happened that in some places soldiers of the regular army were stationed in some of the religious places and thus they were saved.

Food. Generally unpalatable to us. But we had to eat—so we did. We always had western breakfasts, so we had at least one meal that we liked: coffee, toast, eggs (boiled or fried), preserves with toasted nuts, some-

times.

We had hot milk for coffee. This was the only milk we saw the whole trip. I mixed it half and half with my coffee. Butter was the only other dairy product that we were served. Beer and orange drinks were served at all other meals, usually warm.

I tried the beer, to begin with but found it "yucky." So from then on I drank only orange with meals. This wasn't bad when served cold. Haven't wanted an orange drink since.

Of course, there were a few excellent dishes that we liked, but there weren't many that were good. The bread was practically raw dough being steamed only the slightest bit. After taking one bite of the bread I "gave it a miss" from then on.

Also we were served dumplings (steamed like the bread), that had filled centers of meat or vegetables, or whatever. One bite of that was enough for me, too.

The green beans that were served with almost every meal were barely put in a hot skillet; served practically raw. Another dish that I couldn't touch the second time was raw green stems that might just as well have been cut from green tumbled-weeds.

The meat was usually OK but the fish was served with eyes open and so I merely picked at that. Cooked cucumbers are not a favorite of mine, but I was able to eat them.

We had a legume seed that was pretty good. It looked like a large English pea, except that it was tan in color.

Finally, I must say that I didn't lose much weight in the thirty days we were on the tour, so I guess it wasn't so awful after all. We had

brought plastic forks with us, but rarely brought them to the table, so it was use chopsticks or else! Its funny how you can learn something if you have to.

The leaders in my right arm ached for a while because of the effort to manipulate the chopsticks, but that soon took care of itself. Nearly all the others of the group handled the sticks well from the beginning. Minnie didn't ever do very well with them, but Shelley mastered them at once.

We had from 10 to 15 courses at every meal, but our plates were so tiny that we couldn't take very much food at a time. This didn't bother us much for there was always something else on the way. Often the plates were smaller than ordinary saucers.

We were always served soup and rice, but instead of having these at the beginning of the meal they were brought at the very last. The soup was so watery that it was hardly worth taking. Most of the time I'd cover a small bit of rice with just enough weak soup to wet it good and so be able to choke it down. It would have tasted better at the beginning of the meals.

Struve Trip To Continue Next Week.

Bi-District Play-Off To Be Held Here

The Abernathy Chamber of Commerce will host a bi-district play-off game between Hale Center and Kress November 20, at 7:30 p.m. at Antelope Field.

The Hale Center Owls will be on the "Home Side and the Kress Kangaroos will sit on the "Visitors" side of the stadium.

Admission will be \$2.50 for adults and \$1.50 for students. Abernathy school personnel will be in charge of the stadium as they do when we have home games.

Everyone is invited to attend this bi-district game.

LAKEVIEW PHILOSOPHER

Finds A Strange Reaction When Some Coyotes Show Up In A Big City

Editor's note: The Lakeview Philosopher on his Johnson grass farm discusses the music of coyotes this week.

Dear editor: The loudest environmentalists, I've noticed, live in cities. It's only natural.

Like ivory tower economists who advise business men although they themselves have never been in business, city environmentalists take bold stands on environmental matters although they never experience much environment themselves. If they live in high-rise apartment buildings and work in high-rise office buildings, they can go for days without running into any.

Now country people, they're surrounded with environment. There's a mass of it everywhere they look. Step out the back door and there it is.

This brings up the subject of coyotes. City environmentalists are in favor of them. They don't even want a

ran...er to bother one when it's after a lamb or a baby calf. Oh, it's all right to chase it away but don't hurt it.

Therefore I was as astonished as I would be if I heard an economist say he didn't know what he was talking about when I read that people in Los Angeles are up in arms over coyotes.

The animals, finding few lambs and baby calves in pastures that have been paved over for shopping malls and parking lots, have turned to garbage cans and table scraps inside the city. They've even attacked children.

At that point, the romantic yawping of a pack of coyotes ringing out across the land in the stillness of the night has been found to be no longer environmentally desirable. Those city people want the blamed cut-throats shot on sight.

At this point, no further comment is necessary.

Yours faithfully,

J. A.

visited her brother-in-law, Travis Gilmore who is a patient in Methodist Hospital.

New Deal Scouts Repel Down Cliffs

Girl Scout Troop 12 and Boy Scout Troop 497 went to Camp Haynes, the Scout Camp area near Silverton, this past weekend.

They participated in a two day training session of repelling. This was a new experience to everyone who attended, except for Nancy Obenhaus, the leader of Girl Scout Troop 12. Nancy had previously attended a Girl Scout Leader Training Session where repelling was one of the activities demonstrated.

Nancy had made arrangements for Bruce Collier, Scoutmaster of Lubbock Boy Scout Troop 404, to teach the principles of single line repelling to the New Deal Scouts.

Eleven members of Girl Scout Troop 12 and Boy Scout Troop 497 participated in this activity. The group advanced from beginner status on a ten foot hill, to intermediate status on a forty foot cliff.

Some of the scouts became proficient enough to do acrobatics while hanging down the face of the cliff. The most exhilarating part of repelling is stepping over

the edge of a cliff past the point of no return and realizing the only way off the face of the cliff is down the rope.

The weekend trip was too short, as far as the scouts were concerned.

The scouts attending the camp-out were: Kim Poe,

Rieka Obenhaus, and Shannon McDougal of Girl Scout Troop 12. Those in Scout Troop 497 were: Jay Stephenson, Keith Hodges, Kenny Hodges, James Burton, Michael Stephenson, James Baumann, Rick Obenhaus, and Britton Diller. Scout Leaders in

attendance were Nancy Obenhaus of Girl Scout Troop 12 and Ken Diller of Boy Scout Troop 497.

Future activities for the scouts include a bake sale November 21st to be held at Markham's Grocery and Sharp's Grocery in New Deal.

VETERANS OF WW I AND II, from left to right, Doug Chapman-WW II, Fred Kveton-WW I, and Dan Ward-WW II, attended the veterans breakfast November 11 at the Legion Hall in Abernathy.

Electricity.

Knowing what it's worth is worth knowing.

One thing we've probably all learned is to have an appreciation of things that have worth and to know their value. How would you rate yourself on knowing the value of the electricity you use? Take this simple exercise:

- How much was your electric bill last month? \$ _____
- Divide 30 into your answer to Number 1. This was the approximate cost of your electricity per day. \$ _____
- How many people are in your family? _____
- Divide Number 3 into Number 2. This was the cost of your electricity per day per family member. \$ _____

Knowing what electricity is worth is worth knowing. Just look around.
