## Chamber Discusses Future Projects

The Abernathy Chamber of Commerce met Thursday morning at 7 a.m. to have breakfast and discuss several projects presently underway and future projects.

The invocation was given by Leland Phillips and the minutes of the previous meeting were reviewed.

The Community Brochure Committee, made up of Bill Elliott, Hoppy Toler, Betty Neve and Keith Tooley gave a report on the progress of the City brochure. The committee received a proof of the brochure, made some corrections in it, and will return it to the printer to have 750 copies printed.

The treasurer's report, given by Chris Waters, revealed that the Chamber has \$1041 cash on hand as of April 30. Also assets of \$1,132 in passbook and \$3,518 in C.D.'s as First Federal Savings and Loan. The Abernathy Cemetery Improvement Fund has \$438.

The Chamber fund raising committee suggested having bumper stickers

made that would say "Abernathy A Good Place To Live". Plastic Abernathy souvenir bags were also discussed as a future project.

Two new directors were selected to the Chamber of Commerce Board of Directors. Dale Thickston and Tony Gereau were selected to take the two positions open on the board.

A round of applause was given to Bobby Cunningham for placing so high at the Boston Marathon. Chamber President John Hale stated that Bobby represented Abernathy in an honorable fashion and helped to put us on the map.

The fourth of July celebration was then discussed. Five floats have already been signed up for the parade and several groups are working on class reunions. There was also talk of the possibility of a dance being sponsored by the mothers of the cheerleaders.

The Chamber is waiting on a deci-

sion from the Santa Fe Railroad Company to see if Abernathy will be given the railroad depot.

The Chamber discussed the possibility of using the depot as a museum if it is donated to Abernathy. If it is donated and moved to a new location, it will have to be moved at Abernathy's cost.

Chamber members are looking for suggestions from the public on where the depot could be located and how it could be utilized. By law, it must remain where it is for a period of one year, following the date it is abandoned.

Lindsey Webb, David Sharp and Ken Moreland prepared breakfast for the meeting. The breakfast committee for the June meeting will be John Hale, Henry Rieff and Arno Struve.

## Favorites Chosen

Class Favorites were chosen last week for each class in high school.

The Freshman Class favorites are: Chester Cooper and Norma Trevino. The Sophomore Class favorites are: Ed Teal and Stacey Kelley. The Junior Class favorites are: Allen Lester and Kellye DuBose and Senior favorites are Carry Smyers and John Ruiz.

ABERNATHY SCHOOL BOARD MEMBERS...On the front row, left to right, is Bud Rhodes, Richard Howard, Gale Davis and Laurin Prather. On the back row is Speck Cox, Robert Pope, Thomas Pettit and Superintendent Gid Adkisson. (Review Photo)

## Lions Golf Tourney Discussed At Meeting

The Lions Multiple Sclerosis Golf Tournament was held at the Abernathy Country Club Saturday and netted \$525 for this worthy cause. The tourney was discussed at the Lions Club meeting Tuesday at noon.

Prizes donated by businesses and individuals were awarded to all participants. Prizes that weren't given away were auctioned off for Multiple Sclerosis.

Also discussed at the meeting is the upcoming seniors lunch with the Lions Club. It will be held next Tuesday at the Community Center (large room) and musical entertainment will be provided by Jill Blalock.

Jill performed at the meeting Tuesday and everyone enjoyed the three songs she sang.

The Lions light bulb sale was a success and almost all the bulbs have been delivered.

## Girl Scout Day Camp Registration

Registration for Yate 'He girl scout day camp is still open for non-scouts.

Any girl, 7-13 years of age interested in attending Day Camp June 7-11, should contact business manager Jeanie Lloyd at 298-2774 by May 17.

## ON THE COUNTY LINE

BY: KEITH TOOLEY

U.S. REP. KENT HANCE recently introduced the "Farm Crisis Act of 1982" in an effort to help alleviate the depression facing American farmers.

The Farm Crisis Act calls for: A White House Conference on Agriculture; a nationwide referendum to be held in July on whether farmers will lay aside 15 percent of their crop land for conservation purposes; diversion payments for farmers already participating in the diversion program for a five percent further reduction in 1982; establishment of an export credit revolving fund; government-guaranteed loans for on-farm storage facilities; the release of \$600 million in Economic Emergency Loan Program monies; and directs the Secretary of Agriculture to expedite bartering of U.S. agricultural commodities for strategic materials.

According to Hance, the congressional budget office estimated that this program will save taxpayers \$89 million in the next four years over the current law.

Sounds like Hance is on the right track to solving some of the problems in small farming communities such as Abernathy.

Hopefully Hance will get the support necessary for this act to be adopted. It would surely be an improvement to the current agricultural situation, which, if you have talked to any farmers lately, is about as bad as it can get.

JILL BLALOCK sang for us at the Lions Club Tuesday and I think it was the first time I have ever heard her sing. I know it was, because if I had, I would have remembered it. She is extremely talented. If you haven't ever heard her sing, you have a chance to come to the Lions Club lunch for seniors next week and hear her. You can come as my guest.

PRESIDENT REAGAN proclaimed May 9-15 (this Week) as "Small Business Week" which is held annually to honor and recognize the contributions of America's small business men and women.

Abernathy has approximately 60 small businesses and could therefore be classified as a small business town.

It is these small businesses that provide all of the goods and services needed by the Abernathy public. Without them Abernathy would quickly deteriorate as many of the small farming communities have in the past.

Also, almost 50 million Americans work in small firms. Two out of every three new jobs are created by small firms.

On the local scene, all jobs are created and provided by small businesses. We could not do without them.

We can show our appreciation to our small local businesses by doing business with them. By spending our money in our town, we can help Abernathy grow and progress.

## Junior Olympics May 14 And 21

Abernathy Elementary students will participate in the preliminary portion of their track meet Friday, May 14 with the finals being held Friday, May 21. The meets will start at 12:30 both days.

Field events are chinning, softball throw and standing broadjump. Running events are shuttle relays, 60 yd. hurdles, 75 yd. dash, 50 yd. dash, 440 yd. run - walk and 440 yd. relay.

This annual event will feature children from grade 1 through 5, involving approximately 380 citizens of Abernathy.

There is no admission charge and everyone is invited to come on out and support the future leaders of Abernathy.

## Cheerleaders Elected

Varsity, Junior Varsity and Freshman cheerleader tryouts were held last week at Abernathy Schools.

Varsity cheerleaders elected for the 82-83 school year were seniors, Mendy Tennel and Susan Stone as Co-Head leaders, and Kellye DuBose. Juniors chosen were Jackie Riddell, Regina Powell and Terri Gist.

The Junior Varsity cheerleaders chosen were Beth Scott, Amy Pettit and Dinah Neve.

Freshman cheerleaders will be Sharon Thomason, Missy Johnson and Liz Lopez.

Junior High cheerleaders chosen were Sharmin Toler, 8th; Sandy Garcia, 8th; and Mikki Webb 8th. Seventh cheerleaders will be Lisa Pettit, Tricia Garcia and Tracy Pope.

## Another Wreck

The second wreck in two weeks occurred at the north overpass on I-27 running through New Deal. It occurred last week and was the second such crash at the site in two weeks.

The driver of the 18 wheeler was Jeffrey Brown, 23, of Texhoma, Oklahoma and was reported to be in satisfactory condition. His 19-year-old wife, Victoria, was reported critical at Lubbock General Hospital, where the couple was taken.

The truck crashed in the bottom of the overpass and the couple was thrown from the cab. The chassis, engine and cab were almost completely shattered.

## Ruiz And Irlbeck To Compete At State

John Ruiz and Cletus Irlbeck are competing at the State and Tennis Meet today and Friday.

John Ruiz won second in the 1600 meter run at Regional with a time of 4:30.5, which is another school record as he beat his own record by 7.6 tenths of a second. James Lee, of Boys Ranch, won first place with a time of 4:27.5.

Ruiz is also the first Abernathy track state qualifier since 1968. He will run in the 1600 meter run at Memorial Stadium in Austin Friday night.

Cletus Irlbeck won first place at the Regional tennis singles tournament held at the Tennis Center in Lubbock. In the first match, he easily defeated

a Fabians player 6-3, 6-0. He advanced to the quarterfinals and crushed a Perryton player 6-4, 6-1.

Irlbeck moved on to the semi-finals, his third match, and battled it out against Donnie Vogler of Abilene Wylie. Irlbeck was down 2-6, 3-4 in the second set before he made a dramatic come-back and won the second and third sets 6-4, 6-3.

In the finals he struggled by Darrell Hillaard of Denver City 6-4, 7-6 to win his second tough match of the day and the Regional singles championship.

He will play at the Intramural Courts on the Texas Campus at Austin Friday morning.

## Council Discusses Planning And Zoning

The Abernathy City Council met in their regular monthly meeting Monday night at 7:30 p.m. to discuss several important items of business, including City zoning and planning.

Mayor Pete Thompson called meeting to order and the Council approved the minutes of the previous meeting.

Hearing of visitors present was held and the Council recognized the presence of Jill Havens, Jeana McClellan, Bud Rhodes and Alan Fogg, an Avalanche Journal reporter.

Havens and McClellan were asked to

proceed with their business first. They asked that the Council consider their request to use the City square for a free concert Saturday, May 22. The religious group "Peacemaker" will perform and skits and testimonies will be shared with the public from youth who are members of the Wesley Foundation in Lubbock.

The program will be sponsored by college students in conjunction with local parents and churches and is a christian out-reach program. It will begin at 7 and end at 10:30 p.m.

The Council agreed that it would be all-right if the area was picked up following the concert and disorderly people are controlled during it. They

assured the Council that approximately 25 college age students will be on hand to clean-up and keep things in order.

### Planning And Zoning

Planning and zoning for the City of Abernathy was discussed. Bud Rhodes was on hand to offer his advice and knowledge of City zoning and planning, as he has been involved with local committees in the past set up to design a plan for Abernathy.

Rhodes stated that he would be interested in researching a planning and zoning project for Abernathy. The Council agreed to assist Rhodes by having special City Council meetings in the future on this subject. Rod Ellis will also work with Rhodes on this project.

### High School Dance

The Council approved a request made by the Junior Class parents to use the Community Center May 14 for a high school dance.

### Seal Coat Contract

The seal coat contract to have city streets seal coated the coming year, was accepted with W.D. Turner Construction Company of Lubbock who submitted a bid of \$24,857 to bid seal coat 46,900 square yards. The bid is 53 cents a square yard and was the lowest of the five bids sent from different companies to the City. The City budgeted \$30 thousand for seal coating this year.

### Aerial Spraying Bid

An aerial mosquito spraying bid was accepted with Southwest Aerial Services, Inc. of Hart. Application will cost 48 cents and chemicals 36 cents per acre for a total of 84 cents per acre each time the town area of 758 acres is sprayed for mosquitoes.

### Airport Improvements

The Council reviewed the specifications for airport improvements and authorized City Manager Rod Ellis to advertise for bids on the project, pending approval by the Texas Aeronautical Commission.

The cost of the project is estimated at \$200,000 of which \$152 thousand will be federally funded and the other \$48 thousand will come from the City of Abernathy.

Airport improvements include the runway, (portions 17-35), the taxiway and apron. There is presently \$100 thousand in the airport fund.

### Meals On Wheels

The Council approved funding \$700 locally for the Meals on Wheels project pending acceptance of the program county-wide. Hale Center approved the program there. Plainview has yet to approve it. Locally, it would service five elderly people who are not able to leave home for meals.

### GTE Franchise Agreement

The Council approved the General Telephone franchise agreement after every other alternative to renewing the contract was discussed thoroughly by the Council. The Council reluctantly renewed the franchise agreement, which leaves GTE in control of local telephone service for at least the next five years.

## Elfa Turner Breeds Miniature Mule

It took her 2 1/2 years to get a good foal, but Elfa Turner accomplished her goal of breeding a miniature mule on their farm eight miles northwest of Abernathy.

The miniature mule is a cross between a shetland pony (the mother), and a registered miniature donkey (the father).

Several years ago, Elfa set out to find a short shetland for the purpose of breeding a miniature mule. The shortest shetland she found was 40 inches tall and she purchased it in Lubbock.

The smallest miniature donkey she

could find she purchased from Doug Chapman, who had a whole herd of them back then. The miniature mule was 32 inches tall.

Then the 40 inch tall shetland was put with the 32 inch miniature donkey for the purpose of breeding a miniature mule.

The miniature mule was recently born and is 24 inches tall. Elfa stated that he would probably grow taller than his father, the donkey, but not as tall as his shetland mother.

Miniature mules are unique in that there are very few in this entire area.

WHICH ONE'S WHICH...In the top photo is Cory Turner feeding the shetland mother of the miniature mule which standing next to her. In the bottom photo is the donkey father, who is kept in another pen because he fights with his shetland wife. (Review Photos)

## Amersons To Celebrate 50th Wedding Anniversary

Mr. and Mrs. Lawrence Amerson will celebrate their 50th Wedding Anniversary with a reception Saturday, May 22 from 2-5 p.m. in the Fellowship Hall of Lakeview United Methodist Church.

The Amerson family came to Abernathy in 1927 from Jones County and Hamlin. They settled in the Lakeview area and have lived there since. They live three miles north and five east of Abernathy.

Mrs. Vesta Amerson moved west of Abernathy in 1924 from Hillsboro. She is

the former Vesta Pope, daughter of the late Mr. and Mrs. E.J. Pope, Sr. They moved to the Lakeview Community in 1930 and she met Lawrence there and they were married May 28, 1932 in Clovis, New Mexico. They still live in the Lakeview Community.

The Amersons have two children, Mrs. William (Joyce) Mayo of Afton, who is a school teacher, and Lawrence Price Amerson of Sacramento, California, who teaches at the University of California at Davis, California.

fornia.

They have four grandchildren: Rebecca Smallwood of Duncanville; Lydia Mayo of Dallas; Deborah Mayo of Wilmore, Kentucky; and Jonathan Mayo of Patton Springs, Texas.

Mr. and Mrs. Amerson attend Lakeview Methodist Church. He has been a member of the Lakeview Church 55 years and Mrs. Amerson 50 years. Mr. Amerson teaches the men's Sunday School Class and she has been secretary of the church and Sunday School approximately thirty years.

Lawrence graduated from Abernathy High School in 1930. He farmed with his father before he married. After he married he farmed till 1975 and he retired after kidney surgery.

Joyce graduated in 1950 and Lawrence Price graduated in 1950.

Their son-in-law, William Mayo, is a preacher working actively for World Gospel Missions.

Mr. Amerson has five brothers: Raymond of Petersburg; Cecil of Abernathy; W.A. of Canton, Ohio, and pastor of Dubers Methodist Church; Preston of Abernathy; and L.D. of Plainview.

Mrs. Amerson's sister and brother are: Wesley of Abernathy, Leslie (deceased), E.J., Jr. and Mrs. Jesse Amerson both of Abernathy.

## Those To Remember

### WEEKLY DEVOTIONAL

A man said to me the other day, "I don't take much interest in church or religion. It's all to intangible and indefinite. I want something solid that I can see and feel. These are the things that interest me. You see, I am a practical man and haven't much use for religion."

Before the scientists explored the first atom bomb, they made exhausting experiments to make sure that they did not touch-off a chain reaction that would end the existence of everything. The pollution problems at the present time is almost suffocating the whole human race. Sin is fast ruining our nation and destroying our families.

It appears that tangible, material things are not so permanent and indestructible after all. Man can destroy his world at any time. What then would be the practical value of cars, homes, farms and investments?

The really permanent things in this universe are the spiritual values of beauty, goodness, truthfulness, kindness, generosity, and love. When man builds his world around drink, sex, luxurious living, power and pomp, these will perish with the using and when ones physical powers decline, they become nothing but ashes and regrets. A man without spiritual values soon realizes that those who sew to the flesh, reap nothing but extinction.

Who then is a practical man? One who gives his life to fleeting material things or spiritual values that last forever.

## L. S. Chen Visits Far East Countries

### Visits Native Country Of China After 34 Years

Mr. L.S. Chen left February 3 and visited several Far East Countries, which included China. This was Mr. Chen's first visit back after leaving China 34 years ago. He spent about six weeks in China.

Things had changed quite a bit in 34 years his Aunts and Uncles he visited are still living and are in their 80's and 90's. "It was a very emotional and sentimental journey—laughter, tears, and everything in between," said Mr. Chen.

Mr. Chen was on an official trip as a delegate for the Department of Commerce and representing "Light Industry" and "Spinlab". "It was a very enjoyable, but tiring trip," stated Mr. Chen. The 4 course dinners about every third day, were very hard on the stomach and there were other feasts as well.

Mr. Chen visited his native city of Wuxi. The city is on a lakeside and if the city was moved to the United States it would be a national park. It is surrounded by many private gardens, but it is open to the public.

As a boy, Mr. Chen has many fond memories here. As a lad, he first tasted butter and ice cream when it was first introduced into China. He remembers those earlier years when butter tasted like soap to him and the ice cream was so cold. He had never experienced that kind of cold before.

After one-half century, he came back to his home town

and all this came back to him.

The city had greatly changed. He couldn't hardly recognize the city itself, but he could still go to the elementary and junior high schools he attended and still recognized them.

While in China, Mr. Chen visited Chin Tomb, a huge museum that had ceramic soldiers and horses that dated back 2200-2300 years ago around 200 B.C. The soldiers costumes were true to human size. The hair style, dress, armory and weapons were true to the exact time. They even tried to restore some of the color of these costumes.

"It is hard to believe that it was such a long time ago because the style of dress, shoes and weapons were

highly developed," Chen said. There were approximately 6,000 figurines made of clay that had been fired, which was a very impressive sight. They had been preserved all these years and it was a tremendous insight to the development of civilization at that time.

"Another place impressed me very much. It was the sight of the 1st shot of the 1911 Revolution of the Founding of the Republic," Mr. Chen remarked.

While in China, he visited the Great Wall, Peking and Forbidden City, and the Old Imperial Palace. "The Old Imperial Palace is a city in itself. It is a complex of buildings. Everything is beautiful. It has high halls and living quarters, but one does not want to change

your place of resident for this," he added.

"The Emperor is the strong center of everything. The palace has hard chairs and it is cold in the winter and hot in the summer. Formality is everywhere.

The summer Palace, about a one hour drive from Peking, is on a lakeside and is much more human. Old things like the Imperial Palace and the Great Wall never change. They are eternal unless they burn or they are destroyed," Chen said.

Mr. Chen also visited Hong Kong and Zurich, Switzerland on his trip. He got to visit all the major Textile Centers in China. He was not a salesman, but he went and introduced the fiber theory.

Mr. Chen is working from

his home for "Spinlab" as a director of fiber research. Their headquarters is in Knoxville, Tennessee. They are in touch with textile manufacturers in the Far East Area.

He will operate from Abernathy, his home town. "After 11 or 12 years spent in Abernathy, it is impossible to more," says Chen. Besides, three out of four of his children are in the area. Two of them live in Lubbock. His son, Daniel, works for TI and his daughter, Doris, is a pharmacist. His son-in-law James Peng, is a medical doctor in Lubbock. His youngest son Stanley is going to A&M. The oldest daughter, Minnie, lives in Corning, New York. Minnie met her husband, William Chang, at Tech. He has his PHD from Tech and he is a micro-biologist and works for Corning Ware.

## This And That

By Helen Wade

Friday night, April 30 at 7 p.m., a fish fry and auction was held in Shallowater at the High School Auditorium for Doyce Middlebrook.

A large crowd turned-out and everyone had a great time.

Mr. and Mrs. Y.F. Snodgrass of Abernathy, attended the graduation of their son, Kirk, from Texas A&M University Friday at 2 p.m. Scott and Cindy Snodgrass of Odessa accompanied them on the trip.

Another son, Don and his wife, Brenda, of Wichita Falls, also attended Kirk's graduation at College Station.

Members and guests of County Line Coop Gin enjoyed a fish supper at the Abernathy Community Center Friday night. Several door prizes were

given at the drawing and Mr. Otis Davis, of Rt. 2, was winner of Saving Bond given by Citizens State Bank of Anton.

The two incumbent directors, Leroy Grawunder of Shallowater and Y.F. Snodgrass of Abernathy, were re-elected for a term of three years.

Thirteen may seem like an unlucky number, but not to the thirteen men who came out to Brotherhood Breakfast Saturday morning at County Line Baptist Church. Dick and Buster Embry and Donald Blackman were guests.

The speaker didn't show, but the breakfast and fellowship was enjoyed by those attending.

County Line Baptist Church honored Mothers Sunday morning before the

preaching service. Three corsages were given for the following: Youngest mother, mother having the most children and the oldest mother present. Mrs. Taryn Jackson, Mrs. Edna Davis and I received a beautiful corsage. I am not stating which category I fitted in.

Mike and Gerry Hunter have moved to 3704 San Bar in Bedford, Texas 76021.

While eating at the Dairy Queen last Wednesday, Omer and I talked to Andy Reid who was in town to eat and play golf with old friends.

Mr. and Mrs. Reid are former Abernathy residents and they now live in Lubbock.

The Reid's had recently visited in Mobile, Alabama with their son and family.

There are a lot of good neighbors and concerned people in the small town of Lelia Lake. Lelia Lake is located 7 miles southeast of

## Local Green Thumbers Attend Training Confab

Green Thumb workers in Castro, Deaf Smith, Hale, Lamb, Parmer, Randall, and Swisher counties met Tuesday, April 27 at the Canyon Senior Citizen's center for their bi-annual training meeting.

Local workers attending the Canyon training session were: Eusebio Castellon and Andres Cortez of Abernathy, and Roy Dodson of Hale Center.

Visiting from Waco was Green Thumb State Director who spoke to the workers about the future of Green Thumb, recent policy changes, and the overall excellent performance the program has maintained.

The group of almost forty also heard JoAn Mahaffey, District Director of Green Thumb in West Texas. Mahaffey, of Canyon, discussed worker performance, reporting procedures, and showed the new, award winning film depicting Green Thumb workers and other older workers.

Derrell Hale, Area Supervisor of Plainview, and coordinator for the session felt the Green Thumbers were able to take some useful information home. "The

future of employment programs for older persons has been of real interest to the Green Thumb workers since they will be the direct and immediate recipients of any changes in these areas, Hale pointed out.

Texas Farmer's Union Green Thumb, an equal opportunity employer, is an

employment and placement program for rural residents, age 55 and older, who meet low income guidelines. Besides the counties already listed, the program operates in 101 other counties in the state of Texas, in 44 other states, and two territories in the United States.

## Legal Community Lauds

### J. Michael Irish

J. Michael Irish, first assistant criminal district attorney, was named this year's Outstanding Young Lawyer Saturday at the Lubbock County Bar Association's Law Day banquet at the Hillcrest Country Club.

Irish, 35, of 3014 23rd St. is temporarily on leave from his private general practice to serve in the criminal district attorney's office during the election year. He had the same position for two years under former Criminal District Attorney Alton Griffin, and he served as assistant dean at the Texas Tech University law school for more than three years.

He was president of the Texas Lawyers Association the year the association was selected Outstanding Young Lawyers Association nationwide. He also served three years on the board of directors for the State Bar of Texas.

Past president of the Lubbock County Bar and Lubbock County Junior Bar voted the award to Irish from a list of 25 nominations by the county's five district judges.

Irish is married and has two children.

Irish is a 1964 graduate of Abernathy High School. He is the son of Mr. and Mrs. J.L. Irish of Abernathy.

TAKING THE OATH OF OFFICE are new school board members, from left to right, Speck Cox, Gale Davis and Robert Pope. Earl Carter presents the new members with a certificate of election to the board. They took the positions held by David Pinson, Bob Riley and Jerry Oswalt. (Review Photo)

## TRANSITION

### Judge McNeal

Services for Judge McNeal, 60, of 3926 E. Duke were at 2 p.m. Saturday at Ford Memorial Church of God in Christ with Bishop J.E. Judy officiating.

Burial was in City of Lubbock Cemetery under direction of McCarty Funeral Home of Littlefield.

McNeal died of an apparent heart attack at 12:02 p.m. Saturday on arrival at Methodist Hospital.

He was born on March 7, 1922, in Carthage and lived in Ralls before moving to Lubbock in 1971. He was self-employed.

March 14, 1942, he married Virginia Caro in Kaufman.

Survivors include his wife; eight daughters, Alice Blackwell, Geraldine Johnson, Annie Griggs, Cressie Norris, Kathie Reed, and Loria, all of Lubbock, and Brenda Ibendia and Gloria, both of Denver; three sons, the Rev. A.R. McNeal, Judge Jr. and Vincent, all of Lubbock; a sister, Florine Oggs of Roseman, Calif.; four brothers, Colonius of Rosebud, Lee Arthur of Ralls, Joseph of Abernathy and Bobbie Gene of Los Angeles; 32 grandchildren; and 19 great-grandchildren.

Southwestern Public Service Company power lines meet the highest safety and service standards. When wind, weather, tree growth or other factors affect these lines, SPS crews correct the problem quickly. If you see a downed power line or other equipment that might cause an injury or service interruption, call your local SPS office. Your call could help prevent an accident or service outage.

Raymond Dement, Line Supervisor, Roswell.

Typically, heating and cooling account for more than 60% of your home's energy consumption. Selecting the correct size of air conditioning unit can help reduce this consumption. You also can conserve energy by placing outside air conditioning units away from shrubbery or other obstructions which could block the flow of outside air to the unit. When using an air conditioner, keep blinds or draperies closed against direct sunlight and keep all outside doors closed. Conservation efforts like these can help you "keep your cool" this summer.

Al Rettig, Senior Consumer Services Representative, Lubbock.

We at SPS applaud those customers who reduce their monthly electric bills by using electricity more efficiently. One such customer, Amarillo College, recently voted to remove 94 lighting fixtures from a classroom building. This action allowed the school to meet engineering standards for lighting levels, and is expected to save the college about \$5,628 a year in electricity costs.

John Marshall, Manager of Revenues, Amarillo.

Knowing what electricity is worth is worth knowing. For answers to your questions, call or write your SPS manager.

Odds are increasing that the four-year 1981 farm bill will become a one-year bill via changes sought by both the Administration and farm-state legislators, each for a different reason.

The Administration wants changes to reduce government expenditures required by the law's dairy program, the most costly of all covered commodities.

A bipartisan coalition called "The Farm Crisis Group," true to its name, wants provisions to relieve the most devastating farm financial crunch since the Great Depression.

Eighteen members of the group, primarily members of the House from states producing cotton, food and feed grains, have now introduced a bill aimed at driving up prices for these commodities by curtailing production and compensating farmers for that curtailment either through increased Commodity Credit Corporation loan levels or direct pay for acreage reduction. The bill is titled "Farm Crisis Act of 1982" and is described as "a bill to bring relief to the embattled family farmers of America."

Four coalition members given credit for drafting the bill are from Texas. They are Lubbock's Congressman Kent Hance, Congressman Charles Stenholm of Stamford, Jack Hightower of Vernon and Marvin Leath of Marlin.

According to a fact sheet received at the Lubbock office of Plains Cotton Growers, Inc. from Hance's office, the measure offers producers a paid acreage

diversion program only in 1982. Producers of feed grains, wheat, cotton and rice who have already signed up to participate in the existing 1982 diversion program would have the option to divert another five percent of their acreage and be paid for that diversion. Payment for diverted cotton acres would be 20 cents per pound times normal production times the number of acres diverted. With payments figured in the same manner, the rates would be \$1.25 per bushel for corn, \$2.00 per bushel for wheat and \$2.20 per hundred-weight for rice.

For 1983, 1984 and 1985, the bill calls for a nationwide producer referendum in July of this year on whether farmers would set aside for conservation purposes 15 percent of their cropland. Approval would require a yes vote from 55 percent of the farmers participating, and passage would be rewarded with a 10 percent increase in the respective loan rates for each of the four commodities. Failure to comply with the referendum provisions would mean denial of access to all farm programs for three years.

Should farmers voting in the referendum turn down the 15 percent semi-mandatory acreage set-aside, the Secretary of Agriculture would be required to establish a voluntary acreage reduction program when domestic carryover reached certain levels, with farmers again given an increase in their loan rates in return for their participation.

## Services Provided By Noxious Weed Control Office

Producers should take advantage of services provided by the Hale County Noxious Weed Control Office located at the corner of Ash and 6th Streets.

The Hale County Noxious Weed District was established in 1957 as an outcome of a public hearing and election. Operating costs for this office is obtained from a 3 cent per acre tax on farm and rangeland in Hale

County.

Grady Reeves currently is the Supervisor for the Hale County Noxious Weed Control Office and is responsible for making herbicide applications. Spring applications of a contact soil sterilant herbicide on field bindweed, Texas blueweed and Bur ragweed when ground conditions are good and plant growth is in a lush green state, has resulted in weed

control in the 90 to 99 percent bracket.

Producers that have this type of weed problems and need the services of the Hale County Noxious Weed Control Office can call 296-9229 and talk with Grady Reeves or his secretary. There is a nominal fee for services rendered to pay for equipment and chemicals used.

## GSPA Endorses Farm Crisis Act Of 1982

The "Farm Crisis Act of 1982" proposed by a bipartisan coalition of farm area congressmen would increase the loan rate and market price of grain sorghum approximately 43 cents per hundredweight. On an average production of 800 million bushels, that would mean \$192 million to sorghum farmers at the harvest of their 1983 crop.

"Sorghum farmers would not be making that much more, overall," said Elbert Harp, Executive Director of Grain Sorghum Producers Association, "because, under the present program of low loan levels, the sorghum deficiency payment makes up the difference."

The main advantages of the proposed new plan, according to Harp, would be: (1) the farmer would receive

the added income at harvest time rather than months later in the form of a deficiency payment, (2) the land conservation provision in the program would reduce the price-depressing surplus production, and (3) it would reduce Government cost. (The Congressional Budget Office estimates a Government saving of \$899 million over four years.)

Grain Sorghum Producers Association has endorsed the Farm Crisis Act of 1982. Harp said, "The real value of this plan is that by raising the market price and reducing surplus production, it reverses the trend of the past several years where farmers were forced to sell their crops at prices far below the cost of production and then depend on a Government deficiency payment for their income."

"The Farm Crisis Act of 1982" will give some added stability and income protection to farmers while lowering the cost to Government. "That is a step in the right direction," said Harp.

## COTTON TODAY

A NATIONAL COTTON COUNCIL SERVICE

**SENATORS BATTLE BUG:** All four Senators from the Carolinas have urged support for expanding the boll weevil eradication program beyond the trail area in North Carolina down through South Carolina.

In a letter to Thad Cochran (R-Miss.), chairman, Senate Agriculture subcommittee, the Senators stated that in order to move forward with the expansion "it is essential that minimal additional funding be provided in the U.S. Department of Agriculture's FY 1983 budget."

The Senators are Jesse Helms (R-N.C.), John East (R-N.C.), Ernest Hollings (D-S.C.), and Strom Thurmond (R-S.C.).

Their letter stated the expansion would involve a joint industry-government effort with cotton producers assuming the major share of the cost. If USDA's share is set at 30 percent, approximately \$2.5 million would be required.

The letter concluded: "No other program, in our view, has greater potential for reducing production costs, or improving productivity, than eradication of the boll weevil. Therefore, we strongly urge your support for this critically important program."

**EXPANSION OF FmHA LENDING AUTHORITY URGED:** A National Cotton Council representative has urged a Senate subcommittee on agricultural credit to continue, and if possible expand, the lending authority of the Farmers Home Administration.

In his testimony, William H. Houston, III, a Tunica, Miss., cotton farmer, said the agency's reauthorization is imperative because the farmer's financial condition is "strained almost to the breaking point." He said cotton farmers are in extremely difficult financial situation because of circumstances beyond their control, noting many have suffered two disastrous seasons in a row, and some three. Houston told the committee: (1) legislation is needed to correct the inequity that has resulted from the 1978 law that placed a \$100,000 ceiling on FmHA operating loans, and (2) more credit could be made available to farmers without additional government outlays by subordinating existing FmHA loans to new loans from the private sector.

**EXPORT SALES CLIMB:** Net new sales for the 1981-82 marketing year surged to 115,900 running bales during the week ended April 15, bringing the year's total commitments to 6,505,600.

The major buyers were Japan, 55,900 bales; Bangladesh, 27,900; and China, 20,500. To date, China's commitment for U.S. cotton totals 833,300 bales.

The week's export shipments totaled 190,800 bales. Sales for 1982-83 were 86,100, the largest weekly total for the new year,

according to the National Cotton Council.

**COTTON USE CONTINUES SLOW:** Cotton consumption remained sluggish in March as domestic mill use inches upward to a seasonally adjusted annual rate of 5 million 480-pound bale-equivalents, according to the National Cotton Council.

This was 2.2 percent above the 4.9-million-bale rate for February, but 10.5 percent below the year-earlier level.

Cotton's share of total fiber consumption was 23.7 percent, compared with 24.2 percent in February and 23.1 percent in March, 1981. Total fiber use by U.S. mills in March rose to a seasonally adjusted annual rate of 21.2 million bale-

equivalents, 4.5 percent higher than the previous month, but 12.8 percent lower than March, 1981.

**EXPORT COMMITMENT HITS 6.5 MILLION:** Net new cotton export sales for the 1981-82 marketing year totaled 61,700 running bales for the week ended April 22, bringing the season's total commitments to 6,566,800 bales, the National Cotton Council said. The major buyers were Japan, with 33,400; South Korea, 10,600; and Hong Kong, 7,800. The week's shipments of 126,700 bales brought the accumulated total to 4,725,900. Meanwhile, new sales for the 1982-83 marketing year were reported at 49,900. Japan was again the main buyer, taking 29,100 bales.

**GINNS NOT COVERED BY NOISE AMENDMENT:** The Occupational Safety and Health Administration has confirmed in a letter to the National Cotton Council that cotton ginning is classified under agriculture by the

agency. A hearing conservation amendment therefore does not apply to ginning operations.

The action should be helpful in California, which has previously considered gins under general industry. California indicates it will follow suit.

## Honor Society Visits Reese

The National Honor Society went on their annual field trip May 3. This year they journeyed to Reese Air Force Base for a guided tour.

The group saw films of the Air Forces of today and tomorrow. They were shown the classrooms and flight simulators.

After walking over the base and working up appetites, the NHS members ate at the Officer's Club. Then they were taken into the control tower for a view of the entire base.

## Junior Golf Teams First And Second

Shallowater Junior High Golf teams competed in the district tournament held at Reese Air Force Base May 3.

At the end of regulation play, the boys team was tied with Hale Center for first place.

Shallowater won the playoff to take first place, leaving Hale Center with second and Spur with third.

The boys team was composed of Tim Lennon, Billy Freeman, Monte Ivey, Scott Cottonoir, Randy Anderson and Darren Head. Their coach was Leo Cottonoir.

The Response was given by Troy Johnson.

Next the Prophecies were read by Tim Short and Kristy Tipton. The Last Will & Testament was read by the Will Committee sponsors.

To start off the entertainment, Stuart Smith, Rod Burgett, Craig Conners, Allen Bounds and Kevin Rinehart sang "Somewhere Over the Rainbow". Enter-

tainment for the dance was provided by D-J Scott Knight.

STONED JEANS--the new look replacing rewashed jeans--are abraded by ball or stone-like objects laundered with the jeans, says Ann Vanderpoorten, a clothing specialist.

This doesn't affect the wear life of the jeans, but it does add comfort, she says.

## County Line Chit Chats

**By Faye Ann Nelson**  
We have been traveling again. This time to Yuma, Arizona to visit Chaplain and Mrs. Howard Wheeler. Chaplain Howard Wheeler is retired, but he got tired of sitting around so he signed up for voluntary duty in Yuma.

If your home is destroyed by fire, if your car is towed away in a three car smash up, if you witness a shootout in a rural part of the county you will get to meet Chaplain George Howard Wheeler. He may be dressed as a firefighter, a police officer or a sheriff's deputy. Wheeler knows about Military counseling, have been a Navy Chaplain for 32 years before retiring in 1975.

He had a difficult ministry during wartime aboard aircraft carriers. He and Mrs. Wheeler were wonderful host and hostess as they have been so many places and Chaplain Wheeler has had so many wartime experience to talk and tell us about. Chaplain Wheeler, and his wife, Jean, were classmates of mine when we all went to T.W.C. (1935-1939) in Fort Worth for four years.

Mr. and Mrs. G.W. Manley have been fishing at Lake Hubbard. They did not

get as many fish as usual because it was too cold. Their son, Joel, has a trailer house on the lake and they go down once or twice a year to help him fish.

There is lots of remodeling going on in County Line community. Mr. and Mrs. Buddy Rice have added a room to their home. Mr. and Mrs. Noble Rice are having some siding replaced on their house. Mr. and Mrs. Chek Hudson are remodeling their rent houses in County Line. The work is being done by Danny Rice.

Mr. and Mrs. Bill Mac Teakell have moved into the rent house belonging to Mr. and Mrs. G.W. Nelson. We are so happy to have such a nice couple living close to us.

We are so glad that Shallowater has a newspaper again. We really missed it when it stopped.

We are sorry to learn that Mrs. A.R. Slater is moving to Plainview. She will certainly be missed in her Church and in her community.

She is very active for her age and always found time

to visit the sick and check on them. She is a go-getter and keeps busy every moment of the day with her flowers, gardening, cooking and canning. I wish I had her energy as she keeps. Everything is just shining sparkling clean when you go there anytime of the day. She is an inspiration to all who come in contact with her. She says the house is getting to much for her and she is moving to Plainview to an apartment complex so she won't have to keep a yard or a garden anymore. She sold her home in Abernathy.

She is the mother of Mrs. G.W. Manley of Abernathy.

We flew to Phoenix Sunday, April 25, parking our car at the airport. We landed at Midland-Odessa Airport and then flew on into El Paso where we had to change planes.

We left here at 7:00 a.m. and arrived in Phoenix at 8:30. I took two watches with me and I never did know what time it was all the time we were gone.

We were met by Mr. and Mrs. H.R. Prather and children. We toured Phoenix and were taken through Museums, Air Bases and the Desert Botanical Gardens in Papago Park. We did not

know that there were that many different kinds of cactus plants. There were 51 different kinds. Besides each kind had different species.

It was founded in 1935 by the Arizona cactus and native Flora Society. The desert Botanical Garden is located on 150 acres of typical sonoran desert in Papago Park. In Phoenix. On display are plants from the deserts of every continent, including over half of the world's total number of cactus species. It is the only garden dedicated from its beginning to the study of the plant life of deserts and other arid lands.

Three of us 1934 graduates of Quanah High School are trying to get up a Class Reunion for July 2, 1983 and we are having a time finding all of our classmates. There are so many Quanah people in Lubbock, Abernathy and Shallowater that might know whereabouts of these people: Ann Crocker (Cogdell), William Charles Bridges, W.T. Addison, Frances Braselton, James Bumpass, Lloyd Clay, Marcella Easley, Thoburn Epps, Nell Gray, Mary Lydia Hooker, Gernade Hunter, Dorothy Huggins, Hattie B. Murphy, Erma Faye Owens, Floyd Page, Linnie Dean Parker, James Phillips, Elbert Pierce, Peggy Robertson, Bob Rodgers, Joyce Schaubert,

Annie Mae Steffey, Warren Tadlock, Mary Will Taylor, Pat Toland, C.B. Wallace, Joe R. Watt, Fay Westerman, Joy Wilson, Ennis Wingate, Helen Joe Wooden. If you know any of these or their families please contact me (Faye Ann Nelson, Rt. one, Shallowater, Texas, 757-2120).

We have found over two thirds of the members and need to find one third more to have 100 percent of the class. It is getting to be a bigger job than we ever anticipated to try to get up a reunion. As our class has never had one before and it was a class that was never very close to each other so it makes it difficult to start to find everybody after about 50 years.

Mr. and Mrs. Charles Krebs are visiting their daughter, and family, Mr. and Mrs. J.C. King. They were called in as the granddaughter was ill. They expect to be here about two weeks. We hope and pray the granddaughter is alright by now.

Mr. and Mrs. Bennie Pope rushed their baby son to the hospital this week. They are running tests on him to determine the illness. We hope and pray that he is well by now.

**ANNOUNCEMENT**  
Do you know of a child age 3 through 21 who does not learn easily and is not in school? Call the Special Education Director in your school District.

## David W. Lovelace Named Vice President

David W. Lovelace, son of Mr. and Mrs. Joe B. Lovelace of Abernathy, has been named vice president of the loan department of Town North National Bank of Longview, Texas.

Weldon is the son of Mr. and Mrs. William Patterson of 505 2nd Place, Abernathy.

## Little League Gets Underway

Baseball started up in Shallowater this past week.

Tuesday it was the Giants vs. the Braves and both teams vs. the weather. The weather won as the game had to be called because of rain after two innings.

The many fans and supporters of Shallowater Little League came back Friday to Jake Powell Field to try to get the season underway.

This time it was Braves vs. Cubs and the Braves went on top in the first

inning 1 to 0. Both teams played good early season baseball with the Cubs edging the Braves by a score 6 to 5.

In the second game, it was a close game early on with the Giants leading the Dod-

gers after two innings by a score of 2 to 1. But late in the game, the Giants rallied to win 11 to 1.

## Abernathy Representatives Attend State FHA/HERO Meeting

Representatives of the Abernathy Future Homemakers of America Chapter attended the 1982 state meeting of the Texas Association of FHA, along with 6,000 members and advisors from Texas. "FHA/HERO: An Explosive Experience" was the theme of the meeting, which was held in the Tarrant County Convention Center in Ft. Worth, April 29-30.

Attending from Abernathy were Sarah Miller, high point member for the year and Sandra Hunt second high point member. FHA members earn points by attending meetings and participating in programs, working on committees and money making projects. Accompanying them was Mrs. Marilyn Stone, Advisor for the Abernathy chapter.

The Thursday evening business session was followed by the Camfel multimedia production "Hard Times". Key note speaker Jack Jackson spoke to the group with humorous anecdotes and a serious message about the "hard times" of adolescence and becoming an adult.

### Meeting

The Friday morning session featured key note speaker Michael Broome, of the Leadership Development Institute, who spoke on "Be The People Power Person". Stars and Sparks

workshops filled the afternoon in which FHA/HERO members learned about issues concerning young people today. Installation of the state officers for 1982-83 climaxed the Friday evening session.

The Future Homemakers of America is an organization sponsored by Home-making Education, with Mrs. Jean D. Barton, Director, and Mrs. Sharon Reddell, State Advisor.

The Senior Class of Abernathy High School presented the comedy, "Rest Assured," by Donald Patton, Tuesday, May 4 in the High School Auditorium. Three performances were

presented to three delightful audiences at 9:30 a.m., 4th, 5th, and 8th grade students; 1:30 p.m. - high school students, and at 8:00 p.m. - relatives, friends, and general public.

The play was well received by all audiences. It is the story of Mr. Moreland, (played by Darren Knox), a family man who had spent most of his life accumulating immense wealth at the expense of his family and friends.

He dies, (all of this being in the form of a dream), and Lucifer, (played by Charles Chambers), comes to take him home below. Many things, (both sad and funny), pass before the eyes of Mr. Moreland as the play events transpire. When Mr. Moreland awakens from his dream, he is a reformed man, intent on being a better husband and father.

The play was very humorous. Along with the philosophy and study in human nature, it was refreshing to watch. Mr.

David Lanehart, director, and the cast do an outstanding job in presenting "Rest Assured."

After the play was over, a pie auction and supper was held by the Senior Class in the school cafeteria. With Van Riley served as auctioneer, and Rick Houston and Collins Miller, served as spotters.

Pies were furnished by the Senior Class and their parents. They were auctioned off at a lively pace. The pie bringing the top bid was a vanilla pie made by Delores Flores and sold to Joe Thompson for \$22.00.

The proceeds from the pie auction and supper went to the Senior Class to help finance the annual Senior Trip to Six Flags.

Sponsors assisted the Senior Class with the Senior Play and the Pie Auction and Supper were Floyd Galloway, Bettie Hardin, Dub Hannel, Sharon Kester, Carl Irlbeck, Bitsy Aldridge, Larry Aldridge and Wanda LeMoine.

About half the population of America over the age of three wears glasses.

## Student Council Officers And Representatives Chosen For 1982-83

Student Council Officers for the 1982-83 school year were recently held and the following officers were selected: President - Mark Riddell, Sr.; Vice-President - Roger Gragg, Sr.; Secretary-Treasurer - Mendy Tennell, Sr.; Parliamentarian - Susan Stone; Historian - Kristy Thompson and Reporter - Kellye DuBose, Sr.

Student Council for Freshman, Sophomore, Junior and Senior Classes for the 1982-83 school year were elected.

The Freshman Class chose Bill DuBose, Christy Miller, Carey McKinney and Jim Bob Carver.

The Sophomore class elected D'Ana Howard, Tracey Murray, Keith Lester and Kevin Lester.

Junior Class representatives are: Todd Barrick, Scott Ferguson, Sara Miller and Trey Stone and Senior representatives are: Angie Attebury, Donna Burgess, Darren Knox and Tammy Lloyd.

## FFA Members Attend Area I Convention

Abernathy FFA members attended the Area I Convention Friday and Saturday May 7 and 8. Those attending were: Kelley Hill, Melissa Hagstrom, Alan Pettit, Ricky Powell, Stacey Mills and Rodney Cannon. This Convention was held at Coronado High School in Lubbock and 400 people attended.

The Abernathy FFA Chapter received a Superior Chapter rating which was voted by Area I and based on chapter activities and accomplishments for 1981-82.

The scrapbook was made by Cindy Turner, chapter Sweetheart. Cindy is the daughter of Mr. and Mrs. Bennie Turner.

Alan Pettit, son of Mr. and Mrs. T.J. Pettit, was a winner in swine proficiency. His application will go to state.

Melissa Hagstrom was Area I winner in Public Speaking. Melissa will speak at the State FFA Convention

in Ft. Worth July 14, 15, and 16. Melissa is the daughter of Mr. and Mrs. Jerry Hagstrom.

Collins Miller, son of Mr. and Mrs. J.R. Miller, was Area I winner in Farm Power Mechanics Accomplishments. Collins application will go to state competition also.

Van Riley, son of Mr. and Mrs. Bob Riley, was winner of the FFA Diversified Livestock Production Award. His application will go on to state competition.

FFA members interviewed for scholarships were: Ricky Powell, Alan Pettit, Rodney Cannon and Stacey Mills.

Stacey Mills, Area I Vice-President, presided over part of the convention and received a retiring Area Officer Award.

Gerald Kelly and Scotty Windham, Vo-Ag teachers, attended the convention.

Ricky Powell's application for his Lone Star Farmer Degree was approved for state consideration.

## ADVERTISEMENT FOR BIDS CITY OF ABERNATHY ABERNATHY MUNICIPAL AIRPORT

### NOTICE TO BIDDERS

Sealed proposals addressed to the Honorable Mayor and City Council of Abernathy, Texas, will be received at the office of the City Manager, City Hall, Abernathy, Texas, until 2:00 p.m., June 8, 1981, for furnishing all necessary materials, machinery, equipment, superintendence, and labor for constructing certain improvements at the Abernathy Municipal Airport, Abernathy, Texas.

Immediately following the closing time for receipt of bids, proposals will be publicly opened and read aloud. Any bid received after closing time will be returned unopened.

The project consists of the reconstruction of approximately 12,500 square yards of runway taxiway and apron pavement; the application of an asphalt seal coat to approximately 41,500 square yards of runway, taxiway and apron pavement; marking of runway and taxiway pavement; repair of damaged runway pavement; application of herbicidal treatment; and other related items of work.

Bidders must submit a Cashier's Check or Certified Check issued by a bank satisfactory to the Owner, or a Proposal Bond from a reliable Surety Company, payable without recourse to the order of The City of Abernathy, Texas, in an amount not less than five percent (5%) of the largest possible bid submitted as a guaranty that the Bidder will enter into a contract and execute bonds and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without the required Check or Proposal Bond will not be considered.

The successful Bidder will be required to furnish a Performance Bond and a Payment Bond, each in the amount of the contract, written by a responsible Surety Company, authorized to do business in the State of Texas, and satisfactory to the Owner, as required by Article 5160, V.A.T.C.S., as amended by H.B. 344, passed by the 56th Legislature, Regular Session, 1959.

The City of Abernathy, Texas reserves the right to hold all proposals for a period not to exceed 30 days after the date of receiving bids, to reject any or all bids and to waive formalities. No bids may be withdrawn, after having been opened, within the 30 day period set out herein.

All lump sum and unit prices must be stated in both script and figures. In case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. The Owner reserves the right to reject any or all bids, to waive formalities, and to accept the bid which seems most advantageous to the City's interest.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions under which the work is to be done.

Attention is called to the fact that there must be paid on the project not less than the general prevailing rates of wages as set out in the Special Provisions. However, the inclusion of such minimum schedule of wages does not release the Contractor from compliance with any State Wage Law that may be applicable. The Contractor must abide by the Wage and Hour Laws of the State of Texas and must pay not less than the rates legally prescribed or as set forth in the Special Provisions, whichever is higher.

Information for Bidders, proposal forms, plans and specifications are on file at the offices of the City Manager, Abernathy, Texas, and Parkhill, Smith & Cooper, Inc., Consulting Engineers, 4010 Avenue R, Lubbock, Texas 79412.

Copies of the plans and specifications and contract documents may be secured from Parkhill, Smith & Cooper, Inc., Consulting Engineers, 4010 Avenue R, Lubbock, Texas 79412, (Phone 806-747-0161) upon payment of a \$50.00 deposit for each set of documents. Refund of the deposit will be made as provided in the Instructions to Bidders.

From The Abernathy Weekly Review dated February 3, 1966:

Leigh Riley, 11-year-old Abernathy 4-H Club member showed the Reserve Champion Angus steer at the Amarillo Fat Stock Show. Leigh's steer also was first place heavy weight Angus in the show. Randy Settle of Abernathy showed the first place light weight steer. Other placings in the Amarillo Show included: medium weight Angus, Larry Lutrick, 7th; heavy weight Angus, Rodney Huffaker, 3rd, and Gregg Barton, 13th; in the class of "group of two steers fed by one individual", Larry Lutrick, 3rd; Rodney Huffaker, 4th.

**From The Postmaster's Desk**

By Postmaster Ken Moreland

When you need to send valuables or important papers through the mail, the Postal Service recommends you understand what registered, insured and certified mail can do for you.

By becoming familiar with these service options offered by the Postal Service, your mail will receive the best handling and the most cost-effective delivery. Registered, insured and certified mail can do for you the customized services needed for mailing that special letter or package.

Registered mail is the safest way to send valuables. It offers special handling for your letter or package mailed at the First Class rates. You receive a receipt when you take the material to the post office. Then, the movement of that piece is monitored from the point of acceptance to delivery. All irreplaceable articles, regardless of value, and all items worth more than \$400, should be sent by registered mail.

Jewelry, stocks and checks or money orders for large amounts are good candidates for registered mail. This type of service provides protection against loss or damage. The full value of the mailing must be declared when mailed for security and insurance purposes. The registration fee includes insurance protection up to \$25,000 for domestic mail.

The fees for registered mail depends upon the value of the material being mailed. For instance, if the value of the package is from \$101 to \$500, the cost is \$3.60.

A return receipt costs 50 cents extra, but it will allow the sender to have a written receipt of when and to whom the item was delivered. For a return receipt indicating to whom, the date and the address where the item was delivered, the fee is 70 cents.

Restricted delivery service is also available with registered mail. It allows delivery only to the addressee, or to someone who is authorized in writing to receive mail for the addressee.

Insured mail is a good bet if you are sending birthday, wedding or other gifts or fragile items. First-Class Mail, Priority, Third and

Queen Contest-Gwen Pope, Joanne Allen, LaNell Stone and Janice McKenzie. Young Farmers will assist in preparation and staging events.

Fourth-Class mail may be insured. Insurance, available for merchandise only, can be purchased for materials mailed which are valued at less than \$400. Insurance rates, like registered mail rates, vary according to the value of the material being sent. If articles are insured for more than \$15, a receipt of delivery is signed by the recipient and filed at the delivery post office. The insurance enables you to receive payment for domestic mail that has been lost, rifled or damaged. You may request a return receipt or restricted delivery when sending something insured for more than \$15.

Certified mail is your best bet if you are sending important letters, insurance forms, contracts or bids for business contracts mailed at the First-Class rate. At 75 cents plus the charge for postage, certified mail costs less than registered mail. It should be used when the sender requires a receipt as proof of mailing. The coupon receipt is postmarked to establish the date of delivery. A record of the delivery is also kept at the addressee's post office for two years, but no record is kept at the office from which you mailed the material. You may request a return receipt or restricted delivery with certified mail.

Certified mail labels, which can be obtained from your local post office, must be completed by the customer for this type of mail.

The average American man is five feet, eight inches tall. The average American woman, five feet, four inches tall.

**Pioneer Round-Up Slated For May 15**

Complete plans for the 54th Pioneer Round-Up are taking shape, according to Georgette Masso, president of the sponsoring organization, the Plainview Business and Professional Women's Club. The Round-Up will be held, Saturday, May 15.

The traditional square dance will conclude the activities and the guest caller will be Roy Johnson of Amarillo. Helen Pemberton is Dance Chairman.

Johnson is a veteran square dancer as he and his wife, Barbara, began dancing in 1962. They have held many club offices and are past presidents of the Panhandle Callers and Teachers Association, the Amarillo Square and Round Dance Council and the Panhandle Square Dance Association.

He has been calling for eighteen years and has called in six states, mostly in Texas, Oklahoma, Kansas and New Mexico. He has been one of the callers at Red River Memorial Day and Aspendace Week-ends for seven years. He serves as caller for four clubs: Pairs 'N' Squares, Whirlybirds and Workshippers, all of Amarillo and Calico Capers of Pampa.

He is a graduate of Texas Tech University and is registered professional engineer. He is employed by the State Department of Highways and Public Transportation.

Mrs. Pemberton and Mr. Johnson cordially invites all square dancers to attend the Pioneer Round-Up and participation in the square dance which will begin at approximately 9:00 p.m. on May 15 at the Hale County Agriculture Center. Everyone is also invited to enjoy the waltz, polka, "Put Your Little Foot" and other couples dances.

Miss Masso states the price of the tickets is \$3.75 (tax included). This covers all activities beginning with the supper at 6:00, the program at 8:00 and the square dance which follows and many be secured from any member of the Plainview Business and Professional Women's Club.

Also everyone is invited to shop that day for baked products at the Kuntry Kitchen beginning at 10:00 a.m. at the Agriculture Center.

More than 240 Texas Tech University juniors, seniors, law and graduate students ranking academically in the top 10 percent of their classes have been installed into the university's chapter of Phi Kappa Phi honor society.

New initiates were installed during the Texas Tech chapter banquet April 13. Phi Kappa Phi recognizes outstanding scholars in all academic disciplines and limits membership to those ranked in the top 10 percent academically.

The chapter's initiates from Abernathy include: John T. Pearson, senior math major, son of Mr. and Mrs. Thom Pearson, 405 Avenue H.

The rate of energy consumption in the U.S. slowed during the 1970's.

**At General Telephone We're Not Simply Talking About Service Improvements We're Making Them In Abernathy**

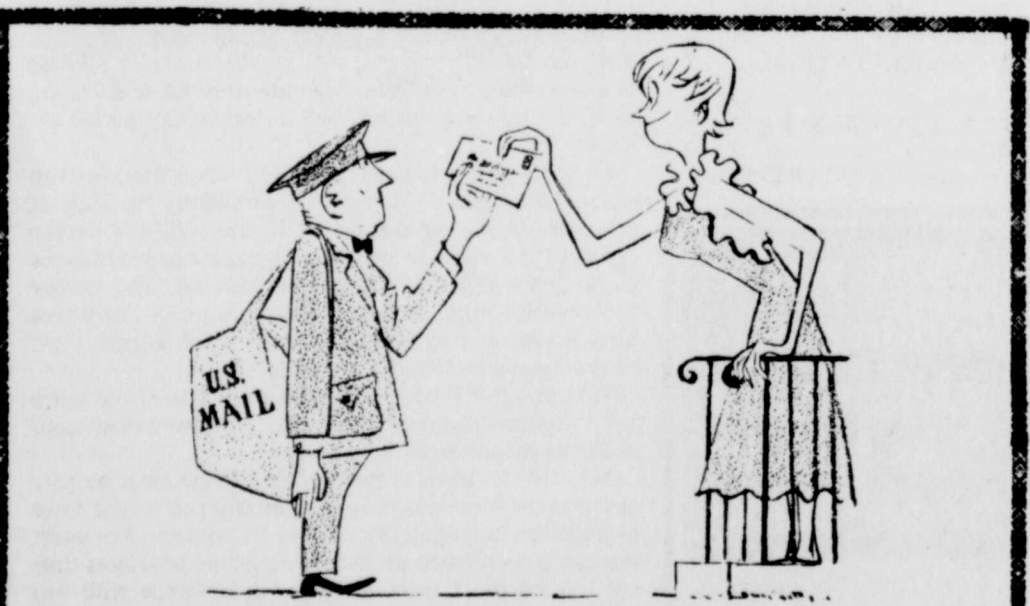

At General Telephone, better service isn't just a goal. It's a solid commitment. General Telephone spent over 354 million dollars in 1981 on capital expenditure projects (i.e. new electronic switches, expanded cable projects and modernization), and GTE will spend over 410 million dollars in 1982 to provide you the best telecommunications available.

For you, as a valued customer, this investment in service improvement is working as shown below. General Telephone is working hard to continually provide you with the best of service.

The Texas Public Utility Commission (PUC) has established certain standards in public hearings, and our service results are listed against those standards.

	Texas PUC Standards	Most Current Figure
% customer calls answered promptly business office/repair service	90	99.9
% service order commitments met as promised	90	100
* % local calls completed on 1st try	98	100
* % direct dialed long distance calls completed on 1st try	95	98.7
% out-of-service trouble cleared within 8 working hours	90	100
