A Mustang Minute . . .

Friday, February 3rd, the Wheeler Mustangs traveled to Memphis to take on the Cyclones. The JV girls came out on the court missing a couple key players who moved up to play on Varsity to compensate for the loss of a few players due to illness and injury.

Our JV girls made easy work of beating the Cyclones with Kallie Copeland hitting two 3 point buckets right out of the gate putting the Lady Stangs up 12-2 after the first quarter. Their scoring continued as they held the Lady Cyclones to just 17 points, finishing the night with a 38-17 win. Top scorers were Kallie Copeland with 12, Rheadyn Robles with 11 and Kenslee Marshall with 9.

The JV boys were up next and had a fight on their hands as Memphis’ defensive front and steals proved too much for the Mustangs. Memphis took an early 10-0 lead and held Wheeler to a 5 point 3rd quarter to seal the deal. The JV Mustangs finished with a 26-43 defeat. Top scorer for the Mustangs was Marshall McNeil with 8 points on the night.

Up next were the Varsity Lady Stangs who came out a little nervous about missing some of their players due to illness and injury but soon found themselves dominating

the Lady Cyclones with ease. The girls made several strong shots under the goal and had many good looks down court making it hard for Memphis to stop their passing game. Karina Baylon was hot on the 3 point line in the second quarter hitting three 3 pointers along with two jump shots and a free throw for a total of 14 points in the second quarter. Emely Garcia had five 2 pointers and a couple free throws to finish her night out with 12 total points. Holden Holwick added to the score with five 2 pointers and a free throw contributing a total of 11 points. The Lady Stangs finished the night with a 60-30 win over the Cyclones.

The Varsity Mustangs finished off the night with a battle from the Cyclones as they weren’t going to give up a win easily. Both teams hit the double bonus in the first half of play but the Mustangs stayed ahead with a 31-18 lead. The Mustangs held their lead through the second half finishing with a 57-45 win. Levi Ashurst finished with 18 points and Barrett Meadows had 13 points. Next week the fans will honor their Seniors at a home game against Quannah before heading to playoffs. Good luck Mustangs and Lady Stangs!

Misty Helton-Copeland B. Richardson Has Part In C.C. Play

Clarendon College Drama presents “Marriage Is Murder” by Nick Hall, a comedy about exes who write murder mysteries by rehearsing them; they spend the play figuratively killing each other. While they have not been able to work well independently, the two come together to take one last stab at teamwork. If you have been married, angry, disappointed, or just want to laugh, this is the play for you!

Featured in the play are Bryce Richardson (Wheeler, TX) and Darcy Grahn (Clarendon, TX) as the principle players, it’s rated PG-13 for language and mature themes.

CWE CHAT WITH THE EDITOR
By Louis C. Stea

The warm weather lasted until Monday evening.

The ground hog saw his shadow, so we are reported to be in for six more weeks of winter. “so the old saying goes.

As you can see, we have lots of pictures this week. Thanks to Cross Country (Continued Page 6)

STORM REPORT

As Reported by . . . Stormie Meriwether,

Dearest Friends, I love when I can go to Maxeys on Thursday, because I can see sweet friends. Last week I was very happy to see Mrs. Ware. I miss that lady. I visited with the Godwins. Mr. Jay is retiring from leading the singing at the Methodist Church in Canadian. He has lead the singing for thirty years. That is a very long time. The church will have special recognition for him on Sunday morning, February the twelfth.

On Saturday, Clark played basketball again. His team won! They get better every week. Good job Clark!

(Continued Page 2)

Merely Mustard

I didn’t follow the happenings of Punxsutawney Phil, but someone who did follow them told me that Phil had seen his shadow, or, perhaps more likely, someone other than Phil had seen Phil’s shadow, and that we should expect six more weeks of winter. I used to think that the proposition of six more weeks of winter was quite dour; anymore it has lost its edge, in the reality that even if there are six more weeks of winter, we are now nearer winter’s end than we are its beginning.

The person who told me of Phil’s shadow’s status was

pleased at the idea of winter lingering a little longer, and who can blame them this year? In these environs it has been mild thus far, save for a couple of strong cold fronts. But even if the weather turns cold and delivers snowfall, as it often is wont to do in February, those of us who don’t prefer the winter shall simply suck it up and endure it. At the time of this writing there are but twenty-three days remaining in February; by the time this publication is delivered there will be fewer than three weeks until March.

I never understood the hub-

bub about the groundhog and its shadow. In the absence of any compelling justification I’ve decided it must simply be a northeastern thing – one of the many ways the northeastern portion of the United States asserts its influence and projects its own interests upon the rest of us. What difference does it make whether it was sunny in Pennsylvania on February 2, or not? The weather there doesn’t have much bearing on what happens here. The jet stream moves from west to east, you know.

Regardless, whether we

have six more weeks of winter weather or an early onset of spring weather, my message (though not anticipated with revelry like the groundhog’s) to you is that there is something to value and to enjoy and to be grateful for no matter the occasion. And my message to the person who had hoped for six more weeks of winter weather: may you find the joy that is available in winter, spring, and all circumstances, and may your every virtuous wish come true.

After Clark's game, we went to one of my favorite places, Red Rock Canyon. It is quiet and peaceful, but there is no internet service so I can't get online. It is good to take a break from the computer sometimes.

Saturday night was the famous Ground Hog Supper at the Methodist Church in Hinton. My sister, "Mimba," and Tom came. Mark and Carol helped with the dinner. My Uncle Glenn and Tate were there. Colby and Joanna brought my newest little niece, Gracie. That little one is adorable!

I can't wait for Friday! Hunter is coming! Pop is going to teach us how to make his noodles! Hunter will finally get to meet more of my family on Saturday when we have a Big Family Dinner to celebrate the February birthdays. That's it!

Updated Property Tax Information Now Available for Texas Taxpayers

(Wheeler) — New and updated property tax information has just been compiled by (Wheeler Central Appraisal District) and is available now to assist taxpayers. This property tax information is current and covers a wide range of topics, such as taxpayer remedies, exemptions and appraisals, and has information for select groups, such as disabled veterans and persons age 65 or older.

"Whether you are a homeowner, business owner, disabled veteran or taxpayer, it's important you know your rights concerning the property tax laws." said Kimberly Morgan, Chief Appraiser of the Wheeler Central Appraisal District. "You can contact us about any property tax issues with full confidence that we will provide you the most complete, accurate and up-to-date available information to assist you."

This includes information about the following programs.

Property Tax Exemptions for Disabled Veterans - The law provides partial exemptions for any property owned by disabled veterans or surviving spouses and surviving children of deceased disabled veterans. Another partial exemption is for homesteads donated to disabled veterans by charitable organizations at no cost or not more than 50 percent of the good faith estimate of the homestead's market value to the disabled veterans and their surviving spouses. The exemption amount is determined according to percentage of service-connected disability. The law also provides a 100 percent homestead exemption for 100 percent disabled veterans and their surviving spouses and surviving spouses of U.S. armed service members killed in action.

Property Tax Exemptions – Non-profit organizations that meet statutory requirements may seek property tax exemptions and must apply to their county appraisal district by a specific date. Businesses that receive tax abatements granted by taxing units; ship inventory out of Texas that may be eligible for the freeport exemption; store certain goods in transit in warehouses that are moved within 175 days; construct, install or acquire pollution control property; own and operate energy storage systems; convert landfill-generated gas; or store offshore drilling equipment while not in use may also be eligible for statutory exemptions.

Rendering Taxable Property - If a business owns tangible personal property that is used to produce income, the business must file a rendition with its local county appraisal district by a specified date. Personal property includes inventory and equipment used by a business. Owners do not have to render exempt property such as church property or an agriculture producer's equipment used for farming.

Appraisal Notices – Normally, taxpayers receive a notice of appraised value from the appropriate local county appraisal district. The city, county, school districts and other local taxing units will use the appraisal district's value to set property taxes for the coming year.

Property Taxpayer Remedies – This Comptroller publication explains in detail how to protest a property appraisal, what issues the county appraisal review board (ARB) can consider and what to expect during a protest hearing. The publication also discusses the options of taking a taxpayer's case to district court, the State Office of Administrative Hearings or binding arbitration if the taxpayer is dissatisfied with the outcome of the ARB hearing.

Homestead Exemptions – A homestead is generally defined as the home and land used as the owner's principal residence on Jan. 1 of the tax year. A homestead exemption reduces the appraised value of the home and, as a result, lowers property taxes. Applications are submitted to the appropriate local county appraisal district.

Productivity Appraisal – Property owners who use land for timberland production, agricultural purposes or wildlife management can be granted property tax relief on their land. They may apply to their local county appraisal district for an agricultural appraisal which may result in a lower appraisal of the land based on production, versus market value.

Residence Homestead Tax Deferral - Texas homeowners may postpone paying the currently delinquent property taxes due on the appreciating value of their homes by filing a tax deferral affidavit at their local county appraisal district. This tax relief allows homeowners to pay the property taxes on 105 percent of the preceding year's appraised value of their homestead, plus the taxes on any new improvements to the homestead. The remaining taxes are postponed, but not cancelled, with interest accruing at 8 percent per year.

Property Tax Deferral for Persons Age 65 or Older or Disabled or Disabled Veteran Homeowners – Texans who are age 65 or older or disabled, as defined by law, or who qualify for a disabled veteran exemption may postpone paying current and delinquent property taxes on their homes by signing a tax deferral affidavit. Once the affidavit is on file, taxes are deferred, but not cancelled, as long as the owner continues to own and live in the home. Interest continues to accrue at 5 percent per year on the unpaid taxes. You may obtain a deferral affidavit at the appraisal district.

Notice of Availability of Electronic Communication – In appraisal districts located in counties with a population of more than 200,000 or that have authorized electronic communications, and that have implemented a system that allows such communications, chief appraisers and ARBs may communicate electronically through email or other media with property owners or their designated representatives. Written agreements are required for notices and other documents to be delivered electronically instead of mailing.

Protesting Property Appraisal Values – Property owners who disagree with the appraisal district's appraisal of their property for local taxes or for any other action that adversely affects them may protest their property value to the appraisal district's ARB.

For more information about these programs, contact Wheeler Central Appraisal District at 806-826-5900 or admin@wheelercad.org. Information is also available on the Comptroller's Property Tax Assistance Division's website at comptroller.texas.gov/taxes/propert

Wheeler Ex-Student/Teacher Update

We are in the process of scrubbing our database of Ex-Students/Staff addresses. (Huge shoutout and thank you to Damon Remy because losing our beloved Dolores Simmons, this is NOT an easy feat - she worked on it year round, year after year...) SAVE THE DATE postcards will be sent very soon and information on how to register, etc, as we are updating a website as we speak ... We need HELP for the following roles AND you DO NOT have to live in Wheeler!!! If you have a smart phone or

computer access, you CAN HELP Please consider and let me know if you have any questions... I'm currently looking for our bylaws IF anyone has any suggestions where those could be....
2022/2023 OFFICERS:
 Board of Directors (past officers): Kindra Jolly, Josh Britt (Each officer will bump up after the reunion to serve as the next officer, then will move into the Board of Directors after their role as President).

 "In Memory" --- Help keep us in the know so we can update the spreadsheet as needed and honor those during the reunion (in program/binder, online website and FB posts)
 Historian --- (would be very helpful...)

 We also appreciate the schools and teachers for keeping us up to date on their events and activities.

 You will also notice that the

!Please consider gifting of your skills/gifts so we can continue to successfully carry the baton that has been passed down year after year!
 Chamber of Commerce has organized for another year.
 --- cwe ---
 It has also been brought to my attention that the Ex-Students are getting prepared for the upcoming 2023 reunion, which is usually the first full weekend in June—2-3-4.

 Nothing to report on our weekend activities.
