Irlbeck To Play For Baylor

Ramona Irlbeck, starting point guard for the Western Texas College Dusters this season, has signed to play with Baylor University next year.

Irlbeck, a native of Abernathy, transferred from Stephen F. Austin University to WTC to play her sophomore year. At WTC, she averaged 13.6 points and 6.2 assists per game and was a .758 free throw shooter. She recorded 87 steals during the regular season.

She earned All-WJAC First Team honors and was on the Region V All-Tournament Team for the 1982-83 season.

The WTC Dusters finished the season with a 26-6 record and took the conference championship.

Coach Joe Cushing commented, "Ramona probably was one of the more exciting point guards we've had here at WTC. We're going to miss her and we wish her all the best at Baylor. I know she'll do the same great job for them that she did for us."

Vickie Teal from New Deal, a two-year starter for the Dusters, had signed to play with Texas Tech University earlier.

Abernathy Overpasses To Be Re-Surfaced

Projects to re-surface 9.5 miles of Interstate 27 in Plainview and two overpasses crossing I-27 near Abernathy, are the subject of bids which were tabulated April 19 by the State Department of Highways and Public Transportation.

The contract was awarded to Abrams, Inc. of El Paso. This company had the low bid of \$29,215,252 of the 15 companies who submitted bids. The amount given also includes engineering costs. Construction will begin on the new asphalt surfacing within the next 60 days.

Lubbock District Engineer Ben Alley

said reconstruction of I-27 from Loop 455 north of Plainview to Loop 455 south of the city would require an estimated 450 work days. Included in the construction time is the re-surfacing of overpasses near Abernathy. Farm to Market Road 597 at the southern edge of the town and a county road at the northern edge are the locations of the overpass re-construction. The asphalt surface will be replaced with asphalt concrete to prevent salt from permeating through the deck of the overpasses.

Alley named V.G. Getty, Lubbock, as supervisor of the projects.

Three Tracksters Advance To Regional

Three members of the Abernathy Varsity Boys Track Team will advance to the Regional Track Meet to be held at Odessa May 6 and 7.

The three District winners who will advance to Regional are Randy Houston, Allen Lester and Ross Bradley. Randy Houston won first

place in the pole vault with a vault of 12 ft. 6 in. and Ross Bradley placed second in the pole vault jumping the same height of 12 ft. 6 in. Allen Lester placed second in the long jump with a jump of 21 ft. 1 1/2 in. Lester also placed fourth in the high jump with a jump of 6 ft.

ADVANCING TO THE REGIONAL TRACK MEET will be, from left to right, Randy Houston-placing 1st at District in the pole vault, Allen Lester-2nd in the long jump, and Ross Bradley-2nd in the pole vault. (Review Photo)

Rebates Up For Abernathy, Most Area Towns

State Comptroller Bob Bullock today sent checks totaling \$3.7 million in local sales tax payments to 974 cities who levy the one-percent city sales tax.

"Statewide, these checks are down more than 3 percent from last year," Bullock said. "This follows the downward trend we're seeing in state sales tax receipts. For the first time in 21 years, we've seen a drop in the number of sales tax dollars collected from year to year. We've found the oil and gas industry pays about 30 percent of our state sales tax, either directly or indirectly, and the hardest hit areas of our state are where the local economy leans heaviest on oil and gas."

Abernathy rebates are up over 1982. Net payment this period will be \$1,843, up 22 percent over 1982, bringing the total rebated to the City of Abernathy to \$16,130 for 1983. At this time last year, Abernathy had only been rebated \$13,249.

Hale Center will not receive a check this period, still up 5 percent over 1982, bringing that city's total to \$8,838.

Petersburg will be rebated \$689 this period, down 9 percent, bringing that city's total to \$4,926.

Hale County, as a whole, is down 6 percent in sales tax rebated back to the county, compared to last year at this time.

New Deal will not receive a payment

this period, bringing that city's total to \$831 for 1983 so far.

Idalou will be rebated \$1,247, this period, up 9 percent, bringing that city's total to \$9,842.

Floydada will receive \$3,463, down 4 percent, bringing that city's total rebates to \$25,948.

The City and MTA sales taxes are collected along with the state sales tax by merchants and rebated monthly to the cities in which they are collected by the Comptroller.

The April checks were for taxes collected on sales made in February and reported to the Comptroller by the end of March.

Former AHS Valedictorian Awarded Over \$5 Thousand In Scholarships

Former Abernathian Weldon Lewis Patterson, who was graduated from Abernathy High School in 1980 as the valedictorian of his class, has received approximately \$5,150 in scholarships the past three years at Texas Tech University as well as several prestigious honors for his accomplishments at Tech.

Patterson set an AHS record with his 98.78 overall high school grade average when he graduated in 1980. Since then, he has been honored for many other great achievements in his field of study at Texas Tech. Patterson is a Junior Mathematics Major at Tech.

Two weeks ago, Patterson was honored at three banquets occurring three days in a row. Thursday, April 12, Patterson was invited to the Achievement Rewards for College Scientists (ARCS) luncheon where he was presented an ARCS Chapter Scholarship Award, which is a \$1 thousand scholarship. The awards were given by the Lubbock ARCS Chapter, one of only 15 ARCS Chapters in the nation. Patterson was presented this award because he has a high grade point average and his major deals with science. 25 scholarships were given at the luncheon for \$1 thousand each, making it a \$25 thousand scholarship luncheon.

The next day, Wednesday, April 13, Patterson was invited to the Phi Kappa Phi banquet. At this banquet held on the Tech campus, Patterson was inducted into the Phi Kappa Phi Honor Society which is a great honor because members have to be in the top 2 percent of their class. Patterson easily qualifies for this as he has a perfect 4.0 average as a Junior.

The following day, Thursday, April 14, Patterson attended the Math Honors Banquet at Tech where he was presented the coveted Emmett Hazelwood Scholar award, which is a \$1 thousand scholarship. This award is presented annually to 3-6 students, sophomores through seniors qualify. He is the second student at Texas Tech to receive this scholarship three years in a row.

The two \$1 thousand scholarships presented to Patterson that week

brings the total he has received since high school to \$5,150 in scholarships.

Patterson stated that he can attribute some of his success at Tech to Abernathy High School having a good math program, for a school of this size. He also stated that it is wise

to go by the AHS college preparatory plan while in high school. "Any student should go by this plan if they plan to attend college", he stated.

Weldon is the son of Mr. and Mrs. Lewis Patterson of Abernathy.

RECIPIENT OF MANY AWARDS recently was Weldon Patterson, former Valedictorian at AHS and presently a Junior Mathematics major at Texas Tech University. Patterson is pictured with, from top to bottom, Phi Kappa Phi Honor Society award, Emmett Hazelwood Scholar award, and the ARCS Chapter Scholarship award. (Review Photo)

ON THE COUNTY LINE

BY KEITH TOOLEY

THE FOLLOWING are parts of several letters written to the Welfare Department. These are sentences actually taken from letters that have been written to a welfare office up north. We ripped these off from the Stamford American-Chino Chappa's column.

I cannot get sick pay. I have six children. Can you tell me why?

I am glad to report that my husband who is missing is dead.

Mrs. Jones has not had any clothes for a year and has been visited regularly by the clergy.

I am writing the Welfare Department to say that my baby was born two years old. When do I get my money.

I am very much annoyed to find you have branded by son illiterate. This is a dirty lie and I was married a week before he was born.

I am forwarding my marriage certificate and three children, one of which is a mistake, as you can see.

My husband got his project cut off two weeks ago, and I haven't had any relief since.

Unless I get my husband's money pretty soon, I will be forced to live an immortal life.

This is my eighth child. What are you going to do about it?

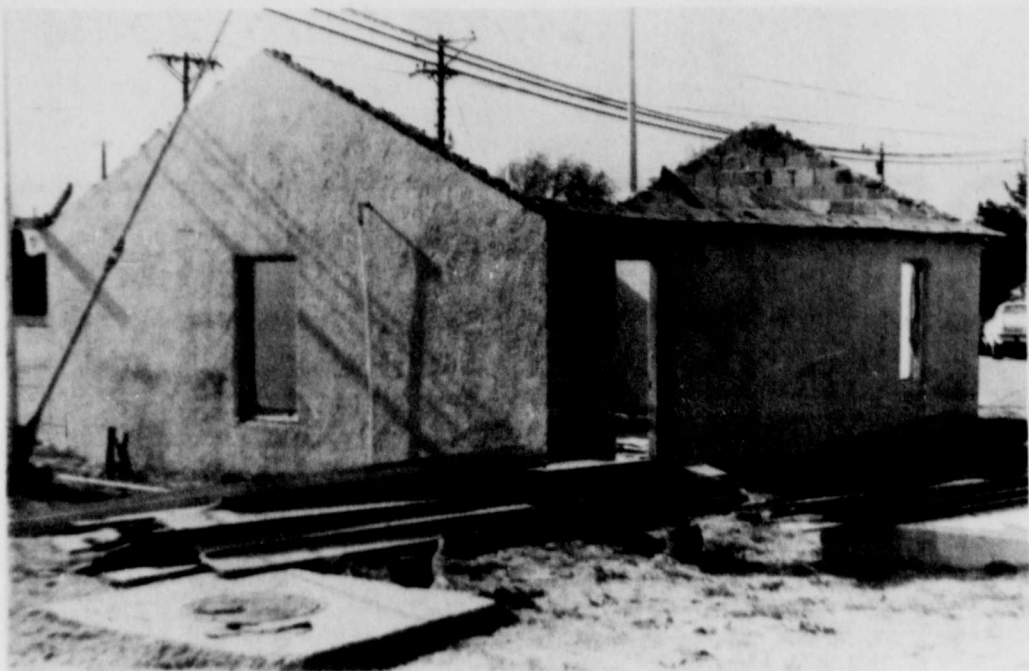

I have no children as yet as my husband is a truck driver and works nights and day.

In accordance to your instructions, I have given birth to twins in the enclosed envelope.

I want my money as quickly as I can get it. I've been in bed with the doctor for two weeks, and he doesn't do me any good. If things don't improve, I will have to get another doctor.

In answer your letter, I have given birth to a boy weighing ten pounds. I hope this is satisfactory.

THERE WERE A COUPLE of mistakes in the paper last week. The girl pictured crossing the finish line at the District track meet was not Liz Lopez, but rather Virgie Salazar. And in the story about Southwest Textiles, the company plans to spend \$150 thousand or more for new equipment, not \$15 thousand, which was printed last week. Sorry about the mistakes folks.

THIS STRUCTURE on the City square (northwest corner) was in the process of being taken apart when this picture was taken. The only part that can be seen now is the concrete foundation. This small building once served as the City office. It was also the Abernathy Fire Department at one time. (Review Photo)

Use Form 1040X To Amend Tax Return

Left something out of your tax return after you have filed your return, such as a deduction or an income figure? The Internal Revenue Service says you can

change your original tax return simply by filing corrected returns on Form 1040X.

The original return can be amended any time during

the 3 years following the due date (including extensions) of the original, or 2 years from the time the tax was paid, whichever is later, according to the IRS.

Taxpayers can receive copies of Form 1040X and additional information by calling the IRS Tax Forms/Information number in the local telephone directory under U.S. Government.

AMERICA'S FIRST AIR-MAIL LETTER TRAVELS BY HOT AIR BALLOON.

George Washington wrote the first letter ever to travel by air in the United States. The letter was carried by a French balloonist Jean-Pierre Blanchard, from Philadelphia to a small clearing in the New Jersey woods.

The flight took place January 9, 1793. For days, newspapers and posters in Philadelphia (the nation's capital at that time) advertised it as America's first aerial flight.

Many important citizens had been invited to witness the event--Thomas Jefferson, Paul Revere, the French Ambassador and the Governor of Pennsylvania. Hundreds of other men, women and children, dressed in their finest clothes, were there.

Cannons were shot to announce the balloon's departure and a band played as people watched from

rooftops, steeples and tree-tops. Horsemen prepared to follow the balloons' course.

When the balloon was ready to take off, George Washington handed a letter, which he had signed with a large flourish. The letter asked, anyone who might meet the balloonist, to help him.

The ropes holding the balloon were cast off and the balloon sailed up and away. Blanchard waved the flags of France and the United States.

His only passenger, a little black dog, peered over the edge of the basket. The puppy became frightened and curled up in a corner of the basket.

The craft sailed 15 miles and landed gently in the stump-filled clearing. Blanchard stepped out as the puppy ran to a puddle for a drink.

A farmer, afraid to approach the mysterious craft that had floated from the sky, peered from behind the trees. Blanchard showed him the letter from President Washington.

The farmer could not read, but recognized the signature and called to a

friend who was hiding behind the trees with a gun.

The friend read the letter aloud as others came from behind trees to welcome the balloonist and the dog.

No one knows what became of the letter. However, a stone marker--which tells about Blanchard's famous journey--was placed in a field near Deptford, New Jersey.

The six banks in Hale County have set a all-time high in deposits. At the close of business Dec. 31, 1975, the banks in Hale County, reported a total of \$133,876,982 on deposit. This tops the previous record set in the wonderful year 1973, when the total reached \$129,238,385. The 1974 deposit total was low at \$121,049,105. "That

wonderful year of 1973" where everything fell into place; good yield, high prices and good harvest weather. I well remember that year and I would like to see it come again.

FROM THE ABERNATHY WEEKLY REVIEW DATED APRIL 7, 1960:

Hugh Pettit, Abernathy farmer, garnered 128 votes out of a total of 241 cast at the polls Saturday, to win a seat on the Abernathy Independent School District Board of Trustees. Two candidates for the second seat open on the board staged a hot race with W.D. Sanders nosing out Joe J. Barton by one vote. Both men are farmers. Sanders got 111 votes to Barton's 110, the other two candidates in the race were farmer W.C. Bryant, 45 votes, and radio-TV dealer, Clifton L. Newton, 84 votes.

Two teams of Abernathy Bowlers participated in the state bowling tournament for women at Fort Worth last weekend. They were Mmes. Lindell Myatt, Keith Shipman, Harvey Lutrick, Glennon Selke and Morris Kerr, sponsored by Brown Supply. The second team was composed of Mmes. J.H. Myatt, Bobby Barton, Lewis Lutrick, Curtis Lebow and Hugh Pettit, sponsor not reported.

The 1960 U.S. Census count is underway over the nation. Census enumerators for this area of Hale County are Mrs. Travis Powell, who is working in the rural area and part of the city of Abernathy, and Mrs. Leon Hokett, who is working in the city of Abernathy.

Boys and girls All-District basketball teams for District 2-AA were named at an organizational meeting here Thursday night, March 29. District Champion Abernathy, as well as Lockney and Muleshoe, placed two men each on the six-man boys first team. Abernathy's Phil Guinn received the most votes. First team members were Guinn and Neal Humphrey on the second team was Larry Florence and Harold Thompson received honorable mention. On the girls team was forward Nelda Sanders and guard Lesa Habbinga. Forwards on the honorable mention list were Linda Shipman and Diann Owen and honorable mention guard was Carolyn Northcutt.

High winds Thursday blew down a portion of the west wall of the new construction on the west side of the Abernathy High School gymnasium. The structure, damaged by Thursday's wind, will be the field house and vocational agriculture department.

FROM THE ABERNATHY WEEKLY REVIEW DATED JANUARY 15, 1976:

Topics, ranging from the city's Emergency Medical Service to the annual chamber banquet, were among those discussed on the agenda at last Thursday's Chamber of Commerce

Meeting. Upon completion of six people being trained, the will join the 12 local volunteers already manning the city's ambulance team. The city has purchased paging devices recently and on-call members of the team can now be reached from the dispatcher's office in a matter of seconds.

A friendly cost-price protest was staged by farmers of Hale County and neighboring counties Saturday with a parade of farm machinery through Plainview and a mass meeting at the Hale County Agricultural Center in that city. Two men who help organize the Hale Center participation in the parade and meeting were Ronald Groves and Weldon Blount, who resides about a mile west of the Cotton Boll Gin on Highway 87 north of Abernathy. The event drew a lot of farmers and entries in the parade. The gathering was addressed by Congressman Jack Hightower of Vernon and

Mrs. W.A. Goldston of Littlefield, visited her sister, Mrs. E.G. Mahagan. They went to Plainview Sunday and visited their brother, Clyde Burton, who is in Nichols Clinic.

This And That

By Helen Wade

We want to welcome new comers. Mr. and Mrs. Hubert Foster, who have recently moved to Abernathy from Lubbock. They reside at 1210 12th Street.

I visited in the home of our son and daughter-in-law over the weekend in Lelia Lake. I attended church services Sunday with them at the First Baptist Church in Hedley. In the church services was a young man who was bicycling from Florida to Denver, Colorado. He came to Hedley Friday and the wind was blowing so bad he decided to stay over and leave when the wind calmed down.

Susan Evans, daughter of Mr. and Mrs. Kenneth Evans, had her tonsils removed Friday at Hi-Plains Hospital in Hale Center. She returned home Saturday. We wish Susan a speedy recovery.

I was reading in the Plainview Daily Herald that foreigners are still buying U.S. farmland. In 1982 foreigners added a million acres to their holdings of U.S. farmland. They raised their total land holdings to 13.5 million acres.

It gives one a scary feeling that someday they may be able to control most of the U.S. farmland. There should be some way to protect the American farmer as well as the consumer from this happening. I don't know what the answer is, but I truly believe that something should be done.

Great Society Extension Homemakers Meet

The Abernathy First Methodist Church was the meeting place for the Great Society Extension Homemaker's Association meeting Monday, April 18 at 11:30 a.m.

The group viewed a film, "Coping With Life...On the Run". This film portrayed a prominent physician emphasizing the importance of a healthy body through exercise each day. He reminded his viewers how much people are concerned about the spiritual and intellectual part of their lives, but they treat their bodies second-

rate. They eat incorrectly, exercise poorly, or not at all, but without health, life is such poor quality.

Mrs. L.A. Suttle lead the group in a discussion of the film.

Earlier in the day, Maybell Glass and Imogene Suttle attended a council in the Plainview Ag Center. They were hostesses to a brunch.

Imogene, as Chairman of the Educational Committee of the Council, spoke to the group on the importance of buying and wearing cotton

in their wardrobe. She mentioned a new material coming on the market soon called Cott'n hide, a new suede material which will be an improvement over pseudo-suede material and will cost half the price. One of the largest and best known mill owners of the south is spending a million dollars to place this material on the market.

Maybell and Olean Mathis will attend the district meeting of the Extension Association in Brownfield April 19.

The 4-Hers of Hale County will give the program at the Great Society meeting May 16, and Wynon Mayes, the county agent, will give the program May 23. The May 23rd meeting will be about making bread in a plastic sack, without touching the dough. Everone is invited to those meetings.

Those attending Monday's meeting were: Juanita Brantley, Imogene Suttle, Maybell Glass, Olean Mathis, Alice Pace, Emma Palacios and Elodia Marez.

Music Club Meets

The Abernathy Music Club met April 9 at 8 p.m. in the home of Mrs. Clayton Barrick.

Terry Kitchens, president, opened the meeting and asked Bettie Hardin to lead the members in the club collect.

The business meeting followed. Terry Kitchens presented the names of the nominating committee had submitted, for the new officers of the Music Club. They were as follows: Vice-President-Marie Riddell, Secretary-Erma Mae Spruill, Treasurer-Frances Barrick and Reporter-Betty Reynard.

The members voted by secret ballot and those recommended were elected to serve as the new officers.

The program was presented by Alma Ruth Patterson, Frances Barrick and Vicki Havens. The theme for the evening was "Symphonies." Members joined in for a fun-filled evening.

Refreshments were served to the following club members: Terry Kitchens, Frances Barrick, Alma Ruth Patterson, Erma Mae Spruill, Ruth Fulton, Marie Riddell, Cindy Robinson, Betty Reynard, Otelia Clement, Bettie Hardin, Lillie Mae Shipman, Mary Ann Norman and Vicki Havens.

The installation of officers will be May 3rd at 7 p.m. at the clubroom. A meal will be served by H & H Catering, Scott Wells and his wife, Renae, will have the program and installation.

Locke-Davis Engagement Announced

Mr. Tom Locke of Plainview, announces the engagement of his daughter, Margaret Ann, to James Preston (Mickey) Davis II, son of Mr. and Mrs. James Preston Davis of Abernathy.

Hungering and Thirsting

Rev. HB Coggin
Retired Methodist Pastor

In his sermon on the Mount, Jesus said, "Blessed are they which do hunger and thirst after righteousness; they shall be filled." (Matt. 5:6)

I often think about a book which I read some years ago. The book was written by a Scandinavian, whose name was Hamsum. The title of the book was, "Hunger." The writer told how he once stole a little food, to satisfy his hunger, and how he had taken some

money which had been given to him by mistake. After those experiences, Mr. Hamsum determined that he would die rather than do wrong again.

Most of us could probably improve our spiritual lives, if we would resolve that we would rather die than do wrong. Many people are starving for want of food, but many others have never experienced hunger or thirst, to any great degree, but we have some idea of what

it means to be hungry for food or thirsty for drink. It would be wonderful if all people would determine that would rather die than do wrong, but such determination can only be made if we are hungering and thirsting after righteousness.

We need to ponder those words of our Lord, "Blessed are they which do hunger and thirst after righteousness, for they shall be filled."

Cotton Leads Decline In Texas Crop Sales

Texas farmers got about \$800 million less from crop sales last year compared to 1981, with cotton sales taking the sharpest nosedive—from \$1.4 billion to \$875 million.

Estimated crop sales totaled almost \$3.8 billion in 1982 but were down due to poor prices caused by huge stockpiles of most farm commodities, together with sagging domestic demand and decreased exports, says Dr. Carl Anderson, economist with the Texas Agricultural Extension Service, Texas A&M University System. Also, weather losses were heavy in some areas, particularly in the South Plains where more than half the cotton acreage was lost to hail.

Despite these heavy losses, cotton (both lint and cottonseed) was still the leading cash crop last year, with the South Plains leading the state at more than \$270 million in cash receipts.

Grain sorghum was the second leading cash crop with receipts of \$619 million. The Panhandle was the leading area with a \$165.5 million crop.

The Panhandle also led in cash receipts from wheat,

ensilage and sugar beets. Wheat sales totaled \$169 million; ensilage, \$11.6 million; and sugar beets, \$10.4 million for the district.

Wheat was the third leading cash crop in the state last year with receipts totaling more than \$499 million. Cash receipts from corn came in at \$310.2 million.

Along with its cotton crop, the South Plains was the leading producer of corn, soybeans and sunflowers. Cash receipts from corn surpassed \$130.5 million, soybeans brought in \$64.9 million, and sunflowers sales reached \$24.4 million.

Total cash receipts from hay were the largest in North Central Texas, totaling \$22 million. That region also led in cash receipts from plums and peaches at \$515,000 and \$3.5 million, respectively.

Alfalfa and guar crops brought top cash receipts in the Rolling Plains at \$3.2 million and \$24.9 million, respectively.

Far West Texas led in barley production with sales of \$1.6 million.

Texas' pecan crop dropped sharply in 1982. The leading pecan region was Central Texas with cash receipts totaling \$7.2 million. Central Texas also led in cash receipts from watermelons, \$4.4 million; rye, \$275,000; and oats, \$5 million.

The Upper Coast area led in rice sales of \$223 million and in nursery product sales of \$87.5 million.

Cash receipts from melons, vegetables, grapefruit, oranges and sugarcane were largest in South Texas. Vegetable sales totaled \$100.2 million; sugarcane, \$14.5 million; grapefruit, \$33 million; oranges, \$15 million; and melons, \$3.2 million.

Peanut sales were tops in Southwest Texas at \$20.7 million. That area also led in receipts from cowpeas at \$1.2 million.

Texas farmers should see some improvement in farm prices as huge stockpiles of farm commodities are reduced through the PIK (payment-in-kind) program, says Anderson. Increased domestic and export demand as a result of improving economic conditions in the U.S. and abroad should also strengthen farm prices.

COTTON TODAY

A NATIONAL COTTON COUNCIL SERVICE

COTTON PROJECTS PICKED: Cotton research and education projects totaling more than a quarter million dollars have been approved for 1983-84 by a screening committee for The Cotton Foundation.

Projects to find the answer to the cotton dust problem received major emphasis.

Other projects include surveys of annual crop losses to weeds and other pests, studies of field control of aflatoxin contamination of cottonseed, and use of cottonseed oil in pesticide application.

All projects will be presented for approval to Foundation membership at the organization's Ninth Annual Cotton Outlook Conference, June 7-8, in Fresno, California.

The Foundation is supported by firms that supply and service the cotton industry and is staffed by the National Cotton Council.

COTTON'S VALUE NOTED: In a recent speech, National Cotton Council President Gerald B. Brewer said he thought cotton

people were "overly modest" about the industry's importance to the national economy.

Almost half a million Americans are employed in growing, handling, and processing the crop, he said. Cotton-produced revenue at the farm level and in handling, marketing, and processing the crop averages more than \$11 billion annually.

"By the time our cotton gets to the consumer in the form of products, it has generated almost five times that much revenue or \$53 billion," Brewer stated.

COTTON IN LOAN REPORTED: Producers had placed a total of 4,991,285 running bales of upland cotton under the Commodity Credit Corporation loan by April 7, according to the U.S. Department of Agriculture.

Repayments had been made on 1,807,105, leaving loans outstanding on 3,184,180. Loans are also outstanding on 2,679,641 bales of 1980 and 1981 crops, according to the National Cotton Council.

Scott Promoted To Superintendent At Southwest Textiles

Joe Thompson, President and General Manager of Southwest Textiles, announces the promotion of Bob Scott from supervisor to superintendent.

Scott was employed by the mill March 21, 1977 as a mechanic and later was promoted to supervisor. Bob has been a resident of Abernathy since 1954.

At one time he was co-owner and operator of Scott's Radiator Shop and at present is the owner of Scott's Furniture Store in Abernathy.

Thompson feels that with the background experience that Scott has, he is well qualified to fill the superintendent position.

One inch of rain contains the same amount of water as a ten-inch snowstorm.

Bob and his wife, Barbara, live at 412 13th Street. They have two sons, Robert Allen of Houston, and Barton of Lubbock. The

Scott's have three grandchildren.

Barbara has just opened her own business in Lubbock. It is called Unique Careers, Inc.

Coin Telephone Users Face Change

As of April 1, 1983, coin telephone users wanting to charge a long distance call to a third number will be subject to having the charges approved by someone at the third number.

The verification procedure is being initiated to help eliminate fraudulent billing of long distance calls and ensure customer protection from having unauthorized charges appear on their monthly statements.

Under the new procedure, if an individual at the third number does not answer and approve the charges,

the caller will be asked to provide alternate billing, such as another third number that will approve the charges, a valid calling card, a collect call or correct change to pay for the call.

Jimmy Bennett, General Telephone Operations Manager in Memphis said, "Customers who frequently use public coin telephone facilities for third number billing may find that the calling card may represent an attractive alternative. Besides being faster and more convenient than the third number and collect calls, most calling card calls are cheaper." In a growing number of locations, customers can direct dial calling card calls without operator assistance from public telephones. The calling card also provides the customer with a printed monthly

statement of long distance calls placed.

Customers can call their local telephone business office to obtain a calling card. There is no charge for the card.

CONSERVATION-CONSCIOUS LAWN CARE

Conservation-conscious homeowners can take steps to reduce the water and energy demands of lawn care without lowering lawn standards, says a turfgrass specialist with the Texas Agricultural Extension Service, Texas A&M University System. Such steps include reducing fertilizer applications to 2 to 3 pounds of actual nitrogen per 1,000 square feet of lawn per year, returning or composting grass clippings, mowing regularly to reduce thatch buildup caused by grass clippings, watering properly, reducing pesticide use to only essential applications, and using adapted, low-maintenance turf-grasses.

Hale 4-H's Compete At District 2 Livestock Judging Contest

Hale County 4-H members, Mark Lee, Doug White, Steven Reese, Leslie Gattis, Joe Moberly, Shane Miller, John Hamilton, Brent Hamilton, Marc Dodson, Pepper Dodson,

and Jeff Dorman competed at the District 2 Livestock Judging Contest held April 21, 1983 at Texas Tech University Agricultural Farm.

The Senior Team consisting of Mark Lee, Doug White and Steven Reese were the third high team in swine judging this year. The District Contest is the finale of the Livestock Judging Project group which started the first week of February.

Adult leaders Jan Hamilton and June Bug Miller accompanied the 4-H members to District Contest.

4-H Home Environment Project Saturday

A county wide home environment project will be held at the Hale County Ag Center on Saturday, April 30, from 9 a.m. to 3 p.m. 4-H'ers will take part in group sessions, tours,

County Agents Ollie Linder, Billy Warrick and Tom Conerly were involved at the District Contest in various activities.

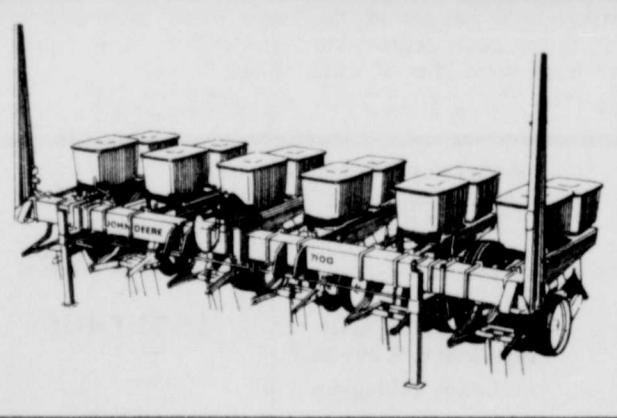

and will learn stenciling.

The project will be led by teen leaders Joan Davis of Abernathy and Rosemary Shepard of Hale Center. The cost of the project supplies will be \$5 payable at registration. 4-H'ers will need to bring a sack lunch and drinks will be provided. Call the Extension Office at 293-8481 (271) if you plan to attend.

COMMENTS

my views on the "Homestead Law".

It would be nice to be able to get some money to pay excessive hospital bills, send the children to college, etc., but...what if the husband is the one ill and they borrow on their homestead and he dies. How will the wife pay back the money? She could lose her home.

What if the children or grandchildren talked retired parents/grandparents into borrowing on the homestead so that they could pay down on a home, go to college, buy a car, or just get out of debt, and could not or would not repay the money. These older citizens could lose their home, then where would they go? Would the children want them to live with them?

Many of the laws we have in Texas are made to protect us from ourselves. Please give this matter

GRAZING SYSTEM SHOULD BOOST RANCH PRODUCTION—A grazing system which incorporates some basic principles will help provide for the needs and growth requirements of both plants and animals. These principles include proper forage use, proper season of use, proper grazing distribution, and proper class and kind of livestock, says a range specialist with the Texas Agricultural Extension Service, Texas A&M University System. The two basic grazing systems, deferred rotation and short duration, have both positive

and negative sides and should be planned according to individual consideration, such as the number of pastures, carrying capacity of pastures, livestock management practices, type and condition of range vegetation, and a rancher's objectives.

After the Bible, Cervantes' "Don Quixote" has been more widely translated than any other book in the world.

thorough consideration, then write to your State Representative Foster Whaley and let him know your feelings.

Don't let Ma Bell gut utility regulation reform.

Mail this free Mailgram to your State Representative today.

Call Western Union at 1-800-257-2241, Operator #50, and we'll see that this free Mailgram is sent to your State Representative.

Right now the Texas House of Representatives is considering the Ma Bell utility bill. It eliminates the existing statewide long distance price setting policy, and instead favors AT&T's so-called "market-by-market" regulation. The "market-by-market" scheme is designed by Ma Bell to eliminate consumers' alternatives in the long distance market in Texas, so that the telephone monopoly can again be the only phone company in Texas.

In a nutshell, it's a shell game.

Here's how it works. This summer, Ma Bell will formally request a massive rate increase. According to the Dallas Morning News (February 26, 1983), a former PUC employee said, "You're looking at almost a billion dollar rate case." If that happens, of course many poor and elderly people won't be able to afford the basic telephone service at all.

But the cruel hoax is that if the Legislature lets Ma Bell pass their special interest legislation (H.B. 2250 and the telephone section of S.B. 232), they'll use that massive rate hike to subsidize Ma Bell's phony long distance pricing schemes between the big cities in Texas.

Rural ratepayers will subsidize big city long distance pricing schemes.

Ratepayers in rural communities where no real long distance competition exists yet will be asked to pay exorbitant rates. Ma Bell will use the rural ratepayers to fund their big city long distance pricing game. Once Ma Bell has eliminated smaller long distance companies, they will once again be a total monopoly, thereby being able to raise the rates of all Texas ratepayers.

Call Western Union now at 1-800-257-2241, Operator #50, and they will send this Mailgram on your behalf.

State Representative Pete Laney
P.O. Box 2910
Austin, Texas 78769

Dear State Representative Laney:
I urge you to vote NO on H.B. 2250 and the telephone section of S.B. 232, and stop all Ma Bell's efforts to implement discriminatory market-by-market telephone rates.

I urge you to vote FOR a guaranteed statewide pricing policy that continues to protect Texas consumers.
Don't let Ma Bell destroy utility regulation reform.
Please let me know how you voted on this critical issue.

Sincerely,

Signature

SCHOLARSHIP LOCATOR SERVICE AVAILABLE

Many American colleges are looking for athletes for their various athletic programs. Each year athletic scholarships go unused because the appropriate athlete cannot be located. This is true for men's and women's sports. These scholarships cover 41 different sports.

To receive a free information packet write Student College Aid, a nationwide computerized scholarship locator service, at 3641 Deal Street, Houston, Texas 77025. The student then completes the Athletic Award Dataform enclosed in the information packet. The Dataform is returned with payment of \$15.00. From the information on the Dataform, SCA's computer will print out those colleges offering scholarships in the sports requested on the Dataform, or the computer will print out all the athletic awards offered by particular colleges. The student then corresponds with the official listed on the printout at the indicated schools.

Many high school students use the service as a planning tool. An athlete proficient in several sports uses the service to determine which sport has the most athletic awards.

SCA has 3 additional services: a nongovernmental Undergraduate Scholarship Locator Service, \$45.00, guaranteed to locate at least 5 sources of financial aid, a Graduate School Scholarship Locator Service, \$49.00, guaranteed to locate at least 3 sources of financial aid, and a 4-Year-College Matching Service that Locates the Colleges that match various criteria, \$19.00. For free information write Student College Aid, 3641 Deal St., Houston, 77025, or phone (713) 668-7899.

TSTI PRE-REGISTRATION FOR SUMMER

TSTI-Amarillo will hold pre-registration for the Summer Quarter from 8:30 a.m. to 4:30 p.m., May 9-12, at the Resource Center on the Amarillo Campus. At this time you may register for full time day and night classes.

Regular registration for the Summer Quarter will be May 24, 1983, from 8:30 a.m. to 7:30 p.m., with classes starting on May 25.

For more information regarding registration contact the Admissions Office at (806) 335-2316, ext. 269.

FLYING QUEENS AND PIONEER BASKETBALL CAMPS

A combined total of six weeks of intensive basketball training will be offered in the 1983 Flying Queens and Pioneer basketball camps this summer at Wayland Baptist University.

The Flying Queens camp gets underway first with sessions scheduled June 13-18, June 20-25, and June 27-July 2. Prospective campers are girls from fifth grade through high school, with the exception of varsity athletes. Cost of the camp is \$125, \$50 of which is paid as a deposit with the remainder due at registration on the opening day of each session.

The registration fee will provide room, meals, insurance, tuition, entertainment and a personalized camp T-shirt for each camper. Participants will be housed in a modern residence hall on campus and will dine in Wayland's new University Center. In addition to the Flying Queens coaching staff, several other highly successful college and high school coaches and members of the Flying Queens will serve as the camp faculty.

Because it is limited to 135 campers weekly, reservations will be accepted on a first-come, first-serve basis. Applicants are urged to mail registrations early to insure placement in the session of their choice. Registration will be held on Monday of each session from 8:30-11:30 a.m. at Hutcherson Center, site of the camps. Departure will be on Saturday after camp demonstrations and All-Star games, which begin at 1.

For more information or to apply, contact the WBU Athletic Department at 806-296-5521.

PIONEER ROUND-UP MAY 5th

The Fifty-fifth Pioneer Round-Up, scheduled for May 14th, will for the Twenty-fourth year, honor a pioneer woman of this area.

Deadline for nominations for the "Pioneer Woman of the Plains" has been set for May 5th, according to Pat Kelly, chairman of the Program Committee. The Plainview Business and Professional Women's Club is the sponsoring organization of the Pioneer Round-up.

Announcement of the "Pioneer Woman of the Plains" will be the highlight of the evening activities of the 55th Round-up planned for Saturday, May 14th and will be staged at the Hale County Agriculture Center.

Entry blanks have been mailed to civic clubs, women's clubs and organizations in Plainview and surrounding areas. Individuals may also submit names to be considered for this honor. A group of judges will select the winner based on information submitted. The number of times a person is nominated will have no effect on the selection of the honoree. Entry blanks and additional information may be obtained by contacting Mrs. Kelly at 293-3635 or 293-1565 or Miss Jackie Masso, Club President, at 293-5026 or 293-2092.

SUBMARINE VETERANS BEING LOCATED

The Texas Chapter of the U.S. Submarine Veterans of World War II is trying to locate all submarine veterans who served on U.S. submarines or in submarine relief crews during World War II between December 7th, 1941 and December 31, 1946.

This year the Texas Chapter's State Convention will be in Beaumont, Texas on April 29, 30 and May 1st. All Submarine Veterans and their families are invited. Anyone knowing the whereabouts of Submarine Veterans are requested to notify them of this reunion of shipmates. For further information inquiries should be directed to Mr. Odis Taylor, 116 Yuchi Drive, Fort Worth, Texas 76108 or Mr. Corwin Mendenhall, 5750 Sul Ross, Beaumont, Texas 77706.
