Jr. Rodeo Sets Entry and Attendance Record

Seventh Annual Junior Rodeo, sponsored by Fisher County Sheriff Posse made several records last weekend. All time high in attendance was made opening night. Near 170 entries also broke all records and caused schedule to run until after midnight Friday; all night Saturday; and near dawn Sunday morning for the close.

The stock supplied by Cline Bros. of Henrietta proved tough for the young cowboys and gave the crowd good shows.

Riding clubs awarded trophies in the 4 p. m. downtown parade were Scurry County Sheriff's Posse, first; Stonewall County Sheriff's Posse second, and Hamlin Riding Club third.

Winners in the float division were Calendar Club, first; Brownies, second, and Ted Loving's Model-T Ford third.

Ernie Taylor of Hugo, Okla., was named "best all-around cowboy" and Angie Watts of Waco was picked as "best all-around cowgirl."

Both were awarded saddles for their top selections.

Bareback bronc riding and tie-down roping events were completed Saturday night.

Ray Brown Is Director Dealers Association

Ray Brown of Rotan Motor Co., prominent Rotan automobile dealer, has been appointed an Area Director of the Texas Automobile Dealers Association.

Announcement of the appointment was made by John H. Nash Jr. of Capitol Chevrolet in Austin. Nash is president of TADA.

"Ours is a statewide organization with a membership of more than 1,400 franchised new car and truck dealers", Nash explained. "Our principal purpose is to maintain a high standard of commercial integrity among those engaged in the new car and truck business. Our Area Directors work closely with the officers and Board of Directors to provide maximum service and protection for the motoring public," he added.

TADA headquarters offices are located in Austin. Brown will serve in his capacity as Area Director until the association's next annual convention to be in Dallas in 1964.

Brown has lived in Rotan for 17 years. He is a past president of the Chamber of Commerce, the Lions Club, the Rotan Little League and the Booster Club.

Craig Goodrum son of Mr. and Mr. Ellis Goodrum of Abilene, formerly of Rotan qualified recently for the National Forensic League tournament held in Houston. Out of 90 students in his group, Craig was one of the top 11 and in finales won 7th place. He will be a senior in Abilene High the coming season.

Both of the cotton insect meetings held last Friday were well attended. The first meeting held that morning on J. R. Strayhorn's farm at Rotan was attended by 27 farmers and agricultural workers. The afternoon meeting, held on L. B. Cauble's farm South of Roby, had an attendance of 30.

Fleahoppers and bollworms were found to be causing most of the damage. A large number of beneficial insects were also found.

Don Rummel, Entomologist with the Texas Agricultural Extension Service, who helped with conducting the meetings stressed the importance of using and following the information in Leaflet 218, "Texas Guide for Controlling Cotton Insects." Another bulletin used at the meeting was B-933, "Cotton Insects", which lists all major cotton insects, description, life history, and nature of injury. The bulletin also lists major beneficial insects.

All cotton producers are urged to pick up these bulletins at the local extension office.

Approximately 100 livestockmen, county agricultural agents, county screwworm eradication committee chairmen, vocational agriculture teachers, livestock inspectors and others gathered at Abilene on Friday, June 28, to discuss the screwworm situation in North West and North Central Texas. Representatives from 95 counties had been invited.

Screwworm eradication officials briefed the group on the status of the program and outlined some of the things that can be expected during the next months. Officials strongly recommended that producers spray their livestock with Corral or Korlan.

Dr. R. G. Garrett, executive director of the Texas Animal Health Commission explained how screwworm larvae hatching from eggs laid on sprayed livestock are killed by the residual effects of the spray, even two to three weeks after application. Garrett said program policy continues to be to spray at program expense, all animals in herds where a confirmed screwworm is detected, as well as those herds and flocks immediately adjacent infested livestock. He stated that spray rigs and personnel from areas of South Texas where few or no screwworms were being detected would be brought into the northern areas of the state to assist in program spraying.

The value of livestock spraying was boosted by a testimonial from Ray Forman, Wise County Screwworm Eradication Program Chairman, who said Wise county producers were already feeling the effects of a county-wide spray program initiated there several weeks ago. Forman noted that 21 cases had been detected in the county within a 6-weeks period, but no cases have been reported since the spray procedure was started.

Participants in the meeting asked numerous questions concerning the operation of the program, fly release procedure, overwintering, etc.

Program officials present included: Garrett, Dr. S. C. Gartmen, USDA veterinarian-in-charge of the program; Dr. William C. Burnett, assistant veterinarian-in-charge of field operations; Marvin J. Bridges, SWAHRF executive director, and T. J. Richards of Paducah, SWAHRF secretary and trustee.

Livestock producers attending the meeting from Fisher County were Roger Smith, County Screwworm Eradication Program chairman; James Cave, Treasurer of local program; and J. J. S. Smith. The last case confirmed as screwworms from Fisher County was June 19. Last week three cases were reported but were confirmed as non-screwworms.

Elvis Spradling of Kent county and Cecelia Ann Drabek of Foard county have been named the top "four-square boy and girl" in Texas for 1963. As such they will represent Texas at their respective sessions of the American Youth Foundation Leadership Training Camp, Stony Lake, Michigan. The 1963 season is the 50th for the camp-conference type program.

Mr. and Mrs. Leo Long of Fort Worth visited her parents Mr. and Mrs. Ira Branch several days last week.

MOLDING MINDS

Through good books the sages of the ages may speak to the children of this age. Good books are antidotes for juvenile delinquency and for adult delinquency. Good books increase our joys, soften our sorrows, ennoble our friendships, enlarge our ideals, refine our ambitions, guide our energies, feed our souls. They are companions in loneliness, friends in trouble, tools for work and guides in wayfaring. The church and the church library offer you books that will keep your boys from being crooks. Books help mold minds.

Accent on Health
 J.E. PEAVY, M.D.
 Commissioner of Health

It is a sad thing to disillusion those who cherish the myth of their "immunity" to poison ivy or oak

or sumac, but the season of prevalence of these toxic plants is fast approaching and forearmed.

Botanical scientists say it is doubtful that anyone is absolutely immune to their poisonous substance. More and more authorities agree that susceptibility is a mere matter of degree, varying with the condition of the individual, the condition of the plant, and the circumstances of exposure.

Texas has its fair share of the 100-plus plants and plant products known to be capable of causing sometimes severe skin irritations. Among them are the arsnip, lady-

slipper, cultivated primrose (especially when in flower), lily bulbs and stalks, stinging nettle, and vanilla beans.

But by far most common cause of plant dermatitis in Texas and elsewhere in the United States is poison ivy, known to botanists by the tongue-twisting name of Rhus toxicodendron. A cousin -- poison sumac, by name -- is common to the swampy regions of eastern Texas, and can sometimes produce severe reactions.

For all practical purposes, poison oak are the same thing. Poison oak is simply any poison ivy that grows as a bush rather than a vine.

Poison ivy is an unusually inconsistent species of plant. Besides growing as a bush and a vine, the size of its berries and the outline of its leaves often vary widely. Its leaves are characteristically egg-shaped and pointed, but the edges may be smooth and unbroken or saw-

toothed. Moreover, these variations might occur on a single plant, or the leaves on an entire plant may be similar.

But in one matter, poison ivy is almost invariably consistent -- its leaves practically always grow in clusters of three.

Thus ivy poisoning is best prevented by learning to recognize the plant and avoiding it. And, of course, it is always prudent to wear protective clothing such as leggings and gloves when going into areas where poison plants are known to flourish. Once exposed, immediate washing with laundry soap and water helps to remove the resin.

As a final word of caution: Never burn poison ivy vines! The smoke can be just as venomous as the leaves.

Underhill-Stewart Wedding At Sweeney

Sweeney -- The First Methodist Church in Swenny was the setting for the ceremony at 4 p. m. June 30 that united in marriage Miss Charlotte Louise Stewart and William Vance Underhill.

The bride is the daughter of Mr. and Mrs. Charles Joseph Smith and the groom is the son of Mr. and Mrs. William Vern Underhill, both families of Sweeney.

The Rev. Glenn Eckols of Galveston, former Swenny pastor, led the couple in their double ring vows.

Tall white wrought from standards held vases of white gladioli and daisies which were accented with turquoise satin bows. A similar floral arrangement was placed on the altar table with an open Bible flanked by lighted altar candles.

Psalms and white caladiums formed the background setting which was illuminated with triple cathedral candelabra on either side of the altar. Pew markers were hurricane lamps with garlands of white rope extending down the length of the aisle where the bride entered on the white aisle runner.

Charles Pessarar of Freeport was the organist and accompanied Miss Elua Schientinger of Bay City who sang Frank's "Panis Angelicus."

Given in marriage by her father, the bride wore a white silk satin gown with silk organza.

Phillips Clubhouse in Old Ocean was the setting for the reception immediately following the wedding ceremony.

The couple will make their home in El Paso, where the groom is stationed at Ft. Bliss, following a wedding trip to Ruidosa, N. M.

Both were graduated from the Sweeney High School. She was graduated from Wharton County Junior College, and received her degree in music at the Texas University in the spring.

Her groom was graduated from Rice University and received his master's degree from Texas University before entering the service.

Mr. Underhill lived in Rotan with his parents several years and he attended Rotan Schools before moving to Old Ocean. He has a host of relatives here and is grandson of the late Mrs. Edna Colwell.

Methodist Circles Met In Fellowship Hall

Monday Circle and the Joy Circle of WSCS met at 9:30 Tuesday morning in Fellowship Hall with Mrs. R. T. Williams in charge.

Mrs. Webb introduced Mrs. Lyo Mitchell who showed slides of different places in Africa and of their work there, when she and Mr.

Mitchell spent four years as missionaries in Africa. Mrs. Mitchell was a very interesting speaker and the program was entertaining and educational. Members of the Monday Circle were hostesses and served pineapple filled donuts, cookies, canteloupe, grapes, coffee and un-

History Of Medicine

BENJAMIN RUSH—Patriot, signer of the Declaration of Independence, leader in the nation's first medical school, Dr. Benjamin Rush (1745-1813) came to be called the first great physician in the United States. In this original oil painting from Parke, Davis & Company's History of Medicine series, an exhausted Rush is shown with a patient during the 1793 yellow fever epidemic in Philadelphia, capital of the new United States of America. Residents who could, fled; those who could not were decimated by disease. Though hundreds died daily, Rush stayed, cared for patients, personally survived two attacks of fever. Educated at the College of New Jersey (now Princeton), he also studied in Europe, returning in 1769 to enter practice and to join the faculty at the College of Philadelphia, now the University of Pennsylvania. During 43 years (1769-1812), more than 3,000 students were registered in his classes. As a teacher he exerted more influence on the medical profession during the quarter century following the Revolution than any other person.

New FM Road Work Approved for County

The Texas Highway Commission today approved the expenditure of \$121,000 for construction of new Farm to Market Road mileage in Fisher County as part of the 1963 F.M. Road Program, announced District Engineer J. C. Roberts of Abilene.

The District Engineer said 76 miles in this county will be involved. The work will be under the supervision of F. N. Shave, Resident Engineer, Hamlin.

The work authorized for this county is part of the new \$24 million F.M. Road Construction Program under which statute specifies that \$23 million annually shall be spent for new F.M. construction. The 1963 program is financed for some \$24.1 million, more than a million dollars in excess of the basic statutory requirement.

New farm roads will be built in a total of 172 counties throughout the state, the total mileage being approximately 1,060. Of the new roads added to the highway system by this program, 69% are school bus routes and 65% are mail routes.

Texas now has a designated Farm to Market Road System of well over 36,000 miles including the new program, most of these miles having been built since 1949 under an expanded farm road building program.

In 1962 the Texas Highway Commission revised its goal for farm road mileage upwards from 35,000 to a total of 50,000 miles. The ultimate 50,000-mile farm roads network will be developed over a period of years and geographically distributed throughout the state.

The following project will take place in this county:

Approximate location of Project, from F.M. 611 in Rotan South to U.S. 180; Approx length, 7.8; Proposed character of work, grading, structures and surfacing; Estimated cost, \$121,000.

Mr. and Mrs. L. E. Cleveland and children of Greenville are visiting his parents Mr. and Mrs. E. W. Cleveland and his sister, Mr. and Mrs. Elvis Elrod this week.

Dr. and Mrs. P. D. Terrell and Julie of McAllen came Monday to visit his mother Mrs. W. L. Terrell.

Mr. and Mrs. Tommy Lancaster of Sweetwater visited her parents Dr. and Mrs. C. U. Callan Sunday.

Mr. and Mrs. Melvin McGrew and Mark of Dallas visited several days here last week with his parents, Mr. and Mrs. M. P. McGrew.

Mr. and Mrs. Vance Underhill of Old Ocean visited relatives here last weekend. Vance is presently stationed at Ft. Bliss.

Mr. and Mrs. Willis Noles visited their son and family, Mr. and Mrs. Jerry Noles in Matador Wednesday and brought their two grandchildren home with them for a visit.

Mr. and Mrs. Jack Underhill and Bobby of Phillips are visiting Mr. and Mrs. Joe Roberts and other relatives.

Mrs. J. T. Smith returned home last week from a 2 weeks visit in Houston with her children, Mr. and Mrs. Wayne Smith and children brought her home and visited here over the fourth. On her trip Mrs. Smith visited her birthplace at Ferris, Ellis County and although she was seven years old when her family moved to West Texas, she remembered the home place and many landmarks still standing in Ferris, after her absence of 76 years. She also visited relatives in Burleson.

Manuel Yanez who has been here on leave visiting his family left Wednesday for duty aboard USS Randolph, New York. He keeps informed on Rotan through the Advance.

Mrs. Oma Phillips of Abilene came Sunday to spend several days with her mother Mrs. George Young.

Mrs. Ruby Cave went to Dallas Monday to visit Mr. and Mrs. Abner Aaron and children.

Robertson Relatives Meet For Reunion

The Fisher Co. Agriculture Building in Roby was the scene Saturday and Sunday for the reunion of children and grandchildren of Mrs. Homer Robertson and the late Mr. Robertson.

This is the first reunion for the group. It was decided to make the occasion an annual affair and to meet here.

Visiting, games and a ball game were among the diversion for the two day reunion.

Those present were Mr. and Mrs. H. L. Robertson, Mr. and Mrs. Don Robertson and sons of Pecos; Mrs. Billy Jenkins and children of Denton; Mr. and Mrs. Wayland Acker and children of Pampa; Mrs. Vergie Adams and children, Pampa; Mr. and Mrs. Frank D. Adams and

children of Hurst; Mrs. Robert Shelton and children of Pampa; Mr. and Mrs. Glen Adams and son of Wichita Falls; H. E. Robertson, Roby; Mr. and Mrs. Ross Woolsey, Mr. and Mrs. Casey Rinker, Mr. and Mrs. Kenneth Rasco and Karen, Mr. and Mrs. James Beene and children all of Roby; Mr. and Mrs. W. W. Duke and children of Odessa; Mr. and Mrs. Joe Cobb and son of Plains; Mr. and Mrs. Wendell Bockman and children of Lubbock; Mr. and Mrs. John Garner and children of Abilene.

Paula Grace O'Briant, daughter of Mrs. Marvin O'Briant and her late husband, is scheduled to enter Children's Hospital in Dallas July 10 for heart catheterization and examination. She, her mother and grandparents, Mr. and Mrs. Clarence O'Briant recently returned from Dallas after the child had tests and examinations.

MEAT OR MILK?

The Holy Spirit had put it the heart of the author of the book of Hebrews to write to the Hebrew Christians. "Though he were a Son, yet learned he obedience by the things by which suffered; And being made perfect, he became the author of eternal salvation unto all them that obey him; Called of God an high priest after the order of Melchisedec. Of whom we have many things to say, and hard to be uttered, seeing ye are dull of hearing. For when for the time ye ought to be teachers, ye have need that one teach you again which be the first principles of the oracles of God; and are become such as have need of milk, and not of strong meat." (Hebrews 5:8-12) The author feel that he has a hard job because of the dullness of hearing on their part. In your experience you have talked to people that you were sure did not fully get the meaning of what you were saying. Also you have listened when you didn't fully understand. This is the case this God chosen writer.

They were dull of hearing. They had heard the words but had become sluggish to the meaning. The Hebrew Christians had found the interpretation of the words of God hard to understand. The Teacher (Holy Spirit) was well informed. The subject was deep but spiritual, and Christians ought to be. The hearers were dull of hearing. How many people in your church last Sunday at on the first few seats? How many sat there with a sincere desire to hear and know the message from God's Word. Again how many do we see sit on the back seats and will let any little distraction amuse them. This leads to sluggish hearing. One phrase of this verse fits you, which? "He that is of God heareth God's words: ye therefore hear them not, because ye are not of God." (John 8:47) More than thirty years had passed since the day of Pentecost when the

people had learned the mighty works of God in their own tongue. This author inspired of the Holy Spirit said, "for the time ye ought to be teachers". It has been thirty years and by this time you should be teaching others instead of desiring to be taught.

These people at one time were strong Christians. (For reference read Acts, 2:41-47). This give an account of the strength and fervor of these new Christians. They had done as so many twentieth century Christians have done. They had almost become corps on their couches of ease. They had lost their spiritual strength and zeal because of the lack of exercise. They were starved almost to the fainting point and the strong meat of God's word was too strong for them. They wanted the milk of word. "God is love." Rather than Romans chapter twelve and verse one, "I beseech you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy acceptable unto God, which is your reasonable service."

Which group are you in? Do you reject the meat for the milk? A certain amount of milk is necessary but meat is necessary for strength. Let us eat the meat of God's word and use the strength to further the Cause of Christ here on earth. We shall see him some day!
