Merchants To Offer Customers Special Buys

Merchants of Rotan will start a program of Special Bargains, to be offered for two days and to be run twice each month, early in September. The advertisement will appear in the Advance, and is sponsored by the Chamber of Com-

The plan is based on giving customers special bargains on these days, instead of a drawing, and is proving popular in many parts of the country.

Merchants are expected to offer articles which the public uses and needs, and the event is to show appreciation of their customers.

The merchants of Rotan have good stocks and most of the time customers can save money by doing all their shpping at home instead of running out of town for one or two 'hot specials' and then paying as much or more for other purchases. Remember your home-town merchants supports our schools, churches and all other worthwhile enterprises. They strive to give you good merchandise at fair prices, and by trading at home we al- Posey and Bruce McCain appear, ways indirectly help ourselves.

The Rev. Thmas Martin officiated at the double-ring ceremony.

Carl Johnson gave his daughter n marriage. She was attired in a gown of pure silk peau de sole and handrun Alencon lace, designed with scoop neckline, long sleeves, and full princess skirt falling into a chapel train. LETTER TO EDITOR

In regard to the race between J. Edwin Smith and Judge Robert Hamilton for the Supreme Court of Texas, I am opposed to Hamilton for several reasons. Mainly, he already has an office, and has four more years to serve, drawing about fifty dollars per day of taxpayers money, and asking for another office at the people's expense. Do you think its right for a man to make a valid contract and then go back on his part.

2nd. Why are his friends of Abilene and Midland spending and paying for his campaign cost and what are they expecting in return? I have lived in this congressional district for forty years and this is my first time to see a man asking for the highest court, cheapening the dignity of that office by having placards all over and on most telephone posts. It sounds about like county candidates.

I am voting for J. Edwin Smith because he is conducting his race on a higher plane and on his own time, and spending his own money. J. Edwin Smith is good loyal Democrat and able lawyer with honesty and integrity.

LETTER TO EDITOR

I am writing this letter in the interest of good, local self-government. American Democracy is based on the presentative form of government only. It therefore becomes a metter of necessity that we must trust someone to represent us in Austin for the next two eyars. The action, conduct and votes of our representative is binding upon all of us. He is the only one who has the authority to look after the affairs of the 91st district in the lower house of the Texas Legislature. He has the authority to raise or lower our taxes. We give to him a voice in regulating our insurance and utility rates. His action is important in this respect. This extends to the rural people as well as to the city people because his votes have a bearing upon the electrification movement which has meant so much to the rural people.

I believe that Max Carriker of Fisher County is the man to whom we should entrust the above important tasks. He is a muture man 37 years of age. His judgement has been seasoned by trials of life that has been encouraged in providing for his wife and three children up to the present time. He has always worked for his money and he knows the problems of production by actual experience. He has served as president of the school board in his local community. He understands the problems of the school district as well as the problems of the school instructor. Max will be free to represent the entire three counties an an equal basis. He is obligated to no one except the people who will cast their vote on August 23.

The Carrikers are old timers in Fisher County. They have had an important part in the life of the community where they have lived and Max has given freely of his time and money to help carry on all of those civic endeavors that make living in a West Texas community so enjoyable.

Please consider my friend Max when you go to the polls on August 23. Give him your vote and you will never be srry that you did.

Above all Max pledges to provide money for bigger and better pen- Mrs. Herbert Kennedy and Kay in Big Spring. ELECT

MEN, vs. THE TEACHING OF THE BIBLE

In view of the alarming fact that there are more than 200 different demoninations and more than 1600 different religious beliefs all claiming to be right, it is all the more important that one find the truth lest be become bogged down in the mire of speculations of men as so many are. Let us in this brief space that we have contrast that which is taught by men, with what the Bible teaches.

First, men teach that a person IS IN POSSESSION OF ETER-NAL LIFE WHILE LIVING IN THIS WORLD. But the Bible does not teach that. It teaches that we have eternal life ONLY BY PROMISE while still in this world. Read (1 John 2:24-25; Matt. 19:29; Rom. 6:22; Heb. 3:14).

Second, men teach that one must repent BEFORE believing in order to be saved. But in Heb. 11:6 we are told that it is "IM-POSSIBLE to please God WITHOUT FAITH". Therefore, God would not accept repentance were it possible to repent before believing. Unless you first have faith HOW COULD YOU RE-PENT? It's impossible.

Third, men teach that the true church was established before the death of Christ. If this be true (which it is not), then it existed for a time wihout a head. For the Bible says that Christ is the head of the church. (Col. 1:18; Eph. 1:22), neither did it have within it the Holy Spirit.

Pd. Pol. Adv. by Rotan Friends of Dave Posey

For the Bible says that the Holy Spirit was "not yet given." (John 7:39). Fourth, men teach that the soul of man is purified by a DIRECT WORK OF THE HOLY SPIRIT IN ANSWER TO PRAYER. In teaching this they deny (1 Peter 1:22-23) where the inspired writer says that "ye have purified your souls in obeying the truth." If what men teach is true why are not all the prayed for saved? (Acts 10:43). The Bible contradicts the theory

of men. Further, Jesus said that "the world (sinners) cannot recieve" the "Spirit of Truth." Or the Holy Spirit. (Jonh 14:17). Fifth, men teach that a child of God cannot fall from grace. But the Bible is replete with examples where it happened. Read (1 Cor. 10:12; 2 Cor. 11:3; Heb. 4:11; 12:15; Gal. 5: I-I4). Sixth, men deny the Lord the priviledge of adding to the church as revealed in Acts 2:47.

They VOTE on them by their experiences and call them after a denomination. There is safety for our eternal souls only in obedience to God's word. Let each one of us examine what man says in the light of God's revealed will. When it differs let's take God's word rather than man's.

By this method the counts are made May 20 through June 10, beginning one-half hour before official sunrise.
