LOOK FOR THE Merkel Badgers to be in a pretty onerous mood when they take the field in the Bears Den Friday night. They'll be on the rebound after their unpleasant outing at Clyde last Friday night.

Until playing Clyde, Merkel was rated among the best Class A teams in the state. Besides spoiling their record, the loss to Clyde is certain to hurt the Badger's stock in all the polls.

It all adds up to Merkel being in much fiercer frame of mind for Baird this week than the team was for Clyde last week.

From all indications the stadium will be packed Friday night for the tilt. Not only will it be the first home game of the season, but it looks more than ever like a first-rate match is on the schedule.

IN THE EFFORTS to secure another doctor for Baird, officials of the chamber of commerce have come across a recent survey which shows the impact a physician can have on a community's economy.

The survey was taken in Stephentown, N. Y., a town very near in size to Baird and located near the Massachusetts line.

It shows that last year about 26 patients per day visited doctors in other towns, and that 11.4 per cent of the Stephentown area residents were hospitalized in towns from 17 to 30 miles away.

Some quick multiplication shows that people in that small New York town collectively traveled more than 209,000 miles during 1963 to visit a doctor.

The survey also shows an estimated \$34,860 spent by the town's residents on office calls only during the year, and an additional \$26,145 on medicines. This adds up to more than \$60,000 spent out of town, because the town had no doctor.

Added to that, Stephentown patients spent an estimated \$4,198 for gas and oil while driving to visit doctors in other towns.

And finally, it is estimated that on their trips to visit the doctor, Stephentown residents spent over \$26,000 on supplies and groceries while they were in other towns.

It all adds up to about \$100,000 being spent in other places by residents of that one town because there was no doctor for them to visit.

As we said, Stephentown, N. Y. appears to be very similar to Baird in population, economy and distance from other towns.

SOME CUB SCOUTS from Clyde were visiting the county museum in Baird the other day. Leaders were showing the group various relics and explaining their use by pioneers of this area.

As the boys rounded one corner, they came upon one of those small machines which dispense chewing gum balls for a penny.

"Gee," said one of the boys. "I didn't know they had gum ball machines 'way back in those days."

CELEBRATING BIRTHDAYS next week will be:

Bears Open Home Slate With Merkel

The road gets rockier Friday at 8 p. m. when the Baird Bears host the frustrated Merkel Badgers for the first football game of the season in the Bears Den. Merkel, still smarting from a 14-12 setback suffered at the hands of Clyde last Friday, is expected to come to town with the intention of giving vent to dampened feelings.

The Badgers rated high in

state polls until their downfall in Clyde last week.

While Merkel was being surprised by Clyde, the Bears opened their season with an easy 45-12 romp over outmaneuvered Santa Anna. So complete was Baird's domination of the game that the first unit saw action for less than 20 minutes for the entire night.

Baird's offense, highlighted by crisp downfield blocking, blast-

ed out 25 points in the first quarter and coasted home.

Wally Harris turned in three of the Baird touchdowns on dashes of 10, 11 and 14 yards, although running mate Eddie Childers was the night's leading rusher with 118 yards in 10 carries. Harris collected 62 yards in 12 plays.

In all, 10 backs lugged the leather for Baird. Joining Harris in the scoring parade were full-

back Richard Windham, who returned an intercepted pass 35 yards for a TD, Childers on a 40-yard masterpiece, quarterback Tommy Barton with an 11-yard keeper, and halfback Maxie Gordon on a three-yard blast.

Windham gained 33 yards against the Mountaineers while Steve Stanley stepped off 44 in nine plays.

Sophomore J. D. Faircloth was next in yards with 27 in five plays.

Eddie Jones, the Mountaineer quarterback, scored one of the Santa Anna markers and passed to Gary Williams, a halfback, for the other. The pass and run play covered 70 yards.

The easy victory helped erase memories of last year's Santa Anna upset win in Baird.

Baird came through the tussle without serious injury, and Coach Vernon Townsend is expected to go with the same

starting eleven that opened against the Mountaineers.

Line starters will probably be Stanley McGowan, 173, at center; Jimmy Collins, 164, and Bruce Bell, 160 at guard; Ronnie Price, 162, and Bobby Black, 177, at tackle; Kelton Jones, 135 and Thomas Robbins, 154 at end.

In the backfield it will likely be Barton at quarterback, Harris and Childers at halfback and Windham at fullback.

Display Slated For Products Made in Area

ABILENE — The first comprehensive display of products manufactured in this West Texas area will be held at Abilene Savings Association Oct. 5-9, according to Sonny Bentley, president.

"We believe that this is the very first opportunity that West Texans have had to see exactly how much their area is growing from a manufacturing standpoint," said Bentley, who is also president of the Abilene Chamber of Commerce.

Manufacturers from a 60-mile radius of Abilene have been invited to display their products at the association's main office, North 4th and Cedar during the week beginning Oct. 5th.

"The display is being held in conjunction with an occasion recognizing the growth of Abilene Savings to \$50 million in assets, and the people, the area and the industry which have helped make this growth possible," Bentley said.

Products manufactured within a 60-mile radius of Abilene include electrical appliances, air conditioners, household cleaning products, Western gear, violins, clothing, watches, band instruments, foods, plastics, oil field equipment and many others.

Several West Texas manufacturers in this area also sell their products in Europe and other overseas outlets.

Manufacturers who wish to display their products are requested to write Bob Jordan, Abilene Savings Association, P. O. Box 90, Abilene.

There is no charge for displaying products and, whenever possible, Abilene Savings will assist in transporting the products to and from Abilene.

Signup Time Is Near in County For 1965 Allotments of Wheat

A check list to help Callahan wheat producers make a decision on their 1965 wheat acreage has been prepared by the county office of the Agricultural Stabilization and Conservation Service.

The office reminds wheat producers that:

Any producer (except those with a Soil Bank Contract) may devote the entire acreage on the farm to wheat in 1965 without any penalties, such as a marketing quota penalty or loss of wheat acreage history in future years. Wheat farmers that remained overplanted in 1964 will have their 1966 allotments reduced.

Producers who desire to participate in the wheat program will sign up to plant within their 1965 wheat allotment and devote the minimum required acreage to a conserving use. This grower will qualify for price support and marketing certificates valued at 75 cents (domestic) and 30 cents (export) per bushel.

Where a producer signs up to participate in both the 1965

wheat and feed grain programs and diverts at least the minimum required acreage he may plant either one or a combination of the crops on the combined acreage of the wheat allotment plus the remaining feed grain base. In other words, a wheat producer who signs up in both programs may plant his combined wheat allotment and remaining feed grain base all to wheat.

If a producer signs up in the wheat or feed grain program on one farm he must comply with the wheat allotment and/or feed grain permitted acreage on all other farms in which he has an interest.

Where a wheat producer signs up in the 1965 program, he may also request that an oat-rye base be established for his farm and devote this acreage, less the minimum required diverted acreage, to wheat.

Small wheat producers may divert all of their allotment up to 15 acres.

Final date to sign-up in the 1965 wheat program is October 1st.

Callahan Library Shows Increase In Book Circulation for Summer

The end of summer report from the Callahan County Library at Baird shows a substantial gain in use of the varied types of reading material found there.

Mrs. Rosa Ryan, librarian, said that during the three vacation months just ended, the total number of books circulated to readers from every section of the county was 4,974.

Hughes of Baird. For the Texas Shelf, a gift from the editor of the Farmer-Stockman was "Autobiography of the Rambling Longhorn," by the late T. C. Richardson, who wrote articles for the Texas Almanac and for the Farmer-Stockman.

A new Funk and Wagnalls College Dictionary and a "Who's Who in the Bible" by A. E. Sims should be of help for reference. In addition, 84 new books have been purchased of biography, science-fiction, mystery, travel, westerns, light romance and history, including five titles on the Civil War.

Also, 80 books have been donated by friends from several towns in this area.

OPLIN OBSERVATIONS

BY DAPHNE FLOYD

Mrs. Emma Blair of Abilene visited a few days this week with her sister, Mrs. Alice Hopkins, and her niece and family, Mr. and Mrs. Dad Poindexter and Clarice.

Mr. and Mrs. Ray Floyd and Glen Swor visited a while last Friday night in the home of Mr. and Mrs. Jack Gibson. The visitors enjoyed the pictures that the Gibsons showed on their movie projector. Of course, Jack had to show pictures taken on his rattlesnake hunts, which would cause one to have nightmares, but they also had pictures taken on trips to Arkansas, New Mexico, San Antonio, pictures of their grandchildren, pets, wildlife and local points of interest.

Friends had a good old fashioned get together last Saturday night at the home of Mr. and Mrs. John Jordan. Since Mr. and Mrs. Melton Poindexter of Casa Grande, Ariz., were still visiting in the community and had pictures with them of their children and grandchildren, and points of interest in the state of Arizona, New Mexico and California. It was an ideal time to set up the movie projector and show them. Later the guests, Mr. and Mrs. Melton Poindexter, Stella Yost, Mr. and Mrs. Lucien Pierce, Mr. and Mrs. Ray Floyd, Mr. and Mrs. Jim Jones and son Brand of Abilene were served refreshments of cake and ice cream.

Mr. and Mrs. Andrew Johnson had her niece and family, Mr. and Mrs. Glen Baker and son, Eddie, of Dallas as Labor Day week end visitors.

GOP Lays Plans For Campaign

Over 45 persons who will work in the 1964 campaign for the Callahan County Republican Party gathered at Cross Plains Friday night for a strategy meeting, conducted by Joe Kindred of Denton.

After the strategy meeting, the county executive committee appointed chairmen to head up the county drive. They include Mrs. Ed Hickman of Clyde, canvass chairman; Mrs. Max Judy, Clyde, temporary chairman of the Callahan County Republican Woman's Club, and Paul Washburn, Baird, chairman of the Bush for Senator Committee.

Jack Tunnell, county GOP chairman, announced that another meeting will be held in Baird in two or three weeks to formulate plans to continue the campaign. Persons interested in working for the Republican Party in the 64 election are invited to attend, with time and place yet to be announced.

Former Baird Man Is Key Aide For Injured Senator Kennedy

EDITOR'S NOTE — The following story is reprinted from the Abilene Reporter-News.

By LESLIE CARPENTER

Reporter-News Capital Bureau WASHINGTON — Few around Capitol Hill here know it — or would even suspect it — but the staff assistant closest to Sen. Edward M. Kennedy (D-Mass.) is a former Texan.

William J. Evans, born and reared in Baird and with kin folk all over Texas, is Kennedy's right-hand man in the office and also one of his best friends. Evans is now in Boston with the boss, who is hospitalized with serious back injuries suffered in an airplane crash.

Political Family

Evans learned about politics early in Texas. His father, William J. Evans Sr., was county tax assessor and collector in Callahan County for some 20 years. The father had ranches both there and in New Mexico and he moved the family to Clovis, N. M., a number of years ago.

The rest of the family stayed in Texas, and Evans has aunts and uncles and other kin in Abilene, Dallas, San Antonio, Kerrville, Bangs and Houston.

Three aunts live in Abilene, Miss Jean Powell, Miss Jessie Powell and Mrs. J. A. Dubberley. Mr. and Mrs. Thaxton Evans of Bangs are an aunt and uncle.

Evans and Kennedy met when he was a student at Yale and Kennedy was at Harvard. Both dated girls at Manhattanville College in Purchase, N. Y. They became friends during week end house parties there.

Worked for Aerojet

Evans wound up in Los Angeles working for Aerojet, the giant missile-making corporation.

When the Democratic National Convention met in Los Angeles in 1960, Evans looked up his old college buddy, Ted Kennedy.

Before long, Kennedy had asked him to work with him in the 1960 Kennedy-Johnson campaign. Ted Kennedy had been

assigned to Western states by his brother, and Evans traveled and worked with him.

After the election of the late President Kennedy, Evans came to Washington to work in the Defense Department's Office of International Security Affairs and became the expert on troubled Laos.

Asked for Help

When Ted Kennedy decided to run for the Senate at the start of 1962, he telephoned Evans from Boston to ask for his help.

Evans had never been in Massachusetts more than a few days at a time — and there had been only a few of those trips. But he resigned from the government and headed for Boston. He spent 10 months until election day with the Kennedy campaign.

Kennedy won by a landslide and Evans came to Washington with him as his top aide.

Beta Clubbers Elect Gordon as President

Members of the Baird High School Beta Club have elected Maxie Gordon president for the new school year.

Also elected were Stephanie Lafon, vice president; Sally Green, secretary; Sandra Cummings, treasurer; and Aleta White, reporter. Mrs. Archie Nichols is club sponsor.

A number of projects are being planned for the school year.

Mrs. Alice Crutchfield and Mrs. J. B. Crutchfield of Abilene attended funeral services in Houston last Wednesday for W. E. Heslep. They returned home Friday.

Mr. and Mrs. A. H. Hagar visited his father, I. H. Hagar of Winters, Sunday.

Mr. and Mrs. Merle Bales and Billy Ray and Mr. and Mrs. John Chittum and Johnny, Mr. and Mrs. Art Henderson and Terry of Midland spent the week end in Bandera and Tarpley on the ranch where the Bales family is planning to move.

'Speech' Topic At BSP Meeting

Psi Pi Chapter of Beta Sigma Pi met for its first regular session of the year Sept. 3 at 4 p. m. in the home of Mrs. Bill Skinner.

Mrs. Mike Young hosted the refreshment hour as members arrived.

Mrs. Ray Black called the meeting to order and presented members with yearbooks. The 1964-65 yearbook is dedicated to Mrs. Frank Windham, social director of the chapter.

Committee reports were heard from chairman outlining the years activities.

Socials planned for the year will include a barbecue, kiddy party, game night, Christmas party, chili supper, Valentine party, Founder's day banquet and a mad hatters party.

Ways and means projects will include a car wash, bake sale, and possibly a style show in the spring.

The course of study is entitled "Paths to Loveliness."

Mrs. Winfred Talley, Mrs. Robert Barnhill and Mrs. Roger Corn gave the first program of the year. Speech was their topic as each told of different assets in speech.

Mrs. Talley, who teaches first grade in Baird schools, demonstrated how she teaches her children to pronounce and sound out their words.

Mrs. Barnhill told of the part wit, humor and argument share in good speech.

Mrs. Corn told of ways to be considered by others to be a good conversationalist.

Present for the meeting other than Mmes. Young, Black, Talley, Windham, Barnhill, Corn and Skinner were: Mmes. Bill Berry, Jim Charlesworth, Norman Fisher, Pat Garner, Jon Hardwick, Stanley Harris and James Herring.

Others present were Mmes. Kenneth McPherson, Todd Newton, Dick Vestal, and Mrs. Bess Driskill, chapter sponsor.

"REMEMBER THE ALAMO"

-- the cry that fanned Texas' defeat to victory!

On March 1, 1836, thirty men from Gonzales broke through the lines of Mexican Army Commander Santa Anna to increase the Alamo's defenses to 187. This little band of heroes held the Alamo against overwhelming odds for five more days in one of the most heroic struggles to be found in the annals of man.

On March 6 Santa Anna with over 4,000 troops stormed the Alamo, and the last of the heroic band of Texans died fighting. Names like William Barret Travis, James Bowie, Davy Crockett and James B. Bonham became immortal.

The massacre at the Alamo inspired General Sam Houston's men at the battle of San Jacinto. Crying "Remember the Alamo!", the Texans sprang upon Santa Anna's soldiers and in a swift bloody fight won Texas its freedom.

SPEAK OUT FOR FREEDOM

... with U. S. Savings Bonds!

Through the years that have followed, other "Alamos" and "San Jacintos" have inspired Americans to lead and win the fight for Freedom — Pork Chop Hill, Iwo Jima, the Meuse-Argonne Forest.

Today, by purchasing a United States Savings Bond, you can also speak out for Freedom as clearly as the battle cries of old. Every Savings Bond you buy is an investment in Freedom. Buy Bonds at your bank or on the payroll savings plan where you work.

USS FRANK KNOX — Robert C. Moore, USN, son of Mrs. Gladys E. Moore of Baird, returned Aug. 31 to San Diego, Calif., aboard the radar picket destroyer USS Frank Knox upon completing a tour of duty with the Seventh Fleet in the Far East.

Knox provided anti-air warfare support for various aircraft carriers and anti-submarine warfare coverage for other units while with the Seventh Fleet.

As a reward for two and a half years service in the Western Pacific, Knox was granted a goodwill tour of Australia. Ports visited "down under" include Brisbane and Sydney, Australia.

TECUMSEH TOPICS

BY LILLIAN CRAWFORD

Labor Day week end brought tragedy to many families, while others enjoyed a few days leave from work to get out in the nice cool weather we are having at this time.

There is one I know who was in sorrow Sunday, one of my dear aunts, due to the death of her husband T. L. Gilstrap, a former resident of this county. They had lived at Cleburne for many years. His widow was for-

merly Dicie O'Keefe, also a native of Callahan County. I am so glad that I had the pleasure of being in their home this past August.

Mrs. Winnie Morgan and family of Gregton is visiting her mother, Mrs. Kate Crawford and other relatives a few days.

Lynda Crawford visited Sunday night and Monday in the home of Mr. and Mrs. J. B. Sherrod in Abilene.

A late word from Mrs. Elbert Crawford is that her aunt Mrs. Earl Turner is quite sick at this time in an Abilene hospital. Mr. and Mrs. Turner are residents of Baird but had lived many years in and around Tecumseh.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN — "Interbasin diversions, the process of moving water from where it is to where it is needed, is being talked about more and more in Texas where half of the state's water supply is centered in the eastern one-seventh of the state.

It will be the topic of three speakers at the Association of Western State Engineers in Austin on Sept. 21.

Speakers are Frank Rabb of Oklahoma, David Hale of New Mexico and William Warne of California. All three are water officials in states which have turned to interbasin diversion to solve some water problems.

Some moving already has taken place in Texas. In the Trinity watershed, for instance, Dallas is completing a pipeline and treatment plant for moving Sabine River water from Lake Tawakoni to Dallas. Also Houston has signed a contract with the Trinity River Authority to move Trinity water to Houston.

Interbasin diversion will become the subject of more conversations for Texans when the U. S. Bureau of Reclamation releases its pending report. It proposes a 400-mile canal to move surplus water from the Sabine and Neches basins, south to link all major rivers in Texas and meet the needs of the Gulf Coast to a point below Corpus Christi.

Gov. John Connally has asked the Texas Water Commission to speed up water planning to seek alternatives to the Bureau of Reclamation's forthcoming proposal. But the commission is strapped by the bounds of a budget inadequate for such a study, unless the 1965 Legislature increases its funds.

INSURANCE INTEREST CHARGE UPHELD — An effort by the Allstate Insurance Company to knock out the State Board of Insurance order requiring a minimum charge of 6 per cent interest on insurance premiums paid by installments has failed.

Board said it found nothing in the hearing to change its mind. It reported that abuses of Texas laws, prohibiting inducements to prospective policyholders and prohibiting discrimination between policyholders, were taking place under deferred payment plans.

"Net costs of handling premium payments financed by insurance companies at cut-rate interest, or no interest, will ultimately be paid by all insureds," said Board Chairman Hunter McLean. "Those electing deferred payment plans should bear such costs . . ."

A spokesman for one company charged that criticism of ruling by the National Association of Independent Insurers laid the groundwork for "an attack on the Texas rating system and policy control." N.A.I.I. claimed the order discriminates against Texas policyholders, and that the board had no authority to adopt it.

OUT OF THE RED — State government ended its 1963-64 fiscal year on August 31 with a fat general revenue fund balance of \$73,000,000.

It was the brightest year end figure since 1949.

"It looks better than it has for a long time," beamed State Comptroller Robert S. Calvert. Five years of deficits still are fresh in his memory. One year the State ran \$110,000,000 in the red.

Calvert declined to speculate on the amount of surplus which will be available for legislative appropriation.

Governor Connally predicted earlier that the general revenue surplus may reach \$80,000,000 next year. Despite the abundance of money, the Governor said the Legislature likely will have to pass a new tax bill or amend the existing rates in 1965. This because of demands for more spending in education and other areas.

Calvert noted three factors in

the favorable fiscal 1964 close-out: a \$24,000,000 increase this year over 1963 in general sales tax revenues; an \$8,000,000 jump in the auto sales tax; and a \$3,000,000 crude oil tax increase.

Comptroller's report showed state revenue collections during 1964 were more than \$1,600,000,000, compared with \$1,500,000,000 in 1963. Expenditures totaled \$1,500,000,000, compared with \$1,400,000,000 the previous year.

General economic growth of the state; the federal income tax reduction designed to prime spending; and removal of the \$10 clothing exemption from the state sales tax were seen largely responsible for the bigger yield from that levy.

CABINET MEETINGS RESUMED — Governor Connally has resumed his schedule of unofficial "cabinet" meetings with top state agency heads.

He started the sessions last October, but had to discontinue them when he was wounded by the same assassin who killed President Kennedy.

Last week's meeting was held in the offices of the Texas Education Agency. Emphasized was overall operations and financing of public schools. A general discussion of agency problems with the governor followed.

These sessions have a two-fold purpose: to analyze workings of departments one by one; and to familiarize the governor and other officials with mutual problems.

HIGHWAY HURRY-UPS ASKED — Citizens from San Antonio, Corpus Christi and other counties which connect them asked the State Highway Commission to "hurry up" and schedule work on a proposed Interstate Highway between the two cities so that construction will be completed by 1968.

That is the year when San Antonio will produce the HemisFair; Padre Island National Seashore will be in full-scale operation and Mexico City will host the World Olympics. Nueces County Judge Noah Kennedy Jr. said, "We would just like to be in a position to swap tourists with the city of San Antonio."

"Hurry-up" urgings also were heard from Valley leaders who pleaded with the Highway Commission to hasten construction of the Valley Expressway (US 83) because the current system of routing traffic on access roads is hazardous.

Lower Rio Grande Valley Chamber of Commerce vice-president Jack H. Drake of Weslaco told commissioners the Valley death rate has risen 40 per cent this year -- compared to a statewide rise of 13 per cent -- because of accidents on the access roads adjacent to the expressway route.

Commission immediately authorized construction of a 1.7-mile section of the expressway within the city limits of Mercedes.

ANTI-MOSQUITO CAMPAIGN — Spurred by the spread of encephalitis, state, county and city officials all over Texas are conducting a vast campaign against mosquitoes, according to State Health Commissioner J. E. Peavy.

Although much of the war against the disease carriers is waged constantly in areas which have tax-supported districts to combat disease-bearing insects, extra measures are being taken in many places, including Hous-

ton where 75 two-man spraying crews are at work.

Dr. Peavy said that as of September 1, a total of 474 cases of encephalitis and 19 deaths had been reported from Houston; 61 cases and five deaths in the Upper Plains region; and a smattering of suspected infections in other counties.

He said the 1964 epidemic has been the worst since 1954, when close to 1,000 cases -- most in South Texas -- were reported. In a "normal" year, only 50 to 75 cases develop.

Dr. Peavy said he feels that the intensive anti-mosquito campaign, and the advent of cool weather will combine to beat down the disease, which is dwindling somewhat.

TRAFFIC SURVEY FUNDS CHALLENGED — A new attorney general's opinion holding that counties cannot spend their funds for traffic surveys required to obtain future federal highway aid has confused state highway administrators.

Problems presented by the opinion were outlined to the Attorney General's office. But a revision of the opinion was not officially requested, according to Carr's aides.

Thirteen counties are now participating in the financing of detailed traffic surveys on a 15 per cent local share basis. They are Cameron, Dallas, El Paso, Galveston, Harris, Jefferson, Lubbock, Orange, Potter, Randall, Smith, Tarrant and Webb.

Although most of the studies is relatively minor, they are important to Texas' 22 metropolitan areas. They must be under way by next July if federal aid to the urban centers is to continue. Cities in nearly half the areas are picking up the local bill, without help from counties. If the opinion stands up, city governments may have to take over in the other 13 counties.

SHORT SNORTS — John C. White, Commissioner of Agriculture, advises that Rio Grande cotton farmers will vote Sept. 30 on whether or not to include an escrow program as part of pink bollworm controls during the 1965 season . . . Director Homer Garrison Jr. of the Department of Public Safety reminds motorists that the new auto inspection period began Sept. 1 and ends next April 15 . . . Women now lead in another field: there are 68,763 more women drivers than men drives in Texas, specifically 2,642,756 women compared with 2,573,993 men . . . Longer term for water district board members can be provided only by constitution amendment, says Atty. Gen. Waggoner Carr in a recent opinion from his office . . . Carr also concluded that the school land board has authority to reduce gas royalty from that provided in the original lease by entering into a unitization or pooling agreement at a lower royalty figure . . . Texas' business activity, on a steady upswing for three and a half years, rose 3 per cent to a new high during July, says the UT Bureau of Business Research . . . State Board for Hospitals and Special Schools is expected to select a site for a new special school for mentally retarded in West Texas at a Sept. 14 meeting here . . . Latest Census Bureau headcount shows Texas has replaced Ohio as the fifth most populous state with 10,300,000.

On the program, Mrs. Lee Ivey's subject was "My Plans as President"; Mrs. E. J. Hill spoke on "Bulbs for Outdoor Planting" and Mrs. C. Z. Anderson discussed "Bulbs for Indoor Planting". Plans were made for a Placement Flower Show Workshop, to be held Oct. 6 in the Presbyterian Church Annex.

Plans were also discussed for a Placement Show to be held Nov. 14 in the home of Mrs. I. E. Warren.

Refreshments were served to 16 members. Next club meeting will be at the annex with Mrs. Ivey and Mrs. Frank Cunningham as hostesses.
