Abernathy Shows Greatest Increase In Taxable Sales

More people must be spending their money at home as Abernathy has shown the greatest increase in taxable sales since the first of the year of all area towns.

Payments to Abernathy for the month of November will be \$6,960

increasing 1981 rebates to Abernathy to \$49,599, which is a 13.05% increase over last year.

Other area towns only show slight increases over last year. Rebates for Hale Center are up 8.22%, Floydada up 1.55%, Lockney up 7.35%, Lubbock an

increase of 7.4%, Petersburg up .76%, and Edmonson a 3.8% increase.

Several area towns experienced a decrease in rebates for this period. Olton is down 2.4 percent for 1981. Silvertown is down 8.87 percent and Tulia showed a decrease of 2.25 percent.

The city sales tax is collected, along with the state 4 percent sales tax, by merchants and businesses and is rebated each month by the comptroller to the

cities where it is levied.

New Deal will receive a check of \$664, which makes New Deal's total \$2,773, a decrease of 25.52% for 1981.

State Comptroller Bob Bullock Thursday sent checks totaling 96.4 million to 948 Texas cities as their share of the one-percent city sales tax for November.

The payment this month is \$16.3 million more than Texas cities received during a comparable period in 1980.

The payments push totals for Texas cities through November of this year to \$614.7 million—a 16.6 percent increase over payments for the same 11-month period in 1980.

THE SECOND ANNUAL Abernathy Arts and Crafts Bazaar was a tremendous success as there was considerably more participation this year than last year.

There were thirty booths this year and hundreds of people registered at the entrance to the Community Center Saturday to see the many arts and crafts.

Everyone attending enjoyed frito pie, punch and other tasty treats provided at the Bazaar. Artists, craftsmen and women admired the work of their colleagues throughout the day and many people stopped in to do some early Christmas Shopping. Christmas music was played all day and observers enjoyed the music while visiting and admiring the works of art.

This is truly one of the biggest and most popular events of 1981 and the Abernathy Arts and Crafts Association should be congratulated for their hard work in making the Bazaar possible.

Jane, Betty and Diana, you are appreciated and we hope to have an even bigger and better Bazaar next year.

AN ELEVATOR OPERATOR, tired of constantly being asked what time it was, installed a clock in his elevator. Now the passengers ask, "Is that clock right?"

IF YOU DON'T THINK the dollar has much value today, just try and borrow some.

THANKSGIVING IS a self-explanatory word in that it simply means giving thanks. We are fortunate to have what we have and to live in the greatest of all nations.

The Review Staff, Helen, Delayne, Doyle and myself would like to wish you and yours a Happy Thanksgiving. Enjoy the turkey and other treats and remember to thank the one who made this good life possible for all of us.

THE TEXAS ASSOCIATION OF BASKETBALL COACHES ranked the Dimmitt Bobcats number one in state for the 1981-82 season. Luckily, we will not have to play against Dimmitt in District this year and will have an opportunity to win it. Who knows, maybe Dimmitt is scared of the State Champ Lopes.

TOM AND JERRY WERE partners in a profitable painting-contracting business. Unfortunately, they weren't entirely honest because they mixed their paint with water. One day, Jerry's conscience started to bother him as they painted a poor widow's house. The next day Jerry told Tom that he just couldn't be dishonest anymore.

"Don't quit now," Tom begged. "A few more jobs and we can retire." Jerry refused to change his mind. "Tom," he said, "I just can't do it. Last night an angel stood by my bed and said, 'Repaint, you thinner.'"

Abernathy Police Involved In High Speed Chase

A 19-year-old Plainview man was free on bond Saturday after his arrest Friday night on three traffic-related offenses when officers said he allegedly drove the length of the county at more

than 100 mph.

According to reports, a Department of Public Safety officer was advised by Abernathy police that two cars were driving side by side north on the Aber-

The driver of one car, a 17-year-old Plainview woman, was cited for

Community Group Prepares Christmas Musical Drama

Abernathy people who like to sing are rehearsing a musical drama to present to the community December 21 in the school auditorium. The group, conducted by George Riddell, practices at 3 p.m. on Sunday afternoons at the First United Methodist Church.

"It's shaping up real well," reports technical director Don Moore. "We have a large group of children and young people participating, but we need more adult singers."

The musical drama is "Home For Christmas", a touching letter from a young woman and her family to her mother describing warm treasured memories of past

holidays and shared hopes for the future.

The presentation calls for adults, youth, and child choirs, soloists from all three groups, and instrumental solos. The main characters tell the story off stage, using the "voice-over" technique, as non-speaking actors depict the incidents described in the letter.

Those already assigned speaking or acting parts or solos are Debbie Smith, Tana Cox, Les Jackson, Mandy Kelly, Shannon Peeples, Sharmin Toler, Dee Ann Attebury, Mandy Thompson, Jon Mark Fulton, Sally Barrick and Ruth Fulton. Other assignments will be made soon.

Other people taking responsibility for the production are: Charles Bowen, lighting director; Blane Neis, sound technician; Ruth Fulton, children's choir director; Hugh Smith, drama director; Patsy Tucker, Betty Hardin, and Dovie Barron, piano accompanists. It is a community effort by

all age groups and will add to the community Christmas spirit. You need not belong to a church choir, school band, or any club to participate. Just come to rehearsals Sunday afternoons at 3 at the Methodist Church. If you can't sing or perform, plan to be in the audience December 21.

Abernathy Music Club News

The Abernathy Music Club met in the city hall club room October 20th and November 17 at 8 p.m.

The October program was presented by Irma Mae Spruiell, Terry Kitchens, Betty Reynard and a guest Billie Ankenman.

Theme for the evening was music by "Lawrence Welk". Irma Mae read about how Welk got into show business and television, while Terry Kitchens played the piano. At this time Betty Reynard was providing the "Bubbles" which are a trademark of the Welk show.

Following the history on Welk, Irma played a polka on her accordian, while Terry, Betty and Billie danced the polka.

Of course Welk has always had a "Chanpange Lady" on his T.V. show, therefore Betty Reynard was elected the chanpange lady. She sang the chanpange waltz.

Hostesses for the meeting were Frances Barrick and Alma Ruth Patterson.

Those attending were

Cindy Robinson, Melinda Megna, Vicki Havens, Otelia Clement, Terry Kitchen, Marie Riddell, Betty Reynard, Francis Barrick, Alma Ruth Patterson, Irma Mae Spruiell and two guests, Patsy Tucker and Billie Ankenman.

Theme for the November 17 meeting was music by Stephen Foster. The Program committee was made up of Marie Riddell, Otelia Clement, Frances Barrick and Ruth Fulton. Otelia and Ruth sang "Beautiful Dreamer" accompanied on the piano by Patsy Tucker.

This was followed by a presentation of Foster's life, by Frances Barrick, and a film strip shown by Ruth Fulton. The group joined in and sang "Old Black Joe" and "Old Folks At Home".

During the business meeting the group planned to have their December meeting December 8th. The group will go Christmas caroling. Everyone will meet at the club room at 6 p.m. Following the caroling they will

return to the club room and have Christmas "goodies".

The hostesses were: Melinda Megna and Vicki Havens. They served refreshments to the following: Frances Barrick, Ruth Fulton, Irma Mae Spruiell, Rita Kelley, Jean Flud, Marie Riddell, Otelia Clements, Lillie Mae Shipman, Terry Kitchens, Connie Gist, Cindy Robinson, and a guest, Patsy Tucker.

Great Society Homemakers

Meet Nov. 16

Wynon Mayes, the County Extension Agent, provided the program for the Great Society Extension Homemakers Association for their regular monthly meeting Nov. 16th at the Abernathy Neighborhood Center. Fourteen members and five visitors were present.

Maybell Glass called the club to order with a prayer. Those present answered roll call by telling, "When they last had a blood pressure test?"

Wynon Mayes showed the group an animated film, which was furnished by the Heart Association, showing the movement of blood and oxygen through the body. The film emphasized that the heart is the strongest and hardest working muscle of

the body. Blood containing waste materials enter the right side of the heart and are sent out to the lungs. Then oxygen rich blood returns to the left side and is pumped through arteries to the body.

Mrs. Mayes reminded the group to eat correctly, exercise each day and watch their blood pressure.

Maybell Glass and Imogene Suttle attended the council at Plainview in the Agriculture Building, before the Great Society Homemakers Meeting. They helped make plans for the Annual Council Christmas Party to be held the 14th of December at the Agriculture Building. All clubs in Hale County will be guests of the council members.

Those present were: Imogene Suttle, Alice Pace, Juanita Brantley, Maybell Glass, Eloise Marez, Lupe Macras, Olean Mathis, Natividad Torrez, Mary Gonzales, Juanita L. Dominguez, Yosente Garcia, Marge Rosie, Helen Sifuentes, and Antonia Garza. Visitors were: Irene Acorta, Diana Gonzales, Joseph Gonzales, Pedro Amendariz and Brenda Gonzales.

Accent On Health

Texas Department of Health Robert Bernstein, M.D., Commissioner

One of the most tragic forms of death — Sudden Infant Death Syndrome, or SIDS — took the lives of 323 babies below the age of one year in Texas last year.

A total of 193 males and 130 females were among the 323 crib deaths, and 239 of the victims were white, reports the Bureau of Vital Statistics of TDH. Nationwide each year, some 6,000 to 7,000 apparently thriving babies succumb to SIDS.

In most cases, apparently healthy babies were found dead in their cribs after quietly expiring. While medical authorities can piece together a profile of the most likely candidates to die to SIDS from babies who have died, the puzzling question of "Why?" goes unanswered.

Dr. Cliff Price, Associate Commissioner for Personal

Health Services with the Texas Department of Health (TDH), says many theories have developed as to the causes of SIDS and that some authorities think it may be a combination of factors.

Dr. Price said the cause of SIDS remains unknown. He said a few victims may have had a slight cold just prior to death, although most are perfectly healthy babies.

ATTEND THE CHURCH OF YOUR CHOICE THIS SUNDAY

Thanksgiving Day

Thanksgiving Day we pause to give thanks to God for all that we have and are. Each of us has his or her own list of things to be grateful for. Among those things that we are grateful for are some surprise gifts, gifts that we had not counted on, or had nothing to do with getting. These surprise gifts are pure gifts, free gifts, unasked-for gifts. Three of these free, pure gifts, for which we should be thankful are our family, our country and, above all, our God.

All of us choose our friends, but none of us chooses his or her family. Our parents, grandparents, brothers, sisters and other relatives are all given to us as surprise gifts. Our family is given to us by God as an act of His love. None of our families are perfect, because none of us are perfect. In spite of troublesome family members, our family remains a free gift. Today we give thanks to God for His free gifts of our family.

Very few of us have an opportunity to choose our country. The country we are born in is a free gift from God. We have been given a country that strives to be democratic, where each of us have an opportunity to choose our country. The country we are born in is a free gift from God. We have been given a country that strives to be democratic, where each of us has some say in the way we are governed. We have been given as a free gift, a country rich in natural resources, natural beauty, and national hope. Today we offer thanks for God's gift of our country.

The only real GOD that we can have is the only real ONE there is: God the Father of our Lord Jesus Christ. The God that we have, is a pure gift to us. We had nothing to do with making Him the way He is—an all-loving and all-powerful Father to us all. Today we are grateful to God for being the kind of God He is. Today we offer thanks to God, who is a pure gift to us. We thank Him for all His gifts, especially the gifts we had no part in choosing.

How much would a set-aside program help cotton prices?
"Based on past experiences with set-aside programs, a 15 percent set-aside would result in only a 3 to 5 percent decrease in production," points out Knutson. "This reduced production would roughly increase cotton prices by 5 percent."

COTTON TALKS
FROM PLAINS COTTON GROWERS, INC.

Seventeen textile executives from 13 European countries and two from the People's Republic of China were in Lubbock November 8 and 9 to study High Plains cotton production, processing, merchandising and research facilities.

Plains Cotton Growers, Inc. of Lubbock coordinated the foreigners' activities for the Lubbock visit, which was part of the annual U.S. Cotton Orientation Tour sponsored by Cotton Council International, National Cotton Council, the U.S. Department of Agriculture's Foreign Agricultural Service and local hosts. Joining PCG as hosts in Lubbock were Lubbock Cotton Exchange and Plains Cotton Cooperative Association.

Bob Squires, this year's President of Cotton Council International, received the visiting dignitaries at his Lubbock home on their arrival November 8.

The People's Republic of China for the past two years has been the largest single importer of U.S. cotton, purchasing 2.2 million bales of the 1979 crop and 1.4 million bales in 1980.

Combined annual U.S. exports to the 13 European countries in recent years is estimated at something over 500,000 bales.

Europeans in the touring group represented Belgium, England, Finland, Germany, Ireland, Israel, Italy, Morocco, Norway, Poland, Spain, Sweden and Switzerland.

"There is a real opportunity for us to expand the markets for our cotton in these countries," said PCG President Gary Ivey of Ralls, "and our purpose in having them here was to impress upon them our capacity to continue producing their fiber needs in the quantities and the qualities desired, our constant efforts to improve our product and our ability to prove its spinning value."

The group came to Lubbock after touring the mid-South and a stop in Dallas. The remaining itinerary includes El Paso and the cotton growing regions of California.

In Lubbock the delegation saw the extensive facilities at Texas Tech University's Textile Research Center, the Texas A&M Research and Extension Center, USDA's South Plains Ginning Research Laboratory and the instrument classing line and merchandising facilities of Plains Cotton Cooperative Association.

EXPORT SHIPMENTS CLIMB: Export shipments of 97,000 bales for the week ended Nov. 12 are highest of the current marketing year and brought season's total to 808,100 bales. The week's net new cotton sales for 1981-82 totaled 144,700 running bales, putting season's total commitments at 4,463,500. Major buyers were Japan, 53,900 bales; South Korea, 24,000; Taiwan, 13,700; and Indonesia, 10,700.

In preparation for the Council's 44th annual meeting Feb. 7-9 in Dallas, the committees will convene in joint session at the Hyatt Regency Jan. 6 to hear a presentation by staff economists. Later in the day during separate meetings, the committees will review activities and draft recommendations for consideration by delegates in the general session.

Texas Tech Carol Of Lights Dec. 4

Hundreds of South Plains residents will gather in the Science Quadrangle at Texas Tech University Friday, Dec. 4, to celebrate the 20th annual Carol of Lights, a university tradition heralding the arrival of the yuletide season.

The festival of song and lights with its theme "Light the World with Love" will include special recognition of the family of the late Lubbock Mayor Ross Bass for the family's numerous services to the community.

The program will culminate with the lighting of more than 12,000 decorative Christmas lights on the darkened outline of the seven buildings surrounding Memorial Circle.

Prelude to the program will begin at 6:30 p.m. with a carillon concert performed by Texas Tech Music Professor Judson D. Maynard. The program will begin at 7 p.m. with the traditional torchlight procession from the fountain at the campus Broadway and Uni-

versity entrance to the Science Quadrangle. The Texas Tech Trombone Ensemble and the Saddle Tramps, men's service organization, will lead the procession.

At the Science Quadrangle Beth Taylor, chairman of the student-organized Carol of Lights, will recognize the Bass family and Byrnie Bass will offer the invocation. Mike Steinberg, president of the Residence Hall Association which sponsors the event, will welcome visitors

to the campus.

Six Christmas carols performed by residence hall and organizational choirs will be followed by Texas Tech Music Professor John A. Gillas, singing "O Holy Night." The Texas Tech Choir, led by Music Professor Gene Kenney, will then sing "Good King Wenceslaus" and "Hark How the Bells."

After the songs of Christmas, Taylor will offer final comments before all the stage lights on the Science

Quadrangle are turned off. A trombone fanfare will then herald the illumination of thousands of red, yellow and white lights outlining the surrounding seven buildings.

Following the lighting of the decorative bulbs, everyone may join in the singing of "O Come All Ye Faithful" and "Deck the Halls" to celebrate the Christmas season. The Texas Tech Choir will end the formal ceremonies with "We Wish You A Merry Christmas," and the victory bells will ring "Light the World with Love."

The seven campus buildings outlined with decorative lights will be illuminated 6-11 p.m. daily, Dec. 5-27. Those buildings are Holden Hall and the Home Economics, Mass Communications, Administration, Math, Science and Chemistry buildings.

Trespassing Law Changed In Texas

With the approach of hunting season in Texas, both property owners and sportsmen should be aware of recent changes in state law regarding trespassing, the Texas Farmers Union states.

A person has committed criminal trespass if he has entered or remains on property or in a build-

LETTERS TO THE EDITOR

Dear Keith,

The holiday season was joyously rung in with the opening of the Abernathy Arts & Crafts Festival. Hundreds were treated to a day spent in visiting with old

and was notified that entry was forbidden or received notice and failed to leave the premises.

The law states the notice can be any oral or written communication from the property owner or a person who is acting under the owner's authority. Also, any fence which is designed to contain livestock is described under Texas law as a notice to a potential trespasser.

Signs which are posted on property or a building indicating trespassing is not allowed is sufficient notice of a violation.

Persons who violate the trespassing law are subject to a Class B misdemeanor if found guilty. However, if a person carries a deadly weapon in his possession and found guilty of trespassing, that violation is elevated to a Class A misdemeanor.

and new friends, the sharing of ideas, and the feeling of appreciation and pride for our local and area artists. The Children's Activity Room, provided by Girl Scout Troop # 15 under the leadership of Lelloine Waits, was especially successful.

We are appreciative and thankful of the new facilities available in our town to hold such an activity. The Aber-

nathy Arts & Crafts Association would like to thank the community for their support.

A special thanks to Keith Tooley for his guidance and help with the advertising of the Arts & Crafts Festival. Our sincere appreciation to all those involved in this year's festival.

JOY TO THE WORLD

As the holidays draw near, most of us have high hopes of being together with family and friends, exchanging gifts, feeling the love and joy of the season.

Some lonely people, or families barely making ends meet, come to The Salvation Army at Christmastime.

The Army provides dinners, companionship, perhaps toys or warm clothing—and sometimes it helps the drifter or the troubled family to make a new start in life.

Thanks to your support, The Salvation Army offers year-round programs to reach out to youngsters, families, oldsters, to the alcoholic, discharged prisoner, teenage runaway; to those in institutions and those who have no home at all.

By giving to The Salvation Army, you give joy to a world that greatly needs it.

THE PLOW

Just one pass with the plow rented from Pengo Farm Services does what all those other pieces of equipment do, only better. One pass fillage produces soft, mellow soil with no clods and no compaction in the seed bed. Your land lies undisturbed, so what moisture you get during the year you keep. Your crops get off to a healthier start and produce higher yields, even though you've spent less time in the field and have lower operating cost. This 6 row, 40" plow rents for only \$12.00 per acre, so you put less into the ground and more into your pocket. For more information, call John Chance at Pengo Farm Services. HOW MUCH SUGAR does presweetened cereal have? Read the label and remember that one teaspoon of sugar weighs about four grams, says Dr. Cass Ryan-Crowe, a food and nutrition specialist.

With that in mind, if one serving of presweetened cereal contains eight grams of sugar, that's the same as adding two teaspoons of sugar to cereal, she says.

Ryan-Crowe is on the economics staff of the Texas Agricultural Extension.

Let us be thankful for the presence of love in our hearts.

What the world needs today is all the love we can spare.

It is needed in our offices, in our factories, around the conference tables

of the world, on our streets, in our schools, in our churches...

at our Thanksgiving dinner,

let us reflect for a moment on the ways in

"A Glance At The Past"

By Buford F. Davenport

From The Abernathy Weekly Review dated December 4, 1941.

Jimmie Lee Hood, daughter of Mr. and Mrs. M.O. Hood of Abernathy, was named teacher of intermediate grades in the Shallowater School system. She is a 1940 graduate of Texas State College for Women, Denton. Her father was the vocational agriculture teacher in Abernathy High School.

Lillie Lloyd Jackson, teacher of Mr. and Mrs. M.O. Hood, visited her parents, Mr. and Mrs. C.B. Jackson, here.

J.H. Nunn and W.A. Richter represented Abernathy Lodge No. 1142 A.F. & A.M. at the Grand Lodge of Texas annual meeting in Waco.

Nita Beth Lutrick was crowned as the AHS Antelopes Football Queen during a program at the school.

Mayor Fritz W. Struve addressed the AHS government class.

The Lakeview Amuz-U Club held its annual Christmas party and program in the home of Mrs. O.A. Tooker.

Mr. and Mrs. E.W. Agnew's children and friends surprised them with a dinner on their 40th Wedding Anniversary. They gathered at the Agnew home in Monroe Sunday morning with baskets of food for the noon meal.

1981 comment: The Abernathy Weekly Review published December 11, 1941, is missing from the collection we have.

Between the Dec. 4 issue and the Dec. 11, 1941.

The Japanese pulled a sneak attack on Pearl Harbor and other military installations in the Honolulu area, Dec. 7. And, on Dec. 8,

the Federal Government declared that a state of war existed between Japan and the United States of America as of that date. The war with Japan continued until August 14, 1945, when that country surrendered to the U.S.A.

From The Abernathy Weekly Review dated December 18, 1941:

1981 Comment: The following is from my column which appeared in the Review dated Dec. 18, 1941, reflecting the community's concern for friends and relatives who were overseas when World War II began.

Word was received from Honolulu that Mrs. Newt Pinson was safe following the December 4, 1941, attack on Pearl Harbor and Hickam Field. She lives eight miles from Hickam Field. Known to many here as Katherine Clay, Mrs. Pinson, a sister of Mrs. Lamar McKenzie, attended Abernathy School.

Mr. and Mrs. Austin Ragland, who are in Honolulu, were "All right" according to word received by his parents, Mr. and Mrs. Harry Ragland of Plainview, Austin, well known here, is a grandson of Mrs. W.H. Ragland, and a nephew of Mrs. Sook Moreland and the Ragland brothers.

At press time, we had no reports from our men in the war zones.

Mr. and Mrs. John D. Webb Monday received a letter from their son, Jesse, mailed more than two weeks ago in Honolulu. He was leaving there for the Philippines. The letter was mailed before the attack on Pearl and Hickam.

Work from G.D. Ashton, grandson of J.R.W. Brewer and A.J. Ashton, said he was

at Nichols Field in the Philippines.

Last word Mr. and Mrs. L.M. Hall had from their son, V.L., several months ago he was in Hawaii or the Philippines.

Carroll (Percy) Cox, son of Mr. and Mrs. Roy Cox, joined the Navy and is to leave late this month for San Diego, Calif., to begin training.

Tom Rambo has resigned as editor of the Petersburg Journal to enlist in the Armed Forces, 1981. Currently, Tom and his wife, Anna, own and operate the Hale Center newspaper, The American.

From The Abernathy Weekly Review dated December 18, 1941:

Marriage rites were read at Abernathy Methodist Church parsonage Monday, Dec. 14, 1941, for Miss Jessie Pope, daughter of Mr. and Mrs. E.J. Pope, Sr., and Preston Amerson, son of Mr. and Mrs. A.G. Amerson. The Rev. Frank Beauchamp, Methodist pastor, officiated. Lubbock County Clerk issued a marriage license to Miss Imogene Cotton, daughter of Mr. and Mrs. Walter Cotton, and Cecil Amerson, son of Mr. and Mrs. A.G. Amerson.

Work is underway on the WPA-National Defense project to widen the highway between Abernathy and Hale Center. Three feet of hard-surfacing will be placed on each side of the concrete pavement.

Births—Mr. and Mrs. Buck Young are parents of a nine-pound daughter born Dec. 10, 1941. A 9 pound 7 1/2 ounce daughter was born Dec. 11, 1941, to Mr. and Mrs. Anton Wolff.

The Lewis Embrys have returned to their home in California following a visit here with his parents, Mr. and Mrs. Wilce Embry.

Mr. and Mrs. Joe Thompson and daughter are visiting Mrs. Thompson's parents, the Mauldins, in California.

From The Abernathy Weekly Review dated Dec. 4, 1941:

Struve Trip Continues

By Arno Struve

Our tables were nearly always big round ones large enough for 9 people and sometimes even big enough for 11 or 12. When the Chinese sat eating at one of these huge tables, they wouldn't hesitate to lunge completely across the table and grasp what they wanted with their chopsticks and bring it to their plates. It didn't look very decorous.

They were always happy at their eating as far as we could observe. On several occasions there was a birthday celebration for one or another of our group, even mine, and a cake was prepared by the hotel kitchen at

Armistice Day program.

Supt. A.L. Faubion said 140 lunches were served in the NYA lunchroom in New Deal grade school cafeteria Tuesday.

A report Tuesday afternoon said 103 bales of 1941 cotton had been turned out by Monroe gins. To show how 1941 rains have held up cotton harvest, to this date in 1940, Monroe gins had turned 2,452 bales of 1940 cotton.

Sugar beet harvest has started in the Monroe area. The following merchandise and prices are from a copy of the 1968 Sears, Roebuck catalogue as edited by Joseph Schroeder, Jr. This collector's item may be purchased in some book stores.

Homan 5-drawer, drop head sewing machine, \$7.58; family Bible, \$3.98; 2-passenger buggy, \$43.95; 4-passenger solid comfort surreys range in price from \$51 to \$104.95; farm wagons with spring seats and rear wheel brakes, from \$34.45, up; western saddles, from \$4.74 to \$30.69; bicycles from \$11.95 up; upright pianos from \$68.00 up; clarinets \$9.95 up; free standing kitchen cabinet, \$8.95; roll-top office desk, \$15.65; coffee grinder, 52 cents; incubators to hatch eggs, \$7.12 and up; double barrel shotgun, \$9.95; shotgun shells 50 cents for box of 25 shells; straight razors, 30 cents and up; rubber boots (to knees) \$3.06, hip boots \$4.37; floor carpet, 25 cents per yard and up.

FOR SALE—34 Ramboulett ewes and a Hampshire buck. R.A. Lutrick.

Staff Sgt. Kermit Woodriddle, son of Mrs. Dot Woodriddle, is attending officer candidate school at Fort Monroe, Virginia.

the moment. As someone in our group said, "They aren't into cakes." The colored icing tasted like pure lard. I was glad to "Give that a miss" too after the first taste. Sadly I was absent from the evening table the day of my birthday. I was too sick to attend. All I saw of my birthday cake was the picture Shelley took of it. The cake was actually prepared for Ruth Holland, of our group, and when it was learned that it was my birthday, too, my name was put on as an afterthought over on one corner.

When our meals were finished, there was always a mess on the table since few dishes were ever removed from the table during the meal. Probably the explanation for not losing weight was the very fine chocolate bars that we were able to purchase. We kept some all the time. I also ate a lot of good hard-candy.

Haven't mentioned the famous boiled eggs that were often served at the beginning of the meals. Actually they are spoiled-boiled eggs. They are often called hundred year old eggs. I didn't even try them.

Another thing that wouldn't go down was the cooked fungus dish. Sadly for me everything was spiced pretty heavily. Onions and garlic were used freely both of which I verily despise! One thing I liked that Minnie didn't like was the mixing of tomatoes with scrambled eggs.

The very best dish was prepared by covering chunks of fruit, like pineapple, with a batter then after cooking this, immersing it into hot caramel. Before it could be cool enough to eat, each chunk had to be dipped in cold water. Vegetables were prepared this way too, i.e. tomatoes.

Free markets. All over China there are people selling things on the street corners and sidewalks, and in spite of the fact that this is a communist country, these tradesmen are working to make a profit for themselves.

Women will set up their sewing machines and sew for the public right on the street. We have seen two together

and as many as twenty all in a row. We patronized one of the sewing women by having her repair a denim handbag that had a weak handle attachment. We had it sewn three times before we decided to purchase a good goat skin handbag for Minnie's constant carrying. The denim bag then served as a receptacle for a sample of barbed wire Minnie wanted to bring to Dot Struve and Edwin Crow.

The commune workers are allowed small acreage upon which they can produce vegetables and fruit they can sell in the "free market". There will be huge piles of beans, cabbage, melons, cucumbers, squash or anything like that that you can imagine.

We saw books being sold on a sidewalk with the books for sale being laid out flat on the concrete in a neat rectangle, in rows with titles visible as you walked around the display. There were "food stands" anywhere and everywhere.

At the entrance to a park, zoo or popular tourist site there would be people selling colored drinks, big "flap-jack" looking things, congealed bean curd (shredded), deep-fat fried twists of bread, sunflower seeds, raisins, and nuts. Others will have "notions" type things; hairpins, rubber-bands, paper clips, pieces of ribbon and a myriad of other similar things. I purchased a straight-edge razor for less than 50 cents that was very primitive, but it folds into a handle and is extremely sharp.

Struve trip to continue next week.

\$1,000 DOLLARS RICHER IS Missy Johnson after pulling the tab off of a can of Coke at a basketball tournament in Plainview last Thursday. Missy got the Coke from a Coke machine in the gym. Now all she has to do is decide what to do with the cash. (Review Photo)
