Worth

By Nanalee Nichols

At the risk of sounding like an imbecile... (which I sometimes FEEL like) ....I want to express my thanks to everyone who ever "jumped on me," "chewed me out" or expressed their displeasure with me for any reason what so ever.

Sound a little strange? It's really not when you think about it.

You see, a few days ago I was talking with four or five other self-employed business people.

And we were talking about the things we all sometimes do that make people angry with us...and how to avoid it. The REAL problem, we finally decided, comes when people DON'T express their displeasure...but instead refuse to do business with you, and even tell others about their bad experience.

Therefore, I feel we owe a debt of gratitude to those who have expressed their dissatisfaction.

When I'm told about a problem I can at least try and explain what happened, rectify the mistake or print a correction. Although I can't, obviously, satisfy everyone, I can surely give it my best shot.

In many cases, I think I've managed to make people understand that nothing was deliberate, or helped them to see why something was done the way it was.

But, when people are angry (and you don't stay in this business for fifteen years without making a few people angry) and won't tell us about it we can't do anything to make things better.

While it isn't a pleasant thing to be the object of someone's ire, I truly do believe it's better than being unaware that someone is furious with me!

The rest of the business people I was talking with wholeheartedly agreed with me.

It's impossible not to make mistakes occasionally, it's just going to happen. But sometimes we can do something about it...but only if we KNOW about it!

So, although I'm probably a little crazy to say this...give me a call and complain. You might be surprised how glad I'll be to talk to you!

## Two Incidents Leave Three Dead

Two separate incidents, one a shooting which left one dead and the other a case of two bodies being hidden in woods left residents of the north eastern Lamar County-North Western Red River County area shocked and dismayed.

Wednesday, November 18 forty-five year old Richardson man, Dennis Dale Morrison was killed with a single gunshot to the chest after an argument with a neighbor near Post Oak Community.

A thirty-two year old Dallas man was taken into custody, but released without being charged as it appears that the shooting was in self defense. The case will go before the Grand Jury soon.

The incident began in mid-afternoon when Morrison, who has a cabin on property north-east of Post Oak, began burning off land to discourage deer hunting, according to Lamar County Sheriff's Department.

His neighbor and two others, were in a cabin about 100 yards into the woods, came out to see what was burning.

Reports indicate that the neighbors

have had "words in the past" and apparently both men came out armed with pistols.

Morrison, according to Chief Deputy Bob Carico, then threatened the other man and an argument occurred. Reports indicated that Morrison reached to where his gun was holstered at his back and was then shot by the neighbor.

The body was taken to the Southwestern Institute of Forensic Science at Dallas for autopsy.

In a much more bizarre incident two bodies were discovered Thursday afternoon, November 19 in the woods in Red River, northwest of Detroit.

Two Marion County residents have been charged with one count of capital murder each and are being held without bond in Marion County Jail in relation to the crime.

The two murders appear to be part of a drug deal gone sour.

Authorities have been looking for twenty-seven year old Charles Edward Warlaw since his parents reported him missing. He was last seen leaving the home of his girlfriend on

the 13th.

The other dead man was Cedric Darryl Baker, age twenty-nine of Daingerfield.

Texas Ranger Howard Dunham of Texarkana received a tip where the bodies could be found.

He contacted Ranger Eddie Almond.

Red River County Sheriff Bob Storey, Deport John Penny and Ranger Almond went to a road about a mile and a half from Detroit. The bodies were in the woods, with leaves on the body and a small amount of brush cut and put over the bodies, according to Almond.

Early investigation indicates the two were killed on Lake O' the Pines at a private nightclub, and the bodies disposed of near Detroit.

Warlaw apparently had multiple gunshot wounds to the abdomen and Baker a single gunshot wound to the head.

The bodies were sent to Southwestern Institute of Forensic Science of Forensic Science in Dallas for autopsies.

## Country Cooking

By Judy Screws

Mary, Dave and Julie Pirtle live on Roach Town Road in Bogata.

Mary's Boutique, a ladies' wear shop that Mary runs, adjoins their home. As I went through the shop and on into the main house, I could see that she has a very nice selection of clothing and accessories.

When I arrived, four year old Julie was watching her Saturday morning cartoons. Mary's grandparents, who live in Tucson, AZ, had just left for home. They have been visiting for a number of days and Mary expressed how much she had enjoyed their visit.

She has two sisters and a brother in Colorado and a younger sister in Missouri. Her father is also in Missouri. During their visit, she learned that her brother and one of her sisters would be moving to Dallas soon. She was pleased that they will now be closer.

Mary enjoys baking pies. She says that their favorite meals are Mexican food, and meals centered around roast beef. Dave enjoys beef, and he likes her pies.

I was pleased to see the assortment of recipes that Mary is sharing with us. The Mexican Chicken recipe was given to her by her sister-in-law, Melinda. Her mother-in-law, Winnie Faye Pirtle, copied the Sour Cream

Lemon Pie recipe from a magazine she was reading while they waited in a car lot in Dallas and they have all enjoyed it since. Mary's Pumpkin Bread recipe was left to her by her mother, Carol Holden. I was really pleased to see the pie crust recipe, especially after I learned that it made six crusts and it could be frozen in the pie plates until needed.

Mary says that she enjoys working with crafts, but she also very much enjoys anything that takes her outside. She and Dave enjoy camping, and just going sightseeing.

The family attends the First Assembly of God Church in Clarksville, where Mary plays the bass guitar and sings. She said that Dave taught her to play the guitar when they first married.

As I think back over the conversation Mary and I had, I think I feel myself blushing. I sat and explained, at length, to poor Mary about low fat and low calorie recipes. She was so polite and even took notes.

The irony is that Mary is so nice and trim, and that it has been so long since I had a figure that it's just an occasional fleeting memory. Oh, well.

Have a super Thanksgiving, and please take care.

### Sour Creme Lemon Pie By Mary Pirtle

1 cup sugar  
5 T. cornstarch  
4 egg yolks  
1 cup milk  
1/4 cup lemon juice  
1 T. grated lemon rind  
1/4 cup margarine  
1 cup sour cream

In double boiler, combine sugar, cornstarch, yolks, milk, juice and rind in that order. Stir frequently until thick, add margarine and sour cream, pour in baked pie shell and top with beaten egg whites.

### Pumpkin Bread

16 oz. can pumpkin  
1 cup oil  
4 eggs  
2/3 cups water  
1 cup nuts  
2 3/4 cups flour  
2 t. soda  
2 t. cinnamon  
1/2 t. cloves  
3 cups sugar  
2 t. nutmeg  
1 1/2 t. salt  
1 t. allspice

Add pumpkin mix to dry, mix until well blended. Bake in bundt pan of 350 for one hour.

### Pie Crust

4 cups flour  
1 T. salt  
1 t. baking powder  
2 T. sugar

Stir with fingers well!! Add 2 cups Crisco to dry mixture and make it mealy. In another cup, measure and mix together:  
1/2 cup water  
1 egg

Work into the dry mixture and roll out dough, place in pie plates. It makes six crusts. I put wax paper between each crust and stack in the freezer in pie plates. When I'm in a hurry, all that's left to do is the filling!

### Mexican Chicken

Boil 4 chicken breasts until tender and de-bone. In another pan, saute in 2 T. butter an onion, green pepper. Add: 1 can mushroom soup  
1 8 oz. jar picante sauce  
1 can diced rotel tomatoes  
2 t. chili powder  
chicken breasts

Simmer until it comes to a boil. Layer a 9x12 baking dish with corn tortillas, cut in quarters. Pour half of the meat mixture, add another layer of tortillas, then the remaining meat mixture. Layer with cheese, cover and place in 400 oven for 20 minutes.

# Lady Pats Fall To East Barnard

Tears were not in short supply Friday as the Lady Patriots lost what was probably the most exciting game of the State Tournament in Austin.

Parents and loyal fans alike paced the aisles as the Lady Pats gave the audience more than their money's worth in a three-game match. Having gone into the tournament with the best record for the season of any team, the ladies went up against East Barnard at Tony Berger Center in Austin.

The East Barnard Lady Brahms showed no mercy on the Lady Pats as they jumped out to a 4-0 lead early in the first game. After a long serve on East Barnard side, the Patriots took serving privilege only to lose control of the ball on a wild kill from the home team.

Senior Jan Scudder later stepped behind the serving line to put the ladies on the offensive side, but the favor was short-lived as the East Barnard team played excellent defense. After losing the ball once again to the opposition, the Lady Pats got another break after the Lady Brahms were called on a line violation. This, too, was short lived. East Barnard quickly gained five more points on Prairiland.

The Lady Pats finally got the ball back on their side of the court, due to a net ball on the East Barnard side. Senior Laura Hays helped out the Patriots on the scoreboard by protect-

ing the net and downing the ball just inside the East Barnard side.

Senior Georjeana Oats then took her turn behind the serving line to produce a borderline serve that surprised the opposition. After tossing serving rights back and forth for the next few serves, the Lady Pats finally got into the ballgame after two Scudder kills helped cut the East Barnard lead to 13-7. Prairiland was unable to stop the advance of the other side of the net as they lost the first game 13-11.

The Lady Pats' chances seemed to dim quickly in the second game as the East Barnard side jumped out to a quick 7-0 lead.

Sophomore Jamie Sue McLeroy finally stopped the East Barnard advance to give Prairiland a chance to get in control of the game. Determination seemed to set in as the ladies refused to stay down and came back to put eight points on the scoreboard before the Lady Brahms could do anything about the advance. No loyal fan remained in their seat while the ball was tossed back and forth across the net for what seemed to be an eternity.

Nerves set in as both sides lost control of the ball several times due to net serves. Senior Crystal Ericsson went in for a kill to make the point spread 11-7. Sophomore Mandy Babb

followed with the same action to make it 12-7. Although time out was called by East Barnard, there was no stopping the Lady Pats as they never allowed the Lady Brahms another score.

The momentum of the second game

could not be carried through as the third game proved to be fatal for the Lady Patriots.

East Barnard took control of the court early to run the score to 6-1. The home team seemed to get back in the game after that to bring the score to 8-3. East Barnard found a hole in the Prairiland side and took advantage of some weak serves and net calls to raise the score to an 11-5 lead.

Time out was called on the Patriots' side to try to regain momentum, but the Lady Pats could not quite come up with enough to stop the

Lady Brahms as they took the match with a 15-8 win.

East Barnard went on to win the State Tournament on Saturday by defeating Holliday.

The Prairiland Lady Patriots finished their season with a 29-3 record losing only to 5A school Longview before advancing to the State Tournament.

Senior Jan Scudder was named to the All State Tournament.

Congratulations, Lady Patriots, on an outstanding season.

**PUBLIC NOTICE**

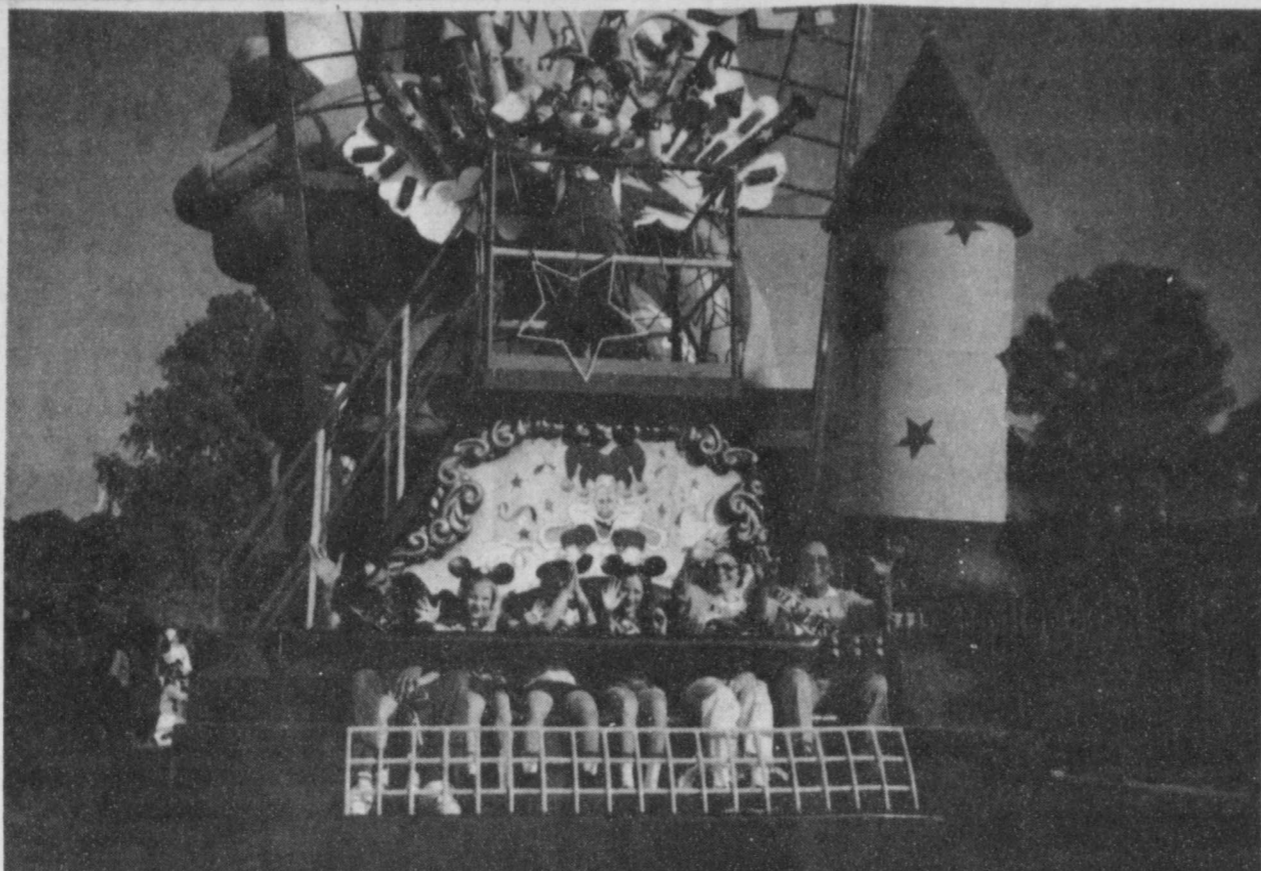

Contel of Texas, Inc. has filed an amendment to its application with the Public Utility Commission of Texas for approval of its Universal Emergency Number Service 9-1-1 tariff. The proposed tariff establishes rules, regulations and rates including the provisioning of the B9-1-1, C9-1-1, and E9-1-1 services; optional services, such as Selective Routing and Data Base Administration; additional services, such as Forced Disconnect, Called Party Hold, Emergency Ringback; Switched Access System; and Public Safety Answering Point Equipment.

Customers affected are either 9-1-1 districts or councils of government with 9-1-1 responsibilities. The application does not propose changes to emergency fees charged to end-user customers.

Twenty-three customers would be affected by the Universal Emergency Number 9-1-1 tariff, which would increase annual revenues by \$10,107.12, a 2.92% increase in the revenues generated by the contract rates of the current customers. Customers will have the option, however, of continuing the rates under their contract for up to one 12-month renewal term.

The deadline to intervene in this proceeding is December 24, 1992. Correspondence or any other communication regarding this matter should reference Docket No. 10929.

Persons who wish to intervene or otherwise participate in this proceeding should notify the Commission. A request to intervene, participate, or for further information, should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Information Division of the Public Utility Commission at (512) 458-0246 or (512) 458-0221, teletypewriter for the deaf.

**PUBLIC NOTICE**

GTE Southwest Incorporated (GTE-SW) and Contel of Texas Inc. (Contel) have filed an application with the Public Utility Commission of Texas to seek approval to provide two new private line services and to change rates for existing services. GTE's intraexchange DS1 Service will be offered pursuant to the rates proposed with this filing and will no longer be available through concurrence with GTE's interLATA access tariff rates which are lower. Contel's intraexchange DS1/DDS Service will be offered pursuant to the rates proposed with this filing and will no longer be available through Contel's current private line tariff rates. Existing customers with DS1/DDS Services will not be affected by these rate changes. DS1 1.544 Megabits per second (Mbps) Service and Digital Data Service (DDS) will normally be used for the transmission of data communications or large volumes of voice communications between two locations. These services are optional and will not affect the existing rates of customers who do not order these services. The estimated annual effect on GTE-SW's revenues in the first year is \$1,080,567. The estimated annual effect on Contel's revenues in the first year are \$42,383.

**DS1 Service**

DS1 Service is an intraLATA Private Line Service which provides a dedicated, high capacity channel which may be used for simultaneous two-way transmission of voice data or other digitally encoded customer information signals. DS1 Service provides a transmission speed of 1.544 Mbps and is designed to provide an average performance of at least 95 percent error-free seconds of transmission over a continuous 24-hour period.

DS1 Service is available in and between all exchanges of GTE-SW and Contel where digital facilities exist. DS1 Service is available on a point-to-point intraLATA basis between two Customer Designated Locations (CDL), between a Serving Wire Center (SWC) and a CDL, between a CDL and a point of connection with another service provider or between two SWCs.

IntraLATA DS1 Private Line Service is comprised of three rate elements: DS1 Local Loop, DS1 Transport and DS1 Transport Termination. Each element is described below.

**DS1 Local Loop**

This rate element is for the cable facilities from the CDL to the SWC. The customer has two payment options for the purchase of DS1 Local Loops. There is a month-to-month plan or term contract Optional Payment Plan (OPP).

The month-to-month payment basis allows the customer to establish and disconnect DS1 Services, without penalty, other than to meet the minimum service interval of one month's service, as needed. Under the month-to-month service, the additional DS1 Local Loop rate applies only when the additional DS1 Local Loop (s) is (are) ordered at the same time and between the same two CDLs as the first DS1 Local Loop.

The OPP plan allows the customer to select a term of service (1 YR, 3 YR and 5 YR) with lower monthly rates associated with longer term contracts. If the customer selects an OPP, additional DS1 Local Loops may be ordered and installed at the Additional DS1 Local Loop rate between any SWC and CDL covered by the OPP, at any time during the term of that OPP.

**DS1 Transport**

This rate element is for the mileage sensitive charges for transporting a DS1 signal between Serving Wire Centers. Transport occurs only when the two CDLs being connected are served by two different SWCs.

**DS1 Transport Termination**

This rate element is for the equipment to terminate DS1 Transport at the SWCs. This charge applies only when DS1 Transport is required for the service configuration of the customer. One transport termination charge applies at each end of the DS1 Transport.

**Proposed Rates and Charges for DS1 Service are as follows:**

	Nonrecurring Charge	Monthly Rates
<b>DS1 Local Loop</b>		
Month-to-Month		
First System	\$ 1,000.00	\$ 298.00

**Digital Data Service**

Digital Data Service (DDS) is an intraLATA Private Line service which supports synchronous, full-duplex transmission between the CDL and the SWC or the point of connection with another telephone company at transmission speeds of 2.4, 4.8, 9.6, 19.2 and 56 kilobits per second (Kbps). DDS provides a transmission path for digital data signals within the same LATA.

DDS Service is available in and between all exchanges of GTE-SW and Contel where digital facilities exist. DDS Service is available on a point-to-point intraLATA basis between two CDLs or between a CDL and a point of connection with another service provider.

IntraLATA DDS Private Line Service is comprised of three rate elements: DDS Local Loop, DDS Transport and DDS Transport Termination. Each element is described below.

**DDS Local Loop**

This rate element is for the cable facilities from the CDL to the SWC. The customer may establish and disconnect DDS Local Loops without penalty other than the minimum service interval of one month's service, as his/her needs demand.

**DDS Transport**

This rate element is for the mileage sensitive charges for transporting a DDS signal between SWCs. Transport occurs only when the two CDLs being connected are served by two different SWCs.

**DDS Transport Termination**

This rate element is for the equipment to terminate DDS Transport at the SWCs. This charge applies only when DDS Transport is required for the service configuration of the customer. One transport termination charge applies at each end of the service.

**Proposed rates and charges for DDS are as follows:**
