## Abernathy UIL Team Wins First Place At Regional

The Abernathy UIL Literary Team won first place at the Regional Literary Meet held at Texas Tech Saturday. Five students will advance to the State Meet to be held in Austin on the University of Texas campus Saturday, May 1.

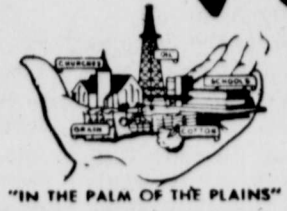

Abernathy students scored more points than any other school in this region with 55 to win first place. Sonora was second with 50 points and Kermit third also with 50.

Abernathy qualified for state in six events, Sonora qualified in five events and Kermit qualified in four events. Abernathy is sending more qualifiers to state than any other school in this region.

Individually, Jay Harrison placed second in Number Sense, third in Science and second in Calculator Applications. Harrison set a school record as being the first person to go to state in three literary events the same year.

## Abernathy Salutes Citizens At Banquet

BY MARIE HARRIS  
HERALD REGIONAL EDITOR

Since its inception in 1909, Abernathy has been "A Good Place to Live."

To celebrate this theme, approximately 250 of its residents and guests gathered Thursday night in Abernathy Community Center for the annual Chamber of Commerce banquet, honored selected local citizens and applauded Congressman Kent Hance when he said, "Hang in there, farmers, and fight because we are going to continue to fight for you in Washington."

"From the time I moved to Abernathy Nov. 4, 1939, I have never wanted to live any other place," said Mrs. Ralph Edward Davis, who was presented the Citizen of the Year

plaque by Evaughn Hackler, last year's winner.

L.G. and Jan Montgomery and children were named Farm Family of the Year. "We moved to Abernathy because it had good schools and we wanted our children in a small, farming community and we found the right one," said Mrs. Montgomery.

"All I can say is behind every man is a good woman," commented Montgomery after he and his wife were given the award by Harvey Lutrick.

The Former Hazel Aileen (Myrna) Gough and Davis were married in 1939, the year they came to Abernathy, and became parents of three daughters, Pat, Peg and Pam. Mrs. Davis took the responsibility of her family, helping her husband on the farm and caring for two foster daughters, and later her mother and now her sister. There is also a 7-month-old grandson, Kenneth Edward, and an 18-year-old foster grandson, John Mark.

While working outside the home, Mrs. Davis was employed by a dress shop and Struve's Dry Goods as a sales woman. But most of her time was spent at home, sharing her talent in the First Baptist Church where she is an active member, teaching an adult Sunday School Class and working in the local, associational and state levels. She has served as Associational WMU president, chairman of the state nominating committee, led many conferences, given book reviews and supported missions. Mrs. Davis opened her home to state officers who came to this area for workshops.

Mrs. Davis acted as foster mother to many Wayland Baptist University foreign students - she fed, clothed, and doctored them, counseled with them and entertained them. The Wayland

## ON THE COUNTY LINE

BY KEITH TOOLEY

**BE SURE TO READ** the story Beth Evans brought in about the two emergency farm meetings held at Lubbock and Amarillo. She attended the Lubbock meeting and reported what Hance, White and Meek had to say about agricultural problems and solutions to the problems. The story is in this edition of the Review and is entitled "Farm Emergency Meetings Held At Amarillo and Lubbock".

**THE GIRL SCOUTS** surprised me the other day by bringing me a strawberry plant in a decorated pot and some chocolate candy. It was a thoughtful gesture and the girl scouts way of saying that they appreciate the support of local businesses and individuals. Their service to the community is also appreciated.

**HEREFORD** might be the site for a nuclear waste disposal facility as test holes have revealed that desired salt formations for storage of nuclear wastes are present 2 to 3 thousand feet underground.

The drilling is taking place about six miles northeast of Hereford, as well as several other areas across the panhandle.

A DOE (Department of Energy) spokesman stated that the Hereford test site looks promising for the storage of radioactive material.

"If this proves to be true, and a nuclear disposal facility is installed near Hereford, it would not be functional until the year 2,000," the spokesman said.

This will give Hereford 18 years to fight the federal government before nuclear wastes are dumped on them.

**THE SENIOR PLAY** will be held May 4th instead of April 30th because of a conflict with the State UIL Literary Meet date. Even though the tickets for the play are stamped April 30, they will be honored May 4. The date was changed because members of the play cast will be at the State UIL Meet April 30.

**HAVING PLENTY OF WATER** is prosperity and the people of Petersburg probably realize this much more than most communities in the panhandle.

Since their City's fifth water well stopped operating in the summer of 1980, city residents have been restricted to watering yards on alternate days during periods of high use.

Petersburg was recently granted a \$325 thousand loan from the Water Development Fund to provide for reconditioning of an existing well and construction of related facilities.

This should insure Petersburg water for the next 10 years.

New Deal has also been faced with water shortages in the past. Just last summer the fire department ran out of water while fighting a fire.

Hopefully, Abernathy will not have any water shortages in the near future. City Manager Rod Ellis stated that we probably have enough water to supply the needs of the people of Abernathy for the next 20 years.

Presently the City operates four wells. On the average, 500 thousand gallons of water are pumped each day for city residents to use. Rod also told me that if there was a need, the city could pump three million gallons of water a day. Sounds pretty good for now...

He also competed in the state meet in Calculator Applications last year.

Dee Ann Attebury placed second in Ready Writing. She competed at the state meet last year in Typing.

Others headed for state are Jon Mark Fulton for winning second in Editorial Writing and Barry Tilley for placing second in Feature Writing. Mandy Thompson placed fourth in Science and will go to state as the alternate.

Susan George was not far from going to state by placing fifth in Informative Speaking.

Abernathy sponsors for each event are as follows: Number Sense-Mrs. Hardin, Calculator Applications-Mrs. Kennedy, Science-Mrs. Newton, Editorial and Feature Writing-Miss Carter and Ready Writing-Mrs. LeMoine.

## Cunningham Places 12th In Master Division Of Boston Marathon

Bobby Cunningham placed 12th in the master division (over 40 years of age) at the Boston Marathon this past weekend.

Overall, Cunningham placed 249th out of 7,600 runners in the marathon. He ran the 26 mile race in 2 hours, 33 minutes and 39 seconds.

He had trouble again this year at the starting line. Last year Cunningham was knocked down near the starting line. This year a runner stepped on the back of his tennis shoe. "The only way I could get my shoe back on was to fight my way to the stands where the crowd was sitting," Cunningham said. "I was delayed several minutes by the

time I got my shoe on," he added. Cunningham also had to fight the 70 degree heat and humidity. "I was running the best I ever had for the first 18 miles when the humidity and heat got to me," Cunningham said. "I feel sure I could have finished in the top ten if the heat hadn't got to me at that time." He added.

Cunningham could be classified as one of the top runners in the nation and 12th in the over 40 division.

A welcoming committee was at the Lubbock Airport Tuesday to greet Bobby. The party of about 15 people were the first to congratulate Cunningham on his accomplishment.

## Local Cancer Crusade Saturday

The local American Cancer Society Crusade will be April 24. The purpose of the Cancer Crusade is two-fold. Fund raising is important, but so is the prevention and early detection of cancer.

Friends and neighbors will be called on with life-saving messages, and will be urged to give as much as they can to advance the fight against cancer.

Richard DuBose will head the busi-

ness drive and Heilda Cannon will direct the residential drive. The Future Homemakers will also assist.

Those who have not been personally contacted and would like to help, should come to the First Baptist Church Fellowship Hall Sunday, April 24 at 2:00 p.m.

Cancer Can Be Beaten with your help. Call Heilda Cannon for more information at 298-2634.

## Lions Sponsor MS Golf Tourney

The Abernathy Lions Club will sponsor a golf tournament for Multiple Sclerosis to be held at the Abernathy Country Club Saturday, May 8 at 8:30 a.m.

All proceeds from the tournament will go to Multiple Sclerosis. Last year the tourney raised \$900 for this cause.

Prizes, donated by businesses and individuals, will be awarded to winners and participants. The prizes that aren't given will be auctioned off following the tournament.

## All-Sports Banquet Saturday

The All-Sports Banquet will be held in the Abernathy High School Cafeteria Saturday, April 24, at 7:00 p.m. However, everyone attending the ban-

quet should assemble in the high school auditorium prior to the banquet.

A western theme, using decorations of native shrubbery, is being used for the 1982 banquet, and a barbecue meal will be served, catered by Smokey's of Plainview.

Tickets for the banquet will go on sale Wednesday, April 21, in the office of the high school principal, and can be purchased for \$5.00 each.

## Class 1967 Reunion

There will be a meeting for all 1967 exes Tuesday, April 27 at 7:30 p.m. at the 924 Steak House to make plans for their 15th year reunion. All ex-students are encouraged to come.

## Booster Club

There will be an important meeting of the Booster Club April 22 at 7:30 p.m. in the Gold Auditorium.

This will be a meeting to elect officers. Everyone should try to attend.

Change Is Not Automatic  
It amazes me to see how naive most of us believers

can be at times. We see a person come to know Christ, and almost immediately we expect him or her to walk maturely in the Lord. Why? Because of the popular false assumption that when a person becomes a Christian, "change is automatic."

Well let me go on the record to say that is one of the biggest lies fabricated. Change is not automatic, and to promote that thinking or to demand it from someone, is simply creating a foundation for future pains, tears, heartaches, and confusion.

Jesus understood this; that is why in Jn. 8:32 He told the Jews who had come to believe in Him, "you shall know the truth, and the truth shall set you free." Notice that the word shall is in the future tense, which in the context indicates a slow, revealing process. You see, Jesus realized these Jews had spent years cultivating bad habits, and it was going to take time for them to grasp new truth, before they could incorporate it into their lives.

Someone once said this, "Kindly be patient with me, for God isn't finished with me yet." I think that is sound advice. Therefore let us be diligent to be patient with new believers remembering that this was the attitude that Jesus demonstrated toward them, for He knew better than anyone that "change is not automatic."

## Bell-McCall Wedding Vows Exchanged

Stephanie Don Bell and William Lee McCall exchanged wedding vows Saturday evening, April 10 in a candlelight ceremony at Hale Center First United Methodist Church. Reverend Jack Webb officiated.

The bride is the daughter of Mrs. M. Charles Evans of Hale Center and W. Don Bell of Lubbock. She is a graduate of Muleshoe High School and is presently attending Odessa College. She is also employed at Cummins Sales and Service in Odessa.

Parents of the groom are Mr. and Mrs. Vernon D. McCall of Odessa. He is a graduate of Permian High School in Odessa and Texas State Technical Institute in Amarillo. He is presently employed by Sewell Ford of Odessa.

Vows were pledged before an altar decorated with greenery. Two spiral Candelabras, trimmed with english ivy and ivory candles, were near the fern decorated communion rail. A unity candle was lit by the couple symbolizing the two

becoming one in marriage. Organ selections for the ceremony were provided by Mr. Earl Miller, head of the Music Department of Wayland Baptist University in Plainview.

Escorted to the altar by her father, the bride wore a magnificent gown of ivory organza lavishly trimmed with chantilly lace, formed into a ruffle which extended from the center of the bodice up around the neckline. Tiny sequins were featured around the neckline ruffle, on the bodice, and over the lace applique that circled the wide bands of chantilly lace, also embroidered with sequins.

The sleeves ended with fitted lace cuffs coming to a scalloped point over the hands. The full skirt featured five tiers in front, each bordered in chantilly lace, and an all-over lace overskirt circled the entire dress, starting at the side fronts, and the overskirt was also bordered in a wide lace ruffle. The back of the dress featured covered buttons extending from the neckline down below the waist. The skirt of organza and lace swept into a full chapel train.

Her fingertip veil of illusion, was gathered to a cap covered with chantilly lace. The cap was enhanced by embroidered seed pearls. A second tier of illusion was shoulder length and, both it and the fingertip veil, were bordered in wide chantilly lace to match her dress.

The bride carried a bouquet of white roses accented by peach colored daisies, english ivy and satin ribbons that coordinated with her ivory gown and veil.

For something borrowed and old, the bride wore her grandmother McGuire's wedding ring. For something blue, she wore the traditional garter. For good luck, she wore pennies in her shoe. Something new was a pearl necklace to go with her gown.

Lynett Newman, maid of honor from Muleshoe, wore a peach colored gown of chiffon and carried a chiffon covered umbrella of matching color. She wore a wristlet of daisies on her arm.

Bridesmaid Janie Phillips of Hearne was attired identically to the maid of honor and wore a similar wristlet of daisies. The flowergirl, Toni Evans cousin of the bride, wore a smaller ver-

sion of the attendants dresses and carried a wicker basket of flowers. She wore a velvet necklace and a pen that belonged to her great grandmother Stephens.

The best man was Dee McCall, brother of the groom. Groomsman was Jimmy McWilliams of Odessa.

The guests were seated by Mark Bell, brother of the bride, Creig Allsup of Lubbock and Creig Phillips of Hearne.

A reception immediately followed the ceremony in the fellowship hall of the church. Guests were registered by Rheta McGuire and Wanda Allsup. Reception attendants were: Mrs. Ronnie Pillans, Sherry Evans, Toni Richardson, Sharon McWilliams and Janet Oguto.

The bride's table was laid with a floor length white cloth with white lace. It featured the three-tiered wedding cake decorated with peach colored rose buds and topped with wed-

ding bells. An antique punch bowl belonging to her grandmother McGuire was used for the punch. The bride's bouquet was the centerpiece.

A brown cloth with an ivory lace overlay covered the groom's table. Hors d'oruvres were presented at the groom's table and were served from silver appointments.

The house party consisted of Mr. and Mrs. Randy Evans of Abernathy, Mr. and Mrs. Bob Lotspeich of Hale Center, Mrs. Johnnie Richardson of Littlefield and the bride's step grandmother and grandfather of Abernathy coordinated the reception.

A rehearsal dinner, hosted by the groom's parents, was held at the 924 Steak House in Abernathy. Tables were decorated with arrangements of peach silk flowers. Attendees were presented with gifts at the dinner.

After a wedding trip to Amarillo, the couple will reside in Odessa.

## Cobb Honored With Shower

Miss Dee Ann Cobb, bride elect of Gary Reed, was honored with a bridal shower Saturday in the home of Mrs. J.W. (Dub) Smith.

The honored guests were Mrs. Clois Cobb, Jr., mother of the honoree and Mrs. Clois Cobb, Sr., grandmother, of Vernon, Mrs. Carlos Reed, mother of the prospective groom and Mrs. O.W. Bebee, grandmother, of Lubbock.

The serving table was decorated in the bride's colors of white and orchid.

Approximately 50 guests were received between the

hours of 2:30 and 4:00 p.m.

The hostesses presented the honoree a 12 piece set of cookware.

The hostesses were: Mesdames: George Blackmon, Floyd Epperson, Don Green, Harry Tipton, Dale Jackson, Danny Rhodes, Dunk Williamson, Jack Williams, Babe Warren, Robert Chandler, Butch Perry, Roy Wayne Roberts, Harry Leonard, Charles Collins and Valerie, Kay Medlock, Julia Hohenberger, Dub Smith, and Larry House.

Miss Cobb and Mr. Reed

will be married May 22 at 8 p.m. in Shallowater at the First United Methodist Church.

**WORKING WIVES**, you are doing your husbands a "favor" in most cases. Recent studies on nearly

300 urban men ages 25-54 indicate that those with working wives seem to take life easier, in subtle ways, such as working fewer weekends and nights, says Linda McCormack, a family resource management specialist.

McCormack is on the home economics staff of the Texas Agricultural Extension Service, the Texas A&M University System.

## Shallowater Boys Little Dribblers End Season

The Boys Shallowater Dribblers ended their season this past week. Both teams played in the District Tournament at Cooper last week.

The 9-10 year old team played two games and was eliminated. The 11-12 year old team played four games before they were eliminated, and they came in fourth place.

Other teams participating in the tournament were New Deal, Abernathy, Olton, Cooper, Idalou and Crosbyton.

"We are very proud of both teams and their accomplishments. We wish to thank all the coaches and parents who gave their time and support during our season," stated Bob and Jane Blackburn.

## COTTON TODAY

A NATIONAL COTTON COUNCIL SERVICE

**JAPAN WILL COUNT COTTON CUSTOMERS:** The Japan Cotton Spinners Association plans to publish an annual statistical report similar to the National Cotton Council's "Cotton Courts Its Customers."

To be published in the fall of 1983, the first edition will include textile end-use data for 1982. Besides its obvious value to the Japanese textile industry in increasing cotton textile consumption in Japan, the report will be a useful guide to Cotton Council International's foreign market development efforts on behalf of U.S. cotton.

**EXPORTS REPORTED:**

U.S. cotton export shipments for the week ended April 1 totaled 144,900 running bales. This brought total shipments for the season to 4,241,000 bales. New 1981-82 sales of 37,000 bales were reported for the week and sales for 1982-83 were 16,800. Major buyers were Japan, 36,200 bales and South Korea, 9,900.

**COTTON STORY TOLD TO MILLIONS:** Maid of Cotton Jann Carl is receiving extensive consumer-oriented publicity coverage during her overseas tour to promote U.S. cotton exports.

Media coverage in Japan included a 30 minute appearance on a radio talk show and 30 minutes on a TV talk show with an estimated audience of four million in 29 cities throughout the nation.

Korean publicity included ten appearances on network radio and television news and feature programs with cumulative audiences of more than 32 million and stories in all major newspapers and leading magazines.

The Maid starred in two all-cotton fashion shows attending by more than 7,500 consumers and officials.

## Scouts Visit

### Reese AFB

Last Friday the Cub Scouts went to Reese AFB for a tour of the flight line and to fly the multi-million dollar T-38 simulator.

First the Scouts went to the cockpit mock-up to learn which buttons and switches to operate. Then each boy was able to make a takeoff and landing. Each of the Den Leaders and chaperons also had a simulator flight with full-three axis motion.

After the simulator, the scouts went to the flight line to get a close look at the airplanes.

The Cub-Scout Bake Sale was a great success and a special thanks goes to Tommy Sewell's Circle S and Jesse Hayes' Shallowater Supermarket for their support.

Anyone interested in joining the fun, phone 832-5008.

### Women Meet

The United Methodist Women met April 12 for a regular meeting. Members read Bible passages containing the word "youth".

The program for the evening was led by the youth of the church. Youth Director, Joey Bellar, was program leader.

The program was a "rap" session called, "What if..." Participants in this session were asked to reach into the inner self for deeper thoughts, beliefs and hidden values concerning religious ideals.

Eight members of the Methodist Youth were present and seven members of the Women's group. Mrs. B.H. Thomas, Jr., and Mrs. Robert Chandler served as hostesses.

The next regular meeting will be April 26 at 7:30 p.m. Mrs. V.T. Brady will be the program leader.

### This and That

By Helen Wade

Kristy Thompson has been invited to travel to Europe with Tracy Webb, a student at Fort Wayne, Indiana. Kristy left for Europe April 1st. She is a freshman in Abernathy High. The trip is sponsored by the American Institute for Foreign Study.

Oratorical Contest and first in the Lubbock contest which entitled her to a trip to Washington, D.C. She will be going to Washington in June.

Other Abernathians on the go were Mrs. Jan Hill and her son, Kelly. They traveled to South Africa. Mrs. Hill is a junior high English and History teacher.

Mrs. Hill and Kelly left March 6 and returned after a three week stay. They toured parts of Europe while away.

While in County Line last Friday I talked with Brother David Haladay and his daughter Tammy of Snyder. They were in County Line while Mrs. Haladay was in Lubbock for an eye appointment.

All over the nation students of foreign language classes have been selected to go to Europe, April 2 through April 11.

Some of the places that Kristy will visit are London, England; Amsterdam, Holland; Luxembourg; Paris and Champagne, France; and Bonn and Cologne, Germany.

Kristy is the daughter of Mr. and Mrs. Harold Gene Thompson of Abernathy.

Melissa Hagstrom placed first locally in the South Plains Cooperative

Brother Haladay is a former pastor of County Line Baptist Church.

Burford Conn and Marvin Floyd cooked up a batch of hot biscuits and gravy along with eggs and sausage for the Brotherhood Breakfast Saturday morning at County Line Baptist Church.

Sixteen men and two boys showed up to eat breakfast and to hear speaker Brother Danny Jackson, pastor of the church. Mike and Dan Wester were visitors.

Mr. and Mrs. Leslie Cox, of New Mexico, were visitors in the Noble Rice home Friday.

Robert Gough's garage at 407 Ave. H burned last week.

Mr. and Mrs. A.P. Amerson had as their guests Mr. and Mrs. Lynn Krug from Reedsburg, Wisconsin. Lynn and A.P. entered the service 40 years ago together.

Mrs. Amerson and Mrs.

Krug stayed together while the husbands were in the United States.

Lots of hard work went into decorating the Community Center for the Chamber of Commerce Banquet Thursday night. The theme of the Banquet was "Abernathy - A Good Place To Live". Several large posters were on display on the walls depicting the good friendly environment of the citizens of Abernathy and the many community projects.

The tables were also decorated with farm tractors and long runners of english ivy which provided a relaxed setting.

Kent Hance put everyone at ease and related some of his experiences as a lad in the Dimmitt Schools. One experience he had was losing his pig at a stock show and Ollie Liner was judging the animals.

If you missed the banquet, you missed a good program and meal.

Those going to Austin this past week-end for the wedding of Kerby Spruiell and Kathi Jones were: Mr. and Mrs. W.G. Spruiell, Mr. and Mrs. Lewis Patterson, Mr. and Mrs. Ernest Durrett and Beth Gist, all of Abernathy, and Mr. and Mrs. Herbert Strawn of Lamesa. Kerby is Mr. Strawn's grandson.

## Sunshine Group Meets

The Sunshine group met Thursday, April 15. This makes their 15th year of meetings. "During the last 15 years, there were very few meetings, if any as I recall that were called off," said Lillie Mae Shipman.

This has been a very dedicated group of people these past ten years. The meeting was called to order by President Floyd Shipman and Mrs. Toler gave the opening prayer.

There were 30 people present, a birthday song was sung to those who had a birthday since the last meeting.

Songs were led by the faithful song leader, Mrs. Dixie Pittman. Betty Reynard sang a beautiful special "He Touched Me". Betty has so many talents to share with the group.

Reverend Beck had charge of the program. Bro. Beck was a little late, but when he sang "One Day At A Time", it was worth the wait. One thing he spoke about was inspirational on "The goodness of being alive" and how God gives us a "purpose to be a living witness every day".

Brother Tommy sang, "Help Somebody" and "How Long Has it Been". Tommy says prayer is the most important thing to come from our hearts.

The group enjoyed

Brother Beck and they hope he will come again.

The meeting was dismissed by Brother Coggin and all went to the loaded tables of food and enjoyed the fellowship hour together.

Those present were: Lillie Mae Shipman, Floyd Shipman, Reita Smith, Addie Robertson, Oma Toler, HB Coggin, Blanche Coggin, Bernice Smith, Dixie Pittman, Minnie Northcutt, Dora Talbott, Furman Shipman, Lois Shipman, Katherine Dye, Bessie Waters, Cora Shuman, Allie Slater, Susie Anderson, Ethel Petty, Martha Phillips, Elsie Dunn, Flim Dunn, Merle Enger, Robert Lutrick, Betty Reynard, Maybell Glass, Elizabeth Harrison, Vera Pope, Bill Pope and Rev. Tommie Beck.

## Davis To Lead Fundraising Drive

Mrs. Jimmy Davis will lead Bellinger workers in a fundraising drive during May, Mental Health Month.

Mrs. Davis will be calling on others in the community to assist with the organization and working of the drive. All citizens are called upon to aid in this drive to benefit the fight against mental illness and for the improved care for the mentally ill.

"Proceeds will benefit the Mental Health Association in Texas, said Virginia Barlow, state President of the voluntary citizens' association.

As a non-governmental agency, the association can and does speak for the consumer -- the person who needs professional help for an emotional disturbance.

Mental illness is America's most costly health problem -- in excess of 40 billion dollars annually. More than two million Texans are affected by mental health illness!

The association offers literature to the public on a variety of topics including depression, stress, and positive mental health concepts. For free information, contact the Mental Health Association in Texas, 4600 Burnet Road, Austin, 78756, (512-459-6584).

## Chamber Banquet

Continued from page 1

Cosmopolitan Club, made up of foreign students mainly, had their annual banquet in her home three years in secession. There were students from Japan, China, Columbia, South America, Jamaica, Hawaii, Russia, Nigeria, Korea, France and other places. Her home was their home away from home. "Some of these students contributed to her angel collection," said Mrs. Hackler, in making her presentation. "To them she was and is an angel of mercy."

The citizen of the year supported the local school band by buying, as an individual, the most magazines for 20 years. For this she was given recognition by the Antelope Band.

She worked tirelessly as chairman of the Heart Fund Drive seven years, raising money by door-to-door collections, donations and charity basketball games.

Mrs. Davis and her husband were initiated into the Order of the Eastern Star in 1940 and she served as worthy matron in 1950-52 and in other elected and appointed offices. Through committees in OES she made contributions to the community Jaws of Life project and Resus-Annie for CPR training and to the emergency ambulance service. She also has been active in the OES Grand Chapter of Texas.

When someone is in need, Mrs. Davis is there with food. She is known for her fresh homemade bread and garden fresh vegetables. Mrs. Davis as a member of the 1935 Study Club is making contributions to the City-County Library.

Mrs. Montgomery, wife of the winning farm family, was born near Bedford and worked with livestock at an early age. When she was 10 she joined 4-H club and attended the short course at Texas A&M University. She won the State Make-It-With-Wool Contest and was entitled to go to the national contest in Chicago. A graduate of a Fort Worth high school in 1944, she received her bachelor of science degree in home economics from Texas Tech University in June 1948.

Her husband, born in Memphis, attended school at Pleasant Mount. The butcher at Pleasant Mount gave him a Jersey calf and this prized possession was given a ride home in the Montgomery car. The family moved to McLean to live and work on a ranch. Montgomery was a football star at McLean High School, going to regional his junior year. During the summer he made \$25 a week riding horses. He enrolled at West Texas State University where he had received a football scholarship; however, two weeks after school started he was drafted.

Beginning October 1944, Montgomery served in the U.S. Navy two and a half years as a cook aboard an LCI, in the Philippines, Hawaii and Japan. After his discharge in 1946 he attended Texas Tech where he met Jan. They were married July 2, 1948 in Bedford where they lived several years.

In 1956 the Montgomerys moved to Abernathy. They bought a quarter section of land and built a dairy, farming and dairying the next 10 years. In 1966 they bought another quarter section and phased out dairying but have farmed since that time.

Mrs. Montgomery started teaching in Abernathy Schools in 1960, teaching kindergarten, first and second grades, and in the primary level of special education program 11 years. She earned her master of education degree at Texas Tech in 1964, and has taught

CVAE homemaking in Abernathy Schools the past 10 years.

In 1971 the Montgomerys opened their hearts and home to a foster son from the Methodist Home in Waco and in 1974, his older brother moved to their home also.

Members of First United Methodist Church here since 1967, Mr. and Mrs. Montgomery have been active in Sunday School and have served in leadership roles on committees and boards. They have worked as 4-H leaders for the past 21 years. He has been an organizational leader and she has served as foods and clothing leader 15 years. Mrs. Montgomery has received the Silver Spur award for her 4-H work in Hale County.

Present to see the farm couple honored with their children, Richard and Sherry Montgomery of Farwell where he is vo-ag teacher; Martha and Neal Stark of New Deal where she teaches and he farms the Montgomery land; their foster sons, Doug Albrecht, a student at Sough Plains College in Levelland; and Doyle Albrecht, a senior in Abernathy High School. Unable to attend were their children Burt Montgomery, vo-ag teacher at Eastland and his wife; and Mrs. Mike (Susie) Breiting, county extension agent in Dalhart, and husband, Mike, who is with the Soil Conservation Service. Mrs. Montgomery's mother, Jessie Boyer of Graham, was present for the award ceremony.

U.S. Rep. Hance stated, "Now is a tough time for farmers. A recent farm sale was described as an all-day funeral. I want to stress that we are doing what we can trying to turn things

around. I share this belief—that if one thing doesn't work we will try another."

"It is important to our nation that we keep strong agriculturally", continued Hance. "Three weeks ago a farm crisis group was formed. We have won some battles and lost some. We are trying to get the USDA to do something and to get the White House to call a conference on agriculture."

"The farm bills for the past 20 years have not been for the farmer but a subsidy for the consumer. The consumer loses his best friend every time a farmer goes out of business," Hance added. "I pledge that we are dedicated to get a new farm bill and I think things will turn around in about 12 to 18 months."

Mayor Pete Thompson presented Hance with a proclamation declaring April 15, 1982 as Kent and Carole Hance Day in Abernathy and making them honorary citizens. Hance was introduced by Laurin Prather.

Y.F. Snodgrass was master of ceremonies for the banquet and the Rev. Tommie Beck, pastor of First United Methodist Church, gave the invocation. Charles Bowen, outgoing Chamber president, introduced out-of-town guests.

Joe Basil Loveless was presented a plaque for his work in securing the Jaws of Life for Abernathy. Musical entertainment was provided by The Country Cousins, a singing group composed of Jim Fulingim, Tony Gregory, Kim Porter, Jerry Willis, and Gayle Trowbridge, pianist.

Dr. John W. Hale, incoming president made a brief address.

## FFA Meat Judging Team Qualifies For State

The Abernathy FFA meat judging team qualified for the state contest by winning first place in the District meet and third at the area meet held at Texas Tech last Saturday.

Members of the meat judging team are Trey Stone, Mark Bell and Russell Shuey. They will compete in the state judging meet at College Station Saturday, April 24.

Also competing was Troy Wells, Gordon Havens and Alan Lester in Dairy Cattle Judging; Shad Kelley, Keith Lester and Shawn Knight in Dairy Products (this team was fourth in District); Ricky Powell, Kelley Hill and Mary O'Neil in Wool Judging (first at District); Carey McKinney, Cody Jones and Todd Pope in Cotton Judging (third at District).

FFA advisor Gerald Kelley will accompany the team to the state contest.

## Texas is almost \$2 billion richer, thanks to Bob Bullock.

Since BOB BULLOCK became Comptroller, state tax collections have increased from \$3.4 billion in 1975 to \$8.1 billion in 1981. Inflation and growth accounted for just over two-thirds of that. But almost one-third of the increase was due solely to BOB BULLOCK's efficiency and thoroughness in collecting every tax dollar legally due the state.

That's amounted to \$1.9 billion since '75, thanks to BOB BULLOCK.

## Texas Farmers To Plant Fewer Acres

Texas farmers intend to plant at least half a million fewer acres to crops this year.

"Farmers are cutting back because of current financial troubles and to be eligible for farm program benefits," points out Dr. Carl Anderson.

"They face poor income prospects due to low farm prices and continued high interest rates," notes Anderson, an economist in cotton marketing with the Texas Agricultural Extension Service, Texas A&M University System.

"Final plantings may be even lower as farmers make last-minute decisions regarding participation in the 82 acreage reduction program."

Cotton planting will likely be down more than a million acres to about 6.3 million this year. High costs of growing cotton and depressed market prices have combined to discourage planting cotton, says Anderson.

Plantings of barley, oats and rice are expected to be down only slightly.

On the other hand, farmers will likely increase grain sorghum plantings to 5 million acres, up from 4.8

million last year. Final plantings, however, may be less if a significant number of producers decide to comply with the 10 percent reduced acreage program for feedgrains, says the economist.

Texas farmers also plan to plant slightly more corn, soybeans, hay, peanuts, sugar beets and sunflowers.

Texas' winter wheat crop seeded last fall totals 8.2 million acres, up from 7.8 million a year ago. This is the largest wheat acreage ever seeded in Texas, says Anderson. The increase stems from fairly strong market expectations at planting time plus lower production costs when compared to cotton. Many farmers have shifted acreage from cotton to wheat.

"This year's decrease in planting intentions for total crop production clearly reflects the distressed financial condition that agricultural producers are facing," says Anderson. "Because many commodity prices are below the cost of production, farmers are cutting back."

"Along with reducing total plantings, many farmers are cutting back on such production inputs as ferti-

zer and irrigation water because of the high cost of credit and difficulty in projecting sufficient cash flow to cover borrowed capital.

This should lead to somewhat reduced food and fiber production in 1982 and eventually higher farm prices," say the economist.

## Gin Wastes Offer Potential

Reclaiming of cotton wastes from the gin's lint cleaner for use in nonwoven products offers a potential new source of profit for ginners and growers, Texas ginners were told at San Antonio

Cotton Incorporated official J.K. "Farmer" Jones told the annual convention of the Texas Independent Ginners Association about new equipment developed by Cotton Incorporated that can clean the gin wastes and make them suitable for new end uses.

Jones, vice president of agricultural research and producer liaison, suggested to the ginners that they collaborate on the development of a processing center for handling lint cleaner wastes.

"You can prepare this

material out in your own territory so that it is suitable for scouring and bleaching processes used by nonwoven manufacturers," Jones explained to the convention. He said the potential markets for the reclaimed lint cleaner waste include diapers, cosmetic wipes, sanitary napkins, surgical supplies, bedding, household and industrial wipes and filters.

"Currently, the nonwoven market consumes about 1.67 million bales of fiber annually, with about 830 thousand bales going into disposable nonwovens. Cotton only has about one-fifth of that market. We think this system can win us a major portion of that market," Jones said.

Jones explained that cur-

LUBBOCK, Friday, April 16, 1982

Word came to Plains Cotton Growers, Inc., Lubbock, from Washington April 14 that there would be no farmer-held reserve program for cotton in the foreseeable future.

"There has been no official announcement that reserve program proposals have been turned down by

recently most reclaimed lint cleaner wastes are sold in the spun-cotton market at a lower price than commodity cotton, replacing it for coarse yarn production.

That market fluctuates greatly, Jones said, "and our goal is to remove this discounted cotton from the spun-yarn market at a lower price than commodity cotton, replacing it for coarse yarn production."

That market fluctuates greatly, Jones said, "and our goal is to remove this discounted cotton from the spun-yarn market and go into nonwoven products, where we can develop a steady market that will get the gin a fairly stable price," he explained.

"That, in turn, will benefit the cotton producer," he added.

The key to the reclaiming of the wastes is new equipment developed by Cotton Incorporated and the John D. Hollingsworth Co. called the Cotton Master (TM).

"This is a superb piece of equipment that makes it possible to get cotton a lot cleaner than we previously

had been able to do," Jones said.

Jones told the ginners that Cotton Incorporated has been working with nonwoven manufacturers to make them familiar with lint cleaner wastes as a new fiber source for them.

"We are hoping that by the end of this year or by 1983, we will have this worked out where you can actually have contracts with these people from year to year supplying the basic fiber to them," he reported.

Jones said there is a potential of about 280 thousand bales of lint cleaner waste that could be reclaimed for use in the nonwoven market.

Currently, only about 130 thousand bales are being reclaimed and sold for spinning, with the rest disposed of as trash, he commented.

"Local producers and ginners can get together and purchase the proper equipment to clean this fiber, recover the long and short fiber fractions, and go into the nonwoven market with it," he explained.

U. S. Department of Agriculture officials," says PCG Executive Vice President Donald Johnson, adding that "Government agencies aren't prone to publicize negative decisions, so it is entirely possible that no such announcement will be forthcoming."

USDA reportedly analyzed three different reserve program possibilities and found all three unacceptable. Each would have allowed producers to enter cotton into a three-year reserve at different loan levels. All however would have required cotton to remain in the reserve until the market price rose to at least 75 cents per pound, four cents above the 1982 target price.

Loan rate entry levels said to be considered were at 120 percent of the 1982 base loan (68.5 cents), 112.5 percent of the loan (64.2 cents), and at 57.08 cents, the same as the 1982 base loan.

The initial outlay that would be required from the U. S. treasury and the danger of building burdensome cotton supplies, PCG was told, were the major reasons for the Department's refusal of reserve program requests.

The PCG Board of Directors voted March 11 to endorse "the concept" of a farmer-held cotton reserve program but deferred recommending special program details pending further developments. PCG for the past months has been pursuing the possibility of a reserve but no decision has been made, Johnson said, on PCG's future actions on the issue.

Gary Ivey of Ralls, PCG President, is encouraging High Plains farmers to give full cooperation to the Texas Crop and Livestock Reporting Service of Austin when it begins interviewing Texas farmers and ranchers in mid-May on 1982 crop acreage and mid-year livestock inventories.

Confidential interviews will be conducted through the mail or in person by field enumerators. Results, according to State Statistician Doug Murfield, will be published in June.

Murfield is urging farmers and ranchers to complete and return mail questionnaires promptly. All information will be combined for state and county estimates.

Murfield said estimates give Texas farmers and ranchers planning information for planting, breeding, feeding, storing, producing and marketing. "Without these reports most farmers would have to depend on trade and other sources for information on crop and livestock prospects," he explained.

## Farm Emergency Meetings Held At Amarillo And Lubbock

Emergency meetings concerning farm economics were held Monday, April 12 in Amarillo and Tuesday, April 13 in Lubbock Municipal Auditorium.

The Lubbock session was attended by 650 area farmers, businessmen and bankers. The purpose of the meetings was to inform interested parties as to what is happening in Washington that is affecting United States Agriculture and to band together to overcome the agriculture defeating process.

Speakers were U.S. Congressman Kent Hance, Richard White, Vice President of Martin Haley Company-Washington D.C. and Marvin Meek-National Chairman of the American Agriculture Movement and Plainview area farmer.

The following is some of what Congressman Hance had to say. "Since 1965, each farm bill has gotten worse, and we have less than 85 members in the Congress who are working for the farmer. Fighting the elements is easier than fighting the State Department, but there is light at the end of the tunnel-interest rates are coming down, Mid-West farmers are now seeing the need for set aside to raise farm prices, and labor and management are beginning to realize farmers are the backbone of our nation."

"The U.S. has only 2 percent of the world's population and only 2 percent of that 2 percent is feeding the world. In this area, each of you has from fifty to two hundred thousand dollars invested, or will have, in this year's crop."

"I am working on a new farm bill to help you protect it, and for a White House Conference in Agriculture", he said. "Help me help you by your interviewing political candidates and ask if they know about farming or if they will be willing to listen. Raise funds, as in contributing to the Political Action Committee (PAC), and support those candidates who will give us some attention. Numbers, people and dollars work."

"The ability to keep farming is by achieving parity prices and you need to contribute to this program, because The Arena is Congress-The vehicle is the law."

He ended his talk by stating, "The average farmer is the most educated economist of any people. Don't give up! I know it would be easy but don't you have too many years and too much money invested. If we loose on a new farm bill and a White House Conference, I am not giving up and don't you give up!" he added.

Richard White stated, "The American Agriculture Movement has hired my firm to lobby for you in Washington. We have the know-how and the experience and we will work for you. This money will not be wasted."

"Farm industries are not always interested in the producer."

He reminded the farm implement dealers and other businessmen, "You know how you have been hurt in the past two years because of the farm economy. Every town has lost business because of the farmers going broke. Put rural America on it's feet and you put the business on his feet."

"America stands or falls on it's farm productivity and the producer. You have as much stake in the economy of farming as the farmers themselves. Your livelihood depends on your cooperation with the farmers in raising funds to support candidates who will work with and for Agriculture". He added, "Farmers, your solution is in your elected officials and the businessmen who will work with you. Investigate candidates, find those who will work for you and support them. No amount of tractor-cades going to Washington will do as much good as our elected officials understanding and appreciating the farmers and the fundamentals of Agriculture."

In closing he stated, "We will be in Washington working with those who are working for you, but our

main job will be to educate and influence the remaining congressmen of the importance of the economy in rural America. We will do our job."

Marvin Meek said, "Unless you have farmed in the past two years, you only know there is a problem, but you don't know how bad the problem is. Even some farmers now don't fully understand how much they are hurting. Cotton parity is 8 percent less now than it was in the 1930's. It is the first time in history that the farmer will have a negative tax base. 1942 to 1952 the farmer received 100 percent parity. Under Carter, 63 percent and 48 percent under Reagan."

"How did we get to this point?" In 1972, Mr. Lyng and the Young Executive Committee decided that there were too many farmers and set about to destroy them. They said family farms were not needed-only 600 thousand "professionals" were needed."

"1973 was a good year, but if we were receiving parity prices we received in that year, cotton would be \$1.20 per lb. and soybeans would be \$26.00 per hundred."

"Last year our nation lost three thousand farmers per week. This year we are losing four to five thousand per week and agriculture is the key to the economics ills of our country. The farm debt is one trillion dollars, while the national debt is 5.8 or close to six trillion dollars. Each farm dollar turns over three times in it's own area and six times nationwide. If the government would let the farmer make a profit, we could pay off the national debt."

"One man, Pete Flanagan, sets the import and export prices for the U.S. and the world. He advises Mr. Reagan."

"Farmers consume over 40 percent of all manufactured goods. We have to have a set-aside for all farm acres, get high parity for our goods, stop the farm exodus-save the family farms."

"Thirty-two billion is being spent this year for war while at the same time we have the Soviet Union on food stamps, helping them out."

"If it is to be, it is up to us to do it", he said. "Let's elect officials who understand rural America and the economics by writing or otherwise informing all elected to the Congress, not just those in our districts," he advised.

Mr. Meek asked farmers to give a pledge of one dollar for each acre farmed to the Political Action Committee (PAC). He urged all businessmen to give all they could as this is their fight too. He stated that "\$20,000 was contributed by the 750 at the Amarillo meeting and that the grain farmers in Canada had also contributed making over 500 thousand total so far and he expected to accumulate three million by harvest time."

35,000 -- was given by the 650 who attended the Lubbock meeting."

Meek stated that he had spent four months each winter for the past several years in Washington, D.C. and made frequent trips back working with political people and understanding politics and he was convinced that the PAC was the only way now to go.

Both Hance and White praised Mr. Meek for his understanding of politics, how Washington functions and that we are fortunate to have a man of his expertise to work for the economy of this area.

If you wish to contribute or make a pledge send your check made to: AAM-PAC or your name and address, stating the amount of your pledge to: American Agriculture Movement, 100 Maryland Ave. N.E. Suite 500 A Box 69 Washington, D.C. 20002

If you are unable to give money-wise, but are concerned about your job or business and America's future, you can help in an extraordinary way by writing all representatives and senators, especially those representing the urban sectors, expressing your concern and wishes.

## Lakeview Philosopher

### Wants To Find A Country We Can Blame Our Sky-High Interest Rates On

Editor's note: The Lakeview Philosopher on his Johnson grass farm still has his mind on the economic situation, like nearly everybody else.

Dear editor: My theory has always been, when you've got a problem you can't handle, blame it on somebody or something else.

I have now found that my theory has spread to Europe.

According to an article I read last night, leaders in France, England, West Germany and other European countries are blaming their economic problems on the United States deficit.

"President Reagan's scheduled deficit of \$92 billion is the cause of high interest rates in the United States, and high interest rates there are causing economic disaster in Europe," the leaders announced.

I don't know if those European leaders can get by with telling their people that inflation and high interest rates there are caused by inflation and

high interest rates here, but if they can we've got just one course to pursue.

We've got to find some country some where we can blame our deficit on.

I understand there are about 200 countries in the world, give or take a few that may have emerged or gone under between the time I wrote this letter and you got it, and while there never has been a Secretary of State who could, offhand, recite the names of all 200, surely we've got experts or as a last resort investigative reporters or unemployed economists who can find at least one country with a proportionately higher deficit than ours. That's the one Washington ought to be looking for. Send out a search team, even if we've got to do it on borrowed money. What's a few dollars more in a deficit nobody can comprehend anyway?

Yours faithfully,  
J. A.

## Abernathy Joins Texas Municipal League In Fighting GTE Rate Increase

In testimony filed this week with the State Public Utility Commission, Texas Municipal League rates experts challenged the request of General Telephone Co. of the Southwest for a \$110 million rate hike.

The League's testimony was filed in advance of utility commission hearings, that begin April 15, on General Telephone's application for rate increases that would raise the monthly charges for some customers by as much as 71 percent.

The Municipal League's analysis concluded that General Telephone's request for \$110 million was far in excess of the amount justified to keep the company financially sound. The cities' study of the company's books indicated that General Telephone was legitimately entitled to a rate hike of just \$23.3 million-about 21 percent of the amount asked.

The increase recommend-

ed by TML would give General Telephone a rate of return of about 16 percent, compared to the 18 percent that the full amount requested by the company would provide.

TML also was critical of the company's proposal to charge far higher rates to some of its customers than those in neighboring exchanges. Under the company's plan, a given telephone customer could be charged nearly double what his neighbor pays, simply because of a slight difference in location.

Additionally, TML urged the utility commission to properly measure-and regulate-the profits that flow from General Telephone of the Southwest to its parent corporation, General Telephone & Electronics, in

Connecticut.

Under the rate application now pending before the commission, profits paid out of the pockets of Texas consumers would be passed along to the national headquarters of the company, with no benefit to in-state telephone users.

Earlier this year, in February, the Austin Court of Civil Appeals upheld contentions by Texas Municipal League lawyers that the amount of Texas-based profits channeled to General Telephone's national parent should be limited. The decision resulted in savings of \$10 million to General Telephone's Texas customers.

General's recent rate increase request, which was filed January 29, is its third in three years. In 1980, the company asked for a \$58

million increase and received \$31 million. In 1981, the company asked for \$45.3 million, but the utility commission approved just \$2 million.

The Texas Municipal League is representing 90 cities that are intervenors in the GTE rate case now before the state utility commission. Utility experts hired by the TML cities have scrutinized GTE's books to determine the proper balance between the company's justifiable revenue needs versus the needs of telephone customers for quality service at equitable rates.

Abernathy is participating in the GTE rate increase case. The City is spending \$450 as our share to pay for lawyers and consultants to fight the GTE request.

## 8th Tracksters Compete At Post And Plainview Relays

The 8th grade boys track team placed fourth at the Plainview Junior Relays April 8 at Plainview with 55 points.

The 400 meter relay team, Roy Ponce, Jamie Mansanales, Robert Goodman and Billy Cooper, placed fourth with a time of 48.65.

Jamie Mansanales placed fourth in the 110 meter high hurdles with a time of 17.66. Paul Lara threw the discus 112 feet 3 inches to win second place in the discus contest.

In the high jump, it was Jamie Mansanales winning fifth place with a jump of 5 feet 2 inches and Billy Cooper sixth jumping 5 feet 2 inches also.

Mansanales gave his best performance in the long jump placing first by jumping 18 feet 5 inches and Billy Cooper fourth, 17 feet 1 1/2 inches.

Billy Cooper's specialty was the 300 meter low hurdles placing first with a time of 42.82.

In the 1600 meter relay, Roy Ponce, Billy Cooper, Joseph Ruiz and Jamie

Mansanales placed fourth with a time of 3.55.51.

### Antelope Relays

The 8th grade boys also competed at the Antelope Relays held in Post March 13.

Roy Ponce placed sixth in the 100 meter dash with a time of 12.9. Jamie Mansanales was second in the 100 meter hurdles with a time of 16.9, first in the long jump-18 feet 3 inches, and third in the high jump-5 feet 4 inches.

Dan Evans was sixth in the 100 meter hurdles with a time of 19.2.

Billy Cooper won first place in the 300 meter low hurdles with a time of 43.7, fifth in the high jump-5 feet 2 inches, and third in the long jump-17 feet 4 inches.

Roy Ponce, Jamie Mansanales, Joseph Ruiz and Billy Cooper placed second in the 400 meter relay with a time of 49.7 and first in the 1600 meter relay with an excellent time of 3.59.5.

The 8th boys will compete at the District track meet in Tulia Friday, April 23.

## Boys Golfers Hold Second

The Abernathy Boy's Golf Team was holding second place at press time behind the Tulia golf team in District play. The first round was played at the Abernathy Country Club.

Tulia has the first round lead with 335 followed by Abernathy in second place

with 341. Local players Kelly Hill and Roger Ray scored low totals of 82 and 83 respectively. They ranked second and third in individual performance behind Tulia's Rance Malcom who shot 78. The second round was to be played Tuesday.

**Here are a lot of friendly people who may not understand the facts of business life!**

A lot of people, especially those who shop out of town, don't understand that local businesses need the support of local people and that local stores are really more valuable to our community than just having a convenient store to run to when you're in a hurry.

Of course the convenience is great, but a sound, local business community is good for our town. Local firms provide local jobs and pay local taxes. They help build a healthy financial base for our town and that benefits us all. So before you shop out of town, stop and think about your own town's businesses. When you shop out of town, you support someone else's town instead of our town.

### At General Telephone We're Not Simply Talking About Service Improvements We're Making Them In Abernathy

At General Telephone, better service isn't just a goal, it's a solid commitment. General Telephone spent over 354 million dollars in 1981 on capital expenditure projects (i.e. new electronic switches, expanded cable projects and modernization), and GTE will spend over 410 million dollars in 1982 to provide you the best telecommunications available.

For you, as a valued customer, this investment in service improvement is working as shown below. General Telephone is working hard to continually provide you with the best of service.

The Texas Public Utility Commission (PUC) has established certain standards in public hearings, and our service results are listed against those standards.

	Texas PUC Standards	Most Current Figure
% customer calls answered promptly business office/repair service	90	100
% service order commitments met as promised	90	100
* % local calls completed on 1st try	98	100

## LEGAL NOTICES

### NOTICE OF TAX EXEMPTIONS AND PRODUCTIVITY LAND VALUATION

A \$5,000 exemption from school taxes is available to all persons who owned and resided in their residence homesteads on Jan. 1 of this year. In addition, any person who is 65 years of age or older or who is disabled can be exempted an additional \$10,000 of market value for school tax purposes.

In 1982 only, homeowners who were 65 years of age or older on Jan. 1, 1979, and failed to receive their school district exemptions in 1979, may apply to have their school taxes frozen at the 1979 amount of application is made during the filing period of Jan. 1, 1982 through April 30, 1982. No refunds of taxes paid may be given for 1979, 1980 or 1981.

Persons owning farm or ranch land may, upon applying and meeting certain criteria, qualify to have their land valued according to its productive value instead of its market value.

Individuals who own implements of farming and ranching on Jan. 1, 1982 may upon proper application qualify for a partial exemption of those implements from taxation.

Disabled veterans who can show proof of disability, and make application, may be granted a partial exemption in the county, school and city jurisdiction in which the property is located.

All exemptions and productivity valuation applications must be applied for by April 30, 1982. Persons making a false application are subject to a fine and or imprisonment.

Applications and forms are available from the Hale County Appraisal District, 302 W. 8th, Plainview, or may write to the Hale County Appraisal District at Box 29 Plainview. Phone 293-4226.

**"A GLANCE AT THE PAST"**  
By Buford F. Davenport

This Is the Way It Was Over 45 Years Ago, According to The Abernathy Weekly Review dated September 17, 1936:

AHS Senior Class members were: W.D. Houpt, Edwin Tarver, W.E. Connell, Wayland Nelson, Ruby and Ruth Rollins, Howard Medlin, Preston Amerson, Rudolph Richter, Wilma Nunn, Billye McGaugh, Henry Davis, John Boren, Billy Albers, Curtis Webb, Lyndel Duncan, Glenn Reagan, Kathleen Carr, Lillie Lloyd Jackson, Helen Richter and Geneva Davenport (who was writing the school news at that time).

Among those from here planning to enter college for the fall semester were: J.D. and Gorman Webb, Hugo Richter, Imogene Cotton, Rachael Lindsey, Earl Crow, J.W. Harp, Oliver Jackson, Hubert Settle, Eula Embry, Dorothy Chapman, Alice and Wilma Adkisson, Clyde Benn and Elizabeth Sterrett, all going to Texas Tech; Madge Ragland, Gertrude Richter, Lazelle Williams and Theodora Price, to the College of Industrial Arts at Denton; Archie Nystel planned to go to Tom Brown College at Siloam Springs, Ark.; Florence Rhodes to Bethany-Penial College, Bethany, Okla.; Essie B. Waters, Irene Drew and Pete Matthews, enrolled at Wayland Baptist College, Plainview; Juanita and Beannah Ragland, to a college in Fort Worth; Ruthie Apperson to Draughtons Business College, Lubbock.

Marriage licenses were issued to: Russell M. McAnally of Abernathy and Elsie Smart of Petersburg; and to J.E. Caldwell and Martha Lynn Seay.

Jack Hackler, who was one of Abernathy's produce buyers in the 1930's, was buying cream for 30 cents, eggs for 22 cents per dozen, heavy hens for 11 cents per pound, light hens for 10 cents per pound, fryers for 11 cents per pound; hides for 4 cents per pound.

Two Oklahoma men bought the interests of R.M. and Wesley Hardesty in the Star Theatre in Abernathy.

Also theatre news in the 1917-1936 Review: Jack Hurst, owner of The Review and Hale Center American and the Ritz Theatre in Hale Center, announced plans for opening another theatre in

Abernathy, the Rita, which will occupy the Overton building on Main Street (where Newton Radio & TV main store currently is located) Contractor Homer Rantz remodeled the building for use as movie house.

Headline: Lubbock Prepares to Welcome Crowds to the 23rd Annual Fair. Fair Boosters to Visit Abernathy Tuesday Morning.

**BIRTHS:** Mr. and Mrs. D.L. Hall are parents of a son, John William, born August 24, 1936; Mr. and Mrs. J.M. Cain are parents of a son born Sept. 2, 1936; a daughter was born Sept. 8, 1936, to Mr. and Mrs. V.L. Haley.

Abernathy First Baptist called the Rev. C.C. Griffith to serve the church as pastor for the eighth consecutive year. (He had not responded one way or the other to the call when this issue, 9-17-36, was published.) The Rev. Mr. Griffith had finished a revival at Caldwell, southwest of Abernathy, and was to start a revival at College Heights Baptist Church in Plainview next week.

The Rev. O.B. Herring was pastor of Abernathy First Methodist Church.

J.D. Norman, manager of Higginbotham-Bartlett Co., was serving Abernathy as mayor.

Sunday School attendance for the Sunday prior to 9-17-1936: Baptist, 134; Methodist, 106; Church of Christ, 101; Church of the Nazarene, 74.

The year 1936 was a big one in Texas with the Centennial celebration in Dallas and the Frontier Centennial show in Fort Worth, "where the west begins". Many residents of this area attended the shows in the two cities. Abernathy received official recognition at F/W: "Mr. and Mrs. W.A. Richter and daughters, Gertrude and Billie Mae, attended the Fort Worth Frontier Centennial on Abernathy Day, Friday, Billie Mae was introduced from the stage of the Casa Manana as sponsor of Abernathy's delegation to the Frontier Centennial. W.A. Richter is secretary of Abernathy Chamber of Commerce. A news picture of the Richters appeared in the Fort Worth Star-Telegram Saturday."

There was an advertisement for the Tri State Fair in Amarillo, Sept. 21-26-1936. Featured was information about horse racing every day except Sunday. The ad said: "8 races daily, \$10,000.00 in purses, 400 fine horses. Post time 2 p.m. Legalized wagering." (1982 rumor: says Legalized gambling,

Las Vegas style, may return to Ruidoso. Also rumor: that a former high Texas State official has purchased an interest in one of the largest motels in the Ruidoso area.)

**Continued:** Members of the Hale County Federation of Women's Clubs are to be guests of Abernathy's 1935 Study Club when they meet in a quarterly session at First Baptist Church here Saturday afternoon.

Mrs. Homer Hunt and Mrs. Raymond West and children of Lubbock visited in the home of their parents, the George Appersons.

Mr. and Mrs. Julius Ebling and children of Tulsa and Mr. and Mrs. Alfred Ebling of Cotton Center were guests in the home of Mr. and Mrs. Ben Struve.

State Representative J. Doyle Settle of Lubbock visited here.

Mrs. John Coffman of Goree visited here in the home of her son, Ebb.

Mr. and Mrs. Fred Riley of Ruidoso, N.M. visited his mother, Mrs. K.O. Riley.

J.A. Dunn of Dunn, Texas, visited in the home of his sister, Mrs. C.S. Smith, and family.

J.A. Smith spent the weekend in Snyder.

The Rev. Otto Perry preached at the Lakeview Methodist Church Sunday.

Reita Smith visited relatives and friends in Hemleigh.

**Editor's Note:** The following letter was clipped from the Avalanche Journal. It was also printed in the Plainview Daily Herald.

**Abernathy Man Urges Voter Attention To Qualifications**  
Editor, Avalanche Journal:

We have all become somewhat cynical about our government at all levels. Like "Eddie" we get mad! But instead of becoming involved we reject the whole idea of "politics". Our democratic system is much too precious to let this happen.

The only basis for good democratic government is to have good people involved; Good candidates and good voters.

Every vote should be a serious vote, an informed vote. If a person is patriotic enough to stand for election we should do our part and learn as much as we can about the candidates qualifications.

This holds true logically as well as statewide and nationally. Qualifications and not emotions should be our guide.

Arno Struve,  
Abernathy

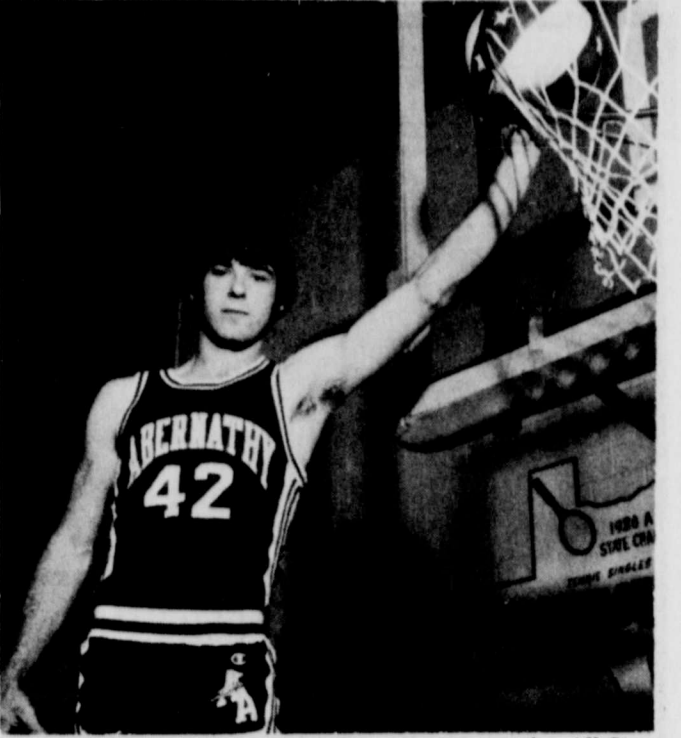

**Cannon Presented Sportsmanship Award**

Abernathy senior basketball player Rodney Cannon was presented the Sportsmanship Award after playing for the North All-Stars at the TASB All-Star game in Waco last week.

Cannon, a 6-3, 179 pound forward, paced the Antelopes to the District 3-A Crown and a first round birth in the regional tourney at Lubbock.

He averaged 20.7 points per game and 11 rebounds per game. He was selected to the All-District and All-

South Plains teams. Rodney is the son of Mr. and Mrs. Lonnie Cannon of 1615 Ave. H.

**Lovelace Named John Deere Implement Manager**

The new general manager and co-owner of Childress Implement Inc., a firm specializing in sales and service of John Deere farm equipment, is Gary Lovelace.

He and his wife, Kim, and three children moved to Childress from Clinton, Okla., where he was retail store manager for a farm

equipment dealership. Lovelace was reared in Abernathy, and has been involved in farming in that community for the past 12 years.

He said he chose Childress because "it is a good opportunity for agri-industry in this area."

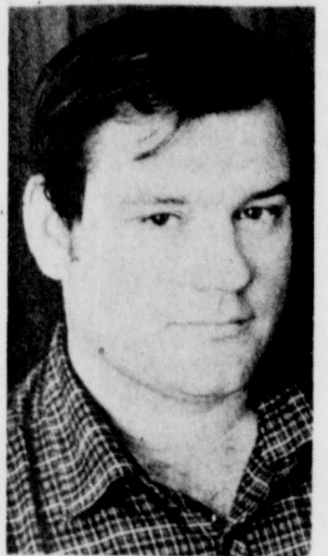

"Even with the farming economy as it is, Childress appears to be one of the more stable agricultural areas and the town seems agriculturally oriented," Lovelace added.

The Lovelace children are Joe Don, 9; Rindi, 7; and Kayla, 5.

Other owners of Childress Implement Inc. are Larry Womble of Amarillo and Jerry Hester of Memphis.

"We are a community oriented family and want to get involved," he said.

Other new employees are Howard Smith, foreman, formerly of Lubbock, who brings several years experience to the firm, and Gay Thorn, bookkeeper.

**What Others Say About State Representative FOSTER WHALEY**

Foster and his wife, Lois

"Foster Whaley has made an excellent representative for our district. I'm sure he fully realizes the people of this district love and respect his lovely wife, Lois, for her genuine devotion and help. We really do have two representatives for the price of one - a ticket on which Foster ran."
