Great "Boost Cotton" Sale.

Beginning Friday, Nov, 10th and Ending Saturday, Dec. 2nd.

This cut shows how the production and consumption of cotton begins and ends with the planter. If the farmer will increase his own purchases of cotton goods, and induce his friends to do likewise, he will assist in boosting the price of cotton.

To increase the consumption of cotton is the great work that lies before the Southern farmer to-day. There is no real surplus of cotton. The so-called surplus is merely unsold stock that only needs to be properly placed on the market to be sold. There are more people to-day using the products of cotton than at any time since the dawn of history—it is also being used in more diversified ways. People use it awake and asleep from the cradle to the grave, but there are still many opportunities for widening consumption that are now developed. Should the people of the United States alone increase their purchases of cotton one dollar each, it would create an actual scarcity of cotton.

Premium Tickets.

With every 25c Cash Purchase we give you 10 per cent in tickets, good at our store, and can be spent before leaving the store.

This work should begin right now, for a dollars worth of cotton goods bought now will have more influence in advancing the price of cotton than two dollars worth bought next summer. Read what the great papers have said about expanding the use of cotton; read what this advertisement has to say about the low price on cotton goods; then decide whether or not we are right in urging you to buy your cotton goods to-day. If you decide we are right, come to the Great "Boost Cotton" Sale, wear one of the "Boost Cotton" badges and help to show cotton buyers of the world that the South believes in cotton and has made up its mind to boost it. So come help us boost cotton.

A Splendid Idea.

A new idea in a Cough Syrup is advanced in Kennedy's Laxative Honey and Tar. Besides containing Pine Tar, Honey and other valuable remedies, it is rendered Laxative, so that its use insures a prompt and efficient evacuation of the bowels. It relaxes the nervous system, and cures all coughs, colds, croup, whooping cough, etc. A red clover blossom and the honey bee is on every bottle of the Original Laxative Cough Syrup—Kennedy's Laxative Honey and Tar. An ideal remedy for children. Mothers praise it. It is best for all. Sold by R. Phillips.

MANY AT BANQUET.

Number of Distinguished Guests Assembled Around Festal Board.

Dallas, Nov. 7.—The banquet given at the Oriental hotel Monday night to members of the Twenty-ninth legislature was attended by 325 gentlemen. The banquet room was glittering with lights and abloom with flowers. An orchestra discoursed music.

Yancey P. Lewis, who was toastmaster, introduced Mayor Barry, who praised the legislature for making the pool room law liberal.

Judge Lewis spoke of Governor Hogg recovering, eliciting great applause. He concluded a graphophone grand was turned loose, and the well known voice of Governor Hogg at Fort Worth was heard in a speech. It was a surprise to all save a few of the party. Profound attention was given during the production. At its close the applause was immense. United States Senator Bailey arose and said:

"Gentlemen, as a departure from this programme I move that this assembly arise and drink to the complete and speedy recovery of Governor James S. Hogg."

This brought more applause, and shouts of "Hurrah for Hogg!" "Hurrah for Bailey!" Then "Dixie" came from the graphophone, and the applause went on.

The following was Governor Hogg's message: "Mr. Toastmaster and Gentlemen: In a recent nocturnal voyage on the watery waves of despair I drifted over the vortex of eternity, but was wafted back by the breath of Fate. In this sensational journey I forgot neither my God nor my State. To Him I stood ready and willing to render a final account, with no fear of my place in the great beyond. As to Texas, I felt was yet much political work to be done in which every patriotic citizen should take part. Before leaving her, I should like to see:

"Rotation in office permanently established, nepotism forbidden, equality of taxation a fact, organized lobbying at Austin suppressed, the free pass system honestly, effectively abolished; oil pipe lines placed under the commission's control, insolvent corporations put out of business; all bonds and stock of every class of transportation limited by law, corporate control of Texas made impossible, and public records disclose every official act and be open to all, to the end that every one shall know that in Texas public office is the center of public conscience, and that no graft, no crime, no public wrong, shall ever stain or corrupt our state."

Governor Hogg's speech was obtained through the courtesy of Colonel S. E. Moss and Robert R. Sanders. The reproduction was fine, and every word could be heard distinctly in the farthest corner of the hall.

Hon. William D. Williams was introduced to respond to the toast, "The Twenty-Ninth Legislature."

Judge Storey responded to the "Railroad Commission." His reference to the late Judge Reagan were the signal for a demonstration.

Senator Bailey's subject was "Trusts, and How to Suppress Them," and his remarks were listened to with profound attention. His declaration that the only effective way to suppress trusts was to put the violator of our anti-trust laws in prison was especially applauded, and also his declarations in favor of compelling every railroad to give every citizen equal service for equal pay.

Editor Ousley of the Fort Worth Record responded to "The Press" in an excellent address.

Dr. Tabor responded to "The Health of Texas," and Senator Willacy to "The Younger Statesman."

At the conclusion of Senator Willacy's remarks the toastmaster announced that the hour had arrived to "stir up the animals." In a very happy way he broached the inquiry or suggestion, "If I Were Governor," to be responded to by the four candidates present.
 Hons. C. K. Bell, M. M. Brooks, T. M. Campbell and O. B. Colquitt, in turn, spoke to the toast.
 Judge Brooks created quite a commotion in his speech by declaring that he would repeat with emphasis that if he were elected governor he would veto the Willacy bill or any other bill which sought to destroy local option.

CLOSELY GUARDED.

Trains Will Not Be Allowed to Stop at Deridder, La.

Dallas, Nov. 7.—Dr. George R. Tabor said that reports to him showed several cases of yellow fever at Deridder, La., and that he had asked Drs. White and Souchen to look after the situation at that point.

Deridder is only fifteen miles from the Texas state line, and as the point is badly infected, Dr. Tabor says it will be closely guarded, and that trains are not to be allowed to stop there at all. He further said that Dr. Shaver had been sent to Lafayette and New Iberia; that his report showed there had been no infection at Lafayette for more than three weeks, and that there are several cases now in a detention camp at New Iberia. Quarantine is still maintained against the latter point, and in fact against all infected places.

There are six cases at Deridder and three at Bon Ami.

Welding by Electricity.

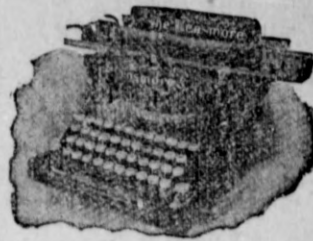

In the novel method of electric welding of a Berlin firm, the heat applied is evolved by an electric arc formed between the working piece and a carbon electrode at the place where the weld is to be made. A relatively small electric generator is used with a storage battery connected up in parallel, and the carbon, fixed in the holder, is readily shifted as desired. The great heat melts both the working piece and the metal to be welded, insuring an intimate juncture. Welding material is supplied until the joint or aperture is filled and by gradually reducing the arc the weld is cooled slowly. The process supplies especially a cheap and simple means for making small repairs in large castings.

Titled Engine Driver.

Probably the only occasion on which a titled lady acted as engine driver was when the Marchioness of Tweeddale drove the engine of the first train that crossed the new Fort Worth bridge. Notwithstanding its enormous length and the keen wind that was blowing in her face, the marchioness carried out her self-imposed task, and was congratulated on the uniform speed that she maintained.

AUTOMOBILE MISHAPS

One Lady Killed and Seven More More Persons Hurt.

SKULL IS FRACTURED

Unprecedented Number of Accidents Take Place at Los Angeles in the Short Period of One Night and Day.

Los Angeles, Nov. 6.—An unprecedented series of automobile accidents occurred at this place in twenty-four hours. During that time one person was killed, another one perhaps fatally injured and six others more or less seriously hurt. The dead is Mrs. H. T. Austin, thirty years old, whose skull was fractured. Those injured are: Miss Edith Poley, nineteen years of age, skull fractured, not expected to recover; C. C. Davis, local real estate dealer, lacerated and bruised; F. E. Kendall, sprained leg, several contusions and shock; Eugene L. Titus and wife, woman internally injured and may die, man bruised; Mrs. R. R. Robins, White City, Kan., arm and leg broken; Louis Marak, cut on head; Messrs. Davis and Kendall were injured about midnight Saturday night when the machine in which they were riding stalled on the street car tracks in front of a rapidly running car with the result that the car crashed into and demolished the auto, injuring all occupants. Titus and wife, an elderly couple, were run down by an auto while they were driving on Alpieo and Hill streets, both being thrown on the ground and injured. Their horse was killed. The others were injured by being struck by an automobile while crossing streets on foot.

In another collision, in which two machines crashed together, several people were thrown out of their cars and injured.

WASHINGTON'S WELCOME.

Prince Louis Given the Glad Hand at the Nation's Capital.

Washington, Nov. 3.—A reception by President Roosevelt at the white house, a dinner at the British embassy and reception and dance at same place were features of Friday's programme for Prince Louis Battenberg. He was greeted by the British ambassador and a small delegation of state and naval officials. Prince Louis arrived here in

ADMIRAL PRINCE LOUIS OF BATTENBERG.

a special train over the Baltimore and Ohio railroad shortly before noon. He was driven to the British embassy for luncheon and in the afternoon received formally and welcomed to the nation's capital by President Roosevelt.

Officials of this government and Ambassador Durand arranged to elegantly entertain the prince during the occasion of his three days' visit here. While pains has been taken to give no official color to Prince Louis' visit to Washington an impressive feature was the presenting by the prince of a friendly letter of greeting from King Edward to President Roosevelt.

BOTH BENEDICTS.

Chiefs of the Two Texarkana Fire Departments Wed Same Time.

Texarkana, Nov. 3.—W. T. Gray, chief of the fire department of the Texas side of town, was married to Miss Catherine Blaydes at the Central Methodist church at 8 o'clock Thursday night. Rev. J. B. Turrentine officiating. At the same time Hal Vinson, chief of the fire department on the Arkansas side, led to the altar Miss Mattie Pickard, at the home of her parents on College Hill. Rev. J. T. McNew of the Dudley Avenue Baptist church officiating.

IDENTIFIED BY RELATIVES.

Head and Other Portions of Miss Geary's Body at Cambridge.

Boston, Nov. 7.—The woman's head which was found in a hand satchel in the bottom of the harbor was taken to the Harvard Medical school at Cambridge where with the other parts of the body that were found in the two suit cases in the harbor here, it was identified as that of Susan Geary, the chorus girl of Cambridge. Mrs. Geary and her daughter, Evelyn, made the identification.

MOUNTAIN VIEW'S WOE.

Wind Sweeps Over Oklahoma Town, Causing Death and Damage.

Mountain View, Okla., Nov. 6.—From the southwest on Saturday afternoon at 3:45 o'clock came a terrible wind, bringing death and desolation. Seven persons were soon known to be killed, and about eighteen wounded. The schoolhouse, two churches and a gin were completely wrecked. A heavy rain preceded the cyclone and the streets were a sea of water. Little damage was done in the business portion.

This place is not far from Snyder, whose awful calamity by a cyclone with loss of 120 lives last spring, is remembered.

Frank Clark was horribly mutilated, dying in a few minutes.

FORTY FEUDISTS FIGHT.

Clash With Troops and One Hundred and Fifty Shots Fired.

Knoxville, Tenn., Nov. 7.—A telephone message from Middlesboro, Ky., says a clash has occurred in the mountains near there between the state troops and a band of forty feudists, in which 150 shots were fired. Two bandits were wounded. Troops were trying to make an arrest of parties defying officers.

COW WRECKS TRAIN.

Locomotive on Frisco Turns Over and Engineer Popp Killed.

Paris, Tex., Nov. 3.—As the south-bound Frisco flyer was coming down a long hill this side of Compton, the first station north of Tahhita, I. T., at 2 o'clock Wednesday afternoon, the engine struck a cow and was turned over. Engineer Mike Popp was instantly killed. Fireman Payne saved himself by jumping, but was severely crippled and scalded by escaping steam. The baggage car and a chair car, were also turned over, but no one else was hurt.

When the cow was discovered on the track the train was proceeding at a high rate of speed down grade, and it was impossible to check in time. The cow ran on a culvert and was caught in the guards.

Engineer Popp's mangled body was found under the front part of the tender. He lived in Paris and leaves a widow and three children here.

Mike Popp was one of the oldest engineers on the Frisco in length of service, and had been running into Paris ever since the railroad was built here. He was in two previous small wrecks, but escaped without serious injury, and was considered one of the safest engineers on the road.

DR. EVERETT DIES.

Boarded With Mrs. Surratt When Lincoln Was Assassinated.

Denton, Tex., Nov. 4.—Dr. Charles Everett, 79 years old, a Scotchman, died here. When President Lincoln was shot Dr. Everett boarded with Mrs. Surratt, who was hanged for alleged complicity in the tragedy. Dr. Everett claimed always that Booth lived, and professed to know his whereabouts and actions at the present time, but refused to divulge his secret. After the arrest of Mrs. Surratt he went to Australia, thence to Patagonia, and later settled in Galveston, from which place he came to Denton.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflames the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

BROWNWOOD CARNIVAL.

Nov. 13 to 18, Inclusive.

From the preparations being made Brownwood evidently expects its 1905 Carnival to surpass anything ever held in the state. The Carnival is to be given under the auspices of the Brownwood Business League with the following Carnival committee: Geo. H. Ingham, Will H. Mayes, Chas. Giddens, W. C. Armstrong Marshall Smith, B. E. Hurlbut with B. E. Hurlbut, general manager. They have secured the best attractions to be had in the country, such as are sought after by the largest cities. The Carnival engaged for Brownwood is this week at Jefferson City, Mo. from which place it will go to Dallas as the amusement attraction of the state fair, coming from there direct to Brownwood. Brownwood is to be congratulated on bringing to this part of the state such an array of attractions as they propose to have this year and as their greeting will be, "Oh, let us have a jolly time," lets join 'em in their frolic.

We have sold over \$12000 worth of the Hamilton-Brown Shoes the last year, and probably will reach \$20000 this year. It shows you the shoes the people want. Why? Because they wear better than any other shoe you can get. Powell. 44-tf

Dumped Prince Regent.

The Prince Regent of Bavaria has been duped by an enterprising Munich painter (the brother of a well known actress), who induced him to sit for his portrait by telling him that the Prussian navy department had asked him to paint it for the cruiser Munchen. When it was finished it proved to be so poor that thirty-one local artists petitioned the prince regent not to allow it to be forwarded. Investigation of the matter proved that the artist had never received a commission from Prussia.

Chamberlains Coming Over.

It is expected that some time in the fall Mr. and Mrs. Joseph Chamberlain will visit the latter's old home in Massachusetts. Before her marriage to the noted English statesman Mrs. Chamberlain was Mary Endicott, daughter of William C. Endicott, who served in one of Cleveland's cabinets as secretary of war. The trip to this country is intended as a sort of vacation, with complete rest from all arduous duties, and the Chamberlains are not expected to go into society more than is absolutely necessary.

Baird is going after that long delayed ten thousand dollar school house.

Henry Brown, of Hondo, Texas, now serving two sentences in the pen for murder, one for life and one for ninety-nine years. Recently he was sentenced to be hanged for murdering a fellow convict, and his lawyers contend that he cannot be hanged while the other two sentences are operative. This is a rather peculiar case and is puzzling the court and the lawyers. The only solution THE STAR sees of the question is to let Brown serve out the life sentence then the ninety-nine years sentence then hang him. Brown seems to be a bad egg and the law should be enforced to the letter in his case.

J. M. Lewis, the Poet Laureate of the Texas Press, the fine drinkin' man, in theory, and the teetotaler in practice, who edits the Alkali Eye, and sometimes Tampers with Trifles in the Houston Post and Fort Worth Record, is receiving congratulations from the Bress gang, with whom he is so popular, on the arrival of a girl on Oct. 10th. The following from the Karnes Citation might lead one to infer that the "little" girl did not exist in the flesh, but is only a beautiful fancy of the Poet's fertile brain. Just imagine what "Mis" J. M. will say to that Citation editor when she meets him in Corpus Christi next June at the Press meeting:

"J. M. Lewis, the mocking bird of Texas, who tampers with trifles in The Houston Post, is the happy father of a girl, born Oct. 10. We congratulate the happy family, and wish Miss "Jessamine Margaret" a happy life.

Oh, J. M. Lewis, he has got
A little bitty gal,
We tho't perhaps he'd name that bit
Of fuzzy-wuzzy, Sal.
"Nay, nay, Pauline," Mis' J. M. says,
"Another name she'll get."
Her eyes are blue, so says J. M.,
And her name is Margaret."

It seems that Palo Pinto County is to have a local option election (in December probably), and in view of the strife and bitter feelings these contests always engender, the Enterprise would respectfully remind its readers that the best way to avoid hard feeling and enmity is to accord to your fellow the right to do as he thinks best, and to vote his sentiments, whether for or against. If the majority see fit to eliminate the saloon, so let it be, and let every man see that the law is enforced. If the majority is for the saloon, so let it be, and also see that the law is enforced. This is a question that will estrange father and son, brother and brother, neighbor and neighbor; but it is no more than the world has stood for ages and ages, and will ever be so. Let us go into the contest, if it must come, like men—"Men, be men!" as the great states-

man said. As far as the Enterprise is concerned—and that is not far—we propose to treat both sides fairly, as it's best friends are on both sides. As to the policy of the paper, we believe its readers know where it stands. The antis have no fight to make on temperance. Any sane, fair-minded man knows that the local option movement has developed into a political question, and barring the efforts of a few good citizens and preachers, the political grafter is handling the wires for all it is worth.—Strawn Enterprise.

Usher County went pro last Saturday by 37 majority. The pro majority at last election was 348.

ELECTION TUESDAY.

The election Tuesday was badly mixed, but on the whole the democrats seem to have decidedly the best of the fight. McClellan, democrat, wins in New York. Hearst, democrat, close second. Jerome, independent, district attorney. The surprise of the day was the land-slide in Ohio for Patison, democrat for governor. The democrats lost in Chicago and Baltimore, won in Cincinnati and Cleveland, Republicans lost in Philadelphia and Salt Lake, Union leader won in San Francisco.

The promoters of the Willacy bill and defenders of the liquor interests in Texas held a caucus in Dallas a few days ago which is taken to mean one of two things. They are scheming still for the Willacy bill or working a plan to concentrate the anti forces on one candidate for governor in the hope of finding the pros divided among them and thus get in their man. They'll bear watching.—Taylor County News.

If the antis have had a caucus or agreed to support a certain man for governor or scheming still for the Willacy bill we have not heard of it, but if they have done so, they have done nothing more than the pros have done. It is no secret that the pros are working through their organization, Texas Local Option Association to elect a certain man for governor; to defeat a certain man for re-election as Judge of the Criminal Court of Appeals because he has not bowed to the dictation of the pros; and to elect as many members of the legislature as possible. If the antis are plotting and scheming the pros cannot conceal their own actions by calling on the public to watch them; better watch the pros too while you are on the watch tower.

EULA LOCALS.

Well Uncle Billie we are coming again, it has been some time since we wrote last and still news is scarce.

We are having some wet weather which will put a stop to cotton picking, fully two-thirds of the cotton has been picked. Some are holding cotton for higher prices, but seems to me as long as we can get ten cents we are doing well.

We hear the sick folks are doing some better in and around Eula. Dr. Phelps has been very busy.

We were called to the Eula Cemetery Oct. 30, to pay the last respects to Mable Miller, youngest child of Mr. and Mrs. W. P. Miller.

Jessie Ford was in Eula Sunday. Jessie came down on business and did not stay but one day.

J. P. Watkins is on the sick list this week.

E. W. T. Compton has sold his shop and is going to move away. Haven't learned where he is going.

W. T. Pool is attending Court this week.

Seems like some of the Eula folks have marrying on the brain. Two couples married Sunday and one Sunday was a week ago.

Bro. Robt. Williams and family will move to Abilene in about two weeks. We regret to see them leave us, but Eula's loss is Abilene's gain. Chas. Compton is thinking of taking a trip West soon.

L. D. Boyd of Clyde, Tom Tipton Tee Bauleh and Bob Stephenson joined some Baird friends and went to Dallas Saturday night and took in the Fair. They all report a pleasant time.

S. W. Steen went to Abilene today.

SAM NEWCOMB TRIAL.

One of the Most Exciting Trials in the History of Criminal Jurisprudence in West Texas

One of the hardest fought criminal trial that ever took place in a Shackelford county court was terminated here last Friday night. The trial lasted five days, and resulted in a mistrial; the jury stood ten to two for acquittal, and were discharged by the Court late Saturday evening. The defendant, Sam Newcomb, was granted bail in the sum of \$2,500, which he gave without trouble. The case was transferred to Callahan county and date of trial set for November 13th, 1905.

The taking of testimony was concluded Friday at noon, and at one o'clock sharp the speech-making began. Judge A. A. Clark made the opening speech in behalf of the State, followed by Thos. L. Blanton in behalf of the defendant, then Col. Sam Webb and W. L. Morris for the State. At the close of Morris' speech the Court adjourned until 7 p. m., at which time Judge Steel came before the jury to make the closing speech for the defendant. Judge Steel made a strong plea for his client, his speech lasting about an hour and thirty minutes. District Attorney Cunningham made the closing speech for the State, then the Court gave his charge to the jury.

The seating capacity of the district court room was taxed to the limit. Quiet and order prevailed throughout the entire trial, and thus ended one of the most interesting cases ever adjudicated at the bar of justice in Shackelford county.—Albany News.

We note that the above case has been transferred to Callahan County, and will be called for trial November 13th. The defendant is 29 years old, and was born and raised in Shackelford County.

THE SAN ANTONIO FAIR.

The dates as finally agreed upon for San Antonio International Fair this year are Nov. 18 to 29 inclusive.

The changes in dates by the Management was made because of the change of date of the Dallas Fair.

The postponement of the opening day from Oct. 21st, as originally announced, to the new date, Nov. 18th will cause the Fair Association great loss of time and money, but the change was made entirely in the interest of exhibitors and visitors, especially those coming long distances.

As a rule, the month of November in San Antonio is the most pleasant of the entire year it being neither too warm nor too cool.

The postponement will not drive away a single exhibitor in any department, but on the contrary, it will make necessary the construction of additional stables and buildings to accommodate those desiring to show their products from ranch, field, orchard, garden or factory.

The railroads entering San Antonio and all connecting lines, have already announced rates to this Fair for below any yet made by them, and they will make every effort and preparation to bring more people that ever before.

Crops have been abundant in almost every neighborhood in Texas this year, and as people always like to come to San Antonio when there is "something special to see"—to say nothing of our all-the-year-round attractions—The attendance at this years Fair will be a record breaker.

PUBLIC SPEAKING.

Hon. J. F. Cunningham, of Abilene, candidate for Congress, spoke to a good sized audience at the Court House Tuesday night. He advocates some practical and needed changes in the Federal laws. Repeal of the bankruptcy law, change in the rules of the Federal Courts so that the jury shall assess the punishment. Favors prohibiting C. O. D. inter-state shipment of intoxicating liquor into prohibition districts. He correctly contends that shippers in other states have the advantage of State shippers, inasmuch as the former are not controlled by State laws. He promised, if elected that at the end of his term he would come back and give an account of his stewardship.

HIT WITH HAMMERS.

Jews Were Murdered With Most Revolting Barbarity.

EYES WERE GOUGED

Nails Also Driven Into Bodies of the Unfortunate Victims, Ears Cut Off and in Many Cases Lisemboweling Done.

Odessa, Nov. 6.—A tour of the city and part of the suburbs Monday found all quiet.

Whole rows of shops that were pillaged have been boarded up. The poorer Jews suffered worst, and the principal streets, with few exceptions, were untouched. Russian shops are marked with crosses painted on the shutters and the private houses with iron so as to protect them from the mobs. Peasants armed with knives tried to enter the city Saturday, but were driven back.

The casualties in Saturday's disturbances exceeded 140, and those of the preceding three days, which have been verified, number nearly 5600. The plundering continued early Monday morning in the outlying districts, but later the city was relatively calm, though the population is still anxious.

The latest accounts of the devastation in the Jewish quarter add horror to the situation. Besides numerous mills, all the bakeries, shops and nearly 800 homes have been destroyed. The Jews killed in every circumstance were treated with revolting barbarity. Heads were battered with hammers, nails driven into bodies, eyes gouged out and ears severed. Many bodies were dismembered, and in some cases petroleum poured over the sick found hiding in cellars, and they were burned to death.

It is alleged that the police and soldiers marched at the head of the mobs. While the mobs were engaged in the slaughter the soldiers busied themselves pillaging the cash and jewels, leaving the household goods to the mobs.

The police prevented anyone from arresting the looters, and prevented also the Red Cross workers from aiding the wounded, actually firing on those engaged in this work.

A band of students received much of the stolen property to the university, while they also took twelve dead bodies of Jewish demonstrators, whose relatives demanded their release. They threatened otherwise to burn the university and kill the professors.

REVOLTING TALE.

Terrible Treatment Accorded the Jews, Lasting Three Days.

St. Petersburg, Nov. 7.—From Bachmut, Bessarabia, comes an entirely new revolting tale. A three days' attack on the Jews began Thursday with every indication of police organization. Jewish students were beaten, the Jewish stores and markets were sacked during the day and during the night the plunder of residences commenced. Troops arrived on the scene, but the following day the work of pillage was resumed before the eyes of the soldiers and police. The prayers of the hunted Jews for mercy were unavailing. Toward noon the torch was applied to stores and houses. The police would not permit the Jews to fight the fire and the troops were withdrawn. Then the pillage began afresh. It was temporarily stopped Saturday morning through the efforts of the Russian peasants, but the police spread false reports which aroused the mob, and there was a renewal of the work and plunder and massacre. The losses are said to be in the millions of dollars.

A telephone message from Moscow says the Jews are terror stricken with fear of a massacre there. Many of them have abandoned their lodgings and are sleeping in the houses of friends.

FIENDISH CRUELITIES.

Bodies Buried in Great Pits to Conceal Their Numbers.

London, Nov. 6.—The Odessa correspondent of the Standard, under date of Nov. 5, sends further sensational accounts of the riots there. He says: "There have been more horrid massacres and fiendish cruelties, but the districts where these took place are now cordoned by troops. Probably the total killed will number 3500 and the wounded 12,000. In the suburb of Moldovanka alone 1000 victims remained in the streets from midnight until noon, when the authorities hastened to collect and bury the bodies in great pits in order to conceal their numbers. Two private doctors attended more than 200 children of both sexes who had been horribly gashed about the head and shoulders with sabers. Heaping insult on injury, the civil government Sunday, when the butchery had ended, asked the householders to subscribe \$100,000 to pay the police increased wages."

SIX THOUSAND.

This Number Killed or Wounded During the Riots at Odessa.

Odessa, Nov. 6.—It is now estimated that the killed and wounded during the recent riots here number 6000. The city hospital alone contains 2000 wounded.

WISS SHEARS

Cut Clean to the Point

Thick goods or thin—wool, silk or cotton—if your shear is a Wiss it will make a clean cut the full length of the blade without "chewing" or "pinching."

Wiss is the standard with tailors, seamstresses and others who use a pair of shears as a working tool.

Wiss shears and scissors cost no more than the average, but they will stay sharp and stand more hard and continuous work than any other—in the factory, cutting room or the household.

Call—We have a full line of Wiss Shears and Scissors, etc. If you do not find them satisfactory in every way and the very best you ever purchased, you can return same to our store and we will cheerfully refund the full amount you paid.

BALLARD'S HOREHOUND SYRUP

PERMANENTLY CURES CONSUMPTION, COUGHS, COLDS, BRONCHITIS, ASTHMA, SORE THROAT, HOARSENESS WHOOPING COUGH AND GROUP

DO NOT DELAY

Until the drain on your system produces permanent disability. The human breathing machinery is a wonderful system of tubes and cells. To have good health it must be kept in good order. A COLD is considered of no importance, yet if it is known by its proper name of "throat inflammation," or "congestion of the lungs," its dangerous character would be appreciated. When a cold makes its appearance use at once Ballard's Horehound Syrup which will speedily overcome it.

WHOOPIING COUGH and GROUP Require Prompt Action. SNOW LINIMENT applied to the throat and chest gives wonderful relief, while Ballard's Horehound Syrup will rapidly stop the violent paroxysms of coughing. IT IS THE ONLY COUGH REMEDY THAT WILL POSITIVELY CURE WHOOPING COUGH AND GROUP.

BEST FOR CHILDREN

Mrs. Mand Adams, Goldthwaite, Tex., writes:—"I have used Ballard's Horehound Syrup and find it the BEST medicine for croup, coughs and colds. My children use it and it is pleasant to take and quickly cures."

DEEDS OF STEPMOTHER

Kills Two Children and Seriously Shoots Couple More.

SOUGHT TO SUICIDE

James M. Brennan and Second Wife
Had Several Quarrels About the Little Ones Previous to This Awful Affair.

Minneapolis, Nov. 4.—Mrs. James M. Brennan had a quarrel with her husband Saturday morning about 1:30 o'clock, and after he had gone to work she shot and killed two of his four children by Brennan's former marriage, and so seriously wounded the other two that their recovery is doubtful. She then fired a bullet from the revolver into her left breast with probably fatal results.

Mrs. Brennan and her husband frequently had troubles about the children. Lizzie, aged fifteen years, was shot through a temple; Alice, aged eight years, was shot in the back; Thomas, aged thirteen, and Arthur, aged eleven, were shot in the head. The boys and their step-mother were taken to the city hospital. The boys struggled desperately to avoid the fate of their sisters, the girls being killed.

SPRINGS SENSATION.

Plate Prepared For Printing Ballots of No Value.

New York, Nov. 7.—District Attorney Jerome, at the final rally of his supporters in Voooper Union, Monday night, created a sensation when, on reaching the platform, he exhibited a plate from which he said he had just discovered circulars were about to be printed purporting to be issued by the Jerome nominators, and containing instructions for voting for himself, which if followed, would have invalidated practically all the ballots cast for him. The city, he said, was to have been flooded with these circulars, but that the plot was revealed to him by a man employed in the printing office in time to stop their issue.

The circulars bore a facsimile of the Republican and Jerome ballots, and directing voters to place their cross at the top of each ballot, instead of at the top of the Republican ballot, and in the space beside Jerome's name on the other had been directed in instructions previously sent out.

FUNDS DISTRIBUTED.

Bundles of Money Passed Out to Captains of Tammany Hall.

New York, Nov. 7.—The spectacle of an ante-election distribution of funds by Tammany Hall attracted a crowd of spectators Monday, which blocked Fourteenth street in front of the hall. No one outside the councils of the great political organization knows what it costs Tammany to get out the vote, but it was reported that that organization distributed more than in some previous elections.

The actual distribution was conducted by Philip J. Donohue, the treasurer of the Tammany society. He sat at a big desk in the council chamber of Tammany Hall with the sergeant-at-arms on guard at the door. One after another the captains of the assembly districts drove up in carriages to the front of the hall and were admitted to the chamber where bundles of money in one and five dollar bills were passed to them. They carried it away in satchels and are said to have gotten from \$1,000 to \$10,000, according to the needs of the district.

The streets were lined with waiting carriages for a block, while the captains were within the hall. Hundreds of persons watched them enviously when they came out with bulging satchels and drove away to distribute the "sinews of war" among the workers.

SCALDED TO DEATH.

Fireman Hans Expires After Four Hours of Terrible Agony.

Galveston, Nov. 6.—After four hours of terrible agony Fireman Henry C. Hans of the Southern Pacific railroad died as the result of scalds received from an overturned engine. Engineer Wm. T. Sick of Houston also sustained some burns. Two negro passengers were slightly injured.

The accident occurred as the train was rounding a curve on Twenty-seventh street, within the city limits. The engine, tender and combination coach, which immediately followed, were overturned. The negro passengers in the coach escaped through windows, the vestibule doors having been tightly jammed together by the crush. The white passengers in the following coaches were not injured and made their exit through the doors.

The engine on this train is the same one which jumped the track at Harrisburg several months ago, resulting in the death of the engineer and fireman.

EXPLOSION TERRIFIC.

Engineer and Brakeman Killed and Fireman Fatally Injured.

Houston, Nov. 3.—A new ten-wheel engine, a Houston and Texas Central freight, exploded while running at full speed, northbound, three miles this side of Ennis, at 5:30 o'clock Tuesday morning. Engineer Davenport and

Brakeman Cienn or Ennis were killed; Fireman Taylor had a leg broken, was scalded and injuries fatal. Wrecking and hospital trains were sent from Ennis. The entire train was ditched, several cars of pecans, oil and rice were totally destroyed. Parts of the engine were blown two miles.

Galveston's Mayor Dead.

Galveston, Nov. 7.—Judge William T. Austin, mayor of Galveston since the inauguration of the commission form of government in 1901, died Monday afternoon after an illness of three months. He is survived by his widow and six children.

BIG MINSTREL SHOW COMING.

The Gus Sun American Minsterls which will appear at Cook's Opera House, Nov. 15, 1905 is composed of thirty-five people this season, and is said to be not only the best minstrel organization that has ever appeared here, but is now among the best on the road. The scenic offering in the first part this season is entitled, "In the Temple of Orpheus," which represents at night illuminated with its myriads of electric lights, moon and star effects. The picture is so nearly drawn to life that the audience almost forgets that they are in a theatre and imagine themselves on the principal street of some foreign city. The singing, both ballad and chorus work, is better this season than ever before, and each comedian has a large number of laugh producers. This superb first part is followed by the strongest olio, or second part, ever carried by this company. We mention Ed C. Hays, monologue artist; Billy Gordon, comedian; Jimmie Rodgers and Chip Rodgers, singers and dancers; the Opheum Comedy Four, operatic singers. The parade this year is away from the beaten path, and is one that will appeal to every onlooker. Seats on sale at the usual place.

New Facts About Ants.

New facts concerning those intelligent insects, the ants, are still coming to light. That they keep aphides, as we do cows, in order to milk them and that they have slaves was discovered long ago, but now we hear of a South American variety making flower gardens in the tops of trees. The gardens or baskets contain certain plants, which are duly tended by the ants, and the insects plant the minute seeds whence the plants spring.

COMMERCIAL CLUB.

At a meeting of the Club last night a committee was appointed to raise the balance of the money necessary to build the road around the hill on the Clyde and Eula road.

NEW COMMITTEE.

Dr. R. G. Powell, John McCarley, Fred Lane, L. M. Hadley, C. S. Boyles.

The Committee was instructed to collect money as subscribed and confer with the Commissioners Court next Monday. On motion T. E. Powell was added to committee to confer with the Court.

Resolution passed that it is the sense of this Club that the city take charge of the Public Schools—first step necessary to build a new school house. Mayor B. L. Russell was appointed to draw up the petition for the election and R. Phillips and H. O. Powell were appointed to secure the necessary signatures to hold the election.

The school proposition is now up to the citizens of Baird and prompt action is demanded if the necessary election is to be held before January 1st.

Pirating Foley's Honey and Tar.
Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. Powell & Powell.

No Case of Pneumonia on Record.
We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause constipation, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. Powell & Powell.

G. B. Burhan's testifies after four year
G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."
