STORM REPORT

As Reported by...
Stormie Meriwether,
Seventh Grade Student

Dear Friends, Karleigh and my mom both had a birthday this week. Karleigh is thirteen, the same age that I am. My mother is a lot older. I had a fun time at Karleigh's. We watched a movie, jumped on the trampoline and did hair and makeup. She has two cute little brothers. They are the same age as Clark, two years old. I love little kids. Karleigh's brothers are so cute! She has a dog named Pumpkin that is funny.

Well, this is a happy day! Finally I got my braces off! I have had those things for two years and that is enough! They hurt, cut my mouth, and make me drool. Now I have a retainer to wear at night. That is so much better and it's just in time for Picture Day! I really like Dr. Cook and all the people at the Orthodontist. I will miss seeing them, but I am excited to get my braces off!

We have a Jr. High football game this week and Cross Country on Saturday. Pep Club and the Cheerleaders will cheer for the football boys. I hope I can finish the race at Cross Country. I'm still not very good, but I'm trying. That's it!

OLD TIMES NOT FORGOTTEN

By Roland Miles

SODA JERKS

I mentioned a year or two ago, about how nice it was, back when there were actually "service stations." I still think it would be good to have at least one gas station in town, where they wash your windshield, check the oil and check the air pressure in your tires; all this, in addition to pumping your gas. Another job that's gone away, along with the gas station attendant, is the "soda jerk." That wasn't a derogatory term. Most drug stores had a soda bar, with little round stools to sit on while you enjoyed your drink and maybe a cheese sandwich. Most, also had a few booths, if you wanted a little privacy. The soda jerk would take your order and fix it for you. They would mix your drink any way you wanted it. There used to be two drug stores in Wheeler; both had soda bars. Nowadays, those jobs have been replaced by vending machines. With all the super technology we have, you'd think that the vending machine would at least ask you how the family is doing, or maybe how much rain you got last night. I did mention once, about a really low tech, self-service water melon stand. The sign told the price and to just drop your money in the slot in the top of the box. I don't really look for the station attendant and soda jerk jobs to ever come back, but it was good while it lasted.

(he was President one month) Zachary Taylor, Abraham Lincoln, James Garfield, William McKinley, Warren Harding, Franklin Roosevelt and John Kennedy. Three First Ladies died while their husbands were President. They were Letitia Tyler, Caroline Harrison and Ellen Wilson.

This week's question: During the Civil War, what Confederate ship sank the USS Hatteras? Who was commander of the Confederate ship? Answer next week.

Grumpy Old Women

A group of women were at a seminar on how to live in a loving relationship with their husband.

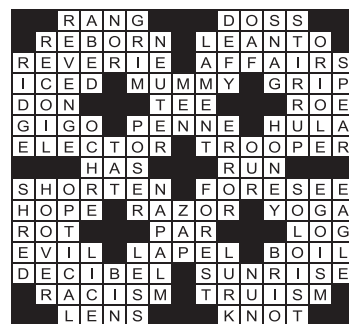

The women were asked, "How many of you love your husband?"

All the women raised their hands.

Then they were asked, "When was the last time you told your husband you loved him?"

Some women answered today, a few yesterday, and some can't remember.

The women then were told to take out their cell phones and text to their husband: "I love you, sweetheart."

Sept. 12, 2016
Saint Jo, TX 76265
To The Wheeler Times,
I was fortunate to make a sentimental journey to Mobeetie during the Old Settler's Reunion. We enjoyed staying in Wheeler and enjoying good food at the local restaurants.

I moved away nearly 49 years ago, though my parents, Bill and Wilma Harvey and my nephews, Douglas and Steven, lived there about 10 more years. You may have eaten some of Mom's pies at the cross roads café.

We drove to new town first. I couldn't believe the missing buildings! The Masonic Hall, Herk's Grocery Store, Thelma Harris' Beauty Shop, the Methodist Parsonage to name a few.

Ironically, the original Methodist parsonage in new town (where I had lived) was still there. I had been concerned about the Methodist Church, as we have struggled here in Saint Jo, as well. But there it stood, tall and beautiful!

When we made the drive to old town, I was amazed at the accomplishments of a few folks. The grounds, buildings, exhibits, displays, plantings, and there it was the Masonic Hall! What a treasure, what history preserved. If that building could talk, it could tell you about a special friendship Night, hosted by the Eastern Star. We put on the Robert Service Play The Shooting of Dan McGrew. Players, Henry Johnson Hoyt Dunn, Bob Galmor and Melba (Rector) Corcoran was 'the lady that's known as Lou'. What a sweet memory.

We made 2 trips to the cemetery. Again, we were amazed at the apparent care and preservation of those sacred grounds. Sadly most of my friends were there. My family spread out to find certain graves for me. My nephew, Michael Hall, told me later, "I wasn't going to stop looking until we found the Dunn Family Plot."

But the day of the reunion, I finally had a chance to see again some of my friends after so many years. Maurita Stribling, "Cotton" Ridgeway, Paul Hathaway, and Melba and Dale Corcoran. My nephew, Steven Knoll, managed to be surrounded by girls from his class, including Zana Corse. She shared my May 5 birthday. Steve's wife, Gayla, made

pictures of Steve with his classmates. Sadly, we lost his brother, Douglas Hackett, Jan. 2, 2015.

I had an opportunity to visit with Sally Shelton Adcock. She did not know that her mom, Nancy Sharp Shelton and I had gone to Woodrow Wilson School together in Pampa when we were in the 3rd grade. I promised I would send her our class picture.

When I saw Nancy's tombstone with pictures of her in a red coat, I remembered, she had a beautiful red coat on in our little class picture.

Praises, thanks, and blessings to the fine folks for saving our history and memories.

If you are ever in Saint Jo, be sure to visit the Stonewall Saloon Museum, on the historic Chisholm Trail Square.

We are preserving and sharing history here, as well.

Thanks for a wonderful weekend.

Happy Trials,

TO THE EDITOR
The Wheeler Times
Wheeler, Texas

To: Wheeler Cemetery Association

I am glad to see someone make an effort to raise money for the care of the cemetery. But I fear that people will think, why should we pay money to continue the condition it is in now. I think they will want to see that their money is being well spent and that care is being provided before they donate.

On rare occasion, I have donated money to the Wheeler Cemetery Association. This has usually been when I see that reasonable care is being provided to the cemetery.

Up until the last two years, some care has been provided to the cemetery. Some time back, maybe four to five years ago I thought the cemetery looked the best I have ever seen it. But last year when I attended the annual High School Reunion, it was obvious that little or no care was being done at the cemetery.

About six weeks ago my sister, Billie, made a trip to the cemetery. She described the condition there as terrible.

USDA Reduces Interest Rates

Texas USDA Rural Development has announced the implementation of an interest rate decrease for the Single Family Housing Direct Loan Program effective September 1, 2016. The new rate of 2.875% will be at an all-time low.

"USDA Rural Development is pleased to assist rural Texans in meeting their housing needs, a critical goal to the long term sustainability of our communities," said Paco Valentin, USDA Rural Development State Director.

This program assists low- and very-low-income appli-

cants obtain decent, safe and sanitary housing in eligible rural areas by providing payment assistance to increase an applicant's repayment ability. Payment assistance is a type of subsidy that reduces the mortgage payment for a short time. The amount of assistance is determined by the adjusted family income.

USDA, through its Rural Development mission area, administers and manages housing, business and community infrastructure and facility programs through a national network of state and local offices. Rural Develop-

USDA Awards Grants To Rural Housing

U.S. Department of Agriculture's Rural Development Under Secretary Lisa Mensah today announced grants to preserve and repair affordable housing for very-low- and low-income families living in rural areas.

"Many rural property owners struggle to afford the upkeep and repairs to their apartments, particularly as the units get older and need more work," Mensah said. "These grants will help them make these repairs and upgrades. This funding will go a long way toward preserving the supply of safe, affordable rural housing."

USDA is awarding \$239,600 in Housing Preservation Grants to 5 organizations in Texas. The grants will renovate 36 rural housing units. They can be used to remove health and safety hazards, make homes more energy efficient, and modernize the units. Eligible recipients include local governments, public agencies, federally recognized Indian Tribes, nonprofit organizations and faith-based and community groups. They distribute the grants to homeowners and owners of multi-family rental properties or cooperative dwellings who rent to low- and very-low-income residents. The organizations receiving the grants determine which local projects to support.

"The cost of maintaining a home is challenging for many rural homeowners," said Paco Valentin, USDA Rural Development State Director. "Rural Development Housing Preservation grants help families with limited incomes preserve their housing and improve their living conditions. The program also boosts economic activity for housing contractors in rural areas who are hired to make the home upgrades and repairs."

Panhandle Community Services, the City of Taylor, the Village of Vinton, Tierra Del Sol, and Jim Hogg County all received Housing Preservation Grants to be used to rehabilitate housing units in their prospective rural areas.

Funding for all awards is contingent upon the recipients meeting the terms of their grant agreement.
