# Child Abuse...The Most Serious Threat To American Children

The following article is a public service by the Abernathy Review through the cooperation of Richard L. Moore, District Attorney. Its purpose is to make you aware of a prosecutor's role, of your responsibility as a resident of this county, and how we can work together to alleviate some of society's problems.

**This Is The Day**

Text: "This is the day which the Lord hath made; we will rejoice and be glad in it: Psalms 118:24"

How was your day as God allowed you to open your eyes to it this morning? Some of us probably said we dreaded it, some disliked it, some took it for granted, but Psalms tells us to "rejoice".

Let me mention three things about today as we "rejoice" in it.

1. This is the day to live. Jesus told us he came that we might have life and have it abundantly. No longer need we pursue happiness. We can be happy and joyful as the Holy Spirit reproduces within us the qualities of the very life of Jesus Christ. Let us rejoice and be glad.
2. This is the day to be strong. Even though we do not feel strong as a result of illness, unhappiness, etc., the Bible teaches us that Jesus Christ is the source of our strength. "Be strong in the Lord" and the Lord will be strong in you.
3. This is the day to decide. Of course every day we are faced with many decisions. These decisions vary according to what we are involved in.

Today is the day to decide who we are going to worship and serve. Decision is the factor of all other things of life. If we choose to worship and serve God as Joshua did in Joshua 24:15 then truly we can say about today and everyone following that God allows us to live. "This is the day which the Lord hath made; we will rejoice and be glad in it".

## Mules Take Advantage Of Antelope Turnovers

The Muleshoe Mules took advantage of several turnovers Friday night to defeat the Abernathy Antelopes 34-6 in the first district game of the season.

In the first quarter, the Lopes fumbled the ball on a punt and the Mules took over on the Lope 7 yard line. The next play, a Muleshoe player ran 7 yards for the touchdown. The PAT was good and the Mules led 7-0 early in the first quarter.

The Mules scored again in the first quarter with a 70 yard drive in 9 plays. The drive ended when a Mule ran in from 15 yards out to score. The PAT was bad and the Mules led 13-0 at the end of the first

quarter.

In the second quarter, the Lopes put together an 88 yard drive in 8 plays. The highlight of this drive was a 61 yard run by Chester Cooper who broke loose, out-ran everyone & scored. The extra point attempt was no good and the first half ended 13-6 Muleshoe.

### Second Half

The Lopes were only 7 points away from tying the ball game and it looked as if the Lopes were not going to let the Mules score again. The defense got tough, but the offense was having trouble producing a good drive.

Nearing the end of the third quarter, the Lopes

fumbled again and the Mules took over on the Lope 31 yard line. Eight plays later the Mules scored. The PAT was good and Muleshoe led 20-6 and the third quarter ended.

It was not too late for the

Lopes to come back when the fourth quarter started. But, Muleshoe kicked to the Lopes and they fumbled again on the kick. Muleshoe got the ball once again deep in Lope territory at the 24 yard line. Three plays

later, the Mules scored their fourth touchdown and it was 27-6 Muleshoe.

The Mules scored again in the later part of the fourth quarter on a 56 yard drive. The PAT was good and they won 34-6.

## Muleshoe Stops JV Winning Streak 30-6

The JV Lopes lost their first game of the season 6-30 to Muleshoe last Thursday at Antelope Field. The JV Lopes were undefeated having a record of 5-0 before losing to Muleshoe.

The only touchdown the JV Lopes made the entire game was a four yard run by Billy Rowe. The extra point attempt was no good.

The JV Lopes rushed for 139 yards and passed for 20, compared to Muleshoe's 151 yards rushing and 115 yards passing. The 115 yards passing for the Mules made the difference in the game. Overall, the JV Lopes

had 159 yards offensively to Muleshoe's 266.

The score could have been a lot closer, when looking at first downs. Abernathy had 11 to Muleshoe's 13.

But the Lopes turned the ball over 4 times to Muleshoe's 1, and had 6 penalties for 65 yards to Muleshoe's 3 penalties for 20 yards.

Leading rushers for the Lopes were Kevin Lester - 13 carries for 51 yards, and Billy Rowe - 15 carries for 49 yards.

In the passing department, Randal Stillwell caught 2 passes for 20

yards. Quarterback Donnie Williamson completed 2 of 10 passes for 20 yards.

John Barraza intercepted a Mule pass for the Lope defense. Mike Torrez punted 3 times for a 30 yard average.

The JV Lopes will take on the Friona JV team today, (Thursday) at Friona at 4 p.m.

## Agricultural Leaders Set Meeting To Study 1983 Farm Programs

A Farm Leadership Conference will be held in Lubbock October 21, 1982. The purpose of the meeting is to analyze the 1983 farm programs and the importance of farmers' participation in them. It is planned primarily for the agricultural news media and officers and leaders of agricultural organizations and commodity groups who will be responsible for disseminating information about the 1983 programs to their members. Leaders of the nation's major farm organizations are expected to be present.

The 1983 programs for feed grains, wheat, cotton, rice and soybeans will be reviewed along with the basic alternatives of each. A comparison of the effects of full participation versus low farmer participation will be made.

The meeting is scheduled to begin at 10 a.m. at Plains Co-op Oil Mill, 2901 Avenue A, Lubbock, Texas. Sponsoring organizations include: Texas Association of Cotton Producers, Grain Sorghum Producers Association, Texas Corn Growers Association, Texas Wheat Growers Association, Texas Soybean Association, American Rice, Inc. and Women Involved in Farm Economics.

The Soybean Association asks farmers and others to take an active role to help insure congressional and presidential approval of anti-embargo contract sanctity legislation. This will help regain U.S. credibility around the world, expand farm exports, create more jobs and return profitability to U.S. agriculture.

LUBBOCK, Friday, October 8, 1982

In response to questions from cotton producers, Lubbock-based Plains Cotton Growers, Inc. has asked USDA's Analysis Division for the reasoning behind the Department's projection of a 12.8-cent price deficiency payment on cotton in 1983.

The answer, whether one agrees or disagrees not only is interesting, PCG officials say, but also could be of use to producers soon to be deciding whether to put cotton into the loan in hopes of better prices to come, or sell at harvest "for whatever pittance may be offered above the loan price."

The deficiency payment in 1983 will equal the difference between the 76-cent target price and the higher of (1) the 55-cent national average loan rate or (2) the weighted average market price received by all farmers during calendar 1983.

So, unless next year's prices rise significantly above levels seen thus far in 1982, the 1983 deficiency payment will be at the maximum 21 cents per pound—the difference between 76 cents and the loan. The average price paid to farmers for cotton has not been above the loan price since November of 1981 and not many in the industry are willing to predict much improvement within the next 12 to 18 months.

Yet USDA, by projecting the 1983 deficiency payment at 12.8 cents, in effect is estimating that the 1983 average price paid to farmers will be 63.2 cents, over 6 cents above the current 57.08-cent loan and 8.2 cents above the 55-cent 1983 loan rate.

The Department lists four factors they say favor a higher average price to farmers next year, with no indication as to which of the four might have the greatest influence.

First mentioned was the likelihood that cotton sales in 1983 will be heavier in the latter months of the year due to this year's below-normal production, increasing demand in 1983, and expectations for a more normal crop next year. Thus if USDA isn't miscalculating, higher prices during the second half of the year will carry more weight in the annual average than the low prices foreseen for the earlier months.

### COTTON TODAY

**83 COTTON PROGRAM ANNOUNCED:** National Cotton Council President Ed Breihan says USDA's cotton acreage reduction program along with advance payments should help bolster sagging farm income. He pointed out that the Council's Board of Directors in September requested the Secretary to use all tools at his disposal to reduce cotton's carryover to not more than 3.5-4 million bales as soon as practical.

Breihan's comments came after announcement by Agriculture Secretary John Block this week of a 20 percent acreage reduction program and a voluntary paid land diversion program of up to 5 percent for the 1983 upland cotton crop. Producers may request 50 percent of their projected 1983 deficiency and diversion payments when the program sign-up begins October 1.

**CONTAMINATION IS CONCERN:** An increasing number of textile mills are asking for help in solving cotton contamination problems, the National Cotton Council's manager of processing and technology said this week. Dr. Andrew Jordan urged cotton producers and ginners to be on the lookout for ways to eliminate the contaminants that ultimately downgrade fabrics and cause financial loss for mill customers.

Among sources of the problem, he said, are: (1) small rubber particles cut from cotton picker dollars by spindles set too close, (2) plastic baling twine used for tying tarps on modules and trailers, and (3) small plastic bags that may be left around gin equipment. Jordan said one contaminated bale of cotton can ruin thousands of yards of fabric.

**COTTON USE EDGES UPWARD:** Cotton use during August continued to improve slightly as U.S. mill consumption totaled a seasonally adjusted annual rate of 5.2 million bale

equivalents. National Cotton Council economists said this was almost 1 percent above July's revised rate, but 9.5 percent below the same month last year. Cotton's share of total fiber use stood at 24.3 percent, compared with 24.7 percent in both July of this year and August, 1981.

The porcupine fish is covered with protective spines. For added protection it fills itself with water so that it resembles a prickly balloon.

Second, the Department expects the 1983 acreage reduction program, with a 20 percent voluntary reduction requirement and an additional five percent paid acreage diversion, to have a favorable effect on prices.

Third, Department analysts point to the extremely small Texas-Oklahoma crop this year and reason that a higher than normal percentage of the cotton sold in 1983 will be in the upper range of qualities, which command a better price.

The fourth factor, and the one which PCG officials think may be the most potent, is the strong possibility that combined 1983 domestic and export demand will exceed 1983 production by a million bales or more. If so, USDA says, we're going to run out of 1982 crop cotton before the 1983 crop becomes available, forcing buyers to meet their needs out of loan stocks. And when that happens, the thinking goes, the carrying charges on loan cotton will exert upward pressure on the market price.

## Aerating Farm Stored Grain Important

Stored grain should have air circulation to minimize molds, bacteria and insects, which are responsible for loss of grain quality. Cooling the grain limits these factors, thus reducing deterioration.

Uniform cooling of the grain is necessary. Significant differences of temperature in a bin of grain can cause moisture migration and condensation which greatly increases the risk of grain quality loss. The colder the outside temperature, the greater the need for aeration to stabilize temperatures in the storage bin.

Adequate aeration may be obtained with a continuous, low airflow system. The airflow rate may be as low as 1/10 cubic foot per minute per bushel of bin capacity. Begin aeration when the bin is being filled. This will

remove any excess heat and moisture not removed in drying and cooling prior to storage. In the fall when mean daily temperatures show a steady decline, aerate whenever the mean daily temperature is 10 degrees cooler than the grain temperature. Continue until the average grain temperature in the bin is about equal to the outside air temperature.

This is the first in a series on farm stored grain. For additional information contact Greg Cronholm, Extension Agent-Entomology at the Hale County Extension offices or call 293-8481, ext. 273.

Most of the world's cactus plants live in North America. In Mexico alone there are more than 1,000 different known types.

**Students Get Pictures Taken**

Tuesday, October 12th, students from Kindergarten thru high school "dressed up" for annual School Day Pictures. Senior retakes were also taken that morning.

Blunk Studios, from Oklahoma, started first thing in the morning, working with Elementary and continuing up through High School.

The packet this year consists of one 5x7, two 3 1/2x5's, two billfold and 16 wallet size pictures. The cost was \$8 dollars prepaid on the day of the pictures.

**"Fencing" Favorite Hobby Of Thompsons**

Eric and Kelly Thompson, students of Shallowater High School, have a very exciting and out of the ordinary hobby, they fence. Fencing is the skillful swordplay between two opponents in a designated area or a ring. Fencing has a long, colorful history, dating back to prehistory.

The Thompsons were first introduced to fencing when their mother, Gail Thompson (tired of watching her sons maim each other while fighting with crude wooden swords), entered them in a fencing class at Reese AFB two years ago.

Since then, they have been in numerous tournaments and contests in which they usually do very well. They go to tournaments all over the state as well as in neighboring states.

Eric and Kelly are thinking about starting a fencing club in this area if they can get enough people interested. If you are interested contact them at school or you can call 832-4764, after 3 or before 10 p.m.

This is the first of a series of articles on young people in our community with unique or unusual hobbies.

**Kindergartners Meet Alpha People**

Letter People have invaded kindergarten at Shallowater Elementary School. The Classes of Mrs. Boyd, Mrs. Kerr, and Mrs. Teaschner are becoming acquainted with the alphabet and the sounds each letter makes by meeting characters from Letter People Land.

So far the children have met Mr. M, who has a munching mouth; Mr. T, who has tall teeth; Mr. F who has funny feet; Mr. H who has horrible hair; Mr. N who has a noisy nose;

and Mr. B beautiful buttons and Miss A who sneezes "Achoo."

The children are enjoying the visits and learning phonics at the same time.

**Debate Team Selected "Demonstrative Team"**

The Shallowater Debate team was given the honor of being a demonstrative team at the UIL student activities contest at Texas Tech Saturday, October 2.

The students demonstrating debate were J.K. Brock and Dan Johnston. Brock, a fourth year debater, has received recognition in UIL events during the past three years. Johnston, a second year debater, participated in UIL regional events his sophomore year.

Students from all over the South Plains attended. The one day workshop. There were various sessions relating to extra-curricular activities such as: One Act Play Journalism, and

Speech.

All schools across the nation will debate on the subject: "The United States should significantly curtail its arms sales to other countries." Schools will debate on the same subject so that they can debate other schools that are not necessarily in their district.

Debate is "a formal contest of argumentation when two opposing teams defend and attack a given situation." A team is given a proposition or subject and they either chose to defend or reject the subject.

**WORD of GOD**

Jesus heals a deaf man:  
 And they bring unto him one that was deaf, and had an impediment in his speech; and they beseech him to put his hand upon him.

And he took him aside from the multitude, and put his fingers into his ears, and he spit, and touched his tongue;  
 And looking up to heaven, he sighed, and saith unto him, Eph'ra-tha, that is, Be opened.  
 And straightway his ears were opened, and the string of his tongue was loosed, and he spake plain.

# Senior Spotlight...Charla Cloude And Travis Eubank

"Discretion is seeing as much as you ought, not as much as you can." de Montaigne

**Charla Cloude**  
Senior Spotlight this week includes Charla Cloude, born July 21, 1965. Charla has many hobbies which include dancing and listening to many different kinds of music. She likes country and western music best. When it comes to food, Charla enjoys pizza, lasagna, and steak. She always includes MASH in her TV viewing time and high on her list of movies is Rocky III. When asked to comment on her attitudes and personality, Charla said, "I think I should change my attitude toward some people and try to get along with them." Of her biggest accomplishment, Charla said, "finishing eleven years of school!" She continued, "My Senior year is great fun and a challenge." Her future plans include

traveling.  
**Travis Eubank**  
Travis Eubank, born June 16, 1964, says of his Senior year, "It's great!" When asked what his best accomplishment was, he replied, "I've made it this far!" Travis is happily employed at the Roadhouse Restaurant and enjoys lifting weights and collecting comics, which are his hobbies. Rock and Roll is Travis' favorite listening choice. He tunes in to KFMX for "good listening." When it comes to eating, Travis likes red beans, cornbread, and potatoes. He likes to watch "The Greatest American Hero" and casts his vote for Rocky III in the movie world. Travis plans to attend West Texas State in two years. By Jon Sellers

### 8th Ponies Beat Plains 24-0

The Shallowater Ponies played well in the first quarter, they drove the ball, scored and sat on the lead through the second quarter. After halftime, their intensity picked up and they controlled the tempo for the rest of the game, holding the Plains bunch scoreless the entire second half. Scores for the night were made by Ronnie Barron with three touchdowns, one on a 20 yard run, the next one on a 26 yard run, and

his last on a 28 yard sweep. Mike Ables also scored one touchdown on the night with a 44 yard drive. Ronnie Barron had one interception, and Trenton Chandler and Brian Green both had fumble recoveries on the night. Players of the week are as follows: Offensive Back - Ronnie Barron; Offensive Lineman - Rob Johnston; Defensive back - Damon Holder; Defensive lineman - Trey Boozer; and linebacker

Trenton Chandler. The Ponies will be playing Morton this week at Shallowater. Game time is 6:30. Let's all go out and support the ponies.

## Museum Historian Speaks To Youth

By Sharla Attebury  
Wednesday, September 29, 1982 was not an important day in History, but it is a day that surely won't be forgotten by New Deal's two fifth grade classes.

The Jr. High Library was visited by Keith Hardison from the Texas Tech Museum. Keith gave the kids a little taste of history with his authentic Civil War uniform which was worn during the War between the States.

Hardison is from Tennessee and is just finishing his studies to be a museum curator. He is currently the Commander of the Tom S. Lubbock Camp of the Sons of Confederate Veterans which has one thousand members in 19 camps in Texas. The Sons of Confederate Veterans was founded in 1896. He is also a local and state officer of the Sons of Confederate Officers and has a student membership to the Texas Association of Museums.

He not only dresses the part, but he talks like anyone would imagine a Confederate soldier would talk. Some of his attire is property of the Texas Tech Museum, although his actual uniform, made of 100 percent wool, was made for him in his attempt to "Go History", as he says. He said he has always loved his studies in History, so what better way to teach others about it than to show them.

Hardison explains each detail about his uniform down to the "I" on the buttons of his jacket, which, by the way, stands for Infantry. One would honestly think he was actually a soldier in the War between the States.

He had done research with the state of Tennessee, therefore he has seen and taken part in finding some of the detailed things he describes. He also carried a Springfield Rifle which is one of 3 types used in the War between the States. One of the most exciting parts of his visit was when everyone followed him outside and he gave a demonstration of loading his rifle with gun powder and actually firing it. Two fifth grade volunteers helped him to demonstrate the firing position.

Mrs. Olivia Horn, school Librarian says, "this is the first in a series of programs, to be presented in New Deal's Jr. High Library, by people who have interesting and unusual careers." These programs are 1 part of Learning Enrichment Program being introduced this year in the Library.

Mr. Hardison, thank you for a very interesting visit.

KEITH HARDISON a Historian from the Texas Tech Museum, gave a Civil War talk and presentation at the Jr. High School library Wednesday, September 29. He is pictured in his Confederate uniform with soldier equipment and rifle.

**HAPPY ANNIVERSARY**  
Happy Anniversary this week to Mr. and Mrs. Burley Bigham.

# New Deal Holds Off Morton 22-15

New Deal had never played football against the Morton Indians before and didn't really know that much about them, except that they had a 1-4 win-loss record and were in the same district as the Lions.

Last Friday night was the first district game for both teams and what a game it was. Even though Morton had a 1-4 record, it was no reason not to take the Lions serious. After all, they did have a tough non-district schedule by playing 3A-powers, Denver City and Muleshoe. But forget about the records because its district and its time to play for keeps.

In the first quarter, Morton got the ball and it didn't take long for the Indians to show everybody in Faubion Field they meant business. It took only two plays for the Indians to score as halfback Travis Patton took a pitch from quarterback Ronald Kuehler and ran 26 yards for the TD. Kuehler then kicked the PAT and the Indians were up 7-0 with 23 seconds elapsed off the clock. There was no other scoring in the first quarter.

In the second quarter, the Lions came back and scored on a 9 yard pass from Craig Harrington to brother, Mark Harrington. The PAT attempt failed and the score was Morton - 7, New Deal - 0.

With 53 seconds left in the first half, New Deal

scored again as Craig Harrington ran 4 yards. He then threw to brother Mark for the 2 point conversion and the score at halftime was Morton-7, New Deal-14.

Lion fans, and coaches, were breathing a little easier now as the two bands began their halftime shows. If the first half of this game is what you call exciting, you haven't heard anything yet. As the two teams made their way back on the field, you could feel the tension in the air.

In the 3rd quarter, Morton really made the game exciting when quarterback Ronald Kuehler passed 11 yards to L.V. Hall for the score and the Indians were trailing by one point, 14-13, and were going for 2. Kuehler handed off to Travis Patton and he slammed across the goal line and the Indians were on top as the third quarter ended with the score Morton - 15, New Deal - 14.

In the 4th quarter, the Lions fought back and drove down to the Indians 17 yard line. From there, the Harrington brothers did it again with Craig passing to Mark for the score, and then the same combination added the 2 point conversion and the score was Morton - 15, New Deal - 22.

But wait a minute folks, the game wasn't over yet. The Lions had the ball again and were trying to run out the clock, with a little more than 3 minutes left in the game. Craig Harrington was chased and harassed by the determined Indian defense on a crucial third down situation and trying to keep the Lion drive alive, he threw a pass which was intercepted by Indian linebacker Terry Lynch near the mid-field line, but in Lion territory.

Morton ran and passed their way ever closer to the end zone and found themselves inside the 3 yard line with a first and goal situation. On the first play, Kuehler lofted a soft pass to a wide open Kensey Chansey in the end zone and he dropped the ball.

After two more unsuccessful tries in the end zone, it was 4th and goal and time for one last play. Kuehler dropped back to pass and fired the ball to an unidentified Indian receiver, but as soon as the ball reached its target, Craig Harrington smashed the receiver and the ball popped loose and fell incomplete as time expired.

Final score, New Deal - 22, Morton - 15.

The New Deal Lions will travel to Seagraves to battle the undefeated Seagraves Eagles this Friday night, October 15 at 7:30 p.m. It will be the second district game for both teams.

Everyone who follows high school football know the Eagles are a powerhouse team in class 2-A every year.

## 7th And JV Teams Defeat Morton

We would like to congratulate New Deal's 7th graders for their 38-0 victory over Morton at Morton last Thursday night. Congratulations also go to the Junior Varsity who brought home a 17-8 victory over the Morton Indians. The 8th grade lost to Morton 44-0.

We wish you all lots of luck with Seagraves tonight! A special note to the Junior Varsity team, you've already played Seagraves once this year, take advantage of a second time and Eat Those Eagles Up!! We're behind you all the way!

## Caravan Headed For Seagraves Friday

The New Deal Athletic Booster Club has planned to form a caravan to Seagraves Friday night for the Lion's game with the Seagraves Eagles.

They would like for everyone to join them in the caravan and let the people of Seagraves know the New Deal Lions are in town.

If you missed Tuesday night's meeting and need to know about the time and place to meet, contact Veda Voyles 746-5443. More information will be announced at the Pep Rally Friday.
