"Farmers Speak Out" Program Slated For Tuesday

Policymakers in our nation's capital will hear the facts about conditions in agriculture directly from farmers who telephone them May 11 in a "Famers Speak Out" program.

Organized through the Agriculture Council of America (ACA) with a grant from Farmland Industries, Inc., farmers, ranchers, farm business operators and anyone else will have the opportunity to call lawmakers and other officials in Washington, D.C. on toll-free telephone lines.

S.W. (Dub) Royal, Leland Phillips, Ike Bennett and Ted Major, general

managers of the four local cooperatives in the Abernathy area, have indicated that fifty lines will be available from 9 a.m. to 9 p.m., CDT, so that anyone wanting to express an opinion on agricultural issues can call 1-800-368-5769

The purpose of the "Farmers Speak Out" program is to dramatize to the Washington audience the depth of farmers' and ranchers' difficultiesand, as importantly, to try to stimulate a broader discussion of feasible remedies. It is not an attack on the administration or anyone else, but rather an attempt to find solutions acceptable to a majority of the interests represented in our government. by discussing these too-long ignored problems with officials of all backgrounds--rural, suburban or urban.

The telephone lines will be set up in a room in the Cannon House Office Building where members of Congress, their aides, officials of the U.S. Department of Agriculture, officials of other Executive Branch departments and representatives of independent agencies with economic responsibilities will take the calls.

The "Farmers Speak Out" program will be a two-stage blitz. In addition to the telephone calls, there will be a written survey of farm opinion. This survey will measure the seriousness of conditions on U.S. farms and will ask farmers their views on actions they feel can be taken to improve the farm economy.

Farmers wanting to fill out a survey can stop by any one of the four local cooperatives in the Abernathy area and pick up a copy. (See advertisement elsewhere in this issue of the Review for further information.)

School Board Accepts Resignations, Insurance

The Abernathy School Board met for their May meeting Monday night at 8 p.m. and accepted three resignations and an insurance bid

Before the meeting, Lonnie and D'Ana Howard gave a presentation on 'Embryo Transfer In Beef Cattle" which they will present in competition later this month.

Twenty Junior High School student council members from the 6th, 7th and 8th grades were present to see how a school board meeting operates. They were accompanied by teachers Ginger Reedy and Lorine Billingsley. Seven other people were also present.

The board met in executive session and accepted the resignation of tennis coach Lowell Anderson, elementary teacher Irene Walker and high school English teacher Cynthia Robinson.

The board accepted 32 transfer students: 7 from Cotton Center, 18 from New Deal, 2 from Hale Center, 1 from Idalou and 4 from Petersburg. Many of these students are presently attending Abernathy Schools.

David Ratcliff gave a presentation and report on the Texas Assessment of Basic Skills (TABS) test. Ratcliff explained that students are tested in three main areas, reading writing and math. Students are tested in the third, fifth, ninth and tenth grades and now

even the eleventh and twelfth grades if necessary. The test has to be taken until it is mastered.

Last years test results revealed that Abernathy students were having the most trouble with mathematics, mainly finance and fraction type problems.

The board then set a public hearing for June 7 at the school board meeting for those who wish to see the results of this years TABS test.

The board approved a personnel evaluation form. These forms will be used to evaluate the performance of Abernathy teachers.

Enrollment is at 962 which is down from last month.

the board with Hubbard Insurance of **Burglaries Head Police** Keport

The April police report for Abernathy revealed that several burglaries

have taken place recently and a large number of arrests were made during the month, according to Police Chief Raymond Naron.

Burglaries

The largest burglary of the month took place at Joe Thompson Implement the weekend of April 17 and 18. In this burglary, equipment valued at \$2,040 was taken from the John Deere warehouse, Naron said.

The burglars entered the warehouse by ripping out a portion of the metal wall. After entering, they took 30-five gallon cans of hydrolic oil, 25 cases of John Deere Motor oil, one John Deere quick coupler and two AM-FM radios. All the equipment taken was valued at \$2,040, Naron said.

In another incident, \$800 in cash was taken from Buck's Cafe the night of April 26. The burglars also took a 22 pistol and eight cartons of cigarettes, Naron said.

The cigarette cartons were valued at \$56, the 22 pistol \$124 and with the \$800 in cash that was taken makes the burglary worth \$972, Naron said.

The burglars entered through a window on the north side of the cafe, Naron added.

In a third burglary, \$220 worth of cash and credit cards were taken from a purse owned by Mrs. Don Presley April 9. It was taken from their car parked at the Presley residence, at 1203 Ave. K, Naron said.

TREES AND SHRUBS being burned at the Abernathy Cemetery. 13 bushes and one tree were damaged after being ignited with flames from an unknown source. Due to such acts of vandalism in the cemetery, a group of concerned citizens have posted a \$100 reward for information leading to the arrest and conviction of the person or persons responsible. Anyone having any information on this incident should call the Hale County Sheriffs office.

SUNDAY IS MOTHERS DAY and needless to say, we would not be here without our mothers. Sunday, families will spend the day with their mothers showing them how much they appreciate them

It must certainly take a lot of understanding, love, and most of all patience to raise a child. I am grateful to my mother for always having these three qualities and she always expressed them, not to mention all the countless things that she does on a day to day basis

We can always count on our mothers to be there to listen, give good advice and share our experiences with us. It is this type of close relationship that

makes mothers special to us.

Be sure and give mom a hug this Sunday and tell her how much you appreciate her. Even a call on the phone or a letter might just make her

Texas Ag Sales Increase, **Farmer Profits Decrease**

1981 sales from Texas agricultural products are estimated at \$9.5 billion, up about a half billion dollars from the previous year. However, net profits of farmers and ranchers continued a downward trend.

Farmers are ranchers had a lot to sell in 1981 but they had less income due to low farm prices and rising production costs," points out Dr. Carl Anderson, an economics with the Texas Agricultural Extension Service, Texas A&M University Sys-

The 10-member committee, mandated by the 1981 farm law, is made up of two producers from each of the four major cotton producing areas, one merchant and one textile manufacturer.

Its recommendations, made after meeting a total of four days on two occasions, call for 1982 micronaire discounts to be based on August through February A loan value difference of from about \$1 to \$4.50 spot market quotations from the four markets that Memphis, Tennessee quote cotton stapling less than

Combining the average of spot quotations from these four markets with last year's loan discounts, PCG figures, would result in 1982 discount increases of from about 35 to 65 points. Should the Secretary decide to use spot market discounts quoted in all nine markets, the increases would be from 55 to 155 points.

The recommendation was coaxed out of the study committee by Southwest area producer representatives Lloyd Cline of Lamesa and L. C. Unfred of Tahoka after the committee had decisively rejected earlier proposals. Cline and Unfred maintained in the first two-day meeting that (1) only quotations from the Lubbock and Dallas markets should be used to fix loan program micronaire discounts, or (2) market

In view of the strong feeling against the Southwest's positions in the committee's first meeting, says Johnson, "Cline and Unfred are to be congratulated for having salvaged at least a partial victory for the producers of shorter staple, sometimes low micronaire cottons."

It is also important to keep in mind, Johnson notes, that the recommendation is only for the setting of 1982 program discounts. "Justice is still not being done for our cotton types and there will be other meetings of the committee in which the Southwest will continue the effort to correct existing inequities for 1983 and subsequent years."

Reports indicate that grade and staple discounts in the 1982 cotton loan schedule, as recommended by the committee, are almost certain to be based on an average of 1981 loan discounts and the average of quotations from all nine spot markets.

Sorghum Team Sees New Potential In Italian Poultry Industry

A change in consumer demand may open a new Italian market for grain sorghum. Italian housewives are asking for poultry with a very white fat. In fact, they are even willing to pay a little extra to get it. This is a reversal in buying choices. Until recently, the notion prevailed in Italy, as in many other parts of the world, that a healthy bird

must have yellow fat. "Just a few years ago, we were trying to convince Italian housewives that the color of the fat made absolutely no difference in the quality of the meat," said Elbert Harp, executive director of Grain Sorghum Producers Association. "We even had poultry nutritionists develop rations with additives to produce the yellow color in the fat of poultry."

Harp and Dr. Earl Gleaves, Poultry Specialist with the Nebraska Extension Service, were in Italy April 17-22 to meet with feed manufacturers and poultry and egg producers. The project was sponsored by U.S. Feed Grains Council and arranged through their director for Italy, Dr. Romano Graziani.

'We were able to tell the Italian poultry producers that they can have poultry rations as good, or better, than those they are now feeding if they will use grain

sorghum-and that it will produce birds with white fat," said Harp. "They are difinately interested in trying sorghum. We will need to help them set up trials for demonstrations.

The Italian poultry market is definitely one that is worth promoting, according

4-H'ers Compete In District Contests

Hale County 4-H'ers participated in the District 2 4-H Elimination Contests, held in Lubbock, Saturday, April 24, 1982. The contests were team events. Hale County 4-H was represented by Junior and Senior Rifle Teams along with Junior and Senior Livestock Judging Teams, according to Tom Conerly, county extension agent.

The Junior Livestock Team included Jim Bob Carver-Abernathy Jason Stroud, Jana Bontke, and Clifton Pinnell, all from Plainview 4-H Club. The Junior Team was 1st out of 15 teams in sheep judging. Jana Bontke was 1st high individual in sheep and Jason Stroud was 2nd high individual in sheep. Both

individuals had perfect scores. Jana Bontke was also 3rd high individual in swine judging and 3rd high overall.

The Senior Livestock Team consisted of Carla Bontke-Plainview William Hancock-Plainview 4-H, and Leslie Miller-Plainview 4-H. They all received participation ribbons.

The Junior Rifle Team included Shawn Burns-Petersburg 4-H, Tina Isbell-Petersburg 4-H, Jamey Laney-Hale Center 4-H, and Lee Logan-Hale Center 4-H.

"FARMERS SPEAK OUT"

Nationwide 12-Hour Farmers' Call-a-thon Scheduled For May 11

NATIONAL HEARING ON FARM ECONOMY

Farmers, ranchers, and other concerned citizens in the farm community and the general public will have an opportunity to talk directly to influential national policymakers about the current farm economic situation all day on Tuesday, May 11, 1982. Your call will be answered personally by a bipartisan panel, including members of Congress and top officials at the U.S. Department of Agriculture, the State Department, the President's Special Trade Office, the White House, and the Federal Reserve Board. You can reach them directly at the U.S. Capitol by dialing the Farmland toll-free number 800/368-5768 between 9 a.m. and 9 p.m CDT. If that line is busy, you can call the general public number, 800/368-5769.

You are encouraged to present your views in writing by filling out and returning a survey available at any one of the four local cooperatives in the Abernathy area, this preferably to be done after giving your answers by phone during this farmers' oversight hearing on the farm economy.

with farm debt rising and farm income at Depression Era levels, economic conditions for agriculture are severe. However, with farmers comprising less than 3 percent of the U.S. population, we cannot expect the magnitude of this problem to automatically attract Washington's attention. The goal of this oversight hearing is to make certain the voice of the American farmer is heard in our nation's capital at this critical time.

It is essential that Washington policymakers hear, firsthand, the FACTS about conditions facing farmers and ranchers and to understand producers' and farm business operators' views on possible SOUTIONS, So, it is very important to acquire, complete and return the written survey, whether or not you visit personally with a Washington policymaker by phone on May 11.

This program, coordinated nationally by the Agriculture Council of America (ACA), is made possible through a grant by Farmland Industries.

These people are getting a lot more than just good merchandise and low prices!

here are extra bonuses when you shop locally. Here are some things to think about before you go out of town to shop.

BONUS #1 Local businesses depend upon you for their livelihood and they really value your patronage. For this reason, they stock the kind of quality products that build customer satisfaction. If you are happy with the things you buy, they know you'll shop in their stores again.

BONUS #2 Local businesses are small enough to know you personally and that is what makes them "big enough" to serve you properly. You receive courteous, personal attention and you are never treated as "just another face in the crowd."

BONUS #3 Part of every dollar you spend locally benefits you and your community in the form of taxes paid to your town by these local businesses. Local firms also support local charities. When you shop out of town, you are supporting someone else's community...not your own. So before you go out shopping, think about these and the many other bonuses that are yours when you shop locally.

No need to roam...the best shopping's here at home!

Abernathy Public Library Holds Appreciation Dinner

The Abernathy City-County Library Board honored library volunteers with an appreciation luncheon Thursday, April 29, in the small meeting room at City Hall. 23 people attended the

dinner After an informal thank you speech by board president Dan Ward, a buffet, prepared by librarian Evaughn Hackler and board members Minnie Struve. Lelloine Waits, Frankie Mills, and Jacquelyn Smyers, was served.

The menu included chili-

cheese squares, tossed salad, seasoned bread sticks and a layered pudding des-

A huge basket of multicolor iris decorated the buffet table. Bright pastel tablecloths with matching napkins decorated the guest tables which were set with blue flowered china, pastel goblets, and heavy silver. Arrangements of fresh spring flowers and hand painted place cards completed the decor.

After the meal, Mrs. Hackler again thanked the

guests for the time they spent helping at the library and showed a film about library services. Both she and Ward stated that the Abernathy library could not possibly offer so many services were it not for the volunteers. They spend many hours cataloging books, showing films for children, arranging displays, typing, and checking books in and out.

Library volunteers and those who have supported the library with their time and efforts are listed as

follows: Rachael Webb, Ward, Vice-President, Min-Katherine Peters, Karen nie Struve, Secretary-Fran-Bradley, Wava Barrick, kie Mills, Chairman of Ser-Glenda McDonald, Doris Durrett, Donna Patton, Kristi Nelson, Terry Kitchens, Dean Huffaker, Lori Hackler Forbes, Becky Lutrick, May Lutrick, Nancy Schaap,

At General Telephone, better service isn't just a goal, it's a solid commitment. General Telephone spent over 354 million dollars in 1981 on capital expenditure projects (i.e. new electronic switches, expanded cable projects and modernization), and GTE will spend over 410 million dollars in 1982 to provide you the best telecommunications available.

For you, as a valued customer, this investment in service improvement is working as shown below. General Telephone is working hard to continually provide you with

The Texas Public Utility Commission (PUC) has established certain standards in public hearings, and our service results are listed against those standards.
