

THIS 1972 OLDSMOBILE was totaled in a wreck on I-27 near the north overpass in Abernathy early Sunday morning. The car was left in the road and the occupants are unknown at this time. Two of the three people in the wreck are thought to be Abernathy locals. In the bottom photo is the fence and pole that were damaged separating lanes on I-27. (Review Photo)

Man Slashed With Knife Saturday Night

An argument last Saturday night resulted in the injury of an Abernathy man. Two black men, one in his thirties and the other in his fifties ended an argument by one of the men slashing the other with a knife, according to Police Chief Raymond Naron.

Naron stated that the cut almost penetrated the stomach and was approximately eight inches long. The man was taken to Methodist Hospital for treatment. The incident occurred at 113 East 2nd Street, Naron added.

house with a third occupant of the car, according to Chief Naron.

Naron talked to witnesses who saw three people enter a house near where the accident had occurred. Police officers entered the house and saw evidence of injury from the wreck, which was blood traces. But Naron was not allowed to search the house and the victims of the wreck could not be identified, Naron said.

The 1972 Oldsmobile involved in the wreck is registered to a Plainview resident. The car was totaled and was taken to Harrell's impoundment. Naron estimated damages to the fence and light pole in excess of \$3 thousand.

by a 22 year old Mexican American male, and 1 carrying an unlawful weapon, which was a 39 year old Mexican American male from Lubbock found with a 38 caliber army pistol, according to Police Chief Naron.

I-27 Wreck

Abernathy Police Officers discovered a car that had just wrecked while travelling through Abernathy on I-27 at 3:30 a.m. Sunday morning.

A wrecked vehicle was found sitting on I-27 near the overpass on the north end of town. The car had damaged 100 feet of fence along I-27 and demolished a light pole, Naron said.

Police Officers found no one in the car when they arrived. Two of the three occupants are thought to be from Abernathy and they fled to a nearby

December Police Report

The December Police Report revealed that Abernathy officers had issued 34 citations during the month and made 22 arrests.

There were 14 arrests for public intoxication, 3 for disorderly conduct, 1 for drinking after hours, 1 for resisting arrest, 1 credit card abuse, 1 possession of less than 2 ounces of marijuana

Stolen Car

Abernathy Police Officer Jack Taylor found an abandoned car just out of the Abernathy city limits December 26. The car had not been damaged but did have a flat, according to Raymond Naron.

It was later discovered that the car was taken from Wayfare Motel at 805 34th Street in Lubbock, Naron said.

Report Continues

Two bicycles taken from the Cox residence, 1708 Ave. H, were recovered on the 1500 block of Ave. E. Someone had taken them for a joy ride and left them near a curve, Naron said.

Three tender benders occurred during the month of December. Four hubcaps were stolen from a 1981 Thunderbird at 411 Ave. C, Police Chief Naron ended.

Gid Adkisson Selected Interim Superintendent

At a special called school board meeting Thursday, December 20, Gid Adkisson was selected to act as Interim Superintendent, taking the place of Delwin Webb, who will be leaving his position as Abernathy Schools Superin-

tendent this month. Adkisson will replace Webb until a Superintendent has been selected by the board.

Adkisson has served in various positions in the Abernathy School system for the past 23 years. He was a High

School Math teacher for two years, Jr. High Principal ten years, then Director of Bilingual Education for two years, Director of Special Education two years, Elementary Principal seven years and he is presently serving as Director of Special Education and at his new post as Interim Superintendent.

The Board of Education will begin interviewing prospective Superintendents for Abernathy Schools beginning February 3rd.

Two Wins Stripped From Antelopes At Caprock Tournament

The Abernathy Antelopes won the first game of the Caprock Tournament in Lubbock last Thursday over Lubbock Christian High School 73-62 and the Lopes advanced to the winners bracket.

The Lopes' next two games against Littlefield and Tulia could have very easily been Lopes victories, but the Lopes were faced with other outside obstacles while trying to obtain these victories.

The third quarter was a defensive contest with the Lopes scoring 12 points to Tulia's 11.

The Lopes rallied to come within three points of the Hornets in the fourth quarter and with three seconds left in the game were behind 60-63. A Hornet fouled Cletus Irbeck at this time and Irbeck made the first free throw. On his second free throw, Irbeck intentionally missed but hit the rim of the basket in the process. This was intentional because Abernathy only had three seconds and one free throw would not tie the game. By missing the goal, this would have given an Abernathy rebounder a chance to score 2 quick

points and tie the game.

After Irbeck's second free throw hit the rim, Rodney Cannon got the rebound and was about to shoot to tie the game when a referee called Irbeck's free throw an intentional miss. The controversy started here as it is legal to intentionally miss a free throw if you at least hit the rim of the basket, which Irbeck had successfully done.

The ball was awarded to Tulia who immediately ran out the clock. Following the game, an Abernathy local who attended the game said that the referee admitted his mistake in making this crucial call. But this did not change the score.

Rodney Cannon was once again the leading scorer with 25 points. Cannon was also selected an "All Tournament" player. Irbeck was second with 10 points.

Jan. School Board Meeting

The Abernathy School Board met Monday night at 8 p.m. to discuss several items on the agenda.

The first item of business discussed was whether or not to allow the Junior Class to have a pie supper in conjunction with the Junior play.

The Junior Class was granted the opportunity to have a fund raising project at the beginning of this school year and therefore the board passed this as their project, but it will be allowed only this year.

Leasing four vehicles from Don's Chevrolet for use during the school year.

The changeover cost of each vehicle lease is \$300 plus a lease fee of \$10 per day for the entire year. Plus insurance,

maintenance and repair, each vehicle leased by the school would end up costing approximately \$4 thousand apiece for one year. This is roughly \$16 thousand to lease four vehicles for one year.

The board considered the possibilities of purchasing the vehicles instead of leasing them, but they agreed to ask Don's Chevrolet to grant the school a six month lease period for the vehicles. If this lease period is not accepted, the board agreed to renew the lease for 12 months. The board preferred the shorter lease as it will give them time to examine the possibility of purchasing school vehicles rather than leasing them each year.

The next item considered was

whether to set a meeting date with a financial consultant about the construction of an Ag Center and new Gymnasium along with other improvements.

The board first discussed the possibility of calling for a bond issue for the project. After a lengthy discussion, they decided that they would need to meet with a financial consultant before taking the previously discussed action.

The issue was then dropped completely for the time being after another lengthy discussion. The general feeling of those on the board toward building a new gym and ag center was one of skepticism. It stemmed from the fact that the U.S. is in a mild recession and they felt like this would not be an ideal time to pursue a project of this magnitude.

No action was taken on this item and board members will be allowed to think about the project until it is discussed at a future meeting. The previously mentioned improvements have been discussed and been in the making for the past four years.

The tax report revealed that \$2,032,887 of the \$2,246,071 budgeted for it has been collected which is 94.9%. The school has the entire month of January to collect the other \$213 thousand still out.

A second notice was sent to 32 sources who still owe on delinquent taxes. Several responded and \$3 thousand of the \$4 thousand out has been collected.

The lunchroom report stated that \$46 thousand has been taken in for 1981. An average of 111 students are eating breakfast at school and an average of 62 are eating lunch at school.

Enrollment is up to 992 students for the entire school system.

On The County Line

By: Keith Tooley

I WAS READING AN ARTICLE on "Robotics" the other day in a news release from Lloyd Bentsen. The article stated that robots could cause serious unemployment problems in the U.S.

Robotics is the technology of machines with electronic memories and working arms. Robot machines, often computer-aided, can paint, grind, polish, list, insert, cut, drill, weld, select, discard and stack.

Bentsen states in this news release that robots could help ease a growing skilled worker shortage in this country, but they also threaten to cause serious short-term problems.

As many as one million U.S. jobs could be filled by robots before 1990. The article also stated that some 120,000 robots could be in use by 1990.

And there were those who said that Star Wars was just a movie and couldn't become reality. R2-D2 is a robot and one of the biggest stars of the movie series.

And I hear that they are going to start teaching Robotics in college so there will be people who know how to put together and design robots when the robot manufacturing boom takes place.

I can already see how a robot could be extremely beneficial to Abernathy. It could be designed to go around picking up cotton debris that consistently floats through the air.

There are probably more than a few locals that wouldn't mind having a robot around the house to turn the T.V. off and on. And what about elections? Instead of having to drive all the way down to City Hall to vote, you let your robot make the decision.

It is exciting to think of the possibilities of how robots could be utilized in the future, but there is also a feeling of uncertainty because robots lack human elements such as common sense and the ability to reason. Much like the Ayatollah Khomeini He might just be a robot the Iranians designed to aggravate the United States.

We will soon see what robots can do as GM plans to use as many as 1,000

robots by 1984. We're putting in our order for a robot that hears and records everything. This model even has plenty of hair for the local barber to cut while the robot records gossip.

We've all heard of Murphy's Law and the following is an article written by Ed Cooper that appeared in the publication "Madison Avenue" entitled "Cooper's Laws, Part II."

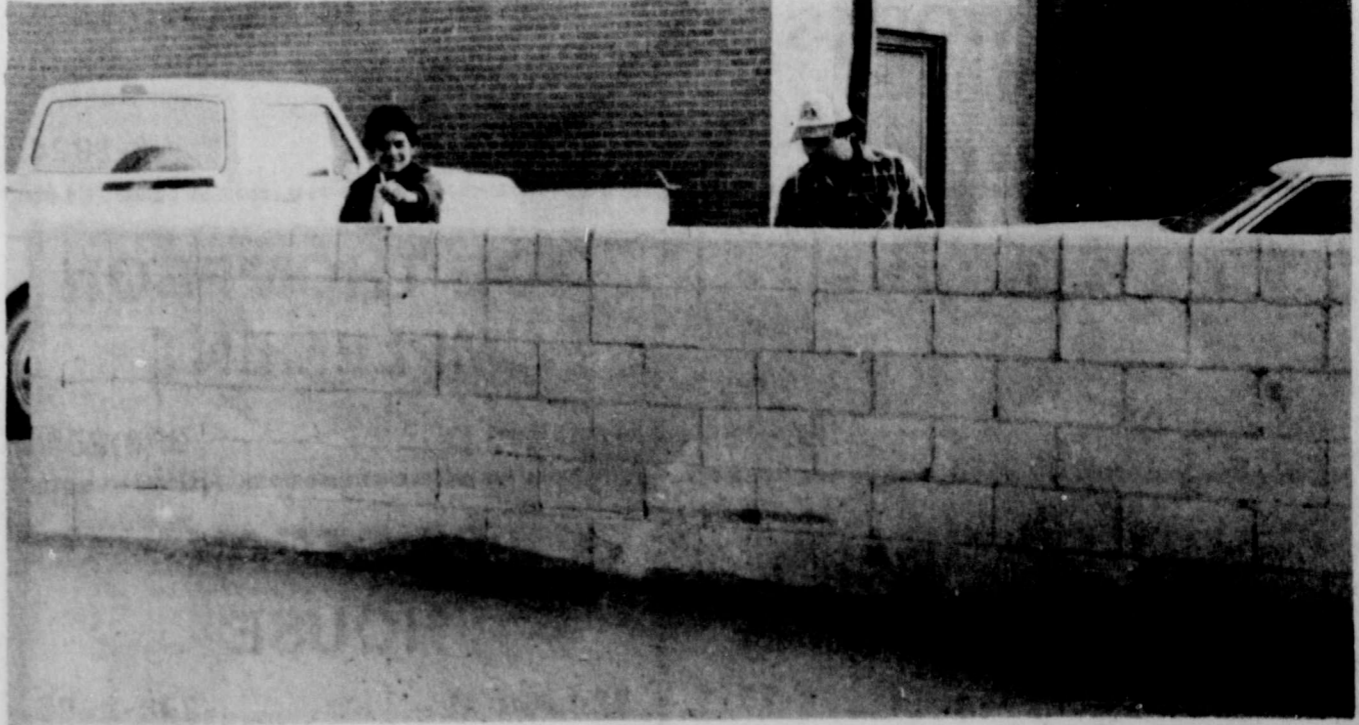

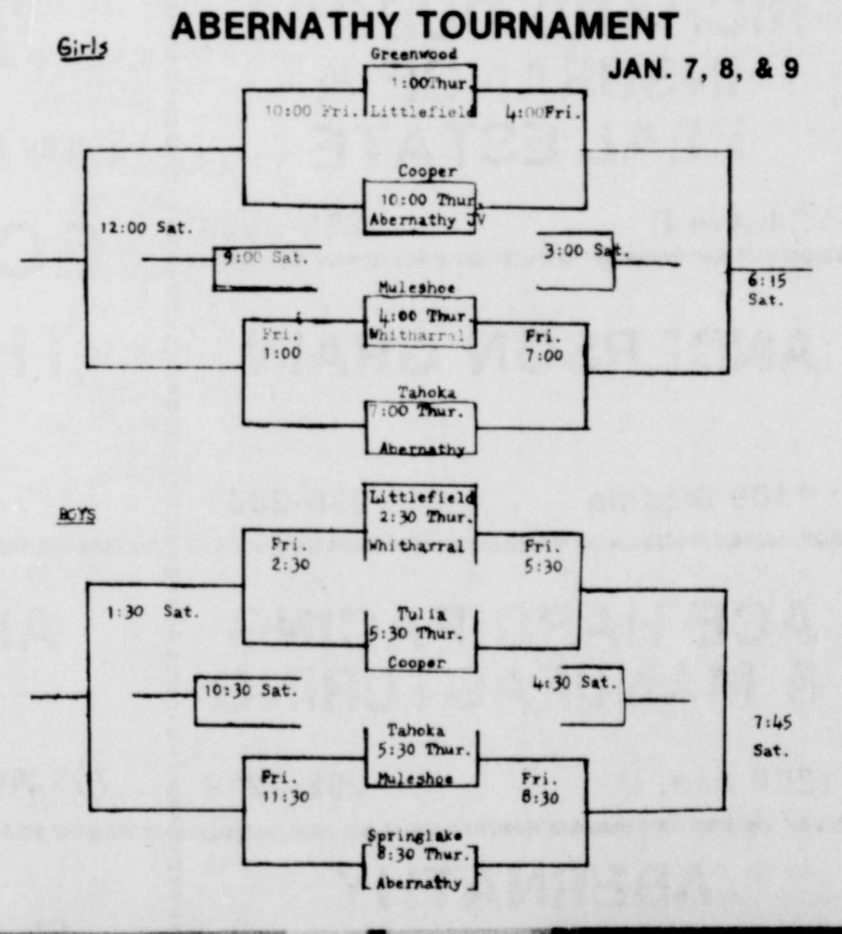

Now we hate to dwell on the negative, but when you have a bad day, some of the following principles in "Cooper's Laws" sure seem to hold true.

- When in doubt call a meeting.
- When in trouble form a committee.
- Nothing breaks down until one day after the warranty expires.
- The slowest moving line in the bank is the one you stand in.
- The bill's always higher than the estimate.
- If there's only one of something left, someone just in front of you will buy it.
- If the phone rings when you're in the shower, it's the wrong number.
- No matter which side of the street you are driving on, the parking spot will be on the other side.
- The amount of time your train is late is directly proportional to the importance of your 9:00 a.m. meeting.
- Tall people never sit in back of you at the movies.
- The less a disc jockey has to say, the faster he talks.
- Never argue with your boss unless you're willing to face the consequences of winning the argument.
- Build a better mousetrap and someone else will breed a better mouse.
- If it's on sale, they don't have your size.
- Nothing goes on sale until the day after you buy it.
- No matter how many empty seats there are on the bus, the person with the cough and sneeze sits next to you.

Antelopes Lose To Tulia After Controversial Call

The Antelopes lost their final game of the tournament to Tulia 60-63 after a controversial call in the final seconds of the game.

The Lopes kept a slight edge over Tulia in the first quarter scoring 11

Gist-Leon Exchange Vows In Double-Ring Ceremony

Mrs. Cherise Leon

In a candlelight ceremony Saturday evening, December 26th in the First United Methodist Church in Abernathy, Cherise Gist became the bride of Carroll Leon of Petersburg. Rev. Tommie Beck of Abernathy officiated at the 7:00 p.m. double ring ceremony.

Parents of the couple are Mr. and Mrs. Billy Gist of Abernathy and Mr. and Mrs. W. T. Leon of Petersburg.

A large candleabra with greenery decorated the choir area of the church. Votive candles and greenery lay on the kneeling rail with a lighted "Christ" Tree in the background. Hurricane lamps lighted the bridal aisle for the wedding party.

Mrs. Jonea Garner of Levelland presided at the bridal book as the guests arrived.

Mrs. Don Fondy of Abernathy and Mrs. Barbara Scheet of Lorenzo, aunt of the bridegroom, played the traditional and contemporary music. Jill Blalock of Abernathy sang "The Lord's Prayer" as the bride and groom lit their unity candle. Jill also sang "Surround Me With Love" and "Endless Love" at the end of the ceremony.

Presented in marriage by the bride's father, the bride wore a traditional gown of polyester organza. The gown

had a sheer front and back yoke with a stand up neckline. The bodice was trimmed with Schiffler lace, sequins and cluster pearls. Re-embroidered chantilly lace formed a flounce at the bodice. Ribbon belted the raised waistline with a lace motif at the center front. The sheer sleeves had ruffles at the cuffs with ribbon and lace trim. The full skirt extended to a cathedral train with a flounce effect at the hemline, trimmed in matching lace and ribbon.

Her veil complimented the gown with matching lace, sequins, and cluster pearls. The bride completed her wedding attire with an antique cameo that belonged to the bride's great grandmother.

Dana Fondy of Abernathy served as maid of honor. Bridesmaids were Janet Leon of Petersburg, sister of the bridegroom, Cindy Frieson of Weatherford, Oklahoma, Debora Crumpler and Cindy Stillwell both of Abernathy.

The attendants wore identical gowns of Aubergine Purple tinaseta chilton designed by Bill Leukott of New York. The one piece dress featured a high necked bodice with a modified empire waistline. To enhance the gowns, the bodice was adorned with a lace flounce and a sheer inset giving it an off the shoulder look. A wedding band collar completed the look. An accordion pleated skirt fell to floor length. Each attendant carried a cascading bouquet of plum and grape colored silk flowers.

Coe Groce, of San Angelo, served as best man. Grooms-men were: Tommy Leon of Lubbock, brother of the groom, Greg Gist of Austin, brother of the bride; Larry

Martin of Petersburg, brother-in-law of the groom; and Wes McGaughlin of Petersburg. Ushers were Todd Gregory and Coke Fullingim, both of Petersburg. The bride's mother was escorted to her seat by her son Greg and the groom's mother was escorted to her seat by her son Tommy.

The reception was held in the fellowship hall of the church following the ceremony. An oval table, covered with white gathers of polyester held the three tiered wedding cake. Heart-shaped

cakes complemented the white, with plum colored flowers. Silver candelabras and silver appointments were used on two accompanying round tables. Guests were served by Miss Connye Wolf, Miss Lorie Oswalt, Miss Kelly Thompson, Miss Jorene Hobgood, Miss Shelley Toler, and Mrs. Jo Ann Shipman. Assisting with hospitalities were: Mr. and Mrs. Donald Huttaker, Mr. and Mrs. Dennis Rhodes, Mr. and Mrs. Larry Griffin, Mr. and Mrs. Joe Smith, Mr. and Mrs. Ralph Wolf, Mr. and Mrs. Harold Stillwell,

and Mr. and Mrs. Jimmie Davis.

The bride is a graduate of Abernathy High School and attended Texas Tech. The bridegroom is a graduate of Petersburg High School and attended Angelo State University. After a wedding trip to Dallas, the newly weds will make their home in Petersburg.

A rehearsal dinner was hosted by Mr. and Mrs. W. T. Leon, the groom's parents, in their home December 23 following the rehearsal. Guests were members of the wedding party.

Talk Of The Town

Mr. and Mrs. R.C. Patterson and Alma Ruth Patterson went to Jamaica to visit their son and family, Rev. and Mrs. Ladell Patterson and boys.

The Rev. and family have been in Jamaica for 2 1/2 years. They are serving as Missionaries to this country. Mr. and Mrs. R.C. Patterson enjoyed seeing the family and Jamaica-the country side.

Visitors in the home of Max and Delayne Thomason were her parents, Jan and Jimmy Isbell, Deray, and Deglen, brother and sister of Delayne from Grapevine. They visited Thursday thru Sunday.

"We don't get to know people when they come to us; we must go to them to find out what they are like." Goethe

Those To Remember

Harold McCune was admitted to Highland Hospital Monday.

Bertha Hunt, Mother of LaVail Lacy, fell and hurt herself in the Nursing Home at Hale Center and she has been ill.

Jewel Graham is in Methodist Hospital.

Jesse Webb is in Lubbock General Hospital.

Mrs. Hattie Forbus is in West Texas Hospital.

Roysie Shires was admitted to the emergency ward of Methodist Hospital Sunday afternoon following a heart attack.

Mrs. Lamar McKenzie was admitted to Hale Center Hospital Monday.

Last week Mr. and Mrs. H.A. Hearn were in Hale Center Hospital.

Abernathy Young Homemakers Meetings

The Abernathy Chapter of Young Homemakers will meet Jan. 11th at 7:30 p.m. in the Homemaking Department.

The program will be given by the Abernathy florist on flower arrangements. Everyone interested is encouraged to attend.

At the previous meeting new officers were elected.

They are: President, Teresa Jackson; Vice President, D'Ann Stone; Secretary, Karan Highley; Treasurer, Ginger Reedy; and Reporter, Cindy Hunt.

In December, the chapter enjoyed a salad supper, exchanging gifts and the making of Christmas crafts.

Fried chicken is America's most popular main dish.

Open House Honoring J.R. Nixon Sunday

There will be an open house honoring J.R. Nixon, of Cotton Center, Sunday January 10th from 2:00 p.m. to 5:00 p.m. in the home of Elouise and Henry Riet of Cotton Center. Mr. Nixon is being honored for his 30 years of service in the Cotton Center School Sys-

tem. He served the last 20 years as Superintendent. Helping to host the reception will be: Mr. and Mrs. Monte Lee, Mr. and Mrs.

Oscar Allen, Mr. and Mrs. Wayne Greenhaw, Mr. and Mrs. Charles Stroope and Mrs. Kathryn Crabtree.

Water Color Workshop Jan. 18-20

A water color workshop will be held Jan. 18, 19, 20. Marsha Wilkes will instruct a workshop for aspiring artists at the Abernathy Library from 10:00 a.m. til 4:00 p.m.

Cost of the workshop will townspeople.

Tim Looney, acted the part of Zacharias, and also narrated some of the script. Lynn Parker was Gabriel, the angel who brought the good news to Zacharias of the birth of his son, John, and the news to Mary that she would be the mother of the coming Messiah, and he was also one of the townspeople who showed disbelief of the birth of the Messiah.

Teresa Looney played the part of Mary, Kesley Walker was Mary's mother, and Anna Sanchez was Elizabeth.

Teresa Looney was the accompanist for several Christmas Carols.

The Residents of each Rest Home expressed their appreciation to the young people and asked that they would return sometime soon.

be \$40. Call the Library or Frankie Mills for registration. Please hurry, space is limited.

Area Educators To Hear Tech And Wayland Presidents

Today area educators will have a unique opportunity to join two leading chief executive officers, the President of Texas Tech University, Dr. Lauro I. Cavazos and of Wayland Baptist University, Dr. David L. Jester. An evening with the two presidents will begin at 7:30 p.m. in Plainview at Coronado Jr. High 2501 Joliet.

Dr. Cavazos is president of both Texas Tech University and the University Health Sciences Center. His background includes a rich heritage of rural life in America. He grew up on the vast King Ranch. He is widely known internationally as well as nationally. He has been recognized as a distinguished alumnus of Texas Tech and Iowa State. He is a member of numerous boards and serves as chairman of several committees and councils on the local, state and national level. He is the author or co-author of approximately 75 publications.

Dr. Jester is Educational honors and awards include Who's Who among students in American Colleges and Universities, Georgetown College Distinguished Alumn Award and as an Outstanding Educator of America. He was active in education in Iwo, Nigeria as a Professor and head of Psychology of Education, as a Professor of History and Spoken English and Psychology of Education. He served as President of Niger Baptist College. Jester has over 70 publications in a wide range of periodicals, magazines and other media forms.

This evening is sponsored by the Plainview Unit of T.S.T.A. An invitation is extended to the public, especially to each professional teachers organization, retired teachers, teachers, school boards, education majors, future teachers, Chamber of Commerce Education, committees and professors of education.

Among their topics of great knowledge and interest, the guest speakers will include the present and future trends of education.

TRYING TO SAVE MONEY? Shop warehouse and outlet stores, along with discount department stores, to stretch your dollar, advises Linda McCormack, a family resource management specialist.

Center Community Church Youth Give Programs

Six Center Community Church youth, led by Manuel Martinez, presented a Christmas program at three

rest homes December 21. The six young people who gave the programs were: Manuel Martinez, Tim Looney, Rynn Parker, Anna Sanchez, Teresa Looney, and Kelsey Walker.

The young people presented a Christmas play in the Amherst Manor in the forenoon, and at Hospitality House and Knight's Rest Homes in the afternoon.

The play was an original production portraying life in Jesus' time. Manuel Martinez introduced the cast and narrated parts of the play besides playing the part of Joseph, and also one of the

Weekly Devotional "Be Slow To Anger"

"Be blameless, as the steward of God; not selfwilled, not soon angry." Titus 1:7.

Someone once put up a poster that said this, "Anger is such a valuable thing it is a shame to lose it". Yes, anger can be a valuable commodity, but only when it is aimed against sin. Whenever Jesus became angry, it was never self-serving, it was always directed at sin, that He went forth in righteousness indignation.

Our anger though is not often that way, it's mostly rooted in "pride" and "selfishness". But we tend not to think of it in that way. We rationalize it by blaming it on our environment, "Well, I was raised in the ghetto man, and that's the way it is here", or we blame it on our nationality, "It's the Irish blood coming out of me", and some even blame it on the color of their hair, "it's my red hair". When in reality the real cause of our anger is the bad fruit of "pride" and "Selfishness".

It is said that anger borders on insanity. Solomon recognized this, that's why in Prov. 16:32 he wrote, "He that is slow to anger is better than the mighty; and in this New Year be a lamb for your own affairs and a lion for others, and God will bless you as you are slow to anger."

Alternative To Dryland Farming...

Energy costs involved in pumping water as well as the depletion of the Ogallala Aquifer may have High Plains farmers looking for alternatives to irrigated agriculture.

A three-year research project, headed by a Texas Tech University range and wildlife doctoral candidate, Kay Marietta of Crockett, could provide farmers with that alternative.

"Irrigated agriculture on the High Plains is becoming very expensive," Marietta said. "We want to provide an economic alternative land use to dryland farming by establishing permanent pas-

Permanent Pastures

tures." On three experimental plots at Brownfield, Lubbock and the Montgomery Ranch at Post, Marietta has seeded seven species of grass on three different sandy soils to determine which species is most viable on the High Plains.

"What we hope to do is suggest which species work best, when to plant and how to manage them for livestock production," she said.

Of the grasses, five are introduced species. The native grasses, sideoats grama

and switchgrass, are improved selections which are commercially available.

The introduced grasses Marietta is working with include four bluestems from Asia and Russia and one weeping lovegrass variety, a species native to South Africa.

Each plot was seeded in May. Grasses at Brownfield and Lubbock are in excellent condition because of the amount of moisture those areas received this year, she said.

"This has been an excellent year for establishing good stands of grass. They could be ready for grazing next year," Marietta said.

The grasses, in general, are being tested for the length of time it takes them to grow for grazing purposes, protein yields levels, manageability and, eventually, what type of grazing scheme might work best.

When completed, Marietta hopes to suggest the grass which takes a limited amount of care and will be able to produce well just on rainfall.

Preliminary reports on Marietta's research should be completed by December.

"Since this year has been so wet it could make a difference in those results," she said. Similar plots will be seeded during the spring of 1982 to test the 12-month weather effects on the grasses.

Dr. Carlton Britton, major professor for Marietta's doctorate degree, said the pasture research will give Texas Tech the answers it needs when High Plains farmers start looking for alternatives to irrigated crops.

"We'll be able to suggest grasses when the farmers are unable to afford gas and water and want to know what they can put on their land," Britton said.

Permanent pasture grasses can help stabilize the soil and provide a perennial

storage for livestock grazing.

"We want to be ahead of the event when a large portion of the southern High Plains may not be irrigated," he said. In addition to Marietta's work, Bob Masters, range and wildlife graduate student from El Paso, is pursuing water use efficiency of bluestem and weeping lovegrass varieties.

Lakeview Philosopher

Looks At The New Year
And Comes Up With A
Political Suggestion

EDITOR'S NOTE: The Lakeview Philosopher on his Johnson grass farm looks at the new year ahead.

Dear Editor:
Every time a person turns around it looks like a new year is upon us.

For 1982 I don't have any predictions, other than the flat prediction that times will get either better or worse or stay the same.

But I do have a suggestion. As you know, 1982 is an election year, from ground level on up to the U.S. Congress.

Ever since elections were invented candidates have gotten elected on promises they don't keep. Figure out what the people want, promise it, get elected, and forget it.

I've figured out something that can be done about this. As you know, in order to bind the sale of a farm, say, sometimes the buyer has to put up a forfeit called earnest money, which he loses if he backs out.

Why don't we require candidates to underwrite their promises by putting up earnest money?

If a local candidate promises to pave the road in your area, a candidate for the legislature promises to cut state taxes, a candidate for governor promises to reduce the number of state employees, a congressional candidate promises to slash Federal spending, a presidential candidate promises to balance the budget, require each to put up a forfeit guaranteeing delivery.

To prevent the forfeit from becoming just another promise, each candidate would sign a binding contract agreeing, if elected, to assign 20 percent of his salary to the treasury every month his promises go unfulfilled. The agreement should stipulate that the office-holder couldn't raise his salary to pay for the unfulfillment.

You might argue that, even if a candidate signed the agreement and reneged, he's hire some two-bit lawyer to fight the case in court, dragging it out for years.

I don't believe so. Tell me where in these high-priced times you can find a two-bit lawyer.

Yours faithfully,
J. A.

Estimated Tax Installment Due By Jan. 15

The fourth, and final, installment of estimated Federal tax payments on 1981 individual income is due by January 15, 1982, the Internal Revenue Service says.

This installment should be paid using declaration voucher No. 4 found in the

Form 1040-ES package, "Declaration of Estimated Tax for Individuals."

Taxpayers whose anticipated income changed during 1981 may have to file an amended declaration. Space is provided in the estimated tax package to compute an amended estimate.

For more detailed information, the IRS publication 505, "Tax Withholding and Estimated Tax," is available

free by calling the IRS forms tax information number in the local telephone directory.

Hale County 4-H Auction Saturday

The Hale County 4-H auction will be held this Saturday at the Hale County Ag Center from 11 a.m. to 2 p.m.

A free lunch will be served and door prizes will be given. The auction will feature

herbicides, insecticides, seed, feed and other farm related products. Everyone is invited to attend.

All proceeds will go toward the Hale County 4-H exchange trip to Stockton California in June.

Waller Awarded Meritorious Mast

Marine Cpl. John S. Waller, son of Danny J. and Shirley A. Waller of Box 905, Shallowater, has been awarded a Meritorious Mast while serving with the 3rd Combat Engineer Battalion,

in Okanawa. A Meritorious Mast is official recognition from a Marine's commanding officer for superior individual performance. It is issued in the form of a bulletin published throughout the command, and a copy is entered in the Marine's permanent service records.

Donnie McLaughlin and family of Lockney and Mr. and Mrs. Quin Montaque and family of Silverton.

A 1979 graduate of Shallowater High School, he joined the Marine Corps in August 1979.

ARE YOU A MORNING "JET-SETTER," complete with instant-everything-and-bitter coffee?

Here's a prevent-bitter-coffee idea-for instant-coffee, microwave users only:

Add the hot water to the coffee granules, instead of adding coffee to the hot water, suggests Dr. Cass Ryan-Crowe, a food and nutrition specialist.

When you add coffee granules to boiling water, the rapid flavor release from the granules can cause bitter coffee, she explains.

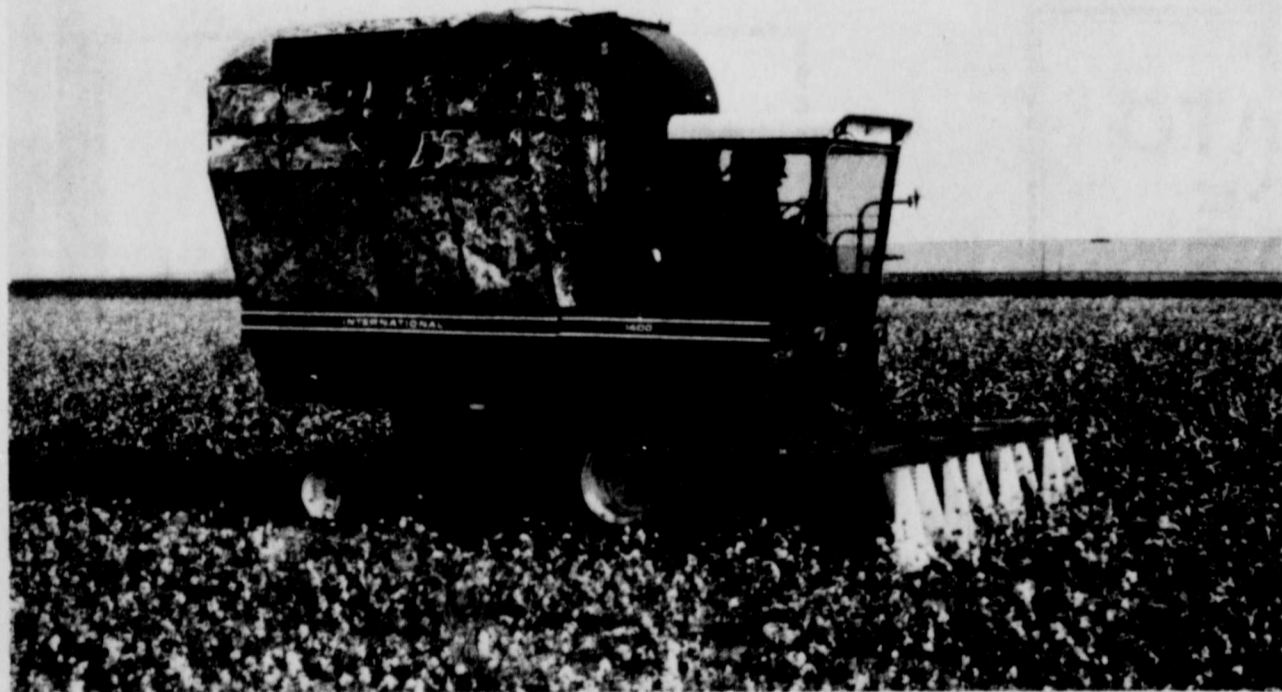

Ryan-Crowe is on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System.

Why doesn't bitter coffee result from adding the hot water to the coffee? We didn't ask her that.

Freshmen Boys Win Third Place At Cooper Tourney

The Freshmen boys basketball team won third place at the Cooper Tournament recently.

In the first round the Lopes defeated Idalou 45-42. The second round, they hit tough Levelland and were crushed

39-67.

The freshmen Lopes then battled Cooper for third place and won 70-67 in a thriller.

Besides playing in the Cooper Tournament this year, the freshmen Lopes

lost to Hale Center 41-64 and Floydada 34-48.

This past Monday night they defeated Lockney 41-35 and now hold a record of 3-3. Harold Miller was the leading scorer against Lockney with 21 points.

Freshmen Girls In Cooper Tourney

The Abernathy freshmen girls recently competed in the Cooper Tournament.

In the first round they easily defeated Idalou 45-19. But Levelland proved to be too much for the 9th fems losing 37-44.

Abernathy then played

Cooper for third place and were defeated in overtime 27-29.

The 9th girls have also played Hale Center, losing 27-38, Idalou, losing 32-40, and against Floydada the Lopes 9th fems won 46-40 in overtime.

This past Monday night they defeated Lockney in a runaway game by the score of 51-23. In this game Holly Shater scored 14 points followed by Johnnia Harrell with 12.

The freshmen girls now have a record of 3-4.

Lady Lopes Bow To Hale Center Fems 35-50

The Lady Lopes failed to generate much offense the first and third quarters during a game against Hale Center last Tuesday night to tall short 35-50.

The Lady Lopes produced only 4 points to Hale Center's 10 in the first quarter. They would remain 5 points behind at the end of the second quarter 15-20 and at intermission, the Lady Lopes were still very much into the game.

Hale Center exploded in the third quarter hitting for 21 points to the Lady Lopes'

5, putting the Owl fems on top 41-20.

The Lady Lopes rallied in the fourth quarter to reduce the Owl lead by scoring 15 points, but the Owl fems performance in the third quarter had already depicted the outcome of the game.

Vicky McKenzie was the leading scorer with 15 points followed by Margaret Cooper with 8. The Lady Lopes presently have a record of 7-12.

This past Monday night they defeated Lockney in a runaway game by the score of 51-23. In this game Holly Shater scored 14 points followed by Johnnia Harrell with 12.

The freshmen girls now have a record of 3-4.

"Fear of misfortune is worse than the misfortune."
Hasidic Saying

JV Lady Lopes Edge Owls

The JV Lady Lopes won a low scoring defensive battle against the Hale Center JV fems 36-31 at Hale Center last Tuesday.

The JV Lady Lopes took an early lead 9-4 in the first quarter, but the Owl fems returned the favor in the second quarter allowing Abernathy only 4 points to their 11. At intermission it was 13-15 in favor of the Owls.

The third quarter was a repeat of the first quarter. Again the Lopes held Hale Center to only 4 points while

scoring 13. The JV Lady Lopes remained on top in the fourth scoring 10 more points to Hale Center's 12.

Patricia Garcia put on a fine performance scoring 20 points and Kathie Ellis was the next highest scorer with 8. The JV Lady Lopes now have a record of 3-9.

did you know?

SPS works with other electric utilities to guarantee that its customers will have adequate power even in emergency situations. SPS is a member of the Southwest Power Pool, which is made up of electric utilities in parts of Texas, Oklahoma, Louisiana, Arkansas and Missouri. These utilities work together in planning and operations to keep down operating costs, conserve fuel and increase the reliability of their systems.

Bob Maxwell, System Operation Supervisor, Amarillo.

MECHANIC

Preheat your oven for no longer than 10 minutes for most efficient use. To conserve energy while cooking, cook the entire meal or several foods at the same time and temperature setting. And don't keep peeking to see if your foods are cooked, since the temperature inside an oven drops 25 to 50 degrees every time the oven door is opened.

Vivian Limer, Home Service Advisor, Lubbock.

Southwestern's efficiency is 99.978 percent. This means that our customers can be sure of all the electricity they need. SPS has nine active power plants, interconnected by more than 5,000 miles of power lines to guarantee that customers in our 45,000-square-mile service area will always have access to the electricity they need for their homes and businesses.

Bill Bankston, General Foreman, Hereford.

"A Glance At The Past"

By Buford F. Davenport

By Buford F. Davenport
From The Abernathy Weekly Review dated August 12, 1965:

At the regular meeting of the Abernathy School Board August 2, the Board was notified that its plan for compliance with the Civic Rights Act of 1964 had been accepted by the United States Office of Education, Washington, D.C.

A new phase in undergraduate pilot training for Reese Air Force Base started Thursday as the 59 members of Class 67-A completed their first flights in Phase 1 of primary flying training at Abernathy Municipal Airport.

The Abernathy Ex-Student Association held the fourth tri-annual Reunion Saturday, August 7, 1965, in the school cafeteria. Officials of the Association termed the homecoming a huge success, with an estimated 500 to 600 in attendance.

Major Robert Delton Richerson and family visited here last week in the homes of his mother, Mrs. R.R. Richerson, and brother, Truman. The Major and his family have moved from Abilene to Arlington. He will be on duty in Dallas at the Office of Data and Financial Management, Defense Contract Administration.

Mr. and Mrs. Leo Bland and daughters, Sharon and Barbara, of El Dorado Springs, Missouri, were here to attend the school reunion here last weekend. Mrs. Bland is the former Hallie Tubb.

From The Abernathy Weekly Review dated July 16, 1942:

R. Lee Snider, superintendent of Abernathy Schools the past two years, has been elected head of the Sparenburg School in Dawson County. W.V. Swinburn follows Snider as Superintendent of Abernathy Schools. Ration Stamp number 7 is valid. You can now buy your extra two-pound sugar "bonus" by presenting ration stamp No. 7 to your grocer.

Births: A son was born July 12, 1942, to Mr. and Mrs. Joe Thompson.

7-16-1942 Continued. Ershel Lroy, who has served with the Civilian Technical Corps in England the past six months, has returned to the United States and enlisted for duty in the U.S. Army Quartermaster Corps. He went to Fort Sill, Okla., for induction.

Ollie F. Limer of Lubbock last week began duties as assistant Hale County Agent. He formerly was vocational agriculture teacher in the Post High School.

Marriage rites were read Tuesday, July 7, 1942, in Roswell, N.M., for Miss Clyde Willis and Lieutenant J.D. Webb, both of Abernathy. She is a daughter of

Mrs. Elsie Willis and he is a son of Mr. and Mrs. John D. Webb, all of Abernathy. J.D. received the silver wings and gold bars of a flying officer early this month at Lubbock Army Flying School (now Reese). He will remain there as an instructor.

S/Sgt. Shelton Hardin, who is stationed at Camp Blanding, Florida, is on maneuvers at Dilworth, N.C. Lewis Embry, stationed at Sheppard Field, Wichita Falls, visited here with his parents, Mr. and Mrs. W.E. Embry.

Edwin Crow has been transferred from Camp Crowder, Mo., to Keystone Institute at Pittsburg, Penn.

The Abernathy Weekly Review received letters from the following Men in the Armed Forces: Pvt. J.H. Webb, U.S. Army Air Corps, Philadelphia, Penn.; Pvt. John W. Webb, Brookley Field, Alabama; Sgt. Wesley Hazle, U.S. Air Corps, Oakland, Calif.; Merle Ragland, Lowery Field, Colo.; Felmet J. Watts, Lubbock Army Flying School; Cpl. Travis E. Lutrick, Delworth, N.C., and A/C Robert Delton Richerson, who, at that time (1942) was in pre-flight training (Pilot) in San Antonio.

Elmer Daugherty was on U.S. Army duty in Ireland. Lt. Robert Nunn and his family of El Paso visited his parents, Mr. and Mrs. Jim Nunn.

From The Abernathy Weekly Review dated September 3, 1942:

A box supper was held at Lakeview to promote the sale of War Bonds.

Mrs. Mitch Thomas, Clyde Thomas and family of Fort Worth and Vance Thomas of Rockford, Illinois, visited here.

W.V. Cunningham, manager of J.J. Caudle Gin, and H.H. Anderson, manager of Abernathy Farmers Co-op Gin, attended a ginners meeting in Lubbock.

Mary Lucy Settle was teaching in Cotton Center High School, and Merrill Nystle was teaching in Littlefield High School.

Mr. and Mrs. J.B. Welch and children of Benjamin visited in the home of her parents, Mr. and Mrs. O. Rutledge.

Blanche Zeman was teaching in Lubbock Senior High School.

Mrs. Virgil Zeman visited her serviceman husband in Seattle, Wash.

Home Garrison of Hart was a visitor in the Isaac Holmes Home.

Abernathy V.O. Ag. boys named two to serve as FFA Sweethearts for the 1942-43 school year. They were Lois Ann Woodriddle and Nita Beth Lutrick.

Births: A son was born Sept. 1, 1942, to Mr. and Mrs. J.R. West of the Monroe community.

Struve's Trip Continues

By Arno Struve

I have mentioned the "mud city" near Turfan that is quite an extensive relic of a once great city. Also near Turfan are the Buddha caves that were impressive in the indication of their great numbers and their artistic detail inside. It was previously mentioned that the Moslems defaced the Buddha figures when they conquered the country. Also European "diggers" have "stolen" some of the best examples of the Buddhas and taken them to their museums in the Western Countries. They are now guarded.

There are huge Buddha figures in the hand dug caves near Datong which have at least escaped human vandals because of their isolation. Because of the dryness of the climate and the stability of the geologic formations, they are largely intact. Once brightly colored, the figures retain some coloration, some better than others.

In the mountains there were holes dug into the hillsides. They were in level rows and very close together. The guides couldn't tell us that these had been human habitations, but we judged that they had been at one time. These were in the very dry parts of the country and very extensive in number.

Not to be classed as archeological but more as historical, were such things as the Great Wall, old temples and monasteries, old parts of cities, "dragon screens" and such.

A dragon screen is a large wall, strictly decorative, one side of which is covered with ceramic tile figures of the mythical dragons dreamed up by the artists. They are "tree standing" a straight line and encompass nothing.

Sgt. Joe Barton was on duty in England.

Local men receive promotions in the Armed Forces: Gorman Webb, son of Mr. and Mrs. John D. Webb, who is with the U.S. Marines somewhere in the Pacific, was promoted to the rank of captain. L.J. Land, Camp White, Oregon, to staff sgt. J.W. Brooks, Mather Field, Calif., to staff Sgt. Travis Lutrick, Camp Edwards, Mass., to sergeant Charles Reeder, also at Camp Edwards, Mass., to corporal Earnest Langley, Camp Carson, Colo., to private first class.

Cpl. Douglas E. Stokes of Camp Haan, Calif., visited his parents, Mr. and Mrs. L.J. Stokes. He was en route to Fort Benning, Ga., where he will enter officer training school. Douglas is a graduate of New Deal High School.

They are as much as 15 or 20 feet high and over a hundred feet in length and sometimes perhaps ten feet thick.

Decoration in a grand manner. The use of the dragon motif was reserved for the emperors and other royalty.

And the other royalty was probably limited to princes of the realm. No one else dared use the dragon-theme on pain of death.

Other mythical creatures are used to ward off evil spirits. These are placed on the eaves of buildings near the corners. There is no limit to the imagination exhibited by these "critters".

Mountain terraces. It was an experience with considerable impact to see the terraces in the mountains. The loess composition of the mountains makes it possible for the terraces to extend right up to the mountain ridges and peaks with the peaks flattened to accommodate fields and the terraces extending right down to the edge of the water courses.

As we approached Xian there were ten of thousands of these terraces so extensive that I couldn't believe my eyes. Our mountains are too rocky for this to be possible. We had seen many terraces in the Andes of South America but so limited by comparison that they wouldn't "count". And the soil on the Andean terraces had to be carried up hill by hand and on lamas and put into place after the stones had been places to hold the soil.

In the dryer parts of China, the terraces were only within the valleys where run-off could be directed into the fields, but every inch possible in these places was put to such use. We saw green fields in areas that looked like there could never be any runoff.

Toilets. It may be repetitious to bring up this subject in a separate article, but the situation vis-a-vis this important element of human life is so different from ours that it may deserve separate treatment.

The sophisticated equipment for this purpose is a receptacle which has its top rim at floor level. I will let you imagine what it takes to use it. It flushes as our commodes do, but it is far from comfortable to use. A westerner's knees are just not strong enough for the use of those to be without considerable pain. And there are NO bars or handholds to assist.

Now to consider a country toilet. You wouldn't believe! It usually consists of only a trench in the earth sometimes lined by adobe-type material. The walls around such an installation may only be about four feet high and there will be no roof on the structure. The walls may be straw matting or of adobe.

That's enough! Struve's Trip To Conclude next week.

TRANSITION

Patricio M. Cruz, Sr.

Rosary for Patricio M. Cruz Sr., 65, of 2816 First Place, was recited at 7 p.m. December 30 in Henderson-Singleton Chapel. Mass was celebrated at 2 p.m. Thursday in Our Lady of Grace Catholic Church.

Burial was in City of Lubbock Cemetery under direction of Henderson-Singleton Funeral Home.

Cruz died at 10:20 a.m. Tuesday in West Texas Hospital after a lengthy illness.

He was a native of San Antonio and was a retired farmer. He moved to Lubbock 15 years ago.

He was a Catholic.

Survivors include his wife, Juanita, four sons, Thomas of Houston, and Fernando, Robert and Albert, all of Lubbock; six daughters, Juanita Gonzales, Yolanda Guerrero, Dolores Vargas, Alice Lucio and Antonia, all of Lubbock, and Sylvia Ortiz of Abernathy; four sisters, Connie Nantz, Blasca Guerra and Paz Rodriguez, all of San Antonio, and Ines Villarreal of El Couch; 32 grandchildren; and two great-grandchildren.

DIVISION C CHAMPS in the under 10 girl's soccer division are pictured above. During the season, they scored a total of 57 points and only had 4 points scored against them. Members of the "Wings" soccer team are: from left to right, top row, Erma Cooper, Coach Hilda Ponce, Charis Ater, Shanni Waters, Marci Ryan, Stephanie Gainer, Holly Murray, Coach Karen Davis and Ashley Kester. On the bottom row, from left to right, is Eva Dominguez, Dollie Cooper, Janie Veccio, Kim Kemp, Kristi Galloway, Cristye Marez, and not present for the picture was Shannon Peeples. Wings remained undefeated throughout the season.

DIVISION C CHAMPS in the under 8 girl's soccer division was the "Babes". Pictured on the top row, from left to right, Coach Hilda Ponce, Micha Riley, Prim Ryan, Sunshine Shadden, Kendall Teeter, Elise Prather, Kristi Robinson, Kara Davis and Coach Karen Davis. On the bottom row, from left to right, Tonya Myatt, LaShae Martin, Tory Evans, Crystal Ponce, Holly Davis, Deena Moralez, Angie Ater and not pictured is Tana Cox. The Babes played a total of 10 games and were tied for first place. In the play off game, they defeated the Angels 2-0 to win their division. Coach Davis praised both soccer teams for their drive and determination. She is also thankful for the support given to the coaches and the team throughout the season.
