

Five Abernathy Students On Who's Who List

A total of 213 students from this area have been included in the 15th annual edition of "Who's Who Among American High School Students," 1980-81. Some of the students were seniors last year.

Five Abernathy High School students have been selected for this year's Who's Who volume. They are: Rodney Cannon, Juanita Flores, Sharia Griffin, Lori D. Havens, and Gilda Ortiz.

"Who's Who," published by Educational Communications, Inc., Northbrook, Ill., is the largest high school recognition publication in the country. Students are selected by high school principals and guidance counselors, national youth groups, churches or by the publishing company based upon students' performance in scholarship award contests or extracurricular activities.

Final selection is determined on the

basis of criteria which include high achievement in academics and leadership in school activities, athletics or community service. Traditionally, 99 percent of "Who's Who" students have a grade point average of "B" or better and 97 percent are college bound.

The 15th edition of "Who's Who," published in eight regional volumes, features 350,000 students, or 5 percent of the nation's 6,500,000 high school juniors and seniors. They represent 20,000 of the 22,000 public, private and parochial high schools in the country.

"Who's Who" students also compete for over \$50,000 in scholarship awards and participate in the publication's annual opinion poll of teen attitudes. The book is distributed on a complimentary basis to over 15,000 high schools, colleges, universities and public libraries throughout the country.

On The County Line

By: Keith Tooley

THE DALLAS COWBOYS have been termed, not only by Texans, as the "All American Football Team". This is because Dallas is a winner in all respects as a football organization.

The cowboys, unlike most other football teams in the U.S., produce their own good players. It is a great honor to play on this team because each player on the team seems to be treated with the utmost respect, and in return, they return the favor by being the most respected team in the NFL, individually and as a unit.

I heard a phrase the other day from an Abernathy local that just about sums up what I am trying to say. I had the pleasure of meeting Mrs. Heard while doing an interview with Bill Adrian, the owner of the most prestigious and famous Modelling Agency and Modelling School in the U.S. This interview will be in next week's edition of the Review.

Anyway, getting back to what Mrs. Heard said, wraps up what the Dallas Cowboys are all about. She said that the hole was left in the top of Texas Stadium so God could watch his team. Profound, yes, but how many other teams in the AFC or NFC can boast a record of 12-3.

I CAN SYMPATHIZE with those pheasant hunters that didn't get a pheasant Saturday. There's a fellow up at Tulsa, who also has a paper, that has something to brag about this week though. He'll also have it on his conscience that he wiped out a defenseless bird. At least I have a clear conscience.

It is extremely difficult to hunt with 20 other hunters. When a bird gets up, about ten of these put some lead in it and then they argue about who's bird it is. Someone else always claims the bird you shot, saying their shot hit the pheasant just before yours did.

One poor pheasant flew right in front of all 20 of us and I think everyone at least fired at him. Whoever claimed that one will have a great time trying to get all of that lead out.

And then there's those guys at the end blocking. They had an open shot at us and you could here pellets pelting the maise around you. The blockers knew that we would shoot the pheasants even though the blockers were in their flight path and were therefore hiding behind a pickup at the end.

It's amazing what a person will do to get a pheasant on opening day. One fellow chased a pheasant across an entire field before he bagged it.

And it was cold, foggy and damp. We walked for miles and miles in muddy maise and cotton fields. Why go to all this trouble for a bird? The fellowship and adventure of participating in one of America's oldest traditions since the Mayflower landed... "The hunt".

CORRECTION--Henry Rieff is a member of the Abernathy Chamber of Commerce, not a guest, which is what we stated in the Review last week.

EVER WONDER WHERE the year goes and you haven't accomplished a single one of your career goals? Here is some mangled math that explains where those work days vanished.

You won't work at all next year! If you begin with a base year of 366 days, one of those horrible leap years with an extra work day, the facts go something like this:

If you don't sleep eight hours a night, you should. Eight hours is one-third of a day. One third of 366 is 122. Right? And 122 from 366 leaves 244 days of work.

At least one-third of your day is spent in relaxation or entertainment. This depletes another 122 days on an annual basis. Thus, we are left with 122 days a year to work.

But there are 52 Sundays in a year. If you subtract 52 from 122, you have 70 days left. If you get a half-day off on Saturday, or any other day (and many of us get every Saturday off) that leaves us with a balance of 44 days, because half of 52 is 26 and 26 from 70 leaves 44.

We must not overlook the fact that everyone gets an hour for lunch and two

"IN THE PALM OF THE PLAINS"

Census Reveals That Abernathy Has 279 More People

The State Department of Highways and Public Transportation installed new population signs for the City of Abernathy December 9th. The new population count of 2,904 was printed on the signs. This new count is a 10.6% increase over the 1970 population count of 2,625.

According to the 1980 Official Census Count, Abernathy has a population of 2,904, with 2,205 persons living in Hale County and 699 persons living in Lubbock County.

In 1970, the census count for Abernathy was 2,625, with 1,921 persons reported living in Hale County and 704 persons living in Lubbock County. Between 1970 and 1980 the Hale County portion of Abernathy had a net increase in population of 284 persons or 14.8%

while the Lubbock County portion of Abernathy showed a net decrease of 5 persons, or a loss of 0.7%.

In 1980, Abernathy had 1,081 housing units compared to 918 in 1970. This reflects an overall increase of 17.8% in housing units between 1970 and 1980. The largest growth in housing units occurred in the Hale County portion of Abernathy, which showed an increase

from 699 houses in 1970, to 807 in 1980, a 20.6% increase. Housing units in the Lubbock County portion of Abernathy increased from 249 in 1970 to 274 in 1980, a 10% increase.

More detailed information regarding the 1980 Census Count is available at the City Offices. Please feel free to come by and check the results of the census count. City Manager Rod Ellis

"Santa Claus Is Coming To Town"

The sirens from an Abernathy Fire Department truck will let everyone know that Santa Claus has arrived in Abernathy this Friday.

Santa informed the Review that it is snowing at the North Pole and he is

going to come down here and warm up in Abernathy.

He said that he plans to visit the kindergarten children at 10:30. Then he will go down town and talk to youngsters in front of City Hall from 11

Abernathy Community Choir To Present "Home For Christmas"

The Abernathy Community Choir will present "Home For Christmas", by Don Wyrtenz and Phil and Lynne Brower, Monday, December 21 at the High School Auditorium.

"Home For Christmas" is about a touching letter of a young woman's warm and treasured memories. It is an experience of love...a very deep and extraordinary love shared between those in a very ordinary family.

Most of all, "Home For Christmas" is a promise...a promise of peace and of that ultimate home destination where everyone will experience the most glorious Christmas of their lives.

The program will begin with the choir singing "Home For Christmas" followed by "Away In A Manger" by vocal soloist Sally Barriek and flute soloist Dee Ann Attebury.

The choir will sing the "Cradle Song/Flow Gently Sweet Afton". The youth choir and adult choir will perform the next number "The Heavens Sing Hallelujah" with vocal soloists Mandy Thompson, Sharmin Toler, Jon Mark Fulton and Dee Ann Attebury.

The carol collection portion of the performance, will involve the audience and choir singing "The First Noel", "I Came Upon A Midnight Clear", and "We Wish You A Merry Christmas".

Vocal soloist Pat Warren, backed up by the choir, will sing "The Birthday Of The King", followed by a "Christmas Prayer" by vocal soloists Mandy Kelly, and the Junior and Women's choirs.

The choir will then sing "I Heard The Bells On Christmas Day" and vocal soloist Ruth Fulton will sing "Wonderful Peace".

At the closing of the performance, the choir will sing "For I Shall See Him" and "Home For Christmas".

The off-stage voices that will be

heard during the performance are the voices of "Karen" voiced by Debbie Smith, "Scripture Voice" by Les Jackson, "Rob" Darren Knox, and "Shannon" by Shannon Peoples. This is also the order in which they will be heard.

The on-stage performers are: "Grandmother" Georgia Brantley, "Host" Ken Horn, and the "Little Girl"

played by Tana Cox.

The directors and cast of "Home For Christmas" have been busily rehearsing this Christmas musical for the past three months. It is being offered as a gift given in the most joyful and cordial spirit of Christmas. Everyone is also invited to attend a reception in the foyer of the auditorium given by the Chamber of Commerce after the performance.

There is no admission charge for this evening of beautiful music and, most certainly, family entertainment. However, an offering will be collected to help pay for some of the expenses of the performance. This will be done in the foyer of the auditorium after the performance.

Please come, bring the family to the grand performance Monday evening.

Steve Miles New Farmers Insurance Agent For Abernathy

Steve Miles, of Lubbock, is the new Farmers Insurance Agent in town and has been handling all the accounts under Farmers Insurance in Abernathy since December 10.

Miles immediately became interested in Abernathy after hearing there was an opening here with Farmers Insurance Group. The opening was the result of Farmers Insurance Agent Milton Pope selling his Farmers Insurance accounts back to the home office, thus transferring these accounts to Miles.

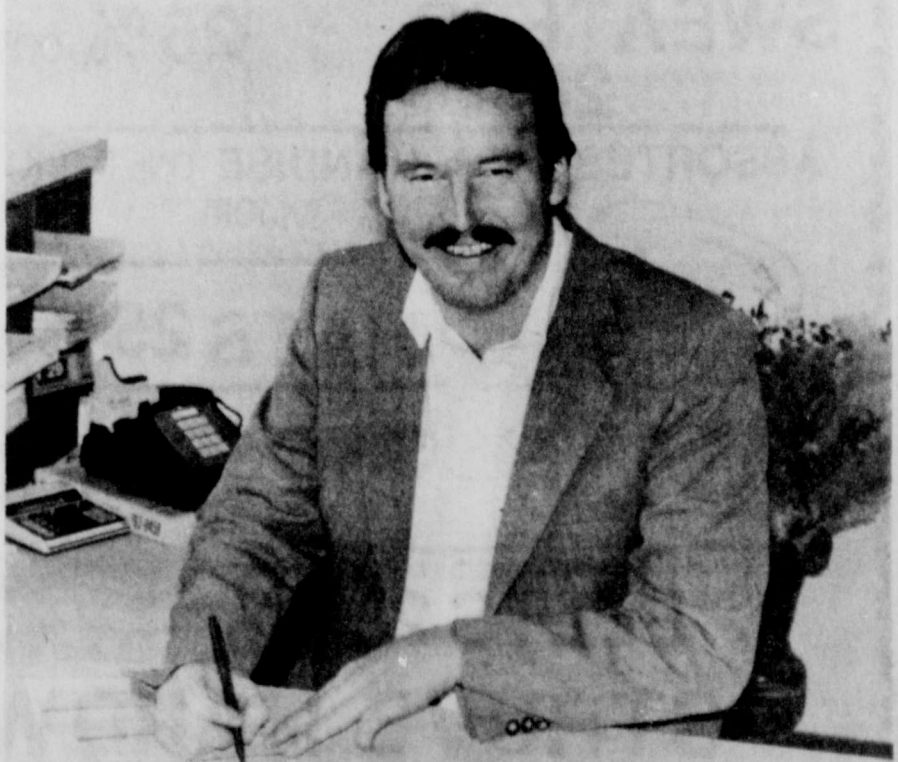

He was raised in Lubbock and graduated from Coronado High School in 1971. Following graduation, Miles attended Texas Tech University for a period of one year. For the next nine years, Miles sold motor homes at his father's business, Camper Coaches of Lubbock.

Miles became good friends with Jerry Rose, Farmers Insurance Groups number one agent in his district. Rose lived down the street from Miles for 15 years and in that time, Miles became interest-

ed in Farmers Insurance. His great interest in insurance, led Miles to leave his position as a partner at Camper Coaches and he joined Farmers Insurance Group in Lubbock

June 1980. Rose recommended Miles and sponsored him as an agent.

Miles stated that he is looking forward to serving the people of Abernathy and getting to know everyone.

City Approves 11% Energas Rate Hike

The City Council met Monday night and approved a proposal by Energas to hike gas rates 11%.

Energas had originally asked for an 18.5 percent increase to take place at each of the 63 cities served in this region. A steering committee, made up of representatives selected from the 63 towns involved, met in Lubbock to analyze the increase in order to determine if Energas needed a rate hike, and how much. The Abernathy representative, Mayor Pete Thompson, was selected to this steering committee.

After evaluating the Energas proposal, the steering committee decided on a compromise with Energas, allowing an 11 percent increase, rather than the 18% previously asked for.

Council Approves Insurance Bid

The council examined insurance bids submitted by Richard DuBose Insurance, Burl Hubbard Insurance and Steve Miles Insurance. DuBose and Hubbard were present to confer about their bids.

The council agreed to accept a bid of \$15,685 submitted by Richard DuBose. Bids of \$18,380 and \$20,532 were submitted by Burl Hubbard and Steve Miles.

The insurance package will cover the city fleet, fire, liability, excess indemnity and workers compensation.

GTE Franchise Agreement

General Telephone Electric had earlier sent a new contract to be approved and signed by the City of Abernathy that would allow GTE to provide telephone service to this community for the next 30 years. The proposal was not approved at the last meeting because the board wanted to evaluate other

communication possibilities.

The City drew up a counter proposal to the original contract which was submitted to GTE. The counter proposal includes many stipulations incorporated by the City, such as asking the phone company to provide extended toll free service to Lubbock, much like Southwestern Bell makes available to Slaton residents.

Other Business

A public hearing was conducted on the Abernathy Airport grant, which will be used to make improvements to the Airport. Noone attended the hearing.

The City approved a contract with the Plainview-Hale County Health Department. This annually approved contract states that a health inspector from this office will inspect food and health facilities in Abernathy.

Oris Cecil was re-appointed as the Fire Marshall for another year term.

The Council reviewed salaries of City employees and approved a salary increase for most of the employees. The increase varied from 5 to 10% depending on the employee and his or her performance this past year.

Jerry Givens requested that a 1.3 acre section of land be incorporated into the city limits of Abernathy. A public hearing will be held on this proposal if all requirements are met. The meeting adjourned.

FTA Meeting Held Dec 2

Career Day, Dec. 2, marked the third meeting of the Abernathy Future Teachers of America. At this meeting, members planned their visit to the High Plains Care Home, December 14.

Members decided to bring two bags of popcorn and two personal Christmas cards. For extra points they could bring more.

While there, Barry Tilley, Belinda Scott, and Melissa Moore, sang Christmas carols and talked with the residents. After the visit club members ate at the Pizza Hut.

The Texas Future Teachers of America State Convention will be held in February. Points were due December 15. The tour members with the highest number of points will attend the convention along with sponsors, Mrs. Malena Gough and Mrs. Wanda LeMoine.

Talk Of The Town

Talk Of The Town Mrs. M.A. Valdez flew to Dallas December 12th to be with her son, Mike, her daughter-in-law Karen, and grandsons Erik and Gabriel. Mrs. Valdez kept her grandsons while Mike and Karen attended a sales meeting and banquet at the Fairmont Hotel.

Mike is employed by YKK (USA), Inc. as the Regional Service Manager and lives in San Antonio. Mrs. Valdez returned December 13th after an enjoyable weekend.

Guests at the First United Methodist Church last week were: Tom, Trish & Josh Nagle, Lubbock; Gertrude Richter King, Hobbs, N.M.; Mitzi & Sue Ferguson, Jewell Mayfield, Edna Laney, Lubbock; Delores & Ross Bennett, Chuck Thompson, Abernathy.

Those To Remember Virgil Haltord is home from the hospital.

Jewel Graham is still in Methodist Hospital, she has slightly improved.

Clarence Nelson is in the Methodist Hospital, he may get to come home soon.

Billy Gist is home from the hospital.

USE SPECIAL PRECAUTIONS when taking prescribed drugs, advises Dr. Mary Ann Shirer, a health education specialist with the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System.

"Certain medications interact with natural and added chemicals in foods, and this can cause an unexpected effect," she says. "Ask your doctor when to take prescribed drugs—before, after or between meals, and ask about foods or beverages to avoid. Also be sure to tell the doctor of other medicines you're taking," she says.

WHY USE INTERFACING IN HOMESEWING?

First, interfacing is a separate supporting layer of fabric—it's placed on the inside of a garment's fabric, explains Nancy Brown, a clothing specialist.

Use interfacing when you want a professional-looking garment, because it adds support, shape and body. It also gives clothing longer wearability, she says.

Brown is on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System.

1935 Study Club Has Luncheon

The beautifully decorated home of Mrs. J.C. Mills was the setting for the 1935 Study Club's Annual Christmas Luncheon Thursday, Dec. 10. After a delicious meal, Mrs. Ralph Davis gave the Christmas program with the theme that Christmas can be anytime if you are with family and loved ones.

A lovely little tree decorated with small stockings graced the entrance hall, and as members entered, they placed money in the stockings. The money will be used to buy cassette tapes for the library.

Those enjoying the happy occasion were: Mmes. Hilburn Barrick, Owen Benn, Ralph Davis, Jack Hackler, John Hale, Lee Echols, Jack Jackson, Frank Lovelace, Glenn McDonald, Bob McAlister and J.C. Mills.

The next meeting will be held at the City Library, Jan. 14, 1982. Mrs. Cal Tucker will be hostess.

First Baptist Church To Present Christmas Cantata

The Adult Choir of the First Baptist Church of Abernathy, will present the Christmas cantata "Born A King," by John W. Peterson, during the Morning Worship hour this Sunday, December 20th, beginning at 10:40 a.m. Accompanists for the musical will be Patsy Tucker

at the piano and Missy Cunningham at the organ. Soloists will be Pat Warren, Susie Ellis, Terry Kitchens, Susan Bigham and Don Moore. John Harkey and Billy Skipper will sing a duet. Narration for the cantata will be read by our pastor, Bro. Lloyd Riddles.

"Good breeding consists in concealing how much we think of ourselves, and how little we think of the other person." Mark Twain

the Griffins will work in Japan, where he will be an English-language pastor and she will be a church and home worker. Currently he is pastor of North Side Baptist Church, Weatherford, Texas.

Born in Hooks, Texas, Griffin is the son of the late Mr. and Mrs. T.N. Griffin, formerly of Austin, Texas. He considers Austin his hometown and Hyde Park Baptist Church there his home church. He also lived in Ranger and Brownwood, Texas, while growing up.

He received the bachelor of science degree from the University of Texas at Austin; and the bachelor of divinity, master of religious education and doctor of ministry degrees from Southwestern Baptist Theological Seminary, Fort Worth, Texas.

He has served as pastor at Bee Cave Baptist Church, Austin, Texas; Elmont Baptist Church, Van Alstyne, Texas; Fairview Baptist Church, Sherman, Texas; and First Baptist Church, Abernathy, Texas. He also served in the United States Marine Corps.

Born in Comanche, Texas, Mrs. Griffin, the former Hazel Dean Lester, is the daughter of Mrs. Ruth Lester of Austin, Texas, and the late Lee Lester. She considers Austin her hometown and Hyde Park Baptist Church there her home church.

She received the diploma in business from Durham Business College, Austin, and the associate of arts degree in religious education from Southwestern seminary. She has worked as attendance secretary at a high school in Weatherford.

The Griffins have three grown children.

They will go to Pine Mountain, Ga., in January for a 12 week orientation before leaving for the field.

T.E.L. Class Enjoys Christmas Luncheon

The T.E.L. Sunday School Class of First Baptist Church met in the home of Mrs. Bruce for their annual Christmas luncheon Dec. 11th.

The class was privileged to have Bro. Lloyd Riddles and Mrs. Riddles for honored guests. He gave the blessing for a bountiful meal, including chicken and dressing with all the trimmings, pies and cakes galore.

After the meal, Mrs. Riddles read an article on the origin and symbols of the Christmas tree, also the scripture found in Luke of the birth of Jesus.

The Riddles had to leave for an appointment and a gift was presented to them. Then the rest gathered in the living room to open and share their gifts.

It was nice to have eleven members present. There had been and still is so much serious illness among the class.

Mrs. Charlie Pipkin was a special guest. She is staying with Mrs. Lebow until she recovers.

Others present were: Olga Higginbotham, Susie Anderson, Lizzie Lebow, Alice Price, Allie Slater, Martha Phillips, Eunice O'Neil, Hallie Pool, Ada Mae Scott, Pearl Grimsley and Fanny May Bruce.

With Christmas right around the corner, we are all caught up with the "act of giving". However, I am not too sure that our "motives" for giving gifts at Christmas time are always pure and good. For example, how many times have we hurried about at the last minute for a gift for someone only because we receive an unexpected present from that person? Or, how many extra names have we put on our Christmas card mailing list because we suddenly receive cards in our mail from them? Hypocrisy on our part? Yes, but not so with God. When He gives, it is "liberally" and he gives it with no afterthought, or of receiving anything in return. He has no ulterior motive. His only desire is that you receive His free gift (Jesus) and be thankful for Him. But as many as receive Him, to them He gave the right to become children of God, even to those who believe in His name. John 1:12. Merry Christmas! To help policyowners combat the ravages of inflation, one insurance company will increase by 15 to 20 percent the face value of about 50,000 life insurance policies written since 1977. The increase in coverage provided at no cost to policyholders will be offered during 1982.

Called "Operation Upgrade," it is being offered by State Mutual Life Assurance Company of America. The company anticipates that more than 90 percent of eligible policyholders will take advantage of the offer. It is estimated that Operation Upgrade will cost the company between \$2 and \$3 million.

Under the program, the largest increases—about 20 percent—will be applied to policies of persons from ages 20 to 55, with a somewhat smaller percentage increase after 55. A \$50,000 policy could instantly become a \$60,000 policy under this program. Eligible policyholders have already been notified of the offer.

SAMMY GALLOWAY gets this one loose before a Levelland defender has a chance to block it. The Lopes lost a close one to Levelland 68-72. Review Photo.

U.I.L. Students Compete In Brownfield Tourney

U.I.L. speech competitors from Abernathy High School participated in the Brownfield Invitational Speech Tournament Saturday. Melissa Hagstrom placed third in persuasive speaking and Susan George placed sixth in the informative competition. Students attending from A.H.S. were Kathy Valdez, Ronnie Taylor, Melissa Hag-

strom, Susan George, and Shannon Pettit.

Mr. Dub Hannel and David Lanehart are the U.I.L. Speech Team coaches, and Lanehart accompanied the group on the tournament trip.

Approximately twenty schools from the area participated with forty competitors in each class of persuasive and informative speaking.

By law, commercial mayonnaise is 65 percent fat.

Quinonez Selected To Dean's List

A total of 64 students from this area have been included in the fourth annual edition of "The National Dean's

List," the largest recognition publication honoring college students, published by Educational Communications,

Inc., Northbrook, Ill.

Graciela Quinonez, a Texas Tech student, has been selected to this list. Quinonez is a graduate of Abernathy High School.

Students are selected for recognition by their deans or

on their school's Dean's List. The 62,000 students included in the current edition are from 1,800 colleges and universities nationwide and represent one half of one percent of the more than 8,000,000 college students in the country.

Student Council Sponsoring Film

The Abernathy High School Student Council will be sponsoring CAMFEL Productions, of Pasadena, California, Thursday, December 17th.

They will be showing a three-screen film, similar to

"Hard Times" which was shown last year. This year's film "Everyday Heroes" the American Medic Showcase of Contemporary film and music, features computerized multi-image projection with dbx stereo.

The film will be shown at 2:30 p.m. Thursday afternoon and admission is \$1.00

for students and \$2.00 for adults. The Student Council welcomes the public to attend.

Conerly Named Hale County Assistant County Agent

A new assistant county Extension agent for agriculture has been named for Hale County, effective Dec. 16. He is Thomas L. Conerly, December graduate of Texas Tech University.

Conerly's appointment was announced by Hale County Judge Bill Hollars and Dr. Catherine Crawford, district director for the Texas Agricultural Extension Service.

Conerly will assist Ollie Liner and Billy Warrick, county Extension agricultural agents, in conducting educational programs for adults and 4-H youth activities.

Born in El Centro, Calif., Conerly grew up in Mississippi. He was graduated from Forest Hill High School

in Jackson, Miss. He attended the University of Mississippi and Northlake College before transferring to Texas Tech.

Thomas L. Conerly

He was a dean's list and national dean's list student at Tech. Conerly was vice president of the Texas Tech Pre-Veterinary Society, and was pledge trainer and vice president of the Saddle and Sirlain Club. He received Saddle and Sirlain's Work-horse Award.

Since January, he has been employed as office and warehouse manager for Jackson Drew, Inc., in Lubbock. While a student, he also was employed as finishing floor manager at Tech's research farm, as head doctor with Lubbock Feedlots, Inc., and as veterinary helper with University Animal Hospital in Lubbock.

He and his wife, Lynn, have a 13-month-old daughter, Cori Lynn. His parents are Mr. and Mrs. Frank L. Conerly of Terry, Miss.

COTTON TODAY

A NATIONAL COTTON COUNCIL SERVICE

COTTON CROP ESTIMATE UP: The U.S. Department of Agriculture's December 1 estimate for the 1981 cotton crop is 15,569,600 bales, up 10,000 from November 1.

Harvested acreage was raised to 13,754,800 from 13,750,000. Per-acre yield average was put at 543 pounds, same as last month. Ginnings prior to December 1 amounted to 10,157,271 running bales.

EXPORTS CONTINUE STRONG: Net new sales for the 1981-82 marketing year totaled 125,000 running bales during the week ended December 3.

The top buyers were Japan, 40,400 bales; South

Korea, 17,700; The Philippines, 16,700; and Taiwan, 13,300.

The week's export shipments increased to 156,900 bales, topping last week's total to become the largest for the season.

VIEWS GIVEN ON WATER: The National Cotton Council has submitted a statement giving the cotton industry's views on amending the 1902 Reclamation Act to two Congressional committees.

The statement stressed the Council's policy that opposes reducing and limiting farm size and supports a sliding scale on water cost subsidy and Corps of Engineers exemption.

Deadline Nears To Purchase Livestock

FFA members and 4-H Club members are reminded by Ollie Liner, County Agent and General Superintendent of the Plainview Stock Show, that they have until January 1, preceding this year's Show, to purchase their pigs and lambs.

Liner says that unusual cases may be presented to the Executive Committee for their consideration. Sometimes a pig or lamb may be killed by dogs or die from sickness shortly after the ownership date. If this

should happen, the boy or girl should immediately contact their vocational agriculture teacher or their county

agent and let this be known in order that the Executive committee can act, Liner stated.

COTTON TALKS
FROM PLAINS COTTON GROWERS, INC.

The House-Senate Conference Committee December 8, after more than a month of debate, reported a compromise 1982-85 farm bill. The Senate approved the committee's action December 10, setting the stage for a momentous vote in the House, probably on December 15 or 16.

If a majority of House members vote for the compromise, Agriculture Secretary Block will sign the bill into law. Otherwise, by the time these words appear in print, the whole mess will be back in conference committee with a future as uncertain as West Texas weather.

However it can be assumed that whatever farm law governs cotton production, there'll be some mechanism whereby the Secretary can restrict (or attempt to restrict) the acreage planted to cotton. And there is much speculation as to whether and how that mechanism may be used.

Looking purely at the numbers, a set-aside or other means to reduce 1982 cotton production would certainly be in order.

When the Secretary looks at a 15.6 million-bale U.S. crop this year and subtracts combined domestic mill use and exports of only 13 million bales, leaving a carryover on August 1, 1982, almost double the 1981 carryover of about 2.7 million, he has to think set-aside.

In all likelihood, though, his only means to reduce acreage in 1982 will be to require, as a condition of eligibility for program benefits, that producers reduce 1982 plantings by a percentage of the previous year's or two years' plantings.

The extent of participation in such a program would depend primarily on (1) what the Secretary's regulations would permit or require producers to do with the non-cotton acreage and (2) what program benefits, if any, would be lost to the producer who opted not to reduce acreage. And this latter question may not be answered for some time to come.

More suspicious minds are attempting to predict the Secretary's set-aside decision from another angle.

They expect the Secretary to require a reduction in cotton acreage and mandate that acreage taken out of cotton be devoted to the most expensive care and/or conservation uses he can think of.

These wary souls reason, not without logic, that while this course of action might not reduce cotton acreage, it would drive most producers out of the program, thus making them ineligible for any price deficiency payments that may be due in 1982.

BBB Warns Abernathy About Faulty Product

The Better Business Bureau of the South Plains is alerting the general public and especially business establishments in the South Plains area to be on the lookout for peddlers selling a product called RAM which is manufactured and distributed by Galaxy Industries out of Pensacola, Florida.

Representatives of this company are selling within the Lubbock city limits without a license to peddle from the City of Lubbock.

According to information furnished to us by the BBB/Mobile, Alabama (the Bureau that services Pensa-

cola), there have been complaints alleging that the product does not work.

It has been reported to this office by alleged sales representatives with the company that they would come into a place of business and start spraying paint on the floor or carpet to demonstrate that the cleaner would take it out. Sometimes, it is alleged, the carpet would take out and the stain would remain.

The BBB/South Plains Advised Caution in dealing with this company dues mainly to the fact that the representatives are selling without city permits as of this date.

THE LAKEVIEW PHILOSOPHER

'Enhancement' is the new tax word

Editor's Note: The Lakeview Philosopher on his Johnson grass farm discusses words this week.

Dear Editor: I heard a Congressman use a phrase the other day on television that caught my attention.

Faced with the fact that he's a strong advocate of tax cuts and a balanced budget and the fact that it's not working, that the bud-

jet may be more out of balance than ever before, he said he is now in favor of "revenue enhancement."

It sure sounds better than raising taxes. And it has wider use. If the telephone company ups your phone bill \$2 a month, it hasn't raised your rate, it has enhanced it.

I tried to enhance the price of a steer I had for sale, but the people who

control the cattle market have a limited vocabulary and apparently have never heard of the word. They

New Deal Scouts Sponsor Christmas Parade Saturday

Numerous residents of the New Deal Community and surrounding area enjoyed the first annual New Deal Scouts Christmas Parade held in New Deal Saturday December 12th.

The start of the parade coincided with the arrival of Santa Claus riding in a surry drawn by the traditional ancient beast of burden, similar to the animal that carried Mary to the Inn at Bethlehem.

The parade participants assembled in front of Atterbury's Farm Store. The parade Marshal, Fred (Sonny) Hale, led the various groups south to the community center. The line of parade participants for this first annual event were: The Parade Marshal; the United States Flag carried by Doyle Jenkins; and the Texas Flag carried by Rieka Obenhaus; Santa Claus in the surry; New Deal Scouts, decorated bicycles from the community; and finally area residents on horseback.

Santa Claus visited with the youngsters at the community center. Each child present had the opportunity to tell Santa Claus what they wanted for Christmas, after which Santa gave them a sack of goodies.

At 11:30 a.m. Santa drew names for the recipients of the turkeys and gift certificates that were given away by the New Deal Scouts, Band Boosters, Athletic Boosters, Young Homemakers, and Young Farmers. Winners of the turkeys were: Fred Adame, Pat Danford, Gordon Koonce and Sandra Lemon. Winner of the gift certificate for Markham's Grocery was Linda Grimes. W.A. Arant won the gift certificate for Sharp's Grocery. The drawing was only one way for the participating groups to say thanks to the New Deal community for all their support during the past year.

Following Santa's visit, the scouts delivered candy and fruit sacks to the Texas Boy's Ranch and Girl's Town on the Lubbock Campus.

The scouts want to thank the merchants and business-

es for their donations that made it possible for Santa Claus to give away the sacks of fruit, candy and nuts.

Those making donations were New Deal Co-op Gin, New Deal Gin, Sharp's Grocery, Markham's Grocery, Owen's Service Station, Kelley's Garage, and Atterbury's Farm Store. The scouts also want to thank the Goble family for the use of Santa's surry and Glen McKinney for the beast of burden to pull the surry. Additional thanks goes to Reiner Obenhaus for the donation of hay, Larry Stephenson for the use of a tractor, which along with Vernon McDougal's wagon made it possible for the Young Homemakers to have their hayride.

CHEESE IS A "GOOD" item to have on for a nutritious snack, says Dr. Cass Ryan-Crowe, a food and nutrition specialist.

Soft cheese keeps up to two weeks after opening-if tightly wrapped, she says. Hard cheese will keep several months. Tightly wrap it, too.

If cheese becomes too hard, grate it or shred it and use in sauces, she adds.

Antelopes Compete In Canyon-Reef Tournament

The Abernathy Antelopes competed in the Canyon-Reef Tournament held December 10-12 in Snyder.

In the first round of the tourney, the Lopes were defeated by Lubbock Monterey 56-66. Cannon scored 20 points followed by the second highest shooter, Sammy Galloway with 10.

The Lopes returned the favor in the second round to Colorado City by crunching them 99-68. This was the first win the Antelopes have had this year.

It all happened in the first half for the Lopes, scoring 22 points in the first quarter and 33 in the second, to Colorado City's 15 in the first

and 13 in the second. At haltime, the Lopes were ahead 55-28.

The Lopes scored 20 in the third and 24 points in the fourth to win the game.

Top shooters were Rodney Cannon with 26, followed by Malcolm Dunn with 21, Cletus Irlbeck 17 and Max Riley 16.

The next two rounds would not be too pleasant for the Lopes. In the next game they lost to a Lubbock High 66-85. Cannon scored an incredible high of 33 points followed by Dunn with 12.

And in the final game for the Lopes, Fort Stockton won a close one 61-53. The Lopes

were ahead until the final quarter. It was 30-27 at the end of the first half and 42-41 at the end of the third quarter, in favor of the Lopes.

The fourth quarter was decided due to the number of fouls called against the Lopes. Twenty one fouls were called in the fourth quarter, 13 of which were against Abernathy. Since the Lopes only have eight on their squad, only four players were left with 1 minute left in the game. Galloway fouled out and by the end of the game, Chester Cooper, Irlbeck and Bear were left to play against five Ft. Stockton players.

Flu Season

Warm temperatures still continue as the rule across Texas, but cold weather is just ahead. Arriving with the cold weather is influenza, a potentially serious health threat to persons 65 and over and those with chronic illness.

Persons in these groups are more susceptible to the complications of influenza than are younger, healthier people, reports the Texas Department of Health (TDH).

Flu shots obtained now from a person's private physician will provide protection for those at high risk — those over 65 years of age and adults and children with chronic health problems, such as diabetes, severe anemia and diseases of the heart, lungs or kidneys. In addition, patients who are on medications that lower the body's resistance to infection are considered to be in the high risk group.

Pneumonia, either "primary" due to the influenza virus itself, or "secondary" caused by bacteria which invade the diseased respiratory tree, is a complication prolonging influenza beyond its usual one-week course.

EARLY CHRISTMAS PRESENT... Judge Stevens received a Christmas present early from his wife, Ann Stevens, about two weeks ago. The gift is a unique coat hanger made of alder wood cut with a ban saw. It took Ann a week to make this beautiful gift for Morris. Morris made the wooden bell, on the first shelf, out of pecan with a wood lay. Ann made the candle stand, on the right, out of hickory. Morris also made the bowl on the bottom shelf. The Stevens are skilled at making just about anything from wood. Those who get a chance should drop by the judge's office and take a look at this beautifully crafted gift. (Review Photo)

FATAL FIRES

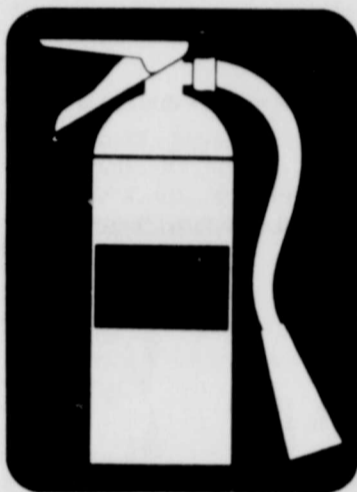

Fires caused by cigarettes result in an estimated 2,500,

deaths each year in the United States. Residential fires ignited by cigarettes resulted in over \$300 million in property loss.

CAN CONTROL WEIGHT

Only one third of smokers gain weight when they give up cigarettes. One-third actually lose weight as a result of combining a general fitness program with their efforts to quit.

Safety Corner

Fire Safety

Smoke detectors and fire extinguishers are two low-cost, readily available devices that save lives. Every farm or ranch family should have them.

Locate smoke detectors near bedrooms, furnace rooms, kitchens, and also in farm shops. Test your smoke detectors regularly, and replace their batteries when necessary.

Three types of extinguishers are available. Pressurized water extinguishers are effective for wood and paper fires, dry chemical or carbon dioxide extinguishers are required for gasoline, solvents, kitchen grease, and electrical fires.

GIN FIRE. A small fire started at Tuco Gin, located three miles north of Abernathy, Monday evening at approximately 6:30 p.m. Abernathy Firemen came to the rescue and put the fire out before it got out of hand. (Review Photo)

Abernathy Police Catch Up With Speedster

Abernathy Police Chief Raymond Naron reported that officer Tatty Naron found the person who was driving the pickup that ran into a parked car while running away from her last month.

Naron stated that she found a piece of a pickup grill near the damaged car after the chase which matched the damaged grill of a 1979 GMC pickup driven by a 21 year old white male.

The man pled guilty to the misdemeanor charges and payed his fines. The parked car only received minor damages during the chase.

A Lubbock man was charged with credit card abuse after having used a stolen credit card to buy a battery at Henry's Texaco Tuesday, December 1, according to Chief Naron.

The 27-year-old black male, then attempted to charge another battery at Harrell's Texaco. Harrell became suspicious of the man and called Naron to investigate. Naron said.

Naron arrested the man for having no identification and for credit card abuse. It was later discovered that he is also wanted for felony charged in Hale and Lubbock Counties, according to Naron.

New Opportunities with an Individual Retirement Account in the First Federal Spirit!

1982 brings sweeping changes in the Individual Retirement Account

Now, every wage earner may qualify for an I.R.A. even if already covered by another pension plan. The yearly contribution has been increased up to

\$2,000 annually. Married couples can contribute as much as \$2,250 if only one spouse is employed. Two thousand each if both are employed.

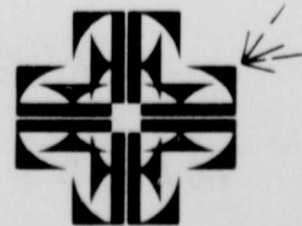

I.R.A. contributions are fully deductible until retirement time. This tax deferred interest and principal generate considerably more retirement dollars than pre-taxed investment dollars.

With the Individual Retirement Account the amount you invest works for you. You pay no fees or commissions.

Struve Trip Continues

By Arno Struve
One night I became aware of a rhythmic squeak that I immediately identified as one of the cart axles that obviously needed a bit of lubrication. A little later, the happy sound of the donkey's feet on the pavement became audible; he was tripping along at a good gait. At last his feet were no longer audible, but the squeak continued until at last it tided into the night.
At one place, where mule carts were bringing stone for a paving job, one of the carts got over-balanced on the back end, and when it did, the tail of the wheel went down and the "wheel-mule" was just lifted off the ground.

The load had to be shifted before the mule's feet were back on the ground.
Dogs seemed to be almost entirely absent. I can't remember seeing a single one. But some of my fellow travelers may have seen one or more.
This may be a convenient place to mention the thousands of hand pulled carts. Often these were very heavily loaded and the puller, (or pusher), would be under considerable strain to move them. They had rubber tires, usually, of a size a bit larger than bike tires. Sometimes there would be a pusher and a puller. Sometimes there would be such a cart pulled by a bicycle, and these were

heavily loaded at times also.
One time we saw a bike cart carrying paper-goods that was almost too much for the bicyclist. To avoid some children in his way, he had to turn aside and it caused him to lose his balance. He really told off the kids who had gotten in his way.
Tractors. We saw a few "wheatland" style tractors, but they weren't used for field work. In every case they were pulling four wheeled trailers. These were about the size of the old original Farmalls or smaller.
Their engines were tiny diesel motors. Unlike in Mexico, these engines were very dirty and greasy. They

didn't seem to take much pride in this piece of machinery. Speaking of pride in machinery, the bicycles were always clean and polished.
The tractors that we saw in very large numbers, were the small "garden" sized ones. They were not in the fields, but were on the streets and roads. A manufactured two wheel cart was attached to each in such a way that the little tractor, with its "handle-bars", could be negotiated by the driver sitting on the front of the trailer. These were not nearly as numerous as the mule carts, but there were hundreds of them. I'm sure they are used at times in the fields in season.
Buses. The buses provided for use were all of Japanese manufacture. Some were

quite large, and at other times, we were provided two small ones. Always we had air-conditioned vehicles. A small engine powered the air-conditioning so that our buses were nearly always cooled when we got into them on a hot day.
The camera bugs vied for a front seat on the buses, but there wasn't much friction over it. I got my share of front-seat rides.
There are very, very few cars, only VIP persons have cars at their disposal. No car is privately owned. A prosperous commune may own an automobile and some trucks to be used in their business. At Datong, where there are coal mines, we saw worlds of trucks hauling coal.
Also at Datong we saw trucks hauling sacked wheat to a flour mill. A long line of trucks on the street were waiting to be unloaded. The wheatsacks were piled high out in the open and covered with tarps, or something like that. Maybe they were plastic covers. Anyway at Datong there isn't much danger of rain-damage. All the trucks seemed to be exactly alike. We'd call them about 1 ton bob-tails.
To Be Continued Next Week.

LETTERS TO THE EDITOR

Dear Editor:
The following letter was printed in the December 8, 1981 edition of "The Battalion", the student newspaper at Texas A&M University. It meant a lot to me and helped me to anticipate going home for Christmas all the more. Could you reprint it for all of the college students from Abernathy.

Memories Of Christmas

Here it is, Christmas time again. Time for those last minute tests that all your teachers are giving. And don't forget finals-you remember the ones you're counting on to bring your grades up. Also, have you decided what to get your roommate for Christmas? Not much you can buy for under three dollars these days.
You just don't have any reason to feel very joyous, do you? Well, forget about all your problems for a moment and think back to your very best Christmas ever. Perhaps one of the reasons we don't appreciate the holiday is because we have yet to learn the secret of capturing that special magic of Christmas past.

It's so easy to overlook the

pleasures of the Yuletide season, especially at college. Remember the last time you went caroling? Only one young couple came to the door, yet did you notice the small face peeping out of the window across the street? I bet you missed the way his eyes lit up as he recognized the songs, or the way he sang along when you sang "Silent Night."

And can you recall the Christmas that your sister said there wasn't a Santa Claus? You stayed awake as long as you could just to prove her wrong, but you went to sleep with a smile on your face because you had heard the distant sound of sleighbells and the whisper of what it flew across the sky.
Or what about the first time you heard the Christmas story? Do you remember the way you imagined that you were in the stable with Mary and Joseph? You could almost hear the angels singing to the newborn baby. Think back to how awed you were when they retold how the wisemen came bringing gifts from afar. You weren't sure exactly what frankincense was, but it sure sounded awfully impressive.
Maybe it isn't so hard to capture the Christmas spirit after all. It should be a time of joy, not of misgiving. So the next time you start to lose the special feeling, put on one of your old Christmas albums, remember your feet up, and begin...

good training as does good sportsmanship. The two go hand in hand.
Most often it takes more character to be a good winner than it does to be a good loser. Parents can train their children to be good sports, but the children need good examples to be set by their elders, coaches and parents included.
Spectators sometimes forget to be good sports. Everyone should remember that the participants of a sporting

event are our young people, not professionals, and that they are playing for the glory of their school and community. Spectators are also representatives of their communities.
If parents, teachers and coaches would instill the importance of good sportsmanship in our children, sporting events would be a lot more enjoyable, and we would all be able to say, "I'm proud to be from Abernathy!"
Sam Schwartz

Books Make Good Christmas Presents

Once upon a Christmas time, children read books. They read throughout the year, too, but Christmas was special. Then time was both long and short. Long and lasting for the hours enjoyed in favorite books that came from bright packages beneath the tree. Short for the small space of days allowing a good book to begin and end.
It's now the season to search for Christmas gifts. Picture books, easy-to-read books, poetry, folk literature, modern fancies, historical fiction, biographies, animal stories, family stories, and information books all can be packaged. The gift of a book can be the gift of an idea, an emotional or spiritual experience, an importing of realities or visions, a recurring source of pleasure-hard things to package otherwise.
During Christmas week, the Abernathy Public Library will be open Monday, Tuesday and until Wednesday noon, during regular hours. The regularly scheduled pre-school story-time for 10:00 a.m. Wednesday, Dec. 23, has been cancelled, but will resume again Jan. 6. Library regular hours resume Jan. 4.
Children and parents are encouraged to visit the library. Have a very Merry Christmas.

Parents Beware Of Christmas Toys

A few months, or a year or two in a child's development can make quite a difference in the ability to cope with Christmas toys. The wrong toy given a child could spoil the entire holiday period.
That's the opinion of Harold Ray, Director of the Product Safety Division of the Texas Department of Health.
Ray says manufacturers are required by the United States Consumer Product Safety Commission to place age recommendations and precautionary labeling on toys. Testing is done for the different age levels of children. These age levels are 18 months and less, more than 18 months but not more than 36 months, and 36 months to not more than eight years of age.
"Learn to be a label reader," Ray advises. "If a label warns that a toy is too advanced for your child, look for something else. Make sure that all instructions are clear — to you, and more importantly, to the child."
Ray says parents should be aware of how well a toy is built. "Toys of brittle plastic can be broken easily, exposing dangerous, sharp cutting edges. Wooden toys sometimes have splinters that should be sanded smooth. Pins and staples on doll clothes, hair and accessories can easily injure an unsuspecting child," he said.
Ray said tiny toys and toys with small, removable parts can sometimes be swallowed by small children, or become lodged in their windpipe, ears or nose.

"A Glance At The Past"

By Buford F. Davenport

Weekly Review dated July 14, 1966:

Texas Tech coaches and Red Raider Club members are to be in Abernathy July 19 for three events: lunch with the Lions Club at Graham's Restaurant, an afternoon of golf with area golfers, and a dinner at Graham's that evening. J.T. King was head football coach; Gene Gibson, basketball coach; Berl Hufman, freshman football coach; and Polk Robison, Tech athletic director.

Rites here for O.C. Curry, 81, of Porterville, Calif., and a former resident of the Abernathy area.

A box of Joe Thompson Implement Co. advertising book matches turned up in South Viet Nam, according to a letter he received from R.C. Sutherland, 2nd Lt., U.S. Marine Corps. The Lieutenant and Joe did not know how the matches made their way to that country.

J. Frank Jackson and Terry Barton attended the MYF Senior Assembly at McMurry College, Abilene.

Mike Struve, son of Mr. and Mrs. Arno Struve, was in the cast of "The Will To Win" presented by Texas Tech speech in the University Theatre July 9, 1966.

Mr. and Mrs. G.D. Clapp and their grandson, Wayne Loper, attended a community homecoming at Sulphur Springs, Texas.

SP5 Billy W. Bryant, son of Mr. and Mrs. Bryant, was on duty in South Viet Nam.

M/Sgt. Walter L. Rutledge will leave Fort Hood, Texas, for duty in South Viet Nam.

S/Sgt. Harold Glenn Rutledge is en route back to the States from U.S. Air Force duty in England. His next duty will be at an Air Force Base at Phoenix, Ariz. Walter and Harold are sons of

the late Mr. and Mrs. O. Rutledge.

From The Abernathy Weekly Review dated February 1, 1945:

To Whom It May Concern, beginning January 28, 1945, we, the wholesalers, retailers and mechanics of Monroe, Texas, do hereby, by mutual agreement, together do agree to close our places of business on Sunday. Signed: R.R. Jennings, D.D. Webster, R.E. Harvey, Hobbs Brothers Gin, Guy Young, W.E. Wilkinson and W.K. Clements.

Men in the Armed Forces: Cpl. Robert Stampill is in England. T/Sgt. Dewey Smith, Eighth Air Force Bomber Station, England, is awarded 4th Cluster.
