

WINO HEAVEN...A delivery truck for Glazer Wholesale Drug Co., Inc. of Amarillo, carrying a load of wine, was traveling south on I-27 north of Abernathy last Tuesday morning, September 13, when a rear tire blew out causing the truck to go into a skid. It then overturned, sliding along on its side, returned upright, and then again rolled over on its side as it came to rest. Driver Charles Johnson was not injured. (Photo Courtesy of Jerry Mennenga/Plainview Daily Herald)

Council Says No To Section Eight Housing

The Abernathy City Council met Monday at 4 p.m. for a special meeting to discuss a request made by the Plainview Housing Authority to authorize a section eight rental subsidy program in Abernathy.

The Council met last month and discussed this program, which provides federally subsidized rental units for families who cannot afford to pay their rent.

After a lengthy discussion with representatives from the Plainview Housing Authority and other concerned citizens at the meeting, the Council decided it is not in the best interest of the entire community to allow this program in Abernathy, even though they agreed that there are

those who need this service.

The Council also discussed City planning and zoning procedures with Steve Fanning, a planning and zoning consultant from Denton.

The Council discussed Fanning's summary of the results of the local zoning study. The Council then asked Fanning to continue with the zoning project and draw up a draft zoning ordinance for Abernathy, and the procedures necessary to implement it.

Fanning was in Abernathy Monday and Tuesday to make a land use survey of the city. The Council will next meet with Fanning after he has completed his zoning ordinance draft and land use survey.

Frost Wednesday Breaks 67 Year Record

Abernathy residents woke up Wednesday morning shivering and grabbing for more covers as the temperature dipped all the way down to 33 degrees, causing a light frost.

This breaks the record for the low temperature of 42 degrees set on September 21, 1916. This long-stand-

ing record was broken this Wednesday after the first 1983 cold front of the season blew in.

Bill Crane of the National Weather Service said the last time the temperature got down to 33 degrees in September was September 30, 1916.

At press time, it was thought that cotton crops in the area would be damaged from this frost. The frost possibly killed some leaves and prevented the cotton bolls from maturing.

BREAK-IN at S and H Welding discovered Monday morning. Taken in the burglary was a cassette recorder, a calculator, an old coin collection, and other small items. Pictured is Abernathy Police Officer Johnny Clayton investigating the small broken window on the south side used for entry. (Review Photo)

ON THE COUNTY LINE

BY KEITH TOOLEY

WE HAVE STARTED putting a cartoon on the classified page of each edition of the Review. The cartoon is called "Stampede", by Jerry Palen. If you like the cartoon, tell us and, depending on your response, we might leave the cartoon in permanently after a three-month trial period.

A LOOSE DOG attacked an Abernathy man last week and gave him a pretty nasty bite. An Abernathy Police Officer informed me that dogs running loose will not be allowed and that these dogs will be removed from the streets if not penned.

If I were an owner, I would be afraid that my pet would catch a car bumper. Leaving a pet outside your fence is like inviting a passer-by to take a shot at him.

And, there are probably some folks just looking for that chance to get at your pet.

THREE RATHER WORLDLY gentlemen were discussing what it meant to be important. The first one said that you would be important if you were

invited to the White House for a talk with the president.

"No," said the second one, "you'd be really important if, while visiting the president, he received a call on the hot line and the president would not answer it."

"Still wrong," said the third. "You'd really be important if you're talking with the president when the hot line rings, and he answers it and says, 'It's for you.'"

LITTLE JIMMY was attending his first Sunday School class. "Do you say your prayers before eating?" inquired the teacher.

"I don't have to," responded the little boy. "my mother is a good cook."

THE TEACHER wrote on the blackboard: "I ain't had no fun all summer." Then she asked a small boy in the front row, "William, what should I do to correct that?" "Maybe get a boyfriend," he suggested helpfully.

Gough Works On Special Program To Be Aired On National TV

Malena Gough, in her 14th year as an Abernathy High School English teacher, was one of the nine teachers in Texas selected to work on special curriculum material which will be aired on national TV in October.

Gough went to Dallas last Friday and Saturday to work on the curriculum material with nine other educators across the state. She was selected for the project by Delwin Webb, former Abernathy I.S.D. Superintendent and presently Director of the Education Service Center in Lubbock. Language arts and/or social studies teachers were selected for this project.

The educators worked on curriculum materials in connection with the Texas segment of "Portrait of America", which is a series of 50 one hour TV specials produced by Turner Broadcasting System's Atlanta Station WTBS and is seen on cable channel 7 here. The Texas segment of this

program Gough worked on will be shown in October on national cable TV.

"Portrait of America", produced by Ted Turner, owner of Super Station WTBS, is a series that will show the good things about America.

Turner Educational Service is a subsidiary of Turner Broadcasting and

they are producing teaching materials to be used with each of the "Portrait of America" segments. They plan to distribute the material to any school in the United States that wants the material.

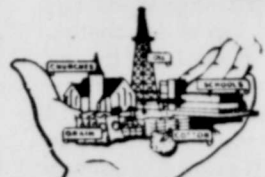

Even though some of the segments have already been aired, the curriculum work in Texas is the pilot program for the curriculum material.

ABERNATHY WEEKLY REVIEW 25¢

VOLUME 62, NO. 45 THURSDAY, SEPTEMBER 22, 1983 [SERVING HALE, LUBBOCK COUNTIES] U.S.P.S. NO. 003-340

Roosevelt Next

The Abernathy Antelopes will take on Roosevelt this Friday at 8 p.m. there.

Roosevelt has been badly beaten in all three of their games this year and presently have a winless 0-3 record. Last week Idalou pounded Roosevelt 47-0. Harris Rating has picked the Lopes over Roosevelt by 17 points.

The Lopes, 2-1, will be looking for their third victory Friday night. Last week, they were ranked 68th in the state by the Harris Rating System prior to the Hale Center game. This week the Lopes moved up to 56th out of the 208 3-A teams in the state.

AHS Band Magazine Drive

The Abernathy Antelope Band kicked-off its annual magazine and music drive this week.

The band is raising money for a spring trip to the Blossom Festival Marching Contest in Canon City, Colorado in May 1984. The magazine drive gives Abernathy supporters an opportunity to renew old subscriptions or buy new ones and help the Antelope band at the same time. By doing this, subscribers can keep a portion of their money in Abernathy, instead of sending it to a publisher in another state.

The band is also taking orders for a wide variety of the latest records or cassettes as part of the fund raising campaign.

Those who would like to support the Antelope Band and have not been contacted by a band member, please call the band hall at 298-2563, and a band member will be notified to contact you and take your order.

Boosters Supper

The Booster Club is sponsoring a chili and stew supper Friday, September 30 at 6 p.m. prior to the Abernathy-Lockney Homecoming game.

The supper will be held at the school ag. shop. It will start at 6 p.m. The supper will cost \$2.50 for adults and \$1.50 for children six and under.

Lopes Almost Dethrone Top-Ranked Owls

The fighting Abernathy Antelopes came very close to dethroning the top 2-A team in the state, the Hale Center Owls. The Lopes came within 8 points of an upset and at the same time regained the respect they so rightly deserved from Hale Center.

The Lopes defense shut the Owls down to only 243 yards rushing, an accomplishment not many teams the Owls have previously played can boast, and set another precedence by gaining 138 yards on the ground against the Owls and 11 first downs. The Owls only made 3 more with 14 first downs in all.

Both teams made costly mistakes. The Lopes lost 2 fumbles and were intercepted 2 times and the Owls lost 2 fumbles and were intercepted once.

The Owls worked on Chester Cooper the entire game, allowing him only 74 yards on 17 carries, while the Owl's J. R. Compton fared slightly better racking up 141 yards on 22 carries and 2 touchdowns.

First Half

Many thought this game would start with fireworks and that there would be scoring right off the bat from Hale Center. This was not to be the case.

The Owls took the opening kick-off and were stopped on their first drive on their own 46 yard line. The Lopes were stopped on their first drive and gave the ball back to Hale Center. The Owls ran the ball back 29 yards on the punt to the Lope 46 yard line. The Owls were in Lope territory and threatening, when defensive back Brian Smith came up with an interception.

The Lopes were stopped quickly on their next drive after the interception and were forced to punt. The Owls fumbled on the punt and Danny McDaniel came up with the ball and this time the Lopes were threatening on the Owl 19 yard line. Two plays later the Lopes coughed the ball up and the pressure was off for the Owls.

They recovered the ball on their own 16 yard line. From there, the Owls went 63 yards in 10 plays on their next

drive, down to the Lope 21 yard line. This was as close as the Owls could get to the end zone as the mighty Lopes put an end to this drive, which ended with an Owl 5 yard loss, and the first quarter was over.

The game was scoreless when the second quarter started. The Lopes put together a drive and went from their own 30 to their 46 with a 10 yard run by Cooper followed by a 14 yard pass play from Jamie Mansanales to Ross Bradley. They were stopped at the 46 by the Owls and were forced to punt.

The Owls got the ball and put together their first successful drive. With runs by Peggram and Compton, and a 13 yard pass to Barry Berg, the Owls marched all the way down to the Lope 2 yard line. From there, Compton ran it in for the first TD of the game. The extra point was good and the Owls took the first lead 7-0.

The Lopes fumbled early in their next drive and the Owls were threatening again on the Lope 29 yard line. The biggest test of the game came at this time and the Lope defense passed it. They stopped the Owls cold at this point and started their next drive from their own 24 yard line. Four plays later the drive and the first half ended.

Second Half

With the Owls only ahead by 7 points in the third quarter, the Lopes still had plenty of momentum going into the second half.

The Lopes were unsuccessful on their first drive and had to punt. The Owls had good field position following the punt, and from their own 46 yard line, the biggest play of the game came when Compton broke loose and scampered 54 yards for a TD. The extra point was good and the Owls extended their lead 14-0.

But the Lopes did not give up. They came back stronger than ever. They started the next drive from their own 35, and after runs by McDaniel, Cooper, Young and Smith, had marched down to the Owl 1 yard line after 13 offensive hard-nosed plays. Quarterback Brian Smith ran the 1 yard for the TD and the Lopes trailed 6-14 after the extra point attempt failed.

The next Owl drive ended when Ross Bennett recovered a fumble. The third quarter ended and the Lopes went to work. In 7 plays, highlighted by a 12 yard pass play from Mansanales to Sammy Galloway, and a 35 yard keeper by Mansanales, the Lopes advanced to the Owl 23 yard line, but could not get any closer from this point.

The remaining 2 drives by the Lopes and 2 drives by the Owls in the fourth quarter were all ended by tremendous defensive efforts by both teams and the game ended 6-14.

The battle was almost considered a victory for the Lopes as they proved that they can compete with the best 2-A team in the state.

Northside Baptist Church To Celebrate 25th

This weekend, September 24 and 25, Northside Baptist Church will celebrate its 25th Anniversary.

Saturday, September 24 a reception will be held in the Community Room from 7-10 p.m. Sunday, September 25, morning services at the church will be held from 10-11:30 a.m. A luncheon will follow in the Community Room at noon.

History of Northside

Sunday, September 28, 1958, nineteen people met in the Legion Hall and organized a Sunday school and church.

Brother Harold Poage, who had pastored Lakeview Baptist Church for six years, was pastor of this new church. By the end of October, the attendance had

reached 46.

In December 1958, the church was told it could no longer use the Legion Hall. After much prayer, the school board agreed to let the church use a study hall in the high school building. January 4, 1959, the First Baptist Church became the mother church, making this the Northside Mission.

At this time, help came from the Mission Board and matched by the First Baptist Church. Land was donated and the ground breaking was held Sunday, March 1, 1959. Construction on the building began March 4, 1959. July 19, 1959, Northside Mission gathered for worship services in the new church. Enrollment had grown to 81.

The first Revival was held in August 1959, with 106 in attendance. Bro. Jessie Poe, from Kansas, held the revival. Construction on the parsonage began September 16, 1959 and was completed December 10, 1959.

Northside Mission became a church October 16, 1960 with 125 charter mem-

bers. Former pastors include Bros.: Harold Poage, Sept. 1958-May 1961; E. C. Chron came in 1961; Jimmy McGuire, June 1964; Robert Hardin, April 1966; Hollis Shewmake, August 1967; Carl Coffey, August 1972; Doug Gardner, February 1975; Tommy Riney, August 1976; David Vickers, November 1977; and two interim pastors, Bros. Ferguson and John Tubbs.

On June 25, 1978, Northside Baptist Church had a note framing. By August 31, 1980, there had been 14 deacons ordained. October 21, 1979, the church voted to call Bro. Ken Horn as pastor.

Those To Remember

Bruce Mason is now home. **Willie Ruth Bradley** is home now.

Corky Covey has returned home after having surgery in Methodist Hospital.

Albert Ortiz is in St. Mary's Hospital.

Mary Irene Reedy, Dicky's mother, is in Lubbock General Hospital.

Lakeview Locals

By Mrs. Norman Matthews

A. B. Colwell was the featured speaker at Lakeview Methodist Church last Wednesday, September 14.

Mr. and Mrs. C. R. Cribbs of Kress, are visiting Mr. and Mrs. H. N. Meadors this week.

Mrs. N. J. Fred spent the weekend in Lubbock with relatives.

Mrs. E. G. Mahagan is still in Methodist Hospital.

The Missionary Society of Lakeview Methodist Church met Tuesday at 2 p.m. at the church. The meeting was opened with prayer by Mrs. Oleta Gilmore, who was in charge of the business session.

Mrs. Matthews, secretary, read the minutes of the last meeting.

Mrs. Florence Jackson brought the devotional from Hebrews 11.

Mrs. Harrison and Mrs. Lawrence Amerson gave the program on faith. Mrs. Harrison dismissed the meeting with prayer.

Mrs. Jackson served refreshments to those present: Mrs. Harrison, Mrs. Gilmore, Mrs. Matthews, Mrs. Amerson and Mrs. Jackson.

Benton-Kirby Wedding Vows Exchanged

Cindy Gail Benton and William Hale Kirby, III (Chip) exchanged wedding vows in a double ring ceremony Saturday, September 17 at 7 p.m. in the First Baptist Church in Abernathy. The candlelight service was officiated by Reverend Kenneth Horn.

Parents of the couple are Mr. and Mrs. Elden Benton of Abernathy, and Mr. and Mrs. W. H. Kirby, Jr. of Cotton Center.

Miss Diana Benton, sister of the bride, served as maid of honor. Mr. W. H. Kirby, Jr., father of the groom, served as best man. Bridesmaids were Mrs. June Sharp, sister of the bride of Wolforth, and Miss Vicki Petty of Springfield, Missouri.

Groomsmen were Aaron Kirby and Tom Szaley. Flower girls were Ressa and Tessa Schaap of Abernathy.

Given in marriage by her father, the bride wore a white chiffon gown designed by Alfred Angelo. The bodice featured a scoop neckline outlined in Venice lace. Venice lace and seed pearls covered the moulded bodice to the empire waist.

The bishop sleeves were chiffon and sheer illusion with Venice lace outlining the sleeve and wrist with covered button and loop

closures. The chiffon skirt fell to floor length and swept to back fullness. The hemline was outlined in Venice lace that extended the length of the chapel train. To complete her ensemble, the bride chose a white veil with a Juliet capulet covered in Venice lace and seed pearls. The sheer illusion fell to chapel length and was edged in scalloped Venice lace accented with a satin bow on each side of the capulet.

The bridal bouquet cascaded from a mother of pearl Bible. The heart of the bouquet featured white roses, orchids, carnations, and baby's breath.

For something old the bride wore pennies in her shoe minted in the years that she and the groom were born. The something new was a set of pearls given by the groom. Something borrowed was a mother of pearl Bible from Jerusalem belonging to the groom's mother, and something blue was the bride's garter.

The bride's attendants wore floor-length gowns of blue promise. The gowns were fitted at the bodice and waist and fell to the floor in fullness.

The "Wedding Song"

was sung by Mrs. Jan Horn seated after the mothers were seated. The three-tiered wedding cake was made by Mrs. Leo Lebow of Abernathy. Following the reception, the couple left for a

week-long honeymoon to Conchas, New Mexico.

The couple will reside in Cotton Center where the groom farms. She is employed with Lubbock Orthopedic Surgery Clinic.

Mrs. William Hale Kirby, III (Chip)

Revival at Nazarene Church Sept. 20-25

The First Church of the Nazarene will have special revival services Tuesday, September 20 through Sunday evening, September 25.

The evangelist is Rev. Linard Wells of Dallas. The song leader is Ray Lashaway of New Deal.

Rev. Wells is an experienced evangelist and has

been a successful pastor. This will be his second meeting with the Abernathy Nazarene Church.

Services are every evening at 7:30 p.m. and at 10:50 a.m. and 6:15 p.m. Sunday. The public is invited to attend the revival services.

Abernathy Ministers' Association Meets

The Abernathy Ministers' Association met Tuesday afternoon, September 13 at the First Baptist Church. Ministers present included Lloyd Riddles, Rosswell Brunner, Ken Horn, Tommie Beck and Scott Wells.

The first order of business was to elect new officers for the new year. Those elected were: Lloyd Riddles - president, Rosswell Brunner - vice-president, and Scott Wells - secretary/treasurer.

Tommie Beck gave the treasurer's report. Many people have been helped with food and gasoline, but the funds are dwindling.

The association will keep close track of where and how the money will be spent.

The Community Thanksgiving Service was discussed. It will be held Sunday evening, November 20 at 7 p.m. in the First Baptist Church. Lloyd Riddles will preach and Scott Wells will lead the music.

The date for the October meeting was set.

The add-on heat pump is an efficient air conditioner that cools your home when it's hot. But that's not all. In cold weather, the add-on heat pump works with your present furnace to help heat your home.

Replacing your air conditioner could actually save you money.

If your air conditioner breaks down, you have several choices. Repair. Replace. Buy a whole new system. All major investments. Southwestern Public Service Company would like you to know about another option, a more efficient alternative: the electric add-on heat pump. The add-on heat pump is a very special air conditioner. It cools in the summer and helps heat in the winter for less than you'd spend on a new heating and cooling system. It works with whatever kind of furnace you have, to improve the performance of your furnace by keeping it off completely during a good portion of the winter. It will satisfy your home's heating requirements more economically while temperatures are above 30°. That's about 80% of our area's normal heating season. As one of the most efficient ways to heat and cool, the add-on heat pump can really make a difference. Helping you use electricity efficiently is another way we're working to justify your trust. Call us to see what your savings could be.

Classroom Teachers Assoc. Officers Elected

The local chapter of Teachers Association, recently elected officers for the 1983-84 school year. The following teachers will serve as officers: Sharon Kester, President; Ann Hannel, Vice-President; Bettie Hardin, Secretary; Charlotte

Carter, Membership Chairman; Floyd Galloway, High School Building Representative; Jan Hill, Junior High Building Representative; Tommye R. Stallings, Intermediate Building Representative; Leslie Thompson, Elementary Building Representative.

Sharon Kester, President, received her B.B.A. and M.B.A. from West Texas State University and is presently working on a Mid-Management Certificate at Texas Tech University. She has taught in the AISD for 5 years and is presently teaching business education. Her school duties include UIL Director, Student Council Sponsor, Senior Sponsor, National Honor Society Screening Committee, and Homecoming Committee. She is a member of Texas Computer Education Association, TCTA, ACTA, and Delta Zeta Social Sorority, Abernathy Booster Club, Chamber of Commerce, and teaches the JoAnna Class at the First Baptist Church. Kester also served as Secretary of the Board of Directors of the Rosalind Kress Haley Library at Cedar Hill, Texas.

Ann Hannel, Vice-President, has been employed in the AISD for 4 years, and received her B.A. from Northwestern University. She is presently working on a M.Ed. in Mid-Management at Texas Tech University. Her teaching assignment in Abernathy Junior High School is Jr. High Government.

Bettie Hardin, serving as Secretary, received her B.A. and M.S. in Math from Texas Tech and has taught mathematics in Abernathy Public Schools for 30 years. She is the National Honor Society Sponsor, a Senior Sponsor, and serves as pianist for the Methodist Church and the Lubbock State School. She is also a member of Delta Kappa Gamma and Kappa Kappa Iota and serves on the Faculty-Advisory Committee.

Membership Chairman, Charlotte Carter, received her B.A. and M.Ed. from Southwestern State University, Oklahoma. She has taught in the Abernathy Schools nine years, and is currently the librarian for the High School. Also, Carter serves as annual and journalism sponsor and teaches a Sunday School and training union class at the First Baptist Church. She is a member of Delta Kappa Gamma, which is a sorority for teachers.

The minutes of last month's meeting were read. The attendance was up this month as 31 were present at this meeting.

Lillie Mae read an invitation from the Lubbock Fair September 29 for the Senior Citizen's Day, which is free for senior citizens. It would be a fun thing to do, except it always rains at that time of the year, so grab your rain coat and go.

Christye Waters, from Southwestern Public Service, gave the program. It was very interesting. She passed out literature and explained to us how to read electricity meters. After I got home, I went out and

Sunshine Group Learns About Saving Energy

located my meter, but she didn't say how I could get up high enough to read it. Use energy per day equals to 16 pounds coal, 3.6 gallons oil, and 240 C.F. natural gas. No wonder our bills are so high. One should read the meter from right to left.

She spoke about appliances next. Look for the voltage of the appliance. The higher the temperature, the higher the cost. Then always check the installation and caulk the windows, or weather strip them. Fluorescent lights use less electricity. One way to save electricity, is to close off extra rooms and turn off lights when not in use.

I had always heard that the number of times you turn a light off and on again runs up your bill. According to Christye, it doesn't. I guess that's an old wives tale. If you have problems, call the company. Put all these little things together and you will be ahead and it

will decrease your bill. HB gave the blessing and everyone went to the table and grabbed a plate of food. Some of the group had fun playing canasta. One table had six players and the other table had four players. It was a very exciting game.

Be there the third Thursday of each month and have fun with us. Those present were: Dixie Pittman, Dot Von Struve, Lillie Mae Shipman, Floyd Shipman, Mrs. C. Brewer, Minnie Northcutt, Katherine Dye, Christye Waters, Ollie Selke, Juanita Brantley, Cora Shuman, Bessie Waters, Frances Howard, Vera Pope, Bill Pope, Elsie Dunn, Flim Dunn, Betty Reynard, Jessie Duty, Loris Halford, Lizzie Lebow, R. A. Lutrick, Pauline Stone, Reita Smith, Lela Williams, Bernice Conn, Bernice Smith, HB Coggin, May Bell Glass, Mrs. Talbott and Mrs. Harrison. Granny Dot, Reporter.

NEW ABERNATHY CLASSROOM ASSOCIATION TEACHERS OFFICERS were elected recently. Pictured from left to right, are Floyd Galloway, Bettie Hardin, Jan Hill, Leslie Thompson, Tommye R. Stallings, Sharon Kester and Charlotte Carter. (Review Photo)

Garden Club Has Salad Luncheon

The City Garden Club met September 8 at 12 noon for a salad luncheon in the Community Clubroom. Hostesses for the Garden Club luncheon were: Vera Pope, Blanche Coggin and Lillie Mae Shipman. Eight members were present for this meeting.

After a tasty salad luncheon, Mrs. Jessie Duty, president, called the meeting to order and the business meeting was held. The new yearbooks were passed out and the club dues were paid. An interesting discussion on programs for the year followed from the yearbooks.

The program on "interesting thoughts for the day" from the books of "Leaves of Gold" and "The Words of Life," was given by the hostesses.

Refreshments were served to the following: Juanita Bell, Dorothy Bogus, Blanche Coggin, Jesse Duty, Vera Pope, Lillie Mae Shipman, Cora Shuman and Bessie Waters, Lillie Mae Shipman, Reporter.

Introducing...Rayetta Elkins

Bill's He and She for both men and women, would like to introduce the newest member of our staff, Rayetta Elkins. Rayetta graduated from Jessie Lee's in 1971 and is married to an Abernathy boy, Allen Elkins. With 12 years of experience, she is very capable and is at this time taking standing appointments. If you are looking for a hairdresser on a fulltime basis or just for special occasions, call Bill's He and She at 298-2600 and ask for the hairdresser of your choice - Rayette, Joy, Judy or Bill.

WALK-INS WELCOME.

ATTEND THE CHURCH OF YOUR CHOICE

Christian Inventory

Tommie Beck
 First United Methodist

Text: "For it is by believing in his heart that a man becomes right with God; and with his mouth he tells others of his faith, confirming his salvation." Romans 10:10 (Living Bible)

Introduction: I think it is good for all of us to pause, take a good look at ourselves to see what we are. Others are looking at us and I wonder what they see. Is it good, or is it bad? By what they see in us, would

they want to follow Jesus, or the world? Let's take a short inventory.

One: Do we criticize or do we praise? Now, this is important. Are we critical of the Christian experience, our Church experience, or do we praise. Be sure, if we criticize the God and Church we represent, no one will want to be a part.

Two: Do we encourage or discourage? When something needs to be done, do we immediately see its defeat, or can we see possible success if we try

hard enough. Do we sit and consider, or do we get up and march? Do we sit back and say it can't be done, or do we give it our best effort for success?

Finally: Do we count our blessings or do we count our misfortunes? Do we thank God for what He has done, or do we complain to Him for what He has not done?

Conclusion: I firmly believe a Christian Inventory is very important if we are to be representatives of God and the Church. Don't you?

BIRTHS

Kirk and Kim Lane of Levelland, are proud to announce the birth of a daughter, Lauren Michael, September 8. She weighed 7 pounds, 8 ounces at birth and was 21 1/2 inches long.

Lauren's grandparents are Jack and Tommye Lane of Abernathy and Abi and Nita Garaman of Jackson, Wyoming.

Mr. and Mrs. Harold Davis wish to announce the birth of a granddaughter in San Diego, California. Ashley Diane was born September 15 to Eddie and Cindy Davis. She weighed 7 pounds and 11 ounces.

Eddie, Cindy and Ashley live at 10919 Hijas Way, San Diego, California, 92124.

Mr. and Mrs. Gary Stone are proud to announce the birth of their son, Jeremy Lee. He was born September 7 at 11:47 p.m. in South Park Hospital in Lubbock. He weighed 9 pounds, 3 ounces and was 20" long at birth.

Grandparents are Mr. and Mrs. Delton Stone of Wolf-orth, Mrs. Beverly Leatherwood of Shallowater and Gene Leatherwood of Lubbock.

Great-grandparents are Mr. and Mrs. A. L. Stone, Sr., Mr. and Mrs. Reed Lacy and Mr. and Mrs. H. L. Leatherwood, all of Abernathy.

Jeremy was welcomed home by his brother, Joshua.

Booster Club News

The Booster Club met Monday night. Everyone enjoyed the film of the excellent ball game against Hale Center.

The Booster Club will sponsor a Chili and Stew Supper for Homecoming, September 30, at 6 p.m. It will be at the Ag Shop and will cost \$2.50 for adults and \$1.50 for children, 6 and under. Everyone is invited.

Pest Management Report

The corn harvest is progressing rapidly. Yields have been relatively good, considering the drought conditions we have experienced.

Southwestern corn borers continue to girdle plants and lodging has increased to around 10% in some fields, although many remain below the 5% level. Lodging has also been due to other factors besides the southwestern corn borer. Drought stress, spider mites and stalk rot have contributed to increased lodging in some fields.

Bollworm activity is almost over. Very few small larvae have been found this past week. Larval counts have ranged up to 12,000 per acre this week, but most fields have very low counts.

It has been noted that some fields have had much more boll rot than normal. When these bolls are inspected, one can find places near the base of the boll where a bollworm tried to enter but found the boll too mature and moved on to another fruit. The feeding location provided a point of entry for the boll rot organisms. The boll rot was probably helped by in-

creased humidities due to late irrigations applied several weeks ago.

Sorghum

Plant bugs continue to infest heads. Most fields are approaching the hard dough stage and losses should be insignificant. Seed producers should be wary of these pests, not for yield losses, but for loss of seed quality. Dr. George Teetes, entomology researcher at Texas A&M University, has indicated that significant reduction in seed germination has occurred from other seed feeding bugs studied, such as the southern green stink bug, conchuela stink bug and the leaf-footed bug.

Carbaryl can be used in both seed and commercial production, while parathion should only be used in commercial production fields for control.

Soybean

Some fields which were damaged by hail earlier in

the season have very weak stalks. These stalks break over very easily when walking or sampling pest in these fields. If strong winds occur, lodging may be excessive. Growers that had hail damage in some of their fields should be ready to harvest these first.

Corn earworm egg laying has been observed in soybeans, but larval numbers were low in the few fields sampled earlier this week.

Wheat

Lesser cornstalk borers were found feeding on wheat in the Mayfield area. The larvae are a bluish-green color with prominent transverse bands and reach 3/4" in length. The larvae attack at the root crown and lower stems. They feed in silken tunnels covered with soil particles. They are usually associated with dry soil conditions or sandy soils. Damage can reduce stands and often appears as drought stress areas in a field.

Liner Makes Windbreak

Trees Available

Application blanks for ordering windbreak trees from the Texas Forest Service have been received in the County Agent's Office, according to Ollie Liner, County Agent.

Liner states that only the containerized conifers are available this year and these are Austrian Pine, Ponderosa Pine, Arizona Cypress, Redcedar and Afghanistan Pine. The minimum order for these is 30 and the cost is \$30. They will be in styrofoam containers and must be picked up on March 8, 1984 from 8 a.m. to 5 p.m. at the Experiment Station north of Lubbock on Farm to Market Road 1294. Liner suggests those in-

terested in securing trees get their applications in as soon as possible as the orders are filled on a first-come, first-serve basis.

Application blanks may be secured by calling or writing the County Agent's Office, 293-8481, ext. 267, Liner said.

Growers Can Influence Cotton Program

Texas cotton growers have an opportunity to control their own destiny as far as the 1984 cotton program in concerned.

Several provisions of the program are still "up in the air," and farmers have until October 4 to offer suggestions and comments. At stake is next year's cotton production and its ultimate influence on market prices.

"A number of provisions that will bear heavily on the market supply-demand relationship next year are still unresolved," says Dr. Carl Anderson, economist with the Texas Agricultural Extension Service, Texas A&M University System. "So, farmer input is needed to enable policy makers to make better-informed decisions."

He points out that comments from growers and others in the cotton industry are needed on the following:

--Whether or not USDA should establish an acreage reduction program and at what level.

--The appropriate national program acreage and voluntary reduction percentage if no acreage reduction program is announced.

--Whether or not USDA should establish a paid land diversion program, the percentage of diversion and level of payment.

--Whether or not there should be a PIK (payment-in-kind) program and the provisions of such a program.

--Whether or not to require offsetting compliances if an acreage reduction program is established.

--Methods for determining 1984 crop acreage bases for upland cotton.

--The base loan rate for upland cotton will be determined by statutory formula according to domestic and world price data.

--The '84 target price is currently set at a minimum of 81 cents per pound by the 1981 farm bill.

Persons should send their comments on provisions of

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

LUBBOCK, Friday, September 16, 1983

Extreme caution and careful planning are a must for cotton producers this Fall if problems in meeting "Plant for PIK" requirements are to be avoided, according to officials of Lubbock-based Plains Cotton Growers, Inc.

USDA announced early this month that producers without enough cotton in the loan to cover their payment in kind entitlements would be required to satisfy 40 percent of those entitlements by putting 1983-crop production in the loan. Producers who laid out entire farms under the PIK program, and those without sufficient 1983 production to meet the mandate, USDA said, will receive their in-kind payment from government-owned Commodity Credit Corporation stocks.

The producer who has 1983 production that is owed to CCC under the plant for PIK requirement, says PCG Executive Vice President Donald Johnson, will do well to make absolutely sure that such cotton goes to the loan.

Failure to do so, "for whatever reason," Johnson continues, will put the producer out of program compliance and may leave him liable for liquidated damages of 15.2 cents per pound. Washington sources at this writing aren't sure if liquidated damages will be assessed. But the loss of deficiency payments, in-kind payments and loan eligibility are more penalty than most producers can stand, Johnson states.

Producers may put 1983 plant-for-PIK cotton into the loan at any time during the PIK availability period, i.e. any time before March 15 on the High Plains. But the danger, Johnson points out, is that some producers may be tempted to sell early-harvested bales into the market and take a chance on meeting plant-for-PIK needs later. "Taking that risk will be very costly if the weather should destroy, or even reduce yields on, cotton intended for late harvest."

Johnson also notes that producers may be able to profit from judicious selection of the bales to be put in

the loan and the bales to be sold. For example, he says, qualities in greatest demand could go to market, with plant for PIK requirements met by qualities commanding lower market premiums—a strategy that would suggest holding all cotton until the harvest is complete.

Another producer consideration that may require more delicate calculations is what USDA calls its "special purchase program." This program allows producers two choices: (1) put cotton under loan in the regular manner and receive in-kind payment after quality adjustments, or (2) enter cotton in the loan without having it classed, at the loan price for Strict Low Middling Light Spot one inch (42-32), and receive the same bales, pound for pound, as payment in kind.

Under this procedure the grower will need to contrast the advantage of getting 42-32 loan price (48.05 cents) for a lower quality cotton against a possible advantage of having additional pounds to sell in the market, or in some cases to meet the terms of a forward contract.

One final word of caution is in order, Johnson says. "The rules of the game are still subject to change, and no producer should make final decisions without first checking with his county ASCS office."

JOHN DEERE 484 COTTON STRIPPER DOUBLE-BARRELED

BONUS OFFER

Take advantage today of a waiver of finance charge/\$4,000 rebate combination or \$6,125 bonus for buying a new 484 Cotton Stripper

For a limited time, your local cotton harvesting pro John Deere dealer makes you a double-barreled bonus offer on new 484 Strippers that can't be beat. Here's your double-barreled choice:

1. Buy a 484 now and receive a \$4,000 cash bonus, plus, if you finance that stripper with John Deere, a waiver of finance charge until the first month of the 1984 harvest. * Or

2. Buy a new 484 during September, pay cash or finance it with John

Deere without waiver, and receive a \$6,125 cash rebate.

These offers from John Deere are in addition to the special deal your dealer will make on a new 484 Stripper. And, if you purchase now, you can qualify for substantial tax savings from investment tax credit (ITC) and depreciation. Everything is in your favor for purchasing a new John Deere 484 Stripper now. See your dealer today for details on this double-barreled bonus offer.

*Availability of John Deere financing subject to approval of credit. This offer may be reduced in value or withdrawn at any time.

7th Lopes Skunk Hale Center 18-0

The 7th grade Lopes skunked Hale Center 18-0 last Thursday night in a completely one-side match-up.

Abernathy racked up 142 yards on offense while completely shutting out Hale Center with -2 yards total offense.

Making the three touchdowns for the 7th Lopes were Russell Miller, who broke loose on a 31-yard run on his first touchdown, and a 2-yard run for his second touchdown; and Bill Soto, who ran in from 6 yards out to score.

Coach Ray Ater praised

the following players for a fine performance. Outstanding on offense: Russell Miller, Kyle Rawlings, Tony Garcia, Jesse Garcia, Doug Young, Pete Olivas, Andy Hagstrom, Robert Palacios, David Macias, Fabian Avalos, Chris Shuey, Ronnie Williams and Blaine Cox.

Outstanding on defense: Russell Miller, Pete Olivas, Robert Palacios, Jesse Ruiz, Shane Gainer, Adam Martinez, Bill Soto, Tony Garcia, Fabian Avalos, David Macias, Andy Hagstrom, Jesse Garcia and Kyle Rawlings.

Abernathy 4-H'ers Exhibit Projects At County 4-H Fair

Thirty-seven Hale County 4-H members exhibited their 4-H projects in the Hale County 4-H Fair, September 10 at the old Perry's building in Plainview, according to Tom Conerly, county extension agent-agriculture.

The annual event included a tractor driving contest, a children's barnyard and exhibits of 4-H projects ranging from vegetables to photography displays.

Paul Barton of Halfway 4-H won 1st place in the senior division of the tractor driving contest and Rodney Ebeling won 1st place in the

junior division of that contest. Joan Davis, Abernathy 4-H, was named high point senior girl and Mark Huffhines was high point senior

boy for the fair. Cody Wages, Abernathy 4-H, won high point junior boy and Leigh Ann Wages, also of Abernathy 4-H, was high point junior girl.

Carver Speaker At Lions

Ken Carver was guest speaker at the Lions Club September 13. He is the USDA Water and Conservation Division Director for the Texas Hi-Plains Under-ground Water Conservation District No. 1.

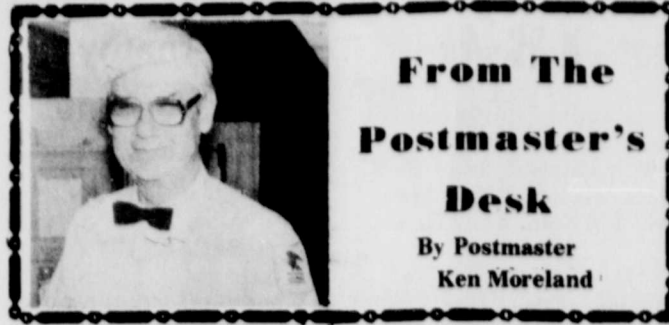

Mr. Carver is responsible for the agriculture water use section, the soil moisture section and the permitting

section. He is a Texas Tech graduate with a degree in Agricultural Education.

Mr. Carver spoke to the Lions Club about secondary recover of underground water using air injection and he discussed a new type of irrigation referred to as surge irrigation.

LION GUEST SPEAKER Ken Carver, USDA Water and Conservation Division Director for the Texas Hi-Plains Under-ground Water Conservation District No. 1, chats with Lions Owen Benn, on the left, and Harold Thompson, on the right, following the Lions meeting held last Tuesday, September 13. (Review Photo)

From The Postmaster's Desk
By Postmaster Ken Moreland

OLD SCHEMES DEFRAUD NEW VICTIMS

Medical fraud and work-at-home schemes continue to victimize thousands of Americans each year, taking money from those in need and placing it in the pockets of swindlers and con artists. Typically, unwary postal customers continue to send fees ranging from \$10 to \$25 in response to advertisements that falsely suggest there is a market for envelope-stuffing services. Others purchase youth portions, bust developers, untested remedies for nagging discomforts, quick weight loss pills, and other highly imaginative, but unrealistic items. The loss exceeds dollar value, since buyers may delay seeking bona-fide medical assistance when it is needed.

The U.S. Postal Service can put many of these dealers in disappointment out of business. But, we need the cooperation and assistance of our customers.

An envelope-stuffing scheme operated out of Miami, Florida and Angwin, California victimized at least 7,000 people. Operating under two assumed company names, the perpetrators advertised that the average person could make \$9 an hour stuffing envelopes. They guaranteed payment of 18 cents for each envelope addressed, stuffed with supplies furnished by the two bogus companies, and mailed. The operators will

do 200 hours of community service work in San Francisco for each of the next five years to compensate for their crime.

An entrepreneur who preyed on the enthusiasm of many for self-improvement through dieting, was fined \$50,000 and ordered to make restitution to dissatisfied customers. The Milburn Book Corporation of Montclair, New Jersey pleaded guilty February 3, 1982 to one count of conspiracy and 40 counts of mail fraud in connection with the nationally advertised mail order marketing of such items as "Diet Bullets," "The Amazing Diet Secrets of a Desperate Housewife" and "Dr. Romano's Mega II Rapid Weight Reduction Program." The operators grossed more than \$15 million from these mail fraud schemes.

Customers can help protect themselves from mail fraud by investigating unbelievably good offers before they buy. Do not pay with cash, since a check, money order or credit card purchase can be traced if an investigation is made.

If you have a question about a firm, contact your Better Business Bureau, consumer protection agency or postal inspectors. They may have additional information to help you make a choice. If you do suspect mail fraud, contact my office or the Postal Inspection Service.

We want to put these dealers in disappointment out of business.

8th Grade Ties With Hale Center 8-8

The 8th Lopes tied with Hale Center 8-8 last Thursday night as the Lopes were their own worst enemy in the struggle.

The 8th Lopes lost 4 fumbles, but still managed to control Hale Center's

offense. The Lopes gained 141 yards total offense to Hale Center's 160 yards.

The touchdown came on a 5-yard run by Irvin Dunn. The extra points were made when Rob Givens caught a pass from Dunn.

Dunn also made a big play on defense when he intercepted a Hale Center pass.

Coach Ray Ater stated that there were several outstanding players on offense and defense. On offense - Rob Givens, Irvin Dunn, Pete Garcia, Ricky May, Gary Shafer, Jeff Hannel, Jared Knight, James Pearson, Randy Konstantakos and John Aguirre. On defense - Ricky May, John Aguirre, Rob Givens, Pete Garcia, James Pearson, Gary Shafer and DeWayne Young.

Girls Cross Country Team First At Brownfield

The Abernathy Girls Varsity Cross Country team placed first in the Brownfield Invitational Cross Country meet held last Saturday.

The Abernathy girls won first place with 46 points, followed by Coronado second with 68, Roosevelt third with 95, Odessa Permian fourth with 98, Slaton fifth with 101 and Muleshoe sixth with 135.

On the varsity team are Holly Shafer, Liz Lopez, Stacey Kelley, Johnna Harrell, Amy Pettit, Gina Sali-

nas and Dinah Neve. Holly Shafer was sixth overall individual with a time of 13:57.1. All seven of the girls on Abernathy's squad placed in the top 20.

Also competing at the meet were the girls JV, boys varsity, and boys JV teams.

The boys varsity cross country team placed fifth behind Brownfield first with 61 points, Muleshoe second with 64, Monterey third with 75, and Permian fourth with 104 points. Levelland placed sixth with 176 points. The boys JV team placed

fifth with 101 points. The girls JV placed fourth with 109 points behind Coronado first with 35, Dawson second with 70 and Stanton third with 96. Dunbar placed fifth with 118 points and Big Spring sixth with 160.

The cross country teams will compete at the Plainview Cross Country meet this Saturday, September 24, the Big Spring Cross Country meet October 8, and the Lubbock Open Cross Country meet October 15. District will be held October 25 at Lubbock.

Future Homemakers Discuss Mum Sales

The Abernathy Future Homemakers had their first meeting of the year Wednesday, September 14 in the Home Economics Department.

President, Kathy Valdez presided over the business meeting. Secretary-treasurer Julie Torrez read the minutes from the August officers meeting and gave the treasurer's report. She also went over the budget and emphasized the importance of having a big sale on the mums. Rachel Lopez, vice president of recreation, led a relaxer and Mary Helen Trevino, vice president of programs and projects, told the members about the Homecoming Mum Sale.

The Abernathy FHA will be selling mums for the AHS Homecoming Friday, September 30. There is a wide selection from which to choose. Members will be selling mums through Tuesday, September 27. The flowers will come from Abernathy Floral. The proceeds from the sale will be used for the FHA Awards Banquet, area and state meetings and area leadership camp.

Anyone who has not been contacted by an FHA member and who wishes to order a mum may contact Mrs. Marilyn Stone, FHA Advisor at 298-2563 during school hours.

Tech Honor Roll

More than 650 students at Texas Tech University qualified for the dean's honor rolls in the university's six colleges during the 1983 second summer term.

Students making the honor roll included the following from Abernathy: Kanice E. Newton, Route 2, Donald S. Raphael, 612 15th; and Roddy M. Shipman, Route 1.

Senior Class Elects Officers

The Senior Class Officers for the 1983-84 school year at Abernathy High School are: Lonnie Teal, President; Stacey Kelley, Vice-President; Melissa Thompson, Secretary; and Todd Barwick, Reporter.

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 8, 1983

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 91 proposes a constitutional amendment which requires a county with a population of 30,000 or more to be divided into not less than four nor more than eight justice of the peace precincts. A county with a population of 18,000 or more but less than 30,000 shall be divided into not less than two nor more than five justice of the peace precincts. A county with a population of less than 18,000 shall be designated as a single justice of the peace precinct or, upon a finding of necessity by the commissioners court, shall be divided into more than one justice of the peace precinct but not more than four. The amendment provides further, that in any precinct in which there is a city with a population of 18,000 or more, two justices of the peace shall be elected. The amendment allows a justice of the peace, constable or commissioner to continue in office until the expiration of his term, although a change in precinct boundaries results in the officer no longer being a resident of the precinct for which he was elected or appointed and allows a justice of the peace or constable to continue in office until the expiration of his term even though a change in precinct boundaries results in the abolishment of the precinct or more than one justice of the peace or constable serving the precinct. Vacancies in the office of justice of the peace or constable that result from a precinct boundary change shall be filled by the commissioners court until the next general election. The amendment would take effect on January 1, 1984, and counties with populations of less than 30,000 and with more than four justice of the peace and constable precincts would have until January 1, 1987 to comply with the amendment. The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing fewer justice of the peace and constable precincts in counties with a population of less than 30,000 and providing for continuous service by justices of the peace, constables, and county commissioners when precinct boundaries are changed."

ity of the members present. The amendment will appear on the ballot as follows: "The constitutional amendment authorizing statutory provisions for succession of public office during disasters caused by enemy attack, and authorizing the suspension of certain constitutional rules relating to legislative procedure during those disasters or during immediate threat of enemy attack."

PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 1 proposes a constitutional amendment that authorizes the Legislature to enact legislation that permits representative associations of agricultural producers to collect refundable assessments on their product sales to be used solely to finance programs of marketing, promotion, research and education relating to those products. It provides, further, that adoption of the proposed constitutional amendment will bring into effect Senate Bill 607, Acts of the 68th Legislature, Regular Session, 1983, with rejection of the amendment resulting in Senate Bill 607 having no effect. The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment providing for the advancement of food and fiber production and marketing in this state through research, education, and promotion financed by the producers of agricultural products."

PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 30 proposes a constitutional amendment which authorizes the Legislature to enact laws to provide for the succession of members of the Legislature in the event of enemy attack and allows the suspension of procedural rules imposed by the Constitution in the event of, or immediate threat of, enemy attack. The amendment empowers the Governor, after consultation with the Speaker of the House and the Lieutenant Governor, to suspend the constitutional requirement that the Legislature hold its sessions in Austin and allows the suspension of procedural rules by the Governor issuing a proclamation in which the House of Representatives and Senate concur by resolution approved by a majority of the members present. Suspension of the constitutional rules may not exceed a period of two years under a single proclamation; however, the Governor may renew the suspension by issuing a new proclamation concurred in by the House of Representatives and the Senate through a resolution approved by a major-

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 12 proposes a constitutional amendment that authorizes the Legislature to enact legislation providing for the use of the permanent school fund and income from the permanent school fund to guarantee bonds issued by school districts. The amendment provides, further, that the Legislature may appropriate part of the available school fund for administration of the permanent school fund or of a bond guarantee program established pursuant to the amendment. The constitutional amendment will appear on the ballot as follows: "The constitutional amendment authorizing use of the permanent school fund to guarantee bonds issued by school districts."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 1 proposes a constitutional amendment which would permit the Legislature to provide for the garnishment of wages to enforce court-ordered child support payments. The garnishment remedy would not be available for other purposes. The proposed amendment will appear on the ballot as follows: "The constitutional amendment allowing the Legislature to provide for additional remedies to enforce court-ordered child support payments."

PROPOSITION NO. 7 ON THE BALLOT

Senate Joint Resolution 14 proposes a constitutional amendment that authorizes the Veterans' Land Board to provide for, issue, and sell general obligation bonds of the State of Texas in an amount not to exceed \$800 million to provide financing to veterans of the state. The amendment requires that three hundred million dollars of the state bonds be dedicated to the Veterans' Land Fund. The Fund is to be used to purchase land to be sold to veterans under such terms, rules and regulations as may be authorized by law. The amendment creates the Veterans' Housing Assistance Fund and requires that \$500 million of the state bonds authorized by the amendment be dedicated to the Fund. The Veterans' Housing Assistance Fund will be utilized by the Veterans' Land Board for the purpose of making home mortgage loans to veterans for housing within the state and for the administrative

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 1 proposes a constitutional amendment that authorizes political subdivisions to exempt veterans' organizations from ad valorem taxation on their property. The amendment requires that the veterans' organizations be chartered by the United States Congress, be composed of members or former members of the United States Armed Forces, and be organized for patriotic and public service purposes. The amendment provides, further, that political subdivisions may exempt fraternal organizations from ad valorem taxation on their property. The amendment requires that the fraternal organizations be organized to perform and be primarily engaged in charitable or benevolent functions. The Legislature would be authorized to enact laws that prescribe eligibility requirements for fraternal organizations to benefit from the exemption and to pass legislation limiting the types or amount of property owned by a fraternal organization which may be exempted from ad valorem taxation. The proposed amendment will appear on the ballot as follows: "The constitutional amendment permitting a city or town to exempt public funds and levy assessments for the relocation or replacement of sanitation sewer laterals on private property."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 70 proposes a constitutional amendment to authorize the Legislature to provide, by local or general law, a method by which judges of statutory courts with probate jurisdiction may be assigned to any other statutory court with probate jurisdiction and to any constitutional county court in any county in the state. The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for assignment of judges of statutory probate courts to other statutory county courts with probate jurisdiction and to county courts."

jurisdiction and to county courts."

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 17 proposes a constitutional amendment that authorizes the Legislature to enact laws which would allow a city or town to expend public funds to relocate or replace sanitation sewerage laterals on private property if done in conjunction with the replacement or relocation of sanitation sewer mains serving the property. The amendment requires that the law authorize the city or town to affix a lien on the private property, with the consent of the owner, to cover the costs of the replacement or relocation of the sewer laterals on the property. The lien may not be enforced until five years have expired since the date the lien was affixed. The amendment provides, further, that the law require that the costs of the replacement or relocation of the sewer laterals on the private property be assessed against the property with repayment to be amortized over a period not to exceed five years and at an interest rate provided by law. The proposed amendment will appear on the ballot as follows: "The constitutional amendment permitting a city or town to expend public funds and levy assessments for the relocation or replacement of sanitation sewer laterals on private property."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 13 proposes a constitutional amendment that would change the Board of Pardons and Paroles from a constitutional agency to a statutory agency and would eliminate the Governor's power to revoke paroles. The Legislature would be authorized to establish the Board of Pardons and Paroles and to require it to maintain records of its actions and the reasons for its actions. The amendment would empower the Legislature to enact parole laws. Constitutional language specifying the qualifications and terms of office for members of the Board of Pardons and Paroles is eliminated. The proposed amendment will appear on the ballot as follows: "The constitutional amendment to change the Board of Pardons and Paroles from a constitutional agency to a statutory agency and to give the board power to revoke paroles."

PROPOSITION NO. 12 ON THE BALLOT

House Joint Resolution 70 proposes a constitutional amendment to authorize the Legislature to provide, by local or general law, a method by which judges of statutory courts with probate jurisdiction may be assigned to any other statutory county court in any county in the state. The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for assignment of judges of statutory probate courts to other statutory county courts with probate jurisdiction and to county courts."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 105 proposes a constitutional amendment which would limit a homestead in a city, town or village to a lot or lots amounting to not more than one acre of land, together with any improvements on the land. The constitutional requirement that, at the time of

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitucion que aparecerán en la boleta el día 8 de noviembre de 1983. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/252/9602 o por escribir al Secretario de Estado, P.O. Box 12887, Austin, Texas 78711.

Letters To The Editor

Dear Editor:
 It seems to me that the residents and merchants of Abernathy have not yet really gotten a grasp on the importance of I-27 and the traffic that flows on it.
 This is much the same as the attitude of some farmers in years past in regards to a lake, which would take up part of their farming acreage. A few years back, a lake was just a drag, unprofitable and a general nuisance, being a hatching place for mosquitoes and to a large degree, not utilized.
 Today, a lake that acquires and holds water is a valuable asset and can increase the value of a farm and its production capabilities to a great degree.
 To many people of Abernathy, the Interstate is a nuisance, and for them, not profitable for they cannot see its potential for increased sales volume and increased profit. The wide-awake merchants are already looking for ways to swing some of that traffic uptown, so that out-of-town dollars will be spent in their stores.
 It is amazing the potential Abernathy has for growth, both in population and in business volume due in a large part to I-27 finding a

path through Abernathy.
 There is opportunity for motels, cafes, truck stops, auto parts and repair services, wrecker services, truck repair and maintenance, motor home and camper repair and service, and others.
 I might belabor a point and once again emphasize

the need for Abernathy merchants and residents to be loyal to local merchants, because it is possible for one sale to multiply itself 25 times within one town. As sales tend to generate more sales, and as the business economy grows stronger, then prices can be reduced to promote further increases in business, because set overhead costs will be spread out and distributed over a wider base of sales.
 Merchants of Abernathy can actually control, to a large degree, the number of people who leave town to

shop, at Plainview or Lubbock, by the way they price their merchandise and by the way they present it. This includes advertising, marketing and promoting their products or service.
 There is almost a universal need in West Texas small towns for people to wake up and look around at the opportunities which are presenting themselves now.
 If merchants will reduce prices to generate a higher sales volume, stay open 6 days a week and promote their businesses in every way possible, Abernathy

could have a 200% increase in business volume within one year.
 Would it be worth a try? Would the whole trade territory benefit? Can an individual by himself have any impact upon the thinking of others that all can benefit? To all those questions, I would answer with a hearty yes!
 As a town thinketh, so it is!
 Thanks,
 Pete Looney
 A major risk factor in heart attack is smoking.

benefit? To all those questions, I would answer with a hearty yes!
 As a town thinketh, so it is!
 Thanks,
 Pete Looney
 A major risk factor in heart attack is smoking.

Chamber Mexican Supper Oct. 7

The Chamber of Commerce is having a Mexican Supper October 7 at the school cafeteria.
 Tickets for the supper are \$3 and may be purchased at the elementary, junior high or high school offices, and at some of the businesses in town.
 Everyone is invited to the supper.

Waits Honored At Dairy Seminar In Arlington

Early morning hours, high production costs and low prices do not stop the young dairy farm family from being enthusiastic about their way of life. Thirty-three young dairy farm couples between the ages of 20 and 34 met recently in Arlington to participate in Associated Milk Producers, Inc. (AMPI) Young Cooperators Seminar for an update on dairy legislation, dairy technology and AMPI policies and activities.
 Jimmy and Thelma Waits, a local dairy farm family, participated in the seminar. Seminar participants competed at the

division level for the opportunity to attend the seminar. Officers of the AMPI Southern Region Young Cooperators are selected by judges during the seminar. Each couple competes as a couple but each is judged individually. Couples submit a written form detailing their dairy operation and personal understanding of a milk marketing cooperative. During the seminar each couple gave an oral presentation for scoring by the judges.
 During the seminar, the couples toured the AMPI Southern Region offices to observe the day-to-day operation of a milk marketing

cooperative. The producers learned how computer technology traces their milk from pick-up at the farm to delivery at a plant.
 Speakers during the conference include Lee Wolf, Southern Region President; E. L. (Jiggs) Wise, AMPI Southern Region Manager; Noble Anderson, Assistant Southern Region Manager; Gene Dunham, Market Administrator for the Texas Federal Milk Market; Sam Stone, Assistant to the AMPI General Manager, Government Affairs; June Saylor, member of "Women in Farm Economics;" and Gail Corley, AMPI Consumer Services.

JIMMY AND THELMA WAITS, standing, check a computer print-out record of their growing part-ownership in the cooperative that markets the milk produced on their dairy farm. The pair were honored at a recent meeting at the organization's region headquarters in Arlington, Texas.
 Alfred Nobel invented not only dynamite, but plywood.
