By Nanalee Nichols

To know me is to know I love animals. And every now and again I climb up on my soapbox and get really, really ticked off!

A few weeks ago one of the employees of a convenience store said "if you want to write a column...tell some of these people that they don't do puppies and kittens a favor when they dump them at a store...they get smashed on the busy highway immediately".

She went on to express her distress at having watched a just-dumped puppy be run down and killed right in front of her eyes.

Within a week a friend mentioned finding two very tiny, very confused and frantic puppies on the center line of a bridge. The poor little things didn't know which way to turn as huge vehicles roared down on them from both directions. After stopping and picking them up they were greeted with that instant trust which makes small animals so endearing.

Somehow, the betrayal of that trust seems criminal to me.

To begin with...it's irresponsible to have animals and allow them to just keep on having litters unless you can give the offspring good homes (or keep them yourself). I hear "Oh, but neutering is SO expensive". Count up the amount spent on food bills for multiple pets and see if the money spent at the vet isn't well spent!

But the real point is...don't dump animals ANYWHERE. Not at a store where they might "have a chance at finding a home" (they usually don't)...not out in the country where they "can hunt for themselves" (they starve or die from disease).

At stores they are at terrible risk from vehicles. In the country they are eaten by coyotes, run over, or worst of all, may die a lingering death from starvation.

And it is so completely unnecessary.

Most of us can manage to run to "town" for just about anything...so why can't we take unwanted animals to the Humane Association or Pound? Yes, they may have to be eliminated. But it is done quickly, and isn't painful. Or take them to a vet...even shot them yourself! As harsh as it seems, it beats being injured or killed on the road, or starving.

I can't abide cruelty...and dumping is cruel, cruel, cruel.

Please folks, don't do it! There is a verse which reads "A good man looks to the welfare of his animals" it's from Proverbs in the Bible. Think about it.

## Congratulations and Good Luck Girls!

STATE BOUND- The Prairiland Lady Patriots raise their Regional Trophy high as they celebrate their victories over Pilot Point and Rosebud-Lott last Saturday to head for state this weekend. From left to right are: Davonna Brumley, Jamie Sue McLeroy, Trinity Bowden, Kristy Cantrell, Jan Scudder, Mandy Babb and Katie Mowery. In the background are coaches Jonathan Lorenz and Frankye Sessums.

## State, Here We Come!!!

The Prairiland Lady Patriots traveled to Texas Womens University in Denton Saturday to earn the title of Region II Class 2A champs. The ladies received the honor after defeating the Pilot Point Lady Cats in a 15-1, 15-3 win and then returning later in the day to beat Rosebud-Lott 15-6, 15-2.

The Pilot Point Lady Cats were no match for the Patriots as excellent serving on the part of the Lady Pats dominated the first game.

After losing control of the ball twice early in the second game, Crystal Ericsson took action with six straight serves. After losing possession of the ball once again, the ladies regained control to add four more points to make the score 10-0. After

losing the ball on a borderline serve, possession was passed back and forth for the next five serves.

Pilot Point finally earned three scores late in the game to make it 10-3. A quick kill by Jan Scudder brought the ball to the Pats' side of the court. The Lady Cats regained serving privilege several more times only to have the Lady Patriots dampen their hopes. After some question as to a call on the last serve, the Lady Pats finally took game point to make the final score 15-3.

Having lived up to their reputation one more time, the Lady Pats returned to the court at 2 p.m. to take on the Rosebud-Lott Lady Cougars. Prairiland gave the Cougars the first two points in the first game only to

get the ball back in their court for the next four points.

Laura Hayes presented her excellent serving ability to make the score 4-2. After allowing Rosebud-Lott to take possession of the ball, their offensive play was short-lived as Trinity Bowden went up for a quick kill. Control of the ball was juggled back and forth the next few serves as the score became tied at 6.

Once again the Lady Pats refused to be intimidated as they soon eliminated Rosebud-Lott from the competition with a final 15-6 win.

The Prairiland Lady Pats now travel to Austin to demonstrate their talents in the State Tournament on Friday, November 20 at 12:45 against East Barnard.

## Country Cooking

By Judy Screws

BECKY and Carmen Williams stand in the kitchen of their Detroit home. They are sharing favorite recipes with us this week in Country Cooking. (Staff Photo by Judy Screws)

Becky, Robert, Blake and Carmen Williams live in a very roomy, comfortable home across the street from Detroit High School. We visited with Becky and Carmen this week.

Becky is over the Stationary and Seasonal Holiday department at the Wal-Mart Store in Paris. This month she celebrates her 10-year anniversary with the Paris store. She had previously worked for 4 1/2 years at the Clarksville store.

Robert is a farmer. His crops include soybeans, wheat and milo. Nine year old Blake is in the fourth grade and four year old Carmen is in pre-kindergarten. This is her second year in school. Blake enjoys baseball, basketball and football.

Becky is chairperson of Head Start and attends Paris Junior College. Her goal is a degree in accounting. Robert is a City Councilman for the City of Detroit. This busy family attends the First Baptist Church.

Becky says her family likes just plain country cooking. One of their favorite meals is beans, potatoes and cornbread. This seems to be a favorite of many families in this part of the country. Becky loves making and

eating Mexican food. She says she could eat Mexican food three meals a day.

In addition to working at Wal-Mart and going to school, Becky enjoys working with crafts. She makes bows, paints sweatshirts and is making bedspreads and drapes to redecorate their bedrooms. Becky also enjoys tennis, but rarely has time to play.

The Williams family has two Chow dogs and two black cats. The female Chow lives somewhere else, but the male, Travis Beethoven, lives at home. I didn't see the cats.

Becky is sharing her recipes for Enchiladas, Spanish Rice and Mexican Salad with us. She says that these recipes are easy to convert to low fat fare.

I was very impressed with all of the people who were across the street at the high school participating in Richard McCain Day. Once again, a town has come together to help one of its own. Real folks do that. We wish Richard and his family the best.

Thanks to Becky and Carmen for their hospitality.

**Enchiladas**  
By Becky Williams  
1 lb. ground hamburger  
1 medium onion (yellow, white or red)  
1 lb. Longhorn cheese  
1 can chili (any brand you prefer)  
12-24 tortillas

Dice onion into small pieces. Fry hamburger meat over low heat adding a few onions for flavor. When meat is done, drain as much of the grease as possible. Cover skillet with a lid and set to one side.

Take a 1/2 cup of oil and put into a small saucepan on medium heat. Let the oil get warm, drop tortilla in one at a time for just a few seconds to get soft and take out. Repeat this as many times as you need to.

After you have prepared the meat and tortillas, get a large pan (depending on how many tortillas you are making). Grate cheese in a bowl. Warm chili. Take one tortilla, put approximately 1 tablespoon meat, sprinkle with onions and cheese, roll over and put into the pan. Keep filling up tortillas until you have filled the pan. Pour chili over the top and sprinkle the rest of the onions and cheese over the top. Bake at 300 until cheese melts and chili is bubbling.

Several items can be substituted to make a low calorie meal. Substitute hamburger for lean, ground turkey, use low fat cheese and bake the tortillas in the oven on low until they are soft. Everyone can enjoy enchiladas even if they're on a diet. Note: There is no salt in this recipe.

### Mexican Salad

1 head lettuce  
1-2 tomatoes  
1 lb. longhorn cheese  
1/2 green bell pepper  
1 bag fritos  
1 can ranch style beans, drained

Make the salad as usual. Add the pepper, fritos and ranch style beans. Mix up good and serve with your favorite salad dressing.

### Spanish Rice

2 cups instant rice  
1 cup rotel tomatoes  
1 cup water  
1/2 cup green bell peppers

Use a skillet and brown the rice. Watch carefully, making sure it doesn't burn, stir constantly. When rice is a little brown, add one cup water and juice of the rotel tomatoes, stirring occasionally. Dice tomatoes and add with peppers to the rice. Let simmer 2-5 minutes. Remove from heat and cover to let the rice get fluffy.

## Lone Star Methodist Youth To Perform Musical

"Down By the Creekbank" is the name of a musical written by Dottie Rambo, a very popular and inspirational gospel songwriter. The songs in this musical written by Ms. Rambo are from a child's point of view. In this presentation the focus is on God's love for each of us as individuals and that he cares about everything that has to do with our lives.

The Lone Star Methodist Youth will be performing the musical this Sunday morning, November 22 at 10:30 a.m., during the morning worship service.

Everyone is urged to come and support these young people in their efforts. The Lone Star Methodist Church is on Highway 37 north of Bogata.

## Fulbright Good Neighbors Meet For Crafts Day

The Fulbright Good Neighbors Club met November 12th at the Community Center for Crafts Day.

A covered dish luncheon was served to five members and several Ethel Epps, Vada Mae Hoover, Jimmie King, Marie Legate and Beryl Jean Miller.

Visitors were Worth and Audrey Baker, Travis King, Rhea Epps, Carl Gene and Gertrude Baker, Cheryl Fulbright.

The crafts were auctioned off. Everyone had good time and a plate lunch was sent to Faye Gandy who was unable to attend.

The Christmas party will be December 10th.

## Fitting In The Fat-Free Products

Cakes, cookies, frozen desserts, salad dressings, sour cream and mayonnaise are some of the foods that are now available in fat-free or reduced fat versions state Virginia Brock, Red River County Agent, Home Economist.

You may enjoy trading traditionally high-fat items for their non or low fat counterparts, but it is important to keep in mind that the abundance of reduced-fat products in supermarkets is not the key to a balanced diet. These new products can help lower fat intake, which makes them extremely valuable, but they are not the answer for making the diet more healthful.

BIRTHS

## Turn on energy savings by switching to high efficiency lighting

Brighten your home — and the outlook for your energy budget — by replacing your ordinary light bulbs with compact fluorescent bulbs. They use only one fourth of the electricity and last about 10 times as long as incandescent bulbs.

Lighting typically isn't a home's biggest energy user, but you still can reduce your total energy needs by making the switch — particularly on lights that are used more than two hours a day.

For more ways to save energy, call or visit your local Texas-New Mexico Power Company office and ask for the free booklet, "Energy Management Guide."

When some rural carriers and some management employees of the Lamar County Post Offices joined together as a work team for the "Quality Work Life/Employee Involvement" program, few realized some of the projects that would stem from the organization. The latest, a very humane and caring project is taking on the task of cleaning up the Silver Star Cemetery. The graveyard, purchased in 1895 from P.M. Chism by the Lamar County Commissioners Court, has many grave sites there but has fallen into hard times and disrepair in the past few years.

Most people who passed the cemetery, located north east of Paris on FM 195, didn't realize a burial ground was located there. The chain link fence was completely covered with vines and brush. The cemetery, itself was a jungle of trees, brush and vines.

In searching for a community project, the QWL/EI Paris Area Work Team, made up of rural carriers and management from the Paris, Pattonville, Powderly, Blossom, Detroit Sumner and Arthur City Post Offices, took the suggestion to check into cleaning up the Silver Cross Cemetery.

In checking with the Lamar County Commissioner's Court, who didn't realize that the court owned the cemetery, the team was told that the court was more than glad for the group to take on the project and also offered to help with some of the work.

The work team has spent several work days on the project and have the southeast corner, about one acre of the six acres cleaned out. The county moved the gate and installed a culvert to make the site accessible to FM 195. The highway department also installed a road sign on 195.

Many others have volunteered their work and services to the team project. One man sprayed for insects and sprayed to kill the weeds and underbrush. Another volunteered his tractor and shredder. The team members

**POSTAL WORKERS-doing something different!** Fighting the "jungle" that has overgrown Silver Star Cemetery are, left to right: Rural Carrier Linda Peace, Powderly (currently at Blossom) Pattonville Postmaster Barbara Dawson; Sumner Postmaster Joe Thompson, Postmaster Marshall Hall of Powderly.

have used hoes, shovels, rakes, shears, weed eaters, and wheel barrows in their quest to clean up the cemetery. Shortly after the second clean up day, the county used the cemetery to

bury a person. The group was very pleased that they had cleaned it up some before the burial. When the grave had settled, the work team filled it in with more dirt and removed the dried wreaths from the grave.

The site has graves all over the six acres. Some are marked with tombstones, some with just a piece of granite, and some are marked only with bois'd arcs stobs. However, many are unmarked and will have to be located and marked.

The people involved in this project are very enthusiastic that they can work at something that can be such a benefit for so many people who are affected by the final resting places of their loved ones. Team members include: Barbara Dawson, Linda Peace, Denise Dority, Sylvia Wishard, Jack Falls, Sherry Castle-

man, Martha Henry, Marshall Hall, Jackie Renfro, Barbara Wigley, Tommy Davidson, Teresa Gray and Joe Thompson. Juanita Rollins, Postmaster, Tom Bean is the management facilitator and Dale Miller, rural carrier, Detroit is the rural facilitator for the work team.

### CLEAR CONNECTIONS

"We take care of problems before you even know they're there!"

Bob Tullos, District Manager

Recent statistics from the Department of Labor show that telephone service is one of America's best values.

In the past five years, food and beverage costs have gone up over 23 percent, housing costs have increased 21 percent, and medical costs have skyrocketed over 45 percent. During this same period, the cost of telephone service increased by little more than 3 percent nationwide.

At GTE, we're doing our best to make your telephone service an EXCELLENT VALUE.

The Ladies Auxiliary from VFW Post 3990 of Reno joined us Monday afternoon for Bingo. Twenty-six residents along with seven volunteers enjoyed the games. VFW volunteers were Sara Mazy, Cleo Heflin and Natalie Ray. Our regular volunteers were Bocky Norman, Billie Mac Foster, Janie Martin and Mary Lee Johnson. We appreciate all the help and prizes these ladies donate to our home.

Employees of the month are Bobbie Gifford and Linda Rose. Resident of the month is Meldina Palmer. Best wishes to Haney Shannon and Russi Bell, who remain in the hospital.

Joyful Sounds, a trio from the First Assembly of God Church in Paris joined us at the nursing home for a morning filled with music and friendship. Ruth Wear, Jyce Laye and Camile Wheeler were also joined by Pat Smith and Edna Smith. These ladies harmonized a number of beautiful songs for everyone. We appreciate the talents and time they have given us. They will be back on December 15 to sing Christmas songs and we are looking forward to their return.

Vada Mae Hoover, Nelda Allen, Charles Finley and Cleo Finley visited Mrs. Grace McHam. Helen Moore, Jessie Marie Woodard and Sarah Mazy visited Mrs. Elizabeth Barnett.

Ruth Cheatham and Ruby D. Blevins of Pattonville visited Mrs. Johnnie

Warren. Mrs. Jessie Marie Woodard, Mrs. Helen Moore and Mrs. Billie Mac Foster visited Mrs. Miriam Shannon. Gladys Pool visited her mother, Marguerite Cannon this week.

#### Eye-Ability

In the absolute darkness, your eyes can see light as faint as that of a candle 14 miles away.

Your eyes have a sensitivity 300,000 times greater than the finest light receiving photocell—they can receive an image 10 times a second and distinguish it from any of 150 colors.

Legal blindness means vision cannot be corrected to better than 20/200 with conventional glasses or contact lenses or that a person can see no more than 20 degrees to the side while looking straight ahead.

### PUBLIC NOTICE

Contel of Texas, Inc. has filed an amendment to its application with the Public Utility Commission of Texas for approval of its Universal Emergency Number Service 9-1-1 tariff. The proposed tariff establishes rules, regulations and rates including the provisioning of the B9-1-1, C9-1-1, and E9-1-1 services; optional services, such as Selective Routing and Data Base Administration; additional services, such as Forced Disconnect, Called Party Hold, Emergency Ringback, Switched Access System; and Public Safety Answering Point Equipment.

Customers affected are either 9-1-1 districts or councils of government with 9-1-1 responsibilities. The application does not propose changes to emergency fees charged to end-user customers.

Twenty-three customers would be affected by the Universal Emergency Number 9-1-1 tariff, which would increase annual revenues by \$10,107.12, a 2.92% increase in the revenues generated by the contract rates of the current customers. Customers will have the option, however, of continuing the rates under their contract for up to one 12-month renewal term.

The deadline to intervene in this proceeding is December 24, 1992. Correspondence or any other communication regarding this matter should reference Docket No. 10929.

Persons who wish to intervene or otherwise participate in this proceeding should notify the Commission. A request to intervene, participate, or for further information, should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Information Division of the Public Utility Commission at (512) 458-0246 or (512) 458-0221, teletypewriter for the deaf.

**YWCA To Sponsor "Tinsel & Tidings" Arts Fair**

The fifth annual YWCA Tinsel and Tidings, a Christmas arts and crafts fair, will be held from 10 to 5 this Saturday, November 21 at the Lamar County Fairgrounds Coliseum.

The event offers area residents a chance to get a head start on their Christmas shopping and holiday baking needs.

Tinsel and Tidings will feature the work of more than 40 area exhibitors with items ranging from wooden dolls, toys and furniture to stained glass, jewelry and Christmas decorations. The bake shop will offer a unique opportunity to pick up handmade desserts or bread just in time

for Thanksgiving. Santa will be on hand all day to take pictures. Children can also get into the spirit of the season at the face painting booth and the whole family can enjoy watching the entertainment, including a style show, on the entertainment stage. Other attractions include Christmas tree decorations by area elementary schools, Christmas angels and homemade chili and cotton candy in the YWCA concessions area.

Tinsel and Tidings is the second largest fundraiser for the YWCA with proceeds going to fund its annual community service programs.

Treasure your time. Have a nice weekend!

**PUBLIC NOTICE**

GTE Southwest Incorporated (GTE-SW) and Contel of Texas Inc. (Contel) have filed an application with the Public Utility Commission of Texas to seek approval to provide two new private line services and to change rates for existing services. GTE's intraexchange DS1 Service will be offered pursuant to the rates proposed with this filing and will no longer be available through concurrence with GTE's interLATA access tariff rates which are lower. Contel's intraexchange DS1/DDS Service will be offered pursuant to the rates proposed with this filing and will no longer be available through Contel's current private line tariff rates. Existing customers with DS1/DDS Services will not be affected by these rate changes. DS1 1.544 Megabits per second (Mbps) Service and Digital Data Service (DDS) will normally be used for the transmission of data communications or large volumes of voice communications between two locations. These services are optional and will not affect the existing rates of customers who do not order these services. The estimated annual effect on GTE-SW's revenues in the first year is \$1, 080, 567. The estimated annual effect on Contel's revenues in the first year are \$42, 383.

**DS1 Service**

DS1 Service is an intraLATA Private Line Service which provides a dedicated, high capacity channel which may be used for simultaneous two-way transmission of voice data or other digitally encoded customer information signals. DS1 Service provides a transmission speed of 1.544 Mbps and is designed to provide an average performance of at least 95 percent error-free seconds of transmission over a continuous 24-hour period.

DS1 Service is available in and between all exchanges of GTE-SW and Contel where digital facilities exist. DS1 Service is available on a point-to-point intraLATA basis between two Customer Designated Locations (CDL), between a Serving Wire Center (SWC) and a CDL, and between a CDL and a point of connection with another service provider or between two SWCs.

IntraLATA DS1 Private Line Service is comprised of three rate elements: DS1 Local Loop, DS1 Transport and DS1 Transport Termination. Each element is described below.

**DS1 Local Loop**

This rate element is for the cable facilities from the CDL to the SWC. The customer has two payment options for the purchase of DS1 Local Loops. There is a month-to-month plan or term contract Optional Payment Plan (OPP).

The month-to-month payment basis allows the customer to establish and disconnect DS1 Services, without penalty, other than to meet the minimum service interval of one month's service, as needed. Under the month-to-month service, the additional DS1 Local Loop rate applies only when the additional DS1 Local Loop (s) is (are) ordered at the same time and between the same two CDLs as the first DS1 Local Loop.

The OPP plan allows the customer to select a term of service (1 YR, 3 YR and 5 YR) with lower monthly rates associated with longer term contracts. If the customer selects an OPP, additional DS1 Local Loops may be ordered and installed at the Additional DS1 Local Loop rate between any SWC and CDL covered by the OPP, at any time during the term of that OPP.

**DS1 Transport**

This rate element is for the mileage sensitive charges for transporting a DS1 signal between Serving Wire Centers. Transport occurs only when the two CDLs being connected are served by two different SWCs.

**DS1 Transport Termination**

This rate element is for the equipment to terminate DS1 Transport at the SWCs. This charge applies only when DS1 Transport is required for the service configuration of the customer. One transport termination charge applies at each end of the DS1 Transport.

Proposed Rates and Charges for DS1 Service are as follows:

	Nonrecurring Charge	Monthly Rates
<b>DS1 Local Loop</b>		
Month-to-Month		
First System	\$ 1,000.00	\$ 298.00
12-month term		
First System	-0-	\$ 283.00
36-month term		
First System	-0-	\$ 255.00
60-month term		
First System	-0-	\$ 226.00
Additional System	\$ 130.00	\$ 130.00
<b>DS1 Transport</b>		
Per airline mile	-0-	\$ 16.00
<b>DS1 Transport Termination</b>		
Per Termination	-0-	\$ 40.00

**Digital Data Service**

Digital Data Service (DDS) is an intraLATA Private Line service which supports synchronous, full-duplex transmission between the CDL and the SWC or the point of connection with another telephone company at transmission speeds of 2.4, 4.8, 9.6, 19.2 and 56 kilobits per second (Kbps). DDS provides a transmission path for digital data signals within the same LATA.

DDS Service is available in and between all exchanges of GTE-SW and Contel where digital facilities exist. DDS Service is available on a point-to-point intraLATA basis between two CDLs or between a CDL and a point of connection with another service provider.

IntraLATA DDS Private Line Service is comprised of three rate elements: DDS Local Loop, DDS Transport and DDS Transport Termination. Each element is described below.

**DDS Local Loop**

This rate element is for the cable facilities from the CDL to the SWC. The customer may establish and disconnect DDS Local Loops without penalty other than the minimum service interval of one month's service, as his/her needs demand.

**DDS Transport**

This rate element is for the mileage sensitive charges for transporting a DDS signal between SWCs. Transport occurs only when the two CDLs being connected are served by two different SWCs.

**DDS Transport Termination**

This rate element is for the equipment to terminate DDS Transport at the SWCs. This charge applies only when DDS Transport is required for the service configuration of the customer. One transport termination charge applies at each end of the service.

Proposed rates and charges for DDS are as follows:

	Nonrecurring Charge	Monthly Rates
<b>DDS Local Loop</b>		
2.4, 4.8, 9.6, & 19.2 Kbps	\$ 85.00	\$ 85.00
56 Kbps	\$ 85.00	\$ 95.00
<b>DDS Transport</b>		
Per airline mile		
2.4, 4.8, 9.6 & 19.2 Kbps	-0-	\$ 1.60
56 Kbps	-0-	\$ 3.20
<b>DDS Transport Termination</b>		
2.4, 4.8, 9.6, 19.2 & 56 Kbps	-0-	\$ 20.00

This filing has been assigned Consolidated Docket Nos. 11408/11435. The deadline to intervene in this docket is January 1, 1993.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission. A request to intervene, participate, or for further information, should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas, 78757. Further information may also be obtained by calling the Public Information Division of the Public Utility Commission at (512) 458-0256, or (512) 458-0221 teletypewriter for the deaf.
