U.S.P.S. NO. 003-340

Damages Exceed Three Million From Storm

Huge, black ominous looking clouds hovered over Abernathy last Tuesday night and left a trail of destruction. Abernathy was pounded with marble to golf ball size hail and sheets of rain behind extremely high winds of approximately 70 miles per hour.

The storm caused insured damages exceeding three million by shattering windows, stripping leaves from trees, hail damage to cars, businesses and causing extensive damage to area crops.

The 2½ inches of rain received in the short period of the storm, caused many areas in and around Abernathy to be flooded. Those that were not stranded in the storm sought shelter for their vehicles and then themselves in cellars throughout town.

The biggest and most destructive factor of the entire storm was the enormous amount of huge hail that pelted the city. Most of the town received ½ foot of hail and in some places it stacked up to two feet drifts.

Most of the buildings and houses in Abernathy were damaged receiving broken windows, mostly on the north-west sides, and rain damage after the

windows were broken.

Two Tornadoes were sighted at Shallowater and one earlier at Anton, before the storm even reached Abernathy. No twisters were reported to have been sighted in Hale County.

Damages Reported

Damages were reported all over the Abernathy area.

In Abernathy, the storm disrupted electrical service for about 25 minutes. Southwestern Public Service had a huge work load as hail beat the insulation off many electrical lines. Several street lights and guard lights were not working properly following the storm.

Bill Elliott reported that he was receiving two dozen electrical service calls a day for the first two days after the storm and about a dozen a day by Friday, and they were still coming in. He also stated that the lightning and hail made some of the jumpers cut off on the transformers.

Abernathy School received extensive window damage, 324 window panes were broken and quite a bit of roof damage was reported. In three or four

air conditioners, hail damaged the condensers. Some vehicles also received damage at the school.

At the City Library some of the panelling fell down and will have to be repaired. There were some roof damage to City Hall and the roses in front were beat to the ground and ruined.

The insurance companies over town report more claims than they can handle and they are getting to them as fast as they can. Richard DuBose Insurance has had six adjusters working and they haven't made a dent in their claims. DuBose estimated that their claims would exceed 1 million. They have had 300 to 400 claims filed.

Steve Miles said, "The houses are the bigger dollar damage, and will run \$200,000 damage or may go to ½ million dollars damage." He has had 80 to 90 reports of auto and house damage. He has been filling out reports until 11 p.m. at night and been on the phone from 6 a.m. til 11 p.m. constantly since the storm hit.

Hubbard reports 300 property and auto claims, which he estimated will run around \$300,000 to be paid out in

insurance claims. They are working from 8 a.m. to 10 p.m. and worked through the weekend.

Givens Insurance reported having approximately 120 claims filed which he estimated would total \$200-\$250 thousand in insured losses. He also stated that nearly every roof claimed was completely totalled.

Shipman Insurance Agency has had about 400 claims turned in which were for 700 to 800 houses and autos insured. The loss runs around \$2,000 on each vehicle insured. Shipman estimated that approximately 1 million has been claimed on roofs, autos, and houses.

No Fire runs were made in connection with the storm.

According to Police Chief Raymond Naron, hail blocked off the underpass in the underpass in the middle of town on I-27.

Total For Month			5.30 Year 7.57

Hale County, which has had recorded production since 1946, last year produced 5,412,395 barrels of crude oil and condensate at the rate of 14,829 barrels per day. Production in 1981 boosted Hale County's production total through the end of the year to 121,302,380 barrels.

Lubbock County, which has had recorded production since 1941, last year produced 1,625,981 barrels of crude oil and condensate at the rate of 4,455 barrels per day. Production in 1981 boosted Lubbock County's production total through the end of the year to 19,814,539.

to more than 46.6-billion barrels of crude oil and condensate.

Avery Rush, Jr., of Amarillo, chairman of the Dallas-based Association, noted that although the production decline continued last year, the 1981 decrease reflected a slowing in the rate of decline. It was the lowest percentage drop in the past five years.

"It is very encouraging to see that the unprecedented drilling activity of the past two years is beginning to have a positive effect on Texas production," Rush said. "Only by increasing our reserves can we eventually turn around our production decline. And the only way to increase reserves is by drilling," Rush said.

Public Hearing On TABS Results Monday

A public hearing on the results of the Texas Assessment of Basic Skills (TABS) test will be held at 7:30 Monday night prior to the June 7 school board meeting at 8 p.m.

Parents wishing to see the overall results of the test and how Abernathy students rank on the state level, should attend this public hearing to be held in the board room of the School Administration Building.

Individual student results have been mailed to parents. This hearing will reveal what areas, if any, Abernathy students are having trouble with and those subjects students excel in.

Democratic Runoff Election Saturday

Those wishing to vote in the Democratic Primary runoff election Saturday, June 5 can do so in Cotton Center. There will not be a local voting booth for those in Hale County voting precinct nine.

Lakeview and Happy Union voters can vote at Petersburg in the Petersburg Community Center.

Film Day At The Library Friday

Film day will be held Friday at the Abernathy Library. Everyone is invited to view several films that will begin at 2:30 p.m.

Films for Friday, June 4 are: Donald's Nephews-21 minutes; Brats (Laurel and Hardy)-21 minutes; The Making of Star Wars (hosted by R2-D2 and C-3PO)-53 minutes.

Oil Production Up For Hale And Lubbock Counties

The 10th consecutive year of production at the maximum efficient recovery rate is nearly all of Texas' oil and gas fields pushed the state's output of crude oil and condensate last year to nearly 929-million barrels.

The total of 929,710,351 barrels included more than 897-million barrels of crude oil. Figures compiled by Texas Mid-Continent Oil & Gas Association also indicate that more than 31-million barrels of condensate were produced.

Texas' drilling boom, spawned by crude oil price decontrol, continued last year. Figures from the Railroad Commission's Oil & Gas Division showed 24,998 new holes drilled in the

state last year, a 18.1-percent increase from the 1980 total of 20,490 wells. Oil completions stood at 15,627, up 21.2-percent from 1980, while drilling applications jumped 17.8-percent between 1980 and 1981. A total of 47,940 applications were received last year, compared to 39,442 in 1980.

Last year's crude oil and condensate production total was 31.6-million barrels below the 1980 figure, a decrease of 3.3-percent. It marked the ninth consecutive year of a downward trend since Texas' output peaked at near 1.3-billion barrels in 1972. However, 1981 production from the nation's No. 1 petroleum producing province pushed the all-time cumulative total since 1866

ON THE COUNTY LINE

BY: KETH TOOLEY

I WOULD SAY I can sympathize with the farmers of this area, who's crops were destroyed last Tuesday night in the hail storm, because my garden was completely demolished.

But there is no way I can.

A farmer's future welfare depends on the livelihood of his crop, and to have your entire crop destroyed to the point of replanting, is probably a traumatic experience in which farmers have to weather.

But considering the work I put in on a very small garden, to imagine a section or two to take care of and worry about, would be hard to handle.

And farmers have come to accept the hardships of nature. They will hang in there and replant all over again. It is this determination that makes a farmer unique and highly respected in any farming community.

I WAS READING AN ARTICLE that Steve Miles brought to me last week. It was an editorial in Beef magazine and I found the contents to be very interesting.

The editorial was by Robert O. Anderson, chairman of the board of the Atlantic-Richfield Company. The article was titled, "Inflation May Be The Price Of Freedom".

Anderson states in this editorial, that in order for the U.S. to maintain the highest standard of living on earth, and to continue having the numerous opportunities available to us, inflation may be the price.

He states that third world countries are re-examining their thinking concerning a collective society as opposed to a do democracy, and are finding that the later is the most viable.

Marxist countries have full employment because everyone is told where to work. These countries have relatively low inflation, but they are faced with a

declining standard of living.

Anderson added that Marxist countries are going broke. At best they are holding their own or sinking. There's not one that is capable of feeding itself. They get their food principally from the U.S. And these countries naturally assume that the U.S. will supply them with what they need in the future.

America is the principal food supplier for the world. Anderson ends his message by stating that in the past, three "tractors" normally looked at to pull us out of the economic mud, have been the automobile industry, housing and retail trade. Those three tractors are idle today. Three other tractors could have done the job in their place. They are energy, defense and agriculture. Of those, he pins his hopes on Agriculture.

Anderson made several good points in this article. We can conclude that because we have the highest standard of living in America, we have to pay some price. The price we have to pay is inflation.

I would rather have inflation at its greatest and have the present standard of living, than live in a Marxist country. Free enterprise encourages Americans to succeed as we can choose our own destiny. And there is no limit to what we can achieve.

The second and most important point of the article, is that agriculture may be the best thing going for America. We are the principal supplier of agricultural goods to the world.

It is nice to be on top. Americans should be grateful to the farmer for hanging in there and making this position of power and control possible for the U.S.

America's greatest asset for maintaining peace and power, may truly be agriculture. And it all starts in small farming communities such as, you guessed it, Abernathy.

SUKE MORELAND stands near a two foot pile of hail against her fence following the storm that hit Abernathy last Tuesday evening. It looked as if it had snowed on Abernathy following the storm as hail piled up ½-foot high. (Review Photo)

On Keith Lambert's place, 6 miles southeast of Cotton Center, the hail damage was severe and they are re-planting 80 percent of their crop and they started replanting Monday.

Mrs. Glenn Reagan said they are replanting all their crop on their farm 6 miles north and 1½ west of Highway I-27. At their farm near highway 54, they lost their wheat and the cattle had to stand out in all that hail. The jackrabbits and birds were killed by the hail also. It was a really severe hailstorm on Highway 54.

Mrs. Dale Arthur lives 10 miles east of Abernathy and some of their farm starts 6 or 7 miles east of Abernathy. They had little hail damage and were some of the more fortunate ones.

Mrs. Corbett Barrick who lived 5 or 6 miles west of Abernathy, was on the edge of the hail storm. The hail was golf ball size but it didn't ruin their

crop, which is south of highway 597. The crop wasn't up so it survived the hail.

Perry Looney, who lived 5 miles east of Abernathy and three miles south, had everything completely destroyed. Their fruit and cotton was a complete wipe-out. He was replanting cotton Monday and would decide each day how much cotton to plant and might plant something else on part of it. The strip of severe hail was several miles in each direction from Abernathy.

There are some corps left around New Deal, the hail wasn't as bad in that area.

DEADLINE
MONDAY 4:00 P.M.

THE NORTH FACE of many houses in Abernathy received heavy damage, such as the house pictured in which the paint and outer surface were removed as well as the windows and panes broken. (Review Photo by Manny Martinez)

Hazel Toler Selected ABWA "Woman Of The Year"

Hazel Toler was selected "Woman of the Year" when the Golden Spread Chapter of the American Business Women's Association of Lubbock met Wednesday night, May 19 at the Lubbock Women's Club at their annual Boss Night Banquet.

President of the Lubbock Chapter, Lisa Harvey, presided at the banquet. She was assisted by Mrs. Lela Lewis, Boss Night Chairman.

In the receiving line was Lisa Harvey; Debbie Holt, Vice-President; Anabelle Myers, Recording Secretary; and Hazel Toler, Corresponding Secretary.

Speaker of the evening was Billy Russell and the vocational was given by Wanda DuBose.

Scholarship awards were then presented by Lily Wright to four ladies receiving \$250 each. Lea Skipper of Abernathy, and recommended by Hazel Toler, was one of the scholarship recipients.

Hazel Toler was nominated for "woman of the Year" by a committee of several women in the organization who felt that she was the most qualified person to receive the award.

Service To ABWA And Community

Hazel works at the Abernathy school cafeteria as free-lunch bookkeeper and has for fifteen years. Before that she worked as nursery supervisor of Abernathy First Baptist Church for 20 years. While her children were in school, she worked with the Girl Scouts and band boosters.

Hazel has been a member of the Rebekah Lodge for 25 years and has served a noble grand, district deputy, as president and past-president of the Ladies Auxiliary Patriot Militant of Texas. She has received the Declaration of Chivalry which is the highest honor that a Rebekah can receive and was awarded a certificate of Merit in

1981 for outstanding community service.

Lily Wright sponsored Hazel as a member of the Golden Spread Chapter of A.B.W.A. in September, 1970. Since then Hazel has been faithful in attendance, never seeking recognition or attention, just serving when and where she was needed.

Hazel is the corresponding secretary this year. Her personality is outgoing in friendliness and helpfulness in all chapter activities. Her word is as good as a written contract, with honesty and integrity of character.

Hazel has served as chairman of the Educational committee three different years and has served on the Ways and

Means, Courtesy, and Hospitality committees. She has been on the kitchen committee for our bingo, served as bingo waitress, puncher, and worked on getting many ads. She takes her turn at the bazaar and donates many items to sell.

She is active in taking part in skits at teas, registering guests, serving as hostess and always ready to pin on the flowers.

Taking all of the above services and credits into consideration, Hazel was selected "Woman of the Year".

Hazel and her husband, Marvin, reside at 612 8th street, Abernathy. They have two daughters, Margaret of Abernathy and Geanie of Dallas.

"WOMAN OF THE YEAR" as selected by the Lubbock chapter of the American Business Women's Association, was Hazel Toler of Abernathy. Hazel was presented the award for her services to Abernathy and the A.B.W.A. chapter at the annual Boss Night Banquet.

Abernathy Participates In Rural Infant Education Program

Abernathy community is about to join other communities in a nine-county area which receive the services of a homebound teacher provided by Central Plains MH/MR for children from birth to three years of age.

Central Plains MH/MR recently received additional grant money for its Rural Infant Education Program (RIEP) and is able to reach new towns in the region it serves (Bailey, Briscoe, Castro, Floyd, Hale, Lamb, Motley, Farmer and Swisher).

The children who are the special concern of the Rural Infant Education Program are those who need education and habilitation because they are physically and/or mentally handicapped or because they are high risk infants. They must be in the age range of newborn to

three years of age and live in one of the nine counties served to receive help.

The program itself is geared to teach parents and their children in the following areas: daily living skills (such as dressing, feeding and toilet training); gross motor skills (physical abilities, like sitting alone, crawling, walking, etc.); fine motor skills (grasping and releasing objects, use of small muscles to manipulate objects); language (beginning with the development of cooing and babbling and learning to speak in sentences); cognitive skills (developing thinking skills and problem-solving skills); sensory training (training in developing the five senses), and many other areas, according to the child's needs.

Mrs. Pam Baker, the homebound teacher who will

serve this area, explains the services also include a transdisciplinary assessment by a team of professionals working with the parents. Mrs. Baker said the team includes a speech pathologist, physical and occupational therapists, a physician, a social worker, a psychologist and an education specialist.

In explaining the focus of the program, Mrs. Baker said a high risk infant was one "born as a result of a problem or high risk pregnancy. Often the mother is under 17 years of age or over 35."

"Sometimes, too, there are problems with diabetes or high blood pressure in the mother, or a family history of inherited disorders. In some instances," the teacher continued, "there might have been a structural problem in the mother's pelvis, or the mother might have been very underweight or overweight. Sometimes a mother and child do not have the same RH blood factor and there are severe problems at birth."

Then, of course, there are infections, addition or consumption of drugs, a history of previous miscarriages or stillbirths or unwanted pregnancies—all of these are risk factors."

Those are some of the

problems in a pregnancy that may bring a child to RIEP. Others are present at the birth itself.

"If a child is premature or has a very low birthweight," continued Mrs. Baker, "there may be a slower than normal maturing process. We can help to stimulate the child to achieve his or her best. Sometimes, at birth, a child doesn't breathe at once and the deficiency of oxygen can injure him. Other conditions include breech births, the unusually large size of an infant or even an extremely long labor. Cesarean sections often mean some complications in the health of the infant."

Mrs. Baker also said that, during the first four weeks of life, a child may become one designated "high risk" because of serum bilirubin over 20 mg 100 ml or an exchange transfusion, a toxic mother, maternal diabetes, sucking or swallowing difficulties, failure to thrive, convulsions, cyanotic attacks or severe apneic spells (babies sometimes "forget" to breathe), PKU, abnormal neurological signs of severe illnesses and injuries.

Mrs. Baker noted that, during the postnatal period, a single parent or a very young mother) under 17 years of age) may have

special problems with a newborn. Additionally, the premature child or a sick newborn who has had a long hospital stay, a child from a large family or from low socio-economic class, or one who suffers from physical or emotional abuse—all may benefit from the specialized educational techniques offered by the program.

"Sometimes neighbors or relatives see poor mother-child interaction, know of a history of psychiatric illness in one or both parents or see a child with injuries or severe illnesses. Sometimes they just note the peculiar appearance of a child and think, 'Isn't that too bad. I wish there was something I could do.'" Mrs. Baker said. "That's why the Rural Infant Education Program was begun. We can come and help families get adequate medical care or counseling and training for that very special child who is important to all of us."

Mrs. Baker urges anyone interested in the program to contact the Mental Health Office nearest his home (Plainview at 293-2726) or write to the Rural Infant Education Program at 214 W. 11th Street, Plainview, Texas 79072.

Pressure Canner Clinic Saturday

Saturday, June 5, between the hours of 8:30 a.m. and 5:00 p.m., at the Agriculture Center is the time that we want all Hale County homemakers to take advantage of the Pressure Canner Clinic, have your canners tested and pick up the latest canning and freezing publications. The price for testing each canner is \$3.50 and this will be the only time during this year that canners will be tested, states Mrs. Wymon Mayes, County Extension Agent. All publications are free and they are available for can-

ning, freezing, pickles, jams, jellies and preserves.

Methods and techniques in home canning and freezing are constantly being improved and simplified, with the result thousands of our young women have become experts in home canning.

There is no accomplishment which is more satisfying than the beauty and colorfulness of delicious home canned fruits and vegetables, piquant preserves and jellies and tasty mouth-watering meats, states Mrs. Mayes. All the delicious flavor is preserved

and can be used in meals with family and friends during the remainder of the year. Canning is hard work, but does have rewards.

Canning is an art all its own and the satisfaction of knowing you have accomplished it is so rewarding. Don't forget to take advantage of the Pressure Canner Clinic, Saturday, June 5, Ag Center, beginning at 8:30 a.m. It will be to your advantage to have your equipment in good working order when it is time to harvest those fruits and vegetables in your garden.

This and That

By Helen Wade

Some weeks there just isn't much to write about...then the phone will ring and someone has something to share with you about their visits, visitors, other information or just something nice that makes your day.

Everyone has been very helpful and cooperative to me and I appreciate all the help you have given me.

The hail and storms were very severe in parts of the South Plains and Abernathy didn't miss the storms. The damages were severe in many parts of town. Broken windows, screens, autos and roofs suffered intensive damage. Trees, flowers, and gardens also were beaten up or totally destroyed. The

crops in and around Abernathy were either damaged or a complete loss. To my knowledge this is the worst hail storm Abernathy has had in the 35 years I have lived here.

Congratulations to the seniors who soon will be starting a new life. Some will work, some will go on to school and some will get married.

Mrs. Florene Patterson of Abernathy and her sister Bobby Jane Attebury of Tulsa, Oklahoma flew to Phoenix, Arizona Friday for the wedding of their niece Laurie Hill.

Talking to R.C. Patter-

son, Jr. on the phone, I learned he had lived in the Abernathy area since 1918. He said they moved into town from the country in 1959. R.C. said, "The hail was the worst, property-wise, he had seen in Abernathy." He had seen some pretty bad hail storms while living on the farm."

R.C. and Florene bought Mrs. Bertha Wade's house and they have really been doing a lot of work on it. R.C. showed Omer and I around it the other day and they sure have it looking pretty. He invited us back to see it when it is finished.

As I pulled into my service station, I realized they were closed, so I was going to fill it up myself and a young man asked me if he could fill it up for me. He was just waiting there for someone he worked with after he had gotten his pickup filled. There are a lot of nice folks in and around Abernathy.

Young Homemakers To Meet June 12

The final meeting of the Abernathy Young Homemakers will be Saturday, June 12 at 1 p.m. Mrs. Marie Adkisson will be the guest for this meeting. She will give a demonstration on money saving tips and recipes in the kitchen.

The public is invited. The

demonstration will be in the Homemaking Department at high school. It is free.

Anyone wanting more information may call Marilyn Stone or Teresa Jackson.

The next meeting of the Young Homemakers will be in September.

County Line Chit Chats

By Faye Ann Nelson

We really enjoyed the rain but we sure did not like the hail around County Line. Mr. and Mrs. Raymond Davis, Mr. and Mrs. Marvin Floyd, Mr. and Mrs. Dee Moralez and Mr. and Mrs. Howard Allen all lost windows in the storm. It hit the storm windows and went on inside and broke the inside

windows.

The hail balls we saw falling were the size of baseballs, and it sounded like an elephant stomping on the roof. So far we have 5 inches in our rain gauge. It got broken after the hail hit it. It left enough numbers on it to measure.

Buddy and Mary Lynn Rice sure built a nice room on the north side of their house. They have a big nice kitchen and dining room now.

Buddy has two old pennies to show he was sawing a piece of plywood for the cabinet and his electric saw hit some metal and he said some copper went flying out. He picked it up and it was two pennies that someone had put in the plywood. It is a mystery and he does not know how long they have been there.

They said they had room for the grandkids and children to all sit at one table now.

Do We Expect To Much Of Our Pastors? (They are just human)

People think: He should preach like Charles Allen? He ought to look like Rock Hudson. He should counsel like Tim Lahaye. He should practice public relations like Madison Avenue. He should pray like Saint Paul and study like Augustine. He should administer like the President of General Motors. He should be a workaholic and have the patience of Job.

Quoted From Ed Robb Paper "Challenge"

Mr. and Mrs. Les Cox, brother of Mrs. Noble Rice, came in Friday for a visit with Mr. and Mrs. Noble Rice.

Still working on the Quanah High School Reunion. We met in Lubbock at the Mall Friday. Mrs. Allen Kellum, from Silvertown and Mrs. Clement Graham of Lubbock and myself. We still cannot find all of our members. Lack 13 out of 95 finding all of the 1934 Quanah High School graduates.

We were talking to Newt Logan, of Chris's Drug, and he said so many Quanah people live in Lubbock that we should have a Quanah get-together there. So we may just get together and start one. Who knows.

Congratulations to our seniors that graduated from County Line. Don Barron, Theresa Norman and Benny Bennett. We wish them lots of success in their future.

Surely we miss Buford Davenport's column. I still miss him as editor of the

Consumer Education Project

A 4-H Consumer Education project will be conducted Thursday, June 3 at the Southwestern Public Service Reddy Room in Plainview. The one day project will begin at 9:30 a.m. and will continue until 3:30 p.m. All 4-H'ers interested in completing a consumer education project are asked to call the extension office 293-8481, ext. 271.

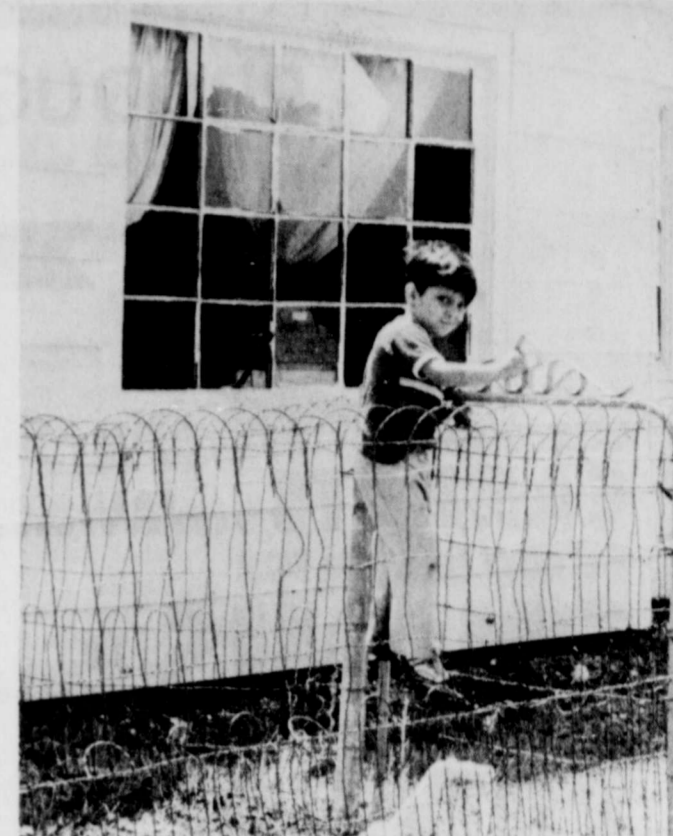

Each member is asked to bring a sack lunch. Drinks will be provided.

The project will be conducted by Marie Hooper, senior 4-H'er from Halfway.

Stone-Gilmore Place At TSTI Rodeo

The 12th Annual Intramural TSTI-Amarillo Rodeo was held Saturday, May 15, at the campus rodeo arena.

Current and former students, faculty, and staff participated in events including Calf Roping, Bareback Riding, Saddle Bronc Riding, Chute Doggin', Bull Riding, Barrel Racing, Goat Tying, Pole Bending, Res-

BROKEN WINDOWS all over town following the storm last Tuesday night. In the top photo, a boy observes broken windows in his house. In the bottom photo, two men repair a set of windows. (Review Photo)

Harvey Gilmore of New Deal.

In the Team Roping event, Barry Smith of Friona and Ray Stone of Abernathy took first place, C.C. Light of Amarillo and Donnie McIntyre of Dumas took second place, and Jackie Busby of Perryton and Barry Smith took third place.

Abernathy FFA Rated Superior

The Abernathy Chapter of Future Farmers of America received a superior rating at the area convention, May 7 and 8.

The area FFA Convention, held in Lubbock, rated Abernathy the superior FFA in the whole area.

Applications at the area level that were approved were as follows: Collins Miller, first for Farm Power Mechanics; Alan Pettit, first for Swine Proficiency; and Van Riley, member of the Young Farmers, first for

Appraisal District Meets Today

The Directors of the Hale County Appraisal District will meet at the Central Appraisal Office, 302 W. 8th, Plainview, Thursday, June 3, at 8:00 p.m. for the purpose of discussing those matters which affect the administrative, business, and personnel operations of the Hale County Appraisal District.

This meeting is open to the public, and the minutes will become a part of the public records of the Hale County Appraisal District.

* Your Super Savings when you purchase a new John Deere Tractor during June and pay cash—or finance (without waiver) or lease from Deere

These Super Savings are paid directly to you by John Deere, beyond any discount from tractor purchase price made by your dealer. Super Savings at this level will only be offered during June, 1982, and the offer may be withdrawn at any time. Make your choice from the most popular line of tractors in North America. However you choose to close the deal—paying cash, financing (without waiver) from Deere, or leasing from Deere—you'll reap the Super Savings in John Deere money listed above. Your money will be mailed to you after your dealer makes delivery. You can apply your savings against new tractor payments, on matched working equipment, or spend it for goods or services offered by John Deere dealers. Act promptly to get these unbeatable savings.

(John Deere finance and lease plans subject to approved credit.)

COTTON TALKS
FROM PLAINS COTTON GROWERS, INC.

LUBBOCK, Friday, May 28, 1982

Changes in the grade and staple discounts that will be applied to the most common qualities in the 57.08-cent base Commodity Credit Corporation loan in 1982 range from decreases up to 60 points on the higher grades of cotton stapling an inch or less to increases of up to 225 points in the lower grades of cotton stapling above an inch.

Micronaire discounts in all groupings above and below 3.5 to 4.9 show an increase over last year, from 35 points on 3.3 and 3.4 to 65 points on 2.6 and below.

Almost all qualities of cotton stapling an inch or less and grading Low Middling Light Spot, Strict Low Middling Spot, Middling Spot or above will be dis-

counted less this year than last. And even in the lower grades of these staples, discount increases are mostly in the 5 to 100 point range.

On the longer fibered cotton there are no discount decreases. Almost all grades of these staples below the Strict Low Middling 1-1/16th inch base show greater discounts, and qualities above the base will receive smaller premiums than in 1981. By far the largest changes in quality differentials came in these longer staples, as evidenced by the averages of premiums and discounts applied to the predominant qualities.

The average change on inch and below cotton classing above Low Middling Spot comes to an increased discount of about 10 points, as opposed to the average increase in the discounts on the same grades of longer staples of just over 100 points.

USDA has not announced the 1982 loan program location differentials but officials at Lubbock-based Plains Cotton Growers, Inc. say the base loan rate at Lubbock area warehouses most likely will be 57.2 cents, 12 points above the national average of 57.08. The chart below shows a comparison of quality differentials in the 1981 and 1982 loan schedules.

"TOMI" Provides Latest Crop And Livestock Information

For the latest crop and livestock information, pick up the phone and call "TOMI" (Telephone Outlook and Market Information).

During June, TOMI mes-

sages will focus on agricultural coalitions, the Falkland Islands as they relate

to international trade, beef cattle, cattle on feed, the wheat crop, cotton, feed

grains, the dairy situation and integration in agriculture.

Information about these items is available by dialing 713/845-TOMI, points out Ollie Liner, county agent with the Texas Agricultural Extension Service, Texas A&M University System. The telephone system operates seven days a week, 24 hours a day.

Messages are prepared by Extension Service economists, using the latest available information.

Information is updated on a regular basis and the June schedule is as follows: June 1-3 Agricultural Coalitions - Ron Knutson; June 4-7 Beef

Cattle Outlook - Ed Uvacek; June 8-10 Falkland Islands - International Trade-Mechel Paggi; June 11-14 Wheat Crop Analysis-Roland Smith; June 16-18 Cattle on Feed Analysis-Ernie Davis; June 18-21 Integration in Agriculture-Bill Black; June 22-24 Cotton Situation-Carl Anderson; June 25-28 Feed Grain Situation-Roland Smith; and June 29-July 1 Dairy Situation-Bud Schwart.

TOMI was initiated by the Extension Service to provide up-to-date commodity and related information designed to help producers with planning and management, says Liner.

COTTON TODAY
A NATIONAL COTTON COUNCIL SERVICE

FARMERS TO BE FEATURED: Three top cotton producers will share their experiences and views with the audience at the National Cotton Outlook Conference June 15-16 in the Lower Rio Grande Valley of Texas.

Bruce Brumfield, Inverness, Miss.; James Mitchell, Wolforth, Tex.; and Bruce Heiden, Buckeye, Ariz.; will discuss current production problems and technology needed to increase cotton yields and reduce costs.

Conferees also will tour cotton production in the Valley. The headquarters hotel is Bahia Mar, South Padre Island.

EXPORT FUNDS REQUESTED: Cotton Council International President Harold Weeth, Coalinga, Calif., producer has urged Congress to act favorably on a proposal to increase foreign market development funds by \$4.2 million. Testifying before a Senate

Agriculture subcommittee, Weeth also urged a GSM-5 revolving credit fund for agricultural exports be initiated at a level of at least \$1 billion.

During his appearance, Weeth detailed CCI's market development programs to build exports for U.S. cotton.

EXPORT SALES REPORTED: Net new sales of cotton for the 1981-82 marketing year reached 64,400 running bales during the week ended May 13, bringing the season's total commitments to 6,691,000.

Sales for 1982-83 were 3,200 bales. Japan was the largest purchaser in both categories with 64,400 bales for the current year and 63,200 for 1982-83.

EXPORT FUNDS REQUESTED: Cotton Council International President Harold Weeth, Coalinga, Calif., producer has urged Congress to act favorably on a proposal to increase foreign market development funds by \$4.2 million. Testifying before a Senate

NOTICE OF ANNUAL STOCKHOLDERS MEETING

The 42nd Annual Meeting of the Common Stockholders of Co-op Grain Company of Abernathy, Texas will be held **TUESDAY NIGHT, JUNE 8, 1982** at the **ABERNATHY CITY HALL COMMUNITY ROOM**, beginning at **7:30 PM** with fish and chicken catered by **PLAINS & HENS** of Lubbock, and music for your dining pleasure by **MARVIN STEPHENS** of Abernathy.

The business meeting to follow will include the Annual Audit Report, the Manager's Report, and the Election of Two Directors to fill expiring terms now held by Ronnie Hamilton and Wendell Barryck.

You and your family are cordially invited to attend this very important activity of your local grain and fertilizer cooperative. Drawings for door prizes will be held throughout the evening. This is your opportunity to exercise a voice in the affairs of your own "Farmer-Owned and Operated" organization. We sincerely hope that you will make plans to join us for this occasion.

Wester And Jarnagin Compete In Guild Auditions

Wendi Wester and Bobby Jarnagin recently competed in the National Federation of Music Teachers Guild Auditions.

Their instructor, Mrs. Susan Wester, said that the purpose of the Guild is to build a student's repertoire. They must prepare a certain number of pieces from certain periods such as Classical, Romantic, Baroque,

Modern, etc.

Wendi played 10 pieces and Bobby performed seven selections. Although each student is graded against a standard and receives a rating of Superior, Excellent, etc., Mrs. Wester said that the Guild prefers that the rating received by the students is not made public, but that she could say that Wendi and Bobby did ex-

tremely well at the auditions.

Mrs. Wester's students also participated in a recital May 15, which was held in Crosbyton where Mrs. Wester also teaches. Shallow-

water students who participated in the recital were Jana, Michael and Wendi Wester and Bobby Jarnagin, who played one of his own

compositions.

Mrs. Wester has students from several surrounding towns. She teaches regular classical music, but specializes in gospel and religious music.

Sinclair Students Presented In Recital

Piano pupils of Sallie Sinclair were presented in recital May 28.

Participants were Krista Green, Julie Lake, Scott Gilmore, Becky Jarnagin, Mimi Lupton, Kristi Burkes, Staci Anglin, Shannon Forrester, Jay Willson, Dana Blackburn, Shanna Edwards, Sherry Schumann, Tamela Frazier, Lori Jarnagin, Jeff Oliver, Paige Lupton and Melette Westbrook.

Mrs. Sinclair recognized the following achievements:

State gold theory medals - Dena Potter, Lori Jarnagin and Kristi Farley.

State silver theory medals - Jay Willson, Becky Jarnagin and Paige Lupton.

State bronze theory medals - Shanna Edwards, Scott Gilmore, Shelley Williams and Melette Westbrook.

Those receiving state-wide

recognition in piano composition were Paige Lupton, Dena Potter and Shelley Williams.

Receiving certificates of excellence in piano composition were Becky Jarnagin, Lori Jarnagin, and Scott Gilmore.

During the concertsonata contest in Lubbock, Shanna Edwards placed second. Placing third were Mimi Lupton and Melette Westbrook.

Lori Jarnagin, Shannon Forrester, Shelley Williams and Scott Gilmore were awarded ratings of superior or excellent.

Those students playing in the Hymn Playing Festival were Staci Anglin, Scott Gilmore, Shelley Williams and Melette Westbrook. Melette won the honor of performing on an advanced hymn playing program.

Recognized for outstanding work this year was Robin Lesley.

Wests To Celebrate 50th Wedding Anniversary

Children and grandchildren will host a reception honoring the fiftieth anniversary of Mr. and Mrs. H.E. West of 2320 Roberts Street in Vernon Sunday, June 6, at the community room of Olney Savings and Loan Association in Vernon.

Herbert West and Jane Baird were married June 1, 1932, in Roswell, New Mexico. West coached and they both taught in schools in Hobbs, New Mexico, and Ira and Shallowater, before moving to Vernon in 1956, where they taught in local and area schools until their retirement.

West is an active sportsman and gardener, and Mrs. West enjoys volunteer work. They are members of First United Methodist Church in Vernon, the local chapter of Retired Teachers Association and other groups, and enjoy traveling. Special joys

are the grandchildren next door.

Children of the couple are Pat (and husband J.D.) Young of Shallowater, Peggy (and Andy) Anderson of Carrollton, Kenneth of Lewisville, and Eddie (and wife Jan) of Vernon. Grand-

Shallowater Methodist Women Meet

The United Methodist Women of Shallowater met Monday evening, May 24th for the concluding portion of the study "Partners in Pluralism."

The study aimed at making people more aware of the existing conditions in the community as well as global conditions. These conditions include: cultural differences, feelings of racism, human rights and the recognition of Christian responsibility toward any existing problems.

children are Kim Young of Midland; Kenneth Young, who attends West Texas State University in Canyon; Mrs. Barry (Kevin) Millsaps of Memphis, Tennessee; Kyndal May of Carrollton; and Stacey and Jeremy West of Vernon.

Methodist Church Bible School

The First Methodist Church will have Vacation Bible School June 14-18 from 9:00 until 11:30 a.m.

Methodist Church Bible School

All children from age three through sixth grade are welcome to attend.

Kathy Gravett, Mrs. Fannon is the daughter-in-law of Mr. and Mrs. Clint Fannon of Shallowater.

The three hostesses were Mrs. Gravett, her sister, Barbara Geffken of Midland, and Mrs. Shawna Scarborough of Lubbock. There were twelve guest present for the shower, including an aunt, Francies

Improved license testing for motorcyclists can mean a 15 to 21 percent reduction in accidents for riders, according to a study of more than 40,000 California motorcyclists.

ences she has had working with the Campus Crusade on the University of Texas campus. The meeting closed with Silent Prayer.

The next regular meeting will be June 14. Mrs. Ruth Enger will be in charge of the program.

All children from age three through sixth grade are welcome to attend.

Baby Shower Honors Mrs. Lyn Fannon

May 1, 1982 there was a surprise baby shower honoring Mrs. Lyn Fannon of Borger, at the home of Mrs.

Fannon from John Day, Oregon.

After the baby shower, there was also a surprise birthday honoring Barbara Geffken, the daughter of Mr. and Mrs. Fannon.

Students Present Two-Piano Recital

Mrs. Alie Ireland presented her students in a two-piano recital May 27 in the First Baptist Church in Shallowater. Those students participating were Courtney

Boozer, Heather Jordan, Jennifer Deavours, Tracee Garland, Amy Armes, Laurie Kennedy, Camie Enger, April Ireland, Lichele Hopson, Tamara Chandler, Kevin Gravett, Johnna Pointer, Carol Masten, Lisa Bratton, Cynthia Parker, Tammy Byrd, Sheryl Gregory, Ellen Masten, Tonya Armes, Patti Middlebrook, Anna Masten, Debra Byrd, Cami Stanton, and Dawn DuLaney.

Andrea Deavours and Jill Newton performed solos. The evening concluded with four students performing on both pianos. "The Rose" was played by Anna Masten, Tonya Armes, Debra Byrd and Patti Middlebrook. "Nola" was performed by Andrea Deavours, Cami Stanton, Jill Newton and Dawn DuLaney.

MRS. ALIE IRELAND presented her students in a two-piano recital May 27 in the First Baptist Church. (Review Photo)

Boone-Porter Wedding Vows Exchanged

Clarendon First United Methodist Church was the site for a 7 p.m. ceremony Saturday, May 22, uniting Kimberly Ann Boone and William Wade Porter. The Rev. Bill Watson officiated.

Honor attendants were Davona Boone from Shallowater, sister of the Bride, and Terry Allard of Memphis, friend of the Bridegroom.

Parents of the Couple are Mr. and Mrs. Douglas Boone of Shallowater, and Ms. Mable Dean Porter, and Mr. Bill Porter, of Clarendon.

The Church was decorated with Yellow Daisies and Blue Carnations. The Bridesmaids were dressed in dresses of blue and carrying Bouquets of Yellow Daisies.

The Groomsmen were attired in Silver Gray Tuxedos, and wearing Yellow

Carnations as boutonniere. The Groom was dressed in Silver Gray Tuxedo with a black vest, and wearing a White Daisy boutonniere.

The Bride wore a gown of white organza fabric trimmed with rachelle lace with a Queen Anne neckline. The neckline was accented with pearls and lace. The gown had an empire waistline which sloped to a natural waistline in the back. Full rachelle lace sleeves gathered on a Queen Ann cuff adorned with pearls and small sequins. The A-line skirt had numerous flounces creating a front and back bustle flowing to a full chapel length train. Worn with the gown was a camelot headpiece of rachelle lace and pearls cascading to a semi-chapel length veil.

Following the ceremony, the reception was held at the

Clarendon Country Club.

The Bride is now employed at Turner and Jones law offices in Lubbock. The Bridegroom attends Texas Tech and is employed by 1st National Bank in Lubbock.

After a wedding trip to

New Orleans the couple will reside in Lubbock.

The Bride is the granddaughter of Mr. and Mrs. Bill Walker of Shallowater.

Mrs. William Wade Porter

Boy Scouting

Alive And Well In Shallowater

Boy Scout Troop 515 in Shallowater, has reorganized and will recharter soon. The membership rally held May 23 proved that Boy Scouting is still a very important step into manhood.

It was announced that there will be an overnight camping and hiking trip June 18. Troop 515 is presently meeting on Monday evenings at 7:00 p.m. at the Methodist Church in Shallowater.

Scouting is open to any young man between the ages of 11 and 17. Anyone interested in becoming a Boy Scout should contact Hugh Hill, Scout Master at 832-4730 or Tommy Powe, Committee Chairman at 832-4788.

Although Scouting has long been associated with outdoor activities, the program is actually an outlet for many other areas of interest. The new leaders of Troop 515 are busy planning a variety of field trips and activities that should be of interest to the young men of the community.

You can help prevent skin damage by avoiding prolonged exposure to the intense rays of the sun.

WATER

Eliminate the worry of "What's in our water... besides water?"

Removes Chemicals & Organics (Chlorine, Pesticides, Detergents, Bad Taste, etc.) Removes Undissolved Particles (Rust, sediment, discoloration, etc.) Inhibits Bacteria Growth

Your most positive step toward clean drinking water throughout your home. PLUS these added benefits:

Water-related appliances last longer - clean fresh tasting ice cubes - fluffier clothes from your washer - eliminates bath tub and laundry rust ring - plants grow better - aquariums are healthier - less coffee and juice concentrates required and they taste better - reduce spots on dishes and glasses.

Easy to install! Install it beneath your sink

BIRTHS

Mr. and Mrs. Jerry Ledesma are proud to announce the birth of a daughter, Ivy Annette Ledesma, born May 21. She weighed 4 pounds 3 ounces and was 17 1/2 inches long at birth.

Delayne Thomsen went to Colleyville Thursday to be with her parents Jimmy and Jan Isbell. Delayne's sister, Deray, graduated from Grapevine High School, Delayne and her family attended this. She returned to Abernathy Sunday.

Johathan Fulton, a senior at Abernathy High School, is the recipient of a \$2,500 Carr Academic Scholarship for 1982-83 at Angelo State University in San Angelo, Texas.

This scholarship has been awarded to this honor student on the basis of his distinguished academic record and outstanding personal achievements through funds provided by the Robert G. Carr and Nona K. Carr Scholarship Foundation.

Johathan Fulton ranks among the top students in his class and has been active in a variety of extracurricular activities. He plans to major in computer science at ASU. He has served as a class officer at Abernathy High.

He is one of approximately 325 distinguished high school students throughout the state and nation who

have been selected to receive Carr Academic Scholarships for 1982-83. Another 350 Carr Academic Scholarships are being awarded to currently enrolled undergraduate and graduate students at ASU.

This distinctive scholarship program which was created by the late Mr. Robert G. Carr in 1978 will provide approximately \$1,000,000 in academic scholarships during 1982-83

to assist worthy and deserving students to pursue their education at Angelo State University.

Mr. Carr bequeathed to the Board of Regents, Texas State University System, for the use of Angelo State, all of his interest in oil, gas and other minerals with the provisions that these properties be held in trust for the establishment of the Robert G. Carr and Nona K. Carr Academic Scholarship Program.

SWAMPLAND... the Northside Baptist Church lot, much like the rest of Abernathy, became a swampland and following the hail and rains received last Tuesday night. Even tough grass in yards was severely damaged. (Review Photo by Manny Martinez)

Janet Mitchell On WTSU Dean's List

More than 700 students at West Texas State University have been listed on the president's and dean's honor rolls for the 1982 spring semester.

The Dean's List includes 621 students who have earned grade point averages of 3.25 to 3.84 based on a 4.0 scale.

On the President's List are 124 students whose grade point averages range from 3.85 to the perfect 4.0.

Honor roll students represent schools and colleges including School of Agriculture, College of Arts and Sciences, School of Business, College of Education,

School of Fine Arts and School of Nursing.

Students must be enrolled in at least 12 semester credit hours to be included on the honor roll.

The Dean's List includes Janet Mitchell, senior elementary education major of 1709 Ave. H.

Rodriguez "Team Spirit 82" Exercise Participant

Marine Lance Cpl. Roy R. Rodriguez, son of Francisco and Catherine Rodriguez of 308 Sixth, Abernathy, recently participated in exercise "Team Spirit 82" in the Republic of Korea.

He is a member of 3rd Battalion, 12th Marines, on Okinawa.

"Team Spirit 82" was a joint exercise involving military forces from the United States and the Republic of Korea. More than 160,000 personnel and 31 U.S. 7th

Fleet ships were involved in the monthlong exercise.

After three weeks of training "Team Spirit" culminated in a major amphibious assault exercise. Land, sea and air forces from both nations executed a three pronged attack that included a surface assault, a helicopter-borne vertical envelopment and an airborne paradrop to seize, occupy and defend exercise objectives.

Christopher Graduates From South Plains

Denise Christopher, daughter of Mr. and Mrs. H.C. Thornton of Abernathy, graduated from South Plains College Friday, May 7.

She received an associate degree in Applied Science, in Computer Information Systems. She is now employed by Accounting Systems of Lubbock.

ABERNATHY ELEMENTARY STUDENTS, approximately 380, participated in the Junior Olympics Track Meet May 14 and 21. Pictured are students running in the dashes. (Review Photo)

Abernathy Weekly Review

When it rains, it can really pour!

Nobody will tell you that life is very easy these days. It's getting tougher and tougher to raise a family and make ends meet. Inflation and rising prices mean that you must work a little harder to support your family and when it comes to shopping for all the things you need, you've got to be a smart shopper.

Think about that out-of-town shopping trip and all the extra gasoline you'll use. That out-of-town bargain may not be much of a bargain when you

add the cost of gas and the extra travel time.

Also think about the many ways local businesses support your community. They pay taxes that pay for schools, fire and police protection and more. Their charitable contributions to the Scouts and other groups lighten the financial burden on people like you. So remember that there are many reasons for shopping locally that go far beyond good merchandise and good prices. In fact, local shopping is your best deal.

No need to roam... the best shopping's here at home!

ATTEND ABERNATHY HOUSES OF WORSHIP

WEEKLY DEVOTIONAL

The Bible tells us in Ecclesiastes, chapter three, verse one, that, "To everything is a season and a time for every purpose under the heaven." In the following verses it gives many illustrations. These illustrations can be summed up by saying that mankind is going to experience happiness and sorrows, bad times and good times, illness and good health, poverty and pros-

perity, and peace and war as well as a variety of other opposites.

These opposites make up life and must be lived. No person can experience only the good or only the bad all of the time. Therefore, we must learn to deal with life daily. If we exercise faith in God, life will be good regardless of our circumstances.

Tornado Safety Tips To Remember

As spring-like weather approaches, we are again reminded that tornado season is just around the corner.

The Abernathy Police Department and Volunteer Fire Department would like to review the citizens of Abernathy on a few safety tips which should be remembered during this dreaded season of the year.

When a tornado threatens, your immediate action can save your life.

REMEMBER:

1. **TORNADO WATCH**-tornadoes and severe thunderstorms are possible.

2. **TORNADO WARNING**-tornado detected; take shelter immediately.

3. In homes and small buildings, go to the basement or to an interior part on the lowest level - closets, bathrooms, or interior halls. Get under something sturdy.

4. In schools, nursing homes, hospitals, factories, and shopping centers, go to pre-designated shelter areas. Interior hallways on the lowest floor are usually best.

5. In high-rise buildings, go to interior small rooms or hallways.

6. In mobile homes or vehicles, leave them and go to a substantial structure. If there is no shelter nearby, lie flat in the nearest ditch, ravine, or culvert with your hands shielding your head.

7. Stay away from windows, doors, and outside walls.

8. Listen to radio, television, or NOAA weather radio for latest National Weather Service bulletins.

The Abernathy Police Department and Fire Department will have trained spotters observing the approach of threatening weather, should a watch for our area be issued by the National Weather Service.

In the event of possible danger to lives or property, the sirens will be sounded. A "take cover signal" is a high-to-low pitch cycled for three minutes. An "all-clear" signal is a constant pitch lasting for 3

minutes.

Our community warning network cannot be completely effective despite all efforts to improve its coverage and response time. There is always the chance that a tornado will not be detected or that a report will not get through to the National Weather Service.

Nevertheless, our community warning network - complete with spotters, a functional emergency warning center, and sirens - will go a long way toward protecting our community during a tornado emergency.

ACTION FROM JUNIOR OLYMPICS TRACK MEET held May 14 and 21. Hundreds of elementary students competed in the event. (Review Photos)

PARENTS, KNOW MORE about accident-prevention to protect your children from mishaps, advises Diane

Welch, a family life education specialist with the Texas Agricultural Extension Service.

Be aware of -- and alert for -- factors that may cause accidents, such as improper storage of matches and lighters. Aware and alert parents are a major force in preventing child injuries due to accidents, she says.

Let The Rapid Roof System STRETCH Your Roofing Dollars

Save time and energy with RAPID ROOF*
 Conklin's RAPID ROOF is the elastic roofing system made to weatherproof a variety of roof decking substrates. The lightweight, yet rugged RAPID ROOF membrane is many times lighter than conventional built-in roofing. And, deck irregularities that might pose problems for seamed membranes are overcome with the RAPID ROOF monolithic system.
 Over new or remedial roofing, the lower installation costs of RAPID ROOF allow you to invest in quality materials, not expensive labor. You'll also get superior heat-reflectivity in natural white or choose from a variety of SHOW-KOTE™ decorative cover tints.
 The RAPID ROOF system - your shield against the elements. Interested? Write or phone today.

TAKE ADVANTAGE OF care labels attached to clothing -- they've been required by law since July, 1972, and following them will add to the life and

beauty of garments, says Ann Vanderpoorten, a clothing specialist with the Texas Agricultural Extension Service.

TRANSITION

Marvin Newton

Services for Marvin "Boots" Newton, 66, of Anton were at 2 p.m. Tuesday at First United Methodist Church in Anton with the Rev. Wesley Daniel of Littlefield officiating, assisted by the Rev. Gene Crane, pastor.

Burial was in Anton Cemetery under direction of Hammons Funeral Home.

Newton died Sunday at Littlefield Medical Center.

The Rule native had been a resident of Anton for 54 years. He worked in the farming and trucking industry.

Survivors include a son, Gary Don of Littlefield; a sister, Kay Williams of Amarillo; three brothers, F.L. and M.H. of Littlefield and Doyce of Abernathy; two grandchildren; and three great-grandchildren.

Ethel Young

Services for Ethel Young, 88, of 2822 27th St. were at 2 p.m. Tuesday, May 25 in Sanders Memorial Chapel with the Rev. J. Waid Griffin officiating.

Burial followed in the Floydada Cemetery under direction of Sanders Funeral Home.

Mrs. Young died Sunday at a residence on Route 3, Lubbock. Dr. Michael Balch pronounced her dead of natural causes.

She was born in Henderson County on May 23, 1894. She moved to Abernathy in 1918, and to Lubbock in 1935. She was a retired

saleslady, having worked for Dunlaps and Fabric Mart.

She was a member of First United Methodist Church. She was a member of the Philathea class and the Alpha Circle at First United Methodist Church.

Kenneth Shields

Services for Kenneth D. Shields, 49, of Andrews were at 2 p.m. Thursday at First United Methodist Church in Abernathy with the Rev. HB Coggin, pastor of Lakeview United Methodist Church, officiating.

Burial was in Abernathy Cemetery under direction of Chambers Funeral Home of Abernathy.

Shields died Saturday in Athens, Greece, after a lengthy illness. He was attending a cancer institute in the European country.

He was a native of Petersburg and graduated from Plainview High School. He had been a golf professional in Plainview, Eunice, N.M., Littlefield and Reese Air Force Base. He was a veteran of the Korean conflict.

He moved to Andrews in 1968 and married Joann Brown Nov. 27, 1968. He went to Greece May 1.

Survivors include his wife; his mother, Verne of Plainview; a brother, Ray of Nocona; and a sister, Jean Trout of Norman, Okla.

"A GLANCE AT THE PAST"

By Helen Wade

From The Abernathy Weekly Review dated December 24, 1964:

Born to: Mr. and Mrs. Pat R. Attebury, a daughter, weighing 6 pounds 5 1/2 ounces, Dec. 16.

Mr. and Mrs. Richard Havens, a son, Gordon Douglas, weighing 8 pounds 6 1/2 ounces December 21.

Mrs. N.C. Hix started to work in the bank in 1922. Andy Reid began in 1924, Ercell Givens in 1925.

The bank moved to Main Street location. Ercell Givens became president. The bank is one of Abernathy's oldest businesses with 55 years of service.

Foy Hendrix, local route man for Bell Dairy Products recently underwent a knee operation at Lubbock Osteopathic Hospital.

D.E. Barker and Marvin Toler were on a petit jury in 64th District Court, Plainview.

Miss Janice Ann Adkisson and Michael Warner Cope were married at 7 p.m. Saturday, at First Methodist Church. Ed Bryant, minister of the Church of Christ officiated the double ring vows.

Parents of the couple are Mr. and Mrs. Joe Dolph Adkisson of Abernathy and Mr. and Mrs. J. Warner Cope of Parnell.

Mr. and Mrs. Charles Wilson have announced the approaching marriage of their daughter, Sherry Lynn, to Tom Ritchey, son of the late Mr. and Mrs. H.T. Ritchey.

Linda Shipman, of Abernathy, is a member of Treble Tones, select Women's musical group at Wayland Baptist College.

Miss Shipman, 1960 graduate of Abernathy High School, is the daughter of Mr. and Mrs. Furman Shipman of Abernathy.

From The Abernathy Weekly Review dated September 1, 1966:

Jerry Oswalt, 26-year-old Abernathy farmer, was named Abernathy area's

Outstanding Young Farmer for 1966.

A bridal shower is to be given in the home of Mrs. Joe B. Lovelace from 2 until 4 p.m. Thursday, September 1, honoring Mrs. Lane Wade, former Janice Phillips.

Abernathy Parent-Teacher Association will open its season with a meeting at 7:30 p.m. Sept. 13 in the school cafeteria.

L.G. Montgomery, president, invites all parents and teachers to join the P.T.A.

From The Abernathy Weekly Review dated May 8, 1969:

Miss Donna Huffaker is Valedictorian of the Abernathy High School Senior Class of 1969. Her 4-year grade average is 93.97. She is the daughter of Mr. and Mrs. Donald Huffaker.

Miss Annette Adkisson, daughter of Mr. and Mrs. Gid B. Adkisson, Jr., is Salutatorian of the Abernathy High School Senior Class of 1969. Her 4-year grade average is 93.56.

Janet Wade placed 5th in state finals in typing May 3 in Austin.

Mr. Floyd Galloway is her sponsor.

Mr. and Mrs. Jimmy Gragg and Mr. and Mrs. Tommy Walker fished at Possum Kingdom Lake last weekend.

Bumper stickers publicizing Abernathy's 60th Anniversary Celebration August 2, may be obtained from Chamber of Commerce members and at Struve Hardware & Dry Goods.

Mr. and Mrs. R.A. DuBose attended the annual memorial services of the Holly Springs Church and Cemetery in Van Zandt County and Sunday and visited relatives while there.

From The Abernathy Weekly Review dated December 30, 1957:

The Abernathy Music Club met in the home of Mrs. L.J. West Tuesday, December

17, for annual Christmas Guest Night Program. Co-hostesses were Mrs. John Hale and Mrs. Fred Boone.

Hale County is recognized as the number one county in the United States in the production of sorghum.

Ad at Stinson Cleaners in Lubbock: Any sweater cleaned and pressed this week only 9 cents, blankets 49 cents, hats cleaned and blocked 79 cents, plain dresses 49 cents, and men shirts and trousers 35 cents.

Special at McAlister's Friday and Saturday, Jan. 3-4 are crisco 3 lbs. 89 cents, Coca Cola, 12 bottle carton, 39 cents, jello 3 for 25 cents, ground beef 39 lb., Kraft apple jelly 15 cents, and Kimbrell salt 9 cents a box.

Maybelle Neis and Delbert Perkins were married Friday December 20 at 8 p.m., in the Foursquare Church in Abernathy. Rev. Birdie Capps performed the ceremony.

SFC and Mrs. Walter L. Rutledge and son, Richard, of Fort Hood visited here during Christmas in the home of his brother, Buford Davenport, and family.

From The Abernathy Weekly Review dated December 10, 1959:

Barbara Turner led the Abernathy girls basketball to victory over Tahoka as she dropped in 18 points. Diann Owen followed with 12 points.

Three of Abernathy's fine Antelope football players were named as members of the All-District team in a meeting at Olton last Wednesday night.

Running halfback Aubrey Smith was named to the All-District offensive team while outstanding defensive linebacker Harold Thompson and ever-alert Wilton Manley were named to the defensive All-District team.

Those making Honorable Mention on the offensive team included Neal Humphrey, tackles Larry Florence and Wilton Manley, guard Roy Smitherman, center Jack Ingham and back John Brown.

From The Abernathy Weekly Review dated Feb-

ruary 28, 1974: Diamond Shamrock Company magazine lists three men from Abernathy who received awards as follows: Ollice J. Murray, head of the plant operations here, was recognized for 25 years of service. Two other Abernathy Shamrock plant employees listed Jesse Knight, Jr., 15 years, and Dale Powell, five years.

Mitzi West has been named Abernathy High School's 1974 Betty Crocker Family Leader of Tomorrow. Miss West won the honor by scoring high in a written knowledge and attitude examination administered to high school seniors here and throughout the country December 4.

The 1935 Study Club met in the home of Mrs. Arno Struve and they spent a delightful afternoon reminiscing of by-gone-wedding days. Because it was Valentine's Day, the program was a membership participation occasion with each one confessing how they met their husband and giving highlights of their wedding day - even the unusual, the frustrating, the funny, the exciting and the lovely. Many pictures were passed around the wedding dresses, shoes, hats and other mementos were shown.

It was a real fun time and everyone enjoyed sharing the remembered events of one of the most wonderful days of their life. But no one modeled their wedding dress I wonder why?

If "Big City" Life is not for you move to Abernathy. I suppose that Abernathy would fall into the "country town" category. That's what gives it appeal to those who live here. If you need goods or services or entertainment not available in our "Country Town," it is about a 20-minute drive to Lubbock; less than an hour's flight to Dallas; two hours and twenty minutes flying time to Los Angeles; three or four hours to Washington, D.C., and New York City. You can always get away from Abernathy, but it is so good to come home to our "County Town."
