**Hammers Take Plowboys 27-16**

Rotan's Hammers gave Homecoming visitors and local fans a big night last Friday when they took Roscoe Plowboys to a 27-16 win.

A first quarter safety gave the Plowboys an early lead, but the Hammers soon took over for the evening.

Rotan Quarterback Stephen Baugh fielded a punt in the end zone in the opening period and was dropped in his tracks, but came back to hurl two touchdown passes in the Yellowhammers' victory.

Baugh's first pass, with 3:48 left in the second period, traveled 25 yards and caught Charles McCall in the end zone.

Halfback Larry Van Loon kicked the bonus, and then with about 50 seconds left in the half, Van Loon went over from the four and kicked another extra point.

Baugh hit Van Loon for a 26-yard pass-and-run touchdown late in the third period.

Still in the third, Rotan's David Hargrove intercepted a pass on Roscoe 35 and ran it back 25 yards before the quarter ended.

Then, in the opening seconds of the fourth period, Rotan moved in closer, with Augie Garcia finally going over from the seven. Van Loon's kick was good.

Roscoe came roaring back after the touchdown with a 90-yard runback by end Jackie Smith.

Then Jim Rayburn connected with Jimmy Wallace on a 20-yard pass play for another score with Benny Harbour running the conversion. Rotan . . . . 0 14 6 7-27 Roscoe . . . 2 0 0 14-16

**Absentee Voting Ready for Voters**

Balloting for the November 8, General Election started with County Clerk John Ashley Wednesday morning. He had already received several requests for his voting by mail.

The ballot, one of the largest in history is 17x28 inches in size, carrying 6 columns for various parties and writings.

The sixteen amendments cover a large part of the ballot.

**Hospital News**

Patients admitted to Callan Hospital from October 12 to Oct. 18 were:

Mrs. Bobbie Black, Mrs. O. R. Nowlin, Mrs. R. M. Whisenant, Mrs. Archie J. Shaw, Modesto Yanez, Sr. Mrs. Elmer Price, Mrs. Clarence Conner, Mrs. Santos Garcia, Mrs. Jack Darden, M. L. Irvin, Wayne Boydston, Mrs. Buddy Edwards, Mrs. Melvin Clements.

Out of town patients include:

Mrs. E. F. Campbell, Roby, Mrs. O. C. Loran, Aspermane; Mrs. Gavaun Hedden, Abilene; Mrs. J. C. Hyer, Roby; Mrs. G. A. Hudnall, Hermleigh; Mrs. J. R. Henry Sylvester; Mrs. Roy Ashley, Roby.

A baby girl was born to Mr. and Mrs. Clarence Conner, October 17.

A baby girl was born to Mr. and Mrs. Gavaun Hedden, October 16.

**Homecoming Event Draws Crowds Of Exes From Wide Area Saturday**

**FB Convention Is Tuesday Nite**

Fisher County Farm Bureau will hold annual County Convention Tuesday night at 7:30. The convention will be at the FB office.

President D. Gruben will open the meeting with invocation by Rev. Billy Hudnall. George McBeth will be master of ceremony. Election of officers and presentation of resolutions will be on the business schedule.

Rudy Hamric will talk on property and several legal matters in addition to answering questions.

Light refreshments will be served and officers state they have 54 new members this year, giving the organization more than 300 paid members on policy holders.

All members as well as visitors are urged to attend.

**Service Held For G. F. Coan**

Grier F. Coan, 82, died Thursday at 5:50 p.m. following an extended illness.

Funeral was 10 a. m. Saturday in the First Baptist Church. Officiating was the pastor, Rev. Billy Hudnall. Nephews were pallbearers. Weathersbee Funeral Home was in charge.

Mr. Coan was born April 23, 1884, in Tallapoosa County, Ala. He was married in August of 1915 in De Leon to Ella Maye Morris. They came to Fisher County in August of 1919 from Comanche County. He was a member of the Primitive Baptist Church. He farmed in the Dowell Community until his retirement six years ago.

Survivors include his wife of Rotan; one son, Dueaine of Rotan; four daughters, Mrs. Walter Ashton of Sweetwater, Mrs. L. T. Ashley of Midland, Calif., Mrs. Howard Moore of Overton, Tex., and Mrs. O. D. Stricklin of Rotan; two sisters, Mrs. Sally Golden of De Leon and Mrs. Cora Golden of Snyder; 17 grandchildren and 18 great-grandchildren.

**Nowlin Thru Recruit Course**

Pvt. James D. Nowlin San Diego, Calif. (FHTNC) — Marine Private James D. Nowlin, son of Mrs. Wayne Nowlin of Rotan, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot here.

Under the supervision of veteran noncommissioned officer Drill Instructors, he learned small arms marksmanship, bayonet fighting, and methods of self-protection. He also received instruction in military drill, history and traditions of the Marine Corps, and other academic subjects.

He will now undergo training in his military job field before being assigned to a permanent unit.

Mrs. C. M. Hudgens of Lubbock visited her sister Mrs. M. L. Goodman recently.

Homecoming of '66 drew a good attendance from both local exes and out-of-towners. The crowd started Friday night and by game time it was really old home town time. The Hammers did their part in making the occasion enjoyable by trouncing Roscoe Plowboys.

Mrs. Tom Osman of Hobbs, N.M. was crowned Queen at halftime.

Her escort was a classmate, Bernice Hargrove of Rotan.

Markie Browning of Abilene, president of the Rotan Ex-Students Assn., presented the queen with a dozen red roses.

Mrs. Osman is the former Dorothy Thorne of Rotan, daughter of Mr. and Mrs. Dan Thorne and has the enviable record of having attended all 14 of Rotan's homecomings. She and her husband are parents of three children.

The four queen nominees were escorted onto the football field after the Yellowhammer marching band formed a huge crown. The band was under the direction of Betty Strayhorn.

The other nominees and their escorts, all from Rotan were: Mrs. Bobby Cave, 1941 graduate, escorted by Bill Day; Mrs. Nelson Smith, 1932 graduate, escorted by Al Finch, and Mrs. Charles Thornton, 1960 graduate, escorted by Bruce Randolph.

Open House was held Saturday afternoon in the new Community Center with a catered barbecue and business meeting at high school cafeteria at 6 o'clock.

Dance at VFW Hall climaxed the 1966 event.

**McINTOSH HOME BURNED SUNDAY**

The home of Mr. and Mrs. Roy McIntosh, west of Hobbs was destroyed by fire Sunday morning. The family was visiting her parents at Sweetwater and everything was destroyed.

Mrs. H. S. Moore of Haskell and Miss Annabell Brown of Seymour visited Mrs. J. A. Brown over the weekend.

**Land Bank Meet To Be Friday**

Federal Land Bank Association of Roby will hold annual Stockholders meeting Friday. The Association has enjoyed another successful year of operation with financial statement showing servicing of 77 loans totaling \$4,883,902.37.

The report shows 75 loans closed during the past year totaling \$1,004,100.00.

Ralph C. South is manager of the Association, with Sidney L. Saverance, asst. manager and Mrs. Lorene Stuart, office assistant. Elmer Jordan president; T. O. Massey, vice-president. Directors are H. V. Huckaby, Ray H. Boothe, W. S. Etheredge Jr. and J. T. Watts.

Mr. and Mrs. F. L. Bridges of Lubbock visited his sister, Mrs. Louel Harris Sunday afternoon.

**Saturday Super Bargain Day**

Rotan merchant's Super Bargain Day is scheduled for Saturday. They have mailed over 3,000 circulars over the area for the event.

Read your copy as they are making a special effort on the event.

Other events are also scheduled for the day.

**Little Hammers Take Roscoe**

The Little Hammers looked pretty big against the Roscoe Plowboys at the football field Tuesday night with a win of 41 to 0. This game gave the as yet undefeated Little Hammers the district championship.

Sidney Hariman scored the first touchdown and was backed up by touchdowns by Mickey Early, Walton Hargrove, and Chico Garcia. Though these boys made the points, they were backed up by the fine blocking and tackling of every member of the team.

Despite a cold wind, the Little Hammers had lots of support from the student body and a large crowd of townspeople.

**Farm Tour Last Friday**

The Annual Farmers Home Administration-Great Plains Conservation Program Tour was held Friday, Oct. 14. The Group met at the Court House in Roby and then toured the Vernon Early farms where they viewed conservation work being carried out.

Some of the practices that have been carried out are Rootplowing, Range Seeding, Parallel Terracing, Diversions, Grassed Waterways, and an Underground Irrigation Pipeline connecting 4 irrigation wells.

Mr. Early is presently in the process of leveling land for better distribution of his irrigation water. Following the landleveling he plans to establish Alfalfa as a hayland.

Funds are being provided from 2 sources. The Great Plains Program furnishes a portion of the funds for establishing conservation practices with the balance of the funds being loaned through the Farmers Home Adm. FHA also provides management assistance in evaluating the landowners resources.

In Mr. Early's case, his north farm was converted to a livestock unit and most of the south farm, which is irrigated, is a cotton and alfalfa hay producing unit. In its present condition the farm can be a financially stable unit.

The tour was conducted by George Dorman, FHA County Supervisor along with Bob Price and Jimmy Smith of the Soil Conservation Service.

**'69 CLUB PAPER DRIVE**

The '69' Club is having a paper drive October 22. Please save old papers and magazines. Call 7-3260, 7-3423 or 7-3088.

Mrs. Ruby Gee of Dallas is visiting her brother, Mr. and Mrs. Joe Little.

**Big Event On At Morrow Drug**

Morrow Drug is announcing Open House and formal opening of their new Gift Room and Remodeling Sale for the entire store.

See their ad in this issue for a large array of special bargains. They will be giving a number of prizes during the day which is explained in the ad.

The entire store has been completely rearranged, new fixtures installed in addition to the addition of the Gift Room. This department is well stocked, has carpeting and is a most modern store within itself.

Be sure to attend their opening Saturday.

**Conservation vs. Cotton**

In the past Soil Conservationists have viewed the growing of cotton with some misgivings. It is true that planting cotton continuously is harmful to the land from a soil and water conservation standpoint. Many farmers would like to plant Soil Conserving and Improving crops but due to our present farm programs they are forced economically to devote most of their acreage to cotton. This leaves little or no land available for the Soil Improving crops.

What about those 4 vacant rows? Why not plant 2 rows of Sorghum or Guar in the middle of those blanks late in the summer for some soil protection and improvement? Another alternative would be to drill the blanks to cane in the early fall. Another good way to handle the situation would be to drill the blanks to some type of winter cover such as winter peas or small grain. With the fine ground moisture available this year, cotton farmers will be missing a bet if they don't consider the use of a winter cover crop. In Fisher County The ASCS provides cost share assistance for planting a winter cover.

Another alternative which should not be overlooked is the use of cotton burs as a mulch.

"Soil Conservation Service personnel can provide good information on crops and Strip Cropping procedures that can make every Cotton Farmer a Conservation Farmer," says Bob Price, work unit conservationist with the Rotan work unit - SCS.

**Pat Riley In SU Beauty Review**

Georgetown (Spl.) — Twenty-four coeds from Texas and Louisiana have been tabbed as nominees for Southwestern University's 1966 All-School Beauty review according to Chrissie Dickersin, Dallas junior and editor of The Sou'wester, University yearbook which annually sponsors the beauty event.

The two dozen nominees include representatives of the five social sororities and the Independent Students Association.

Delta Delta Delta nominees include Patricia Ann Riley, Rotan Junior.

**First Baptist Dedication Service Sunday Marks Progress of Church**

**Salvation Army Drive Slated**

Mac Weathersbee will head the Annual Salvation Army Campaign, according to R. L. Springer, chairman of the Rotan Salvation Army Service Unit Committee. The campaign is set for October 27th. The goal is \$900.00.

The local Service Unit gave immediate help to 201 people during the past year. This help included groceries, meals, utilities, clothing, shoes, transportation, and 2 boys attended the Salvation Army camp Hoblitzelle near Midlothian. In addition, the Unit cooperates with the state-wide welfare services of the Salvation Army to make possible all welfare services, the major one of which is the disaster service.

In addition to Mr. Springer and Mr. Weathersbee, the local volunteer Unit includes: Mrs. N. O. Johnson, Roy Kingfield, Bartlett Strayhorn, J. M. Jackson, Truman Gilliland, and H. L. Davis.

Weathersbee will announce the campaign captains and workers in the next few days.

**Strayhorn Is Honored At UT**

Bart Strayhorn attended dedication services for Sigma Chapter of Phi Kappa in Austin Friday.

Bart, a member of the class of '49 gave the dedication speech and was presented a trophy, a beautiful plaque in appreciation for his untiring efforts which made this new Chapter House possible.

Mrs. Strayhorn took her mother, Mrs. Leo Hoffman, who had been visiting the Strayhorns, to her home in Mason Saturday, and then went to Austin to join her husband for the game Saturday afternoon, and they returned home Sunday afternoon.

**Industrial Com. To S-A Meeting**

A recently named committee of Rotan Industrial Committee attended West Texas Chamber of Commerce Industrial Conference at San Angelo Friday.

Wayne Harris, W. F. Edwards, George Field, Mayor, Joe Burk and Loys Landes represented Rotan at the conference.

About 400 West Texans attended the various workshops during the day and heard outstanding speakers who are well versed in the field of producing and interesting industrial prospects to a town.

The local committee plans to operate on a practical, stable plane with long range plans.

Mr. and Mrs. C. B. Waggoner and family are being transferred from Graham to Meadowbrook, Mississippi. He is with an oil company, Waggoner, the former Betty Whitefield is daughter of Mrs. Inzer Whitefield.

A large crowd of members and friends attended dedication services for the beautiful new building of First Baptist Church Sunday.

Dr. Skiles of Abilene presented the dedication message at 2 p.m. Sunday. The Rev. Billy Hudnall, church pastor, led the group in oral dedication vows.

The dedication song, "Bless this House," featured Adrian Jones, minister of education and music.

Visitors and former members from 15 Texas towns, together with a large group of local visitors, toured the new facilities at the conclusion of the dedication program.

Rev. L. L. Trott of Stamford, former pastor here and now area missionary, spoke at the 11 a.m. service. Rev. Trott said the new church had the best arrangement of any he had ever seen in the area.

He was pastor here when the church had its first major building program in 1941. Mrs. Trott accompanied him to Rotan.

Rev. Bob Stokes of Evant was speaker for the concluding service Sunday night. The Rev. Stokes was pastor of Hillcrest Church here, which merged with First Baptist in 1965.

The First Baptist Church was organized Sunday, April 28, 1907, four months after the town was founded. Thirteen charter members composed the original group. In two years membership was 200.

The first church was a frame building erected in 1908, costing \$4,000. It was used until the brick building was constructed in 1941. A two-story education unit was built in 1955 and still is in use after a complete renovation during the present program.

**McCasland In Tech Play**

Lubbock, Oct. 13 — Texas Tech senior Kenny McCasland of Rotan has been selected to play the role of Sir Robert Brakenburg in the University Theatre's upcoming production of "Richard III."

McCasland, a speech (theater) major, has appeared in several plays produced at Angelo State College. These include "Taming of the Shrew," "My Fair Lady," "Hanje" and "My Three Angels."

He is the son of K. C. McCasland, Drawer 1, Rotan.

Six performances of the play will be presented, in costume, from Nov. 11 through November 16 in the University Theater.

**CALENDAR CLUB TO MEET TUESDAY**

Calendar Club will meet Tuesday at home of Carol Weathersbee with Fran LeBlau as cohostess.

Mr. and Mrs. Winfred Decker of Arlington visited her mother, Mrs. Inzer Whitefield and other relatives and attended Homecoming.

**Super Bargain Day Slated Saturday in Rotan**

**Llano Estacado Has Fall Meeting**

Miss Josie Baird, high school Spanish teacher attended a Foreign Language Workshop held in Coronado High School in Lubbock, Texas Saturday, October 8 from 9:30 until 3:30.

Mr. Randall G. Marshall of New York City, N.Y. demonstrated teaching methods with a Spanish class of Lubbock High School students, and with a special language group. Sessions were directed by consultants from the Texas Education Agency. At the noon luncheon the Llano Estacado chapter of Teachers of Spanish and Portuguese held its fall meeting, and Miss Baird was appointed vice-president of the chapter for the present year by Dr. T. Earle Hamilton, President of the chapter and Spanish instructor at Texas Tech.

Mrs. Genelle Wilhite Kelly formerly of Rotan arranged for and presided during the workshop. Mrs. Kelly is coordinator of foreign languages in the Lubbock schools. Kenneth SoRelle.

**Dr. Kim Prainciple Speaker At Meeting**

Last Monday night the Fisher County unit of the Texas State Teacher's Association met in McCauley. Dr. Richard Kim, professor of political science at Hardin-Simmons University, was the

**College-Bound Seniors Attend College Night**

Tuesday of this week the seniors attended college night at Cooper High. This is an annual affair sponsored by the Abilene High and Cooper High student councils.

Twenty-six colleges were represented. The representatives hold sessions for the students to ask questions about the college. The students attended different sessions of their choice.

Susan Weatherman

**Officers Named From Grades 5-2**

In the October 6 edition of the "Flicker", the junior high officers from grade 5-2 failed to be published.

principle speaker. He spoke on general education. Dr. Kim made a provocative speech and is known as a controversial speaker. Several teachers from Rotan attended. The meeting began with a coffee hour first.

Chris McCasland

**Pre-Game Display Appear Each Week**

The displays that are featured in the hall each week are set up in the cheerleaders' and twirlers. The purpose of these displays are to help build up school spirit.

For the Abilene "B" game, the hall was decorated with streamers coming from the ceiling to a megaphone forming a "V" for victory. Pom-poms were used in this display with a baton.

A doghouse with a bulldog inside with bandages showing battle marks was featured the week of the Ranger game. There was a sign "Put Ranger in the Doghouse" above the display.

For the homecoming game with Roscoe, football equipment, an orange and white pom-pom, and a baton were featured with the name of each player and his classification on orange and white panels in high school.

**Readiness Program Helps 1st Graders**

Never have a group of students been so well adjusted for the beginning of school.

Mrs. Edwards, Mrs. Smith, and Mrs. Monzingo's first grade classes just completed their first pre-primar. It is unusual for children to do more than finish their reading readiness program the first six weeks of school, according to Mrs. Edwards.

The success of these students is accredited mainly to the readiness program inaugurated during the summer months for all children who were, or would be six by September.

Last year a more extensive development readiness program was started to aid the students who needed special help in improving their reading skills. This reading program is being continued during the 1966-67 school year.

Primary has two remedial reading teachers, Mrs. Lavera Riley and Mrs. Dorothy Gray. Iris McDonald

**Midwest Sends Acknowledgement**

English classes sent thank-you letters to Midwest Electric for supplying book covers in this area. A week later acknowledgement letters were received by each student who wrote a letter to them. Midwest expressed their pleasure of furnishing the covers for our school.

**English Teacher Attends Area Con.**

Mrs. Whit Clark, English teacher, recently attended the T.C.T.A. Area Leadership Conference. The conference was held October 8 at the Koko Palace in Lubbock.

Mrs. Clark, one of the 25 members of the state TCTA committee board was appointed director of the Seek and Find Session on Welfare.

The conference directed by Mrs. Clark explained the work done by her committee during the summer. According to her during the summer the Welfare Committee worked mainly on three things: (1) a booklet entitled "The Case of the Faculty Fledgling," (2) an insurance program for teachers, and (3) the committee outlined some duties and projects that could be carried out by classroom teachers in their respective schools and communities.

Iris McDonald

**'As It Looks From Here'**

Omar Burlison, M. C. 17th District, Texas Washington, D.C. — As is Common Knowledge, the Supreme Court has ruled that suspected criminals must be guaranteed certain privileges such as the right to have an attorney present before questioning.

A Federal Court Has Ruled That A Taxpayer does not have to be told his Constitutional rights during a criminal tax investigation. The Court cites the case of Kohatsu vs. United States (351 Fed. 2d, 898) in which this ruling was established. The decision was reached in this case, which led from a routine civil tax audit conducted by a Revenue agent into a criminal investigation conducted by a Special Agent of the Intelligence Division.

There are other cases in which an honest businessman may face charges of Labor Law violation as the result of information he willingly provided a Labor Department investigator who reportedly did not even advise the man of the nature of the investigation, or of the possible violations of Law.

There are other instances of farmers being charged with violations of the Immigration Laws and Child Labor Laws by Federal agents who came into their farms without warrants, without any warning of the nature of their investigation or without any advices of the right to counsel during questioning. There farmers have committed only the crime of seeking to give employment to some youngster seeking work, but end up facing serious charges.

Congressman Olin E. Teague of the sixth Congressional District of Texas feels that the honest taxpayer, businessman, farmer or any other Law-abiding citizen, should have at least as much protection against Federal investigators that our Supreme Court has granted those suspected of murder, rape, robbery and other serious crimes.

Congressman Teague has introduced legislation designed to give the average citizen the same protection from Federal Investigators that the Supreme Court has given suspected criminals.

He says that with the ever growing authority of the central Government and the ever expanding bureaucracy of Federal Government which has resulted in a growing horde of Federal investigators, the average citizen who

carries the loan in taxes to support his Government needs some protection too. The measure introduced by Congressman Teague is designed to require officials and employees of Federal agencies to have a warrant to obtain records, papers, or any other information from private citizens in the course of any investigation, if the information or records are to be used in charges of any violation, whether it be criminal or civil.

The bill also requires Federal Investigators to warn the citizens that he has the

right to refuse to provide information or records that might be used against him in the course of any resulting prosecution. It also provides that the citizen be advised of his right to have an attorney present before any questioning or search for information can begin.

Not all investigations by Federal Agencies such as Internal Revenue Agents, Civil Service Representatives, Labor Department Examiners and others are based on specific complaints, but rather, under some general suspicion that the citizen is not complying with the Law. Evidence developed in the course of the examination of records, questioning and so forth may subsequently be used in either civil or criminal action against the individual, or in decisions by some Federal Agency.

Many Congressmen, if not all of us, receive letters of complaint from citizens who have had to deal with various Departments and Agencies of the Federal Government. Most cite instances of Federal investigators of some sort who they say barge into their places of business or on their farms or in their homes, asking questions and requesting records and other information.

With all the compliance brought on by greater centralized Government, investigators of one sort and the other are necessary. They, as individuals, may not always be to blame, but it is right that the average Law-abiding citizen have the same or as much protection as the Law-violator who screams about his "rights" in today's confused atmosphere of coddling those who incite riots, stand in front to trains carrying military supplies for South Viet Nam, or the draft-card burners who give aid and comfort to the enemy.

**TVMA Warns of Virus In Horses**

An outbreak of Encephalomyelitis among horses has become wide-spread in Texas according to the Texas Veterinary Medical Association. Reports of the viral disease have been made by veterinarians and horse owners alike in east, central and south Texas and in the Texas hill country. According to veterinarians and the TVMA the outbreak is believed to be the worst in many years taking its toll in deaths of from 20 percent to 90 percent of those animals infected and often leaving surviving animals with permanent brain damage. It is feared the disease may spread to all areas of the state.

Encephalomyelitis affecting the horse population in Texas at the present time is the same type of virus that has plagued the human population in Texas this year and in other recent years. Like in the human population, the mosquito is the primary vector that transmits the virus and it is spread to the bird population and then to horses and man.

Symptoms of the disease in the horse consist of lack of co-ordination, paralysis of the throat, loss of spirit and abnormal attitude and behavior. Most horses stand in a peculiar, unnatural stance with the head and neck drooped in a sleepy manner thus the common name of "Blind Stagers" and "Sleeping Sickness" are frequently used to describe the disease. Death occurs in three days to two weeks in animals lost to the virus.

The Texas Veterinary Medical Association warned that the disease is extremely dangerous to the horse population although there is no danger of spreading the disease from the horse to man. The Association urged that agencies to have a warrant to obtain records, papers, or any other information from private citizens in the course of any investigation, if the information or records are to be used in charges of any violation, whether it be criminal or civil.

The bill also requires Federal Investigators to warn the citizens that he has the

**CARD OF THANKS**  
I wish to express my love to everyone who was so kind and thoughtful during the illness and death of my dear and precious Mother. My thanks to the one who brought food, pallbearers, Rev. Lapinskie for his wonderful words of comfort. Thanks also for the wonderful dinner given by the G. Lupeans. Best most of all to Mrs. Alta Hinson and all her employees of the Nursing Home; for the grocery shower given me and my thanks to Dr. M. Callan and all the nurses.  
Lucy Martinez.

**CARD OF THANKS**  
We wish to thank our friends for their kindness during my illness at home and also the Doctor; also the nice food and prayers. May the Lord bless each of you.  
Mrs. J. H. Jackson.

**CARD OF THANKS**  
We wish to express our deepest love and appreciation to our many friends for your prayers, sympathy, love and every act of kindness shown us, during the illness and death of our precious Mother, Mrs. H. S. Bridges. Thank you so much for all the food that was served to us, in the home of Mrs. Obad Hughes. May God bless each of you is our Prayer.  
The children of Mrs. H. S. Bridges

**CARD OF THANKS**  
We want to take this means of thanking our neighbors, friends, and family for the many personal things they did for us during the illness and passing of our dear brother Hub Taggart. Thanks so much for the calls, visits, cards, flowers, and food and every little act of kindness that was shown us in any way.  
May God bless and keep each and every one is our prayer.  
Shela and Ester Taggart

**CARD OF THANKS**  
We wish to take this method and opportunity to thank all our friends who were so very thoughtful of us during our deep sorrow. We thank each one who sent food, flowers and cards, it was all so very thoughtful of each one and if He could speak for himself, I am sure he would say "Thanks for everything."  
I want to say thanks for his brothers and sisters for the things that were done. I am sure each one is as thankful as we.  
Thanks again for everything. We thank Br. Trott again.  
Mrs. Hub Taggart Dale and family

**SPARKS WINS TOURNEY**  
Laurence Wayne Sparks and Wodrow Bean Jr. were winners of the Harizon Hills Golf Tournament at El Paso last week.  
They won with a 23 under par for 36 holes.

Mr. and Mrs. Byron Gwyn, Mrs. Doris Taylor, all of Muleshoe and Mrs. Willie McWhirter, visited Mrs. H. C. Shelton Friday afternoon.

**Planting Ruling Arousing Ire**  
A ruling by the United States Department of Agriculture, Agricultural Stabilization and Conservation Service, concerning skiprow planting patterns and their effect on 1967 projected yields for cotton has aroused a new and vigorous storm of protest for the Rolling Plains of Texas.  
According to Charles Stenholm, executive vice president of the Rolling Plains Cotton Growers, the ruling is totally unfair and highly discriminating to farmers in the Rolling Plains and, if allowed to stand, will cause our 31 countries to lose up to 4 million dollars in price support and diverted acreage payments in 1967.  
J. B. Cooper, Roscoe farmer and President of the Rolling Plains Cotton Growers, Billy Whorton, Roscoe farmer and Stenholm were in College Station this past week where they met with State ASCS committee regarding the inequities involved in the ruling and then Cooper and Stenholm joined Max Carricker, Fisher County farmer and District 3 Director of Texas Farmers Union in Washington where the protest was further aired. Congressmen Omar Burleson of Anson and Bob Poage of Waco, Senator Ralph Yarborough and others in Washington have been alerted to the problem and are working vigorously with the Department to avoid unjust penalty for the traditional skip-row area of the U.S.  
The Department has ruled that skip-row penalties in effect for 1966 are also retroactive back through 1962-63-64-65. The ruling has the effect of saying that 2-2 cotton measured as 50 per cent cotton in 1962 is no longer counted 65 per cent cotton in figuring 1967 projected yields because this is the way it is measured today. (The Rolling Plains Cotton Growers has contended that the Department cannot change the rules of the game after the game has started. A measurement taken in 1962 cannot be changed today but even if the Department has acted fairly in making the retroactive ruling, the Rolling Plains is still being unjustly penalized because we are no longer plantings a predominant skip-row penalty. When you consider this latter part, the ruling has the effect of taking pounds away from Rolling Plains farmers and giving them to non-skip-row farmers in other areas.  
According to Stenholm, more and more people from the Staee office to Washington are beginning to appreciate the unique problem we have here in the dryland Rolling Plains because of adverse skiprow rulings. We have received assurance that new and full consideration will be given this new ruling and that a change will be made so the Rolling Plains cotton farmer will receive what is rightfully his in 1967.  
Mr. and Mrs. Howard Ragsdale, Wayne and Jerry visited his parents in Fort Worth Sunday.  
Mr. and Mrs. S. R. Scott of Merkel visited her sister, Mrs. W. L. Terrell Monday.  
Mrs. Dorothy Boyd of Dallas visited her mother, Mrs. Lillie Underhill, other relatives and attended Homecoming.  
E. L. Walling, who is connected with Humble Co., and has been stationed at Andrews several years has been transferred to Abilene and will move his family there soon. Mrs. Walling is the daughter of Mr. and Mrs. C. A. Ragan of Rotan and teaches in the Andrews school. Their daughter, Gretchen is a senior and their son, Gordon a junior.  
Mr. and Mrs. Jim Wray Helms have just returned from Houston where Mr. Helms had treatment.

# The Glicker

## Exhibition Is Postponed

An exhibition by the Texas Department of Public Safety has been postponed until a later date. The large amount of dirt on the street in front of high school was the main reason for the delay. The program is centered

around a specially equipped car. This car was to be used by the patrolmen to illustrate various safety procedures and things which might be hazardous under normal driving conditions.

Other assemblies scheduled for this year will be made by the National Aeronautics and Space Administration and Bell Telephone.

Lanham Ross

## Homecoming Activities Start With a Blaze

Homecoming activities were started Thursday, October 13, at 7 o'clock with the annual pep rally and bonfire.

The bonfire was built behind the Stands. All students were asked to gather wood for use in building the bonfire.

At 7:00 the cheerleaders lit the bonfire and the pep rally began. The band played, and Coach Monzingo, Luther Sommers, and Archie Overby made speeches. The fire department was present in case the bonfire got out of hand — all students were fire conscious — as it was fire prevention week and the students are having to make either fire prevention poster or write a theme.

Iris McDonald

## Plaque Given PTA Memory of Hammit

Mrs. Hammit gave the Future Farmers of America a plaque in memory of Radell Hammit. Radell was very active in FFA. He was Star Green Hand and past president.

The plaque will have the name of each Star Green Hand, beginning with this year. The Star Green Hand award is based on leadership, cooperation, citizenship, supervised farming program, and school action. It is an award given to first year Ag. boys.

There are three in school who have received this award.

## Public School Week Set For March 6-10

Public School Week will be held March sixth through the tenth. Rotan teachers will attend a meeting March 10, at Vernon, Texas. This date will be a school holiday for students all teachers are urged to attend the meeting.

Public School Week, organized in 1950 as a public service project was launched for the sole purpose of stimulating and advancing the general interest in public education in Texas. It has won wide approval and support.

Glen Murphey

## New Library Rules Set For Year

The high school library contains more than 3,200 volumes, and new books are being added constantly. The library receives forty-two magazines and three newspapers. Books and magazines are on open shelves so that they are easily accessible to the students. A reading room is provided for at least seventy-two students, which exceeds the standard set by the American Library Association. Our library ranks as one of the best Class A libraries in the area, and in order to maintain this rating it is necessary that we observe the following rules.

1. All books are checked out for two weeks, except when an unusual demand for a book requires that it be checked out for a shorter period of time.

2. Books (except one-day books) may be rechecked once. Books will be rechecked a second time only by a written request from the teacher for whom the book is being read.

3. During periods of unusual demand for certain books, teachers may have them placed on one-day reserve.

4. One-day books may not be rechecked.

5. A fine of five cents per day, including week-ends, holidays and days absent, will be charged for overdue books.

6. A fine of 25 cents per day, including week-ends, holidays and days absent, will be charged for overdue one-day books.

7. For a damaged or mutilated book the fine will be equivalent to the cost of repairing or replacing the book.

8. If a book which has been paid for is found and returned, the student will receive a refund of the price of the book less a fine of 5 cents for each day the book was out of the library. In the case of a one-day book, the fine will be 25-cents for each day the book was out.

9. Students are responsible for the books they check out. If a book is lost, the student will be charged a sum equal to the cost of replacing the book.

10. The financial records of the library are closed at the end of each school year, and no refunds will be made for books paid for during a previous school year.

11. Ready reference books, (Encyclopedias, dictionaries) are not to be taken from the library.

12. Grades will be held up until all library fines are paid.

13. Files of out-of-date magazines are kept for the use of teachers and students. However, only librarians are permitted to remove magazines from the stacks. Students or teachers who wish to check out one, get a call slip for the magazine and turn it in to the librarians. Consult Reader's Guide to see if we have magazines you can use.

Librarians are on duty subscriptions to sell. The Sherrie Edwards

## What, When, Where?

The action this week begins with the Freshmen taking on the Roscoe Ploewboys at Hammer stadium tonight.

October 21 - Aspermont there

October 28 - Merkel there

November 3 - Freshmen at Wylie

November 4 - Wylie there

November 11 - Jim Neff here

November 24-25 - Thanksgiving holidays

December 19 - Christmas holidays begin.

## Bus Drivers Get Driving Certificates

K. C. McCasland, Superintendent of Rotan schools, presented seven Certificates of Merit to the bus drivers last week.

The award program, sponsored and conducted by the Texas Safety Association and local schools, is designed to give public recognition to school bus drivers with accident-free records for the past school year.

Drivers who received certificates were: Earnest Armstrong, E. A. Petty, Zula Edwards, Lois Ratliff, H. L. Dicus, Leslie Tonn, and Bill Morris.

The awards were signed by Superintendent K. C. McCasland, The Texas Safety Association President J. Ross Carr, and General Manager J. O. Musick.

Earnest Kiker

## Marching 'Y' Band Is 'On The Double'

"Band, attention! Band, fall in." These are the mighty cries of the drum major as the Big "Y" Band lines up for drill practice.

Several times a week the 72 strong band meets on the football field to practice the half-time show.

Preparation for these weekly events started a week before school was in session.

Marching in a straight line down a field is harder than it sounds or appears to be from the views of the bystander.

Prior to the first week of school the band started with its weekly program of "shaping up." From this time on each student "shapes up or ships out." A good band is one that is uniform and precise in every detail.

The project for the first week was to march and guide right, that is to stay in line.

With this accomplished the next project was to learn a simple step two. This takes place when one person steps off the yard line, two steps later the next person in line steps off. Step twos are done from the middle or from both ends. All through this, uniform diagonal lines are kept.

The third week was the hardest project. It was simply to keep quiet and listen to instructions. At times there seems to be 72 directions on the field at once!

At the present the Yellowhammer Band is concentrated on picking up their feet.

Like most organizations, cooperation is the keynote. Only with the cooperation of every individual will the band be a top No. 1 band. If we continue to buckle down as we have, these goals and many others, will be a mere mole hill.

Connie Hill

## IT'S FUN TO OWN 24-HOUR SUNSHINE

Automatic electric home laundry equipment does away with dull routine. You can wash and dry clothes any time of the day or night—even while you entertain guests or relax with the family.

It's fun, fun, fun to let REDDY KILOWATT do the work while you do something more interesting.

See your "Waltz Through Washday" dealer now. He's the man who will make it easy to own home laundry equipment.

In many cases your old washer makes the down payment and since electric dryers do not need expensive vents, and WTU customers get FREE 220-volt wiring when they buy from a local dealer or WTU, the chances are you'll be out very little money to begin your own waltz through washday!

See your electric appliance dealer, and be sure to see all the new electric washers and dryers by Frigidaire at West Texas Utilities.

TRY  
THE WORLD'S  
TOUGHEST  
2-DOOR

This new Chevy pickup looks so good you could call it a 2-door. (You could also call it the toughest Chevy pickup ever built!)

This Fleetside pickup's got a lot more than good looks going for you.

It's got new construction to bring you more durability, working ease, comfort and safety. Check that new all-steel pickup box, for example. New full double-wall side panels and tailgate keep your load from leaving its mark on Chevy's good looks. And new measures have been taken to help keep out rust and corrosion. Like the one-piece wheelhousings that

now protect sheet metal against fire splash.

Inside, the color-keyed cab looks and feels like a pleasant place to work. There are a number of new safety features, too: an energy-absorbing steering wheel and a dual master cylinder brake system, to name two.

And here's another thing the new Chevy pickup's got going for you: it rides better than some cars. Choose from 26 Fleetside and Stepside models now at your Chevrolet dealer's.

Try this brand new breed of pickup at your Chevrolet dealer's

### Screwworm Is Still A Threat

James S. Norman, Fisher County Agent, has recently had word from the Screwworm Eradication officials that there has been a very noticeable increase in the number of confined screwworm cases in Texas. Norman says that for the week of September 18 there were 48 confirmed cases reported in Texas from 22 different counties. This is more confirmed cases for a one-week period than has been reported since the last week in November, 1963.

All livestock producers are urged to be especially watchful of possible screwworm cases and collect specimen worm samples and mail to the Screwworm Eradication Laboratory in Mission, Texas.

A confirmed case was reported, near Merkel, in Taylor County, last week.

Norman says vials for submitting specimens to the Mission Laboratory can be obtained at his office in the Courthouse.

Weather conditions over much of the State have been a contributing factor in the recent screwworm buildup.

### SCS Urging Flexible Plans

Rainfall is an important factor in controlling amount of grass production according to Howard Ragsdale of the Soil Conservation Service. Using rainfall records for the periods 1926 thru 1964 for Rotan, a study was made to determine the number of years forage would be in excess or short.

The following results is what a rancher could expect if he stocked on the basis of the expected grass production from rainfall. Stocking on the basis of 25 per cent above normal average rainfall, he could run out of grass 22 years out of 39. Stocking on the basis of 25 percent below average rainfall, he would lack enough grass only 10 years out of 39. Stocking on the basis of 35 percent below average rainfall, he would lack enough grass only 3 years out of 39. From the grass standpoint, it would be better to stock on the basis of 25 to 35 percent below the average rainfall or in other words 65 to 75 percent of the carrying capacity of the range based on average rainfall. A recommended solution to this problem would be to carry a breeding herd based on 65 to 75 percent of the carrying capacity based on average rainfall. In years when excessive forage is available, carry over calves or buy stockers to utilize the excess grass. This would help stabilize the ranching operation and leave it flexible enough to withstand drought periods without drastic reductions in the breeding herd.

Jack Willingham, a supervisor of the Upper Clear Fork Soil Conservation District and local rancher, is planning on operating his ranch on this reduced herd basis to give himself flexibility due to the unstable rainfall in this area. Assistance in applying these factors to your livestock operation is available at the Soil Conservation Service office in Rotan, which assists cooperators with the Upper Clear Fork Soil Conservation District.

### Young H-M See Hairstyling Dem.

"Hints to the very latest Trends in Hairstyling" was presented to Fisher County Young Homemakers by Charles and Sue's School of Beauty of Snyder.

The Homemakers were informed that short hair is very good this year. The big look is out, but back-combing here to stay.

The school brought along one of their own models, Annabelle Dominguez. Her hair was styled before the Chapter in the "Thing" trend.

Mrs. Sue Fikes Style, Mrs. Shirley Matthies, member of Fisher County Young Homemakers on the "Curly Top" style.

The group learned the "Astro Curl" is the present trend with wide curls very good this year.

For the Eye Opener Tonight, Mrs. Gail Galloway and Mrs. Jackie Terry made and decorated a cake for the coming Halloween holiday. They later served the cake and coffee to the members and guests.

The guest speaker was presented a wooden carved bowl by Mrs. Keifer Cauble.

Guests of the Homemakers for this program were, Mmes. Walter Wood, Thurman Terry, Tommy Stuart, James Norman, June Jennings, Beth Faught, Richard Stuart, Bill Etheredge.

### McCaulley 4-H Club Met Oct. 12

The Busy 4-H'ers of McCaulley met Oct. 12. President Shirley Gann called the meeting to order with 7 members and 2 leaders present.

The Club motto, Pledge and prayer was led by Orvinella Smith.

A demonstration on Paper mache pins was given by Annette Cleveland.

The next meeting will be October 26. Adults leaders present were Mrs. Gann and Mrs. Cleveland.

Reporter - Philip Cleveland

### Notice of Hearing In the Matter of Cancelling Permit No. 313 To Appropriate Public Water

By virtue of the authority vested by law in the Texas Water Rights Commission, notice is hereby given that a hearing will be held in Austin, Texas, beginning at 10:00 A.M., on Tuesday, January 24, 1967, in the matter of cancelling:

Permit No. 313, carried in the names of L. D. Singley and Arthur Singley according to the records of the Commission. Said permit authorizes the construction of a dam forming a 406 acre foot capacity reservoir on the Clear Fork of the Brazos River, Brazos River Basin, and to impound therein and divert there from 406 acre-feet of water per annum for the purpose of irrigating 203 acres of land in Section No. 16, Block No. 2, H & TC Ry Co. and John Chumley Survey No. 312 all being wholly situated in Fisher County, Texas.

All affected parties are directed to appear and show cause, if any, why the water right listed above should not be cancelled.

Given under and by virtue of an order of the Texas Water Rights Commission, on October 19, 1966.

AUDREY STRANDTMAN Secretary 32-2c

"Since all other measures have failed to straighten out Britain's economy, maybe they should go back to capitalism and free enterprise. That worked quite well for hundreds of years and still seems to be doing rather well in West Germany and Japan. Who knows, it might even work in this country."

## Young Farmers Staging Game

Fisher County Young Farmers met Oct. 17. Mr. Glen Whitefield of Porter Feeds in Sweetwater was the guest speaker. Film was shown on the different types of digestive traits in animals. By the films everyone was able to watch rations and roughage go thru the digestive system of cattle. The program was very educational to everyone present and was enjoyed by all who were present.

Also discussed was pasture land that could be supplemented to run cattle, and sheep, which would otherwise be useless to the farmer and rancher. Mr. Whitefield spoke on supplements to add protein to the animal's ration to get best results with different type of feed.

The market and finishing out feeder calves was discussed some and diseases were discussed.

Young Farmers voted to give awards to the outstanding FFA member of the Roby, Rotan and McCaulley Chapters. The advisors of each chapter will be in close contact and have the boys records to give to the Young Farmers when these boys are chosen. The awards will be presented and the 1967 banquet.

There is to be a real rough and tuff football game in Roby Saturday, Oct. 22, 1966. The Young Farmers are to play the local "Ex's". Everyone come on out and enjoy the evening and watch one of the best games ever. Time will be 7:30 p.m. The proceeds will be used to help the Athletic Club and school pay for the new clock in the Gym. Anyone wishing to play and help out "Ex's" or otherwise contact Roland Ray Jr. in Roby.

Friends here have been advised that Elmer Price was moved from El Paso to Big Spring Veteran Hospital. His address is 3rd floor, E. wing.

## HD Club Hears Delegate Reports

Mrs. Dick Edwards was hostess to the Rotan H.D. Club, Oct. 6, for the first of two meetings this month.

Mrs. Z. H. Anderson of the Center Club and Mrs. Barney Bigham of the Rotan Club were delegates to the H.D. Convention held in Corpus Christi this past September.

At this meeting, these two ladies gave their reports on the convention speakers and their topics. Speaker of the House, Ben Barnes, spoke in the assembly about Texas education and the need of us providing for our schools as much as possible. Mr. Barnes commented that 95 per cent of our juvenile delinquency is caused by school drop-outs. He said that Gov. Connally is in favor of changing the driver's education age from 14 to 17, because 18 per cent of wrecks are caused by teenagers.

Dr. Virginia Agar also spoke to the assembly. While speaking about birth defects, she stated that the March of Dimes spends money in research of this field and much progress has been made.

Delegates attended workshops on Safety, Recreation, Health, Publicity, and 4-H. In the Health workshop, they saw demonstrations of new gadgets that will help handicapped people; they will be able to be more independent by using these gadgets. In Safety workshop, the delegates were cautioned to keep non-edibles out of reach of children. Recreation workshop stressed that recreation is for everyone, regardless of age, because it is relaxing. They learned that 4-H is very good training for both boys and girls.

This year's convention was well attended, 830 ladies registered.

The Rotan H.D. Club will meet Thursday, October 20th, at 2:30 in the home of Mrs. Viola Hendon. Visitors are always welcome.

## 50th Anniversary Coppedges'

Ollie Aken, daughter of the late Mr. and Mrs. J. D. Aken and Miller Coppedge were married October 8, 1916 in the present home of the couple.

The couple observed their 50th Anniversary, which proved to be a very happy occasion.

Mrs. Coppedge was born in Mississippi and moved to the Dowell community in 1901. Miller was born in Comanche, son of the late Mr. and Mrs. Dan Coppedge and moved to Fisher County in 1909 and farmed until he started work with Commissioner of Precinct 3, as maintenance operator and did this work until retirement in 1958.

Their children are William Coppedge of Abilene and Vesta Coppedge of Amarillo. They have five grandchildren and five great grandchildren. One grandson, William Arvin Coppedge returned from Viet Nam on Wednesday before their anniversary on Sunday.

Friends and relatives from Amarillo, Big Spring, Stephenville, Plainview, Guthrie, Hamlin, Roby, Sylvester, Knott, Abilene, Ft. Stockton, Sweetwater, Buffalo Gap called to wish the couple many more happy anniversaries, which was appreciated by the Coppedges.

Mr. and Mrs. A. Gavaun A. Hedden are announcing the birth of a daughter, Melissa Carol at 9:21 a.m. Sunday at Cailan Hospital, weighing 6 pounds. Maternal grandparents are Mr. and Mrs. Buster Donham and paternal grandparents are Mr. and Mrs. Hedden of Abilene.

Mr. and Mrs. Wayne Holcomb and children of Austin spent the weekend with her parents, Mr. and Mrs. Joe W. Little and attended Homecoming. She was a member of the class of '53.

A little girl, weighing 7 pounds, 14 ounces was born Oct. 10 to Mr. and Mrs. Gary Carson in Boston, Mass. Mrs. Carson is the former Judith Eaton, daughter of Mr. and Mrs. Roger Eaton of Sweetwater, where Mr. Eaton is Elementary Supervisor and Mrs. Eaton is a teacher in the Sweetwater school. Her great grandparents are Mr. and Mrs. C. J. Dalton of Rotan. The little Miss was named Judith Jill.

Mrs. J. R. Strayhorn and Miss Delila Baird will leave Abilene by plane Thursday morning for Atlanta, Ga. where they will visit Mrs. Strayhorn's brother and wife, Mr. and Mrs. A. R. Tyson. The group will go on a sightseeing trip to Washington, D. C. and interesting points in Virginia. Mr. and Mrs. Tyson will attend a convention in Richmond. They will be away about two weeks.

Visiting Mr. and Mrs. Tom House over the week end was their daughter, Mr. and Mrs. Howard Smith, Mike and Scott of Dallas, also Mr. and Mrs. Bill House, Rotan.

Tyra Carmichael, daughter of Mr. and Mrs. F. L. Noles, Rotan, has entered her junior year at the University of Albuquerque, N. M. Tyra graduated from Hobbs High School and is majoring in physical education and speech.

Mrs. Joe Little and Mrs. Mamie Moulton of Roby visited in Dallas several days with their daughters and granddaughters. Mrs. Moulton also visited a daughter, Mrs. Elmo Flint, in Durant, Oklahoma.

Mrs. Viola Hendon returned home last week from Corpus Christi where she visited her son and wife. Mr. and Mrs. G. F. Hendon brought her home.

## It Couldn't Happen---

"Picture, if you can, a gang of hoodlums converging on the Presidium of the Soviet Union in the Kremlin and shouting angrily at the members until guards carried out the ringleaders screaming epithets and kicking and clawing through crowded corridors to the police station. . . In other words, it couldn't happen there. Yet, militant protesters against American policy in Vietnam had a chance to spread their testimony before the House Un-American Activities Committee. And, instead of recognizing the democratic process that permits them this privilege, abused it and the members of the committee that had called them. . . There is something to be said for totalitarian discipline. It admirers in this country couldn't get to first base in Moscow, Peking or even Havana."

## Which Side Are They For--

"It's a sad day in the history of the United States when Congress must consider legislation to prohibit American citizens from lending aid and support to enemies of our country. . . It has been established that various groups. . . have contributed blood and money to the Viet Cong to help the communists in their war against American fighting men in Viet Nam. Many Americans have always thought there is already a law covering treason. There are supposed to be means of dealing with American citizens who lend aid and comfort to enemies of the country in time of war, and if this not a time of war, it will be difficult to convince veterans of Viet Nam that the conflict there is not war."

## A Season Of Enjoyment

Throughout the United States, fall is one of the most pleasant times of the year. It is the time of Indian Summer - a period of calm before the coming winter. Fall is also the time of red hats and hunters. Thanks to state game laws, and the conservation efforts of many agencies, from the federal level down to the individual wood lot owner, there is plenty of game and the beauty of the countryside will be with us in perpetuity, if hunters and recreationists will be content to enjoy, but not abuse the natural assets placed at their disposal. Courtesy, common sense, care and willingness to abide by the rules - don't be a game hog or a careless camper - will insure good hunting and a pleasant time for all.

Mr. and Mrs. Ronnie Holt and Todd of Lubbock visited his brother, Mr. and Mrs. Glen Holt and family Sunday.

## Baker Promoted In Air Force

Fort Worth, Tex. - Stanley D. Baker, son of Mr. and Mrs. T. L. Baker of 1800 S. Henderson, Fort Worth, Tex., has been promoted to airman first class in the U.S. Air Force.

Airman Baker is an electronic equipment repairman at Carswell AFB, Tex. He is a member of the Strategic Air Command which keeps the free world's mightiest missile and jet bomber force ready to counter the enemy threat.

The airman is a graduate of Rotan High School.

His wife, Vivian, is the daughter of Mr. and Mrs. P. C. Harris of Rt. 1 Rotan.

Marshall Bennett of Sweetwater and Chris Rector of Midland attended Homecoming and visited Mr. and Mrs. Dono Darden.

Sunny Partin, Jessie Hudson and Tommy Ray of West Texas State visited their parents here last weekend and attended Homecoming.

EAST TEXAS, 1930 — This traffic jam on a country road led to the famous Daisy Bradford No. 3, the discovery well drilled by C. M. (Dad) Joiner which opened up this nation's largest oil field, the famous East Texas field, which has produced more than 3.7 billion barrels of oil.

## RPCG Urges Weevil Fight

Here at the beginning of the 1966 cotton harvest, while the evidence is in the field, is the best time for a Rolling Plains cotton farmer to justify the need for an areawide effort to control the boll weevil in 1967. Damage in the Rolling Plains this year due to the boll weevil is estimated at 10 million dollars. In Jones County alone, one of the largest cotton producing counties, damage is estimated at between 15 and 20 thousand bales.

According to Charles Stenholm, executive vice president of Rolling Plains Cotton Growers, Inc. 1967 will begin the most concentrated effort in behalf of Rolling Plains cotton production ever attempted. "Our biggest problem has been the inherent pessimistic attitude of the cotton farmer. Too many of our farmers have thrown in the towel. When we speak of a boll weevil control program, most farmers immediately say with 17 cent cotton he can't afford to spend much on his crop. With a third less cotton to be ginned a lot of our gins can't afford to gin cotton either. Some will close down. They don't have the price support payment. Farmers will not be selling 17c or

15c cotton this fall. The cotton yield we make this year and next will determine the farmers' price three years from now if we continue with our present farm program setup. The future of cotton in the Rolling Plains is dependent on raising More Total Bales of higher Quality cotton and being able to sell these bales at a fair price.

"Research, promotion and an organized effort are vital to the future of cotton. We have the most versatile fiber in the world with a proven record for response to research and promotion. We have something to fight for if we will. We will have the opportunity to fight for it if we want to."

The 1967 Rolling Plains boll weevil fight can and should start with the 1966 harvest. Where possible,

community wide early destruction, harvest and stalk destruction be of tremendous benefit in reducing next year's weevil population. Addition of an insecticide to approved dessicants is also extremely beneficial. Check with your local County Agent for recommended insecticides.

With an extremely large weevil population this fall going into diapause (hibernation) we can look forward to another bad weevil year next year. A little planning and effort this fall can pay dividends next year. A little cooperation, neighbor with neighbor, can make almost anything work.

## National Bible Week

Ours is a country that furthers its aims, as well as its gains, by adhering to principles and practices that recognize the importance of the individual, his education and his freedom of thought and speech. Coming at a time when most needed by a grievously troubled world is the annual All Faiths National Bible Week, which will celebrate its twenty-sixth observance the week of October 17 through 23. Once again, it is being sponsored by The Laymen's National Committee, Incorporated. The theme of this worthy cause is "The Bible - Book of Wisdom and Truth."

Never before in the history of mankind has it been more important to return to a frequent reading of the Holy Scriptures. What is happening to religious life in America? Why this rash clamoring that God is dead? Have we allowed ourselves to become so grossly materialistic that in taking for granted the daily blessings given us by Almighty God we have sold our birthright for the proverbial mess of pottage? How can we deny God's very presence when life's beauty and wonder are forever around us? Let us keep ever before us that Book of wisdom and of truth as a basic guide for conduct between human beings.

## Summer Job Exams Coming

Washington, D.C. — Congressman Omar Burleson (D-Texas) announces that the Civil Service Commission is now receiving applications for the 1967 competitive examination for summer employment with the United States Government. The examination leads to eligibility for appointment to most temporary summer jobs at Grades GS-1 through 4.

Those who are interested in the summer jobs covered may apply to take the written test on or before three filing dates — October 21, 1966; December 9, 1966; and January 9, 1967. The test will be given at more than 1,000 cities throughout the country on November 28, 1966; January 7, 1967; and February 4, 1967. Should the candidate fail to apply by the first filing date, he may select either of the two later dates. Congressman Burleson stressed the fact that January 9, 1967 is the final date for applying to take the test and closing date of the examination. Applications filed after that date cannot be accepted.

The Congressman noted that the Office and Science Assistant examination does not cover postal jobs. A separate examination for summer jobs in the Postal Field Service at a limited number of Post Offices throughout the country will be announced at a later date.

A brochure entitled "Summer Jobs in Federal Agencies," which provides further information about the Office and Science Assistant examination, descriptions of summer positions at Grade GS-5, and information on temporary Wage Board or blue-collar jobs is currently being prepared and will be available on request through Congressman Burleson's Washington Office, located in Room 2369 Rayburn House Office Building, Washington, D.C. 20515, or at the Congressman's district office, 2101 Federal Building, Abilene, Texas 79601.

## ACC High School Day

Abilene, — Around 2,500 prospective students and their parents are expected on the Abilene Christian College campus for High School Day, Oct. 22.

Following registration, activities begin at 8:30 a.m. with the President's Reception. There visitors can meet and talk with President Don H. Morris, other members of the administration, and department heads. At 10 a.m. a special chapel service will be conducted by Abilene Christian students, and the A Cappella Chorus will give a program. At 11 a.m. open houses will be held by the dormitories.

At 12:45 p.m., following a free lunch, Abilene Christians award-winning acrobatic team, the Flying Cats, will perform by a 2:12 p.m. session on Admission Regulations and Suggested High School Curriculum. A session on student life will be conducted at 3 p.m.

At 4 p.m. visitors can take a choice between a preselection of the athletic program by the Abilene Christian College coaches or a style show of practical collegiate fashions. Coaches will introduce some of the all-time great Abilene Christian athletes at that session.

Activities will conclude at 7:30 p.m. when the Wildcats take on Arkansas State in a football clash.

## Garcia Out Of Boot Training

San Diego, Calif. (PHNC) Oct. 12 — Marine Private Porfiro Garcia, son of Mr. and Mrs. Apolonio Garcia Sr. of Rotan, Tex., was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot here.

Under the supervision of veteran noncommissioned officer Drill Instructors, he learned small arms marksmanship, bayonet fighting, and methods of self-protection. He also received instruction in military drill, history and traditions of the Marine Corps, and other academic subjects.

He will now undergo four weeks of individual combat training and four weeks of basic specialist training in his military job field before being assigned to a permanent unit.

## Searching For Answers

Antipollution efforts are being forwarded on countless fronts, and as is often the case, the most effective efforts receive little publicity and few headlines. The answers to the problems of preserving our environment are being found, slowly but surely, in the quiet of industrial as well as government laboratories.

At the moment, a new government research program on "antipollution" gasoline formulas has been launched with the petroleum industry contributing \$480,000 of the needed funds and the government furnishing personnel and facilities. The task of the program will be to determine the type of gasoline which produces the cleanest auto exhaust when burned in a variety of engines under varying conditions. The program has been described as "another effort by government and industry to meet their joint responsibility for air pollution abatement."

The development of antipollution measures is a long-term proposition. It involves devices that will cost from a few dollars to millions. As in the case of gasoline, the search for solutions will reach into areas undreamed of by the average person. The search for ways to clear up pollution problems is not new to industry. The oil industry alone has poured many millions of dollars into air and water conservation programs. The present search for a "cleaner" gasoline is typical of the kind of government-industry cooperation that virtually assures the arrival of the day when excessive contamination of air and water will be a thing of the past. In the meantime, unnecessary rhetoric and law-making will only confuse the issue.

# Whiter than Snow...

"Purge me with hyssop, and I shall be clean: wash me, and I shall be whiter than snow." The Psalmist desired to be pure and white as snow, and knew that this could come only from God. Complete joy, and gladness of a pure heart can be yours too, when you walk close with the Lord. Attend Church Sunday and worship in the Lord's House.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

### Quality, Vital Factor in Cotton Marketing

Quality is a vital factor in the marketing and utilization of cotton. Ever increasing competition from man-made fibers and the rapid technological revolution in textile manufacturing are two basic development now intensify-

ing cotton quality requirements.

Progress in textile manufacturing has brought about greatly increased speeds, larger package sizes, and automation. Advances in chemical finishing have also been notable. These changes are demanding better quality cotton fiber and a more pre-

cise knowledge of fiber properties.

Cotton producers and ginners have a special interest and responsibility to themselves and to their customers in preserving fiber quality. When cotton opens on the stalk, the fiber is the best it will ever be. Producers and ginners, by careful management of their operations and selective use of their equipment, can make major contributions to the preservation of that quality, thus serving both their short-term and long-run interest as well as that of everyone in the cotton industry.

Important guidelines for preserving cotton quality in harvest and ginning include:

1. Properly time applica-

2. Keep moisture and trash low in harvesting.

3. Avoid overdrying in ginning.

4. Avoid overmachining in ginning.

5. Emphasize bale value, not grade alone.

6. Keep contaminants out of cotton.

In order to determine the true spinning value of Rolling Plains cotton, the Rolling Plains Cotton Growers is entering into an agreement with the Texas Tech Textile Research Laboratory. The different varieties grown in the Rolling Plains will be compared as well as other practices. According to Charles Stenholm, executive vice president of the RPCG, there are certain features of

## Mark this date on your calendar!

ALL NUMBER calling comes to Rotan November 21 when this community becomes one of the first in Southwestern Bell to conform with the new nationwide numbering plan.

On that date, all Rotan telephone numbers will be changed from two letters and five numerals to seven numerals.

The present prefix of "WI 7" will be changed to "735." This is for technical reasons to make possible additional telephone improvements in the future.

However, the last four digits of each telephone number will remain the same.

For example, "WI 7-2299" will become "735-2299."

All customers will soon be notified of what their new numbers will be. A new telephone directory containing the new numbers will be issued to telephone users here shortly before the change.

Experience in many other cities has shown that all-numeral numbers are easy to use, and that fewer mistakes are made in dialing them.

We do not like to change telephone numbers, but it is a necessary step in bringing improved telephone service here, and will help keep Rotan at the forefront of telephone progress.

Southwestern Bell

M. K. McCoy,  
Manager

# TAX DISCOUNT NOTICE

THE SAME DISCOUNT WILL APPLY THIS YEAR AS LAST ON EARLY PAYMENT OF COUNTY AND STATE TAXES

Tax Assessor-Collector

### Health and Safety Tips

The cold pack, or ice bag, often is a useful tool in first aid. When and how you can use it?

In many cases application of cold helps to minimize swelling, inhibit bleeding, reduce excessively high body temperature and relieve pain, says Today's Health, the magazine of the American Medical Association.

Cold applications, especially ice, have an anesthetic effect. They may be useful in cases of nosebleed, bleeding from minor cuts, burns and heat prostration.

Cold applications tend to inhibit bleeding by constricting the small blood vessels in nosebleeds and persistently

Rolling Plains cotton that are highly desirable. Our cotton is not as bad as California would have the general public believe. We hope to prove this fact and publicize it fully by our findings at Texas Tech. If we can't prove that our cotton has desirable quality, we hope to impress on our farmers the need for improvement.

oozing minor cuts.

Applications of ice water alleviate discomfort from insect stings and bites, and may delay chemical action and circulation of poison injected by the pest.

Immediate application of cold compresses to sprains lessens swelling. Such applications should be continued for at least half an hour before the sprained limb is bandaged or otherwise supported.

In case of high body temperature associated with heat prostration, the entire body should be sponged freely with cool water until temperature returns to tolerable level.

Immediate immersion into ice water of a body part that has sustained a minor burn controls pain and possibly reduces tissue damage.

## NOW...A SOAK CYCLE

to dissolve heavy dirt  
and stubborn soil

**SPEED QUEEN.**  
now gets  
clothes  
cleaner  
than ever

### Top Quality Features:

- 12 lb. Capacity Porcelain Tub
- Soak Cycle
- Hot, Warm, Cold Water Selection
- 2-Speed — 2-Cycle
- Automatic Lint and Sediment Removal
- Fluid Drive
- Transmission guaranteed for 5 years

No longer need you go to any special fuss or bother to soak your badly soiled clothes. The new Speed Queen takes care of it automatically with a built-in soak cycle. Result: cleaner clothes than ever! And that, with a Speed Queen, is really clean!
