SWEET AND SOUR

(Continued from Page One)
as can be. After all that trooper has had to fight a little thing like a busted hopper can't keep her grounded for long.
Mrs. Sally Eastham visited the Eberts this week and that's a Bairdite we're always happy to see.

Pat 'n' Jack Simms, Bobby Jack, and Cheryl Sue of San Antonio have been Baird visitors this week. It's back to Fort Sam for them now but they plan to return later in July.

Out of the mouths of babes — when **Tommy Warren** came from Arizona to visit his grandparents, **Mr. and Mrs. Joe Arvin**, he remarked, "People who are born in Texas should stay there, because no matter where you go you're still a Texan and Texas is always home." Tommy came all the way from Phoenix by himself and joined the Arvins at El Paso. That's a big trip for a little boy just nine years old. While here Tommy will visit with his grandparents, the **Joe Arvins** and the **H. A. Warrens** and see all his friends who missed him so at school last year.

Congratulations and best wishes to **Nelda Smedley** who had a sixteenth birthday this week.
And our fondest get-well-card to **R. L. Smedley**, recovering from hot water scalds.

These congratulations are just about a month overdue, but gee whiz we are proud of **David Schaffrina** and **Mike Odum** for winning those calves at the **Calf Scramble** at the rodeo in June. It was a mean job and it took grit to do it so a fella' deserves all the laurels you have when he accomplishes that trick.

We were off in such a hurry last week to get this chatter under the Fourth's deadline that we just had time to tell you of the new teachers added to our school faculty. We'd like to tell you now, a little more about **Mrs. J. D. Drennan**, seventh grade and social science teacher. **Mrs. Drennan** received her B.S. degree from **McMurry College** in May. She majored in education and has an English minor. **Mrs. Drennan** was an honor student and comes highly recommended by her instructors. **Mrs. Drennan's** work with children has extended into other fields, including **Girl Scout leader**, **Day Camp director**, and **Sunday School instructor**. We are more than happy that she will be part of our school's teaching team this Fall.

Bales Reunion Held At Hico July 4th
A family reunion of **Mr. and Mrs. C. M. Bales** of Baird was held at **Hico Park**, **Hico** on July Fourth.
The families of the following **Bales** children were present: **Mr. and Mrs. Burl Bales**, **Muri Bales**, **Mr. and Mrs. Walter Hodges**, all of **Clyde**; **Mr. and Mrs. Lester Jaggars**, **Baird**; **Mr. and Mrs. Edward Bales** of **Downey, Calif.**; **Mr. and Mrs. Mitchell Bales**, **Mr. and Mrs. Elfred Bales** of **Hico**; **Mr. and Mrs. Finis Music**, **Hamilton**; **Mr. and Mrs. Clarence Hodges**, **Fort Worth**; **Norman Mailes** of **Rosebud** and **Miss Norma Bales** of **Ablene**.

All children were present except one daughter, **Mrs. Hoyt Walker** of **Johnson City**. A host of friends and relatives called during the day.
Visitors with **Mr. and Mrs. D. C. Cox** Wednesday, Thursday and Friday of last week were **Mrs. Cox's** sister, **Mrs. C. T. Wrinkle**, **Mr. Wrinkle** and children of **El Paso**.
Mr. and Mrs. Roy Jarrett and **Mr. and Mrs. Fred Cummings** attended the **Holub** reunion at **Gordon** Sunday.

McKinley Reunion At Abilene Park

The families of the late **J. E. and W. C. McKinley** had a joint reunion at the **Abilene State Park** June 30th.

There were five girls of the **W. C. McKinley** family present with their mother **Mrs. Lova McKinley** and seven children of the **J. E. McKinley** family with a host of relatives and friends. A picnic lunch was spread at noon. Those attending were, **Mrs. Lova McKinley**, **Mr. and Mrs. Sebe Monroe**, **Mr. and Mrs. Albert Betcher** of **Ovalo**; **Mr. and Mrs. Joe Monroe** of **Clovis, N. M.**; **Mrs. Floyd Summerour** of **Abilene**; **Mr. and Mrs. Walter Johnson**, **Novice**; **Mr. and Mrs. Elliott McKinley**, **Portales, N. M.**; **Mr. and Mrs. Sumner McKinley** of **Coleman**; **Mr. and Mrs. Clint McKinley**, **Dorothy and Sue**, **Mr. and Mrs. Ronnie McKinley** and baby all of **Baird**; **Mr. and Mrs. J. B. Pierce** and **Darrell** of **Opilin**; **Mr. and Mrs. Claude McKinley**, **Claude Lee** and **Johannie**; **Mr. and Mrs. Jack Pierce** and baby; **Mr. and Mrs. F. E. Dyson** and baby all of **Odesa**; **Mr. and Mrs. L. C. Duncan** and **Duane**; **Mr. and Mrs. Comer Ogle** of **Sundown**; **Mr. and Mrs. Marvin McKinley** and **Gene**, **Casa Grande, Ariz.**; **Mrs. J. C. Carr**; **Mr. and Mrs. Melvin Haynes**; **Mr. and Mrs. E. J. Brown** and sons, **Mike** and **Randy**; **Mr. and Mrs. Grady Haynes** and son; **Mr. and Mrs. J. T. Miller**; **Mr. and Mrs. S. D. Monroe** and **Debbie** all of **Abilene**; **Mrs. Pete Frymire** and children of **Sweetwater**; **Mr. and Mrs. Lester Johnson** and family; **Mr. and Mrs. Harold Ford** and **Carolyn** of **Ovalo**. **Mr. and Mrs.**

Bill Raborn and **Marcella** of **Houston**.

Mrs. Carman Fuller, of **Fort Worth**, spent the holidays visiting her parents, **Mr. and Mrs. Pat Haley**.

Mrs. Don Wilson and children, of **Waco**, are visiting **Mr. and Mrs. Fred Heyser** and **Mr. and Mrs. Howard Farmer** this week.

Mr. and Mrs. Sonny Burleson and children, of **Amarillo**, are spending a few days with **Mr. and Mrs. Arthur Burleson**.

Mr. and Mrs. Donnie West of **Pasadena**, are visiting **Mr. and Mrs. Fred Cummings** and other relatives this week.

Week end visitors in the home of **Mrs. E. E. Boutwell** and **Joe** were: **Mr. and Mrs. Cole Boutwell** and **David**, **Mr. and Mrs. Ben Boutwell** and family, and **Mrs. Gene Williams** and boys, all of **Fort Worth**.

Mr. and Mrs. Carl West of **Ft. Worth**, spent the week end with relatives, **Mrs. Ev Hughes**, **Mrs. Freda Jones**, **Earlene West**, **Mrs. Kate McCleary** and **Red** and **Tom West**.

I have recently remodeled my shop and invite all my customers and friends to come in.

**CONVINCED
the small-car field is
your limit?**

READ THIS
STARTLING FACT

**5 out of 10 Smaller Cars
wear a Pontiac Price Tag
—yet none gives you Any
of Pontiac's Advantages**

**YOUR MONEY ACTUALLY BUYS
UP TO 8.9% MORE SOLID CAR
PER DOLLAR IN A PONTIAC!**

The so-called "low-price" cars fall far short of Pontiac in actual, measurable car—and your Pontiac dealer has official specification comparisons to prove it! No smaller car comes even close to Pontiac's rock-solid construction... from its rugged X-member frame through every inch of its heavy-duty running gear Pontiac is muscle all the way! This extra beef means Pontiac holds the road like no smaller car you've ever driven... gives you a ride remarkably free of bounce, shake and noise! Put all the facts and figures to your own personal road test. Call your own shots and see how Pontiac's Precision-Touch Controls let you relax to steering, braking and parking ease out of reach of the small job!

**WITH 4 TO 7 EXTRA INCHES OF
WHEELBASE, PONTIAC
OUTCLASSES THE SMALLER CARS
IN RIDE AND ROADABILITY!**

Pontiac's length is built in—not hung on! Smaller cars extend bumpers and fenders to look big, but Pontiac doesn't need camouflage... it is big! Its man-sized 122-inch wheelbase strides over the bumps instead of riding on them. This extra length, plus a carload of new suspension ideas, results in Pontiac's exclusive Level-Line Ride that no car at any price can surpass! Sample a few miles—and you'll never re-enlist in the small-car army again!

**NO CAR AT ANY PRICE
PERFORMS LIKE A PONTIAC...
SMALLER CARS AREN'T EVEN
IN THE RUNNING!**

If it's proof you want, your Pontiac dealer is loaded with it—point-by-point engineering comparisons and on-the-record facts and figures. No smaller car is designed or built to come close to Pontiac's eye-opening response... its smooth, effortless mastery of every driving demand. Put the facts on America's Number One Road Car to a test and you'll leave the little league for good!

**PONTIAC HAS ALWAYS
COMMANDED A HIGH
TRADE-IN DOLLAR!**

When you put your money in a Pontiac you know your investment will be riding high for a long time to come! In fact, over the years, no car has a better reputation for being a top-demand used car. So before you sign on the dotted line for a smaller job at Pontiac's price—get the dollar-stretching good news your Pontiac dealer has waiting for you. Here in the easiest move of your life are the car and the value that will get you out of the small-car class for keeps!

NOW! If you want the ultimate in both economy and extraordinary performance, new Tri-Power Carburetion is available at extra cost on even the lowest priced Pontiac models! It's America's newest power advance and exclusively Pontiac's at so low a cost!

Highlights and Sidelights State CAPITOL

Austin, Tex. -- "Summertime and the living is easy" says the song. But under the State Capitol dome there's quite a bit to keep folks uneasy, even in this summer lull.

House Speaker Waggoner Carr stirred things up by saying he was afraid the state couldn't afford the possible half-million-dollar tab for a special session in the fall. It might mean new taxes, said Carr, since the last Legislature appropriated nearly every cent now in sight for the next two years.

Gov. Price Daniel, who is considering the special session, hastened to say that he had "no idea" of submitting a new tax request. He pointed to his recent effort to get foreign oil imports limited so Texas production could be increased. Much of Texas' tax revenue comes from oil production, so this move, if successful, could improve the state's financial outlook.

Another source of uneasiness is the Travis County grand jury, hard at work, despite the heat. Insiders predict six or seven indictments resulting from the ICT and bribery investigations begun by the Legislature.

If true, this means more people are in trouble than outsiders can as yet account for.

Others are critical of the State Water Board's inaction. Plagued by internal disagreements, the board has delayed a year in ruling on the Canyon Dam squabble. In this case the City of San Antonio and the Guadalupe-Blanco River Authority locked horns over whether San Antonio could get water from the proposed dam.

Governor Daniel will be able to make a new appointment to this board in August.

COX TRIAL DUE -- Trial of Ex-Rep. James E. Cox of Conroe is set to open Monday (July 15), but there are good indications it'll be delayed.

Cox was indicted last spring on charges of consenting to accept a bribe. Dist. Atty. Les Proc-

ter says the state is "ready to go" But defense attorneys admit they'd rather wait until publicity dies out and the weather cools off. They spoke of probable postponement moves.

Reporters, recalling the sweltering weeks spent covering the trial of Former Land Commissioner Bascom Giles two summers ago, admit they're not eager to see this one start now.

INSURANCE STUDY ON -- An overall survey of the Texas Insurance Commission's operations by a private outside agency is going forward with official approval from all sides.

First action of the new Insurance Board was to request a Texas Research League study of the department. Actually, the League already had begun the task after requests last spring by then-Comm. Chmn. John Osorio and by a House investigating committee.

Reorganized board took the reins after swearing-in of new members David B. Irons and Joe P. Gibbs, who had served "temporarily" for the past few months. Former Dist. Judge Penn Jackson was installed earlier.

Governor Daniel expressed confidence the board would soon get rid of the few "rotten apples" still remaining in the insurance industry. None of the men sought the jobs, said the governor; they were "drafted."

50-50 PLAN LAUNCHED -- A new era in Texas highway building opened when the state executed its first contracts to help counties with right of way costs. Until now, law required local governments to buy the land

and the State Highway Department to pay construction costs. A new law passed last spring allows the state to share 50-50 in land costs.

Highway Engineer D. C. Greer says that the highway department is working ahead of the effective date of the bill (Aug. 22), "in order to get the program under way."

Counties with which contracts were negotiated are Jefferson, Falls, Cherokee, Wood and Hill. **SCHOOL STANDARD UPPEDED** -- More money and more study are in prospect for Texas public school children.

State Board of Education voted to hike state aid to schools by \$4 per pupil. It means \$82 per pupil for roughly two million pupils in the 1957-58 year.

Board also gave final confirmation to a plan to raise accreditation requirements for high schools. Future graduates will have to have 16 units of study, one more than before. Health and physical education won't count, but credits must include four in English, two in math, two in laboratory science.

Beginning in 1959 accredited high schools must have four, instead of three, full time teachers.

UT SALARIES RAISED -- Teachers in the University of Texas system can look forward to raises averaging \$800 a year for the coming school year.

Due to bigger Legislative appropriations, new budget adopted by UT regents is 16 per cent higher than this year's. Faculty members will get \$500 to \$2,500 raises, depending on rank. For the average prof, it means a jump from \$6,009 to \$6,815 per year.

RAIN NEEDED AGAIN -- Almost a month of dry sunny weather has many Texas farmers returning to the old refrain -- more rain.

U. S. Department of Agriculture reports that most of the state, except that touched by the hurricane, needs showers.

Range growth has slowed, said USDA, and cotton is running very late. But it predicted good feed crops, possibly one of the largest sorghum harvests on record.

The Baird Star, Baird, Callahan County, Texas, July 12, 1957

Safety Council Gives Hot Weather Hints

The "good old summertime" is here and with it comes higher temperatures and bright sunlight. The Texas Farm and Ranch Safety Council warns that too much sunlight and overexposure to high temperatures can cause trouble unless precautions are taken.

They point out that heat sickness will occur when the body's heat regulating system collapses during prolonged heat or overexposure to the sun. In sunstroke, body temperature rises, the skin becomes hot and dry, the face reddens and a shooting headache develops. Heat exhaustion is an entirely different thing. Its symptoms are below normal body temperature, cold clammy skin, pallor, dizziness and a dull headache.

The Council offers the following suggestions for preventing summertime troubles caused by heat. Avoid overexposure to direct sunlight and wear a hat while out-of-doors; avoid overexertion; wear light, porous and loose fitting clothing; increase the use of salt in food and use salt tablets or salt in drinking water; drink plenty of water during the day but avoid ice water and alcohol; eat nutritious food but don't overeat; drink fruit juices or eat fresh fruit for a plentiful supply of Vitamin C and get plenty of rest and bathe regularly.

The Council offers this simple rule if first aid treatment must be given to a person suffering from heat sickness. If the patient is cold, make him warm; if he is hot, make him cool.

Recent visitors with Mr. and Mrs. Edgar Smith were B. L. Vines of Texas City, Mr. and Mrs. Neal Branch of Odessa, Mr. and Mrs. R. W. Hardin and Jan of Palestine. Mr. Hardin, president of the Lions Club in Palestine, has just returned from the International Convention in California.

New Licenses In Production

New 1957 hunting and fishing licenses are now in the hands of the printers and will go out to deputies for sale before Sept. 1. It has been announced by the Chief Clerk of the Texas Game and Fish Commission.

New fishing licenses will cost \$2.15 this year. Licenses will be required for both salt and fresh water fishing. Hunting licenses will be \$3.25. Although there are a few exemptions, licenses generally will be required of all who fish and hunt in Texas.

"The safe thing for anyone in doubt is to check with the local warden, or any one of the many deputies who'll be selling licenses," according to the Chief Clerk.

Jo Harriet and Donald Haley, of Houston, are visiting their grandparents, Mr. and Mrs. W. E. Haley.

Ford wins the battle of the builds

Sure! Many people buy Fords because of their long, low, whistle-collecting looks. Do you blame them? But beauty alone isn't enough to earn for a car the No. 1 spot in America's heart. And that's just what Ford has earned. The real secrets of Ford's success are the extra values that go into building a Ford. Let's look at a few of these features. Ford shares them only with a select number of America's most expensive cars. But you get them at low Ford prices.

1. Only Ford in its field offers a frame design that lets you ride within the frame side members for greater roominess, more smoothness and increased safety.
2. Only Ford in its field gives you a modern V-8 engine with rigid, deep-block design for smoother, quieter, longer-lived operation.
3. Only Ford in its field offers automatic variable-rate rear springs that automatically adjust to give a smoother ride no matter how rough the road conditions.
4. Only Ford in its field offers new swept-back ball-joint front suspension that "rolls with the punch" on rough, bumpy roads.
5. Only Ford in its field offers as many as five strengthening roof cross members for a more rigid roof... greater quiet and safety.
6. Only Ford offers such a savingful car. A Ford Six beat all other cars in the 1957 Mobilgas Economy Run in the miles-per-gallon department.
7. Only Ford in its field offers a frame with 3 tubular cross members. There are 5 cross members in all... enabling the frame to withstand stress from all directions.
8. Only Ford, among all makes, electronically balances every V-8 engine while it's operating under its own power.
9. Only Ford in its field offers so much soundproofing for a quieter ride under all road and weather conditions.
10. Only Ford in its field offers such a well sealed body for greater freedom from dust and weather wherever you travel.
11. Only Ford in its field offers rear door assist springs and two-position front door checks for easier entrance and exit.

Humble's MULTI-PURPOSE GREASE H is one grease with many uses

Humble's Multi-Purpose Grease H covers the widest possible range of farm lubrication needs.

Its quality equals or surpasses that of every single-purpose grease that it replaces.

Multi-Purpose Grease H keeps your transportation and storage problems to a minimum, because you need only one grease instead of several. This wide range of use also reduces the chance of grease misapplication.

Multi-Purpose Grease H will fill the needs of most farmers and ranchers for greasing all their equipment. It's a superior lubricant for chassis, track rollers, wheel bearings, water pumps, ball and roller bearings and universal joints.

Call me for Multi-Purpose Grease H, and for other top-quality Humble products for your farm or ranch.

**SOIL CONSERVATION
DISTRICT NEWS**

A field tour was held Tuesday
afternoon, July 2, on the Harold
Garrett farm 3 1/2 miles south of
Cross Plains. Purpose of the tour
was to observe the results of
root-plowing of Mesquite trees
and grass seeding which was
done on May 9 of this year. Out-
standing results have been
achieved as result of the May
root-plowing and grass seeding
field day sponsored by the Cen-
tral Colorado Soil Conservation
District in cooperation with the
Central Texas Machinery Com-
pany of Abilene.

Practically no grass was pre-
sent before the May field day.
Blue Panic is now more than
knee high just 54 days after Mes-
quite trees were root-plowed and
seeding was done. King Ranch
Bluestem, Side Oats Grama
Buffalograss and a small
amount of Little Bluestem were
seeded along with the Blue Pan-
ic. These grasses have come up
and are off to a good start. The
adjoining pasture land supports
only Needlegrass and annual
weeds.

Moisture was found at a depth
of more than 30 inches under
the Blue Panic. On bare pasture
land no moisture was found in a
hole that was dug 18 inches deep.

Temperature tests were run
Tuesday. The air temperature
was 98 degrees. Bare ground at
a nearby area had a soil temper-
ature of 128 degrees compar-
ed to 96 degrees under the Blue
Panic. Lower soil temperatures
cut down on evaporation and
holds more moisture in the soil.
They are also conducive to more

beneficial bacterial action in the
soil.

Garrett has owned this farm
two years. "The pasture land on
this farm had been badly over-
grazed," Garrett said. "Only a
small amount of Curly Mesquite
and Buffalograss were present
when I bought the place," he
added. These grasses were so
low in vigor that even though
his pasture land has been defer-
red for 2 years, the Buffaloga-
rass and Curly Mesquite died
because of drought conditions.

After observing the results of
root-plowing and grass seeding
on Harold Garrett's farm, the
group went to the C. M. Garrett
farm. The results of seeding
grasses on cropland were observ-
ed here. Blue Panic which was
seeded in April of this year was
up to a stand. Mr. Garrett had
already plowed this grass.

The group next saw Little
Bluestem, Indiangrass, Switch-
grass, Weeping Lovegrass and
King Ranch Bluestem which
were seeded in 1950. These grass-
es made lush growth each year
and furnish winter grazing for
Mr. Garrett's cattle. "I have fed
no hay in 3 winters," Mr. Gar-
rett said. "These grasses serve
as hay during the winter months
and I feed cottonseed cake for
protein during that time," he
added.

The final stop on the tour was
at an eight acre field which had
been seeded to Blue Panic dur-
ing the spring of 1955. Mr. Gar-
rett plans to harvest the seed
from this Blue Panic field and
another 4 acre field which was
also seeded in 1955. This grass
has done well and furnishes
much grazing during the sum-
mer months of each year. "This
gives my other grasses a chance
to rest during the growing sea-
son," Mr. Garrett said. This Blue
Panic is head high to a man.

Mr. Garrett, a member of the
Central Colorado Soil Conserva-
tion District Board of Supervi-
sors, related that soil condition-
ing is a must before seeding
grasses on cropland. He has

grown vetch and rye for 2 to 4
years before making each of his
grass plantings.

**IT'S THE LAW
In Texas . . .**

**NO WILL? WHO INHERITS
PROPERTY?**

What will happen if you
should die without executing a
legal and proper will? Who will
inherit your property? Your
husband, wife, mother, father,
children, your wife's relatives?
The best way you can say who
will have it is to provide a will
which will protect your rightful
beneficiaries and dispose of your
property in accordance with
your wishes.

When a deceased has no will,
or dies "intestate" as the law
calls it, the property of that per-
son is distributed according to
a detailed formula fixed by law.
In some cases this may be the
way you yourself would divide it
-- but in many cases it is not.

The provisions of the law con-
cerning the distribution of the
property of a person who dies
without a will are rather com-
plicated, and all of the possibili-
ties cannot be covered by a gen-
eral statement.

There are different rules for
real estate and for personal
property, for community prop-
erty and for separate property,
for homestead property, and for
all of the many possible combi-
nations of surviving relatives.
Each situation must be carefully
studied to determine the correct
distribution of the property.

For example, here is a general
idea of how the community prop-
erty which you and your spouse
have accumulated will be divid-
ed if you do not make a will
prior to your death.

If your husband or wife sur-
vives and there are no children,
the surviving spouse receives all
of the property.

If, in addition, there are sur-
viving children or descendants
of deceased children, they would

divide one-half of the property,
while the surviving spouse would
receive the other one-half.

Of course, grandchildren do
not share in the estate unless
their parent who would inherit
is deceased. And when descend-
ants of previously deceased
children do inherit, they receive
only the portion that the child
would have received, regardless
of the number of such descend-
ants.

An odd note, perhaps, is that
the surviving spouse already
owns one-half of the community
estate prior to your death, and
the law adds nothing to this
share where there are children
surviving.

When there are only children
and their descendants surviving,
they divide the entire commu-
nity estate between them.

(This column, prepared by the
State Bar of Texas, is written
to inform -- not to advise. No
person should ever apply or in-
terpret any law without the aid
of an attorney who is fully ad-
vised concerning the facts in-
volved.)

About Your Health . . .

With daytime temperatures
consistently in the 90's, and with
prospects of going even higher,
it appears that what is needed is
a complete overhaul of accept-
able summer clothing for men.

Women have the right idea
when it comes to summer cloth-
ing. Lightweight, sleeveless, open
necked dresses permit free cir-
culation of air and encourage
heat loss. A man, though, with
a tie around his neck and belt
around his middle -- all topped
off with a coat -- is at a disad-
vantage in trying to throw off
body heat.

Elevations of body tempera-
ture will develop inevitably in a
man so dressed because such
clothing prevents loss of body
heat through conduction, radia-
tion, and evaporation of sweat.
And this much is physiologically
true: The body thermostat is so

constructed that a fall in tem-
perature is much harder to pro-
duce than is a rise.

Heat stroke, sometimes fatal,
is due to exhaustion or inade-
quacy of the heat dissipating
mechanism of the body. It occurs
as a result of exposure to a hot,
humid atmosphere such as is
common over most of Texas dur-
ing summer months. Sunstroke
is a form of heat stroke, com-
plicated by an absorption of radiant
energy from the sun which
causes a temperature rise in local
body areas, such as the brain,
higher than the temperature of
the rest of the body.

How do you avoid heat stroke?
By doing what you can to keep
heat loss and heat production
in balance.

The wearing of loose, airy cloth-
ing is known by physiologists
to be among the best means of
maintaining that balance. Open
throat sport shirts and light
trousers are of course more prac-
tical than heavy suits.

Excessive clothing causes ex-
cessive perspiration, and ex-
cessive perspiration means a loss
of body fluids and salts. Unless
the loss is compensated for by drink-
ing additional quantities of
water and consuming extra
amounts of salt, painful stomach
cramps can result.

During periods of high humid-
ity, body perspiration doesn't e-
vaporate. It clings and you feel
constantly damp. Skin rash often
develops at these times and the
rash is liable to infection.

Since body temperature repre-
sents the balance struck between
heat production and heat loss,
a disturbance in the value of either
will be followed by a temperature
change. The most sensible ways

of avoiding the effects of a rise
are these:

Eat lightly, avoid exertion,
drink plenty of water and eat
extra salt, and stay close to the
fan. Above all, keep your clothing
loose and airy.

**\$6,000 Scholarships
Awaiting Takers**

There's a \$6,000 "treasure" a-
waiting two agriculture students
planning to enter Texas Tech
and so far it's unclaimed, ac-
cording to Agriculture Dean W.
L. Stangel.

The treasure consists of two
\$3,000 scholarships to be given
by the Western Compress and
Storage Co. of Abilene. Each of
the grants will provide \$750 an-
nually for four years for an ag-
ronomy student who will em-
phasize study of cotton, irriga-
tion and water sources.

Eligibility for the scholarships
is limited to students in nine
counties: Taylor, Nolan, Jones,
Haskell, Fisher, Scurry, Knox,
Mitchell and Callahan.

The scholarships are awarded
only upon written application
made before August 1, prior to
the freshman year. No qualified
applications have been received
so far, Dean Stangel said.

"We're not going to award
these grants to just anyone,"
Dean Stangel pointed out. "But
surely in the counties mentioned
there are some top students who
are interested and can qualify for
these scholarships."

AIR CONDITIONING--TEMPERATURES MADE TO ORDER--AT NEW LOW COST. GET A DEMONSTRATION!

DON'T BUY ANY CAR BEFORE YOU DRIVE A CHEVY . . . ITS BEST SHOWROOM IS THE ROAD.

Chevrolet's got a corner on these fine things!

You'll find Chevy's the only leading low-
priced car with any of these advantages . . .
the only car at any price with all of 'em!
SHORTEST STROKE V8. Its compact design
--with less power-wasting engine weight--is the
key to Chevy's alive, alert performance.
BODY BY FISHER. No other low-priced car
quite comes up to its craftsmanship and solid
construction.
BALL-BEARING STEERING, STANDARD.
It's a big reason for Chevrolet's handling ease.

POSITRACTION REAR AXLE.* Say one of
your rear wheels is deep in mud. With Positrac-
tion, pulling power is automatically delivered to
the wheel that grips, and you're on your way!

TRIPLE-TURBINE TURBOGLIDE.* No lags
or jars; smooth from start through cruising.
Your Chevrolet dealer will show you everything
and that includes all kinds of advantages--crank-
operated vent windows, a real lacquer finish,
outtrigger rear springs, even the easier loading
advantage of a low-level trunk ledge. See 'em
all soon.
*Optional at extra cost.

Mr. and Mrs. Arthur Reagan of Cisco were visiting relatives here Monday evening.

Union Usuals and Unusuals

By Veda Yarbrough

Hi, neighbor! No. No rain yet. Some one said it would rain the 4th of July, but it didn't. Looks like our good old blackeye pea patch is about gone unless it gets rain in a day or so.

I helped the Mobleys girls shell peas last Thursday. That is the way we celebrated the 4th. We had a good time.

Bub Park, of Idalou, visited a while last Wednesday. Also visited a while with D. A. Yarbrough. He came down to see his mother, Mrs. Annie Park.

Aunt Bertha Burnam of Stanton is visiting with Mark and Ollie Burnam. She has been visiting her sister, Mrs. Jim Allphin in Baird for the past two weeks. Came home with Mark and Ollie this afternoon. Mark, Ollie and Gayle visited the Jack Everetts in Abilene Sunday, the occasion being a birthday honoring Dian Everett.

Think the Burnams went to Abilene shopping today.

Johnny May Ramsey visited in Fort Worth over the week end. D. A. Yarbrough visited Sunday in Baird with his sister, Onie Abernathy.

day afternoon with Enoch and day afternoon with Enoch and Maurine McCollum. Enoch traded his pick-up for a Ford car Saturday.

Cathy Ricks spent the week end with Gayle Burnam.

Mr. and Mrs. John Shrader visited a while Friday morning with the Mark Burnams.

Roma and I went to Abilene Friday and did some shopping.

Visiting the Mark Burnams the 4th were the Jack Everetts, Mrs. Gafford and girls of Cisco. They took their lunch over to the big tank in their pasture and had a picnic lunch and went swimming.

The hegar is ready to bundle. Jim hopes to get ours cut Wednesday.

The deep well over here on the Pippin is still not finished. Good morning this hot dry sticky day. I got Little Boy Jim off to Abilene sale. Think I shall go over to Rising Star to see Mrs. Ped Yarbrough, who is still very sick.

Just heard this morning that my neighbor, Mrs. Grady Pruet was in Hendrick Memorial Hospital in Abilene. So sorry she is sick again.

I visited a while Monday afternoon with Mrs. Ida Earp.

Be good, and I'll be seen' you next week.

Mrs. J. H. Poindexter and daughters, Vonda Sue and Rhonda Kay, spent Thursday night with Mr. and Mrs. C. R. Price.

Mr. and Mrs. Clarence Price and Mrs. J. H. Poindexter visited Mrs. Poindexter's parents, the Baucombs, at Coleman, last week.

Week end visitors with Mr. and Mrs. Pete Chatham were their children, Mr. and Mrs. R. L. Chatham and daughter of Corpus Christi; Mr. and Mrs. Reed Francisco and son of Grand Prairie; Curtis Chatham of Ft. Gordon, Ga.; Mr. and Mrs. Percy Bailey of Levelland and Mrs. O. C. Yarbrough of Westlake.

D. W. Stone, of Stones Market, Coolidge, Ariz., visited last week with his aunt, Mrs. B. Boutwell, and Joe. He was also a Baird Star visitor and renewed his subscription.

Mr. and Mrs. Kenneth George and family of Siloam Springs, Ark., are visiting Mr. and Mrs. Buster George and Mr. and Mrs. Bill Work.

Mr. and Mrs. Paul Dugan and Paul Joyce, Mr. and Mrs. Spencer Price spent the 4th on the ranch fishing and picnicing with Mr. and Mrs. C. R. Price.

Mr. and Mrs. J. W. Hairston and daughter, Lea, of Lubbock, visited Mrs. Cora Work and other relatives last week.

Mr. and Mrs. Charlie Frank Lambert, of Hitchcock, visited Mr. and Mrs. Ed Lambert last week.

Mr. and Mrs. Jimmy Pierson and family of Jal, N. M., are visiting their parents, Mr. and Mrs. A. J. Pierson and Mr. and Mrs. Olton Pool.

Mr. and Mrs. Wiley Briscoe of Fort Worth visited friends and relatives here last week.

Hugh Shrader of Odessa visited friends and relatives here over the week end.

Glenda Ricks of Odessa visited Alberta Turner, Saturday night.

Wouldn't you rather drive a clean, squeak-free car?

Of course you would. And it costs so little, takes so little time to have your car washed and properly lubricated at our Humble sign. Trained men do both jobs under careful supervision.

Let us wash your car every time it gets dirty: be sure to let us lubricate it after each 1000 miles of driving.

Call and we'll send for your car, or stop by and let us take you home or to the office. Your car will be ready at the agreed-on time.

DEPENDABLE

is the word for Humble Service

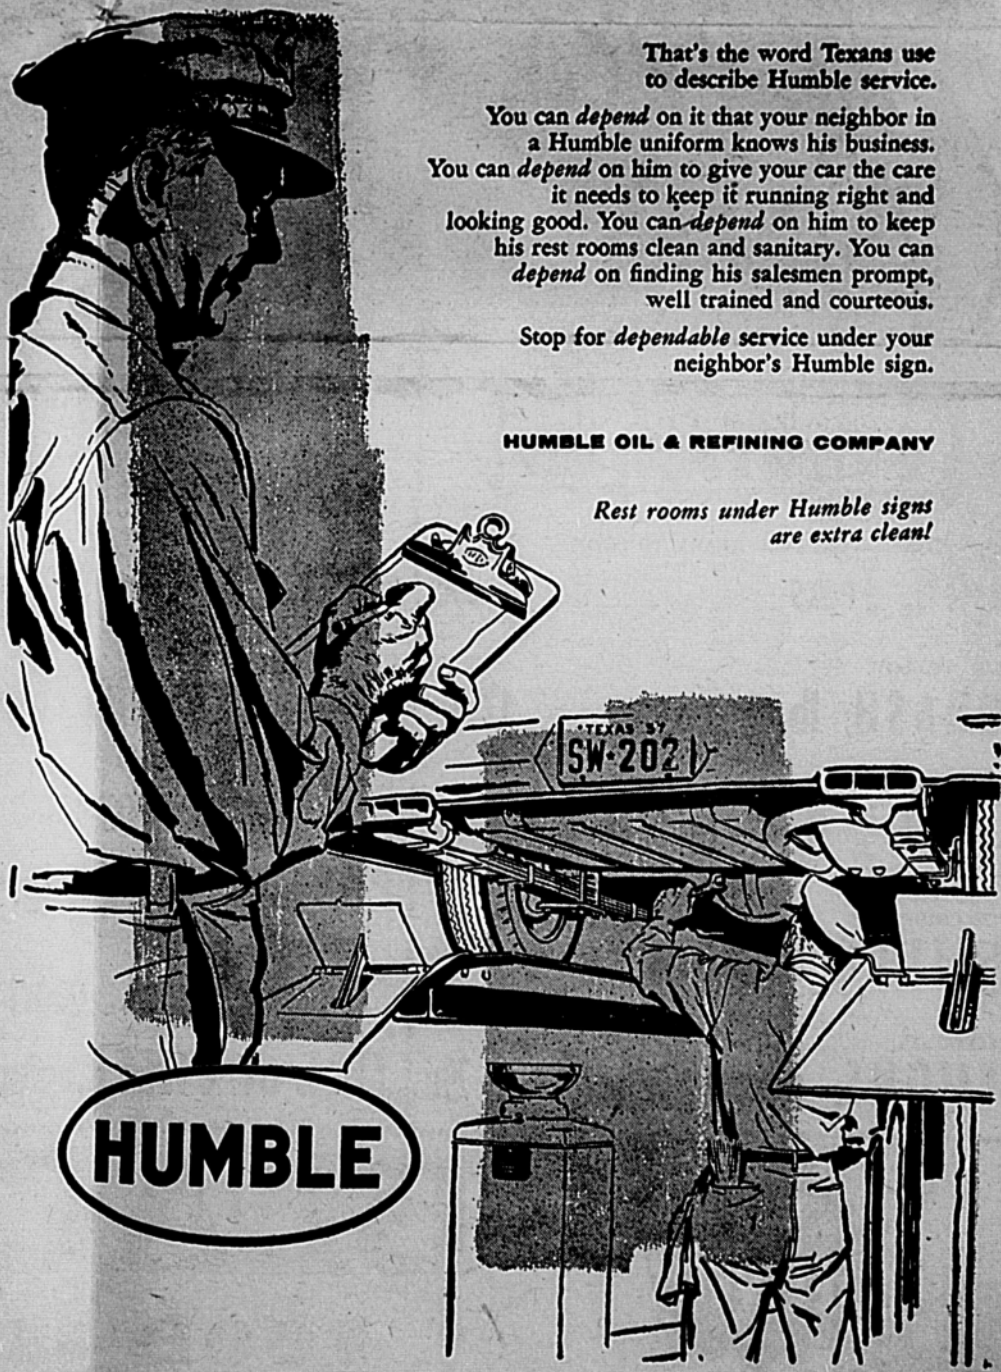

That's the word Texans use to describe Humble service.

You can depend on it that your neighbor in a Humble uniform knows his business. You can depend on him to give your car the care it needs to keep it running right and looking good. You can depend on him to keep his rest rooms clean and sanitary. You can depend on finding his salesmen prompt, well trained and courteous.

Stop for dependable service under your neighbor's Humble sign.
