

## Work Continues On Musical Drama "Home For Christmas"

### More Male Vocalists Needed

Work continues on "Home For Christmas", the musical drama to be presented to the community December 21 in the school auditorium. The production involves approximately 50 people, including adults, youth, and children. "Home For Christmas" is about a touching letter from a woman to her mother, describing warm treasured memories of past holidays and shared hopes for the future.

Don Moore is technical director, the man responsible for coordinating all phases of the production, a tremendous job. He is music and education director for the First Baptist Church.

George Riddell is musical director for the production. He is band director for Abernathy Schools and music director for the First United Methodist Church.

Drama director for the production is Hugh Smith, Biology teacher at AHS. He is also the one-act play director for the school.

Speaking characters, who tell the story offstage using the voice-over technique, are KAREN (Debbie Smith), the young woman; BOB (Darren Knox), her teenage son; SHANNON (Shannon Peeples), her daughter; and the SCRIPTURE VOICE (Les Jackson).

The HOST (Ken Horne), is an onstage speaking character. The GRANDMOTHER (Georgia Brantley), is a non-speaking onstage role as is that of a SMALL GIRL (Tana Cox).

Ken Horne, the HOST, is pastor of Northside Baptist Church. Debbie (Mrs. Hugh) Smith, who plays KAREN, is a special educa-

tion and physical therapy aide for Abernathy Schools and a member of the National Thespian Society.

Darren Knox, who plays BOB, is an AHS junior and the son of June and Pete Knox. He is also a member of the First Baptist Church Puppeteers. Shannon Peeples, who plays Karen's daughter SHANNON, is a 2nd grader and the daughter of Diane and Randy Peeples.

Les Jackson, the SCRIPTURE VOICE, is working on a degree in special education at Texas Tech. He is an AHS graduate and the son of Mr. and Mrs. Jimmy Jackson. Tana Cox, the SMALL GIRL, is in second grade and the daughter of Dillene and Toby Cox.

Georgia (Mrs. Virgil) Brantley, who plays GRANDMOTHER, is a registered nurse who lives near New Deal. Her husband volunteered her for the role. He is a member of the adult choir in the production and of the Methodist Church choir and works for Braniff Airline.

Dee Ann Attebury, daughter of Alice and Wade Attebury, has both flute and voice solos in the production. She is an AHS senior and a drum major of the Antelope Band.

Other youth soloists are Jon Mark Fulton, Mandy Thompson, and Sharmin Toler. Jon Mark, the son of Ruth Fulton, is also an AHS senior and a drum major of the Antelope Band.

Mandy is an AHS senior, plays trombone in the band, and is the daughter of Francis and Dan Thompson. Sharmin is in the seventh grade, an AJHS cheerleader,

and is the daughter of Mona and Hoppy Toler.

Mandy Kelly, a 5th grader, also sings a solo. She is the daughter of Gerald and Rita Kelly.

Adult soloists are Sally (Mrs. Wendell) Barrick, a local artist; Ruth Fulton, elementary music teacher for Abernathy Schools; and Pat (Mrs. James) Warren, a Reading teacher in the Migrant Program.

Others responsible for the production are: Blane Neis, sound technician; Ruth Fulton, children's choir director; Dovie (Mrs. Verlon) Barron, youth choir director; Marie (Mrs. George) Riddell, properties director; Jacquelyn (Mrs. Billy) Smyers, publicity; Bettye (Mrs. Herbert) Hardin and Patsy Tucker, rehearsal accompanists.

Blane is a farmer, the son of Joyce and Lindy Neis;

Dovie is a voice and piano teacher; Marie, an RN and member of Abernathy Music club, is school nurse for the school system; Bettye teaches math in AHS and is pianist for the First Baptist Church.

Men, women, youth, and children singers make up the bulk of the production cast. The songs are "easy to listen to" new melodies interspersed with traditional carols and includes one number with a finger-snapping rock and roll beat.

It's not too late to join the group. There's room for more singers, especially adult males. Next rehearsal will be Sunday afternoon at 3 at the First Baptist Church. Practices are usually held at the Methodist Church, but another event scheduled for next Sunday made a change necessary.

## Career Day Held At AHS Wednesday

Career Day was held at Abernathy High School Wednesday with approximately 400 students from Abernathy, Cotton Center, Hale Center, and New Deal attending.

The purpose of scheduling Career Day was to present students with information that will help them in career selection and preparation. Career-choice information was presented in 24 different categories, and students

selected any 7 of these to attend during the day from 9:00-3:00 p.m. in 30-minute sessions.

Career-choice information was presented by various individuals from the South Plains area such as John Montford, Lubbock District

Attorney, Bill Morgan, Lubbock Police Department, Jack Moss, C.P.A., Bolinger, Segars, Gilbert, and Moss accounting firm, and Pete Stracener, instructor of welding at South Plains College.

Career Day was sponsored

by the Abernathy High School Student Council and Guidance Center. The day began with a general session at 9:00 a.m. conducted by guest speaker and Abernathy High School graduate, Morris Wilkes, from Radio Station KRLB, Lubbock.

### New Deal Man Loses Finger

A 21 year old New Deal man lost his finger while working with a module builder near New Deal last Monday.

Lane Harkey, son of Mr. and Mrs. Fred Harkey, was climbing a ladder along the side of a module builder when his foot slipped and his high school graduation ring caught on the platform. The weight and pressure from the fall caused the ring to strip the flesh from Harkey's ring finger.

He was immediately taken to Methodist Hospital where the finger on his right hand was completely amputated. Harkey is doing fine and is back to work.

"What you need, Mac, is an auto loan from the..."

### Struve Trip

By Arno Struve

A shoe-cobbler, at a busy intersection, called my attention to the fact that my rubber heels were "run-over", and pointing to his "caps", thus suggested that I let him install them. It was well done. When he finished he held up three fingers and I thought he meant three yuan (equal to about \$1.68), but he waved that away shaking his head.

I had a handful of Chinese bills from it. They were 10 fen bills equivalent to less than 20 cents. Another time I purchased some wrapped hard-candy from a street-side vender. I handed my bic pen to the girl who waited on me to write down what I owed. I paid her and walked off. A couple of blocks down

the street the girl caught up with me to hand me my pen. I'm sure she had to run to catch me for I was walking with long fast strides.

## Seller's Call Contract Alternative To Depressed Cotton Market

Cotton, cotton everywhere and what to do with it. That's the dilemma facing Texas cotton farmers.

"Because of this year's bumper cotton crop, cotton supplies are plentiful, the demand is weak and prices are below the cost of production," points out Dr. Carl Anderson, economist in cotton marketing with the Texas Agricultural Extension Service, Texas A&M University.

Thus farmers are trying to decide what to do with this year's crop—sell now, hold and hope for a higher price, or try to work a delayed pricing strategy.

"Deciding when and at what price to sell is not easy," says Anderson. "However, developing a feel for the market and

following a good marketing program can pay off big."

"With a current depressed cotton market, many farmers are trying to decide whether to place cotton under the government loan program or to try a delayed pricing strategy such as the seller's call contract," notes the economist.

Under the government loan, cotton comes off the market and provides some cash flow for farmers. But it costs about a cent a pound per month to hold cotton in the loan program. Eventually, it has to move to market, so the loan program may not help market prices that much.

Under the seller's call contract, the farmer's price for cotton is tied to the futures market price, explains

Anderson. This gives the farmer an opportunity to actually establish a price for his cotton after delivery. However, the farmer must be sure to understand contract terms and conditions.

Here's how it works. The farmer agrees with a broker or buyer to deliver his cotton and to transfer ownership at that time. In Texas, terms of most seller's call contracts call for a cash advance to the farmer of an amount equal to the loan value at delivery time. Also, most contracts specify the loan value as a price floor.

"Once he delivers the cotton, the farmer has no further storage costs but he can participate in a market upswing," explains the economist. "The seller's call contract specifies that the farmer's price will be a certain number of points off a given futures month. The farmer decides the date for the price relationship to the futures contract month."

Anderson gives this example. Assume a farmer selects the March 1982 futures for his contract. If cotton is the March Strict Low Middling 1-1/16-inch futures contract is trading at 68 cents a pound and the farmer's current spot price is 58 cents for the same quality, his spot price is fixed 10 cents under the March futures contract if he signs a call contract. Thereafter, if the March futures

goes up or down, the farmer's price will be 10 cents a pound less.

"A seller's call contract should allow for changing to a new contract month for a small fee," notes Anderson. "This allows the farmer to watch the market and sign the call contract when the difference between the futures price and spot price is relatively small. In other words, the smaller the difference between the two market prices, the better off the farmer is."

To use the seller's call contract wisely, a farmer must follow changes and reasons for changes in both the futures and spot markets, emphasizes the economist.

"The key point to remember is that the farmer benefits from the call contract when prices increase," notes Anderson. "However, the spot price must have been fixed under the call contract or there would be no price protection in a falling market."

While both the loan program and the call contract can benefit a farmer if market prices increase, carrying costs tied to the loan can be excessive, depending on the length of storage. On the other hand, the call contract offers immediate transfer of cotton and gives farmers more flexibility in a changing market, believes Anderson.

### Dividend Declared For Santa Fe Stockholders

The Board of Directors of Santa Fe Industries, Inc., has today declared a quarterly dividend on the company's common stock of twenty-five cents (\$.25) per

share, payable March 1, 1982, to stockholders of record at the close of business January 29, 1982.

SHOP ABERNATHY FIRST—SAVE TIME GAS AND MONEY

**COTTON TALKS**  
FROM PLAINS COTTON GROWERS, INC.

Given this year's abundant cotton supplies, slack demand and low prices, it's easy to make a case for reducing cotton production in 1982.

And if, as now is expected, the government is forced to lay out from \$350 million to \$500 million in price deficiency payments on the 1981 cotton crop, it is no surprise that the Secretary of Agriculture is considering a move or moves to reduce 1982 production in hopes that payments next year can be avoided.

So a look at the Secretary's acreage control options under the cotton section of the 1982-85 farm law now inching its way through the House-Senate Conference Committee, is in order.

It is important first to understand that the Secretary has no authority to mandate a cutback in 1982 cotton acreage. Whatever the program, it will be voluntary.

According to officials of Plains Cotton Growers, Inc., Lubbock, there are only three possibilities. One which many believe would be most effective, a paid acreage diversion program, is all but prohibited by the Administration's obsession with fiscal austerity, no matter how short-sighted that obsession may prove to be in this particular case.

The other two choices open to the Secretary, neither of which would guarantee reduced production, both involve requiring, as a condition of eligibility for program benefits, that producers uniformly reduce 1982

plantings. Under one option it would be required that the producer devote acreage taken out of cotton to conservation uses prescribed by the Secretary and/or as recommended by State Agricultural Stabilization and Conservation Committees.

The other alternative would require producers to reduce cotton plantings but would permit the planting of non-cotton acreage to other crops for which no acreage reduction program is in effect.

When most farmers weigh the benefits available from inadequate loan and target price payments against the cost of following expensive conservation practices and the loss of income from idled acres, PCG officials contend, they may find program participation very unattractive. And achievement of the desired acreage reduction will depend on broad participation.

On the other hand if the planting of other crops on acres taken out of cotton is permitted, most producers will ask "What other crops?" The profits from corn, sorghum or soybeans, the most common cotton alternatives, at best are no better than for cotton, leaving open to question just how effective this alternative might be.

Then too, there are those who point to the poor record of past set-aside programs in reducing total production of a given crop and argue that no acreage reduction program available to the Secretary, however effective in reducing acres, will have any consequential effect on final 1982 production.

These pessimistic souls hold to the philosophy so often heard in the decade of the sixties, maintaining that production of agricultural commodities is controlled by weather and the farmer's ability to coax more crops from fewer acres, not by acreage control programs.

They could be right.

## Outstanding 4-H'ers Honored

Forty-four outstanding members of 4-H Clubs in the South Plains were honored in Lubbock Monday night, Nov. 23.

In addition to receiving the Gold Star Award, highest honor presented at the county level, the youths were challenged by a top administrator of the Texas Agricultural Extension Service to strive for a good finish as a climax to their outstanding start in life.

Joining the youths at the awards banquet in the cafeteria of Coronado High School were parents, government officials, Extension leaders, fellow 4-H'ers,

educators and other community leaders.

Honored from Hale County were Mark Ebeling, son of Mr. and Mrs. Donald Ebeling, of Halfway; and Linda Smith, daughter of Mr. and Mrs. C.P. Smith of Hale Center and Lonnie Howard, son of Mr. and Mrs. Richard Howard of Abernathy.

Master of ceremonies for the banquet was Dr. Sam Curl, dean of agricultural sciences at Texas Tech University. Guests were welcomed by Jim Roberts, general manager of South Plains Electric Cooperative, one of the 12 electric co-

operatives which annually sponsor the banquet. The others are Bailey County, Cap Rock, Deaf Smith, Dickens, Lamb, Lea County, Lighthouse, Lone Wolf, Lyntegar, Midwest and Swisher electric cooperatives.

The awards presentation was narrated by 4-H'ers Tanya Tyer of Hale County and Katie Montandon of Swisher County. The awards were presented by Dr. Catherine Crawford and Billy C. Gunter, district Extension directors.

Dinner music was by 4-H'ers Justin Sharp of Swisher County and Mandy Igo of Hale County. Cleet

Griffin, Dawson County 4-H'er presented a patriotic closing ceremony. Also on the program were 4-H'ers Ralph Scheele of Floyd County, Linda Smith and Lonnie Howard, both of Hale County.

### Linda Gragg Wins Drawing

Abernathy local, Linda Gragg, of 508 Phillips Boulevard, won the drawing for the AM-FM Cassette car stereo held at Newton Radio and TV this past Saturday.

NOWHERE TO GO, but Rick Houston comes over to lend Cletus Iribeck a hand last Monday night when the Lopes played the Plainview Bulldogs. (Review Photo)

## Plainview-Levelland Too Much For Lopes

The Plainview Bulldogs defeated the Abernathy Antelopes last Monday night in a game that was much closer than the score depicted. The Bulldogs won the game 75-52.

It looked as if the game could go either way at halftime when the Lopes were behind by one point, 26-27.

The second half told a different story. The Bulldogs almost couldn't miss in the third quarter scoring 18 points to the Lopes' 8, and in the fourth quarter 30 points to the Lopes' 18.

Rodney Cannon scored the most points of the game with 20 and Cletus Iribeck was second with 12.

### Levelland Too Much

It was not until the third quarter that Levelland became too much for the Lopes

to handle. At halftime the Lopes were behind by 9 points, 30-39, and they had a good chance to come back in the third.

This was not to be the case. Levelland scored 34 points to Abernathy's 19 in the third. The Lopes scored 24 points in the fourth quarter, but it was too little too late in the

game. Rodney Cannon was the most accurate shooter of the night with 22 points, followed by Malcolm Dunn with 15, Alan Lester 10 and Rick Houston 10.

The Lopes fell to a 0-3 record on the year as they have had little time to prepare for the bigger schools.

## Lady Lopes Drop Two

The Lady Lopes dropped their second game of the season to Plainview last Monday night by a score of 54-64.

The game was decided in the fourth quarter as both teams had a chance to win. The Lopes were behind 42-43, but the Bulldog fems rallied in the fourth to score

19 points to the Lady Lopes' 12.

Vickie McKenzie scored the most points of the game with 16 and Tina Covey followed close behind with 15 points.

The Bulldog fems ran away with the first quarter scoring 17 points to Abernathy's 8. But the Lady

## Junior High Ends Tennis Season

The junior high ended its tennis season this year winning two duels and one tournament in five competitions.

Coach Anderson commented, "The junior high tennis players are really hard workers and are really looking toward the spring

season."

At the end of the season the top seventh grade girl players were: Anita Salinas, won 2 matches, lost 3; Lesa Miller, 3-3; Lisa Mata, 2-3; and Nora Rodriguez, 1-3.

The top eighth grade girl players were: Vickie Almaguer, won 3, lost 3; Donna

Colbert, 3-3; Lucinda Garza, 2-4; Maria Matinez, 1-6; and Vickie Salazar, 1-5.

Top boy players were: Dionicio Zavala, eighth grade won 2 matches, lost 2; Ernest Salinas, seventh grade, 2-5; and Jay Cox, seventh grade, 1-5. From Antelope Outlook.

## JV Lopes Win One, Lose One

The JV Lopes defeated Plainview last Monday by a score of 72-67.

The Bulldogs stayed slightly ahead of the Lopes for the entire first half, scoring 18 points to the Lopes' 16 in the first quarter, and 22 to the Lopes' 17 in the second quarter. The Bulldogs led 40-33 at halftime.

The Lopes made a dramatic come-back in the third quarter by scoring 26 points to Plainview's 13. Both teams displayed tough defensive play in the fourth quarter by allowing each other only 11 points.

Sammy Galloway had 19 points and Brian Smith led the Lopes with 22. Larry Perkins scored 13 points and Brian Smith 10.

The Lopes were never in the game and allowed the Levelland team to run away with the first half 62-31. The Lopes defense allowed less points in the second half but scored exactly the same amount of points again with

31. Levelland scored 51 more in the second half.

Larry Perkins was the leading scorer of the night with 27 points followed by Brian Smith with 14 and Scott Furgeson with 13.

## Hill Wins First In Lubbock Tennis Tourney

Kelly Hill garnered first place in the Lubbock Fall Tennis Tournament, October 31. Kelly played five matches winning 8-1, 8-4, 8-1, and 8-0. Hill's opponent in the finals was from Floydada. Hill defeated him 8-0.

Eve Cantu placed third in

the meet. She played four matches and won 8-5, 8-0, 8-1, and lost a tiebreaker, 8-9, in the finals.

Tennis season has officially ended for the fall and will begin again sometime in the latter part of February. From Antelope Outlook.

## Mr. And Miss FTA Chosen

The new local Mr. and Miss FTA, Shannon Pettit and Jill Blalock, represented the Abernathy chapter of Future Teachers of America at district. They competed for the chance to go to State where a \$1,000 scholarship is awarded to Mr. and Miss FTA of the state.

Shannon and Jill spoke before judges on the topic "FTA, Tomorrow Depends

on Today."

They competed November 12 in the district contest. Antelope Outlook

## Annuals On Sale

Annuals for 1981-82 can be purchased in the elementary principal's office, junior high principal's office, and the A.C. office for \$6. The price will go to \$6.50 when the second semester begins.

### JV Lopes Crushed

By Levelland  
Crushed would be the most accurate way to describe the JV Lopes performance against a tough Levelland

team. The Lopes lost last Tuesday night to Levelland 62-113.

Dear Farmers,

We use the low heat method, the method leading seed breeders prefer to use on their expensive research seed. The low heat method is also preferred when fatty acid cottonseed is a problem.

Don't haul your cottonseed several expensive miles when you have the best method here in your own back yard.

Call us today!  
We care about your cottonseed

# did you know?

"One kilowatt-hour costs about 6¢. Your electric bill is figured on the number of kilowatt-hours of electricity you use. A kilowatt-hour is 1,000 watts of electric power used for one hour, so if you use a hair dryer for an hour you have used a kilowatt-hour of electricity. (Hair dryers use an average of 1,000 watts.) Today that kilowatt-hour costs about 6¢—less than it cost in 1927! In those days, electricity was used for lighting only. Today electricity does many other tasks for you and saves you time... and that's money."

*Diane Bim, Home Service Director, Amarillo*

"Coal is decreasing the increase. Fuel is the biggest cost factor in your monthly electric bill and that cost would be much higher if Southwestern had not begun a move away from gas as fuel. Even figuring the costs of transportation, regulation and environmental protection, coal is still a less expensive fuel than gas. SPS was a 100% natural gas-fired system as recently as 1976. Now more than 40% of the electricity we generate is coal-fired, and by 1985 more than half will be by coal. In this way, SPS will be able to continue to 'decrease the increase' in your electric bill."

*Erwin Glover, Industrial Services Engineer, Lubbock*

"How a heat pump works? The heat pump does just what the name implies... it pumps heat into your home in winter and out in summer. The electric heat pump consumes less energy than any other electric heating and cooling system. There is warmth in the air in winter (even at 0 degrees F), and the heat pump squeezes out every bit of that warmth. Supplemental electric heaters are used in the heat pump for extremely cold temperatures, but in the generally mild temperatures of our service area, the heat pump simply takes advantage of mother nature. This means savings to you while you enjoy the clean comfort of electric heating or air conditioning."

*Tommy Smith, Equipment Service Specialist, Roswell*

Knowing what electricity is worth is worth knowing. For answers to your questions, call or write your SPS manager.
