Make Wheeler Your Place To Be July 2-3-4

Plans are well underway for Wheeler's 36th Annual 4th of July Celebration. There are activities planned for Friday, July 2nd – Sunday, July 4th.

This annual event is the work of the Wheeler Chamber of Commerce and numerous Wheeler county citizens that donate their time and money to bringing fun activities to our

community. Many have supported the chamber's efforts this year with generous donations.

There will be food vendors set up along the Square all

weekend for multiple events and well as local restaurants and shopping around the square.

There will be 7 large bounce houses (2 water/5 dry) set up on the west side of the court-

STATE CHAMPIONS: Kelton's 9778 Robotic Chinchillas recently traveled to San Antonio to compete at the UIL State Robotics Tournament after receiving an invitation from FIRST. The competition was held at the Alamodome on June 15th where the Chinchillas competed against another 36 teams selected from across the state. After setting a high score during the qualification matches with Midland's DaVinci Dragons, they were selected to be a final alliance partner with Droid Rage Phantom. The Chinchillas and their alliance partner eventually won the finals after defeating the DaVinci Dragons and Nazareth Robotics.

Farm Service Agency Accepting Nominations For Committee Members

The U.S. Department of Agriculture (USDA) Farm Service Agency (FSA) began accepting nominations for county committee members on June 15. Elections will occur in certain Local Administrative Areas (LAA) for these members who make important decisions about how federal farm programs are administered locally. All nomination forms for the 2021 election must be postmarked or received in the local FSA office by Aug. 2, 2021.

“We need enthusiastic, diverse leaders to serve other agricultural producers locally on FSA County Committees,” said Eddie Trevino Acting State Executive Director for FSA in Texas. “Now's your time to step up and truly make an impact on how federal programs are administered at the local level to reach all producers fairly and equitably.”

Trevino said agricultural producers who participate or cooperate in a USDA program, and reside in the LAA that is up for election this year, may be nominated for candidacy for the county committee. A cooperating producer is someone who has provided information about their farming or ranching operation to FSA, even if they have not applied or received program benefits. Individuals may nominate themselves or others and qualifying organizations may also nominate candidates. USDA encourages

Non-Profit Opens in Miami to Help Those in Need

By: Toni Coombs, Editor "The Miami Chief"
 A new business has opened its doors! Located at 106 South Main Street at the back entrance of the building, Donation House is ready to help those in need and to accept donations of gently used furniture, appliances, kitchenware, towels, sheets, clothing, cooking utensils, etc. Items that are donated will then be used to help individuals or families in need. Assistance is not limited to the just the community of Miami but will also be available to those in need in the surrounding area.

The business is owned by Leslie Ishmael of Miami, Texas. Leslie has been helping others for several years by accepting donations and making sure they are given to anyone who has a need. She has a heart for giving and a passion for helping others. This non-profit organization has been a dream of hers for a long time. She feels that it is something that she has been called to do and is excited to be able to finally have a place to house the donations, a place that is large enough for people to be able to come

STORM REPORT

As Reported by...
Stormie Meriwether,
 Twelfth Grade Student

Dear Friends, I am so thankful that we can see our family and friends again. We went to church with family in Hinton. Then we went to Maple Nursing Home to see Nona Faye Baker. She was so happy to see us she almost ran to meet us. It was the first time we have seen her in over a year. It was a good visit.

Lion's Club Flag Display Schedule

Wheeler Lions Club is excited to be displaying the Flag's for this year's 4th of July celebration. Because the 4th is on Sunday the display has been revised to schedule around town display and still follow Flag protocol. Because the light is not supposed to go down on the flag, the downtown area and Alan Bean Blvd Flags will be put out on Friday afternoon the 2nd and will be allowed to stay out Friday night. The rest of Wheeler flags will be displayed Saturday Morning the 3rd and all flags will be taken down before dark. There will be flags displayed Sunday July 4th at Britt Field.

Merely Mustard

The year is now half spent. It is a good time to take a moment to assess where we are at this juncture; the second quarterly review is in order. The recent summer solstice means we are on the downward curve of remaining days in the year, as well as available light. As for me, I noticed a stark deviation from quarter one to quarter two, regarding my compliance with my own stated objectives and desires for how the year would go. Part of the trouble for me is

that the large amount of daylight in the summer months makes it difficult to shut down at an early enough time that allows for a sufficient amount of rest. I aim to address that problem as one of my top focuses in the next month, and see if shutting down earlier will enable me to be more engaged more often. Paradoxically, the question is whether unplugging more will enable me to spend more time plugged in. A vehicle will get further if it runs at 80%

RPMs all the time, than if it were to run at redline as long as it could, until it broke down and had to be towed in to the repair shop. If there is more to glean from the quarterly review, then I have missed it. Regardless, here's to the remainder of the summer, and to soaking in a little of the sun instead of only working in it. And here's to a pause, in the name of breathing room.

After they finish, Seth Ward & The Silence band will rock it for all in attendance.

The WVFD teams will pick up the fireworks or you can deliver to the fire station by 5pm on Friday. The Pop Off will begin on Saturday night during the band performances. You should be able to watch from around the square. The winner(s) of the competition will be announced on Sunday after our Awards Ceremony and before the big fireworks show presented by the WVFD. That's 2 nights of fireworks!!! NORTH SIDE has had the bragging rights for a year.... So who will it be this year?

On Sunday, July 4th at NOON on the Courthouse Square lawn we will have a picnic on the square, food vendors will be set up for you to grab a bite and set up on the Courthouse lawn and we will honor 1st Responders with an Appreciation Luncheon. If you are a 1st Re-

sponder, please let the food vendor know and we will cover your meal. We also want to encourage a GOSPEL singing on the Square, so we will have a mic and stage set up for those willing to share their talents.

Nomina. (from Page 1) minority producers, women and beginning farmers or ranchers to nominate, vote, and hold office.

Nationwide, more than 7,700 dedicated members of the agricultural community serving on FSA county committees. The committees are made up of three to 11 members who serve three-year terms. Producers serving on FSA county committees play a critical role in the day-to-day operations of the agency. Committee members are vital to how FSA carries out disaster programs, as well as conservation, commodity and price support programs, county office employment and other agricultural issues.

LAAs are elective areas for FSA committees in a single county or multi-county jurisdiction. This may include LAAs that are focused on an urban or suburban area.

Urban and Suburban County Committees

The 2018 Farm Bill directed USDA to form urban county committees as well as make other advancements related to urban agriculture, including the establishment of the Office of Urban Agriculture and Innovative Production. FSA established county committees specifically focused on urban agriculture. The urban county committees will work to encourage and promote urban, indoor and other emerging agricultural production practices. Additionally, the new county committees may address areas such as food access, community engagement, support of local activities to promote and encourage community compost and food waste reduction.

Urban committee members are nominated and elected to serve by local urban producers in the same jurisdiction. These members are a vital link in the effective administration of USDA programs and are responsible for carrying out programs in full accordance with the regulations, national and state policies, procedures, and instructions. Urban county committee members will provide outreach to ensure urban producers understand USDA programs and serve as the voice of other urban producers and assist in program implementation that support the needs of the growing urban community.
